THE PROXY PROCESS AND SHAREHOLDER VOTING

The proxy process is the means by which corporate shareholders can exercise their rights to vote for the election of directors and other strategic corporate proposals. This **Proxy Statement** provides notice of a scheduled shareholder meeting, describes the proposals presented for shareholder action and includes information required to be disclosed to shareholders. The accompanying **Proxy Card** provides shareholders with a simple means to vote on the described proposals without having to attend the shareholder meeting in person. By executing the Proxy Card, you authorize Charles T. Fote and Michael T. Whealy to act as your **Proxies** to vote your shares as specified.

The proxy voting mechanism also is vitally important to the Company. In order for the Company to obtain the necessary shareholder approval of proposals, a "**quorum**" of shareholders (a majority of the issued and outstanding shares entitled to vote, excluding treasury stock) must be represented at the meeting in person or by proxy. Since few shareholders can spend the time or money to attend shareholder meetings in person, voting by proxy is necessary to obtain a quorum and complete the shareholder vote.

It is important that you vote your shares to assure a quorum is obtained so corporate business can be transacted. If a quorum is not obtained, the Company must postpone the meeting and solicit additional proxies; this is an expensive and time-consuming process that is not in the best interest of the Company or its shareholders.

QUESTIONS AND ANSWERS ABOUT THE PROXY PROCESS

Why Did I Receive These Materials?

Shareholders of the Company as of the close of business on the March 24, 2003 Record Date are entitled to vote at the Company's Annual Meeting. The Company is required by law to distribute these proxy materials to all shareholders as of the Record Date.

What Does It Mean If I Receive More Than One Set Of Materials?

This means you own shares of the Company that are registered under different names. For example, you may own some shares directly as a "**Registered Holder**" and other shares through a broker or you may own shares through more than one broker. In these situations you will receive multiple sets of proxy materials. It is necessary for you to vote, sign and return all of the Proxy Cards or follow the instructions for any alternative voting procedure on each of the Proxy Cards you receive in order to vote all of the shares you own. Each Proxy Card you received came with its own prepaid return envelope; if you vote by mail make sure you return each Proxy Card in the return envelope which accompanied that Proxy Card.

How Do I Vote?

You may vote by mail or follow any alternative voting procedure described on the Proxy Card. To use an alternative voting procedure, follow the instructions on each Proxy Card that you receive. To vote by mail, sign and date each Proxy Card you receive, indicating your voting preference on each proposal, and return each Proxy Card in the prepaid envelope which accompanied that Proxy Card. If you return a signed and dated Proxy Card but you do not indicate your voting preferences, your shares will be voted in favor of the director nominees and in favor of the other proposals. All outstanding shares of Common Stock represented by your signed and dated Proxy Card or for which you have provided instructions by the alternative voting procedure that are received in time for the 2003 Annual Meeting will be voted.

Does My Vote Matter?

Edgar Filing: FIRST DATA CORP - Form DEF 14A

Absolutely! Corporations are required to obtain shareholder approval for the election of directors and other important matters. Shareholder participation is not a mere formality. It is essential for the Company to continue to function. Each share of Common Stock is entitled to one vote and every share voted has the same weight. It is also important that you vote to assure that a quorum is obtained so corporate business can be transacted.

What Percentage Of Votes Is Required To Elect Directors?

If a quorum is obtained, the two nominees receiving the greatest number of votes will be elected.

What Percentage Of Votes Is Required To Approve Other Proposals?

If a quorum is obtained, proposals other than the election of directors require the affirmative vote of a majority of shares of Common Stock represented at the meeting and entitled to vote. Since majority approval is required, an "**ABSTAIN**" vote has the effect of a vote against the proposal.

What Is The Effect Of Not Voting?

It depends on how ownership of your shares is registered. If you own shares as a Registered Holder, rather than through a broker, your unvoted shares will not be represented at the meeting and will not count toward the quorum requirement. Assuming a quorum is obtained, your unvoted shares will not affect whether a proposal is approved or rejected.

If you own shares through a broker and do not vote, your broker may represent your shares at the meeting for purposes of obtaining a quorum. As described in the answer to the following Question, in the absence of your voting instruction, your broker may or may not vote your shares.

If I Don't Vote, Will My Broker Vote For Me?

If you own your shares through a broker and you don't vote, your broker may vote your shares in its discretion on some "routine matters." With respect to other proposals, however, your broker may not be able to vote your shares for you. With respect to these proposals, the aggregate number of unvoted shares is reported as the "**broker non-vote**." "Broker non-vote" shares are counted toward the quorum requirement but they do not affect the determination of whether a matter is approved. The Company believes that proposals set forth in this Proxy Statement are routine matters on which brokers will be permitted to vote unvoted shares.

Is My Vote Confidential?

Yes. The vote of any shareholder will not be revealed to anyone other than a non-employee tabulator of votes or an independent election inspector, except (i) as necessary to meet applicable legal and stock exchange listing requirements, (ii) to assert claims for or defend claims against the Company, (iii) to allow the inspectors of election to certify the results of the shareholder vote, (iv) in the event a proxy solicitation in opposition to the Company or the election of the Board of Directors takes place, (v) if a shareholder has requested that their vote be disclosed, or (vi) to respond to shareholders who have written comments on Proxy Cards.

If I Own My Shares Through A Broker, How Is My Vote Recorded?

Brokers typically own shares of Common Stock for many shareholders. In this situation the Registered Holder on the Company's stock register is the broker or its nominee. This often is referred to as holding shares in "**Street Name**." The "**Beneficial Owners**" do not appear in the Company's shareholder register. Therefore, for shares held in Street Name, distributing the proxy materials and tabulating votes are both two-step processes. Brokers inform the Company how many of their clients are Beneficial Owners and the Company provides the broker with that number of proxy materials. Each broker then forwards the proxy materials to its clients who are Beneficial Owners to obtain their votes. When you receive proxy materials from your broker, the accompanying return envelope is addressed to return your executed Proxy Card to your broker. Shortly before the meeting, each broker totals the votes and submits a Proxy Card reflecting the aggregate votes of the Beneficial Owners for whom it holds shares.

Can I Revoke My Proxy And Change My Vote?

Yes. You have the right to revoke your proxy at any time prior to the time your shares are voted. If you are a Registered Holder, your proxy can be revoked in several ways: (i) by timely delivery of a written revocation delivered to the Corporate Secretary, (ii) by submitting another valid proxy bearing a later date, or (iii) by attending the meeting and giving the Inspector of Elections notice that you intend to vote your shares in person. If your shares are held by a broker, you must contact your broker in order to revoke your proxy.

Will Any Other Business Be Transacted At The Meeting? If So, How Will My Proxy Be Voted?

Management does not know of any business to be transacted at the Annual Meeting other than those matters described in this Proxy Statement. The period specified in the Company's By-Laws for submitting proposals to be considered at the meeting has passed and no proposals were submitted. However, should any other matters properly come before the meeting, and any adjournments and postponements thereof, shares with respect to which voting authority has been granted to the Proxies will be voted by the Proxies in accordance with their judgment.

Who Counts The Votes?

Votes will be counted and certified by the Inspectors of Election, who are employees of Wells Fargo Bank Minnesota, National Association, the Company's independent Transfer Agent and Registrar. If you are a Registered Holder, your executed Proxy Card is returned directly to Wells Fargo for tabulation. As noted above, if you hold your shares through a broker, your broker returns one Proxy Card to Wells Fargo on behalf of its clients.

How Much Does The Proxy Solicitation Cost?

The Company has engaged the firm of Morrow & Co. to assist in distributing and soliciting proxies for a fee of \$7,500, plus expenses. However, the proxy solicitor fee is only a small fraction of the total cost of the proxy process. The largest expense in the proxy process is printing and mailing the proxy materials. Proxies also may be solicited on behalf of the Company by directors, officers or employees of the Company in person or by mail, telephone or facsimile transmission. No additional compensation will be paid to such directors, officers, or employees for soliciting proxies.

What Is The Deadline For Submitting Proposals To Be Considered For Inclusion In The 2004 Proxy Statement?

Shareholder proposals requested to be included in the Company's 2004 Proxy Statement must be received by the Company not later than December 9, 2003. Proposals should be directed to Michael T. Whealy, Corporate Secretary, First Data Corporation, 10825 Old Mill Road, Suite M-10, Omaha, Nebraska 68154.

If I Do Not Submit A Proposal In Time To Be Included In The 2004 Proxy Statement, May I Still Nominate Someone To Be A Director Of The Company Or Submit Any Business To Be Considered At The Company's Annual Shareholder Meeting In 2004?

Even if a proposal is not submitted in time to be considered for inclusion in the Company's 2004 Proxy Statement, a proper shareholder proposal or director nomination may still be considered at the Company's 2004 annual meeting, but only if the proposal or nomination is received by the Company no sooner than January 22, 2004 and no later than February 21, 2004. All proposals should be directed to Michael T. Whealy, Corporate Secretary, First Data Corporation, 10825 Old Mill Road, Suite M-10, Omaha, Nebraska 68154.

PROPOSALS SUBMITTED FOR SHAREHOLDER VOTE

Proposal 1

ELECTION OF DIRECTORS

The Board of Directors is divided into three classes serving staggered three-year terms. The terms of office of two current directors, Mr. Jones and Mr. Russell, expire at the 2003 Annual Meeting of Stockholders. Mr. Jones and Mr. Russell have been nominated for reelection through the 2006 Annual Meeting of Stockholders or until a successor is elected and qualified. (See the Board of Directors section for information concerning all Directors.) In the case of a vacancy occurring during the year in any class, the Board of Directors may elect another director as a replacement, may leave the vacancy unfilled or may reduce the number of directors.

The term of office of Robert J. Levenson also was scheduled to expire at the 2003 Annual Meeting of Stockholders. However, Mr. Levenson recently decided not to run for reelection and submitted his resignation as a director. Since the Board did not have adequate time to recruit another person to nominate as a director in this Proxy Statement and the time for shareholder nominations of directors had passed, the Board reduced the number of directors of the Company to nine. If at some future date the Board recruits another qualified individual willing to become a director of the Company, the Board may increase the number of directors of the Company in accordance with the provisions of the Company's Bylaws and elect that person as a director. The person would be included in the class of directors whose terms would expire at the 2006 Annual Meeting of Stockholders.

Edgar Filing: FIRST DATA CORP - Form DEF 14A

The terms of Mr. Duques, Mr. Fote and Ms. Spero expire at the 2004 Annual Meeting of Stockholders. The terms of Ms. Davis, Mr. Robinson, Mr. Schwartz, and Mr. Weinbach expire at the 2005 Annual Meeting of Stockholders.

A shareholder may (i) vote for the election of any one or more of the nominees, or (ii) withhold authority to vote for one or more of the nominees by so indicating on the Proxy Card. Your shares will be voted as you specify on the enclosed Proxy Card or as you instruct via the alternative voting procedure described on the Proxy Card. If you sign, date and return the Proxy Card without specifying how you want your shares voted, they will be voted for the election of the Director nominees. If unforeseen circumstances (such as death or disability) require the Board of Directors to substitute another person for any of the Director nominees, your shares will be voted for that other person.

Directors are elected by a plurality of votes of the shares represented at the meeting and entitled to vote. Therefore, if a quorum is present, the two nominees receiving the greatest number of votes will be elected. The effects of unvoted shares, abstentions and "broker non-votes" are discussed in the preceding Questions and Answers.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE TO RE-ELECT MR. JONES AND MR. RUSSELL AS DIRECTORS FOR THREE-YEAR TERMS.

Proposal 2

RATIFICATION OF SELECTION OF AUDITORS

The Board of Directors recommends to the shareholders the ratification of the selection of Ernst & Young LLP, independent auditors, to audit the accounts of the Company and its subsidiaries for 2003. Ernst & Young LLP has served as the independent auditors for the Company or its predecessor entities since 1980. Historically, Ernst & Young LLP has followed a policy of rotating the partner in charge of the Company's audit every seven years. Consistent with the recently adopted regulations pursuant to the Sarbanes-Oxley Act of 2002, the lead audit partner having primary responsibility for the audit and the concurring audit partner will be rotated every five years beginning with the 2004 audit year.

A representative of Ernst & Young LLP will be present at the meeting with the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

Summary of Auditor's Fees for 2002

Audit Fees. Ernst & Young LLP's fees for the Company's annual audit were \$3.6 million in 2002 and \$3.1 million in 2001.

Audit-Related Fees. Ernst & Young LLP's fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements were \$2.6 million in 2002 and \$2.4 million in 2001. Audit-related services generally include fees for service auditor reviews, subsidiary and employee benefit plan audits, business acquisitions and accounting consultations.

Tax Fees. Ernst & Young LLP's fees for tax compliance, tax advice, and tax planning services to the Company were \$1.7 million in 2002 and \$1.2 million in 2001.

All Other Fees. Ernst & Young LLP's fees for all other professional services rendered to us during 2002 were \$0.8 million for 2002 and \$0.2 million for 2001. These fees primarily are related to treasury and business advisory services.

In the event the shareholders fail to ratify the appointment, the Audit Committee of the Board of Directors will consider it a direction to select other auditors for the subsequent year. Even if the selection is ratified, the Audit Committee, in its discretion, may select a new independent accounting firm at any time during the year if it feels that such a change would be in the best interest of the Company and its shareholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR PROPOSAL 2.

GOVERNANCE OF THE COMPANY

In accordance with applicable Delaware law, the business of the Company is managed under the direction of its Board of Directors. Pursuant to the Company's Second Amended and Restated Certificate of Incorporation, the Board of Directors is to consist of not less than one nor more than fifteen Directors. Directors are divided into three classes and Directors in each class are elected for a three-year term. During 2002, the Board of Directors met nine times (not including Committee meetings). Each of the Directors attended at least 75 percent of the aggregate number of meetings of the Board and Board committees on which they served during 2002, except for Mr. Schwartz who attended ten of fifteen meetings for a 66.7% attendance rate.

INDEPENDENCE OF DIRECTORS

The Board of Directors believes that a majority of its members are independent outside directors. A director is independent if they have had no material relationship with the Company and otherwise satisfy the independence requirements of the New York Stock Exchange. The Board believes that the following relationships are immaterial for purposes of determining independence: (i) owning or holding options to acquire First Data Common Stock, (ii) service as an officer or employee of First Data or its subsidiaries that ended more than five years ago, (iii) any prior service as an interim Chief Executive Officer of First Data, (iv) employment or affiliation with the auditor of First Data that ended more than

Edgar Filing: FIRST DATA CORP - Form DEF 14A

five years ago, (v) having a family member that is an employee but not an executive officer of First Data, (vi) any relationship that is not required to be disclosed in the Corporation's annual proxy statement, and (vii) owning part of a company in which First Data also has an ownership interest if there is no other material relationship between First Data and such company. All other relationships are reviewed on a case-by-case basis. The Board has reviewed the independence of the current directors under these standards and found Ms. Davis, Mr. Jones, Mr. Russell, Ms. Spero, and Mr. Weinbach to be independent. The Board also found Mr. Schwartz to be independent although he was associated with one series of transactions outside of the standards. Mr. Schwartz is the Chairman, Chief Executive Officer and a shareholder of less than five percent of the outstanding shares of Loral Space & Communications LTD ("Loral"). In 2002, the Company paid \$158,000 to a subsidiary of Loral for satellite telecommunication services, which represented approximately 0.015% of the total revenues of Loral. The Board determined that these payments were insignificant to Loral as well as Mr. Schwartz and, therefore, did not affect his independence.

The Board of Directors has determined that Mr. Jones and Mr. Weinbach are audit committee financial experts as defined by Item 401(h) of Regulation S-K of the Securities and Exchange Commission. On March 5, 2003, the Board of Directors established the Corporate Governance Committee which consists of two or more directors who have no material relationship with the Company and are otherwise independent under the rules of the New York Stock Exchange. The current members of the Corporate Governance Committee are Joan E. Spero (Chairperson), Alison Davis, and Bernard Schwartz. The Corporate Governance Committee is responsible for (i) establishing criteria for selecting new Directors, (ii) assessing, considering and recruiting candidates to fill positions on the Board of Directors, (iii) recommending the director nominees for approval by the Board of Directors and the shareholders, (iv) establishing and recommending to the Board of Directors guidelines for the removal of directors, (v) reviewing the desirability of and recommending policies from time to time regarding term limits and mandatory retirement for directors, (vi) reviewing at least annually and recommending modifications to the Board of Directors corporate governance guidelines, (vii) advising the Board of Directors with respect to the charters, structure, operations and membership qualifications for the various Board committees of the Board of Directors, (viii) establishing and implementing self-evaluation procedures for the Board of Directors and its committees, (ix) reviewing and making recommendations regarding the succession plans relating to positions held by senior executive officers of the Company. The members of the Executive Committee are James D. Robinson III (Chairperson), Charles T. Fote, and Courtney F. Jones. The Executive Committee meets in place of the full Board of Directors in intervals between meetings of the Board. The Committee may act on behalf of the Board of Directors on all matters permitted by the General Corporation Law of the State of Delaware. The Executive Committee met four times in 2002.

On March 7, 2001, the Board of Directors established the Oversight Committee which consists of one or more directors who, in the judgment of the Board of Directors, have no material relationship with the Company and are otherwise independent under the rules of the New York Stock Exchange. The Committee's current membership consists of Courtney F. Jones (Chairperson), who also serves as Chairperson of the Audit Committee. The Oversight Committee is responsible for (i) reviewing intercompany transactions and relationships that involve potential conflicts of interest with related parties, (ii) establishing policies and procedures regarding relationships with related parties, (iii) reviewing compliance with such policies and procedures, and (iv) approving in advance transactions or relationships involving a conflict of interest between the Company and related parties in cases in which management or the Committee deems approval is required to protect the interests of shareholders of the Company. During 2002, the Oversight Committee met eight times.

Beginning in 2003, the non-management directors will meet in regularly scheduled executive sessions without management to promote open and honest discussion. The Chairperson of the Corporate Governance Committee shall be the presiding director at these meetings.

COMPENSATION OF DIRECTORS

Directors who are not employees of the Company or its affiliates were paid an annual retainer of \$50,000. In addition, a non-employee chairperson of a standing committee receives an annual retainer of \$8,000. Because of the additional time commitment required of the chairperson of the special Oversight Committee established by the Board, the chairperson of the Oversight Committee receives an annual retainer of \$60,000. Non-employee directors have the option of electing to receive all or a portion of the annual retainer fees in the form of stock option grants pursuant to the First Data Corporation 1993 Director's Stock Option Plan. Non-employee directors also receive annual grants of non-qualified options pursuant to the same plan. Each non-employee director receives options for 20,000 shares of Common Stock upon commencing services as a director and options for 8,000 shares of Common Stock on the date of each annual shareholders' meeting thereafter, except that on the fourth annual shareholders' meeting after the initial grant and every third annual shareholders' meeting thereafter, instead of options for 8,000 shares, each non-employee director receives options for 28,000 shares. Each non-employee director who serves at the request of the Company on the governing board of an entity in which the Company has a significant ownership or business interest also receives options for 4,000 shares of Common Stock upon initial appointment to that board and options for 4,000 shares of Common Stock each year thereafter as long as he or she remained a non-employee director and continued to serve on such board at the request of the Company. Directors are reimbursed for their actual expenses incurred in attending Board, committee and shareholder meetings, including those for travel, meals and lodging.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors of the Company oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The Company's Board of Directors has adopted a written charter for the Audit Committee, which is included as Exhibit A to this Proxy Statement.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements of the Company and its subsidiaries to be set forth in the Company's 2002 Annual Report to Shareholders and the Company's Annual Report on Form 10-K for the year ended December 31, 2002 with management of the Company. The Audit Committee also discussed with Ernst & Young LLP, independent auditors for the Company, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended. The Statement on Auditing Standards No. 61 includes, among other items, matters relating to the conduct of an audit of the Company's financial statements under generally accepted auditing standards.

The Audit Committee has received the written communication from Ernst & Young LLP required by Independence Standards Board Standard No. 1, has considered the compatibility of nonaudit services with the auditors' independence, and has discussed with Ernst & Young LLP their independence from the Company.

In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for 2002 for filing with the Securities and Exchange Commission.

REPORT OF THE OVERSIGHT COMMITTEE

The Oversight Committee assists the Board of Directors of the Company in overseeing transactions between the Company and related parties to protect the interests of the Company's shareholders. In reviewing transactions and creating policies and procedures, the Oversight Committee considers a number of factors, including the interests of the Company's shareholders, the significant investment that the Company and the shareholders have made in related parties, the importance of the business objectives of the related parties to the Company and the present and future value of the related parties to the Company's shareholders. During 2002, the Oversight Committee met eight times. The Committee reviewed eight transactions and determined that the transactions had been negotiated in an arm's-length manner on commercially reasonable terms that were fair to the Company. The Committee also reviewed the current status of the Company's relationships with related parties.

OVERSIGHT COMMITTEE

**EXECUTIVE COMPENSATION REPORT BY THE COMPENSATION
AND BENEFITS COMMITTEE**

The Compensation and Benefits Committee (the "Committee") consists of three independent, non-employee directors. The Committee establishes executive compensation policies and employee benefits plans. It also sets the bonus awards for senior management, including the Named Executives.

Compensation Philosophy. First Data operates in a competitive and rapidly changing industry. The Company believes that its executive compensation programs should be designed to attract, retain and motivate executives who possess the high-quality skills and talents necessary to grow and transform the business. These programs are also designed to reflect the Company's belief that the interests of its Chief Executive Officer (CEO) and senior management should be aligned with those of the shareholders.

In furtherance of its objectives, the Committee has structured the CEO and senior management's total compensation as a combination of base salary, annual incentive compensation, stock options and a long-term incentive award. For these executives, the Committee has determined that a significant portion of total compensation should be comprised of "at-risk," performance-based components. The at-risk components are structured to reward results that benefit shareholders and are not earned unless specific, pre-established goals are met.

The Committee seeks to set executive compensation at appropriate and competitive levels. In this regard, the Committee relies on market data provided by surveys conducted by external compensation consultants. The Committee's philosophy is that base salary and annual incentive compensation should be competitive with the market, and, based upon the Company's financial performance both as a whole and relative to specific targets, that long-term incentive compensation should directly align with the value created for shareholders.

Base Salary. It is the Committee's policy, in setting total compensation, that while base salary should remain competitive, annual and long-term incentive compensation should be emphasized. Accordingly, the CEO's salary is targeted between the 50th and 75th percentile of market. The salaries of the other Named Executives are targeted to reflect salaries at approximately the 75th percentile of market. The Committee targets the total compensation to be paid when pre-established performance goals are achieved to be at or above the 75th percentile of market.

Annual Incentive Compensation. The Committee implemented a separate annual incentive plan for the CEO and Chief Operating Officer in 1999, after obtaining shareholder approval to maintain the tax deductibility of the incentive plan payments. The Senior Executive Incentive Plan provides an annual incentive opportunity based on the performance of Company earnings before interest expense and taxes (EBIT). For 2003, the Committee has determined to include additional objectives for performance of Company earnings per share (EPS), which may reduce the amount otherwise payable under the Plan. The 2003 Plan is designed to focus attention and efforts on both of these important financial measurements.

For executive management, except Mr. Fote, the Company adopted an annual management incentive program with bonus targets payable if specific goals are achieved. The annual incentive opportunity is based on the overall performance of the Company, a business unit and achievement of the executive's individual objectives. The purpose of this incentive is to tie a significant portion of annual pay directly to key financial results and other important objectives.

Edgar Filing: FIRST DATA CORP - Form DEF 14A

Stock Options. The Committee has established an annual option grant program under which the number of option grants made each February to the Named Executives and other senior management is performance driven. In 2003, the CEO was eligible for up to 200,000 options and each of the other Named Executives was eligible for a maximum grant of 60,000 options.

Long-Term Incentive Compensation. Because the Committee considers a long-term orientation essential for the CEO and members of executive management, a major part of their incentive compensation is based on the Company's Shareholder Value Plan. Under the plan, performance units are awarded each year at the beginning of a two-year performance period. The value of the performance unit awards is determined at the end of this period by measuring the Company's total shareholder return compared to the total shareholder return of the companies in the S&P 500 Index over the same period (subject to the Committee's discretion to adjust downward). The awards reach their maximum value if the percentage increase in the price of the Company's Common Stock, plus dividends, exceeds that of 75% of the companies in the S&P 500 Index. This award amount is banked for an additional two-year period and increases annually by an amount equal to 50% of the Company's return on equity percentage or, if the return on equity is negative, decreases by an amount equal to 100% of the Company's return on equity percentage.

The increase in the Company's Common Stock during the performance period beginning January 1, 2001 and ending December 31, 2002 was at the 89th percentile of the companies in the S&P 500 Index, resulting in the maximum unit value of \$2,000,000 to Mr. Fote, and up to \$900,000 for other Named Executives.

Performance Reviews. Although the CEO's annual and long-term incentive award is formula driven (subject to the Committee's discretion to make a downward adjustment), the Committee developed a formalized process for providing performance review and feedback to Mr. Fote. For 2003, the outside Board members and Mr. Fote mutually developed goals for him in several major areas. Similarly, in February 2003, Mr. Fote reviewed his assessment of each of the other Named Executives with the outside Board members and received their input. Mr. Fote then met with each of the Named Executives to discuss performance and set performance goals for 2003.

Policy on Deductibility of Compensation. Section 162(m) of the Internal Revenue Code limits the Company's tax deduction to \$1 million for compensation paid to any of the Named Executives unless certain requirements are met. The Company's 1992 and 2002 Long-Term Incentive Plans, Shareholder Value Plan, and the Company's Senior Executive Annual Incentive Plan are designed to meet those requirements. The Committee generally administers these programs to obtain full deductibility of executive compensation under Section 162(m) unless it determines that to do so would not be in the best interest of the Company and its shareholders.

Edgar Filing: FIRST DATA CORP - Form DEF 14A

- (1) Based on options to purchase an aggregate of 16,049,403 shares granted to employees under the First Data Corporation 1992 and 2002 Long-Term Incentive Plans during 2002.
- (2) Mr. Fote's annual option grant for 2002 was made in December 2001 upon his election as Chief Executive Officer of the Company.
- (3) Options were granted under the First Data Corporation 1992 Long-Term Incentive Plan and carry an exercise price of 100% of the fair-market value of the underlying Common Stock on the date of grant and become exercisable in increments of one-fourth each year beginning on the first anniversary of the date of the grant. All share amounts reflect the Company's 2-for-1 stock split on June 4, 2002.
- (4) These values were calculated using the Black-Scholes single option-pricing model, a formula widely used and accepted for valuing traded stock options. The model is based on immediate exercisability and transferability, which are not features of the options shown in the table. Any ultimate value will depend on the market value of the Company's stock at a future date. The following assumptions were used to calculate the values for grants under the First Data Corporation 1992 Long-Term Incentive Plan: estimated future dividend yield of .21%; expected price volatility of 40.00%; weighted average risk-free rate of return of 4.2000%; and option holding period of 5 years.

- (1) The amounts shown for options granted under the First Data Corporation 1992 and 2002 Long-Term Incentive Plan reflect the \$35.6800 fair market value of the Company's stock on December 31, 2002 less the option exercise price, but they do not reflect the impact of taxes.
- (2) Options granted under the First Data Corporation 1992 Long-Term Incentive Plan. All share amounts reflect the 2-for-1 stock split on June 4, 2002.

LONG-TERM INCENTIVE PLANS GRANTS IN 2002

The following table sets forth information regarding grants made in 2002 under the Shareholder Value Plan to the Named Executives for the four-year period beginning January 1, 2002:

Name	Number of Shares, Units or Other	Performances or Other Period Until	Estimated Future Payouts under Non-Stock Price-Based Plans

Edgar Filing: FIRST DATA CORP - Form DEF 14A

	Rights(#)(1)	Maturation or Payout	Estimated Future Payouts under Non-Stock Price-Based Plans		
			Threshold (\$)(2)	Target (\$)(3)	Maximum (\$)(4)
Charles T. Fote	0	4 years	660,000	N/A	3,600,000
Pamela H. Patsley	0	4 years	275,000	N/A	900,000
Michael T. Whealy	0	4 years	250,000	N/A	750,000
Kimberly S. Patmore	0	4 years	250,000	N/A	750,000
Guy A. Battista	0	4 years	250,000	N/A	750,000

- (1) The Company's long-term incentives under the Shareholder Value Plan are not based on shares, units or rights. Under the terms of the plan, at the end of a two-year performance period, a unit value, i.e. the award, is established for each executive based on the performance of the Company's Common Stock as compared to the performance of companies in the S&P 500 Index, subject to the Committee's discretion to reduce the award produced by the formula based on factors it determines in its discretion. Those unit values or awards are banked for an additional two-year period, until payout of the award, during which time the amount will be increased by a percentage equal to 50% of the shareholders' return on equity each year, or, if return on equity is negative, decreased by a percentage equal to 100% of the shareholders' return on equity each year. For the two-year performance period ended December 31, 2002, the formula produced a unit value of \$750,000 for Messrs. Battista and Whealy and Ms. Patmore, a unit value of \$900,000 for Ms. Patsley and a unit value of \$2,000,000 for Mr. Fote.
- (2) Two thresholds must be met before any unit value is established for any of the Named Executives. First, the rate of total shareholders' return must exceed the average two-year treasury note rate of return for the 60-day period prior to the performance period. Second, no unit value is established if the percentage increase in the Common Stock price, plus dividends, does not exceed the percentage increase of at least 50% of the companies in the S&P 500 Index. Amounts shown are the unit values, which would be established under the plan formula applicable to each executive if the thresholds are met, but not exceeded. As noted in footnote (1), these amounts will increase or decrease during the two-year banking period after they are set based on the Company's return on equity.
- (3) No performance level or pay level has been identified as a target.
- (4) Amounts shown are the maximum unit values, which may be established at the end of the performance period. The ultimate payout is determined by the Company's return on equity over the two-year banking period after the unit value is established, and may be greater or less than the amount shown. No limit has been placed on the potential increase or decrease.

RETIREMENT PLANS

The Company's defined benefit retirement plans were frozen in 1997. Each of the following Named Executives has a frozen benefit which would provide for an annual payment at age 65 of approximately: \$97,246 for Mr. Fote, \$5,618 for Mr. Whealy, \$2,168 for Ms. Patmore, and \$6,052 for Mr. Battista.

All of the Company's Named Executives participate in the Company's defined contribution plans. The Company's contributions to its defined contribution plans on behalf of the Named Executives are shown in the "All Other Compensation" column of the Summary Compensation Table.

CHIEF EXECUTIVE OFFICER SUCCESSION ARRANGEMENT WITH MR. DUQUES

In connection with the Chief Executive Officer succession, Mr. Duques became a non-executive employee of the Company on January 1, 2002 and performed certain duties in that capacity until April 2003. During that time Mr. Duques (1) continued to be eligible to participate in our compensation and benefit programs, including salary at a rate of \$1,000,000 per year, (2) received an annual incentive award of \$936,000 for 2002, (3) was reimbursed for expenses he incurred when on Company business at our request, and (4) was provided access to Company services when he was on Company business at our request. Mr. Duques forfeited all options that he held that had not vested by the date he left his employment with the Company. Any options that did vest must be exercised within three years of his last date of employment with the Company as provided by the Company's 1992 Long-Term Incentive Plan.

All payouts under the Shareholder Value Plan and deferred compensation programs in which he participated will be made in accordance with the terms of the plans and the elections previously made by Mr. Duques.

As previously described in the 2002 Proxy Statement, the Company will provide Mr. Duques with an office and administrative assistance for one year and financial consulting services for three years after the date he left employment with the Company. The Company also will transfer to Mr. Duques his executive life insurance policy with sufficient cash value to continue the \$1.5 million death benefit to approximately age 83 without additional premiums. He may retain the life insurance coverage or cash out any value in the policy. The Company also gave Mr. Duques an automobile at a total cost of \$61,742 in recognition of his twelve years of outstanding leadership of the Company. There were no material changes to these arrangements from those previously disclosed.

PERFORMANCE GRAPH

The following graph compares the yearly percentage change in cumulative total shareholder return on Common Stock of the Company since December 31, 1997 with the cumulative total return over the same period of (i) the S&P 500 Index, and (ii) a peer group selected by the Company. The peer group is composed of ten computer services companies with market capitalizations over one billion dollars. Additionally, during 2001, two of the companies in the peer group, Equifax Inc. and Ceridian Corp., were involved in transactions that resulted in both companies being split into two public companies. Both the original companies as well as the two new companies that resulted from the split are included in the peer group to show an accurate return on the ownership of stock in the two companies since the beginning of 2001. In 2002, one of those companies, Arbitron Inc. has been omitted from the peer group as it is not in the same line of business or industry as the Company. The following companies comprise the peer group: Automatic Data Processing Inc.; Ceridian Corporation; Certegy Inc.; Computer Sciences Corporation; DST Systems, Inc.; Electronic Data Systems Corporation; Equifax Inc.; Fiserv, Inc.; Paychex, Inc.; SunGard Data Systems, Inc.; and Total System Services, Inc. (the "Peer Group").

Pursuant to rules of the Securities and Exchange Commission ("SEC"), the comparison assumes \$100 was invested on January 1, 1998 in the Company's Common Stock and in each of the indices and assumes reinvestment of dividends, if any. Also pursuant to SEC rules, the returns of each of the companies in the peer group are weighted according to the respective company's stock market capitalization at the beginning of each period for which a return is indicated. Historic stock price is not indicative of future stock price performance.

Employment Agreement. In 2002, Robert Levenson, a former director and employee of the Company, received \$268,387 for services he performed for the Company pursuant to the Agreement and Release between Mr. Levenson and the Company dated June 6, 2000. A copy of the Agreement and Release previously was filed as Exhibit 10.2 to the Company's Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2000. Mr. Levenson also received a payout of \$467,989 under the Company's Shareholder Value Plan for an award that was banked under the Plan at the end of the two-year performance period ended December 31, 1999 and \$985,117 for the period ended December 31, 2000. The Company's Shareholder Value Plan previously was approved by shareholders.

eONE Global. The eONE Global business was formed in November 2000 by the Company and iFormation Group. iFormation Group is a partnership of The Boston Consulting Group, General Atlantic Partners, LLC and the Goldman Sachs Group. At the time eONE Global was formed, the Company contributed assets valued at approximately \$360 million, iFormation Group contributed \$120 million, and the Company and iFormation also committed approximately \$100 million in cash, proportionate to their ownership levels, for future business development. The Company owns the majority of the outstanding equity in eONE Global. Henry C. Duques, James D. Robinson III, and Charles T. Russell, directors of the Company, are members of the Board of Directors of eONE Global. Garen K. Staglin, a director of the Company until his resignation on March 6, 2002, also is a director and Chief Executive Officer of eONE Global and the owner of 4,221,657 Class B Common Limited Partnership Interests in eONE Global. The Company and its subsidiaries are involved from time to time in transactions with eONE

Edgar Filing: FIRST DATA CORP - Form DEF 14A

Global and its subsidiaries. The Oversight Committee of the Board of Directors reviews these transactions to confirm that procedures established by the Oversight Committee were followed. These procedures are intended to ensure that the transactions are commercially reasonable and fair to the Company.

In connection with the formation of eONE Global, the boards of directors of both the Company and eONE Global approved members of the Company's Executive Committee receiving options to purchase equity interests in eONE Global. Recognizing the potential for conflicts of interest, in March 2001 the Board of Directors of the Company established the Oversight Committee to, among other things, review transactions between eONE Global and the Company. In early 2002, First Data's executive officers who had received eONE Global options surrendered those options for no consideration in order to remove any appearance of conflict. At present, the Oversight Committee intends to continue to review certain transactions between the Company and eONE Global.

Garen K. Staglin. As discussed above, Garen K. Staglin was a director of the Company until his resignation on March 6, 2002. He agreed to serve as an emerging payments advisor to the Chairman and the Chief Executive Officer of the Company, without additional compensation. Mr. Staglin also is a director and Chief Executive Officer of eONE Global. During 2002, Mr. Staglin was paid a salary for his services to eONE Global at a rate of \$350,000 per year which increased to \$400,000 beginning March 1, 2002, a bonus of \$1,249,610, and received employee benefits comparable to those received by other employees of eONE Global. Mr. Staglin's compensation was unanimously approved by the eONE Global Compensation Committee which includes a representative of iFormation Group, an equity holder of eONE Global that is unrelated to the Company. On February 1, 2001, eONE Global loaned Mr. Staglin \$16,886,628 at 7.4% interest to allow Mr. Staglin to exercise his options to purchase 4,221,657 Class B Common Limited Partnership Interests ("Class B Units") of eONE Global. The Class B Units are nonvoting, restricted interests which will vest over a four-year period. The loan is secured by the Class B Units, is 50% recourse to Mr. Staglin as to principal and 100% recourse as to interest and matures upon the sale of any of the interests or ten years from the date of the note. Effective April 1, 2002, the interest rate on the note was decreased to 5.37% to reflect market interest rates. This reset of the interest rate will be performed annually each April 1st. The largest amount of principal outstanding on the loan during the year was \$16,709,668 which is also the current principal balance.

AUDIT COMMITTEE CHARTER

I. PURPOSE AND ORGANIZATION

The purpose of the Audit Committee of the Board of Directors is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to: (i) the integrity of the Corporation's financial statements, (ii) the Corporation's compliance with legal and regulatory requirements, including the Company's disclosure controls and procedures, (iii) the independent auditor's qualifications and independence, (iv) the performance of the Corporation's internal audit function and independent auditors, and (v) the Corporation's contingency plans for business continuity. The Committee also must prepare the report that is required to be included in the annual proxy statement pursuant to the rules of the Securities and Exchange Commission.

The Committee shall consist of three or more directors each of whom the Board has determined has no material relationship with the Corporation and each of whom is otherwise "independent" under the rules of the New York Stock Exchange. The Board also shall determine that each member is financially literate, and that at least one member has accounting or related financial management expertise. No director may serve as a member of the Committee if such director serves on the audit committees of more than two other public companies unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee.

Members and the Chairperson shall be appointed by the Board for such term as the Board may determine, and shall serve at the pleasure of the Board.

The function of the Committee is oversight. The Committee does not prepare financial statements or disclosures or perform audits, and its members are not auditors and do not certify the Corporation's financial statements. These tasks are performed by management, the internal auditors or the independent auditors of the Corporation.

The Committee shall meet at least once every fiscal quarter. The Committee periodically should meet separately with management, the manager of the internal audit department and the independent auditors to discuss any matters that the Committee or any of these persons or firms believe should be discussed privately. The Committee may request any officer or employee of the Corporation, or any outside counsel or independent auditors of the Corporation to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. Each year the Committee shall establish a schedule of meetings; additional meetings may be scheduled as required.

A quorum at any Committee meeting shall be at least two members. All determinations of the Committee shall be made by a majority of its members present at a meeting duly called and held, except as provided herein (or where only two members are present, by unanimous vote). Any decision or determination of the Committee reduced to writing and signed by all of the members of the Committee shall be fully as effective as if it had been made at a meeting duly called and held.

The Chairperson of the Committee shall be responsible for establishing the agendas for meetings of the Committee. An agenda, together with materials relating to the subject matter of each meeting, shall be sent to members of the Committee prior to each meeting. Minutes for all meetings of the Committee shall be prepared to document the Committee's discharge of its responsibilities. The minutes shall be circulated in draft form to all Committee members to ensure an accurate final record, shall be approved at a subsequent meeting of the Committee and shall be distributed periodically to the full Board of Directors. The Committee shall make regular reports to the Board of Directors.

II. COMMITTEE DUTIES AND RESPONSIBILITIES

The Committee shall have the following duties and responsibilities and such other duties and responsibilities as the Committee deems appropriate to assist the Board in fulfilling the oversight responsibilities outlined in Section I. Except as otherwise noted, the Committee will

Edgar Filing: FIRST DATA CORP - Form DEF 14A

determine the frequency with which it will perform the following enumerated duties and responsibilities as necessary to discharge its function.

3. On an annual basis, review and discuss with the independent auditors all relationships the independent auditors have with the Corporation in order to evaluate the auditor's independence. The Committee shall: (i) ensure that the independent auditors submit to the Committee on an annual basis a written statement (consistent with Independent Standards Board Standards No. 1) delineating all relationships and services that may impact the objectivity and independence of the independent auditors; (ii) discuss with the independent auditors any disclosed relationship or services that may impact the objectivity and independence of the independent auditors; and (iii) satisfy itself as to the independence of the independent auditors.
4. Review the qualifications, performance and independence of the lead audit partner of the independent auditors.

7. Have a clear understanding with the independent auditors that they are ultimately accountable to the Board of Directors and the Committee, as the shareholders' representatives.

B. With respect to financial reporting

8. Review and discuss with management, independent auditors and internal auditors the annual audited financial statements and quarterly financial statements, including the Corporation's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations."

14. Review the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Corporation.
15. Discuss with the independent auditors their judgments about the quality, appropriateness and acceptability of the Corporation's accounting principles and financial disclosure practices, as well as the completeness and accuracy of the Corporation's financial statements.
16. Recommend to the Corporation's Board of Directors whether the audited financial statements should be included in the Corporation's Annual Report on Form 10-K to be filed with the Securities and Exchange Commission.
17. Prepare any report or other disclosures required by the rules of the Securities and Exchange Commission to be included in the Corporation's annual proxy statement and any other Committee report required by applicable securities laws or stock exchange requirements.
18. Discuss the types of financial information to be disclosed in earnings press releases and types of presentations to be provided to analysts and rating agencies.
19. Review related-party transactions for financial disclosure purposes.
20. Review funding status and potential liabilities regarding the Corporation's employee benefit plan to ensure the adequacy of the Corporation's financial reporting.
21. Review and discuss management's, the internal auditors' and the independent auditor's assessment of the Corporation's exposure to risk and the guidelines and policies to manage such risk, and to discuss the Corporation's major financial risk exposures and the steps management has taken to monitor and control such exposures.
22. Review with management the Corporation's disclosure controls and procedures, and quarterly review management's conclusions about the efficacy of such disclosure controls and procedures, including any significant deficiencies in, or material non-compliance with, such controls and procedures.

By completing and mailing this card in time for delivery before May 16, 2003, you will have voted all of your shares held in the ISP and the ESPP. If you own FDC shares outside of these plans, you will receive separate proxy materials which you should complete and return in the envelope provided with those materials.

Voting authorization for ISP Shares I hereby instruct the Trustee under the ISP, to vote, in person or by proxy, all shares of Common Stock of FDC allocated to my account under the ISP at the Annual Meeting of Stockholders of FDC to be held on May 21, 2003, and at any postponement or adjournment thereof, in the manner specified on the reverse side of this card. The Trustee will vote the ISP shares represented by the voting instruction if properly completed and signed by me and received back by May 16, 2003. **The ISP Trust Agreement instructs the Trustee to vote FDC shares allocated to my ISP account for which the Trustee has not received instructions from me in the same proportion on each issue as it votes those shares credited to participants' accounts for which the Trustee received instructions from participants.**

Voting Authorization for ESPP shares I hereby appoint Charles T. Fote and Michael T. Whealy, as Proxies, each with the power to appoint his substitute, and hereby authorize them to represent and to vote, as designated below, all the shares of Common Stock of FDC beneficially held by me in the ESPP on March 24, 2003, at the Annual Meeting of Stockholders of FDC to be held on May 21, 2003, and at any adjournment or postponement thereof, in the manner specified on the reverse side of this card. With respect to ESPP Shares, this Proxy, when properly executed, will be voted as directed by the undersigned stockholder. **If no direction is given, this Proxy will be voted for the election of the Directors indicated and for the approval of Item 2.**
