PROXY STATEMENT

Annual Meeting, July 24, 2002

The Proxy and Solicitation

This Proxy Statement was mailed on or about June 20, 2002, to the shareholders of STERIS Corporation ("STERIS" or the "Company") of record as of the close of business on May 29, 2002. This Proxy Statement is in connection with the solicitation by the Board of Directors of the enclosed form of Proxy for the Annual Meeting of Shareholders to be held at 9:00 a.m., Eastern Daylight Saving Time, on Wednesday, July 24, 2002, at the Renaissance Quail Hollow Resort, 11080 Concord-Hambden Road, Concord, Ohio, USA. Pursuant to the Ohio General Corporation Law, a shareholder may revoke a writing appointing a Proxy by giving notice to the Company in writing or in open meeting, or by submitting a subsequent Proxy. The cost of soliciting the Proxies will be borne by the Company. In addition to solicitations by mail, the Company may solicit proxies in person, by telephone, fax, or e-mail.

STERIS has engaged a professional proxy solicitation firm, Georgeson Shareholder Communications, Inc. (Georgeson), to aid in the solicitation of Proxies. The Company will pay Georgeson a fee of approximately \$10,000 for its services.

Voting Securities

As of the record date set by the Board of Directors (May 29, 2002), the Company had 69,720,760 Common Shares outstanding and entitled to vote at the 2002 Annual Meeting, each of which is entitled to one vote. Under the Ohio General Corporation Law, the shares may be voted cumulatively in the election of directors if (a) notice in writing is given by a shareholder of record to the President, a Vice President, or the Secretary of the Company not less than 48 hours before the time fixed for holding the meeting that the shareholder desires the voting in the election to be cumulative and (b) an announcement of the giving of the notice is made upon the convening of the meeting by the Chairman or the Secretary or by or on behalf of the shareholder giving the notice. If cumulative voting is in effect, each shareholder will have the right to cumulate the shareholder s

votes and to give one nominee a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the shareholder's shares are entitled, or the shareholder may distribute the shareholder's votes on the same principle among two or more nominees. In the event of cumulative voting, the persons named in the enclosed Proxy will vote the shares represented by valid Proxies on a cumulative basis for the election of the nominees listed on page 7, allocating the votes among the nominees in accordance with their best judgment.

Common Shares represented by properly executed Proxies will be voted in accordance with the specifications made thereon. If no specification is made, Proxies will be voted FOR the election of the nominees named in this Proxy Statement and FOR approval of the STERIS Corporation 2002 Stock Option Plan. Abstentions and broker non-votes are tabulated in determining the votes present at a meeting for purposes of determining a quorum. Director nominees receiving the greatest number of votes cast will be elected as directors provided a quorum is present at the meeting in person or by proxy. Accordingly, an abstention or a broker non-vote will have no effect with respect to the election of a director nominee. On any proposal requiring approval by a specified percentage of the Company's Common Shares that are outstanding or that are present at the meeting, an abstention or a broker non-vote will have the same effect as a vote against approval of the proposal, as each abstention or broker non-vote will be one less vote for the proposal. An abstention or broker non-vote will have no effect on any proposal requiring only a majority of the votes cast as the abstention or broker non-vote will not be counted in determining the number of votes cast.

Purposes of Annual Meeting The Annual Meeting has been called for the purposes of (1) electing directors of the class whose term of office expires in 2004, (2) approving the STERIS Corporation 2002 Stock Option Plan, and (3) transacting such other business as may properly come before the meeting.

The persons named in the enclosed Proxy have been selected by the Board of Directors and will vote shares represented by valid Proxies. They have indicated that, unless otherwise specified in the Proxy, they intend to

vote to elect as directors of Class II the four nominees listed on page 7 and to approve the STERIS Corporation 2002 Stock Option Plan which is summarized on pages 2 through 5.

Election of

Directors

STERIS's Board of Directors is divided into two classes (Classes I and II, each of which is currently comprised of four directors), the members of which serve staggered two-year terms. The terms of the current Class II directors, Kevin M. McMullen, Jerry E. Robertson, John P. Wareham, and Loyal W. Wilson, expire at the 2002 Annual Meeting. Messrs. McMullen, Robertson, and Wilson were last elected as directors by the shareholders at the 2000 Annual Meeting. Mr. Wareham was appointed as director by the Board of Directors, in accordance with the Company's Code of Regulations, in November 2000. Each of Messrs. McMullen, Robertson, Wareham, and Wilson has been nominated for reelection as a director of the Company for a term to expire at the 2004 Annual Meeting.

The Board of Directors recommends a vote FOR the election of each of Messrs. McMullen, Robertson, Wareham, and Wilson. The Board of Directors has no reason to believe that any of the nominees will be unable to serve as a director. In the event, however, of the death or unavailability of any nominee or nominees, a Proxy with a vote for such nominee or nominees will be voted for such other person or persons as the Board of Directors may recommend unless the Board of Directors, in response to the death or unavailability, chooses to reduce the number of directors.

**Approval of 2002
Stock Option Plan**

The Board of Directors has

adopted and recommends that the shareholders approve the STERIS Corporation 2002 Stock Option Plan (the Plan) pursuant to which the Company may grant incentive and nonqualified stock options to employees of STERIS and its subsidiaries. The Board believes that the ability to attract and retain outstanding executives and other key employees is critical to the continuing success of STERIS and that the ability to grant stock options is important to the achievement of this objective. The Board also believes that the proposed Plan will allow STERIS to continue to provide key employees a significant identity of interest with STERIS shareholders. Approval of the Plan is expected to make available enough Common Shares so that the Company can continue, without interruption, its annual practice of granting stock options to a broad range of key employees.

The following summary is a brief description of the Plan. This summary is qualified in its entirety by reference to the Plan and is to be interpreted solely in accordance with the Plan, a copy of which is attached as Exhibit A to this Proxy Statement.

Types of Options. The Plan provides solely for the grant of options, which may be incentive stock options, within the meaning of Section 422 of the Internal Revenue Code, or nonqualified options.

Administration. The Plan will be administered by the Compensation and Nominating Committee of the Board of Directors, which will determine the key employees to whom options will be granted, the type and amount of options to be granted, and the terms and conditions of options granted under the Plan. The Committee interprets the Plan and is authorized to make all determinations and decisions thereunder. The Committee is intended to be at all times comprised solely of outside directors within the meaning of Section 162(m) of the Internal Revenue Code and the treasury regulations thereunder and constituted in a manner that satisfies the non-employee director standard in Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended.

Edgar Filing: STERIS CORP - Form DEF 14A

Participants. Options may be granted to key employees of STERIS or a subsidiary selected by the Committee, including officers named in the Summary Compensation Table. As of May 31, 2002, STERIS and its subsidiaries employed approximately 4,500 individuals.

Number of Shares Authorized and Certain Further Limits. A total of 4,000,000 Common Shares are reserved for issuance of options under the Plan. This number is 5.74% of the number of Common Shares issued and outstanding as of May 31, 2002. No more than 4,000,000 Common Shares may be issued under the Plan pursuant to incentive stock options; and no more than 500,000 Common Shares may be subject to options granted under the Plan to any one employee during any calendar year.

The Plan does not amend or affect STERIS's existing stock option and equity compensation plans and grants will continue to be made under those plans subject to the respective limits set forth in those plans. Information regarding those other plans is set forth on page 11 below. The number of Common Shares remaining available for grants of additional options under the Plan at any particular time will be reduced, upon the granting of any option, by the full number of Common Shares subject to that option. If any option, for any reason, expires or is terminated, in whole or in part, without the receipt by an employee of Common Shares, the Common Shares subject to that part of the option that has so expired or terminated will again be available for the future grant of options under the Plan.

Option Terms. Options granted under the Plan will be subject to the following terms and conditions:

Exercise Price of Options. The exercise price under an option, whether an incentive stock option or a nonqualified option, will not be less than the fair market value of the Common Shares, as determined by the Committee, on the date of grant. The closing sales price of STERIS Common Shares as reported on the New York Stock Exchange on May 29, 2002, was \$21.26 per share.

The exercise price may be paid in such form as the Committee determines may be accepted, including, without limitation, cash, securities, or other property, or any combination thereof, or delivery of irrevocable instructions to a broker to promptly deliver to STERIS the amount of sale or loan proceeds from the Common Shares subject to the option to pay the exercise price. The Committee, in its sole discretion, may grant the right to transfer Common Shares acquired upon the exercise of a part of an option in payment of the exercise price payable upon immediate exercise of a further part of the option.

Vesting and Term of Options. In general, options granted under the Plan will vest and become exercisable in four equal annual increments on each of the first four anniversaries of the option grant date. Options granted under the Plan will expire at the time set forth in the option agreement, which cannot be later than ten years after grant in the case of an incentive stock option and ten years and one month after grant in the case of a nonqualified option.

Exercise and Transfer of Options. Generally an option may be exercised only while the optionee is an employee and is not transferable except under certain circumstances. Unless otherwise provided in an option agreement, the following rules will apply: A vested option may be exercised during the three months following termination of employment for any reason other than qualifying retirement, disability, death, or termination for cause. Generally, if an optionee retires from the employ of the Company after having attained age 55 and having served in the employ of the Company for at least five consecutive years, options held by the optionee at the date of retirement will continue to vest as though the optionee remained in the employ of the Company through the fifth anniversary of the date of retirement provided the optionee remains in good standing (as defined in the Plan). If an optionee's employment is terminated due to disability, an option may be exercised within a period of one year following such termination of employment. Upon the death of the holder of an incentive stock option or nonqualified option during employment or during the period following termination of employment when such option may be exercised, the optionee's executor or administrator or a permitted transferee of the option may exercise the option within a period of one year after the optionee's death.

Effect of Change of Control. In general, unless otherwise specified in the option agreement, options outstanding on the date of a change of control will be accelerated so that all outstanding options will become immediately exercisable in full as of the date of the change of control.

Assignability. No option may be transferred other than by will or by the laws of descent and distribution. During an employee's lifetime, only the employee (or in the case of incapacity of an employee, the employee's attorney-in-fact or legal guardian) may exercise any option requiring or permitting exercise.

Term of the Plan. The Plan will become effective on the date on which it is approved by the shareholders of STERIS. If it is not so approved, the Plan and any options granted thereunder will become null and void. If the Plan is approved by the shareholders, it will remain in effect until all of the shares authorized to be issued or

transferred under the Plan have been exhausted or until the Plan is sooner terminated by action of the Board of Directors.

Amendments. The Board of Directors, or a duly authorized committee thereof, may alter or amend the Plan from time to time before its termination in any manner the Board of Directors, or such duly authorized committee, may deem to be in the best interests of the Company and its shareholders, except that no amendment may be made without shareholder approval if the effect of that amendment would be to increase either the overall aggregate limit of Common Shares that may be issued under the Plan or the respective limits on the number of Common Shares that may be issued under the Plan as incentive stock options or to any one employee in any calendar year, expand the classes of person to whom options may be granted, allow the grant of any option with an exercise price below fair market value on the date of grant, or allow options with terms greater than ten years and one month.

The Board of Directors, or a duly authorized committee thereof, may amend the terms and conditions applicable to outstanding options in any case where expressly permitted by the terms of the Plan or the relevant option agreement, or, in any other case, with the consent of the employee to whom the option was granted, except that no amendment of an option may reduce the exercise price of such option. Except as expressly provided in the Plan or in an option agreement, the Board of Directors, or a duly authorized committee thereof, may not, without the consent of the holder of an option granted under the Plan, amend the terms and conditions applicable to that option in a manner adverse to the interests of the employee.

Federal Income Tax Consequences of Options. The following is a brief general discussion of the anticipated income tax treatment of the grant and exercise of options to employees and to STERIS under current provisions of the Internal Revenue Code.

Incentive Stock Options. The grant of an incentive stock option will have no immediate tax consequences to STERIS or the optionee. The optionee will recognize no taxable income and STERIS will not be entitled to any tax deduction at the time of exercise of an incentive stock option. However, the amount by which the fair market value of the acquired shares at the time of exercise exceeds the exercise price will be an adjustment to alternative minimum taxable income for purposes of the alternative minimum tax. For the exercise of an incentive stock option to qualify for this tax treatment, the optionee generally must have remained an employee of STERIS or a subsidiary from the date of grant until no more than three months before the date of exercise (one year before the date of exercise in the case of an employee who is disabled). This employment requirement does not apply to the exercise of an incentive stock option by an optionee's executor, administrator, or permitted transferee after the optionee's death. If an optionee exercises an incentive stock option more than three months after terminating employment (one year in the case of an employee who is disabled), the exercise of the option will be treated in the same manner as the exercise of a nonqualified option.

If an optionee holds the shares received upon exercise of an incentive stock option for at least two years after the date of grant and for at least one year from the date of exercise, gain or loss on a subsequent sale of the shares will be a long-term capital gain or loss. If an optionee disposes of shares acquired upon exercise of an incentive stock option before the one-year and two-year holding periods are satisfied, the optionee generally will recognize compensation income equal to the lesser of (a) the excess of the fair market value of the stock on the exercise date over the exercise price or (b) the excess of the amount realized on disposition over the exercise price. The amount received in excess of the fair market value on the exercise date will be taxable as a capital gain, and any loss will be treated as a capital loss. The one-year and two-year holding periods do not apply to an optionee's executor, administrator, or permitted transferee after the optionee's death. Upon any such premature disposition by an employee, STERIS will be entitled to a deduction in the amount of compensation income realized by the employee. For purposes of calculating the alternative minimum tax for the year of the disposition of a share acquired upon exercise of an incentive stock option, any adjustment to alternative minimum taxable income reported upon exercise of the incentive stock option will be included in the basis of the share.

Nonqualified Options. The grant of a nonqualified option will have no immediate tax consequences to STERIS or the optionee. An optionee will recognize compensation income at the time of exercise of a nonqualified option in an amount equal to the difference between the exercise price and the fair market value on

the exercise date of the acquired shares. STERIS will be entitled to a deduction in the same taxable year and in the same amount as an optionee recognizes compensation income as a result of the exercise of a nonqualified option.

Vote Required. Approval of the Plan will require the favorable vote of holders of a majority of the STERIS Common Shares present in person or by proxy at the meeting and entitled to vote on this proposal.

The Board of Directors recommends a vote FOR approval of the 2002 Stock Option Plan.

The Company has no knowledge of any other matters to be presented for vote to the shareholders at the Annual Meeting. In the event other matters do properly come before the meeting, the persons named in the Proxy will vote in accordance with their judgment on such matters.

Employment and Change of Control Agreements

STERIS is a party to agreements relating to employment with Mr. Vinney and to change of control agreements with all of the Named Executive Officers.

Agreement with Mr. Vinney. Mr. Vinney and the Company are party to an employment agreement which generally provides that Mr. Vinney is to serve as President and Chief Executive Officer of the Company with a base salary of not less than \$575,000 per year, is to be a participant in the Senior Executive Management Incentive Compensation Plan, and is to be eligible for option grants in accordance with the Company's general practices with respect to executive compensation.

Change of Control Agreements. STERIS is a party to change of control agreements with all of the Named Executive Officers, including Messrs. Vinney, Reis, Burke, and Immel and Ms. Brlas. Except in the case of Mr. Vinney, the agreements generally provide that if, at any time within two years after the occurrence of a change of control, the officer's employment is terminated by STERIS (except for cause, disability, or death) or the officer terminates employment because the officer's base salary or bonus participation is reduced or relocation is made a condition of the officer's employment, STERIS will pay to the officer a lump sum severance benefit equal to three years compensation (base salary and average annual incentive compensation). Each such change of control agreement also provides a three-month window period, commencing on the first anniversary of the change of control, during which the officer may voluntarily resign and receive a lump sum severance benefit equal to two years compensation (base salary and average annual incentive compensation) if, at any time before the officer's resignation, the officer determines in good faith that (a) the officer's position, responsibilities, duties, or status with STERIS are materially changed from those in effect before the change of control, (b) the officer's reporting relationships with superior executive officers have been materially changed from those in effect before the change of control, or (c) the officer's career prospects have been in any way diminished as a result of the change of control.

Under his change of control agreement, Mr. Vinney will be able to terminate his employment and be entitled to a lump sum payment equal to three years compensation (base salary and average annual incentive compensation) if, at any time within two years after a change of control, he determines in good faith that he is unable to carry out the authorities, powers, functions, responsibilities, or duties that he formerly had in his positions and offices at STERIS before the change of control, in the same manner as he was able to do before the change of control. Mr. Vinney would also be entitled to these same benefits if his employment were terminated by STERIS within two years of a change of control for any reason other than cause, death, or disability.

An officer who is entitled to a lump sum severance benefit (whether equal to three years or two years of compensation) under a change of control agreement will also be paid (a) accrued base salary and vacation pay through the date of termination, (b) payments under the Management Incentive Compensation Plan for the last completed fiscal year, if not already paid, and for the pro rata portion of the current fiscal year, and (c) the cost of continuing health benefits through the third anniversary (or the second anniversary, depending upon whether the lump sum payment is equal to three or two years of compensation) of the termination date or, if earlier, the date the officer secures other employment. In addition, each change of control agreement provides for a tax gross-up if any payment to an officer exceeds the limit specified in Section 280G of the Internal Revenue Code so that the officer will receive the same after-tax payment as would have been the case if Section 280G did not apply. For purposes of the change of control agreements, cause includes conviction of a felony, dishonesty in the course of employment that is inimical to the best interests of STERIS, unreasonable neglect of the officer's duties and responsibilities, or competing with STERIS.

**Board
Compensation**

Each director who is not an employee of the Company is paid a retainer of \$24,000 per year, plus \$1,000 for each Board meeting attended and \$500 (\$1,000 for the committee chairman) for each committee meeting attended. At the beginning of each year of service on the Board, \$14,000 of the annual retainer is paid in Restricted Common Shares granted under the 1994 Nonemployee Directors Equity Compensation Plan and each director automatically receives a stock option for 10,000 of the Company's Common Shares (21,000 for the Chairman of the Board, Dr. Robertson). The Restricted Common Shares are subject to forfeiture if the director does not serve for a full year following grant of those shares. All directors are reimbursed for certain expenses in

connection with attendance at Board and committee meetings.

Report of Compensation and Nominating Committee The Board of Directors of the Company has delegated to the Compensation and Nominating Committee responsibility for determining executive compensation. The Committee is comprised of three independent nonemployee directors who have no interlocking relationships with the Company as defined by the Securities and Exchange Commission.

The Company has adopted, and the Compensation and Nominating Committee has approved, a compensation policy for executives under which, in addition to base salaries, a significant portion of current compensation during each fiscal year is linked directly to the Company's performance in that year and a significant portion of total compensation is provided in the form of stock options, thereby linking total compensation to the long-term performance of the Company's Common Shares.

In setting the level of base salaries and annual incentive compensation opportunities for executives, the Compensation and Nominating Committee takes into account the recommendations of an independent compensation consulting firm that are based upon compensation practices in comparable companies. The Compensation and Nominating Committee believes that the compensation policy developed with the assistance of the consulting firm will enable the Company to attract and retain qualified individuals as executives, and to motivate those individuals to perform to their highest abilities and work toward the achievement of annual performance goals that will increase shareholder value.

The Company's Management Incentive Compensation Plan for fiscal 2002 provided for payment of bonuses to participants if the Company achieved certain net revenue, operating income, and net income objectives set by the Board of Directors. For fiscal 2002, the plan provided for target potential bonuses ranging from 15% to 100% of a participant's base salary. Based upon the extent to which the Company achieved the financial objectives set by the Board of Directors for fiscal 2002, bonuses were paid on average at approximately 90% of target levels under the Management Incentive Compensation Plan to all Named Executive Officers eligible under the plan for the entire fiscal year.

For fiscal 2002, the Compensation and Nominating Committee set Mr. Vinney's base salary at \$600,000 per annum, having determined that this level of base salary was appropriate in view of the primary role played by Mr. Vinney in the management of the Company. For fiscal 2002, based upon the extent to which the Company achieved the financial objectives set by the Board of Directors for that year for purposes of the Senior Executive Management Incentive Compensation Plan, Mr. Vinney was paid a bonus of \$530,260.

The Compensation and Nominating Committee has developed a practice of considering the grant of options to key employees each year and has followed this practice in the case of Mr. Vinney. On April 2, 2001, the Committee granted Mr. Vinney a nonqualified stock option to purchase 100,000 Common Shares at the then current market price of \$13.45 per share. The Compensation and Nominating Committee believes that this grant is appropriate in recognition of Mr. Vinney's position and responsibilities with respect to the management of the Company.

Section 162(m) of the Internal Revenue Code prevents a publicly-traded corporation from taking a tax deduction for certain compensation in excess of \$1 million per year that it or any subsidiary pays to specified executives. Those specified executives are the Chief Executive Officer and the four other most highly paid executive officers of the Company serving as executive officers of the Company at the end of the fiscal year. Compensation that is contingent on the attainment of performance goals is excluded from the deduction limit and is therefore deductible without regard to the \$1 million limit. In general, the Company's Stock Plans and its Senior Executive Management Incentive Compensation Plan are designed so that compensation paid under those plans can qualify as performance-based compensation and therefore be excluded from the calculation of the \$1 million limit. The general position of the Company with respect to Section 162(m) is that the Company will seek to qualify compensation paid to its executive officers in such a way as to satisfy the requirements of Section 162(m) where it appears to the Compensation and Nominating Committee to be in the best interests of the Company to do so. However, from time to time there may be circumstances in which the Compensation and Nominating Committee concludes that the best interests of the Company will be served by a compensation arrangement that does not satisfy those requirements and, in those circumstances, the Company may proceed without complying with the requirements of Section 162(m).

As noted above, when making its determinations as to the levels of salary, annual incentive compensation opportunity, and stock option grants to the various executive officers, the Compensation and Nominating Committee considers compensation data from other companies gathered and analyzed by an independent compensation consulting firm. Taking into account that data and the need to provide competitive levels of compensation to retain and to motivate those executives to continue providing services to the Company, it is the judgment of the Compensation and Nominating Committee that the compensation program described above and the levels of compensation paid to executive officers of the Company during fiscal 2002 are appropriate.

5.5 *Exercise of Options.*

(a) Except as otherwise provided in Section 6, an Option may be exercised only while the Employee to whom the Option was granted is in the employ of the Company or of a Subsidiary. Once any portion of an Option becomes exercisable, whether by lapse of time or upon satisfaction of any other restriction, condition, or contingency that may have been established by the Committee and contained in the Option Agreement, that portion shall remain exercisable until expiration or termination of the Option. An Employee to whom an Option is granted may exercise the Option from time to time, in whole or in part, up to the total number of Common Shares with respect to which the Option is then exercisable, except that no fraction of a Common Share may be purchased upon the exercise of any Option.

(b) An Employee electing to exercise an Option shall deliver to the Company (i) the Exercise Price payable in accordance with Section 5.6 and (ii) written notice of the election that states the number of whole Common Shares with respect to which the Employee is exercising the Option.

5.6 Payment For Common Shares. Upon exercise of an Option by an Employee, the Exercise Price shall be payable by the Employee in cash or in such other form of consideration as the Committee determines may be accepted, including, without limitation, securities or other property, or any combination of cash, securities, or other property, or by delivery by the Employee (with the written notice of election to exercise) of irrevocable instructions to a broker registered under the 1934 Act to promptly deliver to the Company the amount of sale or loan proceeds to pay the Exercise Price. The Committee, in its sole discretion, may grant to an Employee the right to transfer Common Shares acquired upon the exercise of a part of an Option in payment of the Exercise Price payable upon immediate exercise of a further part of the Option.

6. Termination of Employment. After an Employee's Employment Termination Date, the rules set forth in this Section 6 shall apply. All factual determinations with respect to the termination of an Employee's employment that may be relevant under this Section 6 shall be made by the Committee in its sole discretion.

6.1 Termination Other Than Upon Qualifying Retirement, Death or Disability or for Cause. Upon any termination of an Employee's employment for any reason other than the Employee's Qualifying Retirement, disability, or death or the Employee's termination for Cause, unless otherwise provided in the relevant Option Agreement, the Employee shall have the right during the period ending three months after the Employment Termination Date, but not later than the Option Expiration Date, to exercise any Options that were outstanding on the Employment Termination Date, if and to the same extent as those Options were exercisable by the Employee on the Employment Termination Date.

6.2 Qualifying Retirement. Unless otherwise provided in the Option Agreement itself, the rules set forth in this Section 6.2 shall apply to Options granted pursuant to any particular Option Agreement if an Employee retires from the employ of the Company (I) with the consent of or under guidelines approved by the Committee, (II) before the Option Expiration Date, (III) after having attained age 55, and (IV) after having served in the employ of the Company for at least five consecutive years, as defined below (a retirement in such circumstances being a Qualifying Retirement).

(a) After a Qualifying Retirement and so long as the Employee remains in Good Standing, as defined below:

(i) Options granted under the Option Agreement, to the extent not already vested at the date of retirement, will continue to vest as though the Employee remained in the employ of the Company through the fifth anniversary of the date of retirement; and

(ii) the Employee will be entitled to exercise vested Options granted under the Option Agreement from time to time on any date during the period (the Extended Exercise Period) that begins on the date of retirement and ends on the first to occur of (x) the Option Expiration Date, and (y) the fifth anniversary of the date of retirement.

(b) If, at any time during the Extended Exercise Period, the Employee fails to remain in Good Standing, any Options granted under the Option Agreement that are then outstanding and held by the Employee shall be forfeited and of no force or effect. For these purposes, in order for the Employee to remain in Good Standing during the Extended Exercise Period, the Employee must not violate the terms of any policy or agreement that the Employee acknowledges or executes in connection with the Option Agreement and must refrain from acting in a manner detrimental to the interests of the Company.

(c) If the Employee dies during the Extended Exercise Period and while in Good Standing, the Options granted under the Option Agreement will thereafter be exercisable to the same extent and at the same times (for so long and only so long after the Employee's death) as if the Employee had continued in the employ of the Company through the date of the Employee's death.

(d) Unless otherwise determined by the Committee, the Employee will be deemed to have served in the employ of the Company for at least five consecutive years only if the Employee was in the active, full-time employ of the Company and/or one or more Subsidiaries throughout the five year period ending on the Employment Termination Date.

6.3 *Termination Due To Disability.* Upon any termination of an Employee's employment due to disability, unless otherwise provided in the relevant Option Agreement, the Employee, or the Employee's Representative, shall have the right:

(a) to exercise, from time to time during the period ending one year after the Employment Termination Date, but not later than the Option Expiration Date, any Nonqualified Options that were outstanding on the Employment Termination Date, if and to the same extent those Options were exercisable by the Employee on the Employment Termination Date, and

(b) to exercise, from time to time during the period ending one year after the Employment Termination Date, but not later than the Option Expiration Date, any Incentive Stock Options that were outstanding on the Employment Termination Date, if and to the same extent as those Options were exercisable by the Employee on the Employment Termination Date (even though exercise of the Incentive Stock Option more than three months after the Employment Termination Date may cause the Option to fail to qualify for Incentive Stock Option treatment under the Code).

6.4 *Death of an Employee.* Upon the death of an Employee while employed by the Company or any Subsidiary or within any of the periods referred to in any of Sections 6.1, 6.2, or 6.3 during which any particular Option remains potentially exercisable:

(a) Unless otherwise provided in the relevant Option Agreement (in which the Committee may specify a different period of extension of the Option Expiration Date in the event of the death of the Employee), if the Option Expiration Date of any Nonqualified Option that had not expired before the Employee's death would otherwise expire before the first anniversary of the Employee's death, that Option Expiration Date shall automatically be extended to the first anniversary of the Employee's death, and

(b) Unless otherwise provided in the relevant Option Agreement, any Options that are outstanding on the date of the Employee's death shall become immediately exercisable in full and the Employee's Representative shall have the right to exercise any or all of those Options in accordance with Section 5.5, from time to time during the period ending on the first anniversary of the Employee's death.

6.5 *Termination for Cause.* Upon any termination of an Employee's employment for Cause, all of the Employee's rights with respect to unexercised Options shall expire immediately before the Employment Termination Date.

7. *Acceleration Upon Change of Control.* Unless otherwise specified in the relevant Option Agreement, upon the occurrence of a Change of Control of the Company, each Option theretofore granted to any Employee that then remains outstanding shall become immediately exercisable in full.

8. *Assignability.* Except as may be otherwise provided by the Committee and reflected in the Option Agreement, no Option may be transferred other than by will or by the laws of descent and distribution. During an Employee's lifetime, only the Employee (or in the case of incapacity of an Employee, the Employee's attorney-in-fact or legal guardian) may exercise any Option requiring or permitting exercise.

9. *Adjustment Upon Changes in Common Shares.* In the event of any stock dividend, stock split, or share combination of the Common Shares or any reclassification, recapitalization, merger, consolidation, other form of business combination, liquidation, or dissolution involving the Company or any spin-off or other distribution to shareholders of the Company (other than normal cash dividends), (a) the Committee shall make appropriate adjustments to the overall aggregate limit set forth in Section 2.1 and to the specific further limits set forth in Section 2.2 and (b) the Committee shall adjust the number and kind of shares subject to, the price per share under, and the terms and conditions of each then outstanding Option to the extent necessary and in such manner that the benefits of Employees under all then outstanding Options shall be maintained substantially as before the

occurrence of such event. Any adjustment so made by the Committee shall be conclusive and binding for all purposes of the Plan as of such date as the Committee may determine.

10. *Purchase For Investment.* Each person acquiring Common Shares pursuant to any Option may be required by the Company to furnish a representation that he or she is acquiring the Common Shares so acquired as an investment and not with a view to distribution thereof if the Company, in its sole discretion, determines that such representation is required to insure that a resale or other disposition of the Common Shares would not involve a violation of the Securities Act of 1933, as amended, or of applicable blue sky laws. Any investment representation so furnished shall no longer be applicable at any time such representation is no longer necessary for such purposes.

11. *Withholding of Taxes.* The Committee may, in its sole discretion and subject to such rules as the Committee may adopt from time to time, permit or require an Employee to satisfy, in whole or in part, any withholding tax obligation that may arise in connection with the grant of an Option, the lapse of any restrictions with respect to an Option, the acquisition of Common Shares pursuant to any Option, or the disposition of any Common Shares received pursuant to any Option by such means as the Committee may determine including, without limitation, by having the Company hold back some portion of the Common Shares that would otherwise be delivered pursuant to the Option or by delivering to the Company an amount equal to the withholding tax obligation arising with respect to such grant, lapse, acquisition, or disposition in (a) cash, (b) Common Shares, or (c) such combination of cash and Common Shares as the Committee may determine. The Fair Market Value of the Common Shares to be so held back by the Company or delivered by the Employee shall be determined as of the date on which the obligation to withhold first arose. The Company shall apply the provisions of this Section 11 only to meet required tax withholding (based on the minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that are applicable to the supplemental income recognized by an employee) and shall not withhold (or repurchase) Common Shares in excess of the minimum number required for tax withholding.

12. *Options in Substitution for Options Granted by Other Companies.* Options, whether Incentive Stock Options or Nonqualified Options, may be granted under the Plan in substitution for options held by employees of a company who become Employees of the Company or a Subsidiary as a result of the merger or consolidation of the employer company with the Company or a Subsidiary, or the acquisition by the Company or a Subsidiary of the assets of the employer company, or the acquisition by the Company or a Subsidiary of stock of the employer company as a result of which it becomes a Subsidiary. The terms, provisions, and benefits of the substitute Options so granted may vary from the terms, provisions, and benefits set forth in or authorized by the Plan to such extent as the Committee at the time of the grant may deem appropriate to conform, in whole or in part, to the terms, provisions, and benefits of the options in substitution for which they are granted.

13. *Legal Requirements.* No Options shall be granted and the Company shall have no obligation to make any payment under the Plan except in compliance with all applicable Federal and state laws and regulations, including, without limitation, the Code and Federal and state securities laws.

14. *Duration and Termination of the Plan.* The Plan shall become effective and shall be deemed to have been adopted on the date on which it is approved by the shareholders of the Company and shall remain in effect thereafter until terminated by action of the Board of Directors. No termination of the Plan shall adversely affect the rights of any Employee with respect to any Option granted before the effective date of the termination.

15. *Amendments.* The Board of Directors, or a duly authorized committee thereof, may alter or amend the Plan from time to time prior to its termination in any manner the Board of Directors, or such duly authorized committee, may deem to be in the best interests of the Company and its shareholders, except that no amendment may be made without shareholder approval if the effect of that amendment would: (a) increase the overall aggregate limit set forth in Section 2.1 or any of the specific further limits set forth in Section 2.2, in each case as adjusted by Section 9; (b) expand the classes of persons to whom Options may be granted under the Plan beyond those specified in Section 3; (c) change the provisions of Section 5.2 with respect to the Exercise Price of Options; (d) change the provisions of Section 5.3 with respect to the Option Expiration Date of any Option; or (e) eliminate the requirement for shareholder approval of any amendment that would do any of the things

enumerated in (a) through (e) of this sentence. The Committee shall have the authority to amend the terms and conditions applicable to outstanding Options (a) in any case where expressly permitted by the terms of the Plan or of the relevant Option Agreement or (b) in any other case with the consent of the Employee to whom the Option was granted, except that no amendment of an Option may reduce the exercise price of such Option. Except as expressly provided in the Plan or in the Option Agreement evidencing the Option, the Committee may not, without the consent of the holder of an Option granted under the Plan, amend the terms and conditions applicable to that Option in a manner adverse to the interests of the Employee.

16. *Plan Noncontractual.* Nothing herein contained shall be construed as a commitment to or agreement with any person employed by the Company or a Subsidiary to continue such person's employment with the Company or the Subsidiary, and nothing herein contained shall be construed as a commitment or agreement on the part of the Company or any Subsidiary to continue the employment or the annual rate of compensation of any such person for any period. All Employees shall remain subject to discharge to the same extent as if the Plan had never been put into effect.

17. *Claims of Other Persons.* The provisions of the Plan shall in no event be construed as giving any person, firm, or corporation any legal or equitable right against the Company or any Subsidiary, their officers, employees, agents, or directors, except any such rights as are specifically provided for in the Plan or are hereafter created in accordance with the terms and provisions of the Plan.

18. *Absence of Liability.* No member of the Board of Directors of the Company or a Subsidiary, of the Committee, of any other committee of the Board of Directors, or any officer or Employee of the Company or a Subsidiary shall be liable for any act or action under the Plan, whether of commission or omission, taken by any other member, or by any officer, agent, or Employee, or, except in circumstances involving his or her bad faith or willful misconduct, for anything done or omitted to be done by himself or herself.

19. *Severability.* The invalidity or unenforceability of any particular provision of the Plan shall not affect any other provision hereof, and the Plan shall be construed in all respects as if such invalid or unenforceable provision were omitted herefrom.

(c) the Company merges with or into or consolidates with another corporation following approval of the shareholders of the Company of such merger or consolidation and, after giving effect to such merger or consolidation, less than 50% of the then outstanding voting securities of the surviving or resulting corporation represent or were issued in exchange for voting securities of the Company outstanding immediately prior to such merger or consolidation,
