INFORMATION REQUIRED IN REGISTRATION STATEMENT

Item 1. Description of Registrant's Securities to be Registered.

The following is a description of the Common Stock, \$0.001 par value per share ("Common Stock"), of Cortex Pharmaceuticals, Inc. (the "Company"). This summary is qualified by reference to the actual provisions of the Company's Restated Certificate of Incorporation and By-laws, copies of which have been filed with the Securities and Exchange Commission.

#### Common Stock

Holders of shares of Common Stock are entitled to one vote per share held of record on all matters submitted to a vote of stockholders, including the election of directors. The holders are entitled to receive dividends when, as and if declared by the Board of Directors, in its discretion, out of funds legally available therefor, subject to preferences that may be applicable to any outstanding shares of Preferred Stock. In the event of a liquidation, dissolution or winding up of the Registrant, the holders of Common Stock are entitled to share ratably in all of the assets of the Registrant remaining after payment of liabilities and after payment of any preferential amounts to which holders of shares of the 9% Preferred Stock, the Series B Preferred Stock and any other series of Preferred Stock that may be outstanding in the future, may be entitled. Holders of Common Stock have no preemptive or other subscription rights, and there are no conversion rights or redemption or sinking fund provisions with respect to such shares. All of the outstanding shares of Common Stock are, and the shares of Common Stock when issued will be, fully paid and nonassessable.

#### Stockholder Rights Plan

On February 5, 2002, the Company's Board of Directors approved the adoption of a Stockholder Rights Plan and declared a dividend distribution of one Right (a "Right") for each outstanding share of the Company's Common Stock to stockholders of record on the close of business on February 15, 2002 (the "Dividend Date"). Each Right entitles the registered holder to purchase from the Company a unit consisting of one one-thousandth of a share (a "Unit") of Series A Junior Participating Preferred Stock, par value \$0.001 per share (the "Series A Preferred Stock"), at a purchase price of \$75.00 per Unit, subject to adjustment. The description and terms of the Rights are set forth in a Rights Agreement (the "Rights Agreement") between the Company and American Stock Transfer & Trust Company, as Rights Agent.

Certificates. Initially, the Rights will be attached to all Common Stock certificates representing shares then outstanding, and no separate Rights Certificates will be distributed. Subject to extension by the Board of Directors in certain circumstances, the Rights will separate from the Common Stock and a

distribution date (the "Distribution Date") will occur upon the earlier of (i) ten (10) days following a public announcement that a person or group of affiliated or associated persons (an "Acquiring Person") has acquired, or obtained the right to acquire, beneficial ownership of fifteen percent (15%) or more of the outstanding shares of Common Stock (the "Stock Acquisition Date"); or (ii) ten (10) business days following the commencement of a tender offer or exchange

offer that would result in a person or group beneficially owning fifteen percent (15%) or more of the outstanding shares of Common Stock. Until the Distribution Date, (i) the Rights will be evidenced by the Common Stock certificates and will be transferred with and only with such Common Stock certificates; (ii) new Common Stock certificates issued will contain a notation incorporating the Rights Agreement by reference; and (iii) the surrender for transfer of any certificates for Common Stock outstanding will also constitute the transfer of the Rights associated with the Common Stock represented by such certificate.

**Expiration and Exercise.** The Rights are not exercisable until the Distribution Date and will expire at the close of business on February 15, 2012, unless earlier redeemed by the Company as described below.

As soon as practicable after the Distribution Date, Rights Certificates will be mailed to holders of record of the Common Stock as of the close of business on the Distribution Date and, thereafter, the separate Rights Certificates will represent the Rights. Except as otherwise determined by the Board of Directors, only shares of Common Stock issued prior to the Distribution Date will be issued with Rights.

**"Flip-In".** In the event that, at any time following the Dividend Date, (i) the Company is the surviving corporation in a merger with an Acquiring Person and its Common Stock is not changed or exchanged; (ii) an Acquiring Person becomes the beneficial owner of more than fifteen percent (15%) of the outstanding shares of Common Stock; (iii) an Acquiring Person engages in one or more "self-dealing" transactions as set forth in the Rights Agreement; or (iv) during such time as there is an Acquiring Person, an event occurs which results in such Acquiring Person's ownership interest being increased by more than one-half of one percent (.50%) (e.g., a reverse stock split), each holder of a Right will thereafter have the right to receive, upon exercise, Common Stock (or, in certain circumstances, cash, property or other securities of the Company) having a value equal to two times the exercise price of the Right. Notwithstanding any of the foregoing, following the occurrence of any of the events set forth in this paragraph, all Rights that are, or (under certain circumstances specified in the Rights Agreement) were, beneficially owned by any Acquiring Person will be null and void. However, Rights are not exercisable following the occurrence of any of the events set forth above until such time as the Rights are no longer redeemable by the Company as set forth below.

For example, at an exercise price of \$75.00 per Right, each Right not owned by an Acquiring Person (or by certain related parties) following an event set forth in the preceding paragraph would entitle its holder to purchase \$150.00 worth of Common Stock (or other consideration, as noted above) for \$75.00. Assuming that

Page 3 of 8

the Common Stock had a per share value of \$10.00 at such time, the holder of each valid Right would be entitled to purchase fifteen (15) shares of Common Stock for \$75.00.

**Permitted Offer.** A tender or exchange offer for all outstanding Common Stock at a price and on terms determined by the Board of Directors prior to the purchase to be adequate and in the best

interests of the Company and its stockholders (other than the Acquiring Person) is a Permitted Offer under the Rights Agreement. A Permitted Offer does not trigger the exercisability of the Rights.

"Flip-Over". In the event that, at any time following the Stock Acquisition Date, (i) the Company is acquired in a merger or other business combination transaction in which the Company is not the surviving corporation; or (ii) 50% or more of the Company's assets or earning power is sold or transferred, each holder of a Right (except Rights which previously have been voided as set forth above) shall thereafter have the right to receive, upon exercise, common stock of the acquiring company having a value equal to two times the exercise price of the Right. The events set forth in this paragraph and in the third preceding paragraph are referred to as the "Triggering Events."

Exchange Feature. At any time after any Person becomes an Acquiring Person and prior to the acquisition by such person or group of 50% or more of the outstanding Common Stock, the Board of Directors may exchange the Rights (other than Rights owned by such Person or group which will have become void), in whole or in part, for Common Stock having a value equal to the exercise price (as adjusted) of the Right exchanged (or a combination of cash, property, Common Stock or other securities having an equal value).

Adjustment for Dilution. The purchase price payable, and the number of Units of Series A Preferred Stock or other securities or property issuable upon exercise of the Rights are subject to adjustment from time to time to prevent dilution (i) in the event of a stock dividend on, or a subdivision, combination or reclassification of, the Series A Preferred Stock; (ii) if holders of the Series A Preferred Stock are granted certain rights or warrants to subscribe for Series A Preferred Stock or convertible securities at less than the current market price of the Series A Preferred Stock; or (iii) upon the distribution to holders of the Series A Preferred Stock of evidences of indebtedness or assets (excluding regular cash dividends) or of subscription rights or warrants (other than those referred to above).

With certain exceptions, no adjustment in the purchase price will be required until cumulative adjustments amount to at least 1% of the purchase price. No fractional Units will be issued and, in lieu thereof, an adjustment in cash will be made based on the market price of the Series A Preferred Stock on the last trading date prior to the date of exercise.

Redemption. At any time until ten (10) days following the Stock Acquisition Date or such later date as may be determined by action of a majority of the Board of Directors then in office and publicly announced by the Company, the Company may redeem the Rights in whole, but not in part, at a price of \$0.001 per Right. Immediately upon the action of the Board of Directors ordering redemption of the Rights, the Rights will terminate and the only right of the holders of Rights will be to receive the \$0.001 redemption price. Rights are not exercisable while subject to redemption.

Stockholder Rights. Until a Right is exercised, the holder thereof, as such, will have no rights as a stockholder of the Company, including, without limitation, the right to vote or to receive

Edgar Filing: CORTEX PHARMACEUTICALS INC/DE/ - Form 8-A12B/A

dividends. While the distribution of the Rights will not be taxable to stockholders or to the Company, stockholders may, depending upon the circumstances, recognize taxable income in the event that the Rights become exercisable for Common Stock (or other consideration) of the Company or for common stock of the acquiring company as set forth above.

Amendments. Any of the provisions of the Rights Agreement may be amended by the Board of Directors of the Company prior to the Distribution Date. After the Distribution Date, the provisions of the Rights Agreement may be amended by the Board in order to cure any ambiguity, to make changes which do not adversely affect the interests of holders of Rights (excluding the interests of any Acquiring Person), or to shorten or lengthen any time period under the Rights Agreement; provided, however, that no amendment to adjust the time period governing redemption shall be made at such time as the Rights are not redeemable.

Anti-Takeover Effects. The Rights are intended to protect the stockholders of the Company in the event of an unfair or coercive offer to acquire the Company and to provide the Board of Directors with adequate time to evaluate unsolicited offers. The Rights may have anti-takeover effects. The Rights will cause substantial dilution to a person or group that attempts to acquire the Company without conditioning the offer on a substantial number of Rights being acquired. The Rights, however, should not affect any prospective offeror willing to make an offer at a fair price and otherwise in the best interests of the Company and its stockholders, as determined by a majority vote of the Board of Directors. The Rights should not interfere with any merger or other business combination approved by the Board of Directors.

Incorporation By Reference. This summary description of the Rights does not purport to be complete and is qualified in its entirety by reference to the Rights Agreement, which is incorporated herein by reference.
