QUESTIONS & ANSWERS

1. WHAT IS A PROXY?

It is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. Brad Ketch and Ray Willenberg, Jr. have been designated as proxies for the 2006 Annual Meeting of Shareholders.

2. WHAT IS THE RECORD DATE AND WHAT DOES IT MEAN?

The record date for the 2006 Annual Meeting of Shareholders is February 27, 2006. The record date is established by the Board of Directors. Shareholders of record (registered shareholders and street name holders) at the close of business on the record date are entitled to:

- (a) receive notice of the meeting; and
- (b) vote at the meeting and any adjournments or postponements of the meeting.

3. WHAT IS THE DIFFERENCE BETWEEN A REGISTERED SHAREHOLDER AND A SHAREHOLDER WHO HOLDS STOCK IN STREET NAME?

If your shares of stock are registered in your name on the books and records of our transfer agent, you are a registered shareholder. If your shares of stock are held for you in the name of your broker or bank, your shares are held in street name. The answer to Question 10 describes brokers' discretionary voting authority and when your bank or broker is permitted to vote your shares of stock without instructions from you.

4. WHAT ARE THE DIFFERENT METHODS THAT I CAN USE TO VOTE MY SHARES?

- (a) In Writing: All shareholders of record can vote by mailing in their completed proxy card (in the case of registered shareholders) or their completed vote instruction form (in the case of street name holders).
- (b) By Telephone: All registered shareholders of record also can vote their shares of common stock by touchtone telephone from the United States and Canada, using the toll-free telephone number on the proxy card. Street name holders of record may vote by telephone if their banks or brokers make those methods available. If that is the case, each bank or broker will enclose instructions with the proxy statement. The telephone voting procedures, including the use of control numbers, are designed to authenticate shareholders' identities, to allow shareholders to vote their shares, and to confirm that their instructions have been properly recorded. If you vote by telephone, your vote must be received by 11:59 p.m., Eastern Time on April 17, 2006, the day before the meeting. Your shares will be voted as you indicate.
- (c) In Person: All shareholders may vote in person at the meeting (unless they are street name holders without a legal proxy).

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

5. WHO IS ENTITLED TO VOTE?

Only those who owned Rim Semiconductor's common stock at the close of business on February 27, 2006 (the record date for the Annual Meeting) can vote. If you owned common stock on the record date, you have one vote per share for each matter presented at the Annual Meeting.

Page 1

6. WHAT AM I VOTING ON?

Six items: (1) the election of Brad Ketch, Ray Willenberg, Jr., Thomas J. Cooper and Jack L. Peckham to our Board of Directors; (2) the ratification of Marcum & Kliegman, LLP as our independent public accountants for the current fiscal year; (3) approval of an amendment to Article IV of our Articles of Incorporation to increase our authorized common stock from 500 million shares to 900 million shares; (4) approval of an amendment to Section B(2) of Article IV of our Articles of Incorporation relating to our preferred stock; (5) approval of an amendment to Article IV of our Articles of Incorporation to delete Paragraph (C) of Article IV (regarding the reverse stock split effected by the Corporation in 2000); and (6) approval of an amendment to our Articles of Incorporation to cancel the designations of our Series A through G preferred stock.

7. WHO IS SOLICITING MY PROXY?

We, the Board of Directors of Rim Semiconductor, are sending you this proxy statement in connection with our solicitation of proxies for use at the Annual Meeting. Certain directors, officers and employees of Rim Semiconductor also may solicit proxies on our behalf by mail, phone, fax or in person.

8. WHO IS PAYING FOR THIS SOLICITATION?

Rim Semiconductor will pay for this solicitation of proxies. Rim Semiconductor also will reimburse banks, brokers, custodians, nominees and fiduciaries for their reasonable charges and expenses in forwarding our proxy materials to the beneficial owners of Rim Semiconductor Common stock.

9. HOW CAN I REVOKE A PROXY?

Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person -- by voting you automatically revoke your proxy. You also may revoke your proxy at any time before the voting by giving the Secretary of Rim Semiconductor written notice of your revocation or by submitting a later-dated proxy.

10. WILL MY SHARES BE VOTED IF I DO NOT PROVIDE MY PROXY?

Your shares may be voted if they are held in the name of a brokerage firm, even if you do not provide the brokerage firm with voting instructions. Brokerage firms have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on certain "routine" matters.

The election of directors and the ratification of the selection of Marcum & Kliegman, LLP as independent auditors of the Company are considered routine matters for which brokerage firms may vote unvoted shares. The other proposals to be voted on at our meeting are not considered "routine" under

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

New York Stock Exchange rules. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote.

11. HOW WILL MY PROXY BE VOTED IF I DO NOT SPECIFY A CHOICE FOR A MATTER WHEN RETURNING A PROXY?

If you return your proxy card but do not mark your voting preference, the individuals named as proxies will vote your shares FOR the election of the four nominees for director named in this proxy statement, FOR ratification of Marcum & Kliegman, LLP as our independent public accountants, and FOR the amendments to our Articles of Incorporation.

Page 2

12. WHAT CONSTITUTES A QUORUM?

Voting can take place at the Annual Meeting only if shareholders owning shares representing a majority of the total number of votes entitled to be cast are present in person or represented by effective proxies. On the record date, there were 293,499,890 shares of our Common stock outstanding. Both abstentions and broker non-votes are counted as present for purposes of establishing the quorum necessary for the meeting to proceed.

13. WHAT VOTE OF THE SHAREHOLDERS WILL RESULT IN THE MATTERS BEING PASSED?

ELECTION OF DIRECTORS. Director nominees need the affirmative vote of holders of a plurality of the shares represented in person or by proxy at the Meeting to be elected. The four nominees receiving the greatest number of votes at the Meeting will be deemed to have received a plurality of the voting power present. Neither abstentions nor broker non-votes will have any effect on the election of directors.

RATIFICATION OF INDEPENDENT PUBLIC ACCOUNTANTS. To ratify the appointment of Marcum & Kliegman, LLP as our independent public accountants for the current fiscal year, the number of shares voting FOR the matter must exceed the number of shares voting AGAINST it. Neither abstentions nor broker non-votes will have any effect on the vote.

APPROVAL OF THE AMENDMENTS TO OUR ARTICLES OF INCORPORATION. To approve these amendments, the number of shares voting FOR each amendment must exceed the number of shares voting AGAINST each amendment. Neither abstentions nor broker non-votes will have any effect on the vote.

14. HOW DOES THE BOARD RECOMMEND THAT I VOTE ON THE MATTERS PROPOSED?

The Board of Directors of Rim Semiconductor unanimously recommends that shareholders vote FOR each of the proposals submitted at this year's Annual Meeting.

15. WILL THERE BE OTHER MATTERS PROPOSED AT THE ANNUAL MEETING?

Rim Semiconductor's bylaws limit the matters presented at the Annual Meeting to those in the notice of the meeting (or any supplement), those otherwise properly presented by the Board of Directors and those presented by shareholders so long as the shareholder complies with certain advance notice requirements. Please refer to the section of this proxy statement captioned "Annual Meeting Advance Notice Requirements" for a description of these requirements. We do not expect any other matter to come before the

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

Annual Meeting. However, if any other matter is presented, your signed proxy gives the individuals named as proxies authority to vote your shares in their discretion.

INFORMATION CONCERNING OUR BOARD OF DIRECTORS

The primary responsibility of the Board of Directors is to foster the long-term success of the Company, consistent with its fiduciary duty to the shareholders. The Board has responsibility for establishing broad corporate policies, setting strategic direction and overseeing management, which is responsible for the day-to-day operations of the Company. In fulfilling this role, each director must exercise his good faith business judgment of the best interests of the Company.

The Board holds an annual organizational meeting immediately following the Annual Meeting of Shareholders. All Board members are expected to attend our Annual Meeting, unless an emergency prevents them from doing so. At our 2005 Annual Meeting, all members of the Board were present.

The Board of Directors met one time during the fiscal year ended October 31, 2005. No director who served during the 2005 fiscal year attended fewer than 75% of the meetings of the Board and of committees of the Board of which he was a member. A number of actions were taken by unanimous consent in lieu of a meeting during the fiscal year ended October 31, 2005. In addition to regularly scheduled meetings, a number of directors were involved in numerous informal meetings with management, offering valuable advice and suggestions on a broad range of corporate matters.

Each director holds office until the next annual meeting of shareholders and until his successor is duly elected and qualified. Any vacancy occurring in the Board of Directors may be filled by the shareholders, the Board of Directors, or if the Directors remaining in office constitute less than a quorum of the Board of Directors, they may fill the vacancy by the affirmative vote of a majority of the Directors remaining in office. A director elected to fill a vacancy is elected for the unexpired term of his predecessor in office. Any directorship filled by reason of an increase in the number of directors shall expire at the next shareholders' meeting in which directors are elected, unless the vacancy is filled by the shareholders, in which case the term shall expire on the later of (i) the next meeting of the shareholders or (ii) the term designated for the director at the time of creation of the position being filled.

CODE OF ETHICS

We have adopted a code of ethics that applies to our chief executive officer, president, chief financial officer, controller and others performing similar executive and financial functions at the Company. This code of ethics is posted on our Website located at www.rimsemi.com. The code of ethics may be found as follows: From our main Web page, first click on "About Us" at the top of the page and then on "Investors". Next, click on "Governance". Finally, click on "Code of Ethics". We intend to satisfy the disclosure requirement under Item 10 of Form 8-K regarding an amendment to, or waiver from, a provision of this code of ethics by posting such information on our Website, at the address and location specified above.

COMMITTEES OF THE BOARD OF DIRECTORS

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

Our Board of Directors operates with the assistance of the Audit Committee and the Compensation Committee. Due to the small size of our Board, we do not presently maintain a formal nominating committee. The entire Board participates in the process of nominating candidates for the Board of Directors.

The function of the Audit Committee is to:

- o make recommendations to the full Board of Directors with respect to appointment of the Company's independent public accountants; and

Page 4

- o meet periodically with our independent public accountants to review the general scope of audit coverage, including consideration of our accounting practices and procedures, our system of internal accounting controls and financial reporting.

The Audit Committee held four meetings in fiscal 2005. Ivan Berkowitz resigned from the Audit Committee in March 2005 upon his resignation as a director of the Company. Jack L. Peckham was appointed to the Audit Committee in 2005, and is presently the sole member of the committee. The Board of directors has determined that Mr. Peckham is an "Audit Committee Financial Expert" for purposes of the SEC's rules. The Board believes that Mr. Peckham meets the independence criteria set out in Rule 4200(a)(14) of the Marketplace Rules of the National Association of Securities Dealers and the rules and other requirements of the SEC. For additional information regarding the Audit Committee, see the section of this Proxy Statement entitled "Audit Committee Report."

The Compensation Committee sets compensation policy and administers Rim Semiconductor's cash and equity incentive programs for the purpose of attracting and retaining skilled executives who will promote Rim Semiconductor's business goals and build shareholder value. The Committee is also responsible for reviewing and making recommendations to the Board regarding all forms of compensation to be provided to the Company's named executive officers, including stock compensation and bonuses. The Compensation Committee met one time during the 2005 fiscal year. For additional information regarding the Compensation Committee, see the section of this Proxy Statement entitled "Compensation Committee Report."

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

There are no compensation committee interlocks between the members of our Compensation Committee and any other entity. Jack L. Peckham and Thomas J. Cooper are the members of the Compensation Committee. Neither of the current members of the Compensation Committee is an officer or employee of ours, nor of any of our subsidiaries. Mr. Cooper served as our Chief Executive Officer from June to December, 2002.

COMPENSATION OF DIRECTORS

It is our policy to pay each outside director \$2,000 for each meeting of our Board of Directors attended and for each committee meeting attended. We also reimburse our directors for reasonable expenses incurred in traveling to and from board or committee meetings. Upon his resignation as a director of the Company in March 2005, Ivan Berkowitz was paid \$57,251, representing deferred

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

meeting fees, expense reimbursements and fees for service as Vice Chairman of the Board of Directors accrued and unpaid through the date of his resignation.

In addition, we have granted stock and stock options to the directors to compensate them for their services. During the fiscal year ended October 31, 2005 we issued 200,000 and 300,000 shares of common stock valued at approximately \$30,000 and \$45,000 to Mr. Cooper and Mr. Peckham, respectively, to compensate them for their services as directors. Our directors are eligible to receive stock option grants under our 2000 Omnibus Securities Plan. We did not grant options to our directors in 2005.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Shareholders and other interested parties who wish to communicate with the Board may do so by writing to the Chairman of the Board, Board of Directors of Rim Semiconductor Company, 305 NE 102nd Avenue, Suite 105, Portland, Oregon 97220. All communications that relate to matters that are within the scope of the responsibilities of the Board and its Committees are to be forwarded to the

Page 5

Chairman of the Board of Directors. Communications that relate to matters that are within the responsibility of one of the Board Committees will be forwarded to the Chair of the appropriate Committee. Communications that relate to ordinary business matters that are not within the scope of the Board's responsibilities should be sent to the Chief Executive Officer at the above address. Solicitations, junk mail and obviously frivolous or inappropriate communications will not be forwarded, but will be made available to any non-management director who wishes to review them.

STOCK PERFORMANCE GRAPH

The graph below compares the cumulative total shareholder return on Rim Semiconductor Company's common stock for the period from October 31, 2000 through October 31, 2005 with the cumulative total return over the same period of the Russell 2000 Index and the line-of-business index for semiconductors and related devices (SIC Code 3674) published by Hemscott, Inc.

Assuming the value of the investment in our common stock and each index was \$100 on October 31, 2000, and that all dividends were reinvested, the graph compares our cumulative total return with each of these referent indices plotted on an annual basis.

BENEFICIAL OWNERSHIP OF CERTAIN SHAREHOLDERS, DIRECTORS AND EXECUTIVE OFFICERS

The following table sets forth information as of the close of business on February 23, 2006, concerning shares of our common stock beneficially owned by each director and named executive officer and by all directors and executive officers as a group. We are not aware of any persons beneficially owning more than 5% of our common stock.

In accordance with the rules of the SEC, the table gives effect to the shares of common stock that could be issued upon the exercise of outstanding options and warrants within 60 days of February 23, 2006. Unless otherwise noted in the footnotes to the table and subject to community property laws where applicable, the following individuals have sole voting and investment control with respect to the shares beneficially owned by them. We have calculated the percentages of shares beneficially owned based on 289,475,004 shares of common stock outstanding at February 23, 2006.

PERSON OR GROUP -----	SHARES BENEFICIALLY OWNED	
	NUMBER -----	PERCENT (1) -----
Brad Ketch	7,333,333 (2)	2.48%
Ray Willenberg, Jr.	9,861,790 (3)	3.34%
Jack L. Peckham	300,000	*
Thomas J. Cooper	832,258 (4)	*
All executive officers and directors as a group (4 persons)	18,327,381 (5)	6.07%

* LESS THAN 1%.

- (1) Percentage of beneficial ownership as to any person as of a particular date is calculated by dividing the number of shares beneficially owned by such person by the sum of the number of shares outstanding as of such date and the number of unissued shares as to which such person has the right to acquire voting and/or investment power within 60 days.
- (2) Includes options to purchase 5,900,000 shares of common stock.
- (3) Includes options to purchase 5,300,000 shares of common stock. Also includes 880,177 shares of common stock issuable upon conversion of a convertible promissory note held by Mr. Willenberg with a current balance of \$99,460. The note is convertible at Mr. Willenberg's option at a conversion price equal to the market price of our common stock on the date of conversion. At February 23, 2006, the note would have been convertible at a conversion price of \$0.113 per share.
- (4) Includes options to purchase 500,000 shares of common stock.
- (5) Includes options to purchase 11,700,000 shares of common stock.

Page 7

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires each of our officers and directors and each person who owns more than 10% of a

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

registered class of our equity securities to file with the SEC an initial report of ownership and subsequent reports of changes in such ownership. Such persons are further required by SEC regulation to furnish us with copies of all Section 16(a) forms (including Forms 3, 4 and 5) that they file. Based solely on our review of the copies of such forms received by us with respect to fiscal year 2005, or written representations from certain reporting persons, we believe all of our directors and executive officers met all applicable filing requirements, except as described in this paragraph. Ray Willenberg, Jr. and Brad Ketch each filed late Form 5's for fiscal year 2005. Each Form 5 reported five transactions. Brad Ketch also filed a late Form 4 during fiscal year 2005 reporting four transactions, three of which should have been reported earlier. Thomas J. Cooper filed a late Form 4 during fiscal year 2005 reporting two transactions. Ray Willenberg, Jr. filed a late Form 4 during fiscal year 2005 reporting two transactions, and another late Form 4 reporting two transactions, one of which should have been reported earlier. Finally, Jack L. Peckham, who joined us as a Director in March of 2005, filed a late Form 3 in February 2006. Mr. Peckham also filed a late Form 4 for fiscal year 2005 in February 2006, reporting one transaction.

EQUITY COMPENSATION PLAN INFORMATION

We have three compensation plans (excluding individual stock option grants outside of such plans) under which our equity securities are authorized for issuance to employees, directors and consultants in exchange for services - the 2000 Omnibus Securities Plan (the "2000 Plan"), the 2001 Stock Incentive Plan (the "2001 Plan"), and the 2003 Consultant Stock Plan (the "Consultant Plan") (collectively, the "Plans"). Our shareholders approved the 2000 Plan and 2001 Plan, and the Consultant Plan has not yet been submitted to the shareholders for approval.

The following table presents information as of October 31, 2005 with respect to compensation plans under which equity securities were authorized for issuance, including the 2000 Plan, the 2001 Plan, the Consultant Stock Plan and agreements granting options or warrants outside of these plans.

	NUMBER OF SECURITIES TO BE ISSUED UPON EXERCISE OF OUTSTANDING OPTIONS, WARRANTS OR RIGHTS	WEIGHTED-AVERAGE EXERCISE PRICE OF OUTSTANDING OPTIONS, WARRANTS OR RIGHTS	NUMBER OF SECURITIES REMAINING AVAILABLE FOR FUTURE ISSUANCE UNDER EQUITY COMPENSATION PLANS

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

the Plans that were outstanding as of October 31, 2005.

Page 8

As of October 31, 2005, we had outstanding options and warrants to purchase an aggregate of 66,712,757 shares of our common stock were granted outside of the Plans. Of this amount, outstanding options to purchase 375,000 shares of common stock that were granted during fiscal 2001 outside of the Plans. These options, which expire ten years from their grant date, were granted to five advisory directors at exercise prices ranging from \$1.07 to \$4.00. All of these options have vested.

We have outstanding options to purchase an aggregate of 525,000 shares of common stock that were granted during fiscal 2002 outside of the Plans to a director and a consultant. These options expire ten years from their grant date. 500,000 of the options have an exercise price of \$0.39, and the remaining options have an exercise price of \$1.02. All of these options have vested.

We have outstanding options to purchase 15,000,000 shares of common stock that were granted in fiscal 2005 outside of the Plans. 1,000,000 options were granted to a consultant at an exercise price per share of \$0.15, and expire four years from their grant date. 7,000,000 options were granted to each of Brad Ketch and Ray Willenberg, Jr. at an exercise price per share of \$0.17, and were to expire ten years from their grant date. All of these options have vested, but the options granted to Mr. Ketch and Mr. Willenberg were canceled by agreement effective January 1, 2006.

There are outstanding warrants to purchase an aggregate of 100,000 shares of common stock that were granted during fiscal 2001 to a consultant. BRAD KETCH. On December 2, 2002, we entered into an employment agreement with Brad Ketch pursuant to which Mr. Ketch was retained as our Chief Executive Officer. The agreement had a three-year initial term and provided for Mr. Ketch to receive an initial base salary of \$250,000, with an annual bonus to be paid at the discretion of the Board of Directors in either cash or stock. In December 2005, this agreement was automatically renewed for an additional one year term. If Mr. Ketch is terminated without "cause" or leaves Rim Semiconductor for "good reason," each as defined in his agreement, he will receive a severance payment equal to two years of his base salary on the date of termination. If he is terminated without cause or with good reason within one year after a "change of control," as defined in his agreement, he will receive a severance payment equal to two years of his base salary and an amount equal to two times the amount of his last bonus received.

RAY WILLENBERG, JR. We entered into an employment agreement with Mr. Willenberg, dated as of March 1, 2006, pursuant to which he continues to serve as our Executive Vice President. The agreement terminates on March 3, 2008 and provides for Mr. Willenberg to receive a base salary of \$250,000 per year, subject to the earlier of (i) Mr. Willenberg's death or Disability (as defined in the agreement); (ii) the termination of the agreement by either party without cause on written notice; or (iii) termination of the agreement by us for Cause (as defined in the agreement).

During Mr. Willenberg's employment, the agreement provides for his nomination to our Board of Directors and, if elected, his appointment as chairman. Mr. Willenberg would resign from the Board upon the termination of his employment.

Under his employment agreement, we also granted Mr. Willenberg a right of first refusal to purchase our equity interest in Top Secret Productions, LLC in the case of a bona fide third-party offer to purchase that interest or our determination to offer that interest for sale at a specified price.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On July 21, 2004, we entered into a one-year \$100,000 revolving line of credit with a bank. Ray Willenberg, Jr., our Executive Vice President and Chairman, guaranteed the repayment of the line of credit, and we agreed to indemnify Mr. Willenberg for any losses or expenses he may incur as a result of providing such security. The line of credit expired on August 10, 2005.

On March 7, 2006, we issued a convertible promissory note in the principal amount of \$301,196.55 (the "New Note") to Mr. Willenberg. The New Note replaces a promissory note in the principal amount of \$383,910.72 dated March 25, 2005 (the "Old Note"), between the Company and Mr. Willenberg, which had a remaining balance due of \$88,746.55. All of the amounts represented by the Old Note and the New Note represent amounts owed to Mr. Willenberg for deferred compensation. The New Note, which bears 8% interest, is due on the earlier of March 3, 2008 or the date on which Mr. Willenberg's employment is terminated by the Company. The New Note is convertible, at the option of Mr. Willenberg, into shares of our common stock at a conversion price per share equal to the closing price of the common stock on the Over-the-Counter Bulletin Board on the date of conversion. The Old Note was non-interest-bearing, convertible on the same terms as the New Note, and provided for monthly payments equal to at least the monthly base salary paid by us to our chief executive officer.

COMPENSATION COMMITTEE REPORT

The Compensation Committee sets compensation policy and administers Rim Semiconductor's cash and equity incentive programs for the purpose of attracting and retaining skilled executives who will promote Rim Semiconductor's business goals and build shareholder value. The Committee is also responsible for reviewing and making recommendations to the Board regarding all forms of compensation to be provided to the Company's named executive officers, including stock compensation and bonuses.

The policy of the Compensation Committee is to attract and retain key personnel through the payment of competitive base salaries and to encourage and reward performance through bonuses and stock ownership. The Committee's objectives are to ensure that:

- o there is an appropriate relationship between executive
- o compensation and the creation of shareholder value;
- o the total compensation program will motivate, retain and attract quality executives; and
- o current cash and equity incentives are competitive with comparable companies.

Page 14

ELEMENTS OF COMPENSATION

Compensation for officers and key executives includes:

- o Annual cash compensation in the form of base salary;
- o Discretionary or contractual bonuses;
- o Equity elements through the issuance of stock and stock options; and

SALARY AND BONUS

Cash compensation consists of base salary, which is determined based upon the level of responsibility, expertise and experience of the executive and the competitive conditions of the industry.

EQUITY ELEMENTS

Ownership of Rim Semiconductor's common stock is a key element of executive compensation. The Committee believes that a significant portion of executive compensation should be dependent upon the value created for the shareholders. Officers and other employees of Rim Semiconductor are eligible to participate in the Company's 2000 Omnibus Securities Plan and the 2001 Stock Incentive Plan. These plans allow the Board or the Committee to grant stock options to employees on such terms as the Board or the Committee may determine. Of these options, 1,000,000 vested upon the closing of the Company's \$3.5 million financing in May 2005 and the remainder vested in December 2005 upon the Company's release of the Embarq™ E30 digital signal processor (Release 1.3). These options were canceled by agreement effective January 1, 2006.

ITEM 2. RATIFICATION OF INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee and the Board of Directors have appointed Marcum & Kliegman, LLP ("Marcum") to serve as our independent public accountants for the fiscal year ending October 31, 2006 and is soliciting your ratification of that appointment.

Marcum has served as our independent public accountants since September 2002. In their role as independent public accountants, Marcum reports on our financial statements. They also provide general accounting and tax consulting.

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

We do not anticipate that a representative of Marcum will be present at the Meeting.

Page 19

Your ratification of the Board's selection of Marcum is not necessary because the Audit Committee and Board of Directors have responsibility for selection of our independent public accountants. However, the Board of Directors and the Audit Committee will take your vote on this proposal into consideration when selecting our independent public accountants in the future.

To ratify the appointment of Marcum & Kliegman, LLP as our independent public accountants for the current fiscal year, the number of shares voting FOR the matter must exceed the number of shares voting AGAINST it. Neither abstentions nor broker non-votes will have any effect on the vote.

We recommend a vote FOR the ratification of Marcum as our independent public accountants for the current fiscal year.

ITEM 3. AMENDMENT TO ARTICLE IV OF OUR ARTICLES OF INCORPORATION TO INCREASE

OUR AUTHORIZED COMMON STOCK

Our Board of Directors recommends that the shareholders approve an amendment to Article IV of our Articles of Incorporation to increase the number of authorized shares of our common stock from 500 million to 900 million shares.

Each share of newly authorized common stock will have the same rights and privileges as each share of existing common stock. Until an authorized share of common stock is issued, it is not counted in the number of shares that are outstanding, does not have a vote, and does not decrease our earnings or loss per share. The amendment will not affect the number of shares of preferred stock currently authorized.

REASONS FOR THE AMENDMENT

As of February 27, 2006, we had 293,499,890 shares of common stock outstanding. We also had approximately 90,000,000 shares of common stock reserved for possible future issuance in connection with outstanding options and warrants, and must also reserve sufficient shares to fulfill our obligations to various investors associated with the potential conversion of over \$1 million in convertible notes and debentures. Some of these shares may never actually be issued. For example, some of our outstanding options may not vest, and some of our outstanding options and warrants have exercise prices well in excess of our current market price per share, making their exercise unlikely. Nevertheless, we intend to keep reserved for future issuance a sufficient number of shares of our authorized common stock to honor our commitment to issue common stock in the event these options or warrants are exercised or convertible securities are converted.

In addition, we believe it will be necessary for us to issue additional common stock or debt convertible into our common stock in order to generate funds to pay current liabilities as they come due, as well as to meet our operating requirements, prior to the receipt of revenues from our semiconductor business. We will require additional funds to continue to meet our liquidity needs and satisfy our current business plan.

On March 10, 2006, we raised gross proceeds of \$6 million from the private

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

placement (the "Placement") to institutional and individual investors (the "Buyers") of 7% Senior Secured Convertible Debentures (the "Debentures"). At the closing of the Placement, we received gross proceeds of \$6 million, \$3 million of which (the "Security Deposit") was deposited with a security agent to secure our obligation to prepay \$3 million (plus accrued interest) of the Debentures if we do not amend our Articles of Incorporation to increase our authorized common stock to 900 million shares by April 25, 2006. We must increase our authorized common stock in order for the Security Deposit to be released to us. In connection with the issuance of the Debentures, we issued to the Buyers warrants

Page 20

to purchase an aggregate of 70,955,548 shares of our common stock at an exercise price of \$0.15 per share. We also issued warrants to purchase 7,095,556 shares of our common stock at an exercise price of \$0.15 and warrants to purchase 7,095,556 shares of our common stock at an exercise price of \$0.1693 to Pond Equities, which acted as our placement agent in this transaction.

The Debentures are convertible into our common stock at a conversion price equal to the volume weighted average price ("VWAP") of our common stock for the 20 trading days ending on the trading day immediately preceding the conversion date, less a 30% discount.

There is an inverse relationship between our stock price and the number of shares issuable upon conversion of the Debentures. That is, the higher the market price of our common stock at the time a Debenture is converted, the fewer shares we would be required to issue, and the lower the market price of our common stock at the time a Debenture is converted, the more shares we would be required to issue. This inverse relationship is demonstrated by the table set forth below, which shows the number of shares into which \$3 million of the Debentures would be convertible at various prices of our common stock.

ESTIMATED 20-DAY WVAP OF COMMON STOCK	DEBENTURE CONVERSION PRICE	NUMBER OF SHARES ISSUABLE ON CONVERSION OF \$3 MILLION PRINCIPAL AMOUNT OF DEBENTURES
\$0.20	\$0.14	21,428,571
\$0.15	\$0.105	28,571,429
\$0.10	\$0.070	42,857,143
\$0.05	\$0.035	85,714,286
\$0.02	\$0.014	214,285,714

Although many of the shares reserved for issuance for our existing options, warrants and other convertible securities may never be issued, if the market price of our common stock declined, we would not have sufficient authorized common stock available for the exercise of all of our outstanding options and warrants and conversion of \$3 million principal amount of the Debentures and our other convertible notes and debentures.

Moreover, as noted above, while, after taking into account the Security Deposit, we received gross proceeds of \$3 million on the closing of the Placement, approval of the amendment to increase our authorized common stock is a condition to our receipt of the remaining \$3 million of gross proceeds from the Placement that is represented by the Security Deposit. These additional funds are in escrow pending the annual meeting. If the shareholders approve the proposed increase in our authorized common stock at the annual meeting, these funds will be released to us when the Articles of Incorporation are amended. If the amendment is not approved, one-half of the Debentures and one-half of the

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

warrants issued to the Buyers will be canceled, and the Security Deposit funds will be paid to the Buyers.

The Board of Directors believes that the proposed increase in authorized common stock is advisable to satisfy our current and potential future commitments to reserve shares, notwithstanding the fact that many of these reserved shares of common stock may never be issued. The Board of Directors also believes that having additional shares of common stock available for issuance, without the delay necessitated by a shareholders meeting, will benefit us under many circumstances by providing us with the flexibility required to consider and respond to future business opportunities and financial needs as they arise.

To the extent that shares of common stock are authorized but not issued in connection with the above transactions, such shares will be available for our issuance in the future. Shareholder approval will not be required for any such future issuance, except as may be required by applicable law or the rules of any

Page 21

stock exchange on which our securities may then be listed. The Board of Directors believes that the availability of additional authorized shares may allow Rim Semiconductor to redeem, convert or restructure indebtedness, issue stock dividends or distributions, take prompt advantage of market and other conditions in connection with possible financings, and issue common stock for other proper corporate purposes when such action is deemed advisable or desirable by the Board of Directors. Except as described above, we have no current plans or arrangements regarding the issuance of these additional authorized shares in connection with any of the foregoing matters. The issuance of any of these additional authorized shares will dilute the ownership interest of existing shareholders in the company. Any additional issuance of common stock also could have the effect of impeding or discouraging the acquisition of control of us by means of a merger, tender offer, proxy contest or otherwise.

None of the authorized shares of Rim Semiconductor Company are currently subject to any preemptive rights.

PROPOSED AMENDMENT

In order to increase the number of authorized shares of our common stock, we will need to amend the first paragraph of Article Four of our Articles of Incorporation. Currently, our Articles of Incorporation provide for the issuance of up to 500 million shares of common stock. The Board of Directors unanimously adopted a resolution proposing and declaring advisable that Article Four of our Articles of Incorporation be amended in order to increase the number of authorized shares of common stock to 900 million shares and recommending the adoption of the proposed amendment by our shareholders. If the shareholders approve this proposal, it will become effective upon filing of an amendment to the Articles of Incorporation with the Secretary of State of the State of Utah.

REQUIRED VOTE; BOARD RECOMMENDATION

To approve the proposed amendment, the number of shares voting FOR the amendment must exceed the number of shares voting AGAINST it. Neither abstentions nor broker non-votes will have any effect on the vote.

We recommend a vote FOR the proposal to amend Article IV of our Articles of Incorporation to increase our authorized common stock to 900 million shares.

ITEM 4. AMENDMENT TO SECTION B(2) OF ARTICLE IV OF OUR ARTICLES OF

INCORPORATION RELATING TO OUR PREFERRED STOCK

Our Board of Directors recommends that the shareholders approve an amendment to Section B(2) of Article IV of our Articles of Incorporation. That section relates to our preferred stock, and the Board's ability without shareholder approval to designate series of preferred stock and determine the rights, preferences and limitations of preferred stock.

Utah law permits a board of directors to take the following additional action with respect to preferred stock, provided the Articles of Incorporation permit such action:

- o Alter or revoke the preferences, limitations, and relative rights granted to or imposed upon any wholly unissued class or series of preferred stock, and
- o Increase or decrease the number of shares constituting any series, the number of shares of which was originally fixed by the board of directors, either before or after the issuance of shares of the series, provided that the number may not be decreased below the number of shares of the series then outstanding, or increased above the total number of authorized shares of the applicable class of shares available for designation as a part of the series.

Page 22

The Board believes it would be in the best interest of the Corporation and its shareholders for it to have the right to take the above actions with respect to the Company's preferred stock, without shareholder approval. This authority is consistent with the authority the Board presently has to issue, designate and fix the rights, preferences and limitations of the preferred stock. Providing this authority to the Board would not impact the common stock or any issued and outstanding preferred stock. Rather, it merely provides the Board the authority to modify designations of preferred stock that it previously created without shareholder approval.

PROPOSED AMENDMENT

If approved, the text of Paragraph (B) (2) of Article IV would read as follows:

"(2) Preferred Stock. The Board of Directors, without shareholder action but subject to any limitations and restrictions stated in these Articles of Incorporation, may from time to time issue Preferred Stock in one or more series, each of such shares to have such terms as stated in the resolution or resolutions providing for the establishment of such series adopted by the Board of Directors of the Corporation as hereinafter provided, and may alter or revoke the preferences, limitations, and relative rights granted to or imposed upon any wholly unissued Preferred Stock or any wholly unissued series of Preferred Stock. Except as otherwise expressly stated in the resolution or resolutions providing for the establishment of a series of Preferred Stock, any shares of Preferred Stock that may be redeemed, purchased or acquired by the

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

Corporation may be reissued except as otherwise expressly provided by law. Different series of Preferred Stock shall not be construed to constitute different classes of stock for the purpose of voting by classes unless expressly provided in the resolution or resolutions providing for the establishment thereof. The Board of Directors of the Corporation are hereby expressly authorized by resolution to issue, from time to time, shares of Preferred Stock in one or more series, to increase or decrease the number of shares constituting any series, the number of shares of which was originally fixed by the board of directors, either before or after the issuance of shares of the series, provided that the number may not be decreased below the number of shares of the series then outstanding, or increased above the total number of authorized shares of the applicable class of shares available for designation as a part of the series and, in connection with the establishment of any such series by resolution or resolutions, to determine and fix the number of shares constituting that series and the distinctive designation of that series and to determine and fix such voting powers, full or limited, or no voting powers, and such other powers, designations, preferences and relative, participating, optional and other rights, and the qualifications, limitations and restrictions thereof, including, without limitation, dividend rights, conversion rights, redemption privileges and liquidation preferences, as shall be stated in such resolution or resolutions, all to the fullest extent permitted by the Utah Revised Business Corporation Act. Without limiting the generality of the foregoing, the resolution or resolutions providing for the establishment of any series of Preferred Stock may, to the extent permitted by law, provide that such series shall be superior to, rank equally with or be junior to the Preferred Stock of any other series. Except as otherwise expressly provided in the resolution or resolutions providing for the establishment of any series of Preferred Stock, no vote of the holders of shares of Preferred Stock or Common Stock shall be a prerequisite to the issuance of any shares of any series of the Preferred Stock authorized by and complying with the conditions of these Articles of Incorporation."

If the shareholders approve this proposal, it will become effective upon filing of an amendment to the Articles of Incorporation with the Secretary of State of the State of Utah.

REQUIRED VOTE; BOARD RECOMMENDATION

To approve the proposed amendment, the number of shares voting FOR the amendment must exceed the number of shares voting AGAINST it. Neither abstentions nor broker non-votes will have any effect on the vote.

We recommend a vote FOR the proposal to amend Section (B) (2) of Article IV of our Articles of Incorporation.

ITEM 5. AMENDMENT TO ARTICLE IV OF OUR ARTICLES OF INCORPORATION TO DELETE

PARAGRAPH (C) OF ARTICLE IV

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

Our Board of Directors recommends that the shareholders approve an amendment to Article IV of our Articles of Incorporation to authorize the Board of Directors to eliminate Paragraph (C) of Article IV.

Paragraph 2(C) of Article IV contains the language necessary to implement the 1-for-4 reverse stock split that was effected in 2000. The text of paragraph (C) of Article IV ceased to have any effect after the reverse stock split was completed. As a result, the Board believes it is in the best interest of the Company and its shareholders to delete this unnecessary text from the Articles of Incorporation.

The Board of Directors unanimously adopted a resolution proposing and declaring advisable that Article Four of our Articles of Incorporation be amended in order to authorize the Board of Directors to eliminate Paragraph (C) and recommending the adoption of the proposed amendment by our shareholders. If approved, the text of Paragraph (C) of Article Four would be deleted. If the shareholders approve this proposal, it will become effective upon filing of an amendment to the Articles of Incorporation with the Secretary of State of the State of Utah.

REQUIRED VOTE; BOARD RECOMMENDATION

To approve the proposed amendment, the number of shares voting FOR the amendment must exceed the number of shares voting AGAINST it. Neither abstentions nor broker non-votes will have any effect on the vote.

We recommend a vote FOR the proposal to amend Article IV of our Articles of Incorporation to delete Paragraph (C) of Article IV.

ITEM 6. AMENDMENT TO OUR ARTICLES OF INCORPORATION TO CANCEL THE DESIGNATIONS

OF OUR SERIES A THROUGH G PREFERRED STOCK

Our Board of Directors recommends that the shareholders approve an amendment to our Articles of Incorporation to cancel the designations for all seven of our previously designated series of preferred stock, none of which is outstanding.

Over the past six years, and pursuant to the authority granted to and vested in the Board of Directors of the Company in accordance with the provisions of the Articles of Incorporation, the Board of Directors designated seven series of preferred stock. The Certificates of Designation for each series of preferred stock stated the designation and number of shares, and fixed the relative rights, preferences and limitations of each series of shares.

The following is a list of the seven series of preferred stock that have been designated by the Board:

- Series A Junior Participating Preferred Stock
- Redeemable Series B Preferred Stock
- Series C Convertible Preferred Stock
- Series D Convertible Preferred Stock
- Series E Convertible Preferred Stock
- Series F Convertible Preferred Stock

Edgar Filing: Rim Semiconductor CO - Form DEF 14A

Series G Convertible Preferred Stock

The Series A preferred stock was issued in connection with the Company's adoption of a shareholder rights plan, commonly known as a "poison pill," which has subsequently expired. As a result, no shares of Series A preferred stock have been or would be issued in the future.

The Series B preferred stock was issued to Zaiq Technologies, Inc. ("Zaiq") in April 2002. The Company had assumed certain obligations of Adaptive Networks, Inc. to Zaiq as part of its payment to Adaptive for a worldwide, perpetual license to Adaptive's Powerstream (TM) technology, intellectual property, and patent portfolio for use in products relating to all applications in the field of the copper telephone wire telecommunications network. The Series B preferred stock was issued to Zaiq in partial satisfaction of those obligations. These shares were subsequently canceled pursuant to an Exchange Agreement between the Company and Zaiq in April 2005. As a result no shares of Series B preferred stock are outstanding, and because the rights and preferences of those shares were specifically negotiated between the Company and Zaiq, the Company does not intend to issue additional shares of the existing Series B preferred stock.

The Series C, Series D, Series E, Series F and Series G preferred stock was designated in 2003 in anticipation of loans that were to be made to the Company by a lender. None of the proposed loans was ever made to the Company. The Company has canceled all of these shares for lack of consideration. As a result no shares of Series C through G preferred stock are outstanding. Because the rights and preferences of those shares were specifically negotiated between the Company and the proposed lender, the Company does not intend to issue additional shares of these series.

Because no shares of these designated series of preferred stock are outstanding, and because the Board does not deem it necessary and in the best interests of the Company to retain the designations for these seven series, it has proposed that the Articles of Incorporation be amended to cancel the designations for seven previously designated series of preferred stock. If the shareholders approve this proposal, it will become effective upon filing of an amendment to the Articles of Incorporation with the Secretary of State of the State of Utah.

Page 25

REQUIRED VOTE; BOARD RECOMMENDATION

To approve the proposed amendment, the number of shares voting FOR the amendment must exceed the number of shares voting AGAINST it. Neither abstentions nor broker non-votes will have any effect on the vote.

We recommend a vote FOR the proposal to amend our Articles of Incorporation to cancel the designations of our Series A through G preferred stock.
