PROXY STATEMENT FOR THE

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON FEBRUARY 21, 2013

This proxy statement, along with the accompanying Notice of 2013 Annual Meeting of Stockholders, contains information about the 2013 Annual Meeting of Stockholders of Parametric Sound Corporation, including any adjournments or postponements of the Annual Meeting, which we refer to as the Annual Meeting. In this proxy statement, we refer to Parametric Sound Corporation as “Parametric,” the “Company,” “we” and “us.” This proxy statement relates to the solicitation of proxies by our Board of Directors for use at the Annual Meeting.

IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why is the Company Soliciting My Proxy?

The Board of Directors of the Company (also referred to as the “Board” in this proxy statement) is soliciting your proxy to vote at the Annual Meeting to be held at the Hampton Inn & Suites, 14068 Stowe Drive, Poway, California 92064, on Thursday, February 21, 2013, at 1:30 p.m. local time and any adjournments of the meeting. The proxy statement along with the accompanying Notice of Annual Meeting of Stockholders summarizes the purposes of the meeting and the information you need to know to vote at the Annual Meeting. This proxy statement, the proxy card and our Annual Report will first be mailed to stockholders entitled to vote at the Annual Meeting on or about January 22, 2013.

Who Can Vote?

Only stockholders who owned Parametric common stock at the close of business on January 10, 2013 are entitled to vote at the Annual Meeting. On this record date, there were 6,409,497 shares of our common stock outstanding and entitled to vote. Common stock is our only class of voting stock.

You do not need to attend the Annual Meeting to vote your shares. Shares represented by valid proxies, received in time for the meeting and not revoked prior to the meeting, will be voted at the meeting. For instructions on how to cast your vote, see “How Do I Vote?” below. For instructions on how to change or revoke your proxy, see “May I Change or Revoke My Proxy?” below.

How Many Votes Do I Have?

Each share of Parametric common stock that you own entitles you to one vote.

How Do I Vote?

Whether you plan to attend the Annual Meeting or not, we urge you to vote by proxy. All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with your instructions on the proxy card or as instructed via Internet or telephone. You may specify whether your shares should be voted for or against all, some or none of the nominees for director, and whether your shares should be voted for, against or abstain with respect to each of the other proposals. If you properly submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the Board’s recommendations as noted below. Voting by proxy will not affect your right to attend the Annual Meeting. If your shares are registered directly in your name through our stock transfer agent, or you have stock certificates registered in your name, you may vote:

Voting by Telephone. You may vote by calling the toll-free telephone number and following the instructions printed on your proxy card. The deadline for voting by telephone is February 20, 2013, at 8:59 p.m., Pacific Standard Time. If you vote by telephone, you do not need to return your proxy card.

Voting on the Internet. You may vote on the Internet by accessing the website and following the instructions printed on your proxy card. The deadline for voting on the Internet is February 20, 2013, at 8:59 p.m., Pacific Standard Time. If you vote on the Internet, you do not need to return your proxy card.

Voting by Proxy Card. You may vote by completing, signing and returning your proxy card by mail. To vote in this manner, please mark, date and sign the enclosed proxy card and return it by mail in the accompanying postage-prepaid envelope. You should mail your signed proxy card sufficiently in advance for it to be received by February 20, 2013.

Voting in Person. Even if you have voted by one of the methods described above, you may still attend and vote your shares in person at the Annual Meeting, if you are the record owner of those shares. If you do attend and vote your shares in person at the Annual Meeting after having voted by any of the methods described above, only your last vote will be counted.

If your shares are held in “street name” (held in the name of a bank, broker or other holder of record), you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet voting also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a legal proxy or broker’s proxy card and bring it to the Annual Meeting in order to vote.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The Board of Directors recommends that you vote as follows:

“FOR” the election of the six nominees for director named in this Proxy Statement to serve until the Annual Meeting of Stockholders in 2014 and until their successors are duly elected and qualified (see page 7);

“FOR” approval of amending the 2012 Stock Option Plan of the Company to authorize the issuance of an additional 500,000 shares of our common stock under the plan (see page 12); and

“FOR” ratification of the selection of Squar, Milner, Peterson, Miranda & Williamson, LLP as our independent registered public accounting firm for our fiscal year ending September 30, 2013 (see page 16);

“FOR” the approval of the compensation of our named executive officers (see page 19); and

To hold future advisory votes on the compensation of our named executive officers on a triennial basis (see page 20).

If any other matter is presented, your proxy provides that your shares will be voted by the proxy holder listed in the proxy in accordance with his best judgment. At the time this proxy statement was first made available, we knew of no matters that needed to be acted on at the Annual Meeting, other than those discussed in this proxy statement.

May I Change or Revoke My Proxy?

If you give us your proxy, you may change or revoke it at any time before the Annual Meeting. You may change or revoke your proxy in any one of the following ways:

- by re-voting by Internet or by telephone as instructed above;
- by signing a new proxy card with a date later than your previously delivered proxy and submitting it as instructed above; provided that it is received prior to the deadline set forth above;
- by notifying our Secretary in writing before the Annual Meeting that you have revoked your proxy; or
- by attending the Annual Meeting in person and voting in person in accordance with the instructions above. Attending the meeting in person will not in and of itself revoke a previously submitted proxy unless you specifically request it.

Your most current vote, whether by telephone, Internet or proxy card, is the one that will be counted.

What if I Receive More Than One Proxy Card?

You may receive more than one proxy card if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described under “How Do I Vote?” for each account to ensure that all of your shares are voted.

Will My Shares be Voted if I Do Not Vote?

If your shares are registered in your name, they will not be voted if you do not vote as described above under “How Do I Vote?” If you are the beneficial owner of shares held in “street name” by a bank or broker, the bank or broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not direct your bank or broker how to vote your shares, the bank or broker will be entitled to vote the shares with respect to “discretionary” items but will not be permitted to vote the shares with respect to “non-discretionary” items (resulting in a “broker non-vote”). The ratification of the appointment of our independent public accountant under Proposal No. 3 is a “discretionary” matter. The election of directors under Proposal No. 1, the approval of an amendment to our stock option plan under Proposal No. 2, the approval of the compensation of our named executive officers under Proposal No. 4, and the vote on the frequency of future advisory votes on the compensation of our named executive officers are each “non-discretionary” matters. Therefore, we encourage you to provide voting instructions. This ensures your shares will be voted at the meeting and in the manner you desire.

What if I Return a Proxy Card But Do Not Make Specific Choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted in accordance with the recommendations of the Board of Directors, which are summarized above under the heading “—How Does the Board of Directors Recommend That I Vote on the Proposals?” If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

What Vote is Required to Approve Each Proposal and How are Votes Counted?

Proposal 1: Election of Directors. The six nominees for director who receive the most votes (also known as a “plurality” of the votes) will be elected. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Neither abstentions nor broker non-votes will affect the outcome of the election of directors.

Proposal 2: Amendment to the 2012 Stock Option Plan. The affirmative vote of a majority of the shares voted for or against this proposal is required to approve amending the 2012 Stock Option Plan of the Company to authorize the issuance of an additional 500,000 shares of common stock under the plan. For purposes of determining approval of this proposal, an abstention will have the same legal effect as a vote “against” the proposal and broker non-votes will not affect the results of this vote.

Proposal 3: Ratify Selection of Independent Registered Public Accountants. The affirmative vote of a majority of the shares voted for or against this proposal is required to ratify the selection of Squar, Milner, Peterson, Miranda & Williamson, LLP as our independent registered public accountants. For purposes of determining approval of this proposal, an “abstention” will have the same legal effect as a vote “against” the proposal and broker non-votes will not affect the results of this vote. We are not required to obtain the approval of our stockholders to select our independent registered public accounting firm.

Proposal 4: Approval of compensation of named executive officers. The affirmative vote of a majority of the shares voted for or against this proposal is required to approve the compensation of the named executive officers. For purposes of determining approval of this proposal, an “abstention” will have the same legal effect as a vote “against” the proposal and broker non-votes will not affect the results of this vote.

Proposal 5: Frequency of future advisory votes on the compensation of executive officers. With respect to this vote relating to the frequency of future advisory votes on the compensation of our named executive officers, you may vote to recommend that such votes be held every year, every two years, or every three years, or you may vote to “ABSTAIN.” The proposal will be determined by a plurality of votes cast. This means that the option receiving the highest number of votes will be approved. Neither abstentions nor broker non-votes will affect the outcome of the proposal.

Although the advisory votes on Proposals 4 and 5 are non-binding, as provided by law, the Board will review the results of the votes and will take them into account in making a determination concerning executive compensation and the frequency of such advisory votes.

Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspectors of Election examine these documents. Management, other than the Inspectors of Election, will not know how you voted on a specific proposal unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

Where Can I Find the Voting Results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting, and we will publish preliminary, or final results if available, in a Current Report on Form 8-K within four business days of the Annual Meeting. If final results are unavailable at the time we file the Form 8-K, then we will file an amended report on Form 8-K to disclose the final voting results within four business days after the final voting results are known.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of printing and mailing this proxy statement and soliciting these proxies, including payment for the services of proxy solicitors. We have retained Morrow & Co., LLC, 470 West Ave, Stamford, Connecticut 06902 to aid in the solicitation of proxies. The fee being paid to Morrow & Co., LLC is \$5,000, plus reimbursement of its reasonable out-of-pocket costs. Our directors, officers and employees, as well as such proxy solicitors, may solicit proxies in person or by telephone, facsimile or email. We will pay our employees, officers and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to deliver proxies. We will reimburse them for their expenses.

What Constitutes a Quorum for the Annual Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Where and When will the Annual Meeting Be Held?

The Annual Meeting will be held at 1:30 p.m. local time on Thursday, February 21, 2013 at the Hampton Inn & Suites, 14068 Stowe Drive, Poway, California 92064. When you arrive at the hotel, our personnel will direct you to the appropriate meeting room. You need not attend the Annual Meeting to vote.

What if Two or More Stockholder Reside in the Same House?

The rules of the United States Securities and Exchange Commission (the “SEC”) concerning the delivery of annual disclosure documents allow us or your broker to send a single set of our proxy materials to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. This practice, referred to as “householding,” benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be “household,” the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If your household received a single set of proxy materials this year, but you would prefer to receive your own copy, please contact Broadridge, by calling their toll free number 1-800-542-1061. If you do not wish to participate in “householding” and would like to receive your own set of proxy materials in future years, follow the instructions described below. Conversely, if you share an address with another Parametric stockholder and together both of you would like to receive only a single set of proxy materials, follow these instructions:

If your Parametric shares are registered in your own name, please contact Broadridge and inform them of your request by calling them at 1-800-542-1061 or writing them at Broadridge Householding Department, 51 Mercedes Way, Edgewood, NY 11717.

If a broker or other nominee holds your Parametric shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

Can I Receive Company Stockholder Communications by Electronic Delivery?

Most stockholders can elect to receive notices of the availability of future proxy materials by email instead of receiving a paper copy in the mail. You can choose this option and save us the cost of producing and mailing these documents by following the instructions provided on your proxy card or following the instructions provided when you vote over the Internet at www.proxyvote.com.

How Do I Get A Copy of the Exhibits Filed With the Company’s Form 10-K?

A copy of the Company’s Annual Report for 2012, which contains the Company’s Form 10-K for the fiscal year ended September 30, 2012, and consolidated financial statements, has been delivered to you with this proxy statement. We will provide to any stockholder as of the Record Date, who so specifically requests in writing, a copy of the exhibits filed with the Company’s Form 10-K. Requests for such copies should be directed to Investor Relations at 13771 Danielson Street, Ste. L, Poway, CA 92064. In addition, copies of all exhibits filed electronically by the Company may be reviewed and printed from the SEC website at <http://www.sec.gov> under the EDGAR archives section.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends that stockholders vote FOR the slate of nominees set forth above. Proxies solicited by the Board of Directors will be so voted unless stockholders specify otherwise on their proxy cards.

CORPORATE GOVERNANCE

Director Independence

Our common stock is currently listed on The NASDAQ Capital Market under the symbol “PAMT,” and therefore, our determination of the independence of directors is made using the definition of “independent director” contained in The NASDAQ Capital Market Listing Rules. On the basis of information solicited from each director, the board has determined that each of Dr. Kaplan, Dr. Putterman, Dr. Wolfe and Mr. Honore has no material relationship with the Company and is an independent director within the meaning of such rules. In making this determination, the board evaluated responses to a questionnaire completed by each director regarding relationships and possible conflicts of interest between each director, the company and management. In its review of director independence, the board considered all commercial, industrial, banking, consulting, legal, accounting, charitable, and familial relationships any director may have with the company or management.

Board Leadership Structure

Kenneth F. Potashner currently serves as Executive Chairman, a full-time management role effectively as chief executive officer, and in such capacity serves as Chairman of the Board.

The Board believes that, given our relatively small size, it is currently in our best interest, and that of our stockholders, for our Executive Chairman to also have an active management role. The Board believes this provides us an efficient and effective leadership model. Combining the Chairman and management roles fosters clear accountability, effective decision-making and alignment on corporate strategy.

Board of Directors and Committees

The Board of Directors held seven meetings during the last fiscal year and acted by unanimous written consent seven times. In fiscal 2012 each director attended 100% of the aggregate of all meetings held by the Board of Directors and all meetings held by all committees of the Board on which such director served. Directors are encouraged to attend in person each Annual Meeting of Stockholders.

In May 2011, the Company established an Audit Committee in accordance with the requirements of Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Audit Committee acts pursuant to a written charter adopted by the Board. The responsibilities of the Audit Committee include, among other things, selecting and engaging the Company's independent auditors, reviewing the scope of audit engagements, reviewing comment letters of such auditors and management's response thereto, approving professional services provided by such auditors, reviewing the independence of such auditors, reviewing any major accounting changes made or contemplated, considering the range of audit and non-audit fees and reviewing the adequacy of the Company's internal accounting controls. The Audit Committee currently consists of Dr. Kaplan (chair), Dr. Wolfe and Mr. Honore.

The Board has determined that each member of the Audit Committee is independent under the independence standards of The Nasdaq Stock Market, and that Dr. Kaplan qualifies as an "audit committee financial expert" as that term is defined in the rules and regulations established by the SEC. The Audit Committee held five meetings in the fiscal year ended September 30, 2012.

In February 2012 in accordance with listing requirements of The Nasdaq Stock Market, the Company in lieu of establishing a separate nominating committee, appointed its independent directors to perform the required functions of

a nominating committee consistent with the rules and regulations of the SEC and The Nasdaq Stock Market. The Company further appointed its independent directors, meeting in executive sessions, to approve the compensation of the Company's Chief Executive Officer and other executive officers. The Company's independent directors consist of Dr. Putterman, Dr. Kaplan, Dr. Wolfe and Mr. Honore. The independent directors are charged to meet in executive session at least twice annually. The independent directors met in executive session (with only the independent directors present) two times from designation (February 2012) to September 30, 2012. They acted by unanimous written consent two times.

The Board of Directors' Role in Risk Oversight

The Company's management is primarily responsible to manage risk and inform the Board of Directors regarding the most material risks confronting the Company. The Board of Directors has oversight responsibility of the processes established to monitor and manage such risks. The Board of Directors believes that such oversight function is the responsibility of the entire Board of Directors through frequent reports and discussions at regularly scheduled Board meetings. In addition, the Board has delegated specific risk management oversight responsibility to the Audit Committee, oversees management of risks related to accounting, auditing and financial reporting and maintaining effective internal controls for financial reporting. These specific risk categories and the Company's risk management practices are regularly reviewed by the Company's Board Committees and discussed with the entire Board of Directors in the ordinary course of each regularly scheduled Board meeting.

Director Nomination Process

The independent directors on the Board of Directors performs the functions associated with a nominating committee. The Company's independent directors make recommendations to the full Board for nominations to fill vacancies on the Board and for selecting the management nominees for the directors to be elected by the Company's stockholders at each annual meeting. The Board believes this process is preferable to a standing nominating committee because it wishes to involve all of its independent directors in the nomination process.

Director Qualifications. Although the Board has not established specific minimum age, education, experience or skill requirements for potential directors or a formal policy regarding diversity, the Board believes that the appropriate mix and a broad diversity of skills, perspectives, experience, age and gender will help to enhance the performance of the Board. The independent directors take into account all factors they consider appropriate in fulfilling their responsibilities to identify and recommend individuals to the Board as director nominees. Those factors may include, without limitation, the following: (a) personal characteristics, including such matters as integrity, age, education, diversity of background and experience, absence of potential conflicts of interest with the Company or its operations, and the availability and willingness to devote sufficient time to the duties of a director of the Company; (b) experience in corporate management, such as serving as an officer or former officer of a publicly held company; (c) experience in the Company's industry and with relevant social policy concerns; (d) experience as a board member of another publicly held company; (e) academic expertise in an area of the Company's operations; and (f) practical and mature business judgment. The criteria are not exhaustive and the independent directors may consider other qualifications and attributes that they believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. The independent directors' goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In doing so, the independent directors also consider candidates with appropriate non-business backgrounds.

Identification and Evaluation of Nominees for Directors. The Board of Directors believes that, based on the independent directors' knowledge of the Company's corporate governance principles and the needs and qualifications of the Board at any given time, the independent directors are best equipped to select nominees that will result in a well-qualified and well-rounded Board of Directors. Accordingly, it is the policy of the independent directors not to accept unsolicited nominations from stockholders. In making its nominations, the independent directors identify nominees by first evaluating the current members of the Board willing to continue their service. Current members with qualifications and skills that are consistent with the independent directors' criteria for Board service are re-nominated. As to new candidates, the independent directors will generally poll the Board members and members of management for recommendations. The independent directors may also review the composition and qualification of the boards of directors of the Company's competitors, and may seek input from industry experts or analysts. The independent directors review the qualifications, experience and background of the candidates. Final candidates are interviewed by the independent directors and executive management. In making its determinations, the independent directors evaluate each individual in the context of the Board as a whole, with the objective of assembling a group that can best represent stockholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the independent directors make their recommendation to the Board of Directors. Historically, the Board of Directors has not relied on third-party search firms to identify director nominees. The independent directors may in the future choose to engage third-party search firms in situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

Code of Business Conduct and Ethics

We have adopted a "Code of Business Conduct & Ethics," a code of ethics that applies to all directors, officers and employees of Parametric and its subsidiaries ("Code of Ethics"). We intend to disclose any amendments to our Code of Ethics and any waiver granted from a provision thereof on a Current Report on Form 8-K filed with the SEC within four business days following such amendment or waiver or on our website at www.parametricsound.com within the

same time frame. For any stockholder who does not have Internet access, a copy of the Code of Ethics will be provided on request at no cost.

Insider Trading Guidelines

The Company maintains an “Insider Trading Policy” which, among other things, prohibit any named executive officer or director from buying or selling any of our securities without obtaining prior written approval from our Chief Financial Officer. This policy seeks to assure that the directors and named executive officers will not trade in our securities at a time when they are in possession of inside information.

PROPOSAL 2:

APPROVAL OF amendment to the 2012 Stock Option Plan of the Company to authorize **THE ISSUANCE OF** an additional 500,000 shares of common stock under the plan

Our Board of Directors is submitting for stockholder approval an amendment to the 2012 Stock Option Plan of the Company (the “2012 Plan”) to authorize the issuance of an additional 500,000 shares of common stock under the 2012 Plan (the “2012 Plan Amendment”). The Board of Directors adopted the 2012 Plan for, employees, certain service providers and non-employee directors on December 29, 2011, the effective date of the 2012 Plan. The 2012 Plan was approved by the Company’s stockholders on February 15, 2012 and replaced the 2010 Stock Option Plan (the “2010 Plan”). All share numbers related to the 2012 Plan referenced in this proposal reflect the 1 for 5 reverse stock split effected on March 21, 2012.

On August 17, 2012, the Board of Directors approved, subject to stockholder approval, the 2012 Plan Amendment. At the Annual Meeting, the stockholders will consider the approval of the 2012 Plan Amendment. The effectiveness of the 2012 Plan Amendment is subject to and conditional upon stockholder approval of such amendment by August 17, 2013. Any options granted from the 500,000 additional shares approved by the Board of Directors prior to such approval of the 2012 Plan Amendment by the stockholders cannot be exercised and such options are cancelled and null and void if such approval is not obtained by August 17, 2013.

The increase is being requested to assure that the Company has a sufficient number of shares available to compensate, reward and provide incentives to current employees, and also to recruit new employees. As of the date of this Proxy Statement the Company only has 7,500 shares of common stock available for future grants, excluding the 2012 Plan Amendment and any future shares from cancellations or forfeitures. Our Board of Directors believes that the approval of 2012 Plan Amendment is in the best interests of our Company and stockholders, because the availability of an adequate number of shares reserved for issuance under the 2012 Plan is an important factor in attracting, motivating and retaining qualified individuals essential to our success.

The only amendment to the 2012 Plan is authorized shares in Section 3 (as adjusted to reflect the 1-for-5 reverse stock split effective on March 21, 2012), all other terms and conditions of the 2012 Plan remain as previously approved by the stockholders. The principal features of the 2012 Plan, as proposed to be amended, are summarized below. The summary is qualified by reference to the complete text of the 2012 Plan, as proposed to be amended, which is attached as Appendix A.

Introduction

The purpose of the 2012 Plan is to provide additional incentive to our non-employee directors, officers, employees and consultants who are primarily responsible for our management and growth. Each option is designated at the time of grant as either non-qualified stock options (a "NQSO") or incentive stock options (an "ISO").

Administration of the 2012 Stock Option Plan

The 2012 Plan is administered by our Board of Directors, or by any committee that we may in the future form and to which our Board of Directors may delegate the authority to perform such functions (in either case, the "Administrator"). Our Board of Directors will appoint and remove members of the committee in its discretion in accordance with applicable laws. In the event that we establish such a committee and it is required to comply with Rule 16b-3 under the Exchange Act and Section 162(m) of the Code, the committee will, in our Board of Directors' discretion, be comprised solely of "non-employee directors" within the meaning of said Rule 16b-3 and "outside directors" within the meaning of Section 162(m) of the Code. Notwithstanding the foregoing, the Administrator may delegate non-discretionary administrative duties to such Parametric employees as it deems proper and our Board of Directors, in its absolute discretion, may at any time and from time to time exercise any and all rights and duties of the Administrator under the 2012 Plan.

Subject to the other provisions of the 2012 Plan, the Administrator has the authority, in its discretion, to: (a) grant options; (b) determine the fair market value of the common stock subject to options; (c) determine the exercise price of options granted; (d) determine the persons to whom, and the time or times at which, options will be granted, and the number of shares subject to each option; (e) interpret the 2012 Plan; (f) prescribe, amend and rescind rules and regulations relating to the 2012 Plan; (g) determine the terms and provisions of each option granted (which need not be identical), including but not limited to, the time or times at which options will be exercisable; (h) with the consent of the optionee, modify or amend any option; (i) with the consent of the optionee, defer the exercise date of any option; (j) authorize any person to execute on our behalf any instrument evidencing the grant of an option; and (k) make all other determinations deemed necessary or advisable for the administration of the 2012 Plan.

Shares of Stock Subject to the 2012 Stock Option Plan and As Proposed to be Amended

At the effective date of the 2012 Plan on December 29, 2011, subject to the conditions and adjustments outlined below, the total number of shares of stock available for issuance under options granted pursuant to the 2012 Plan was established at 600,000 shares plus the number of shares of common stock which were or become available for issuance under the 2010 Plan. On December 29, 2011, a total of 253,000 shares of our common stock were available for issuance pursuant to the 2010 Plan. Thus, as of December 29, 2011, an aggregate of 853,000 shares of our common stock were available for issuance pursuant to the 2012 Plan plus any 2010 Plan shares that thereafter were or are forfeited or that expire under prior 2010 Plan awards. Prior 2010 Plan awards were outstanding with respect to 347,000 shares at adoption of the 2012 Plan.

At the date of the 2012 Plan Amendment by the Board of Directors on August 17, 2012 there were options outstanding under the 2012 Plan, including options previously granted and unexercised under the 2010 Plan, with respect to an aggregate of 1,066,500 shares of common stock. Pursuant to the terms of the 2012 Plan a total of 13,500 shares were authorized and available for grant under the 2012 Plan prior to the adoption of the 2012 Plan Amendment. A total of 7,500 shares were authorized and available for grant as of the date of this Proxy Statement.

No options granted under the 2012 Plan Amendment shall be exercisable until and unless approval by the stockholders is obtained by August 17, 2013 being within twelve months of adoption of the amendment by the Board of Directors. If such stockholder approval is not obtained within such time, any Options granted under the 2012 Plan Amendment shall be cancelled and null and void.

The number of shares of common stock subject to options granted pursuant to the 2012 Plan may be adjusted under certain conditions. If (a) any shares subject to an award under the 2012 Plan are forfeited or expire or an award under the 2012 Plan is settled for cash, or (b) any shares subject to an award under the 2010 Plan are forfeited or expire or an award under the 2010 Plan is settled for cash, then any shares subject to such award may, to the extent of such forfeiture, expiration or cash settlement, be used again for new grants under the 2012 Plan. However, any shares tendered or withheld to satisfy the grant or exercise price or tax withholding obligation pursuant to any award, and any shares purchased on the open market with the cash proceeds from the exercise of options, either under the 2010 Plan or the 2012 Plan, may not be used again for new grants.

If Parametric common stock is changed by reason of a stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification, appropriate adjustments will be made by our Board of Directors in (a) the number and class of shares of stock subject to the 2012 Plan, and (b) the exercise price of each outstanding option; provided, however, that we will not be required to issue fractional shares as a result of any such adjustments. Each such adjustment will be subject to approval by our Board of Directors in its sole discretion.

In the event of any proposed dissolution or liquidation, the Administrator will notify each optionee at least 30 days prior to such proposed action. To the extent not previously exercised, all options will terminate immediately prior to the consummation of such proposed action; provided, however, that the Administrator, in the exercise of its sole discretion, may permit exercise of any options prior to their termination, even if such options were not otherwise exercisable. In the event we merge or consolidate with another company in which we do not survive, or in the event of a sale of all or substantially all of our assets in which our stockholders receive securities of the acquiring entity or an affiliate thereof, all options will be assumed or equivalent options will be substituted by the successor corporation (or other entity) or a parent or subsidiary of such successor corporation (or other entity); provided, however, that if such successor does not agree to assume the options or to substitute equivalent options therefor, the Administrator, in the exercise of its sole discretion, may permit the exercise of any of the options prior to consummation of such event, even if such options were not otherwise exercisable.

Eligibility

Every person who at the date of grant of an option is an employee of Parametric or any of our Subsidiaries (as defined below) is eligible to receive NQSOs or ISOs under the 2012 Plan. Every person who at the date of grant is a consultant to, or non-employee director of, Parametric or any of our Subsidiaries is eligible to receive NQSOs under the 2012 Plan. The term "Subsidiary" as used in the 2012 Plan means a subsidiary corporation as defined in the applicable provisions (currently Section 424(f)) of the Code. The term "employee" includes an officer or director who is an employee of Parametric. The term "consultant" includes persons employed by, or otherwise affiliated with, a consultant.

Awards

Option Price. To the extent required by applicable laws, rules and regulations, the exercise price of a NQSO will be not less than 85% of the fair market value of the stock subject to the option on the date of grant and the exercise price of a NQSO granted to any person who owns, directly or by attribution under the Code (currently Section 424(d)), stock possessing more than 10% of the total combined voting power of all classes of stock of Parametric or any of our Subsidiaries (a “10% Stockholder”) will in no event be less than 110% of the fair market value of the stock covered by the option at the time the option is granted. The exercise price of an ISO will be determined in accordance with the applicable provisions of the Code and will in no event be less than the fair market value of the stock covered by the option at the time the option is granted. The exercise price of an ISO granted to any 10% Stockholder will in no event be less than 110% of the fair market value of the stock covered by the option at the time the option is granted.

Payment Methods. The Administrator will determine the methods by which payments by any optionee with respect to any awards granted under the 2012 Plan may be paid, the form of payment, including, without limitation: (a) cash or check; (b) shares of our common stock issuable pursuant to the award or held for such period of time as may be required by the Administrator in order to avoid adverse accounting consequences and having a fair market value on the date of delivery equal to the aggregate payments required; (c) cancellation of indebtedness of Parametric to the optionee or waiver of compensation due or accrued to the optionee for services rendered; (d) other property acceptable to the Administrator (including through the delivery of a notice that the optionee has placed a market sell order with a broker with respect to shares of our common stock then issuable upon exercise or vesting of an award, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to us in satisfaction of the aggregate payments required; provided that payment of such proceeds is then made to us upon settlement of such sale); or (e) other form of legal consideration acceptable to the Administrator. However, no participant who is a member of the Board of Directors or one of our “executive officers” within the meaning of Section 13(k) of the Exchange Act will be permitted to make payment with respect to any awards granted under the 2012 Plan, or receive any extension of credit with respect to such payment in any method which would violate the prohibitions on loans made or arranged by us as set forth in Section 13(k) of the Exchange Act. Only whole shares of common stock may be purchased or issued pursuant to an award. No fractional shares shall be issued and the Administrator shall determine, in its sole discretion, whether cash shall be given in lieu of fractional shares or whether such fractional shares shall be eliminated by rounding down.

Vesting and Exercise of an Award. The applicable award agreement governing an award will contain the period during which the right to exercise the award in whole or in part vests, including the events or conditions upon which the vesting of an award will occur or may accelerate. No portion of an award which is not vested at the optionee’s termination of service with us will subsequently become vested, except as may be otherwise provided by the Administrator in the agreement relating to the award or by action following the grant of the award. The aggregate fair market value (determined as to each ISO at the time such ISO is granted) of the Shares with respect to which an ISO is exercisable for the first time by an optionee during any calendar year (under the 2012 Plan or any other plan of the Company or an affiliate thereof) shall not exceed \$100,000.

Generally, an option may only be exercised while such person remains an employee, consultant or non-employee director of us or one of our subsidiaries or affiliates or for a specified period of time (up to the remainder of the award term) following the optionee's termination of service with us or one of our subsidiaries or affiliates. An award may be exercised for any vested portion of the shares subject to such award until the award expires. Upon the grant of an award or following the grant of an award, the Administrator may provide that the period during which the award will vest or become exercisable will accelerate, in whole or in part, upon the occurrence of one or more specified events, including a change in control or a optionee's termination of employment or service with us or otherwise.

Transferability. In general, no award under the 2012 Plan may be transferred other than by will or the laws of descent and distribution without the express written approval of the Administrator. During the lifetime of the optionee, only the optionee may exercise such award. After the optionee's death, any exercisable portion of an award may be exercised by his personal representative or any person empowered to do so under such optionee's will or the then applicable laws of descent and distribution until such portion becomes unexercisable under the 2012 Plan or the applicable award agreement.

Term of the Options. The Administrator, in its sole discretion, will fix the term of each option, provided that the maximum term of an option will be ten years. ISOs granted to a 10% Stockholder will expire not more than five years after the date of grant. The 2012 Plan provides for the earlier expiration of options in the event of certain terminations of employment of the optionee.

Restrictions on Grant and Exercise. Except with the express written approval of the Administrator which approval the Administrator is authorized to give only with respect to NQSOs, no option granted under the 2012 Plan will be assignable or otherwise transferable by the optionee except by will or by operation of law. During the life of the optionee, an option will be exercisable only by the optionee.

Termination of Employment

If for any reason other than death or permanent and total disability, an optionee ceases to be employed by Parametric or any of our Subsidiaries (such event, a “termination”), options held at the date of termination (to the extent then exercisable) may be exercised in whole or in part at any time within three months of the date of such termination, or such other period of not less than 30 days after the date of such termination as is specified in the option Agreement or by amendment thereof (but in no event after the expiration date of the option); provided, however, that if such exercise of the option would result in liability for the optionee under Section 16(b) of the Exchange Act, then such three-month period automatically will be extended until the tenth day following the last date upon which optionee has any liability under Section 16(b) (but in no event after the expiration date). If an optionee dies or becomes permanently and totally disabled (within the meaning of Section 22(e)(3) of the Code) while employed by Parametric or any of our Subsidiaries or within the period that the option remains exercisable after termination, options then held (to the extent then exercisable) may be exercised, in whole or in part, by the optionee, by the optionee’s personal representative or by the person to whom the option is transferred by devise or the laws of descent and distribution, at any time within 12 months after the death or 12 months after the permanent and total disability of the optionee or any longer period specified in the option Agreement or by amendment thereof (but in no event after the expiration date). “Employment” includes service as a director or as a consultant. For purposes of the 2012 Plan, an optionee’s employment will not be deemed to terminate by reason of sick leave, military leave or other leave of absence approved by the Administrator, if the period of any such leave does not exceed 90 days or, if longer, if the optionee’s right to re-employment by Parametric or any of our Subsidiaries is guaranteed either contractually or by statute.

Duration, Amendment and Termination

The Board of Directors adopted the 2012 Plan for, employees, certain service providers and non-employee directors on December 29, 2011 and it will terminate on December 29, 2021 unless sooner terminated by the Board of Directors. Our Board of Directors may at any time amend, alter, suspend or discontinue the 2012 Plan. Without the consent of an optionee, no amendment, alteration, suspension or discontinuance may adversely affect outstanding options except to conform the 2012 Plan and ISOs granted under the 2012 Plan to the requirements of federal or other

tax laws relating to ISOs. No amendment, alteration, suspension or discontinuance will require stockholder approval unless (a) such amendment seeks to reduce the exercise price of outstanding Options or the price at which Options may be granted below the price provided for in Section 6, (b) stockholder approval is required by law or under applicable listing requirements or to preserve incentive stock option treatment for federal income tax purposes, or (c) the Board otherwise concludes that stockholder approval is advisable.

Tax Treatment of the Options

Under the Code, neither the grant nor the exercise of an ISO is a taxable event to the optionee (except to the extent an optionee may be subject to alternative minimum tax); rather, the optionee is subject to tax only upon the sale of the common stock acquired upon exercise of the ISO. Upon such a sale, the entire difference between the amount realized upon the sale and the exercise price of the option will be taxable to the optionee. Subject to certain holding period requirements, such difference will be taxed as a capital gain rather than as ordinary income. Optionees who receive NQSOs will be subject to taxation upon exercise of such options on the spread between the fair market value of the common stock on the date of exercise and the exercise price of such options. This spread is treated as ordinary income to the optionee, and we are permitted to deduct as an employee expense a corresponding amount. NQSOs do not give rise to a tax preference item subject to the alternative minimum tax.

New Plan Benefits Related to the 2012 Plan Amendment

Because the Administrator has discretion to make awards under the 2012 Plan and under any amendment thereto, including the proposed 2012 Plan Amendment, it is not presently possible to determine the benefits or amounts that will be received by the executive officers, directors or other participants under the 2012 Plan. Therefore, we have not included a table reflecting such benefits and awards.

On September 6, 2012, director Seth Putterman, was granted an NQSO option to purchase 25,000 shares of common stock for a period of five years from shares under the 2012 Plan Amendment, exercisable at \$10.24 per share vesting over three years and subject to continued service, for future technical consulting and advisory services. Any options vesting from this NQSO grant are not exercisable into shares of common stock prior to the stockholder approval of the 2012 Plan Amendment and if such amendment is not approved by the stockholders by August 17, 2013 the option grant shall by its terms be cancelled, null and void.

We have no current plans, proposals or arrangements to grant any other new awards under the 2012 Plan Amendment.

Interest of Certain Persons in the 2012 Plan Amendment

Stockholders should understand that our executive officers and non-employee directors may be considered to have an interest in the approval of the 2012 Plan Amendment because they may in the future receive awards under it. Nevertheless, the Board believes that it is important to provide incentives and rewards for superior performance and the retention of experienced directors by seeking approval of the 2012 Plan Amendment.

Required Vote for Approval of the 2012 Plan Amendment

The affirmative vote of a majority of the votes voted for or against this proposal at the Annual Meeting is required to approve the 2012 Plan Amendment. For purposes of determining approval of this proposal, an “abstention” will have the same legal effect as a vote “against” the proposal and broker non-votes will not affect the results of this vote.

Recommendation of the Board of Directors

Our Board of Directors recommends that you vote FOR approval of amending the 2012 Stock Option Plan of the Company to authorize an additional 500,000 shares of common stock under the plan.

PROPOSAL 3:

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Squar, Milner, Peterson, Miranda & Williamson, LLP, independent registered public accountants, to audit our financial statements for the fiscal year ending September 30, 2013. Squar Milner has audited our financial statements since our spin-off from LRAD Corporation in September 2010. We expect that representatives of Squar Milner will be present at the meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Squar, Milner, Peterson, Miranda & Williamson, LLP as our independent registered public accounting firm is not required by our bylaws or otherwise. However, the board of directors is submitting the selection of Squar, Milner, Peterson, Miranda & Williamson, LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain that firm and may decide to retain the firm, even in the absence of stockholder ratification. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the audit committee determines that such a change would be in the best interests of the company.

The affirmative vote of a majority of the votes cast at the Annual Meeting is required to ratify the selection of Squar, Milner, Peterson, Miranda & Williamson, LLP as our independent registered public accountants. For purposes of determining approval of this proposal, an abstention will have the same legal effect as a vote “against” the proposal and broker non-votes (which are not anticipated as the vote is discretionary) will not affect the results of this vote.

Recommendation of the Board of Directors

Our Board of Directors recommends that stockholders vote FOR the ratification of the selection of Squar, Milner, Peterson, Miranda & Williamson, LLP as our independent registered public accounting firm for the year ending September 30, 2013.

Audit Committee Pre-Approval Policies and Procedures

All audit and non-audit services are pre-approved by the Audit Committee, which considers, among other things, the possible effect of the performance of such services on the registered public accounting firm’s independence. The Audit

Committee pre-approves the annual engagement of the principal independent registered public accounting firm, including the performance of the annual audit and quarterly reviews for the subsequent fiscal year, and pre-approves specific engagements for tax services performed by such firm. The Audit Committee has also established pre-approval policies and procedures for certain enumerated audit and audit related services performed pursuant to the annual engagement agreement, including such firm's attendance at and participation at Board and committee meetings; services of such firm associated with SEC registration statements, periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings, such as comfort letters and consents; such firm's assistance in responding to any SEC comment letters; and consultations with such firm as to the accounting or disclosure treatment of transactions or events and/or the actual or potential impact of final or proposed rules, standards or interpretations by the SEC, Public Company Accounting Oversight Board (PCAOB), Financial Accounting Standards Board (FASB), or other regulatory or standard-setting bodies. PROPOSAL 4:

Advisory Vote on the Compensation

of the Company's Named Executive Officers

We are asking our stockholders to vote, on an advisory basis, to approve the compensation of our named executive officers as disclosed in this proxy statement in accordance with the rules of the SEC and Section 14A of the Exchange Act. This proposal gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the agreements and practices described in this proxy statement. This vote is advisory and is therefore not binding on us or the Board. The Board values the opinions of our stockholders, and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and will evaluate what, if any, actions are necessary to address those concerns.

Our executive compensation program is designed to align pay with short- and long-term company performance, to put a substantial portion of compensation at risk, and to reward unique or exceptional contributions to overall sustainable value creation for stockholders. Because the Board believes that the compensation of our named executive officers as described in "Executive Compensation" appropriately addresses those objectives, it recommends that the stockholders approve the following advisory resolution:

RESOLVED, that the stockholders approve the compensation of the Company's named executive officers as disclosed in the "Executive Compensation" section of this proxy statement pursuant to Item 402 of SEC Regulation S-K, including the the executive compensation tables and related disclosures.

The affirmative vote of a majority of the shares voting for or against this proposal is required to approve the compensation of our named executive officers. For purposes of determining approval of this proposal, an abstention will have the same legal effect as a vote "against" the proposal and broker non-votes will not affect the results of this vote.

Recommendation of the Board of Directors

Our Board of Directors recommends a vote FOR approval of the compensation of our named executive officers as disclosed in the "Executive Compensation" section of this proxy statement, including the compensation tables and related disclosures.

PROPOSAL 5

Advisory Vote on the Frequency of Future Advisory Votes on the Compensation of the Company's Named Executive Officers

In addition to the advisory vote on the compensation of our named executive officers as described above, we are asking our stockholders to vote as to the frequency of future advisory votes on the compensation of the named executive officers pursuant to the rules of the SEC and Section 14A of the Exchange Act. This proposal gives our stockholders the opportunity to express their views on whether such future advisory votes should occur every one, two or three years. This vote is advisory and is therefore not binding on us or the Board. The Board will consider the opinions of our stockholders when determining the frequency of future advisory votes on the compensation of the named executive officers.

The Board has determined that holding an advisory vote on executive compensation every three years is the most appropriate policy for the Company at this time. Our executive compensation programs are designed to align executive pay with short- and long-term company performance, and a triennial vote will allow stockholders to better evaluate our executive compensation program in relation to those goals. Additionally, a triennial vote will provide us with time to respond to stockholder concerns and implement appropriate revisions. Therefore, the Board recommends that the stockholders approve the following advisory resolution:

RESOLVED, that the stockholders desire that the Company include an advisory vote on the compensation of the company's named executive officers pursuant to Section 14A of the Exchange Act on a triennial basis.

This proposal will be determined by a plurality of votes cast. This means that the option receiving the highest number of votes will be approved. Neither broker non-votes nor abstentions will affect the outcome of the proposal.

Recommendation of the Board of Directors

Our Board of Directors recommends that you vote to hold an advisory vote on executive compensation on a triennial basis.

EXECUTIVE COMPENSATION

Our named executive officers for fiscal 2012, which consist of our principal executive officer and the two other most highly compensated executive officers, were Kenneth F. Potashner, Elwood G. | | 2011 | \$90,000 (2) | \$142,563 | – | \$232,563 |

Mr. Potashner became an employee of the Company and was appointed to serve as our Executive Chairman in (1) March 2012. In connection with his appointment as our Executive Chairman, effective March 2012 the annual base salary of Mr. Potashner is \$350,000.

From November 2010 through March 2012, we accrued monthly payments of \$10,000 for Mr. Norris (our Chief Executive Officer from June 2010 until March 2012) and of \$7,500 for Mr. Barnes (payable to Sunrise Capital, Inc., a company wholly-owned by Mr. Barnes) for their services as executive officers pursuant to arrangements agreed to in November 2010. These amounts, including total salaries reported above for fiscal 2011, were deferred and accrued without interest through the date of the Company's March 2012 secondary offering. As of April 2012, (2) the annual base salaries for Messrs. Norris and Barnes were each increased to \$162,000. In connection with the Company's March 2012 secondary offering, on March 27, 2012 a total of \$80,000 of deferred base salary for Mr. Norris and \$60,000 of deferred base salary for Mr. Barnes was paid by the Company in shares of our common stock at the offering price of \$4.50 per share (17,778 and 13,333 shares issued to each of Messrs. Norris and Barnes, respectively) with the balance of \$100,000 of deferred base salary for Mr. Norris and the balance of \$75,000 of deferred base salary for Mr. Barnes paid by the Company in cash payments in March 2012.

Represents the aggregate grant date fair value, as determined under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718, Stock Compensation, of all option awards granted to the named executive officers during fiscal 2012. Fair value is calculated as of the grant date using a Black-Scholes (3) option-pricing model. The determination of the fair value of share-based payment awards made on the date of grant is affected by our stock price as well as assumptions regarding a number of complex and subjective variables. Our assumptions in determining fair value are described in Note 9 to our audited financial statements for the year ended September 30, 2012, included herein.

(4) Includes \$22,131 as the fair value of 10,000 options granted for his service as a director in December 2011 and \$1,286,058 as the fair value of 410,000 options originally granted for his service as a consultant in December 2011

with the reported value recomputed on assumptions including the then current market price in March 2012 upon Mr. Potashner's change in status from a consultant to an employee. Excludes any value for 175,000 options granted in April 2012 subject to performance vesting conditions not currently considered probable. The fair value of these 175,000 options on the grant date, assuming all performance conditions were achieved, was \$540,773. The grant and expiration dates, exercise prices and vesting terms of these options are described in footnotes (1), (2) and (3) to the "Outstanding Equity Awards at Fiscal Year-End" table below.

- (5) During fiscal 2012, Mr. Potashner was paid \$2,000 for his services as a director prior to providing services to the Company as an employee and \$125,000 as a consulting bonus for his services as a consultant through the date of the Company's March 2012 secondary offering and prior to his employment as our Executive Chairman.

We do not have any annuity, retirement, pension or other arrangements for our executive officers or any employees. No named executive officer received a long-term incentive plan payout in the fiscal year ended September 30, 2012.

Employment Agreement

In April 2012, we entered into a five-year employment agreement with Kenneth F. Potashner as Executive Chairman. Upon expiration of the initial five-year term, the agreement automatically renews for additional one-year terms unless noticed by either party. Under the employment agreement, Mr. Potashner's current annual salary is \$350,000 subject to annual reviews and increases as approved by the Board of Directors and the Compensation Committee, if any. Mr. Potashner is eligible to participate in any benefits and other incentives generally available to other executives. Mr. Potashner is eligible to earn an annual performance-based bonus of up to 60% of his base salary then in effect, subject to the achievement by Mr. Potashner and the Company of performance criteria for each bonus year as so designated by the Board of Directors. The bonus will be determined in accordance with the Company's bonus plan then in effect. Under the terms of the employment agreement, we may be obligated to pay to Mr. Potashner severance equal to one year of his annual base salary plus target bonus if his employment is terminated without cause or if he resigns for good reason. The definition of cause means (i) engagement in illegal, dishonest or fraudulent conduct or in any act of moral turpitude; (ii) engagement in willful misconduct or gross negligence that has had a material adverse effect on our reputation or business, (iii) engagement in any activity in competition with the Company in a material manner (excluding a less than 5% investment in any public company), and (iv) commencement of employment with another company without the prior consent of the Board of Directors. The definition of good reason means that without the prior consent of Mr. Potashner (i) there is a material reduction in base salary then in effect, *except* those reductions generally affecting other similarly situated employees; (ii) a material adverse effect or reduction in benefits under any benefit plan, *except* those changes generally affecting similarly situated employees; (iii) a material breach of employment agreement terms by the Company; or (iv) the relocation more than 100 miles from San Diego, California, and provided that, in each case, subject to a 30 day cure period.

Concurrent with the execution of this agreement, we granted Mr. Potashner a nonstatutory stock option under our 2012 Plan to purchase up to 175,000 shares of common stock, with an exercise price of \$4.50 per share and which shall vest upon achievement of performance targets established by the Board of Directors or upon a change of control. Additionally, we modified the vesting of a previously awarded stock option under our 2012 Plan to Mr. Potashner in December 2011 in connection with him providing services to the Company as a consultant to purchase up to 410,000 shares at an exercise price of \$3.25 per common share. At original grant the option vested as follows: 10% at grant, with the balance over eight calendar quarters commencing March 31, 2012. The modification resulted in 195,000 shares being vested at April 3, 2012, 195,000 shares to then vest equally over eight calendar quarters that commenced March 31, 2012 and 20,000 shares that vested in August 2012 upon achievement of performance approved by the Board of Directors. All unvested options vest on a change of control. The effect of the modification was an increase in 132,250 shares being vested as of April 3, 2012 versus prior to the modification. There was no change to the term or exercise price of the option.

No other executive officer had any employment agreement as of September 30, 2012 or currently has one.

Bonus Plan

No bonuses were paid in fiscal 2012 to any of our named executive officers. On May 1, 2012 we adopted a cash bonus plan for the period April 1, 2012 to December 31, 2012, pursuant to which each of our executive officers and certain other officers, consultants and employees designated by the Board of Directors are eligible to receive a target bonus equal to a percentage of the executive officer's or other individual's annualized base compensation if applicable performance objectives are met. The performance objectives are based 25% upon the Company achieving certain revenue performance targets, 25% upon the Company achieving certain licensing targets, 25% based upon the Company achieving certain technology development targets and 25% upon the Company or its licensees or partners achieving certain new Company HSS technology product launch targets and accordingly participants may receive bonuses ranging from none up to the maximum bonus. The performance objectives include both objective and subjective determinations to be made by the Board of Directors. The maximum bonus percentage for each participant (including Messrs. Norris and Barnes) is 50% of his or her annual base compensation, except for our Executive Chairman (Mr. Potashner) whose maximum bonus percentage is 60% of his annual base compensation. All computations will be adjusted to 75% to reflect the nine-month bonus period from April 1, 2012 to December 31, 2012 and payments of earned bonuses will be deferred if certain cash generation targets are not met. Bonuses, if any, will be determined by January 30, 2013 and paid by March 15, 2013. Each participant must be employed as of January 1, 2013 in order to receive a bonus unless otherwise provided in such participant's employment agreement, offer letter or other agreement. Through September 30, 2012 a total of \$35,298 has been accrued pursuant to this bonus plan.

Other Payments

Syzygy Licensing, LLC (“Syzygy”) an entity controlled by Messrs. Norris and Barnes, was entitled to receive a royalty as described in “*Item 13: Certain Relationships, Related Transactions and Director Independence*” in consideration of technology licensed until termination of the license in December 2011. These payments are not considered executive compensation. During the fiscal year ended September 30, 2011 aggregate royalties accrued were \$3,835 and for the period from October 1, 2011 to December 31, 2011 aggregate royalties were \$3,193. These royalties, in the aggregate amount of \$7,028 were paid in April 2012 and no further royalties pursuant to this agreement have been earned or are payable.

This option was granted under the 2010 Plan on October 8, 2010, with a per share exercise price equal to the fair (5) market value of one of our shares of common stock on the date of grant. The vesting commencement date was December 31, 2010.

Potential Payments Upon Termination, Death, Disability, or Retirement

Under our employment agreement with Mr. Potashner, in the event that Mr. Potashner's employment is terminated by us for any reason other than cause, or if he resigns for good reason, he will be entitled to severance equal to one year's salary plus any prorated target bonus payable, as described more fully above in "Employment Agreement". Mr. Potashner's current annual salary is \$350,000.

Director Compensation

Each of our non-employee directors was paid a fee of \$3,000 per quarter served (whether serving for the whole or partial quarter), payable quarterly in arrears. No additional amounts are payable for committee participation. In addition, non-employee directors receive equity compensation grants as consideration for board and committee service from time to time. There is no established policy as to the frequency or amount of equity compensation grants for non-employee directors. Directors who are also one of our employees, such as Mr. Potashner and Mr. Norris, do not and will not receive any compensation for their services as a director while providing service as an employee. In the case of Messrs. Potashner and Norris, who are named executive officers of the Company for fiscal 2012, their compensation for fiscal 2012 is reported in the Summary Compensation Table above.

The following table sets forth the compensation paid to our non-employee directors for the fiscal year ended September 30, 2012:

(1) Represents the aggregate grant date fair value, as determined under FASB ASC Topic 718, Stock Compensation, of all option awards granted to the directors during fiscal 2012. Fair value is calculated as of the grant date using a Black-Scholes option-pricing model. The determination of the fair value of share-based payment awards made on the date of grant is affected by our stock price as well as assumptions regarding a number of complex and subjective variables. Our assumptions in determining fair value are described in Note 9 to our audited financial statements for the year ended September 30, 2012, included herein.

At September 30, 2012 each of our current directors had options outstanding exercisable for 10,000 shares of common stock. Each of these options were granted under either the 2010 Plan or the 2012 Plan and vest as follows:
 (2) 12.5% of the total shares subject to the option vests on the last day of the quarter in which the grant date occurs and an additional 12.5% vests at the end of each calendar quarter thereafter. The number of shares under each option, the exercise price and the grant and expiration dates for each option are as follows:

| Name | Grant Date | Number of Outstanding Shares as of September 30, 2012 Subject to Option | Exercise Price | Expiration Date |
|------------------|------------|---|----------------|-----------------|
| Seth Putterman | 5/7/2011 | 5,000 | \$ 3.30 | 5/7/2016 |

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

In September 2010, we sold \$700,000 in principal amount of 8% Subordinated Promissory Notes, due September 28, 2011 (the "Notes"), and accompanying warrants to purchase an aggregate of 280,000 shares of common stock ("Warrants"). A total of \$260,000 of Notes and 104,000 Warrants were acquired by Syzygy and a further \$100,000 of Notes and 40,000 Warrants were acquired by an entity owned by Mr. Norris. On June 30, 2011, \$156,000 of the Notes held by Syzygy was paid through exercise of 104,000 Warrants at \$1.50 per common share and the balance of \$104,000 plus accrued interest of \$15,671 was converted to 34,192 shares of common stock at \$3.50 per share on the same terms as unaffiliated investors. Also on June 30, 2011, \$60,000 of the Notes held by the entity owned by Mr. Norris was paid by exercise of 40,000 Warrants and the balance of \$40,000 plus accrued interest of \$6,027 was converted to 13,151 shares of common stock at \$3.50 per share on the same terms as unaffiliated investors.

On February 22, 2011, we entered into a Securities Purchase Agreement with selected institutional investors and entities affiliated with two of our officers (Messrs. Norris and Barnes) pursuant to which we issued and sold for cash 400,000 shares of our common stock at a purchase price of \$2.50 per share. In connection with the financing, we issued warrants to the investors exercisable for an aggregate of 400,000 shares of common stock at an exercise price of \$3.75 per share. The warrants are exercisable until February 22, 2016. The institutional investors, considered related parties due to greater than 10% ownership, are (a) Special Situations Fund III QP, L.P., (b) Special Situations Private Equity Fund, L.P., (c) Special Situations Technology Fund, L.P., and (d) Special Situations Technology Fund II, L.P. and they purchased 300,000 shares and were issued 300,000 warrants. Mr. Norris purchased through a controlled entity 60,000 shares and was issued 60,000 warrants, and Mr. Barnes purchased through controlled entities 40,000 shares and was issued 40,000 warrants, all on the same terms as the institutional investors. On September 30, 2011, entities affiliated with Mr. Norris exercised 60,000 of the warrants for cash of \$225,000, and an entity affiliated with Mr. Barnes exercised 20,000 of the warrants for cash of \$75,000.

On December 29, 2011 we entered into an Assignment Agreement (“Assignment”) with Syzygy Licensing, LLC (“Syzygy”) pursuant to which we acquired all technology and intellectual property covered by the License and Royalty Agreement (“License”) dated September 27, 2010 previously entered into between Syzygy and us. The Assignment terminated the License and all future royalty obligations owed by us to Syzygy thereunder. Pending patent applications comprising part of the intellectual property were also assigned to us. Syzygy is owned by the Company’s President, Elwood G. Norris (65%), and by the Company’s Chief Financial Officer, Treasurer and Secretary, James A. Barnes (35%).

Under the terms of the Assignment, we issued 300,000 shares of our common stock to Syzygy (valued at \$975,000 based on the closing price of the common stock of \$3.25 on the trading day immediately prior to signing the Assignment) and agreed to pay and in June 2012 paid \$250,000 to Syzygy. We incurred \$3,834 as royalties pursuant to the License during the year ended September 30, 2011. We incurred \$3,194 of royalties for the three months ended December 31, 2011 prior to termination of the License and owed Syzygy an aggregate of \$7,028 in royalties, which was paid in April 2012.

Prior to termination of the License we were obligated to reimburse Syzygy’s costs, in filing for, prosecuting and maintaining the licensed patents in the United States. We incurred and capitalized \$2,852 and \$28,237 related to such licensed patents during the fiscal year ended September 30, 2012 (prior to termination) and 2011, respectively.

On December 29, 2011 Mr. Norris exercised stock options at \$1.65 per common shares and acquired 75,000 shares for a cash payment to the Company of \$123,570 realizing a \$120,000 value based on the market price at the exercise date. On December 29, 2011 Mr. Barnes exercised stock options at \$1.50 per common shares and acquired 20,000 shares for a cash payment to the Company of \$30,000 realizing a \$35,000 value based on the market price at the exercise date.

On December 29, 2011, we appointed Kenneth F. Potashner as a director and granted him an option to purchase up to 10,000 shares exercisable at \$3.25 per share and entered into a consulting and advisory arrangement with him and granted him an option to purchase up to 410,000 shares exercisable at \$3.25 per share, each grant subject to vesting and other conditions. On March 5, 2012, we appointed Mr. Potashner as our Executive Chairman and agreed to the terms on which the Company and Mr. Potashner would enter into a compensation agreement after completion of our secondary stock offering. In April 2012, following the March completion of the secondary offering, we entered into a five-year employment agreement with Mr. Potashner as Executive Chairman with a base salary of \$350,000 and Mr. Potashner participates in any benefits and other incentives generally available to other executives. Mr. Potashner is eligible to earn an annual performance-based bonus of up to 60% of his base salary then in effect, subject to the achievement by Mr. Potashner and the Company of performance criteria for each bonus year as so designated by the Board of Directors. The bonus will be determined in accordance with the Company's bonus plan if then in effect. Under the terms of the employment agreement, we may be obligated to pay to Mr. Potashner severance equal to one year of his annual base salary plus targeted bonus if his employment is terminated without cause. We also granted him additional incentive compensation consisting of an option to purchase up to 175,000 shares of common stock exercisable at \$4.50 per share until April 3, 2017 vesting upon achievement of performance targets established by the Board of Directors. In connection with this employment option grant, the vesting of the option granted to him in December 2011 to purchase 410,000 shares at an exercise price of \$3.25 per share was modified such that 195,000 shares were vested as of April 3, 2012, 195,000 shares will vest equally over eight calendar quarters that commenced March 31, 2012 with the balance of 20,000 shares becoming vested in August 2012 upon achievement of performance approved by the Board of Directors.

In April 2012 we paid Mr. Potashner \$125,000 for consulting services from December 2011 through his April 2012 employment.

On May 1, 2012 we adopted a cash bonus plan for the period April 1, 2012 to December 31, 2012, pursuant to which each of our executive officers and certain other officers, consultants and employees designated by the Board of Directors are eligible to receive a target bonus equal to a percentage of the executive officer's or other individual's annualized base compensation if applicable performance objectives are met (see "*Executive Compensation – BonusPlan*").

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires executive officers and directors and persons who own more than ten percent (10%) of our common stock to file initial reports of ownership (Form 3) and reports of changes in ownership (Form 4) with the Securities and Exchange Commission. Executive officers, directors and greater than 10% owners are required by the Securities and Exchange Commission's regulations to furnish us with copies of all Section 16(a) forms that they file.

Based solely on a review of the copies of such forms furnished to us, we believe that all Section 16(a) filing requirements applicable to our executive officers and directors have been filed.

PARAMETRIC SOUND CORPORATION

(REFLECTING THE PROPOSED AMENDMENT)

1. Purposes of the Plan

The purposes of the 2012 Stock Option Plan (the "Plan") of Parametric Sound Corporation, a Nevada corporation (the "Company"), are to:

(a) Encourage selected employees, directors and consultants to improve operations and increase profits of the Company;

(b) Encourage selected employees, directors and consultants to accept or continue employment or association with the Company or its Subsidiaries; and

(c) Increase the interest of selected employees, directors and consultants in the Company's welfare through participation in the growth in value of the common stock of the Company (the "Shares").

Options granted under the Plan ("Options") may be "incentive stock options" ("ISOs") intended to satisfy the requirements of Section 422 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder (the "Code"), or "non-qualified stock options" ("NQSOs").

The Plan supersedes the Company's existing 2010 Stock Option Plan (the "Prior Plan") with respect to future Options, and on and after the Effective Date, no further grants shall be made under the Prior Plan, which plan shall remain in effect solely as to outstanding Options thereunder.

2. Eligible Persons

Every person who at the date of grant of an Option is an employee of the Company or of any Subsidiary (as defined below) of the Company is eligible to receive NQSOs or ISOs under the Plan. Every person who at the date of grant is a consultant to, or non-employee director of, the Company or any Subsidiary (as defined below) of the Company is eligible to receive NQSOs under the Plan. The term "Subsidiary" as used in the Plan means a subsidiary corporation as defined in the applicable provisions (currently Sections 424(f), respectively) of the Code. The term "employee" (within the meaning of Section 3401(c) of the Code) includes an officer or director who is an employee of the Company. The term "consultant" includes persons employed by, or otherwise affiliated with, a consultant to the Company.

3. Stock Subject to the Plan; Maximum Number of Grants

Subject to the provisions of Section 6(a)(i) of the Plan, the total number of Shares which may be issued under Options granted pursuant to the Plan shall not exceed the sum of (a) **one million one hundred (1,100,000) Shares after giving effect to the 1-for-5 reverse stock split effected on March 21, 2012** plus (b) any Shares that were authorized for issuance under the Prior Plan that, as of the Effective Date, remain available for issuance under the Prior Plan (not including any Shares that are subject to outstanding Options under the Prior Plan or any Shares that were issued pursuant to Options granted under the Prior Plan) plus (c) any Shares subject to outstanding Options under the Prior Plan that on or after the Effective Date cease for any reason to be subject to such Options (other than by reason of exercise or settlement of the Options to the extent they are exercised for or settled in vested and nonforfeitable shares). The Shares covered by the portion of any grant under the Plan which expires unexercised shall become available again for grants under the Plan.

4. Administration

(a) The Plan shall be administered by either the Board of Directors of the Company (the “Board”) or by a committee (the “Committee”) to which administration of the Plan, or of part of the Plan, may be delegated by the Board (in either case, the “Administrator”). The Board shall appoint and remove members of such Committee, if any, in its discretion in accordance with applicable laws. If necessary in order to comply with Rule 16b-3 under the Exchange Act and Section 162(m) of the Code, the Committee shall, in the Board’s discretion, be comprised solely of “non-employee directors” within the meaning of said Rule 16b-3 and “outside directors” within the meaning of Section 162(m) of the Code. The foregoing notwithstanding, the Administrator may delegate nondiscretionary administrative duties to such employees of the Company as it deems proper, and the Board, in its absolute discretion, may at any time and from time to time exercise any and all rights and duties of the Administrator under the Plan.

(b) Subject to the other provisions of the Plan, the Administrator shall have the authority to, in its discretion: (i) grant Options; (ii) determine the fair market value of the Shares subject to Options; (iii) determine the exercise price of Options granted; (iv) determine the persons to whom, and the time or times at which, Options shall be granted, and the number of shares subject to each Option; (v) interpret the Plan; (vi) prescribe, amend and rescind rules and regulations relating to the Plan; (vii) determine the terms and provisions of each Option granted (which need not be identical), including but not limited to, the time or times at which Options shall be exercisable; (viii) with the consent of the optionee, to modify or amend any Option; (ix) defer (with the consent of the optionee) the exercise date of any Option; (x) authorize any person to execute on behalf of the Company any instrument evidencing the grant of an Option; and (xi) make all other determinations deemed necessary or advisable for the administration of the Plan. The Administrator may delegate nondiscretionary administrative duties to such employees of the Company as it deems proper.

(c) All questions of interpretation, implementation, and application of the Plan shall be determined by the Administrator. Such determinations shall be final and binding on all persons.

5. Granting of Options; Option Agreement

(a) No Options shall be granted under the Plan after 10 years from the date of adoption of the Plan by the Board.

(b) Each Option shall be evidenced by a written stock option agreement, in form satisfactory to the Administrator, executed by the Company and the person to whom such Option is granted.

(c) The stock option agreement shall specify whether each Option it evidences is an NQSO or an ISO.

6. Terms and Conditions of Options

Each Option granted under the Plan shall be subject to the terms and conditions set forth in Section 6(a). NQSOs shall also be subject to the terms and conditions set forth in Section 6(b), but not those set forth in Section 6(c). ISOs shall also be subject to the terms and conditions set forth in Section (c), but not those set forth in Section 6(b).

(a) Terms and Conditions to Which All Options Are Subject. All Options granted under the Plan shall be subject to the following terms and conditions:

(i) *Changes in Capital Structure*. Subject to Section 6(a)(ii), if the stock of the Company is changed by reason of a stock split, reverse stock split, stock dividend, or recapitalization, combination or reclassification, appropriate adjustments shall be made by the Board in (1) the number and class of shares of stock subject to the Plan and each Option outstanding under the Plan, and (2) the exercise price of each outstanding Option; provided, however, that the Company shall not be required to issue fractional shares as a result of any such adjustments. Each such adjustment shall be subject to approval by the Board in its sole discretion.

(ii) *Corporate Transactions*. In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each optionee at least 30 days prior to such proposed action. To the extent not previously exercised, all Options will terminate immediately prior to the consummation of such proposed action; provided, however, that the Administrator, in the exercise of its sole discretion, may permit exercise of any Options prior to their termination, even if such Options were not otherwise exercisable. In the event of a merger or consolidation of the Company with or into another corporation or entity in which the Company does not survive, or in the event of a sale of all or substantially all of the assets of the Company in which the stockholders of the Company receive securities of the acquiring entity or an affiliate thereof, all Options shall be assumed or equivalent options shall be substituted by the successor corporation (or other entity) or a parent or subsidiary of such successor corporation (or other entity); provided, however, that if such successor does not agree to assume the Options or to substitute equivalent options therefor, the Administrator, in the exercise of its sole discretion, may permit the exercise of any of the Options prior to consummation of such event, even if such Options were not otherwise exercisable.

(iii) *Time of Option Exercise.* Subject to Section 5 and Section 6(c)(iii), Options granted under the Plan shall be exercisable in accordance with a schedule as specified in the written stock option agreement relating to such Option. In any case, no Option shall be exercisable until a written stock option agreement in form satisfactory to the Company is executed by the Company and the optionee.

(iv) *Option Grant Date.* The date of grant of an Option under the Plan shall be the date as of which the Administrator approves the grant.

(v) *Nontransferability of Option Rights.* Except with the express written approval of the Administrator which approval the Administrator is authorized to give only with respect to NQSOs, no Option granted under the Plan shall be assignable or otherwise transferable by the optionee except by will, by the laws of descent and distribution or pursuant to a qualified domestic relations order. During the life of the optionee, an Option shall be exercisable only by the optionee.

(vi) *Payment.* Except as provided below, payment in full, in cash, shall be made for all stock purchased at the time written notice of exercise of an Option is given to the Company, and proceeds of any payment shall constitute general funds of the Company. The Administrator, in the exercise of its absolute discretion, may authorize any one or more of the following additional methods of payment:

(1) delivery by the optionee of Shares already owned by the optionee for all or part of the Option price, provided the fair market value (determined as set forth in Section 6(a)(x)) of such Shares being delivered is equal on the date of exercise to the Option price, or such portion thereof as the optionee is authorized to pay by delivery of such stock;

(2) the surrender of Shares then issuable upon exercise of the Option, provided the fair market value (determined as set forth in Section 6(a)(x)) of such Shares is equal on the date of exercise to the Option price, or such portion thereof as the optionee is authorized to pay by surrender of such stock;

(3) cancellation of indebtedness of the Company to the optionee or waiver of compensation due or accrued to optionee for services rendered; and

(4) if and so long as the Shares are registered under Section 12(b) or 12(g) of the Exchange Act, and to the extent permitted by law, delivery of a properly executed exercise agreement or notice, together with irrevocable instructions to a brokerage firm designated or approved by the Administrator to deliver promptly to the Company the aggregate amount of proceeds to pay the option exercise price and any withholding tax obligations that may arise in connection

with the exercise, all in accordance with the regulations of the Federal Reserve Board.

(vii) *Termination of Employment or Service.* If for any reason other than death or permanent and total disability, an optionee ceases to be employed by, a consultant to, or non-employee director of the Company or any of its Subsidiaries (such event being called a “Termination”), Options held at the date of Termination (to the extent then exercisable) may be exercised in whole or in part at any time within three months of the date of such Termination, or such other period of not less than 30 days after the date of such Termination as is specified in the Option Agreement or by amendment thereof (but in no event after the Expiration Date); provided, however, that if such exercise of the Option would result in liability for the optionee under Section 16(b) of the Exchange Act, then such three-month period automatically shall be extended until the tenth day following the last date upon which optionee has any liability under Section 16(b) (but in no event after the Expiration Date). If an optionee dies or becomes permanently and totally disabled (within the meaning of Section 22(e)(3) of the Code) while employed by a consultant to, or non-employee director of the Company or a Subsidiary or within the period that the Option remains exercisable after Termination, Options then held (to the extent then exercisable) may be exercised, in whole or in part, by the optionee, by the optionee’s personal representative or by the person to whom the Option is transferred by devise or the laws of descent and distribution, at any time within twelve months after the death or twelve months after the permanent and total disability of the optionee or any longer period specified in the Option Agreement or by amendment thereof (but in no event after the Expiration Date). For purposes of this Section 6(a)(vii), an optionee’s employment, consultancy or directorship shall not be deemed to terminate by reason of sick leave, military leave or other leave of absence approved by the Administrator, if the period of any such leave does not exceed 90 days or, if longer, if the optionee’s right to employment, consultancy or directorship by the Company or any Subsidiary following such leave is guaranteed either contractually or by statute.

(viii) *Withholding and Employment Taxes.* At the time of exercise of an Option and as a condition thereto, or at such other time as the amount of such obligations becomes determinable (the "Tax Date"), the optionee shall remit to the Company in cash all applicable federal and state withholding and employment taxes. Such obligation to remit may be satisfied, if authorized by the Administrator in its sole discretion, after considering any tax, accounting and financial consequences, by the optionee's (1) delivery of a promissory note in the required amount on such terms as the Administrator deems appropriate, (2) tendering to the Company previously owned Shares or other securities of the Company with a fair market value equal to the required amount, or (3) agreeing to have Shares (with a fair market value equal to the required amount) which are acquired upon exercise of the Option withheld by the Company.

(ix) *Other Provisions.* Each Option granted under the Plan may contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Administrator, and each ISO granted under the Plan shall include such provisions and conditions as are necessary to qualify the Option as an "incentive stock option" within the meaning of Section 422 of the Code.

(x) *Determination of Value.* For purposes of the Plan, the fair market value of Shares or other securities of the Company shall be determined as follows:

(1) Fair market value shall be the closing price of such stock on the date before the date the value is to be determined on the principal recognized securities exchange or recognized securities market on which such stock is reported, but if selling prices are not reported, its fair market value shall be the mean between the high bid and low asked prices for such stock on the date before the date the value is to be determined (or if there are no quoted prices for such date, then for the last preceding business day on which there were quoted prices).

(2) In the absence of an established market for the stock, the fair market value thereof shall be determined in good faith by the Administrator, with reference to the Company's net worth, prospective earning power, dividend-paying capacity and other relevant factors, including the goodwill of the Company, the economic outlook in the Company's industry, the Company's position in the industry, the Company's management and the values of stock of other corporations in the same or similar line of business.

(xi) *Option Term.* Subject to Section 6(c)(iii), no Option shall be exercisable more than 10 years after the date of grant, or such lesser period of time as is set forth in the stock option agreement (the end of the maximum exercise period stated in the stock option agreement is referred to in the Plan as the "Expiration Date").

(b) Terms and Conditions to Which Only NQSOs Are Subject. Options granted under the Plan which are designated as NQSOs shall be subject to the following terms and conditions:

(i) *Exercise Price.*

(1) To the extent required by applicable laws, rules and regulations and except as set forth in Section 6(b)(i)(2), the exercise price of an NQSO shall be not less than 85% of the fair market value (determined in accordance with Section 6(a)(x)) of the stock subject to the Option on the date of grant.

(2) To the extent required by applicable laws, rules and regulations, the exercise price of a NQSO granted to any person who owns, directly or by attribution under the Code (currently Section 424(d)), stock possessing more than ten percent of the total combined voting power of all classes of stock of the Company or of any Subsidiary (a "Ten Percent Stockholder") shall in no event be less than 110% of the fair market value (determined in accordance with Section 6(a)(x)) of the stock covered by the Option at the time the Option is granted.

(c) Terms and Conditions to Which Only ISOs Are Subject. Options granted under the Plan which are designated as ISOs shall be subject to the following terms and conditions:

(i) *Exercise Price.*

(1) Except as set forth in Section 6(c)(i)(2), the exercise price of an ISO shall be determined in accordance with the applicable provisions of the Code and shall in no event be less than the fair market value (determined in accordance with Section 6(a)(x)) of the stock covered by the Option at the time the Option is granted.

(2) The exercise price of an ISO granted to any Ten Percent Stockholder shall in no event be less than 110% of the fair market value (determined in accordance with Section 6(a)(x)) of the stock covered by the Option at the time the Option is granted.

(ii) *Disqualifying Dispositions.* If stock acquired by exercise of an ISO granted pursuant to the Plan is disposed of in a “disqualifying disposition” within the meaning of Section 422 of the Code (a disposition within two years from the date of grant of the Option or within one year after the transfer such stock on exercise of the Option), the holder of the stock immediately before the disposition shall promptly notify the Company in writing of the date and terms of the disposition and shall provide such other information regarding the Option as the Company may reasonably require.

(iii) *Shares Initially Exercisable During Any Year.* The aggregate fair market value (determined as set forth in Section 6(a)(x) with respect to each ISO at the time such ISO is granted) of the Shares with respect to which an ISO is exercisable for the first time by an optionee during any calendar year (under this Plan or any other plan of the Company or an affiliate thereof) shall not exceed \$100,000.

(iv) *Term.* Notwithstanding Section 6(a)(xi), no ISO granted to any Ten Percent Stockholder shall be exercisable more than five years after the date of grant.

7. Manner of Exercise

(a) An optionee wishing to exercise an Option shall give written notice to the Company at its principal executive office, to the attention of the officer of the Company designated by the Administrator, accompanied by payment of the exercise price and withholding taxes as provided in Sections 6(a)(vi) and 6(a)(viii). The date the Company receives

written notice of an exercise hereunder accompanied by payment of the exercise price will be considered as the date such Option was exercised.

(b) Promptly after receipt of written notice of exercise of an Option and the payments called for by Section 7(a), the Company shall, without stock issue or transfer taxes to the optionee or other person entitled to exercise the Option, deliver to the optionee or such other person a certificate or certificates for the requisite number of shares of stock. An optionee or permitted transferee of the Option shall not have any privileges as a stockholder with respect to any shares of stock covered by the Option until the date of issuance (as evidenced by the appropriate entry on the books of the Company or a duly authorized transfer agent) of such shares.

8. Employment or Consulting Relationship

Nothing in the Plan or any Option granted hereunder shall interfere with or limit in any way the right of the Company or of any of its Subsidiaries to terminate any optionee's employment or consulting at any time, nor confer upon any optionee any right to continue in the employ of, or consult with, the Company or any of its Subsidiaries.

9. Conditions Upon Issuance of Shares

Shares shall not be issued pursuant to the exercise of an Option unless the exercise of such Option and the issuance and delivery of such shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended (the "Securities Act").

10. Non-Exclusivity of the Plan

The adoption of the Plan shall not be construed as creating any limitations on the power of the Company to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of stock options other than under the Plan.

11. Amendments to the Plan

The Board may at any time amend, alter, suspend or discontinue the Plan. Without the consent of an optionee, no amendment, alteration, suspension or discontinuance may adversely affect outstanding Options except to conform the Plan and ISOs granted under the Plan to the requirements of federal or other tax laws relating to incentive stock options. No amendment, alteration, suspension or discontinuance shall require stockholder approval unless (a) such amendment seeks to reduce the exercise price of outstanding Options or the price at which Options may be granted below the price provided for in Section 6, (b) stockholder approval is required by law or under applicable listing requirements or to preserve incentive stock option treatment for federal income tax purposes, or (c) the Board otherwise concludes that stockholder approval is advisable.

12. Effective Date of Plan; Termination

This Plan was adopted by the Board and became effective as of December 29, 2011, (the "Effective Date"); provided, however, that no Option shall be exercisable unless and until written consent of the stockholders of the Company, or approval of stockholders of the Company voting at a validly called stockholders' meeting, is obtained within twelve months after adoption by the Board. If such stockholder approval is not obtained within such time, Options granted hereunder shall be of the same force and effect as if such approval was obtained except that all ISOs granted hereunder shall be treated as NQSOs. Options may be granted and exercised under the Plan only after there has been compliance with all applicable federal and state securities laws. The Plan shall terminate within ten years from the date of its adoption by the Board.
