## Section 1 - Conflict Minerals Disclosure

### Item 1.01 Conflict Minerals Disclosure and Report

#### Conflict Minerals Disclosure

Amkor Technology, Inc. (“Amkor”) conducted in good faith, a Reasonable Country of Origin Inquiry (RCOI) on the source of its Conflict Minerals (tantalum, tin, tungsten, and gold) for 2017. Our RCOI was designed to determine whether the Conflict Minerals we used when performing semiconductor packaging services originated from the Democratic Republic of the Congo or an adjoining country (the “Covered Countries”) or are from recycled or scrap sources.

We conducted our RCOI with our direct suppliers using the Conflict Minerals Reporting Template (CMRT), a supply chain survey tool provided by the Responsible Minerals Initiative (RMI), formerly the Conflict-Free Sourcing Initiative, an industry group that works to address Conflict Minerals issues within supply chains. The CMRT requests direct suppliers to identify the smelters, refiners, and countries of origin of the Conflict Minerals in their products. We relied primarily on responses received from our direct suppliers to identify sources of Conflict Minerals and information provided by the RMI.

Based on the responses to our RCOI, we know or have reason to believe that a portion of the Conflict Minerals we use originated or may have originated from the Covered Countries or may not be solely from recycled or scrap sources.

In accordance with Rule 13p-1 under the Securities Exchange Act of 1934, Amkor has filed this Specialized Disclosure Form (Form SD) and the attached Conflict Minerals Report.
