### **Item 3. Source and Amount of Funds or Other Consideration**

The response set forth in Item 3 of the Original Schedule 13D is hereby amended by deleting the text of Item 3 in its entirety and replacing it with the following:

The securities reported herein were acquired with funds of approximately \$1.2 billion (including brokerage commissions). All such funds were provided from investment capital of FMA's respective investment management clients.

### **Item 4. Purpose of Transaction**

The response set forth in Item 4 of the Original Schedule 13D is hereby amended by deleting the text of Item 4 in its entirety and replacing it with the following:

FMA purchased the Common Shares for its investment management clients for the purpose of investment. All such purchases were made in the open market in the ordinary course of FMA's business. FMA does not currently have any plans or proposals that relate to or would result in any of the actions described in paragraphs (a) through (j) of the instructions to Item 4 of Schedule 13D, except as otherwise set forth herein. FMA believes that the Common Shares of the Issuer are undervalued and that steps can and should be taken by the Issuer to increase the market valuation of the Common Shares. Accordingly, FMA determined to file this Schedule 13D to provide FMA flexibility in order to explore alternatives for realizing the unrecognized value of the Issuer, including, among other things, addressing the Issuer's strategic direction, corporate governance and management, and engaging in discussions with the Issuer, members of its Board of Directors, its officers, shareholders and others. On December 13, 2006, FMA sent the Issuer's Board of Directors a letter, a copy of which is attached as Exhibit C to this Schedule 13D, suggesting that the Issuer modify its corporate structure to become more efficient vis-à-vis a Real Estate Investment Trust structure.

FMA may in the future acquire additional shares of Common Shares or other securities of the Issuer in the open market, in privately-negotiated purchases or otherwise, and may also, depending on then current circumstances, dispose of all or a portion of the Common Shares owned by FMA's investment management clients in one or more transactions. Additionally, the FMA's investment management clients reserve the right to exercise any and all of their respective rights as a stockholder of the Issuer in a manner consistent with their equity interests and reserve the right from time to time to formulate plans or proposals regarding the Issuer or any of its securities, including without limitation to

carry out any of the actions or transactions described in paragraphs (a) through (j) of the instructions to Item 4 of Schedule 13D, to the extent deemed advisable by FMA.

#### **Item 5. Interest in Securities of the Issuer**

The response set forth in Item 5 of the Original Schedule 13D is hereby amended by deleting the text of Item 5 in its entirety and replacing it with the following:

(a-b) The 18,015,689 shares of Common Shares of the Issuer (the Securities), representing 7.6% of the outstanding Common Shares, are beneficially owned by one or more open-end investment companies or other managed accounts of FMA.

Investment management contracts with FMA's investment management clients grant to FMA sole voting and investment power over the securities owned by or on behalf of its investment management clients, including sole power to dispose of such securities. Therefore, FMA may be deemed to be, for purposes of Rule 13d-3 of the Act, the beneficial owner of the Securities.

FMA is a limited liability company, the managing member and sole member of which is Franklin/Templeton Distributors, Inc., which in turn is a wholly-owned subsidiary of Franklin Resources, Inc. (FRI). Beneficial ownership by investment management subsidiaries and other affiliates of FRI is being reported in conformity with the guidelines articulated by the SEC staff in Release No. 34-39538 (January 12, 1998) relating to organizations, such as FRI, where related entities exercise voting and investment powers over the securities being reported independently from each other. The voting and investment powers held by FMA are exercised independently from FRI (FMA's parent holding company) and from all other investment management subsidiaries of FRI (FRI, its affiliates and investment management subsidiaries other than FMA are, collectively, FRI affiliates). Furthermore, internal policies and procedures of FMA and FRI establish informational barriers that prevent the flow between FMA and the FRI affiliates of information that relates to the voting and investment powers over the securities owned by their respective investment management clients. Consequently, FMA and the FRI affiliates report the securities over which they hold investment and voting power separately from each other for purposes of Section 13 of the Act.

Charles B. Johnson and Rupert H. Johnson, Jr. (the Principal Shareholders) each own in excess of 10% of the outstanding common stock of FRI and are the principal stockholders of FRI. However, because FMA exercises voting and investment powers on behalf of its investment management clients independently of FRI, the Principal Shareholders, and their respective affiliates, beneficial ownership of the securities being reported by FMA is being attributed only to FMA. FMA disclaims any pecuniary interest in any of the Securities. In addition, the filing of this statement on behalf of FMA should not be construed as an admission that it is, and it disclaims that it is, the beneficial owner, as defined in Rule 13d-3, of any of the Securities.

Furthermore, FMA believes that it is not a group with FRI, the Principal Shareholders, or their respective affiliates within the meaning of Rule 13d-5 under the Act and that none of them are otherwise required to attribute to each other the beneficial ownership of the Securities held by any of them or by any persons or entities for whom or for which

FRI subsidiaries provide investment management services.

(c) Other than the transactions described in Exhibit B-1 of this statement, neither FMA nor, to the best of its knowledge, any of the persons listed in Exhibit A, have effected any transactions in the Common Shares during the 60-day period preceding the date this statement was filed.

(d) No person other than the respective investment management clients of FMA is known to have the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, the securities being reported herein.

(e) Not applicable.

**Item 7. Material to Be Filed as Exhibits**

The response set forth in Item 7 of the Original Schedule 13D is amended by deleting Exhibit A in its entirety and by adding the following:

Exhibit A: Executive Officers of Reporting Person

Exhibit B-1: Transactions in the Past Sixty Days

Exhibit C: Letter, dated December 13, 2006, from FMA to the Issuer's Board of

Directors

**Signature**

After reasonable inquiry and to the best of my knowledge and belief, I certify that the information set forth in this statement is true, complete and correct.

Board of Directors

Weyerhaeuser Corporation

c/o Mr. Steven Rogel, Chairman

P.O. Box 9777

33663 Weyerhaeuser Way

Federal Way WA 98063

Dear Board Members:

Franklin Mutual Advisers ( FMA ) owns approximately 18 million shares of Weyerhaeuser stock and has been a 13-d filer on the company since April 2005. We acknowledge the positive steps the company has taken over this period to restructure the business, including the sale of the Fine Paper business that is scheduled to close during the first quarter of 2007.

However, FMA continues to believe that the share price of Weyerhaeuser reflects a substantial discount to the intrinsic value of its underlying assets and core businesses. While the restructuring actions taken to date have been rational and objective, we believe the management and board of directors of Weyerhaeuser must act with an increased sense of urgency and accelerate its efforts to enhance and crystallize this intrinsic value for the benefit of all shareholders.

These steps include (1) a corporate reorganization that will eliminate the tax disadvantages of owning timber properties in a C corporation and (2) accelerating the time frame for the planned restructuring of the containerboard business.

Despite the best efforts of the company and other similarly situated entities, it now appears that the tax law will continue to favor holding timber properties in entities such as Timber Investment Management Organizations ( TIMOs ) or Real Estate Investment Trusts ( REITs ). The structural disadvantages to Weyerhaeuser include the inability to competitively bid on timberlands undergoing a sale process, a higher weighted average

cost of capital and the full double taxation of timberland generated earnings. According to a recent report from one major Wall Street analyst, by 2010 the current structure, as opposed to a REIT structure, would destroy an incremental \$24 per share of shareholder value, or nearly 35% of today's equity value. FMA strongly believes Weyerhaeuser must immediately take steps to eliminate this disadvantage, including possibly converting the current corporate structure to a REIT.

Many paper and forest product companies such as Rayonier, Potlatch, Georgia Pacific, International Paper and the former Boise Cascade have become more competitive, realized substantial operating benefits and experienced significant share price

appreciation by either converting to a REIT or by selling their timberlands. For example, since becoming a REIT in January, 2004, Rayonier produced (according to Bloomberg) an annual equivalent return (including reinvestment of dividends) of 20.4% through 12/12/06. Potlatch has produced (according to Bloomberg) an annual equivalent return (including reinvestment of dividends) of 25.3% through 12/12/06 since becoming a REIT in January, 2006. In contrast, Weyerhaeuser has generated (according to Bloomberg) an annual equivalent return (including reinvestment of dividends) of 3.9% since January, 2004. While we are not today suggesting that Weyerhaeuser divest its timberlands, we are strongly suggesting that the Company must modify its corporate structure to become more efficient vis-à-vis the REIT structure. FMA believes that this step, along with the closing on the sale of the Fine Paper business and executing and accelerating the current restructuring plans in the containerboard business, will enhance shareholder value over the long-term.

We look forward to further discussion of these ideas with you.

Sincerely,

/s/ Peter Langerman
