In addition to the use of the mails, proxies may be solicited by personal interview, telephone and telegraph by officers, directors and other employees of the Company, who will not receive additional compensation for such services. We may also request brokerage houses, nominees, custodians and fiduciaries to forward the soliciting material to the beneficial owners of stock held of record and will reimburse such persons for forwarding such material. We will bear the cost of this solicitation of proxies. Such costs are expected to be nominal. Proxy solicitation will commence with the mailing of this Proxy Statement on or about December 24, 2008.

Any stockholder giving a proxy has the power to revoke the same at any time prior to its exercise by executing a subsequent proxy or by written notice to our Secretary or by attending the meeting and withdrawing the proxy.

PURPOSE OF MEETING

As stated in the Notice of Annual Meeting of Stockholders accompanying this Proxy Statement, the business to be conducted and the matters to be considered and acted upon at the Annual Meeting are as follows:

1. Electing Directors of the Company;
2. Considering and voting upon a proposal to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2009; and
3. Considering all other matters as may properly come before the meeting.

VOTING RIGHTS

Our voting securities consist solely of common stock, par value \$0.331/3 per share (Common Stock).

The record date for stockholders entitled to notice of and to vote at the meeting is the close of business on November 28, 2008, at which time there were 7,794,744 shares of Common Stock entitled to vote at the meeting. Stockholders are entitled to one vote, in person or by proxy, for each share of Common Stock held in their name on the record date.

Stockholders representing a majority of the Common Stock outstanding and entitled to vote must be present or represented by proxy to constitute a quorum.

All proposals other than election of directors will require the affirmative vote of a majority of the Common Stock present or represented by proxy at the meeting and entitled to vote thereon. Directors are elected by a plurality of votes cast. Cumulative voting for election of directors is not authorized.

Abstentions and broker non-votes (shares held by brokers or nominees as to which they have no discretionary power to vote on a particular matter and have received no instructions from the beneficial owners of such shares or persons entitled to vote on the matter) will be counted for the purpose of determining

Table of Contents

whether a quorum is present. For purposes of determining the outcome of any matter to be voted upon as to which the broker has indicated on the proxy that the broker does not have discretionary authority to vote, these shares will not be entitled to vote with respect to that matter, even though those shares are considered to be present at the meeting for quorum purposes and may be entitled to vote on other matters. Abstentions, on the other hand, are considered to be present at the meeting and entitled to vote on the matter from which the stockholder abstained.

With regard to the election of directors, votes may be cast in favor of or withheld from each nominee. Votes that are withheld will be excluded entirely from the vote and will have no effect. Broker non-votes and other limited proxies will have no effect on the outcome of the election of directors.

With regard to the proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2009, an abstention will have the same effect as a vote against the proposal. Broker non-votes and other limited proxies will have no effect on the outcome of the vote with respect to such proposal.

If the enclosed Proxy is properly executed and returned prior to the Annual Meeting, the shares represented thereby will be voted as specified therein. IF A STOCKHOLDER DOES NOT SPECIFY OTHERWISE ON THE RETURNED PROXY, THE SHARES REPRESENTED BY THE STOCKHOLDER'S PROXY WILL BE VOTED FOR THE ELECTION OF THE NOMINEES LISTED BELOW UNDER PROPOSAL 1: ELECTION OF DIRECTORS, FOR THE APPOINTMENT OF KPMG LLP AND ON SUCH OTHER BUSINESS AS MAY PROPERLY COME BEFORE THE ANNUAL MEETING OR ANY ADJOURNMENTS THEREOF.

COMPENSATION DISCUSSION & ANALYSIS

Overview of Compensation Program

The Compensation Committee of the Board of Directors has responsibility for establishing, implementing and monitoring adherence to our compensation philosophy. The Compensation Committee seeks to provide total compensation paid to our executive officers that is fair, reasonable and competitive.

In this compensation discussion and analysis, the executive officers named below who are current employees are referred to as the Named Executive Officers.

Stephen C. Jumper	Chief Executive Officer, President
Christina W. Hagan	Chief Financial Officer, Executive Vice President, Secretary
C. Ray Tobias	Chief Operating Officer, Executive Vice President
Howell W. Pardue	Executive Vice President
Kermit S. Forsdick	Vice President

Compensation Philosophy and Objectives

The Compensation Committee believes that compensation for executive officers should be based upon the principle that compensation must be competitive to enable the Company to motivate and retain the talent needed to lead and make the Company grow, reward successful performance and closely align the interests of our executives with the Company. The ultimate objective of our compensation program is to improve stockholder value.

In setting compensation levels, the Compensation Committee evaluates both performance and overall compensation. The review of executive officers' performance includes a mix of financial and non-financial measures. In addition to business results, employees are expected to uphold a commitment to integrity, maximize the development of each individual, and continue to improve the environmental quality of the Company's services and operations.

In order to continue to attract and retain the best employees, the Compensation Committee believes the executive compensation packages provided to the Company's executives, including the Named Executive Officers, should include both cash and stock-based compensation.

The Compensation Committee has not retained a compensation consultant to review the compensation practices of the Company's peers or to advise the Compensation Committee on compensation matters.

Competitive Considerations

We believe the competition for talented employees goes well beyond the seismic industry to include oil and gas exploration and development companies and oilfield service companies. Many of the companies with whom we compete for top level talent are larger and have more financial resources than we do. Both our Compensation Committee and Chief Executive Officer (CEO) consider known information regarding the compensation practices of likely competitors when reviewing and setting the compensation of all our officers, including the Named Executive Officers.

Table of Contents**Role of Chief Executive Officer in Compensation Decisions**

On an annual basis, our CEO reviews the performance of each of the other Named Executive Officers and, based on this review, makes recommendations to the Compensation Committee with respect to the compensation of the Named Executive Officers, excluding himself. Our CEO considers internal pay equity issues, individual contribution and performance, competitive pressures and company performance in making his recommendations to the Compensation Committee. The Compensation Committee may accept or adjust such recommendations in its discretion. The Compensation Committee has the sole responsibility for evaluating the compensation of our CEO.

Establishing Executive Compensation

Consistent with our compensation objectives, the Compensation Committee has structured our annual and long-term incentive-based executive compensation to attract and retain the best talent, reward financial success and closely align executives' interests with the Company's interests. In setting the compensation, the Compensation Committee reviews total direct compensation for the Named Executive Officers, which includes salary, annual cash incentives and long-term equity incentives. The appropriate level and mix of incentive compensation is not based upon a formula, but is a subjective determination made by the Compensation Committee.

We do not have a policy of stock ownership requirements. In addition, we do not have any employment contracts or change of control agreements, although equity issued pursuant to our 2006 Stock and Performance Incentive Plan is subject to accelerated vesting as described below in Potential Payments Upon a Change of Control or Termination.

The Compensation Committee reviews compensation matters from time to time during the year. The Compensation Committee typically recommends the accrual of amounts for the cash bonus and profit sharing plan shortly prior to or during the first quarter of a fiscal year and then recommends the allocation of the accrued amounts in the first quarter of the following fiscal year. In addition, the Compensation Committee generally performs its annual review of officer salaries during the middle of each fiscal year.

Elements of Compensation

For fiscal 2008, the components of compensation for our Named Executive Officers included the following elements:

Element	Form of Compensation	Purpose
Base Salary	Cash	Provide competitive, fixed compensation to attract and retain executive talent.
Short-Term Incentive	Cash Bonus and Profit Sharing	Create a strong financial incentive for achieving financial success and for the competitive retention of executives.
Long-Term Equity Incentive	Stock Option and Restricted Stock Grants	Provide incentives to strengthen alignment of executive team interests with Company interests, reward long-term achievement and promote executive retention.
Health, Retirement and Other Benefits	Eligibility to participate in plans	Plans are part of broad-based

Executive Benefits and Perquisites	generally available to our employees, including 401(k); profit-sharing; health; life insurance and disability plans	employee benefits.
	Club memberships	Provide benefits to promote marketing of the Company.

Table of Contents***Base Salary***

The Compensation Committee believes base salary is a critical element of executive compensation because it provides executives with a base level of monthly income. We do not have a formal salary program with salary grades or salary ranges. Instead salary increases are awarded periodically based on individual performance, when allowed by economic conditions. The Compensation Committee determines the base salary of each Named Executive Officer based on his or her position and responsibility. During its review of base salaries for executives, the Compensation Committee primarily considers the internal value of the position relative to other positions, external value of the position or comparable position, individual performance, and ability to represent our Company's values. For Named Executive Officers other than the CEO, the Compensation Committee also considers the recommendations of the CEO.

The Compensation Committee typically considers base salary levels annually as part of its review of our performance and from time to time upon a promotion or other change in job responsibilities. As a result of its fiscal 2008 review and in recognition of outstanding performance by the Named Executive Officers and our Company, the Compensation Committee recommended to the Board of Directors for approval base salary increases for the following Named Executive Officers effective as of June 13, 2008. The following table reflects these increases:

Name	Salary Increase Effective June, 2008	
	From	To
Stephen C. Jumper	310,000	350,000
Christina W. Hagan	187,500	210,000
C. Ray Tobias	200,000	230,000
Howell W. Pardue	165,000	173,000
Kermit S. Forsdick	162,500	196,625(1)

(1) Mr. Forsdick's base salary increase in the table above also reflects a salary increase effective January 2008 due to his relocation from Midland to Houston.

Short-Term Incentive Compensation

The Named Executive Officers participate in our profit sharing program, along with all other eligible employees. The profit sharing program is designed to award our employees for the financial success of the Company. With respect to each fiscal year, our Board of Directors, acting on the recommendation of our Compensation Committee, determines a pool amount available to be allocated in the first quarter of the following fiscal year to all eligible employees, including the Named Executive Officers. For fiscal 2008, our Board of Directors set the pool at 5% of our pre-tax net income for fiscal 2008. The distribution of the pool to eligible employees is based upon a variety of factors including base salary, internal value of the position and seniority. The fiscal 2008 and fiscal 2007 profit sharing awards paid to our Named Executive Officers are included in the Summary Compensation Table on page 12. In September 2008, our Board of Directors preliminarily set the fiscal 2009 allocation for the profit sharing plan at 5% of our pre-tax net income for fiscal 2009.

We also use short-term incentive compensation to meet market and competitive demands. Accordingly, eligible employees, including each Named Executive Officer, were awarded discretionary cash bonuses in November 2008 and December 2007. Bonus amounts were based upon a variety of factors including perceived competitive pressures, base salary, internal value of the position and seniority. The fiscal 2008 and fiscal 2007 bonus amounts paid to our

Named Executive Officers are included in the Summary Compensation Table on page 12.

Long-Term Equity Incentive Compensation

Long-term equity incentives encourage participants to focus on long-term performance and provide an opportunity for executive officers and certain designated key employees to increase their stake in our Company through grants of restricted common stock and stock options. By using a mix of stock options and restricted

Table of Contents

stock grants, we are able to compensate our Named Executive Officers for sustained increases in our stock performance as well as long-term growth. The Compensation Committee makes the determination whether to grant stock options or restricted stock by weighing the financial effects on the Company, and the benefits and drawbacks of each type of award for the Named Executive Officers. Such determination is made at the time of the grant.

During the past few years, we have emphasized grants of restricted stock as our primary long-term equity incentive compensation tool due to our management's belief that such grants have been the best method of rewarding and retaining the Named Executive Officers. However, in the beginning of fiscal 2009, the Compensation Committee decided to award long-term equity incentive compensation in the form of stock option grants. The following factors were considered by the Compensation Committee in reaching its decision to award stock options instead of restricted stock at the beginning of fiscal 2009: the Named Executive Officers' current unvested equity awards; the general economic climate; and the desire to incentivize our Named Executive Officers to take actions to increase the value of our common stock over the term of the vesting period.

In fiscal 2008 and fiscal 2007, our Compensation Committee approved restricted stock grants to the Named Executive Officers, other officers and certain other employees. In addition to rewarding these individuals for our long-term success and aligning the interests of the Named Executive Officers with the Company, these grants also help us to retain talented employees because the shares cannot be sold during a three-year restricted period. We calculate the accounting cost of the restricted stock by taking the average of the high and low price of our common stock on the date of grant, and we recognize these costs over the vesting period of the restricted stock. The restricted shares granted in fiscal 2008 were awarded under our 2006 Stock and Performance Incentive Stock Plan and the restricted shares granted in fiscal 2007 were awarded under our 2004 Incentive Stock Plan.

In fiscal 2009, our Compensation Committee approved stock option grants to the Named Executive Officers, other officers and certain other employees. In these cases, the exercise price of the stock options equaled the average of the high and low trading price of our common stock on the NASDAQ Global Select Market on the date of grant. We have not granted options with an exercise price that is less than the average of the high and low trading price of our common stock on the NASDAQ Global Select Market on the date of grant, and we have not made grants with a grant date that occurs before the Board of Directors' action. The stock options granted in fiscal 2009 were awarded under our 2006 Stock and Performance Incentive Stock Plan and vest in equal installments over four years on each anniversary of the date of grant. We did not award any stock options in fiscal 2008 or fiscal 2007.

Our Compensation Committee recommends to our Board of Directors the equity awards to be made to each Named Executive Officer prior to the grant of such equity awards by the Board of Directors. Grants of equity may be made at any time during the year, although typically an award is made to each Named Executive Officer at the beginning of each fiscal year. We do not time the release of material non-public information with the purpose of affecting the value of executive compensation.

The following sets forth information regarding our incentive plans.

Stock Plans. We have three equity compensation plans: the 2006 Stock and Performance Incentive Plan (the "2006 Plan"); the 2004 Incentive Stock Plan (the "2004 Plan") and the 2000 Incentive Stock Plan (the "2000 Plan").

The 2006 Plan provides 750,000 shares of authorized but unissued shares of our common stock to be awarded to our officers, directors, employees and consultants. These awards can be made in various forms, including options, grants or restricted stock grants. Stock option grant prices awarded under the 2006 Plan may not be less than the fair market value of the common stock subject to such option on the grant date, and the term of stock options may extend no more than ten years after the grant date. Our Compensation Committee selects the employees and consultants to whom the awards will be granted and determines the number and type of awards to be granted to such individual. Our Board of

Directors selects the nonemployee

Table of Contents

directors eligible to whom awards will be granted and determines the number and type of award to be granted to such individuals. All of our employees, nonemployee directors and consultants are eligible to receive awards under the 2006 Plan. The 2006 Plan has a term of ten years from the date of stockholder approval such that it expires in January 2017.

The 2004 Plan provides 375,000 shares of authorized but unissued common stock of the Company. The Company may award stock options under the 2004 Plan. The option price is the market value of the Company's common stock at date of grant. Options are exercisable 25% annually from the date of the grant and the options expire five years from the date of grant. The Company may also award stock and restricted stock under the 2004 Plan. Restricted stock vests after three years and is granted at the market value of the Company's common stock on the date of grant. Of the 375,000 shares, up to 125,000 shares may be awarded to officers, directors, and employees of the Company and up to 125,000 shares may be awarded with restrictions for the purpose of additional compensation.

No equity awards are currently outstanding pursuant to the 2000 Plan and, although shares are available under the 2000 and 2004 Plans, we do not intend to issue shares from these plans in the future.

Health, Retirement and Other Benefits

401(k) Plan. Effective January 1, 2002, we initiated a 401(k) plan as part of our employee benefits package in order to retain quality personnel. This is a tax-qualified retirement savings plan under which all employees, including the Named Executive Officers, are able to contribute to the plan the lesser of up to 100% of their annual salary or the limits prescribed by the Internal Revenue Service on a before-tax basis. During fiscal year 2008, we elected to match 100% of employee contributions up to a maximum of 6% of the participant's gross salary. Our matching contributions for all of our employees during fiscal 2008 were approximately \$1,117,000. All contributions to the plan as well as our matching contributions are fully vested upon contribution. Our Board of Directors has determined that we will once again match employee contributions up to a maximum of 6% of gross salary during fiscal 2009.

Health and Life. We offer major medical, dental and life insurance to all eligible employees. We also provide the following other insurance benefits to the majority of our salaried employees, including the Named Executive Officers:

Life insurance up to two times annual earnings with limitations based on age and a maximum benefit of \$400,000; and

Long-term disability 60% of monthly earnings up to \$10,000 per month.

Executive Benefits and Perquisites

We provide our Named Executive Officers with perquisites and other personal benefits that are believed to be reasonable and consistent with the overall compensation program to better enable us to attract and retain superior employees for key positions. Our Compensation Committee reviews the levels of these perquisites and other personal benefits provided to the Named Executive Officers on an annual basis.

Pension Benefits

Our only retirement plan for our employees, including our Named Executive Officers, is our 401(k) plan. We do not have a pension plan in which our Named Executive Officers are eligible to participate.

Non-Qualified Deferred Compensation

We do not have a non-qualified deferred compensation plan.

Potential Payments Upon A Change Of Control Or Termination

We do not have any employment contracts or change of control agreements. However, our newest stock plan, the 2006 Plan, does permit accelerated vesting of stock awards in the event of a change of control or upon termination of employment as described below.

In the event of a change of control, all awards granted under our 2006 Plan immediately vest and become fully exercisable and any restrictions applicable to the award lapse. All stock options and stock appreciation rights will remain exercisable until (a) the expiration of the term of the award or, (b) if the participant should die before the expiration of the term of the award, until the earlier of: (i) the expiration of the term of the award or (ii) two (2) years following the date of the participant's death. Our 2006 Plan form stock option and restricted stock agreements define a change of control as occurring when (i) any person (as such term is used in Sections 13(d) and 14(d)(2) of the Securities Exchange Act of 1934) is or becomes a beneficial owner, directly or indirectly, of securities of the Company representing twenty percent (20%) or more of the total voting power of the Company's then outstanding securities; (ii) the individuals who were members of the Board of Directors of the Company immediately prior to a meeting of the stockholders of the Company involving a contest for the election of directors shall not constitute a majority of the Board of Directors following such election unless a majority of the new members of the Board were recommended or approved by majority vote of members of the Board of Directors immediately prior to such stockholders' meeting; (iii) the Company shall have merged into or consolidated with another corporation, or merged another corporation into the Company, on a basis whereby less than fifty percent (50%) of the total voting power of the surviving corporation is represented by shares held by former stockholders of the Company prior to such merger or consolidation; or (iv) the Company shall have sold, transferred or exchanged all, or substantially all, of its assets to another corporation or other entity or person.

In addition our form stock option and restricted stock agreements also provide for accelerated vesting upon death or disability or if a participant's employment is terminated by the Company for reasons other than cause. Stock options which are accelerated under this provision may be exercised in whole or in part until their expiration pursuant to the terms of the stock option agreement or the 2006 Plan.

If a change in control or termination of employment as described above were to have occurred as of September 30, 2008, shares of restricted stock held by our Named Executive Officers would have automatically vested, as follows:

Mr. Jumper held 3,000 shares of restricted stock that would have become fully vested as a result of such change in control or termination of employment;

Ms. Hagan held 2,250 shares of restricted stock that would have become fully vested as a result of such change in control or termination of employment;

Mr. Tobias held 2,250 shares of restricted stock that would have become fully vested as a result of such change in control or termination of employment;

Mr. Pardue held 2,250 shares of restricted stock that would have become fully vested as a result of such change in control or termination of employment;

Mr. Forsdick held 1,500 shares of restricted stock that would have become fully vested as a result of such change in control or termination of employment.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the fiscal year ended September 30, 2008, our Compensation Committee was composed of Messrs. Brown, Hoover and Thompson. No member of the Compensation Committee was an officer or employee of the Company. None of our executive officers served on the board of directors or the compensation committee of any other entity, for which any officers of such other entity served either on our Board of Directors or our Compensation Committee.

TRANSACTIONS WITH RELATED PERSONS

Transactions with related persons are reviewed, approved or ratified in accordance with the policies and procedures set forth in our code of business conduct and ethics, our Audit Committee charter, the procedures described below with respect to director and officer questionnaires and the other procedures described below.

Our code of business conduct and ethics provides that directors, officers, and employees must avoid situations that involve, or could appear to involve, conflicts of interest with regard to the Company's interest. Exceptions may only be made after review of fully disclosed information and approval of specific or general categories by senior management (in the case of employees) or the Board of Directors (in the case of officers or directors). Any employee, officer or director who becomes aware of a conflict or potential conflict of interest should bring the matter to the attention of a supervisor or other appropriate personnel.

A conflict of interest exists when a person's private interest interferes in any way with the interests of the Company. Conflicts of interest generally interfere with the person's effective and objective performance of his or her duties or responsibilities to the Company. Our code of business conduct and ethics sets forth several examples of how conflicts of interest may arise, including when:

a director, officer or employee or members of their immediate family, receive improper personal benefits because of their position with the Company;

the Company gives loans to, or guarantees of obligations of directors, officers, employees or their immediate family members; or

the director, officer, employee or their immediate family members use Company property or confidential information for personal use.

Our Audit Committee also has the responsibility, according to its charter, to review, assess and approve or disapprove conflicts of interest and related-party transactions.

Each year we require all our directors, nominees for director and executive officers to complete and sign a questionnaire in connection with the solicitation of proxies for use at our annual general meeting of members. The purpose of the questionnaire is to obtain information, including information regarding transactions with related persons, for inclusion in our Proxy Statement or Annual Report.

In addition, we annually review SEC filings made by beneficial owners of more than five percent of any class of our voting securities to determine whether information relating to transactions with such persons needs to be included in our Proxy Statement or Annual Report.

Based on these reviews, our Board of Directors has determined that the Company did not engage in any transactions during the fiscal year ended September 30, 2008 with related persons which would require disclosure under Item 404 of Regulation S-K as adopted by the SEC, and there are currently no such proposed transactions.

If a stockholder desires to have such proposal included in the Proxy Statement and form of proxy distributed by the Board of Directors with respect to such meeting, the proposal must be received at our principal executive offices, 508 West Wall, Suite 800, Midland, Texas 79701, Attention: Ms. Christina W. Hagan, Secretary, no later than August 18, 2009.

In addition, our Bylaws establish advance notice procedures with regard to certain matters, including stockholder proposals not included in our proxy statement, to be brought before an Annual Meeting. In general, our corporate secretary must receive notice of any such proposal not less than 80 days prior to the date of the Annual Meeting at the address of our principal executive offices shown above. Such notice must include the information specified in Article II, Section 14 of our Bylaws.

HOUSEHOLDING

The SEC permits a single set of annual reports and proxy statements to be sent to any household at which two or more stockholders reside if they appear to be members of the same family. Each stockholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding.

As a result, if you hold your shares through a broker and you reside at an address at which two or more stockholders reside, you will likely be receiving only one annual report and proxy statement unless any stockholder at that address has given the broker contrary instructions. However, if any such beneficial stockholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, or if any such beneficial stockholder that elected to continue to receive separate annual reports or proxy statements wishes to receive a single annual report or proxy statement in the future, that stockholder should contact their broker or send a request to our corporate secretary at our principal executive offices, 508 West Wall, Suite 800, Midland, Texas 79701, telephone number (432) 684-3000. We will deliver, promptly upon written or oral request to the corporate secretary, a separate copy of the 2008 Annual Report and this Proxy Statement to a beneficial stockholder at a shared address to which a single copy of the documents was delivered. Similarly, you may also contact us if you received multiple copies of the proxy materials and would prefer to receive a single copy in the future.
