NOTICE OF 2012 ANNUAL MEETING OF STOCKHOLDERS

To be held on Thursday, May 10, 2012

To the Stockholders of

EDWARDS LIFESCIENCES CORPORATION

The 2012 Annual Meeting of Stockholders of Edwards Lifesciences Corporation, a Delaware corporation (the "Company"), will be held at the corporate headquarters of the Company, located at One Edwards Way, Irvine, California 92614 on Thursday, May 10, 2012, at 10:00 a.m., Pacific Daylight Time, for the following purposes:

1. To elect the three nominees identified in the attached proxy statement (the "Proxy Statement") as directors for the terms described therein;
2. To approve an amendment and restatement of the Company's Long-Term Stock Incentive Compensation Program (the "Long-Term Stock Program") to increase the total number of shares of common stock available for issuance under the Long-Term Stock Program by 1,500,000 shares;
3. To approve, in a non-binding vote, the compensation of the Company's Named Executive Officers as described in the Proxy Statement;
4. To ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year 2012;
5. To consider two stockholder proposals, if properly presented at the annual meeting; and
6. To transact such other business as may properly come before the Annual Meeting of Stockholders or any adjournment thereof.

The Board of Directors has fixed the close of business on Friday, March 16, 2012, as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting of Stockholders.

Your attention is directed to the accompanying Proxy Statement. Whether or not you plan to attend the meeting in person, please vote your shares in one of the following three ways: (1) complete, sign, date, and return the enclosed proxy card in the enclosed, postage-prepaid envelope; (2) call the toll-free number listed on the proxy card; or (3) access the Internet as indicated on the proxy card. If you attend the meeting and wish to vote in person, you may withdraw your proxy and vote your shares personally.

By Order of the Board of Directors,

Denise E. Botticelli

EDWARDS LIFESCIENCES CORPORATION

PROXY STATEMENT FOR THE 2012 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Edwards Lifesciences Corporation, a Delaware corporation (the "Company"), for use at the 2012 Annual Meeting of Stockholders (the "Annual Meeting") to be held at 10:00 a.m., Pacific Daylight Time, on Thursday, May 10, 2012, at the corporate headquarters of the Company, located at One Edwards Way, Irvine, California 92614.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be Held on May 10, 2012: Pursuant to rules promulgated by the Securities and Exchange Commission (the "SEC"), we have elected to provide access to our proxy materials both by sending you this full set of proxy materials, including a proxy card, and by notifying you of the availability of our proxy materials on the Internet. This proxy statement and our fiscal 2011 Annual Report are available at our website at www.edwards.com. Additionally, as required by SEC rules, you may access our proxy statement at www.edwards.com/2012proxy, which does not have "cookies" that identify visitors to the site.

These proxy materials are first being sent to stockholders on or about March 30, 2012.

Record Date and Stockholder List

The Board has fixed the close of business on Friday, March 16, 2012, as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. On March 16, 2012, the Company had outstanding 113,770,140 shares of common stock. A list of stockholders of record entitled to vote at the Annual Meeting will be available for inspection by any stockholder, for any purpose germane to the meeting, during normal business hours, for a period of ten days prior to and including the date of the meeting, at the offices of the Company located at One Edwards Way, Irvine, California 92614.

How to Vote

Whether or not you plan to attend the Annual Meeting, please vote in one of the following three ways:

By Mail complete, sign, date, and mail your proxy card in the enclosed, postage-prepaid envelope;

By Telephone call the toll-free number listed on the proxy card; or

By Internet access the Internet as indicated on the proxy card.

You may also vote in person if you attend the Annual Meeting.

Appointment of Proxies

The proxy holders appointed by the Company will vote your shares according to your instructions. If you return a properly signed and dated proxy card, but do not mark a choice on one or more items, (i) your

Edgar Filing: Edwards Lifesciences Corp - Form DEF 14A

Table of Contents

shares will be voted in accordance with the recommendations of the Board as set forth in this Proxy Statement:

FOR the election of the named director nominees;

FOR the amendment and restatement of the Long-Term Stock Incentive Compensation Program (the "Long-Term Stock Program");

FOR the approval of the compensation of the Company's Named Executive Officers (as defined below);

FOR the ratification of the appointment of PricewaterhouseCoopers LLP ("PwC") as the Company's independent registered public accounting firm for fiscal year 2012; and

AGAINST the stockholder proposal to eliminate supermajority votes; and

(ii) your shares will **ABSTAIN** from voting on the stockholder proposal to declassify the Board.

With respect to any other matter properly presented at the Annual Meeting, the proxy card gives authority to the proxy holders to vote the stockholder's shares in the proxy holder's discretion.

Revocation of Your Proxy

You may revoke your proxy at any time before it is voted at the Annual Meeting by delivering written notice of revocation to the Secretary of the Company, by submitting a subsequently dated proxy, by subsequently voting by telephone or by the Internet, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not itself revoke an earlier submitted proxy.

Broker Voting

Brokers holding shares of record for their customers generally are not entitled to vote on certain matters, including the election of directors, matters relating to equity compensation plans or executive compensation and certain corporate governance proposals, unless their customers give them specific voting instructions. If the broker does not receive specific instructions, the broker will note this on the proxy form or otherwise advise the Company that it lacks voting authority. The votes that the brokers would have cast if their customers had given them specific instructions are commonly called "broker non-votes."

Quorum

The presence at the Annual Meeting, in person or by proxy, of holders of at least a majority of the outstanding shares of common stock entitled to vote is necessary to constitute a quorum to transact business at the Annual Meeting. Shares represented at the meeting are counted toward a quorum even if the holder of such shares abstains from voting. Shares held by brokers are not counted toward a quorum unless the broker has authority to vote upon at least one matter at the Annual Meeting.

Required Vote for Election of Directors

Each stockholder is entitled to one vote per share on each proposal to be voted upon at the meeting. Each director will be elected by a majority of votes cast, which means that the number of shares voted "for" each of the nominees for election to the Board must exceed 50% of the number of votes cast with respect to each nominee's election. Abstentions and broker non-votes will not be counted as votes cast "for" or "against" a director and consequently will have no effect on a director's election. In the event that the number of nominees exceeds the number of directors to be elected, which is a situation that we do not anticipate, directors will be elected by a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors.

Table of Contents

Required Vote for Management and Stockholder Proposals

The affirmative vote of a majority of shares of common stock represented at the Annual Meeting, in person or by proxy, and entitled to vote is necessary for the approval of the amendment and restatement of the Long-Term Stock Program, the approval of the compensation of the Company's Named Executive Officers, the ratification of the appointment of PwC as the Company's independent registered public accounting firm for fiscal year 2012, and the approval of each of the two stockholder proposals.

If stockholder approval is not obtained for the amendment and restatement of the Long-Term Stock Program, then the number of shares reserved under the Long-Term Stock Program will not be increased and we may be unable to fully implement the long-term incentive component of our compensation program. Without the ability to use stock, the Company would consider replacing stock compensation with the equivalent in cash incentives in order to maintain a competitive compensation program. Cash incentive programs generally offer much less opportunity to link management compensation to stock performance and, in some cases, may result in annual cash compensation to executive officers that would not be deductible under Internal Revenue Code Section 162(m) ("Section 162(m)").

Because your vote on the compensation of the Company's Named Executive Officers is advisory, it will not bind the Board or the Compensation and Governance Committee (the "Compensation Committee"). However, the Board and the Compensation Committee will review the voting results and take the results into consideration in making future determinations on executive compensation.

With respect to each proposal, abstentions will have the effect of votes against the proposal. Broker non-votes with respect to each proposal, however, will not be considered as present and entitled to vote on that proposal. Shares held by beneficial owners who do not provide voting instructions with respect to the Long-Term Stock Program or the compensation of the Company's Named Executive Officers or the stockholder proposals to the stockholder of record may constitute broker non-votes with respect to such matters and as such will not be considered entitled to vote on such matters. However, in the event of such a failure to provide voting instructions with respect to the ratification of the appointment of PwC, the stockholder of record will have discretion to vote thereon.

Proxy Solicitation Costs

Your proxy is solicited by the Board and its agents and the cost of solicitation will be paid by the Company. Officers, directors, and regular employees of the Company, acting on its behalf, also may solicit proxies by mail, telephone, facsimile, email, or personal solicitation. The Company will, at its expense, request brokers and other custodians, nominees, and fiduciaries to forward proxy soliciting materials to the beneficial owners of shares held of record by such persons.

In addition, the Company has retained Georgeson Inc., ("Georgeson") to assist with the distribution and solicitation of proxies for a fee of \$20,000, plus expenses for these services. The Company also agreed to indemnify Georgeson against liabilities and expenses arising in connection with the proxy solicitation unless caused by Georgeson's gross negligence or intentional misconduct. Georgeson and the Company's officers, directors, and employees may supplement the original solicitation by mail of proxies by telephone, facsimile, e-mail, and personal solicitation. The Company will pay no additional compensation to its officers, directors, and employees for these activities.

Table of Contents

CORPORATE GOVERNANCE

Board Composition

The Board currently consists of eight directors divided into three classes as indicated below.

Proposal 1 Election of Directors

The Board nominates the nominees below to serve as directors for the terms indicated below, or until their successors are elected and qualified.

Current Class III Directors Nominated for Reelection for a Term Expiring in 2015

Mike R. Bowlin, age 69. Mr. Bowlin has been a director of the Company since 2000, and served as the Presiding Director until February 2012. He served as Chairman of the Board of Atlantic Richfield Company (which merged with BP Amoco in 2000) from 1995 until his retirement in 2000, as its President from 1993 to 1998 and as its Chief Executive Officer from 1994 to 2000. Mr. Bowlin has been a director of FMC Technologies, Inc., since 2001.

Mr. Bowlin's general management experience as Chairman and Chief Executive Officer at Atlantic Richfield Company, a complex global corporation, and business and risk oversight experience as a member of its Board of Directors, make him particularly well-suited to serve as a member of the Board. In addition, his extensive experience in managing diverse compensation and incentive programs is especially valuable in his role as Chairman of the Compensation and Governance Committee.

Barbara J. McNeil, M.D., Ph.D., age 71. Dr. McNeil has been a director of the Company since 2006. Since 1990, she has served as the Ridley Watts Professor of Health Care Policy at Harvard Medical School. In addition, since 1988, Dr. McNeil has served as the chair of the Department of Health Care Policy at Harvard Medical School. Since 1983, she has been a Professor of Radiology at both Harvard Medical School and Brigham and Women's Hospital. Dr. McNeil served as a director of CV Therapeutics, Inc., from 1994 to 2008. She also served as a director of Flagship Global Health, Inc., from 2005 to 2008. Dr. McNeil is a member of the Institute of Medicine of the National Academy of Sciences (where she was formerly chair of its Board of Healthcare Services) and the American Academy of Arts and Sciences. She is a member and former chair of the Medicare Evidence Development and Advisory Committee and is a member of the Blue Cross Medical Advisory Panel. Dr. McNeil holds an M.D. from Harvard Medical School and a Ph.D. in Biological Chemistry from Harvard University.

Dr. McNeil provides the Board with expertise related to a variety of scientific and medical matters from her broad experience in the academic and healthcare delivery worlds. Her experience in the healthcare policy arena also gives her insights into other medical-related organizations and the issues they face, and is quite complementary to the Board's experience and insight.

Table of Contents

Michael A. Mussallem, age 59. Mr. Mussallem has been Chairman of the Board and Chief Executive Officer of the Company since 2000. Prior to 2000, he held a variety of positions with increasing responsibility in engineering, product development, and senior management at Baxter International Inc., including Group Vice President of its Cardio-vascular business from 1994 to 2000, and Group Vice President of its Biopharmaceutical business from 1998 to 2000. Mr. Mussallem received his Bachelor of Science degree in Chemical Engineering from the Rose-Hulman Institute of Technology and was conferred an honorary Doctorate by his alma mater in 1999. He was a director of Advanced Medical Optics, Inc., from 2002 to 2009, where he chaired the Organization, Compensation and Corporate Governance Committee. Mr. Mussallem currently serves on the boards and executive committees of Advanced Medical Technology Association ("AdvaMed"), California Healthcare Institute, and OCTANe Foundation for Innovation, and is a trustee of the University of California, Irvine Foundation.

Mr. Mussallem has an extensive knowledge of the medical device industry in general, and of the people, operations, processes, and products of the Company, in particular, built over a 30-year career with the Company and its predecessor. In addition, he has played a leadership role in the medical device industry and, particularly through his roles on the board and executive committee of AdvaMed, the largest medical device trade organization in the world, has made important contributions to the healthcare policy discussions in California, the United States, and the key global markets that the Company serves. These external experiences also have fostered relationships, which are helpful in developing the Board's strategic perspective and enhance his leadership of the Company.

Each of the nominees standing for election has consented to serve as a director if elected. However, if any nominee becomes unable to serve before the election, the shares represented by proxy may be voted for a substitute nominee designated by the Board. No arrangement or understanding exists between any nominee and any other person or persons pursuant to which any nominee was or is to be selected as a director or nominee. None of the nominees has any family relationship with any other nominee or with any of the Company's executive officers.

Please see the remainder of this section entitled "Corporate Governance" for more information regarding the Board, the committees of the Board, director independence, and related matters.

**THE BOARD RECOMMENDS A VOTE "FOR" THE ELECTION
OF EACH OF THE NOMINEES FOR DIRECTOR.**

Table of Contents

Continuing Class I Directors Term Scheduled to Expire in 2013

Robert A. Ingram, age 69. Mr. Ingram has been a director of the Company since 2003. He has been a General Partner in the firm Hatteras Venture Partners, a venture capital firm that invests in early-stage life science companies since 2007. Mr. Ingram has served as a strategic advisor to the Chief Executive Officer of GlaxoSmithKline plc, a pharmaceutical research and development company, since January 2010. He previously served as Vice Chairman Pharmaceuticals, GlaxoSmithKline plc, from 2003 through 2009 and Chief Operating Officer and President of Pharmaceutical Operations, GlaxoSmithKline plc, from January 2001 through January 2003. Mr. Ingram has been on the board of directors of Valeant Pharmaceuticals International since 2003, serving as its Chairman of the Board from 2006 to 2008, when he became its lead director. He was again named Chairman of the Board of Valeant from December 2010 until March 2011, after which he was again appointed lead director. Mr. Ingram has also been a director of Cree, Inc., since 2008, serving as its Lead Director since October 2011; Allergan, Inc., since 2005; and Elan Corporation, since December 2010, serving as its Chairman of the Board since January 2011. Mr. Ingram was a director of Wachovia Corporation until 2008, OSI Pharmaceuticals, Inc., until 2010, Lowe's Companies, Inc., until 2011, and Pharmaceutical Product Development Inc., until 2011.

Mr. Ingram is a seasoned executive and corporate director with extensive knowledge and experience in the management of highly regulated pharmaceutical and medical device companies. His in-depth knowledge and understanding of the regulatory environment and governmental processes, coupled with the relationships he has developed with key governmental officials, have been particularly helpful to the Board's perspective.

William J. Link, Ph.D., age 65. Dr. Link has been a director of the Company since May 2009. He is Managing Director and co-founder of Versant Ventures, a venture capital firm investing in early-stage healthcare companies. Prior to co-founding Versant Ventures in 1999, Dr. Link was a general partner at Brentwood Venture Capital. From 1986 to 1997, Dr. Link was founder, Chairman and Chief Executive Officer of Chiron Vision, which was later sold to Bausch & Lomb, Inc. He also founded and served as President of American Medical Optics, Inc., which was acquired by Allergan, Inc. Dr. Link served as a director of Advanced Medical Optics, Inc., from 2002 to 2009. Before entering the healthcare industry, Dr. Link was an assistant professor in the Department of Surgery at the Indiana University School of Medicine. Dr. Link earned his Bachelor's, Master's, and Doctorate degrees in Mechanical Engineering from Purdue University.

Dr. Link's experience in identifying new business opportunities and successfully commercializing products in the medical device industry provide the Board with a valuable perspective in evaluating the prospects of existing business operations and assessing the potential for future innovative opportunities.

Table of Contents

Wesley W. von Schack, age 67. Mr. von Schack has been a director of the Company since February 2010 and is currently serving as Presiding Director of the Board. He served as Chairman, President, and Chief Executive Officer of Energy East Corporation, an energy service company, from 1996 until his retirement in 2009 (Energy East Corporation was acquired by Iberdrola S.A. in 2008). Mr. von Schack has been a director of the Bank of New York Mellon Corporation since 2007 and is its lead director and chairman of its executive committee. He has been a member of the board of directors of AEGIS Insurance Services since 1997 and its chairman since 2006, and has been a director of Teledyne Technologies, Inc., since 2006. Mr. von Schack received his Bachelor's degree in Economics from Fordham University, an MBA from St. John's University, and Doctorate from Pace University.

Mr. von Schack's experience of more than 30 years' managing operations in the highly regulated energy industry as both a chief executive officer and a chief financial officer, combined with many years of board experience and audit and compensation committee chairmanships, enable him to contribute his significant insights in assessing and managing the risks and opportunities inherent in complex organizations and make him well-suited to serve on the Board and as its Presiding Director.

Continuing Class II Directors Term Scheduled to Expire in 2014

John T. Cardis, age 70. Mr. Cardis has been a director of the Company since 2004. Mr. Cardis, a senior partner of Deloitte & Touche until his retirement in 2004, served at Deloitte & Touche for 41 years in positions of increasing responsibility, including as National Managing Partner-Global Strategic Clients, as a member of its executive committee for 18 years, and as a member of its board of directors. He has been a director of Avery Dennison Corporation since 2004. Mr. Cardis remains actively involved as a private investor and serves a number of non-profit and community organizations.

Mr. Cardis possesses in-depth, practical knowledge of financial and accounting principles as well as experience in overseeing enterprise risk and risk mitigation strategies. Throughout his career, he has worked with numerous boards and audit committees on technical and governance matters. This background, and his management and operations experience as a senior partner at Deloitte & Touche, provide a valuable perspective to the Board as a whole, and are important to his role as Chairman of the Audit and Public Policy Committee.

David E.I. Pyott, age 58. Mr. Pyott has been a director of the Company since 2000. He has served as Chairman of the Board of Allergan, Inc., a global specialty pharmaceutical and medical device company since April 2001, as Allergan's Chief Executive Officer since January 1998, and as its President from 1998 through January 2006 and again beginning March 2011. Mr. Pyott has been a director of Avery Dennison Corporation since 1999. He serves on the board and executive committee of the California Healthcare Institute, on the board and on the executive committee of the Biotechnology Industry Organization (BIO), on the Directors' Board of the Paul Merage School of Business at the University of California (Irvine), and is a Trustee of Chapman University. Mr. Pyott holds a Diploma in European and International Law from the Europa Institute at the University of Amsterdam, a Master of Arts from the University of Edinburgh, and an MBA from the London Business School.

Mr. Pyott's many years of experience as the chairman and chief executive officer of a complex global multi-specialty healthcare company enable him to make important contributions to the Board in a full range of company management issues and processes, particularly in the areas of global marketing, international regulatory requirements, and other unique aspects of doing business outside the United States. His legal background and insights also add a valuable perspective to the Board's discussions.

Director Independence

Under the corporate governance rules of the New York Stock Exchange ("NYSE"), a majority of the members of the Board must satisfy the NYSE criteria for "independence." No director qualifies as independent under the NYSE rules unless the Board affirmatively determines that the director has no material relationship with the Company (either directly or as a partner, stockholder, or officer of an organization that has a relationship with the Company). The Board has determined that all of the continuing members of the Board as well as all of the nominees for director, other than Mr. Mussallem, are independent under the NYSE rules. In making its determinations, the Board considered previous positions held by such individuals and concluded, as it had in prior years, that such prior positions did not impair or otherwise affect director independence.

Governance Guidelines

The Board has adopted a set of Governance Guidelines to assist the Board and its committees in performing their duties and serving the best interests of the Company and its stockholders. The Governance Guidelines cover topics including, but not limited to, director selection and qualification, director responsibilities and operation of the Board, director access to management and independent advisors, director compensation, director orientation and continuing education, succession planning, and the annual evaluations of the Board. The Company's Governance Guidelines are available on the Company's website at www.edwards.com under "Investor Relations Corporate Governance and Responsibility."

Communications with the Board

Any interested party who desires to contact any member of the Board, including the Presiding Director or the non-management members of the Board as a group, may write to any member or members of the Board at: Board of Directors, c/o Secretary, Edwards Lifesciences Corporation, One Edwards Way, Irvine, California 92614. Communications will be received by the Secretary of the Company and distributed to the appropriate members of the Board depending on the facts and circumstances described in the communication.

Board Leadership Structure

The Company's Chief Executive Officer also serves as the Chairman of the Board. This leadership structure has been in place since the Company first became a public company in 2000. This approach is commonly used by other public companies in the United States, and the Board believes it has been effective for this Company as well. The Company has a single leader, and the Company's Chairman and Chief Executive Officer is seen by customers, business partners, investors, and others as providing strong leadership for the Company in the communities it serves and in its industry. The Board believes that combining the roles of Chairman of the Board and Chief Executive Officer has fostered a more constructive and cooperative relationship between the Board and management, and that communications between the Board and management are more open and effective than they would be under a different structure. The Board also believes that, given its size and the constructive working relationships of its members, changing the existing structure would not improve the performance of the Board. The directors bring a broad range of leadership experience to the boardroom and regularly contribute to the thoughtful discussion involved in overseeing the affairs of the Company. All directors are well engaged in their responsibilities, express their views, and are open to the opinions expressed by other directors.

Nevertheless, the Board believes that it is important to have an active, engaged, and independent Board. The requirements of the NYSE are that a majority of the members of the Board be independent. All members of the Board, other than the Chairman, are independent. In order to assure that the independent directors are not inappropriately influenced by management, the non-management members of the Board meet in executive session, without management, in conjunction with each of the regularly scheduled meetings of the Board and each committee, and otherwise, as deemed necessary. This allows directors to speak candidly on any matter of interest, without the Chief Executive Officer or other members of management present. Mr. von Schack is currently designated as the Presiding Director and, as such, he presides at the executive sessions of the Board. In addition, among other things, the Presiding Director serves as a liaison between the independent members of the Board and the Chairman and other members of management, providing feedback to management from the Board's executive sessions; coordinates the activities of the independent directors, including calling meetings of the independent directors as necessary and appropriate to address their responsibilities; and provides advice and counsel to the Chairman.

Board Role in Oversight of Risk

It is management's responsibility to manage risk and bring to the Board's attention the most material risks to the Company. The Board has oversight responsibility of the processes established to monitor systems and operations, and identify material risks applicable to the Company. The Audit and Public Policy Committee (the "Audit Committee") regularly reviews enterprise-wide risk management, which focuses primarily on manufacturing processes and supplier quality, product development processes and systems, and regulatory compliance issues. The Audit Committee also regularly reviews treasury risks (insurance, credit, and debt), financial and accounting risks, legal and compliance risks, information technology security risks, and other risk management functions. In addition, the Audit Committee considers risks to the Company's reputation and reviews risks related to the sustainability of its operations.

The Compensation Committee considers risks related to succession planning, the attraction and retention of talent, and risks relating to the design of compensation programs and arrangements. As part of its normal review of these risks, the Compensation Committee considers the Company's compensation policies and practices to determine if their structure or implementation provides incentives to employees to take unnecessary or inappropriate risks that could have a material adverse effect on the Company. They have concluded that the Company's compensation programs appropriately encourage employees to achieve a strong balance sheet, improve operating performance, and create value for stockholders, without encouraging unreasonable or unrestricted risks. For these reasons, the Compensation Committee has determined that the Company's compensation policies and practices do not encourage risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee also reviews compensation and

benefits plans affecting employees in addition to those applicable to executive officers. The full Board considers strategic risks and opportunities and regularly receives detailed reports from the committees regarding risk oversight in their areas of responsibility.

Meetings of the Board

During the year ended December 31, 2011, the Board held five meetings. Each director attended at least 75% of the meetings of the Board and any applicable committee held during the period of his or her tenure in 2011.

The Company encourages, but does not require, its directors to attend the annual meeting of stockholders. Last year, all of the Company's directors attended the annual meeting of stockholders.

Committees of the Board

To facilitate independent director review, and to make the most effective use of the directors' time and capabilities, the Company has established an Audit and Public Policy Committee and a Compensation and Governance Committee. The Board is permitted to establish other committees from time to time as it deems appropriate.

Audit and Public Policy Committee. The Audit Committee is composed of three directors, each of whom must be independent and financially literate as these terms are defined under the rules of the NYSE. The Board has determined that each of the members of the Audit Committee is "independent" and "financially literate" under the rules of the NYSE and that Mr. Cardis is an "audit committee financial expert" under the rules of the SEC. The responsibilities of the Audit Committee are included in its written charter, which is posted under the "Investor Information" section of the Company's website (www.edwards.com).

As described more fully in the Audit Committee charter, the primary purpose of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of the Company's internal audit function and independent registered public accounting firm. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements; adoption of accounting and financial reporting principles; internal controls; and procedures designed to reasonably assure compliance with accounting standards, applicable laws, and regulations. The Company has a full-time internal audit function that reports to the Audit Committee and to management and is responsible for, among other things, objectively reviewing and evaluating the adequacy, effectiveness, and quality of the Company's system of internal controls. The Company also has a Chief Responsibility Officer who manages the Company's ethics and compliance programs and reports to the Audit Committee.

The Audit Committee appoints, retains, terminates, determines compensation for, and oversees the independent registered public accounting firm, reviews the scope of the audit by the independent registered public accounting firm, and inquires into the effectiveness of the Company's accounting and internal control functions. The Audit Committee also assists the Board in establishing and monitoring compliance with the ethical Business Practice Standards of the Company. The Company's Business Practice Standards are posted under the "Investor Information" section of the Company's website (www.edwards.com). The Audit Committee also reviews, with the Company's management and the independent registered public accounting firm, the Company's policies and procedures with respect to risk assessment and risk management.

The Audit Committee held thirteen meetings in 2011 and organized its activities at each meeting through the use of a periodic agenda. At each regularly scheduled meeting of the Audit Committee, the Audit Committee met with the senior members of the Company's financial management team. Additionally, the Audit Committee met in executive sessions and without others present at its regularly scheduled

Table of Contents

meetings, with the Company's independent registered public accounting firm, the Senior Director of Internal Audit, the Company's Chief Financial Officer, the Company's Chief Responsibility Officer, and the Company's General Counsel. The current members of the Audit Committee are Messrs. Cardis (Chairperson), Pyott, and von Schack.

Compensation and Governance Committee. The Compensation Committee is composed of four directors, each of whom must be independent as that term is defined under the rules of the NYSE. The Board has determined that each of the members of the Compensation Committee is "independent" under the rules of the NYSE. Each of the members of this committee is also a "nonemployee director" as that term is defined under Rule 16b-3 of the Securities and Exchange Act of 1934 and an "outside director" as that term is defined in Treasury Regulation § 1.162-27(3). The responsibilities of the Compensation Committee are included in its written charter, which is posted under the "Investor Information" section of the Company's website (www.edwards.com).

The Compensation Committee determines the compensation of executive officers and recommends to the Board the compensation of outside directors, exercises authority of the Board concerning employee benefit plans, and advises the Board on other compensation and employee benefit matters. The Compensation Committee also advises the Board on board committee structure and membership and corporate governance matters.

In addition, the Compensation Committee makes recommendations to the Board regarding candidates for election as directors of the Company and is otherwise responsible for matters relating to the nomination of directors. The Compensation Committee maintains formal criteria for selecting director nominees who will best serve the interests of the Company and its stockholders. The criteria used for selecting director nominees are set forth in the Compensation Committee's charter, including experience, interest in the Company, intelligence, honesty, judgment, high ethics and standards, the absence of conflicts of interest, independence of mind, willingness to devote the required time, and compatibility with the Board and management. In addition to these requirements, the Compensation Committee also evaluates whether the candidate's skills and experience are complementary to the existing Board members' skills and experience as well as the need of the Board for operational, management, financial, international, technological, or other expertise. The members of the Compensation Committee interview candidates that meet the criteria and the Compensation Committee selects nominees that it believes best suit the needs of the Board. From time to time, the Compensation Committee may engage the services of an executive search firm to assist the Compensation Committee in identifying and evaluating candidates for the Board.

The Compensation Committee will consider qualified candidates for director nominees suggested by the Company's stockholders. Stockholders can suggest qualified candidates for director nominees by writing to the Secretary of the Company at One Edwards Way, Irvine, California 92614. Submissions that are received that meet the criteria described above are forwarded to the Compensation Committee for further review and consideration. The Compensation Committee does not intend to evaluate candidates proposed by stockholders any differently than other candidates.

The Compensation Committee held five meetings in 2011. The current members of the Compensation Committee are Messrs. Bowlin (Chairperson) and Ingram, and Drs. Link and McNeil.

Board Diversity Policy

The Compensation Committee is responsible for identifying, evaluating, and recommending to the Board, individuals qualified to be directors of the Company. The Compensation Committee's charter sets forth the membership criteria against which potential director candidates are evaluated. These written membership criteria state that the Company "seeks a board with diversity of background among its members, including diversity of experience, gender, race, ethnic or national origin, and age." In performing this responsibility, the Compensation Committee considers women and minority candidates consistent with the membership criteria and the Company's non-discrimination policies. The Compensation Committee also

Table of Contents

considers fundamental qualities of intelligence, honesty, perceptiveness, good judgment, maturity, high ethics and standards, integrity, fairness, and responsibility; a background that demonstrates an understanding of business and financial affairs and the complexities of a large, multifaceted, global business, governmental, or educational organization; and the ability to hold independent opinions and express them in a constructive manner. Of equal importance, the Compensation Committee and the Board seek individuals who are compatible and able to work well with other directors and executives. The satisfaction of these criteria is implemented and assessed through ongoing consideration of Directors and nominees by the Compensation Committee and the Board, as well as the Board's self-evaluation process. Based upon these activities and its review of the current composition of the Board, the Compensation Committee and the Board believe that these criteria have been satisfied. As a result, the members of the Board Directors represent diverse backgrounds and experience in many areas, including financial, industrial, entrepreneurial, and educational.

Stock Ownership Guidelines for Directors

The Board has adopted stock ownership guidelines for directors that target each nonemployee director to own a minimum of 20,000 shares of the Company's common stock within five years of first becoming a director. Stock that is counted toward meeting the guidelines includes any common shares owned outright (including restricted stock), plus 25% of vested, in-the-money stock options. All of the Company's directors have either exceeded their ownership target levels or are on track to achieve their ownership targets by the required date.

THE LONG-TERM STOCK INCENTIVE COMPENSATION PROGRAM

Administration

The Long-Term Stock Program is administered by the Compensation Committee. The Compensation Committee may, and has, delegated authority to the Chairman of the Board and Chief Executive Officer to grant rights in, or options to purchase, shares of the Company's common stock to eligible employees who are not executive officers.

Eligibility

Only employees and independent contractors providing services to the Company or its subsidiaries are eligible to participate in the Long-Term Stock Program. As of February 29, 2012, approximately 7,800 employees (including 12 executive officers) were eligible to participate in the Long-Term Stock Program. Four independent contractors have participated in the Long-Term Stock Program. Nonemployee directors are not eligible to participate in the Long-Term Stock Program; however, they are eligible to receive awards under the Company's Nonemployee Directors Stock Incentive Program (the "Nonemployee Directors Program").

Share Reserve

Subject to adjustment for certain changes in the Company's capitalization, a total of 47,400,000 shares of the Company's common stock will have been authorized for issuance under the Long-Term Stock Program, including the 1,500,000 shares that are the subject of Proposal 2. In general, shares subject to outstanding options or other awards under the Long-Term Stock Program that expire or otherwise terminate prior to the issuance of the shares subject to those options or awards will be available for subsequent issuance under the Long-Term Stock Program. Unvested shares issued under the Long-Term Stock Program and subsequently forfeited to or reacquired by the Company will be added back to the number of shares reserved for issuance under the Long-Term Stock Program and will accordingly be available for subsequent issuance. However, shares withheld from an award to satisfy tax withholding obligations, shares surrendered to fulfill tax obligations incurred under the Long-Term Stock Program, and shares surrendered in payment of the option exercise price upon the exercise of an option will not be available for reissuance under the Long-Term Stock Program.

Subject to adjustment for certain changes in the Company's capitalization, no more than 2,000,000 shares in the aggregate may be granted in the form of stock options to a participant per fiscal year.

Subject to adjustment for certain changes in the Company's capitalization, not more than 3,600,000 shares in the aggregate may be issued as restricted stock and restricted stock unit awards under the Long-Term Stock Program, and no more than 400,000 shares may be issued as restricted stock or restricted stock units to any one participant during a fiscal year. As of February 29, 2012, a total of 952,649 shares remained available to be issued as restricted stock or restricted stock units under the Long-Term Stock Program.

As of February 29, 2012, options covering 9,257,894 shares of common stock and restricted stock units covering 927,167 shares were outstanding under the Long-Term Stock Program. As of the same date, 31,408,756 shares had been issued pursuant to the exercise of outstanding options, 1,720,184 shares had been issued upon vesting of restricted stock units, and 2,585,999 shares remained available for future option grants, restricted stock units or direct issuance.

Types of Awards

Three types of awards may be granted under the Long-Term Stock Program: stock options, restricted stock, and restricted stock units.

Table of Contents

Stock Options. Nonqualified and incentive stock options may be granted under the Long-Term Stock Program. The Compensation Committee has the discretion to select eligible participants to receive options, and determine the type, number of shares, exercise price, and other terms of options granted under the Long-Term Stock Program. No option may be granted with an exercise price less than the current fair market value of the shares, which is defined as the closing price of the Company's common stock on the grant date. As of February 29, 2012, the closing price of the Company's common stock on the NYSE was \$73.13 per share.

Restricted Stock and Restricted Stock Units. Shares of common stock that have restrictive conditions may be issued under the Long-Term Stock Program. The Compensation Committee has the discretion to select eligible participants to receive restricted stock, and determine the number of shares, purchase price (if any), conditions of restriction, and other terms of restricted stock issued under the Long-Term Stock Program. A participant who receives an award of restricted stock will have stockholder rights, including voting and dividend rights, for those shares unless the Compensation Committee determines otherwise.

The Compensation Committee may issue restricted stock units which entitle the participant to receive common stock underlying those units upon attainment of designated performance goals, the satisfaction of specified service requirements or upon the expiration of a designated time period following the vesting of those units. The Compensation Committee has the discretion to select eligible participants to receive restricted stock units, and to determine the number of shares, the vesting, and other terms and conditions of the restricted stock units. The holders of restricted stock units will not have any stockholder rights until the underlying shares are actually issued. However, dividend equivalent units may be paid or credited, either in cash or in actual or phantom shares of common stock on outstanding restricted units, subject to such terms and conditions as the Compensation Committee deems appropriate.

Awards of restricted stock or restricted stock units are generally not considered performance-based compensation for exclusion from the \$1,000,000 limitation on nonperformance-based compensation pursuant to Section 162(m). To allow for the possibility that such awards may qualify for exclusion from the \$1,000,000 limitation, the Long-Term Stock Program provides the Compensation Committee with the discretionary authority to structure one or more stock issuances or restricted stock unit awards so that the shares subject to those particular awards will vest only upon the achievement of certain pre-established corporate performance goals. The goals can be based on one or more of the following criteria:

return measures (including, but not limited to, return on assets, capital, investment, equity, or sales);

earnings per share;

net income (before or after taxes) or operating income;

earnings before interest, taxes, depreciation, and amortization or operating income before depreciation and amortization;

sales or revenue targets;

market to book value ratio;

cash flow or free cash flow (cash flow from operations less capital expenditures);

market share;

cost reduction goals;

budget comparisons;

implementation, completion or progress of projects, processes, products or product lines strategic or critical to the Company's business operations;

measures of customer satisfaction;

share price (including, but not limited to, growth measures and total stockholder return);

working capital;

economic value added;

percentage of sales generated by new products;

progress of research and development projects or milestones;

growth in sales of products or product lines;

any combination of, or a specified increase in, any of the foregoing; or

the formation of joint ventures, research and development collaborations, marketing or customer service collaborations, or the completion of other corporate transactions intended to enhance the Company's revenue or profitability or expand the Company's customer base.

Performance goals may be based upon the attainment of specified levels of the Company's performance under one or more of the measures described above relative to the performance of other entities and may also be based on the performance of any of the Company's business groups or divisions or any parent or subsidiary. Performance goals may include a minimum threshold level of performance below which no award will be earned, levels of performance at which specified portions of an award will be earned and a maximum level of performance at which an award will be fully earned. The attainment of performance goals may be measured including or excluding certain extraordinary items. The Compensation Committee will not have the discretion to accelerate the vesting of shares intended to qualify as performance-based compensation under Section 162(m).

Restricted stock and restricted stock units will vest over a minimum of three years measured from the award date.

Stock Awards

The table below shows the number of options granted under the Long-Term Stock Program between January 1, 2011 and February 29, 2012, to the Named Executive Officers and groups indicated. For the fiscal year ended on December 31, 2011, our Named Executive Officers the "Named Executive Officers" consisted of the individuals named in the table below. Directors who are not employees are not eligible to participate in the Long-Term Stock Program (although they are eligible to participate in the Nonemployee Directors

On April 3, 2012, the Company is scheduled to grant restricted stock unit awards in connection with the transition of certain longer service salaried exempt employees out of Baxter International Inc.'s ("Baxter") pension plan as a result of the spin-off of the Company from Baxter. The number of restricted stock units to be awarded to each participant will be determined by dividing the amount equivalent to the participant's transition grant eligible earnings for 2011 by the fair market value of the Company's common stock on the date of grant. On February 16, 2012, the Board approved the transition grant eligible earnings for two named executives: Messrs. Mussallem and Abate. Please see footnote 5 to the "Grants of Plan-Based Awards in Fiscal Year 2011" table at page 40, for more information.

Amendment of the Long-Term Stock Incentive Compensation Program

The Board may alter, amend, suspend, or terminate the Long-Term Stock Program at any time, and the Compensation Committee may amend awards previously granted. However, stockholder approval will be required for any amendment of the Long-Term Stock Program that: (a) materially increases the number of shares available for issuance under the Long-Term Stock Program (other than pursuant to certain adjustments), (b) expands the type of awards available under the Long-Term Stock Program, (c) materially expands the class of participants eligible to receive awards under the Long-Term Stock Program, (d) materially extends the term of the Long-Term Stock Program, (e) materially changes the method of determining the option price under the Long-Term Stock Program, or (f) deletes or limits any provision of the Long-Term Stock Program prohibiting the repricing of options. In addition, except for adjustments made in connection with changes in the Company's capitalization, the Compensation Committee may not amend outstanding options for the sole purpose of lowering the exercise price or to cancel and reissue options to lower the exercise price, without stockholder approval. Further, no termination, amendment or modification of the Long-Term Stock Program or amendment of previously granted awards may adversely affect in any material way a previously granted award, without the consent of the participant holding the award. The ability to grant an award under the Long-Term Stock Program will terminate on April 1, 2018.

Acceleration Upon Change in Control

Upon a change in control (as defined in the Long-Term Stock Program), awards (other than performance-based awards) outstanding under the Long-Term Stock Program will immediately become 100% vested and exercisable and any restrictions will immediately lapse. A performance-based award is an award that vests based on factors other than just the participant's continuous employment or service. The Company has not granted any performance-based awards under the Long-Term Stock Program. The effect of a change in control on any performance-based award the Company may grant in the future would be determined by the Compensation Committee at the time the award is granted.

Adjustments in Authorized Shares

In the event of any change in corporate capitalization, such as a stock split, or a corporate transaction, such as any merger, consolidation, separation, including a spin-off, or other distribution of stock or property of the Company, any reorganization or any partial or complete liquidation of the Company, adjustments will be made to: (i) the maximum number and class of shares issuable under the Long-Term Stock Program; (ii) the maximum number and class of shares for which options may be granted to a participant per fiscal year; (iii) the maximum number and class of shares for which restricted stock and restricted stock units may be issued in the aggregate and to any participant per fiscal year; and (iv) the number and class of and/or price of shares subject to outstanding awards granted under the Long-Term Stock Program. Such adjustments will be made as deemed to be appropriate and equitable by the Compensation Committee, in its sole discretion, to prevent dilution or enlargement of rights.

New Plan Benefits

No options have been granted, and no direct stock issuances or restricted stock units have been awarded, on the basis of the 1,500,000 share increase which forms part of Proposal 2.

Summary of Federal Income Tax Consequences

The following summary describes the United States federal income taxation treatment applicable to the Company and the participants who receive awards under the Long-Term Stock Program.

Option Grants. Options granted under the Long-Term Stock Program may be either incentive stock options which satisfy the requirements of Section 422 of the Internal Revenue Code or non-statutory options which are not intended to meet such requirements. The federal income tax treatment for the two types of options differs as follows:

Incentive Options. No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is recognized for regular tax purposes at the time the option is exercised, although taxable income may arise at that time for alternative minimum tax purposes. The optionee will recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of certain other dispositions. For federal tax purposes, dispositions are divided into two categories: (i) qualifying, and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made more than two years after the date the option for the shares involved in such sale or disposition is granted and more than one year after the date the option is exercised for those shares. If the sale or disposition occurs before these two periods are satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of (i) the fair market value of those shares on the exercise date or (if less) the amount realized upon such sale or disposition over (ii) the exercise price paid for the shares will be taxable as ordinary income to the optionee. Any additional gain recognized upon the disposition will be a capital gain.

If the optionee makes a disqualifying disposition of the purchased shares, then the Company will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the amount of ordinary income recognized by the optionee as a result of the disposition. The Company will not be entitled to any income tax deduction if the optionee makes a qualifying disposition of the shares.

Non-Statutory Options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will generally recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the optionee will be required to satisfy the tax withholding requirements applicable to such income.

The Company will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will generally be allowed for the Company's taxable year in which such ordinary income is recognized by the optionee.

Restricted Stock. A recipient of restricted stock will generally recognize ordinary income when his or her shares vest, based on the then fair market value of the shares. The recipient, may, however, elect under Section 83(b) of the Internal Revenue Code to include as ordinary income in the year of issuance of the shares the fair market value of the shares at that time. The recipient will be required to satisfy the tax withholding requirements applicable to such income.

Table of Contents

The Company will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the recipient. The deduction will be allowed for the taxable year in which such ordinary income is recognized by the recipient.

Restricted Stock Units. No taxable income is recognized upon receipt of a restricted stock unit. The holder will recognize ordinary income in the year in which the shares subject to that unit are actually issued. The amount of that income will be equal to the fair market value of the shares on the date of issuance. The holder will be required to satisfy the tax withholding requirements applicable to such income.

The Company will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder. The deduction will in general be allowed for the taxable year in which such ordinary income is recognized by the holder.

Deductibility of Executive Compensation. The Company anticipates that any compensation deemed paid by the Company in connection with the disqualifying disposition of incentive stock option shares or the exercise of non-statutory options will qualify as performance-based compensation for purposes of Section 162(m) and will not have to be taken into account for purposes of the \$1,000,000 limitation per covered individual on the deductibility of the compensation paid to certain of the Company's executive officers. Accordingly, the compensation deemed paid with respect to options granted under the Long-Term Stock Program will remain deductible by the Company without limitation under Section 162(m). However, any compensation deemed paid by the Company in connection with restricted stock or restricted stock units issued under the Long-Term Stock Program will be subject to the \$1,000,000 limitation, unless the vesting of the stock or units is tied solely to one or more of the performance milestones described above.

Accounting Treatment. Under applicable accounting guidance, the Company measures and recognizes as compensation expense the estimated fair value of all share-based payments including option grants, restricted stock and restricted stock units. Accordingly, option grants under the Long-Term Stock Program to the Company's employees will result in a direct charge to the Company's reported earnings in an amount equal to the estimated fair value of the options as determined under the applicable accounting guidance; the charge will be recognized as expense over the vesting period.

Any option grants made to nonemployees under the Long-Term Stock Program will result in a direct charge to the Company's reported earnings based upon the fair value of the option measured initially as of the grant date and then subsequently on the vesting date of each installment of the underlying option shares. Such charge will accordingly include the appreciation in the fair value of the option over the period between the grant date of the option and the vesting date of each installment of the option shares.

The number of outstanding options will be a factor in determining the Company's earnings per share on a fully diluted basis.

Restricted stock issued under the Long-Term Stock Program will result in a direct charge to the Company's reported earnings equal to the excess of the fair market value of the shares on the issuance date over the cash consideration (if any) paid for such shares. If the shares are unvested at the time of issuance, then any charge to the Company's reported earnings will be amortized over the vesting period. Similar accounting treatment will be in effect for any restricted stock units issued under the Long-Term Stock Program.

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION**

The following table provides information on the shares of common stock that may be issued upon exercise of options or rights outstanding as of December 31, 2011 under the Company's five equity compensation plans, which include the Long-Term Stock Program, Nonemployee Directors Program, 2001 Employee Stock Purchase Plan for United States Employees (the "U.S. ESPP"), 2001 Employee Stock Purchase Plan for International Employees (the "International ESPP") and Executive Option Plan (the "EOP"). - (1) In accordance with the terms and conditions of the Long-Term Stock Program, option awards are not transferable to third parties for consideration.
- (2) The weighted average exercise price is calculated without taking into account 1,084,906 shares of common stock subject to outstanding restricted stock units that will become issuable as those units vest, without any cash consideration or other payment required for such shares.
- (3) The amounts indicated in this column exclude securities listed in the column titled "Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights."
- (4) As of February 29, 2012, there were in the Long-Term Stock Program and Nonemployee Directors Program a total of 3,102,237 shares available for future grants, which included up to 1,468,887 full value award shares (shares that may be issued as restricted stock or restricted stock units). 9,316,820 stock options were outstanding with a weighted average exercise price of \$37.75 and a weighted average term of 3.40 years. 1,050,580 shares subject to full value award were outstanding.
- (5) This amount includes 1,084,906 shares of common stock subject to restricted stock unit awards that will entitle the holders to one share of common stock for each such unit that vests over the holders' period of continued service. This amount excludes purchase rights outstanding under the U.S. ESPP. Approximately 88,170 shares would be issuable under purchase rights outstanding under the U.S. ESPP, assuming that the participation rate and purchase price of shares for the remaining quarterly purchases under each such outstanding right is the same as the participation rate and purchase price for such right for the quarter ended December 31, 2012.
- (6) As of December 31, 2011, the following number of shares of common stock remain available for future issuance under equity compensation programs approved by stockholders: (a) Long-Term Stock Program prior to amendment and restatement under Proposal 2 2,595,460; (b) Nonemployee Directors Program 516,238; and (c) 2001 U.S. ESPP 670,127. If Proposal 2 is approved by the stockholders, as of February 29, 2012, 4,085,999 shares of common stock would be available for future issuance under the Long-Term Stock Program.
- (7) Reflects information for the EOP, which was discontinued on December 31, 2004, and the International ESPP.

The EOP permitted executive officers and other key employees to receive options to purchase shares of mutual funds or common stock of the Company in lieu of all or a portion of their compensation from the Company. Each plan participant received an option to purchase securities with a grant date value of one and one-third dollars for every dollar of his or her compensation foregone, including any Company contributions, and an exercise price

equal to one quarter of the fair market value of the underlying securities on the grant date. Prior to December 31, 2004, options were granted to purchase additional shares of mutual funds or common stock of the Company with a value equal to any dividends paid on the shares subject to the original options. After December 31, 2004, the Company paid an amount equal to such dividends in cash. Options generally became exercisable six months after the grant date, have a ten year term and may terminate earlier upon the termination of the optionee's service with the

Company. Options granted prior to January 1, 2005 remain outstanding (with the latest expiration date of certain of such options being December 31, 2014).

In 2001, the Company implemented the International ESPP pursuant to which 1,300,000 shares of common stock were initially reserved for issuance. Regular employees of participating international subsidiaries who are scheduled to work 20 hours or more per week and employees where local law requires the International ESPP be offered to them may participate in the International ESPP. Under the International ESPP, eligible employees may purchase shares of the Company's common stock at a discount with accumulated payroll deductions. Shares are purchased generally on the last day of each calendar quarter at a purchase price per share equal to 85% of the lower of (i) the fair market value per share of common stock on the employee's entry date into the two-year offering period, as fair market value is defined in the International ESPP, or (ii) the fair market value per share on the quarterly purchase date, as fair market value is defined in the International ESPP.

(8)

This amount excludes purchase rights outstanding under the International ESPP and represents only shares subject to option under the EOP. Approximately 28,641 shares would be issuable under purchase rights outstanding under the International ESPP, assuming that the participation rate and purchase price of shares for the remaining quarterly purchases under each such outstanding right is the same as the participation rate and purchase price for such right for the quarter ended December 31, 2012.

(9)

This amount represents 328,845 shares remaining available for issuance under the International ESPP.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides disclosure about the objectives and policies underlying the Company's compensation programs for its Named Executive Officers. The Company's compensation programs for the Named Executive Officers are evaluated and approved by the Compensation Committee of the Board.

Executive Summary. Edwards Lifesciences provides life-saving products to people with cardiovascular disease, the number-one cause of death in the world. Our business is complex, competitive, and highly regulated. Managing our business well in this challenging environment has contributed significantly to our success. This requires talented and energetic leaders who work toward our goals and drive our continued success.

Compensation Program Highlights. At our 2011 Annual Meeting, our stockholders cast an advisory vote on our executive compensation policies and procedures. More than 95% of the votes cast supported these policies and procedures. The Compensation Committee engages in an ongoing review of the Company's executive compensation and benefits programs and makes changes as appropriate to reflect the Company's compensation philosophy and objectives and to serve the best interests of our stockholders. As a result, during the past year we took the following actions with respect to our executive compensation programs:

Each executive officer has agreed to amend his or her change-in-control severance agreement to eliminate the existing tax gross-up provision;

The Company recently adopted a recoupment policy for performance-based compensation, pursuant to which, in the event of any restatement of financial statements of the Company the Board, in appropriate circumstances, would seek to recover or cancel any incentive compensation received that was in excess of what would have been received under the restated financial statements; and

Consistent with the views of our stockholders in an advisory vote at our 2011 Annual Meeting, we intend to provide our stockholders annually with an opportunity to vote, on an advisory basis, on the compensation of our executive officers.

Our compensation programs and processes reflect a number of other best practices, including:

80% of the total direct compensation of our Named Executive Officers is performance-based;

The Company provides its stockholders with an annual opportunity to evaluate and vote on proposed increases to the number of shares available for grant under its Long-Term Stock Program;

Named Executive Officers are subject to stock ownership guidelines, which require our Chairman and CEO to hold stock valued at six times his base salary and require other Named Executive Officers to hold stock valued at three times their base salary;

The Compensation Committee is composed entirely of independent directors;

The Compensation Committee retains an independent executive compensation consultant to provide advice regarding compensation levels and structure;

Edgar Filing: Edwards Lifesciences Corp - Form DEF 14A

Change-in-control severance agreements contain "double triggers" requiring both a change-in-control and a termination of employment within a specified period of time;

Change-in-control severance agreements provide for no more than three times annual salary and bonus, and two of our five Named Executive Officers are limited to two times annual salary and bonus;

Equity compensation is structured to vest over a multi-year period;

The Company has never engaged in repricing of options and other equity awards granted under its equity compensation awards;

Executive officers are not entitled to excessive executive perquisites; and

The Compensation Committee, with the assistance of an independent compensation consultant and internal legal resources, regularly conducts a review and assessment of the potential risks to the Company from its compensation program and policies.

2011 Performance was Strong. The year 2011 was one of significant investment and major milestones. Successful PARTNER trial results culminated in U.S. regulatory approval to begin commercially offering the SAPIEN transcatheter heart valve to many inoperable patients. We developed a rigorous training program to promote the teamwork of cardiac surgeons and interventional cardiologists, and to emphasize excellent clinical results. To support expected growth, we expanded our heart valve manufacturing capacity, and made additional enhancements to our infrastructure, including our information and quality systems.

As a result of the combined efforts of our management team and their employees, in 2011, the Company delivered another year of strong financial performance. The company-wide financial measures used to determine 2011 incentive compensation consisted of goals for revenue growth, net income, and free cash flow.

The following table shows the 2011 results for these three metrics compared against the 2011 targets and the comparable performance measures for 2010 and 2009:

	2011 Actual	2011 Target	2010 Actual	2009 Actual
Revenue Growth*	11.0%**	11.4%**	12.7%	11.4%
Net Income*	\$ 259.6**	\$ 244.0**	\$ 218.9	\$ 181.5
Free Cash Flow*	\$ 215.0**	\$ 215.0**	\$ 196.2	\$ 178.1

*

Performance measures used in determining incentive compensation are not calculated in accordance with Generally Accepted Accounting Principles ("GAAP") and reflect adjustments for items such as foreign exchange rates, divested businesses and other special items.

**

Due to uncertainty in the timing of receiving Food and Drug Administration approval for commercial sale of the *SAPIEN* transcatheter heart valve in the United States, U.S. sales and launch related expenses resulting from this product are not included in the 2011 targets or results.

In addition, we returned more than \$303 million to our stockholders during 2011 through our stock repurchase program.

Stock Performance. Over the past five years, the Company's stock price has increased 201%, outperforming the S&P 500 and the Company's medical products peer group, the Morgan Stanley Healthcare

Pay for Performance Philosophy. The Compensation Committee strongly believes that executive compensation should be tied to performance and strives to create a pay for performance culture. Our compensation objectives are to offer programs that emphasize performance-based compensation and align the financial interests of our executives with those of the Company's stockholders. Accordingly, approximately 80% of the total direct compensation of our Chairman of the Board and Chief Executive Officer (the "Chairman and CEO") and our Named Executive Officers is at risk based upon the performance of the Company. As described in more detail below under "Elements of Compensation," we use three primary indicators of performance to determine annual incentive compensation: company-wide financial measures, company-wide operational and strategic goals, and individual performance. Long-term incentive compensation awards are granted predominantly in the form of stock options in order to better align the interests of our executives with those of our stockholders.

One of the primary indicators of our pay for performance culture is the relationship of the growth in Chairman and CEO total direct compensation as compared to total stockholder return. Over the past five years, 69% of the Chairman and CEO's total direct compensation has been tied to the performance of Edwards' stock. Over the past five years, total stockholder returns grew by 186% while the Chairman and CEO's total direct compensation grew by 37%. In addition, the Chairman and CEO has not received a base salary increase since 2009. Instead, the Compensation Committee has provided more incentive compensation and equity opportunity to maintain competitive total direct compensation for the Chairman and CEO. Given the strong performance of the Company, the Compensation Committee believes this relationship is in the best interests of our stockholders.

Compensation Philosophy and Objectives for the Named Executive Officers. The Company's compensation programs are designed to attract, retain, motivate, and engage executives with superior leadership and management capabilities to enhance stockholder value. Within this overall philosophy, the Company's objectives are to:

offer programs that emphasize performance-based compensation in addition to fixed compensation;

Table of Contents

align the financial interests of executives with those of the Company's stockholders; and

provide compensation that is competitive.

The Company strongly believes that a significant amount of compensation for the Named Executive Officers should be composed of short- and long-term incentives, or at-risk pay, to focus the executives on competitive and strategic initiatives. The amount of such short- and long-term incentive compensation is dependent on achievement of annual Company goals, individual performance, and long-term increases in the value of the Company's stock.

The following chart illustrates the portions of 2011 Target Total Direct Compensation paid to the Named Executive Officers that are composed of (i) Base Salary, (ii) Incentive Pay Objective and (iii) Long-Term Stock Incentive Awards:

2011 Named Executive Officers

Target Total Direct Compensation Pay Mix

Compensation Process. The Compensation Committee is responsible for discussing, evaluating, and approving the compensation for the Chairman and CEO and the other Named Executive Officers, including the specific objectives and target performance levels to be included in our compensation plans. The Chairman and CEO and other members of our executive leadership team develop the Company's strategic plan as well as more detailed annual plans for execution. These plans are reviewed and approved by the Board. The Chairman and CEO then provides input to the Compensation Committee regarding the Company's plan, the strategic objectives, and the performance levels to be addressed by the compensation plans. In addition, the Chairman and CEO and the Company's Corporate Vice President, Human Resources, provide recommendations to the Compensation Committee regarding compensation for the Named Executive Officers (other than the Chairman and CEO). The Compensation Committee determines the compensation of the Chairman and CEO and reviews and approves the compensation of our other Named Executive Officers.

The Compensation Committee has retained Ernst & Young LLP ("E&Y") as an independent compensation consultant to assist it in evaluating executive compensation programs and providing competitive data for use in evaluating the compensation for the Named Executive Officers. E&Y provides additional consulting services to the Company, through a different business unit, with respect to corporate finance and tax planning. The Compensation Committee does not engage E&Y to provide the additional services. In 2011, the Company paid E&Y \$294,524 for executive compensation consulting services and \$234,895 for corporate finance and tax consulting services.

The Chairman and CEO and the Corporate Vice President, Human Resources, are invited to and regularly attend Compensation Committee meetings as non-voting guests. The Compensation Committee regularly meets in executive session without participation by the Chairman and CEO or other management representatives. Meetings of the Compensation Committee may only be called by the Compensation Committee. In addition, our Chairman and CEO and our Corporate Vice President, Human Resources, meet with the Compensation Committee's independent compensation consultant in preparation for Compensation Committee meetings, and the independent compensation consultant also regularly attends Compensation Committee meetings.

Table of Contents

Use of Competitive Data. The Company targets each Named Executive Officer's total direct compensation (base salary plus annual cash incentive payment plus equity compensation) to be at approximately the median for comparable positions at competitive peer companies. In determining the appropriate level of each component of compensation for a Named Executive Officer, the Compensation Committee also reviews and evaluates the performance of the Company, and the executive's tenure, experience, level of individual performance, and potential to contribute to the Company's future growth. Accordingly, a Named Executive Officer's actual compensation may be higher or lower than the median for their position. Consistent with the Company's philosophy of emphasizing pay for performance, the total cash compensation packages are designed to pay above the target when the Company exceeds its goals and below the target when the Company does not achieve its goals. In the event threshold levels of performance are not attained, no annual incentive payment is earned. For purposes of establishing the value of equity awards, stock options are valued as of the grant date using the Black-Scholes valuation model, and restricted stock and restricted stock units are valued at the fair market value of the underlying shares at the grant date.

In order to establish competitive compensation market data for the Named Executive Officers, the Compensation Committee's independent compensation consultant provides compensation data using public proxy information from companies primarily in the medical device industry that are chosen based on their market capitalization, revenue, complexity, competition for executive talent, and geographic location (the "Comparator Group"). The composition of the Comparator Group is reviewed periodically to monitor the appropriateness of the profiles of the companies included so that the group continues to reflect the Company's competitive market and provides statistical reliability. The most recent review of the Comparator Group was conducted in July 2011. For 2011, the Comparator Group consisted of the following companies:

Edwards Lifesciences 2011 Comparator Group

Allergan, Inc.	Masimo Corp.
Becton Dickinson & Co.	Medtronic, Inc.
Boston Scientific Corp.	PerkinElmer, Inc.
C. R. Bard, Inc.	ResMed, Inc.
CareFusion, Inc.	St. Jude Medical, Inc.
Covidien plc	Stryker Corp.
Gen-Probe, Inc.	Thoratec Corp.
Hospira, Inc.	Varian Medical Systems, Inc.
Illumina, Inc.	Zimmer Holdings, Inc.
Integra Lifesciences Holding Corp.	

In May 2011, the Company ranked approximately at the median of this group in terms of market capitalization. Compensation data is generally regressed for market capitalization to ensure that the data is not distorted by larger companies. Regression analysis is a commonly used technique to size-adjust data which allows for more statistically valid comparisons. Many factors go into the regression analysis. The key measure used in our regression model is market capitalization. Based on this measure, the regression formula correlates and adjusts the raw data for base salary, total cash compensation, and total direct compensation to predict those items based on the market capitalization for each of the peer companies. These adjusted amounts are then used to develop the competitive benchmarks.

Although data from the Comparator Group is the primary data input for compensation decisions for the Named Executive Officers, the Compensation Committee also considers compensation data for companies in the high technology, life sciences, and medical device industries reported in the following nationally recognized surveys: Hewitt Total Compensation Management Executive Compensation United States,

Edgar Filing: Edwards Lifesciences Corp - Form DEF 14A

Table of Contents

Radford Global Lifesciences Survey, Radford U.S. Executive Survey, Mercer Benchmark Database (Executive Positions), and SIRS Executive Compensation Survey. These data are used to verify the reasonableness of the results from the Comparator Group related to base salary and total cash compensation. The Compensation Committee believes it is appropriate to refer to these additional data because the Company competes with these types of companies for executive talent. If the results of the Comparator Group vary significantly from the data from the other surveys, the Compensation Committee will consider such information in its decision-making process. To date, reference to the data from the other surveys has not resulted in a change to the decisions based on the Comparator Group.

When compared to the competitive data based on the 2011 Comparator Group, the average base salary compensation paid to the Named Executive Officers for the 2011 fiscal year was approximately 2.5% below the median, the total cash compensation was at the median, and total direct compensation was approximately at the median. The following chart illustrates the total direct compensation of our Chairman and CEO and the total stockholder return for the Company's common stock for the previous one, three, and five years, compared to the data of our 2011 Comparator Group:

Elements of Compensation. The compensation package for each Named Executive Officer consists primarily of (a) base salary, (b) an annual cash incentive payment based on attainment of pre-established financial measures and operating goals and individual performance, and (c) long-term stock-based incentive awards designed to align the interests of the Named Executive Officers with those of the Company's stockholders. Each of these three components of compensation is intended to promote one or more of the Company's objectives of designing executive compensation that is competitive, is performance-based, and aligns the interests of the executives with the Company's stockholders.

Base Salary. In determining a Named Executive Officer's base salary, the Compensation Committee considers the following factors in addition to competitive data: responsibilities, tenure, prior experience, and expertise; individual performance as measured against performance management objectives; future potential; and internal equity. Base salary is the only fixed compensation element of executive compensation, and satisfies the compensation objective of providing competitive compensation that will attract and retain qualified executives. Base salary is also intended to provide a certain level of security and continuity from year to year. The Compensation Committee reviews each Named Executive Officer's base salary each year in February and any approved changes are effective beginning the first pay period in April. The base salary for the Chairman and CEO is established in a similar manner and is described more fully under "Employment and Post-Termination Agreements," below.

Base salaries in 2011 for the Named Executive Officers were increased by an average of approximately 5% from the level in effect for 2010 (excluding Mr. Mussallem, who did not receive an increase). These increases comprised approximately 2% performance and approximately 3% market competitive salary adjustments. For 2011, base salaries for these Named Executive Officers on average comprised approximately 20% of their total direct compensation.

Table of Contents

Annual Cash Incentive Payment. All of the Named Executive Officers and many other management and non-management level salaried employees (approximately 1,450 employees) participated in the Edwards Lifesciences 2011 Incentive Plan (the "Incentive Plan"). All participants in the Incentive Plan receive annual cash incentive payments that are tied to the achievement of corporate financial measures, operating goals, and individual performance, and the Plan provides no economic guarantee. The Compensation Committee, in collaboration with the Chairman and CEO, sets annual incentive performance goals each year based on the financial and operating goals in the Company's business plan for the year. The incentive payments for the year are determined when achievement of the predetermined financial measures and operational goals are known, and individual performance can be assessed.

The Incentive Plan for the Named Executive Officers is structured to preserve the tax deductibility of payments under the Incentive Plan. As such, targets for all Named Executive Officers have been established and expressed as maximum amounts payable under the Incentive Plan. The Compensation Committee may then use "negative discretion" to reduce the payment based on performance results (corporate financial measures, operating goals, or individual performance) against pre-established objectives. By setting a high amount that can then be reduced, we are advised that the Incentive Plan meets the requirements of Section 162(m). A reduction from the maximum amount is not necessarily a negative reflection on performance. In applying negative discretion, the Compensation Committee also utilizes for each Named Executive Officer a reference target for annual incentive payments, the "Incentive Pay Objective," as the amount of incentive payment that will be earned for expected performance. For 2011, annual Incentive Pay Objectives for the Named Executive Officers were, on average, approximately at the median of the Comparator Group and comprised approximately 16% of their total direct compensation.

The following illustration shows how the cash incentive payment for a participant in the Incentive Plan is determined, subject to the limitation that an individual's incentive payment will range from 0% - 200% of his or her Incentive Pay Objective:

Incentive Pay Objective. As discussed above, the 162(m) targets established for the Named Executive Officers are maximum amounts payable in the event of over-achievement of pre-established objectives. Anticipating the application of negative discretion, the Compensation Committee establishes an annual Incentive Pay Objective for the Named Executive Officers so that the total cash compensation (base salary plus incentive payment for expected performance) will be at approximately the median of the Comparator Group.

Financial Measure Achievement. The Incentive Pay Objective is multiplied by the percentage of the pre-established Company financial measure achievement. No incentive payment is paid if actual performance associated with Company financial goals is not in excess of a pre-established minimum threshold. If the Company achieved the maximum level specified for each financial goal, the maximum incentive achievement for this measure would be 175%.

For 2011, the Company's financial goals, and the corresponding weightings, were as follows: revenue growth (50% weighting); net income (30% weighting); and free cash flow (20% weighting). The following table sets forth the target level for each such goal as well as the level of achievement required to earn the various levels of the Financial Measure Achievement. Interpolation is applied for results between the levels shown in the chart.

Performance measures may vary from "GAAP" amounts to reflect items such as constant foreign exchange rates, divested businesses, and other unusual items. In addition, due to uncertainty in the timing of receiving Food and Drug Administration approval for commercial sale of the SAPIEN transcatheter heart valve in the United States, U.S. sales and launch related expenses resulting from this product are not included in the 2011 measures.

Key Operating Driver Achievement. The product of the Incentive Pay Objective and the Financial Measure Achievement is multiplied by the level of achievement of pre-established key operating drivers (the "KODs"). The Company establishes KODs each year to address specific business initiatives consistent with the Company's confidential internal strategic and operating plans. The KODs address specific business units, products and product lines, and focus the executive team on the areas and initiatives most important to the Company's future success. The Company has established a range of performance for each KOD. These ranges are established with the expectation that the target range should be achievable with the expected level of performance. Performance within the expected range results in a multiplier of 100%. Performance below the range is considered sub-optimal and will result in a reduction of the multiplier below 100%. Performance above the range is considered extraordinary and results in an increase of the multiplier above 100%, to a maximum of 150%.

In 2011, there were four KODs, as follows:

lead the global transformation of aortic valve disease treatment ("KOD #1");

extend leadership in structural heart disease ("KOD #2");

improve therapeutic decisions through acute care monitoring ("KOD #3"); and

strengthen business excellence to support growth ("KOD #4").

The following chart illustrates the impact of the performance with respect to each KOD on the KOD multiplier, and the actual 2011 KOD performance. Actual KOD performance can range from 0% to 200%. The aggregate KOD multiplier can be as low as 0% and may not exceed 150%. Interpolation is applied for results between the levels shown in the chart.

Determination of 2011 Key Operating Driver Multiplier

Key Operating Driver	Target	Actual
KOD #1	60%	55%
KOD #2	15%	15%
KOD #3	15%	22%
KOD #4	10%	10%
Total KOD Multiplier	100%	102%

Based upon the KOD performance described above, the Compensation Committee concluded that the 2011 KOD multiplier was 102%.

Individual Performance Objective Multiplier. Finally, the result of the above calculation is multiplied by the Individual Performance Objective Multiplier. The individual performance objectives for the Chairman and CEO are established by the Compensation Committee, and the individual performance objectives for each Named Executive Officer (other than the Chairman and CEO) are established collaboratively by the Chairman and CEO and each such executive. Each executive has an appropriate number of meaningful individual performance objectives. In choosing the individual performance objectives, the Chairman and CEO and the Compensation Committee strive to create objectives, the attainment of which will result in the effective implementation of the Company's strategic and operating plans, with a focus on the achievement of the financial measures and operational goals within each executive's individual area of responsibility.

These objectives are considered in the aggregate to determine an overall performance modifier for each Named Executive Officer for the purposes of the compensation formula. Although some of the individual performance objectives are expressed in qualitative terms that require subjective evaluation, objectives also include numerous quantitative measures. However, the determination of the overall performance modifiers for each Named Executive Officer also involves a subjective process. The Chairman and CEO reviews the performance of each Named Executive Officer with the Compensation Committee and recommends the performance modifier for each. The Compensation Committee then exercises subjective judgment, assigning a percentage of achievement for purposes of the compensation formula. This process involves reviewing the individual performance objectives, the overall performance of the individual executive against all of his or her individual objectives, taken together, and the executive's performance relative to the environment and to other executives. There is no formal weighting of the individual performance objectives. Individual performance objective multipliers may range from 0% to 200%. If an executive achieves less than 100% of his or her individual performance objectives, his or her incentive compensation is decreased from the level determined by the other factors, and if an executive achieves more than 100% of his or her individual performance objectives then that executive's incentive compensation is increased above the level determined by the other factors.

The individual performance objectives established by the Compensation Committee for the Chairman and CEO and the other Named Executive Officers and the Compensation Committee determinations for 2011 are described below.

Mr. Mussallem: Mr. Mussallem's performance objectives were to: develop and execute corporate strategy; achieve Company financial goals and KODs; increase stockholder value; drive innovation and product leadership; attract and retain talented employees; promote a culture of ethical business practices and social responsibility; and provide leadership as Board Chairman. The Compensation Committee assessed Mr. Mussallem's 2011 performance against each objective. In particular, they noted his: (i) success in implementing an increased strategic focus for the Company; (ii) strong oversight of important product-specific and infrastructure-related strategic initiatives; (iii) successfully attracting and retaining talent and planning for the future; (iv) promoting a culture of ethical business practices and social responsibility; and (v) encouraging strong corporate governance and an open and trusting Board environment. In making its evaluation, the Compensation Committee observed that Mr. Mussallem maintained focus on execution of the Company's strategy in order to deliver long-term superior stockholder value; strengthened the pipeline of future new products; and strengthened infrastructure, in particular quality systems, to support future growth.

Mr. Abate: Mr. Abate's performance objectives were to: ensure the Company's financial reporting maintains the highest integrity; maximize the Company's internal financial department's contribution to the Company's long-term financial success; work to enhance the Company's financial health; maintain a high standard of investor relations; attract and retain talented employees to the Company's global finance team; maximize the Company's capital capacity; and enhance stockholder returns. The Compensation Committee determined Mr. Abate's 2011 performance objective multiplier by evaluating his performance against each objective. In particular, they noted how the finance team led the development of solid financial guidance, remained focused on building investor confidence, and continued to build and retain strong finance talent.

Table of Contents

Mr. Verguet: Mr. Verguet's performance objectives were to: achieve 2011 European and Canadian key operating drivers and financial goals; drive new product introductions in Eastern Europe, Middle East, Africa, and Canada; drive innovation and product leadership; enhance leadership in key franchises; attract, develop and retain talented employees; and promote a culture of ethical business practices and social responsibility. The Compensation Committee determined Mr. Verguet's 2011 performance objective multiplier by evaluating his performance against each objective. In particular, they noted his continued leadership for the strong results of the European and Canadian regions, his continued focus on optimizing the European organization and developing talent.

Mr. Solomon: Mr. Solomon's performance objectives were to: develop, evolve and execute the strategy to transform the Critical Care business to consistently deliver significant sales growth with improving profitability; achieve the financial goals for the Critical Care business; meet 2011 product development KODs; attract, develop, and retain talented employees; promote a culture of customer focus, innovation, and operational excellence; and ensure quality compliance leadership. The Compensation Committee determined Mr. Solomon's 2011 performance objective multiplier by evaluating his performance against each objective. In particular, they noted his leadership of the Critical Care business as well as overall operations, his focus on quality compliance and his ability to attract, develop, and retain talented employees.

Mr. Bobo: Mr. Bobo's performance objectives were to: develop, evolve, and execute the strategy for the Surgical Heart Valve business to consistently deliver sales growth and achieve the financial goals for the Surgical Heart Valve business; meet 2011 product development KODs; attract, develop, and retain talented employees; and promote a culture of customer focus, innovation, and operational excellence. The Compensation Committee determined Mr. Bobo's 2011 performance objective multiplier by evaluating his performance against each objective. In particular, they noted his leadership of the Surgical Heart Valve business, his success in seamlessly expanding heart valve capacity in support of THV growth while maintaining excellent quality and supply, and his leadership of the innovative *INTUITY* and GLX next generation heart valve platforms.

Committee Review Process. The Compensation Committee meets each February to review and approve annual incentive payments for the prior year and to set incentive performance targets for the current year. The Compensation Committee may adjust the incentive payment levels based on Financial Measure Achievement, KOD Achievement, Individual Performance Objective Multiplier, and total stockholder return. In February 2012, after reviewing the Company's 2011 performance versus financial and operational goals, total stockholder return performance, and business segment performance, the Compensation Committee awarded incentive payments totaling approximately \$2.6 million to the Named Executive Officers. The amount awarded to the Named Executive Officers, as a group, represented 117% of the incentive pay target for the Named Executive Officers (including the Chairman and CEO). The amount awarded to each Named Executive Officer for 2011 is reported in the Summary Compensation Table. The incentive payments were paid in March 2012.

In connection with setting 2011 compensation and the incentive compensation provided to the Named Executive Officers, the Compensation Committee considered the risk profile of the Company's compensation programs, policies, and practices and determined that the Company's incentive compensation does not encourage unnecessary or excessive risks and that the compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In making this determination, the Compensation Committee considered the views of the Company's compensation staff and legal counsel, as well as outside compensation consultants.

Long-term Incentive Awards. The long-term incentive awards are designed to: (i) enhance the value of the Company (and, ultimately create stockholder value) by aligning participants' interests more closely to those of the Company's stockholders and by providing participants with an incentive to manage the Company from the perspective of an owner; and (ii) retain qualified employees.

Table of Contents

The Company grants long-term incentive awards in the form of stock options and restricted stock units to eligible employees (including the Named Executive Officers) under the Long-Term Stock Program. The Long-Term Stock Program was last approved by the stockholders in May 2011. The combination of options and restricted stock units allows the Company to maintain a competitive compensation program.

At the Compensation Committee meeting immediately preceding the stockholder meeting in May of each year, the Compensation Committee determines the size of the long-term incentive award for each Named Executive Officer based on competitive total direct compensation targets for the executive along with such executive's level of responsibilities, ability to contribute to and influence long-term results of the Company, and individual performance. In making individual awards, the Compensation Committee considers factors similar to those taken into account in establishing non-equity incentive compensation. Also taken into account are benchmarking data from the Comparator Group as well as a subjective determination regarding the individual executive's potential for contributing to the Company's future success. Of these factors, the ability to influence the Company's long-term goals and individual performance are weighted most heavily. In keeping with the Company's commitment to provide a total compensation package that emphasizes at-risk components of pay, long-term incentives for 2011 comprised, on average, 60% of the value of the Named Executive Officers' total direct compensation package.

For 2011, a benchmark guideline expressed as a dollar value was established for each Named Executive Officer. Using the benchmark guideline, the Chairman and CEO evaluated each executive's performance (other than himself), as discussed previously (see "Compensation Process," above), and established specific recommendations for the Compensation Committee's consideration. Accordingly, individual executive awards may and do vary from the benchmark guideline. Furthermore, the benchmark values used by the Compensation Committee are estimates only and are not indicative of the actual value that will be realized from the awards. The Compensation Committee evaluated the Chairman and CEO's performance using the same criteria as discussed above in "Compensation Process" to establish the appropriate award for the Chairman and CEO. For 2011, the approved long-term incentive value was delivered using a combination of stock options and restricted stock units, with the Chairman and CEO and all Named Executive Officers except Mr. Abate at 100% stock options. For Mr. Abate, approximately 75% of the value was delivered using stock options (with the number of option shares calculated based on the Black-Scholes value on the date of grant as determined for financial reporting purposes), and approximately 25% of the value was delivered in the form of restricted stock units. Stock options were more heavily weighted in the allocation to focus the Named Executive Officers on the creation of stockholder value over the long-term.

Stock options granted after March 23, 2010 have an exercise price equal to the closing price on the day of Compensation Committee approval. Prior to that date, stock options had an exercise price equal to the closing price on the day before Compensation Committee approval. As discussed above, the Compensation Committee approved the 2011 awards for the Named Executive Officers at its meeting in May 2011. Stock options granted to Messrs. Mussallem and Abate vest monthly over twenty-four months, each with a seven-year term, consistent with vesting standards established for executives who were retirement-eligible before May 12, 2011. Stock options granted to Messrs. Solomon, Verguet, and Bobo vest annually over four years and have a seven-year term.

Restricted stock units awarded in 2011 to Mr. Abate and other employees become 50% vested on the third anniversary of the grant and 100% vested on the fourth anniversary of the grant. Upon termination, retirement-eligible employees vest in 25% of the restricted stock unit awards for each full year of employment with the Company measured from the grant date. To be retirement-eligible, an employee must be 55 years of age or older and have 10 or more years of service with the Company. As of December 31, 2011, the following Named Executive Officers were retirement-eligible: Messrs. Mussallem and Abate.

The awards made to the Named Executive Officers for 2011 are set forth in the accompanying "Grants of Plan-Based Awards in Fiscal Year 2011" table.

Stock Ownership Guidelines. Under guidelines adopted by the Company, the Chairman and CEO is encouraged to own shares of Company stock with an aggregate market value at least equal to six times his current base salary; the other Named Executive Officers are targeted to own shares with an aggregate market value at least equal to three times the executive's current annual base salary. Shares that count toward meeting the guidelines include the shares held directly or under Company plans, restricted stock and restricted stock units, and 25% of the value of vested in-the-money stock options. Executives who have met guidelines are expected, absent unusual circumstances, to maintain or exceed their target ownership levels. Stock ownership guidelines are to be satisfied within five years of becoming an executive officer, and were established to create additional owner commitment and to emphasize stockholder value creation. Target ownership levels are adjusted as the executives' annual base salaries change. As of December 31, 2011, each Named Executive Officer had achieved his targeted level of stock ownership within the allotted time.

Market Timing of Equity Awards. The Company does not have any program, plan, or practice to time option grants to its Named Executive Officers (or any other optionee) in coordination with the release of material information. Annual equity awards for the Named Executive Officers are made at the Compensation Committee meeting in May of each year. Any other equity awards to Named Executive Officers, including grants to new hires, are made on the date of the next available Compensation Committee meeting following the event giving rise to the grant.

Benefits. The Named Executive Officers are eligible to participate in employee benefit programs generally offered to other employees of the Company. These benefits generally provide, on average, 2.5% of the value of the Named Executive Officer's total cash compensation. In addition, the Company provides certain other perquisites to its Named Executive Officers that are not generally available to the Company's employees. These perquisites are described below and reported in the "Summary Compensation Table."

The Company's perquisite program for the Named Executive Officers includes: (i) a monthly car allowance (of \$1,100 for the Chairman and CEO and \$900 for the other U.S.-based Named Executive Officers; the Corporate Vice President, Europe, Middle East, Africa, and Canada receives approximately \$3,000); (ii) reimbursement for an annual executive physical examination (generally ranging from \$1,500 to \$3,500); and (iii) a flexible allowance up to an annual maximum of \$40,000 (plus the cost of two club memberships) for the Chairman and CEO for 2011, and a maximum of \$20,000 for the other Named Executive Officers for 2011 for reimbursement of qualifying flexible allowance expenses detailed below.

Car Allowance. The car allowance is intended to cover expenses related to the lease, purchase, insurance, and maintenance of a vehicle. It is provided in recognition of the need to have executive officers visit customers, business partners, and other stakeholders in order to fulfill their job responsibilities. This travel causes wear and tear on personal vehicles and increases fuel expenses. The car allowance eases the administrative burden of tracking mileage and wear-and-tear each time travel occurs. Executives receiving this benefit are not eligible for additional mileage reimbursement for business use of their personal vehicle.

Annual Executive Physical Examination. Each of the Named Executive Officers is entitled to receive an annual comprehensive executive physical examination. This benefit encourages the proactive management of the executive's health and provides an opportunity for early diagnosis and treatment of health issues.

Flexible Allowance. This benefit recognizes the diverse needs of the Company's executive officers. Eligible expenses are reimbursed up to the stated annual limits, and any unused portion is forfeited.

The following list describes eligible reimbursement items under the flexible allowance:

Airline Clubs. Executives can maintain membership in airline clubs that provide airport meeting facilities that are useful for conducting job-related business.

Cellular Phone. Expenses related to the purchase and activation of a cellular phone may be reimbursed under the flexible allowance program. The nature of the executives' responsibilities requires

Edgar Filing: Edwards Lifesciences Corp - Form DEF 14A

them to be easily accessible. Reimbursements for business-related calls are requested through the normal expense reporting process.

Club Membership. The Company reimburses membership dues in various clubs that provide substantial engagement within the local community and are useful for conducting job-related business as well as reimbursement for membership to fitness clubs (including personal training).

Financial Planning. This allowance covers expenses resulting from financial, estate, and tax planning. The Company believes that it is in its best interest for the executives to have professional assistance in managing their total compensation so that they can focus their full attention on growing and managing the business.

Home Office Equipment. Expenses related to establishing and maintaining a home business office are covered under the flexible allowance. The maintenance of a home office enables the executives to conduct business outside normal work hours.

Spousal Travel. The Company believes that there are instances when it is appropriate for an executive to take their spouse to a business function. In those instances, the Company will reimburse the cost of spousal travel under the flexible allowance.

The Compensation Committee conducts an annual review of the competitiveness of the Company's perquisite program and the individual components and reimbursement levels. As a result of these reviews, the Compensation Committee may make adjustments as it determines to be appropriate. Also, the Audit Committee periodically reviews actual benefit usage. The Company believes that providing these perquisites is a relatively inexpensive way to enhance the competitiveness of the executive's compensation package.

Pension. Mr. Verguet participates in the Company's pension plan applicable to its salaried employees at its Nyon, Switzerland facility (see the section "Pension Benefits" below). The Company does not have any pension plans in which any of the other Named Executive Officers participate.

Deferred Compensation. The Company has adopted a deferred compensation plan for the Named Executive Officers and certain other management employees to enable them to save for retirement by deferring their income and the associated tax to a future date or termination of employment. Under the Executive Deferred Compensation Plan (the "EDCP"), the Named Executive Officers and other key employees have the opportunity to defer compensation to future dates specified by the participant with a return based on investment alternatives selected by the participant. The Company believes that the EDCP is comparable to similar plans offered by companies in the Comparator Group.

In 2001, the Company adopted the EOP, a nonqualified option plan for the benefit of its executives and other key employees. The EOP permitted participants to elect to forego all or a portion of their compensation (base salary and bonus) and receive instead options to purchase shares of mutual funds or common stock of the Company. The Company discontinued participation in the EOP on December 31, 2004. The outstanding options under the EOP are fully vested. The participating Named Executive Officers are entitled to receive payment of dividend equivalents on outstanding options they hold under the EOP in accordance with the terms of the EOP.

The amounts deferred and accrued under the EDCP and the EOP for the Named Executive Officers are reported below in the "Summary Compensation Table" and the "Nonqualified Deferred Compensation Table."

Employment and Post-Termination Agreements. The Company has entered into an employment agreement with its Chairman and CEO as well as change in control severance agreements with the Chairman and CEO and the Company's other Named Executive Officers as discussed below. The Named Executive Officers other than Mr. Mussallem are eligible to participate in a severance plan for eligible employees to

Table of Contents

receive severance benefits upon an involuntary termination of employment due to the elimination of their position or a reduction in workforce.

Chief Executive Officer Employment Agreement. The Company's employment agreement with the Chairman and CEO, Mr. Mussallem, was approved by the Compensation Committee, and provides for his appointment as Chief Executive Officer; an annual base salary, bonus, and long-term incentive awards as determined by the Board; and, in certain circumstances, severance payments upon termination of employment.

Mr. Mussallem's base salary is reviewed and may be adjusted annually based on: (i) the Compensation Committee's review of the Comparator Group data in consultation with the Compensation Committee's compensation consultant, and (ii) Mr. Mussallem's performance. The Compensation Committee followed the same philosophy and programs described above for executives in determining 2011 compensation for Mr. Mussallem. In addition, the Compensation Committee reviewed a tally sheet prepared by its independent compensation consultant which affixed a dollar amount to all components of Mr. Mussallem's compensation, including current compensation, equity awards, benefits, and potential severance payments. Based on this review, his annual base salary was maintained at \$825,000, the same level as was in effect for 2010, and his Incentive Pay Objective for expected performance was set at \$990,000. See "Tax and Accounting Implications Policy Regarding Section 162(m)" below. In addition, Mr. Mussallem was awarded 190,700 stock options. For 2011, the Compensation Committee awarded Mr. Mussallem a bonus of \$1,119,195 based on the factors described above under "Annual Cash Incentive Payment." The Compensation Committee believes, after reviewing Mr. Mussallem's total direct compensation, individual performance and contribution to the Company's financial results during 2011, that Mr. Mussallem's total compensation and each component thereof were in line with the Company's compensation philosophy and objectives.

In February 2012, the Compensation Committee approved Mr. Mussallem's base salary to remain at \$825,000, in line with the Comparator Group and the Company's compensation philosophy emphasizing the pay for performance incentives. The Compensation Committee approved an Incentive Pay Objective for expected performance of \$990,000. See "Tax and Accounting Implications Policy Regarding Section 162(m)" below. The Compensation Committee also approved Mr. Mussallem's personal performance objectives for 2012.

If Mr. Mussallem is involuntarily terminated by the Company without "cause," as defined in the employment agreement, the Company is required to pay certain severance benefits if he is not receiving the severance benefits under his change in control severance agreement. The material terms of the severance arrangement are described in the section "Potential Payments Upon Termination or Change in Control," below.

Change in Control Severance Agreements. The Company has entered into agreements with its Named Executive Officers pursuant to which such individuals would be provided certain payments and benefits in the event of termination of employment following a change in control of the Company. The Company believes that this program enhances the likelihood of retaining the services of such officers in the event the Company was to become an acquisition target and allows the Named Executive Officers to continue to focus their attention on the Company's business operations, stockholder value, and the attainment of long-term and short-term objectives without undue concern over their employment or financial situations.

The level of severance benefits was established based on a review of severance benefits paid by similar companies. This review was conducted by the Company's compensation consultant at the time the Company became an independent public company. The Compensation Committee's independent compensation consultant reviews the level of severance benefits periodically. The most recent such review was conducted in February 2012, resulting in a revised level of benefits. These benefits will become effective for all executive officers in 2012. Each agreement provides that the Named Executive Officer will be entitled to severance benefits upon his involuntary termination or constructive termination within 24 months following a change in control of the Company. The Chairman and CEO will also receive severance benefits upon a voluntary

Table of Contents

termination of his employment at any time during the thirteenth month following a change in control. Under their agreements, the Named Executive Officers' payments and benefits will be reduced to the extent necessary to maximize their net after-tax benefits after taking into account any excise taxes payable under Section 4999. The material terms of the agreements are described in the section "Potential Payments Upon Termination or Change in Control," below.

The Company believes that the level of severance payments is fair and reasonable based on the years of service of the Named Executive Officers and the value the Company would derive from the services provided by the executives with change in control severance agreements prior to, and following, a change in control.

Tax and Accounting Implications.

Policy Regarding Section 162(m). Section 162(m) generally limits the corporate deduction for annual compensation deemed paid to the named executive officers, excluding the Chief Financial Officer, to \$1,000,000 per individual, unless that compensation qualifies as performance-based under Section 162(m). The Compensation Committee considers the impact of this tax code provision and attempts, to the extent practical and consistent with the Company's compensation philosophy, to implement compensation policies and practices that maximize the tax benefits to the Company's stockholders. The Long-Term Stock Program is a stockholder-approved plan which has been structured so that any compensation deemed paid in connection with the exercise of stock options will qualify as performance-based compensation not subject to the \$1,000,000 limitation. The awards to the Named Executive Officers under the Incentive Plan for 2011 and 2012 are intended to qualify as performance-based compensation so as not to be subject to the \$1,000,000 limitation.

Compensation that does not qualify as "performance-based" under Section 162(m) paid to the Named Executive Officers in 2011 exceeded the \$1,000,000 limitation by \$3,050,664, primarily as a result of the vesting of restricted stock units. The Compensation Committee recognizes the importance of preserving the Company's ability to design compensation programs to attract and retain skilled and qualified individuals in a highly competitive market. The Compensation Committee will continue to design salary, annual incentive bonuses, and long-term incentive compensation in a manner that the Compensation Committee believes prudent or necessary to hire and retain the Company's Named Executive Officers, and some of the compensation deemed paid to these executives may be nondeductible.

Accounting for Stock-Based Compensation. The Company accounts for stock-based payments in accordance with applicable accounting guidance. The fair value of each award is estimated on the date of grant and expensed in the income statement over the vesting period for the award.

2012 Compensation Decisions. At its February 2012 meeting, the Compensation Committee approved average base salary increases of approximately 4.5% for the Named Executive Officers (excluding Mr. Mussallem, who did not receive an increase) to maintain market competitiveness. The Compensation Committee also approved other base salary increases to recognize performance for other executives. In addition, the Compensation Committee established the Incentive Pay Objectives for each Named Executive Officer, and established the Company's 2012 financial measures and operational goals under the Incentive Plan.

Report of the Compensation and Governance Committee

The Compensation Committee has reviewed and discussed the "Compensation Discussion and Analysis" disclosure with management. Based on this review and discussion, the Compensation Committee recommended to the Board that the "Compensation Discussion and Analysis" be included in the Company's Proxy Statement distributed in connection with the Company's 2012 Annual Meeting of Stockholders.

Table of Contents**Executive Compensation**

The following table sets forth a summary, for the years indicated, of the compensation of the principal executive officer, the principal financial officer, and the three other most highly compensated executive officers of the Company whose total compensation for the 2011 fiscal year was in excess of \$100,000 and who were serving as executive officers at the end of 2011. No other executive officers that would have otherwise been includable in such table on the basis of total compensation for the 2011 fiscal year have been excluded by reason of their termination of employment or change in executive status during that year.

(1) Amounts shown for 2011 include amounts that were deferred into the EDCP as follows: Mr. Mussallem \$121,295; Mr. Abate \$184,638; Mr. Verguet \$0; Mr. Solomon \$36,167; and Mr. Bobo \$162,309. The EDCP provides officers and other key employees the opportunity to defer compensation to future dates specified by the participant with a return based on investment alternatives selected by the participant. The EDCP is more fully described in the section following the "Nonqualified Deferred Compensation Plans" table below.

Mr. Verguet's compensation is converted from Swiss Francs to United States Dollars. The conversion rate was determined by averaging the monthly intercompany exchange rate for the year. Mr. Verguet's base salary expressed in Swiss Francs for 2009, 2010, 2011 was CHF 501,702, CHF 514,425, and CHF 532,000, respectively.

(2) Amounts disclosed in this column reflect the aggregate grant date fair value of the stock award or option for all years. See Note 12 of the "Notes to Consolidated Financial Statements" in the Company's Annual Report on Form 10-K for assumptions used in the calculations.

(3) Amounts shown in this column for 2011 were earned under the Incentive Plan based on achievement of performance criteria for 2011. Amounts shown include amounts that were deferred into the EDCP as follows: Mr. Mussallem \$0; Mr. Abate \$119,381; Mr. Verguet \$0; Mr. Solomon \$0; and Mr. Bobo \$110,206. Amounts earned but not deferred were paid to the executives in 2012.

The Company's practice is to grant equity-based awards on the date the Compensation Committee takes action to approve such grants. However, certain grants made in connection with the transition of certain employees (including some of the Named Executive Officers) out of Baxter's pension plan are granted annually on the Company's founding anniversary and approved at the meeting of the Compensation Committee held in the preceding February. Please see footnote number 5 below regarding an explanation of such transition grants.

Awards payable under the Edwards Incentive Plan for 2011. See the discussion on "Annual Cash Incentive Payment," at page 34, for additional information. Amounts for Mr. Verguet were converted from Swiss Francs to United States dollars using an exchange rate of 1.04 CHF/USD.

Edgar Filing: Edwards Lifesciences Corp - Form DEF 14A

(3) Amounts disclosed reflect the grant date fair value of the stock award or option computed in accordance with applicable accounting guidance.

(4) The awards to Messrs. Mussallem, Verguet, Solomon, and Bobo under the Edwards Incentive Plan for 2011 were intended to qualify as performance-based compensation so as not to be subject to the \$1,000,000 limitation under Section 162(m). See the discussions at page 30 on "Annual Cash Incentive Payment" and "Incentive Pay Objective", for additional information. The amounts set forth above represent the Incentive Pay Objective anticipated to be paid for performance that meets pre-established objectives, after the exercise of negative discretion by the Compensation Committee.

- (5) The Company is facilitating the transition of certain longer service salaried exempt employees (including some of the Named Executive Officers) out of the Baxter pension plan in connection with the spin-off of the Company from Baxter in 2000 by granting them annual equity-based awards to compensate them for their lost pension benefits (the "Transition Program"). The annual grants will continue until the earlier of when the employee reaches age 65 or terminates employment with the Company. In 2011, these awards were in the form of restricted stock units.
- The number of restricted stock units awarded to each participant was determined by dividing the amount equivalent to the participant's 401(k)-eligible earnings for 2010 (as adjusted by a factor based on the participant's "points" under the Baxter pension plan) by the fair market value of the Company's common stock on the date of grant. The restricted stock units were granted under the Long-Term Stock Program and vest with respect to (i) 50% of the underlying shares upon an individual's completion of three years of service measured from the grant date and (ii) with respect to the remaining 50% of the underlying shares upon the individual's completion of four years of service measured from the grant date. On February 10, 2011, the Compensation Committee approved the transition grant eligible earnings for two Named Executive Officers: Mr. Mussallem and Mr. Abate. The transition grants were awarded on April 4, 2011.
- (6) The restricted stock units are granted under the Long-Term Stock Program and vest with respect to (i) 50% of the underlying shares upon an individual's completion of three years of service measured from the grant date and (ii) with respect to the remaining 50% of the underlying shares upon the individual's completion of four years of service measured from the grant date. Vesting for employees who are retirement-eligible at termination is 25% per year of unvested units. To be retirement-eligible, an employee must be 55 years of age or older and have 10 or more years of service with the Company. As of December 31, 2011, the following Named Executive Officers were retirement-eligible: Mr. Mussallem and Mr. Abate.
- (7) Options to acquire common stock granted under the Long-Term Stock Program. Consistent with vesting standards established for executives who were retirement eligible before May 12, 2011, the options vest and become exercisable in twenty-four equal monthly installments beginning on June 12, 2011, and are subject to the officer's continued employment with the Company. The options have a seven-year term, but may terminate prior to the original expiration date in the event of the officer's termination of employment with the Company.
- (8) Options to acquire common stock granted under the Long-Term Stock Program. The options vest and become exercisable in four equal annual installments beginning on May 12, 2012 subject to the officer's continued employment with the Company. The options have a seven-year term, but may terminate prior to the expiration date in the event of the officer's termination of employment with the Company.

Option Exercises and Stock Vested in Fiscal Year 2011

The following table sets forth for each of the Named Executive Officers the number of shares of the Company's common stock acquired and the value realized on each exercise of stock options during the year ended December 31, 2011. No stock appreciation rights were exercised by the Named Executive Officers during the 2011 fiscal year.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise(1)	Value Realized on Exercise \$(1)	Number of Shares Acquired on Vesting(2)	Value Realized on Vesting \$(2)
Mr. Mussallem	560,000(3)	\$ 34,696,546	34,683	\$ 3,050,004

Mr. Bobo	20,000	\$ 1,406,800	6,000	\$ 528,810

(1)

Value realized is determined by multiplying (i) the amount by which the market price of the common stock on the date of exercise exceeded the exercise price by (ii) the number of shares for which the options were exercised.

(2)

Value realized is determined by multiplying (i) the closing market price of the common stock on the day prior to vesting by (ii) the number of shares vested.

(3)

Of the 560,000 options exercised, all options were exercised pursuant to a pre-arranged stock trading plan established by Mr. Mussallem under Rule 10b5-1 of the Securities and Exchange Act of 1934.

Pension Benefits

Mr. Verguet participates in the Company's pension plan applicable to its salaried employees at its Nyon, Switzerland facility. No other Named Executive Officer of the Company participates in any Company pension plan. The following table sets forth the actuarial present value of Mr. Verguet's accumulated benefit under the Nyon pension plan.

PENSION BENEFITS

Name	Plan Name	Number of Years of Credited Service	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)

Mr. Solomon				
Mr. Bobo				

The Company's Nyon pension plan, formerly called the St. Prex pension plan, is a cash balance plan under which each participant has an account balance consisting of savings and interest credits earned each year. Interest credits are determined annually. Savings credits are equal to a percentage of "insured salary" based upon the age of the participant (ranging from 0% at age 18 to 21% at age 55 or older). Insured salary

Table of Contents

includes salary and bonus reduced by social security offsets. The plan is funded by both employee and employer contributions which are fully vested at all times. Normal retirement age is 65 for males. At normal retirement, a participant may choose to receive the accumulated account balance as either a lump sum or in the form of a pension annuity. See Note 11 of the "Notes to Consolidated Financial Statements" in the Company's Annual Report on Form 10-K for a discussion of the assumptions used to determine the present value of accumulated benefits under the Company's pension plans.

Nonqualified Deferred Compensation Plans

Information regarding the Named Executive Officers' participation in the Company's nonqualified deferred compensation plans is included below.

Executive Deferred Compensation Plan. On December 24, 2004, the Compensation Committee adopted the EDCP, effective for compensation earned on or after January 1, 2005. The following table sets forth information relating to the EDCP for 2011 for the Named Executive Officers:

Name	Executive Contributions in Last Fiscal Year \$(1)	Registrant Contributions in Last Fiscal Year \$(2)	Aggregate Earnings in Last Fiscal Year \$(3)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last Fiscal Year-End (\$)
Mr. Mussallem	\$ 121,295	\$ 68,940	\$ (10,605)		\$ 1,316,343
Mr. Abate	\$ 184,638	\$ 16,635	\$ (12,323)		\$ 1,724,240
Mr. Verguet					
Mr. Solomon	\$ 36,167	\$ 20,268	\$ (714)		\$ 306,266
Mr. Bobo	\$ 162,309	\$ 12,707	\$ 1,478		\$ 676,798

- (1) Executive contributions are included in "Salary" reported under the "Summary Compensation Table" above, except for Mr. Abate, whose contributions are included in "Change in Pension Value and Nonqualified Deferred Compensation Earnings".
- (2) Company contributions are included in "All Other Compensation" reported under the "Summary Compensation Table" above.
- (3) Earnings is defined to reflect the difference in the account balance between the beginning and end of the year, less any executive or Company contributions and any amounts withdrawn or distributed. Earnings include realized and unrealized gains and losses, capital gains and losses, and dividends paid.

The EDCP provides the Named Executive Officers and certain other employees with the opportunity to defer specified percentages (up to 25%) of their cash compensation and receive matching employer contributions that could not be deferred or contributed to the Edwards Lifesciences Corporation 401(k) Savings and Investment Plan because of the limitations under such plan imposed by the Internal Revenue Code. The EDCP also permits the participants to defer up to 100% of their annual incentive bonus and an additional 60% of their base pay, but the Company does not match the employee contribution above 25%. Participants may elect deferred amounts to be paid in the form of either a lump sum or in up to 15 annual installments either upon separation from service or a specified date. Deferrals are credited with gain or loss based on the performance of one or more investment alternatives selected by the participant from among investment funds chosen by the Compensation Committee. Investment elections made for each plan year may not be revoked, changed, or modified except as permitted under the EDCP and subject to applicable law. No actual investments will be held in the participants' accounts and participants will at all times remain general unsecured creditors of the Company with respect to their account balances.

Executive Option Plan. In 2001, the Company adopted the EOP, which permitted the Named Executive Officers and certain other employees to receive options to purchase shares of mutual funds or common stock of the Company in lieu of all or a portion of their compensation from the Company. The Company discontinued option grants under the EOP on December 31, 2004.

Edgar Filing: Edwards Lifesciences Corp - Form DEF 14A

Table of Contents

The following table sets forth information relating to the EOP for 2011 for the named executive officers:

Name	Executive Contributions in Last Fiscal Year (\$)	Registrant Contributions in Last Fiscal Year (\$)	Aggregate Earnings (Losses) in Last Fiscal Year (\$)(1)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last Fiscal Year-End (\$)(2)
Mr. Mussallem					
Mr. Abate			\$ (8,751)		\$ 93,706
Mr. Verguet					
Mr. Solomon					
Mr. Bobo					

(1) Earnings include realized and unrealized gains and losses for the year and actual earnings but exclude dividend equivalents paid in cash which are discussed in the "Summary Compensation Table," above.

(2) Balance is calculated by taking the fair value of options held less cost to exercise and less interest payments due to the Company.

Under the EOP, the Named Executive Officers and certain other employees were provided with the opportunity to forego a portion of their cash compensation and receive in lieu thereof options to purchase shares of mutual funds or Company common stock (as selected by the participant) and matching employer contributions. Each plan participant received an option to purchase selected securities with a grant date value of one and one-third dollars for every dollar of his or her compensation foregone and any Company matching contributions, and an exercise price equal to 25% of the fair market value of the underlying securities on the grant date. Any dividends and distributions paid on the securities underlying the outstanding options that were paid in cash to the participants during 2011 are reported as Nonqualified Deferred Compensation Earnings under the "Summary Compensation Table."

Potential Payments Upon Termination or Change in Control

Included below is a summary of the material terms and conditions of the agreements the Company has entered into with its Named Executive Officers that provide for certain payments and benefits upon termination of employment. The agreements are the only arrangements the Company has with its Named Executive Officers to provide benefits upon termination that are not otherwise part of the Company's employee benefit plans that apply to all salaried employees on the same terms. Also described below are the terms of the Long-Term Stock Program which provide for the acceleration of outstanding equity awards in the event of a change in control of the Company.

Change in Control Severance Agreements. The Company has change in control severance agreements with Messrs. Mussallem, Abate, and Verguet and certain other executive officers, which agreements were entered into prior to 2008 and provide that the executive is entitled to receive severance payments if:

- (i) the executive is involuntarily terminated within six months prior to a change in control, or
- (ii) the executive's employment terminates within 24 calendar months following a change in control by reason of either
 - (a) termination by the Company of the executive's employment without cause, or
 - (b) the executive's voluntary termination for good reason.

In addition, Mr. Mussallem is entitled to severance if he voluntarily terminates his employment during the 30 calendar day period immediately following the one year anniversary of a change in control.

Good reason generally includes a material change of the executive's responsibilities or status or the assignment of the executive to duties materially inconsistent with such responsibilities or status, a relocation in excess of 50 miles of the executive's principal job location, or a reduction of the executive's base salary, incentive plans, or benefits.

Table of Contents

In the event of any such termination, the executive would receive a lump sum payment of the equivalent of: (1) three times the executive's annual base salary as of the time of termination (or during the 12 months preceding the change in control, if higher), (2) three times the executive's Incentive Pay Objective for the year of termination (or three times the dollar amount of the bonus paid in the preceding year, if higher), (3) a pro-rated bonus for the year of termination, and (4) the cost of three years' COBRA continuation under the Company's medical and dental plans. In addition, the executive will be entitled to up to \$25,000 per year of outplacement services over the three year period following termination. If any such payments or benefits would constitute a parachute payment under Section 280G of the Internal Revenue Code, then such payments and benefits will be reduced to the extent necessary to maximize net after-tax benefits after taking into account any excise taxes payable by the executive under Section 4999.

Change in control severance agreements entered into with executive officers after 2008, including such agreements with Messrs. Solomon and Bobo, provide that the executives are entitled to receive severance payments if their employment terminates by reason of a qualifying termination within 24 calendar months following a change in control by reason of either:

- (i) termination by the Company of his employment without cause, or
- (ii) his voluntary termination for good reason.

Good reason generally includes a material diminution in his authorities, duties, or responsibilities, a material relocation of his principal job location or office or a material reduction by the Company of his base compensation.

In the event of any such termination, Messrs. Solomon and Bobo would receive a lump sum payment of the equivalent of: (1) two times the executive's annual base salary as of the time of termination (or during the 12 months preceding the change in control, if higher), (2) two times the executive's Incentive Pay Objective for the year of termination (or the dollar amount of the bonus paid in the preceding year, if higher), (3) a pro-rated Incentive Pay Objective for the year of termination, and (4) the cost of three years' COBRA continuation under the Company's medical and dental plans. In addition, Messrs. Solomon and Bobo will receive reasonable outplacement services. If any such payments or benefits would constitute a parachute payment under Section 280G of the Internal Revenue Code, then such payments and benefits will be reduced to the extent necessary to maximize net after-tax benefits after taking into account any excise taxes payable by the executive under Section 4999. Receipt of these severance benefits is conditioned upon our receipt from the executive of a general release of any claims against the Company.

Employment Agreement with Chairman and CEO. Mr. Mussallem is eligible to receive certain termination benefits under his employment agreement. The employment agreement provides that in the event that Mr. Mussallem is terminated by the Company without cause, the Company will pay him a lump sum cash payment of the equivalent of: (1) two times his highest base salary in the preceding 12 months, (2) his Incentive Pay Objective for the year of termination (or two times the actual bonus paid in the preceding year, if higher), and (3) a pro-rated bonus for the year of termination. In addition, he will receive medical and dental coverage for up to 24 months. However, he will not be entitled to receive any such payments or benefits if he receives payments under the change in control severance agreement.

In the event of Mr. Mussallem's termination due to retirement, disability, or death, he will be paid 50% of his pro-rated target bonus for the year of termination in a lump sum payment within 30 calendar days of termination and additional benefits as determined in accordance with the Company's benefit plans.

Under the terms of his employment agreement, Mr. Mussallem may not, for a period of 24 months following his termination, employ or solicit for employment any employee or consultant of the Company.

Acceleration of Equity Awards. Pursuant to the terms of the Long-Term Stock Program, in the event of a change in control, all outstanding options, restricted stock, and restricted stock units held by all salaried employees will vest in full.

Table of Contents

Estimated Payments. The following tables set forth the estimated payments and benefits that would have been payable to the Named Executive Officers under their agreements in the termination circumstances indicated below had their employment been terminated on December 30, 2011. Unless otherwise noted, all cash payments would be made in a lump sum and would be paid by the Company or its successor. The amounts set forth in these tables represent estimates and forward-looking information that is subject to substantial variation, based on the timing of the triggering event. The Company cautions the reader to consider these limitations in reviewing the following tables.

For purposes of estimating the amount of payments and benefits payable as a result of a termination following a change in control the Company has made the following assumptions:

the change in control occurred on December 30, 2011;

a stock price of \$70.70 per share which was the closing stock price on December 30, 2011;

all Named Executive Officers were terminated on the date of the change in control;

all accelerated vested options and restricted stock units were cashed out on the date of the change in control; and

The Named Executive Officers received a lump sum payment equal to the cost of 3 years' COBRA continuation.

For purposes of estimating the amount of payments and benefits payable as a result of Mr. Mussallem's termination of employment pursuant to his employment agreement, the Company assumed a termination date of December 30, 2011.

Under the Change in Control agreements, payments and benefits are reduced to the extent necessary to maximize net after tax benefits after taking into account any excise taxes payable under Section 4999.

Death and Disability Benefits. As a member of the Company's European Management Team, Mr. Verguet is entitled to receive certain death and disability benefits over and above those provided to salaried employees at Nyon generally. In the event of the termination of his employment due to disability, Mr. Verguet would be entitled to an additional benefit under the Nyon pension plan equal to 25% of his qualifying salary. Assuming termination of his employment as of December 31, 2011 because of disability, Mr. Verguet would have been entitled to receive \$136,300 per year payable for the duration of his life. In the event of his death while employed by the Company, Mr. Verguet would be entitled to an additional lump sum payment equal to 200% of his salary. Assuming his death as of December 31, 2011, Mr. Verguet's death benefit would have been \$1,090,100. An exchange rate of 1.04 CHF/USD has been used to convert payments in Swiss Francs into United States dollars.

Nonemployee Director Compensation

Nonemployee Directors Stock Incentive Program. In order to align the directors' interests more closely with the interests of the Company's stockholders, the Company has implemented the Company's Nonemployee Directors Program pursuant to which each nonemployee director receives an annual grant of an option for up to 20,000 shares, or a restricted stock units award for up to 8,000 shares, or a combination of an option and restricted stock unit award with a maximum value of \$200,000. The Compensation Committee recommends the actual amount and type of award for each year within such limitations to the Board for its approval.

The award is granted on the day after the Company's annual meeting. The exercise price of an option is the closing price of the common stock on the date of the award.

For purposes of the aggregate limit for a combination award, the value of an option share is equal to its fair value as estimated on the date of grant under a valuation model approved by the "FASB" for purposes of the Company's financial statements, and the value of any restricted stock units award is equal to the fair market value of the underlying shares of common stock on the date of such award.

Each option and restricted stock unit award vests in three equal annual installments upon the individual's completion of each year of service as a Board member measured from the grant date (or over such longer period as determined by the Committee). The individual may elect to receive the shares that vest under restricted stock units in up to three installments commencing upon the expiration of a designated period following vesting of the award. This election must be made in the year prior to the actual award.

Table of Contents

On May 13, 2011, Messrs. Bowlin, Cardis, Ingram, Pyott, and von Schack, and Drs. Link and McNeil, each received a restricted stock unit award of 2,266 shares as their annual grant. The restricted stock unit awards vest in three equal installments upon completion of each year of service as a Board member measured from the grant date.

In addition to the equity awards described above, upon a director's initial election to the Board, the director receives a grant of restricted stock units with a fair market value on grant date of \$200,000, not to exceed 10,000 shares, which vest 33 1/3% per year over three years measured from the grant date.

Nonemployee Director Annual Retainer. Cash compensation of nonemployee directors in 2011 consisted of a \$40,000 annual retainer. The Presiding Director receives an additional annual retainer of \$15,000. Chairpersons of the Audit Committee and the Compensation Committee receive an additional annual retainer of \$20,000 and \$12,000, respectively. A director may elect to receive an option or restricted shares in lieu of the fees as described in "Deferral Election Program," below. Prior to 2010, Director Annual Retainers were paid in advance. Beginning in 2010, all such retainers are paid in arrears.

Deferral Election Program. In lieu of all or part of a director's annual cash retainer, the director may elect to receive either an option to purchase shares of common stock or a grant of restricted shares under the Nonemployee Directors Program. If a director makes a timely election and elects to receive a stock option, such option is granted on the date the cash retainer would otherwise have been paid and the number of shares subject to the option is equal to four times the number of shares that could have been purchased on the grant date with the amount of the director's cash retainer foregone to receive the option. The option is exercisable and vested in full on the grant date and the exercise price per share is the fair market value per share of the common stock on the date of grant, as fair market value is defined in the Nonemployee Directors Program. If a director makes a timely election to receive a restricted share grant, the shares are granted on the date the cash retainer would otherwise have been paid and the number of shares granted is equal to the portion of the cash retainer to be paid in the form of restricted shares divided by the fair market value per share of the common stock, as fair market value is defined in the Nonemployee Directors Program. The restrictions on the restricted share grant vests upon the director's completion of one year of board service measured from the date of grant.

On May 13, 2011, Dr. McNeil and Mr. Pyott each received an option award to purchase 1,814 shares of the Company's common stock in lieu of their annual cash retainer. On the same date, Messrs. Bowlin, Ingram, and von Schack and Dr. Link each received a grant of 454 restricted shares in lieu of their annual cash retainer.

Expense Reimbursement Policy. Directors are reimbursed for travel expenses related to their attendance at Board and committee meetings as well as for the costs of attending director continuing education programs.

(1) Consists of annual retainer fees and meeting fees for service as a member of the Board. Please see the "Nonemployee Director Annual Retainer" section above. Prior to 2010, all Director Annual Retainers were paid in advance. Beginning in 2010, all such retainers are paid in arrears. Excludes retainer fees deferred into stock-based awards as described in footnote 2 below.

(2) Includes annual retainer fees deferred under the deferral election program in effect under the Nonemployee Directors Program. Dr. McNeil and Mr. Pyott each elected to convert their \$40,000 annual retainer into stock options and received an option on May 13, 2011 with respect to 1,814 shares at an exercise price per share equal to \$88.25. Messrs. Bowlin, Ingram, and von Schack and Dr. Link each elected to convert their \$40,000 annual retainer into 454 restricted shares awarded on May 13, 2011.

Amounts disclosed in these columns reflect the aggregate grant date fair value of the stock award or option.

Table of Contents**MANAGEMENT AND STOCKHOLDER PROPOSALS****Proposal 2 Amendment and Restatement of the Long-Term Stock Incentive Compensation Program**

The Board has approved an amendment and restatement of the Long-Term Stock Program, subject to stockholder approval. The proposed amendment and restatement will increase the total number of shares of common stock available for issuance under the Long-Term Stock Program by 1,500,000 shares.

The Board and the Compensation Committee believe that stockholders' support of this proposal will enable the Company to continue to attract and retain the highest caliber of employees within our industry, link incentive awards to Company performance, encourage employee ownership in the Company and more closely align the interests of employees with those of our stockholders. While our compensation strategy has been formulated for the long-term, we provide stockholders the opportunity to evaluate and vote annually on share increases to the Long-Term Stock Program. Therefore, the Company is requesting stockholder approval of an amount of shares that will enable us to continue providing competitive long-term incentives to eligible employees as part of our equity-based compensation strategy.

The Company believes that the long-term component of our incentive compensation program should be aligned with stockholders and strongly prefers the attributes of stock-based incentives. If stockholder approval for this proposal is not obtained, the number of shares reserved under the Long-Term Stock Program will not be increased, and we may be unable to fully implement the long-term incentive component of our compensation program. Without the ability to use stock, we would be required to replace stock compensation with the equivalent in cash incentives in order to maintain a competitive compensation program. Cash incentive programs generally offer much less opportunity to link management compensation to stock performance. In years when performance targets are exceeded, the use of cash incentive programs could greatly impact the Company's net income.

The Company encourages stockholders to consider the following factors:

The Company believes that its incentive compensation program is essential to our financial success. Further, we believe our incentive compensation program has been a contributing factor in our many recent achievements, including a 201% return over the past five years. The following chart shows the cumulative total return of \$100 invested on December 31, 2006 in the Company, the Standard & Poor's 500 Index, and the Morgan Stanley Healthcare Products Index, including the reinvestment of dividends.

	Dec-06	Dec-07	Dec-08	Dec-09	Dec-10	Dec-11

Morgan Stanley Healthcare Products	\$ 100	\$ 103	\$ 82	\$ 102	\$ 109	\$ 115

Each year since 2006, the Company has actively repurchased shares of its common stock through various stock repurchase programs.

	2006	2007	2008	2009	2010	2011
Shares Outstanding at Fiscal Year End (in millions)	115.4	113.2	111.9	113.7	115.0	114.1

On March 16, 2012, the Company had outstanding 113,770,140 shares of common stock.

On February 11, 2010, the Board authorized the Company to repurchase common stock with an aggregate value of up to \$500,000,000 and on September 13, 2011, the Board authorized the repurchase of an additional \$500,000,000 of common stock. As of February 29, 2012, the Company

Edgar Filing: Edwards Lifesciences Corp - Form DEF 14A

Table of Contents

had remaining authority to repurchase approximately \$551 million of common stock, which represented approximately \$7.5 million shares, based on the closing price of \$73.13 per share on the NYSE on that day.

The Company grants long-term incentive awards (stock options and restricted stock units) to a limited number of employees who are considered key contributors to our success and whose performance most directly influences the long-term results of the Company. This strategy has allowed the Company to achieve a low burn rate while providing adequate incentives for our key employees.

	2008	2009	2010	2011
Three Year Average Burn Rate(1)(2)	2.1%	1.7%	1.6%	1.4%

$$(1) \quad \text{Burn Rate} = \frac{\text{Shares granted less cancellations}}{\text{Shares outstanding}}$$

- (2) The three year average Burn Rate for each year is calculated as the sum of the Burn Rates for that year and the preceding two years, divided by 3.

The 1,500,000 shares requested in this proposal represent 1.3% of the Company's outstanding shares at December 31, 2011.

The Company notes these additional factors:

When employees hold "in-the-money" stock options for a long time it can artificially skew the overhang, or the percentage of outstanding shares represented by all stock incentives awarded and those available for future awards under all plans. A significant portion of the Company's overhang is attributed to a large population of employees who have held stock options due to their increasing value, which we believe reflects employees' confidence in the Company's future prospects. As of February 29, 2012, a total of 10,185,061 shares (including 9,257,894 shares subject to outstanding options and 927,167 restricted shares and restricted stock units) were subject to outstanding options and stock awards under the Long-Term Stock Program.

The following table provides information on **total stock options outstanding** demonstrating the components of the overhang as of February 29, 2012.

	Total Options Outstanding	Weighted Average Exercise Price	Weighted Average Remaining Years of Contractual Life

Table of Contents

Of the total 10,185,061 shares subject to options and stock awards that were outstanding as of February 29, 2012, approximately 38.2% were held by the Named Executive Officers (as defined in the section entitled "Compensation Discussion and Analysis" at page 24) as a group.

The Company adopted stock ownership guidelines for its executive officers beginning in 2000 to create additional owner commitment and to emphasize stockholder value creation. (See "Executive Compensation and Other Information Compensation Discussion and Analysis Stock Ownership Guidelines" at page 35.) All executive officers have either exceeded their ownership target levels or are on track to achieve their ownership targets by the required date.

The Long-Term Stock Program is a component of total executive direct compensation (total cash compensation plus equity), which is targeted to be at approximately the median for comparable positions at competitive peer companies. (See "Executive Compensation and Other Information Compensation Discussion and Analysis Compensation Process" at page 27.)

The Company is committed to maintaining strong corporate governance practices and notes the following important factors that pertain to our Long-Term Stock Program and/or our long-term equity compensation practices:

In 2003, the Company reduced the maximum term of options to seven years from ten years. Our standard practice for options is ratable vesting over four years;

Our standard practice imposes a minimum vesting period of three years on restricted stock awards;

The Long-Term Stock Program does not allow net share counting provisions;

The Company does not have any program, plan or practice to time option grants in coordination with the release of material information. (See "Executive Compensation and Other Information Compensation Discussion and Analysis Market Timing of Equity Awards" at page 35.);

The Company's practice is to grant equity to Named Executive Officers each year at its May meeting, in conjunction with the annual meeting of stockholders;

The Company has never engaged in a repricing of stock options, and our Long-Term Stock Program would require stockholder approval for any repricing actions; and

The Company provides our stockholders the opportunity to evaluate and vote annually on share increases to the Long-Term Stock Program.

The section above entitled "The Long-Term Stock Incentive Compensation Program" describes the principal features of the Long-Term Stock Program, giving effect to the amendment and restatement that is the subject of this Proposal 2. The summary, however, does not purport to be a complete description of the Long-Term Stock Program. A copy of the amended and restated Long-Term Stock Program is attached as Appendix A to this Proxy Statement.

**THE BOARD RECOMMENDS A VOTE "FOR" THE AMENDMENT AND RESTATEMENT
OF THE LONG-TERM STOCK INCENTIVE COMPENSATION PROGRAM.**

Proposal 3 Advisory Vote on Executive Compensation

In accordance with Section 14A of the Securities Exchange Act of 1934 (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010) and the related rules of the SEC, the Company is providing its stockholders with the opportunity to vote, on an advisory, non-binding basis, on the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with SEC rules.

As described in the "Compensation Discussion and Analysis," our compensation programs are designed to attract, retain, motivate, and engage executives with superior leadership and management capabilities. High-caliber talent is critical to our success and we strive to provide compensation that is competitive. Our strong "pay for performance" culture is reflected in the following:

A significant portion of executive compensation is performance-based;

Our performance goals consist of a mix of company-wide financial and operating and strategic measures as well as personal objectives designed to further the Company's annual and long-term business performance; and

We strive to align the interests of our executives with the interests of our stockholders.

The Compensation Committee regularly reviews our executive officer compensation programs to ensure that they achieve the desired goals.

We urge stockholders to read the "Compensation Discussion and Analysis" beginning on page 24 of this Proxy Statement, which describes in more detail how our executive compensation policies and procedures are designed and operate to achieve our compensation and strategic objectives, as well as the "Summary Compensation Table" and other related compensation tables and narrative appearing on pages 39 through 52. The Compensation Committee and the Board believe that the policies, procedures and compensation programs described in these sections have contributed to the Company's long-term performance.

In an advisory vote held at our 2011 Annual Meeting, more than 95% of the votes cast by our stockholders supported our executive compensation policies and procedures. Even though we received strong support, the Compensation Committee engages in an ongoing review of the Company's executive compensation and benefits programs and makes changes as appropriate to reflect the Company's compensation philosophy and objectives and to serve the best interests of our stockholders. As a result, during the past year our executive officers agreed to eliminate existing gross-up provisions from their change-in-control agreements and the Company adopted a recoupment policy, pursuant to which, in the event of any restatement of financial statements of the Company, the Board, in appropriate circumstances, would seek to recover or cancel any incentive compensation received that was in excess of what would have been received under the restated financial statements.

We are asking our stockholders to indicate their support for our Named Executive Officer compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure included in the Proxy Statement."

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or the Board. However, the Board and our Compensation Committee value the opinions of our

Table of Contents

stockholders and will consider the voting results as appropriate when making future decisions regarding executive compensation.

THE BOARD RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS DESCRIBED IN THIS PROXY STATEMENT.

Proposal 4 Ratification of Appointment of the Independent Registered Public Accounting Firm

The Audit and Public Policy Committee (the "Audit Committee") has appointed PwC as the independent registered public accounting firm for the Company for the fiscal year ending December 31, 2012. Representatives of PwC are expected to attend the Annual Meeting and will be available to respond to appropriate questions and to make a statement if they so desire. PwC also performs certain non-audit services for the Company. Although the Company is not required to seek stockholder approval of this appointment, the Board believes that doing so is consistent with good corporate governance practices. If the appointment is not ratified, the Audit Committee will explore the reasons for stockholder rejection and will reconsider the appointment.

THE BOARD RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE COMPANY FOR 2012.

Proposal 5 Stockholder Proposal to Declassify the Board

A stockholder has submitted the proposal and supporting statement set forth below in accordance with the rules of the SEC, and the Board and the Company disclaim any responsibility for its content. We will furnish, orally or in writing as requested, the name, address, and claimed share ownership of the stockholder that submitted this proposal promptly upon written or oral request to the Company's Corporate Secretary.

PROPOSAL TO REPEAL CLASSIFIED BOARD

RESOLVED, that shareholders of Edwards Lifesciences Corporation urge the Board of Directors to take all necessary steps (other than any steps that must be taken by shareholders) to eliminate the classification of the Board of Directors and to require that all directors elected at or after the annual meeting held in 2013 be elected on an annual basis. Implementation of this proposal should not prevent any director elected prior to the annual meeting held in 2013 from completing the term for which such director was elected.

SUPPORTING STATEMENT

This resolution was submitted by the Illinois State Board of Investment. The Harvard Law School Shareholder Rights Project represented and advised the Illinois State Board of Investment in connection with this resolution.

Edgar Filing: Edwards Lifesciences Corp - Form DEF 14A

Table of Contents

The resolution urges the board of directors to facilitate a declassification of the board. Such a change would enable shareholders to register their views on the performance of all directors at each annual meeting. Having directors stand for elections annually makes directors more accountable to shareholders, and could thereby contribute to improving performance and increasing firm value.

Over the past decade, many S&P 500 companies have declassified their board of directors. According to data from FactSet Research Systems, the number of S&P 500 companies with classified boards declined by more than 50%; and the average percentage of votes cast in favor of shareholder proposals to declassify the boards of S&P 500 companies during the period January 1, 2010 - June 30, 2011 exceeded 75%.

The significant shareholder support for proposals to declassify, boards is consistent with empirical studies reporting that classified boards could be associated with lower firm valuation and/or worse corporate decision-making. Studies report that:

Classified boards are associated with lower firm valuation (Bebchuk and Cohen, 2005; confirmed by Falye (2007) and Frakes (2007));

Takeover targets with classified boards are associated with lower gains to shareholders (Bebchuk, Coates, and Subramanian, 2002);

Firms with classified boards are more likely to be associated with value-decreasing acquisition decisions (Masulis, Wang, and Xie, 2007); and

Classified boards are associated with lower sensitivity of compensation to performance and lower sensitivity of CEO turnover to firm performance (Falye, 2007).

Please vote for this proposal to make directors more accountable to shareholders.

STATEMENT OF THE BOARD

The Board has considered the proposal set forth above relating to the declassification of the Board, and has determined not to oppose the proposal and to make no voting recommendation to stockholders. The proposal, which is advisory in nature, would constitute a recommendation to the Board if approved by stockholders. The Board recognizes that board classification is a controversial topic, and believes that there are valid arguments in favor of, and in opposition to, classified boards. The Board wants to use this proposal as an opportunity for stockholders to express their views on this subject without being influenced by any recommendation the Board might make.

Supporters of classified boards contend, among other things, that a classified board can:

promote stability and continuity of leadership, since at any given time, two-thirds of the Directors will have had prior experience on the Board;

enhance a board's ability to respond to certain types of takeover bids and negotiate effectively on behalf of stockholders to realize the greatest possible stockholder value by making it more difficult for an unsolicited bidder to gain control of a company;

assist in attracting director candidates who are willing to make longer term commitments of their time and energy;

provide greater flexibility to protect stockholder interests and assure continuity in the Company's affairs and business strategies;

Edgar Filing: Edwards Lifesciences Corp - Form DEF 14A

enhance the independence of non-management directors by providing them with a longer assured term of office, and insulating them against pressure from management or special interest groups who might have an agenda contrary to the long-term interests of all stockholders; and

Table of Contents

reduce vulnerability to special interest groups who may not be acting in the best interest of all stockholders.

Opponents of classified boards often make arguments such as those set forth above in the proponent's supporting statement.

Approval of the proposal would not in itself declassify the Board. Approval of the proposal would only advise our Directors that a majority of stockholders voting at the meeting favor a change and would prefer that the Board take steps to end the staggered system of electing directors. Declassification of the Board would require an amendment to our Restated Certificate of Incorporation which requires the affirmative vote of 80% of the outstanding shares of our common stock to approve the amendment.

THE BOARD MAKES NO RECOMMENDATION REGARDING THE STOCKHOLDER PROPOSAL TO DECLASSIFY THE COMPANY'S BOARD.

Proposal 6 Stockholder Proposal to Eliminate Supermajority Votes

A stockholder has submitted the proposal and supporting statement set forth below in accordance with the rules of the SEC, and the Board and the Company disclaim any responsibility for its content. We will furnish, orally or in writing as requested, the name, address, and claimed share ownership of the stockholder that submitted this proposal promptly upon written or oral request to the Company's Corporate Secretary.

ADOPT SIMPLE MAJORITY VOTE

Shareholders request that our board take the steps necessary so that each shareholder voting requirement in our charter and bylaws that calls for a greater than simple majority vote be changed to require a majority of the votes cast for and against the proposal, or a simple majority in compliance with applicable laws.

Shareowners are willing to pay a premium for shares of corporations that have excellent corporate governance. Supermajority voting requirements have been found to be one of six entrenching mechanisms that are negatively related to company performance. Source: "What Matters in Corporate Governance?" by Lucien Bebchuk, Alma Cohen and Allen Ferrell, Harvard Law School, Discussion Paper No. 491 (September 2004, revised March 2005).

This proposal topic won from 74% to 88% support at Weyerhaeuser, Alcoa, Waste Management, Goldman Sachs, FirstEnergy, McGraw-Hill and Macy's. The proponents of these proposals included William Steiner and James McRitchie.

The merit of this Simple Majority Vote proposal should also be considered in the context of the opportunity for additional improvement in our company's 2011 reported corporate governance in order to more fully realize our company's potential:

The Corporate Library, an independent investment research firm, said there were issues related to executive pay \$16 million for our CEO Michael Mussallem. Mr. Mussallem also received our highest negative votes 17% negative.

Barbara McNeil and Michael Bowlin received our next highest negative votes 16% negative. McNeil and Bowlin were even allowed on our combination committee for executive pay and nominations. Mr. Bowlin was even our Lead Director and furthermore the Chairman of the combination committee. Robert Ingram was also on the combination committee and had seats on 5 boards overextension concern

Long-term incentive pay for our executives consisted of time-based equity pay given in the form of market-priced stock options and restricted stock units. Equity pay given for long-term incentives should include performance-vesting features.

Table of Contents

Our CEO realized \$8 million from shares acquired on his exercise of 261,000 options and was given another 300,000 options in 2010. Market-priced stock options may provide rewards due to a rising market alone, regardless of an executive's performance. Our CEO was potentially entitled to \$20 million if there is a change in control.

Finally, our company did not have a clawback policy which would allow for the recovery of unearned executive pay in the event of fraud or financial restatements. Our executive pay policies were not in the best interest of shareholders.

Please encourage our board to respond positively to this proposal to initiate the improved governance we deserve: Adopt Simple Majority Vote Yes on 6.

STATEMENT OF THE BOARD

The Board has carefully considered the above proposal, and believes that it is not in the best interest of the stockholders. Consequently, the Board unanimously recommends that the stockholders vote AGAINST the proposal for the following reasons:

Voting Requirements. The Board believes that the supermajority voting standards under the Company's Restated Certificate of Incorporation and Bylaws (collectively, governance documents) are appropriate and necessary. Under the Company's existing governance documents, most matters submitted to stockholders require the affirmative vote of a majority of the shares present in person or represented by proxy at any stockholder meeting. Directors (in uncontested elections) are currently elected by a simple majority vote. The Company's governance documents require the affirmative vote of at least 80% of the outstanding shares entitled to vote for a few, but important, matters of corporate structure and governance, which are as follows: stockholder amendments to the Bylaws and stockholder-initiated amendments to the Restated Certificate of Incorporation relating to the size of the Board, the ability to fill vacancies on the Board, the removal of directors for cause, the classification of the Board, and actions by stockholders without a meeting. The supermajority standards do not apply to the approval of a merger or a business combination, for which the affirmative vote of a majority of the outstanding shares is required. The Board believes that in these limited circumstances the higher voting requirements are more protective of all stockholders for a variety of reasons, the most relevant of which are described below.

Broad Consensus of All Stockholders. Delaware law permits supermajority voting requirements, and a number of publicly traded companies have adopted these provisions to preserve and maximize long-term value for all stockholders. Because these provisions give holders of less than a majority of the outstanding shares the ability to defeat a proposed change, they generally have the effect of giving minority stockholders a greater voice in corporate structure and governance. The Board strongly believes that changes to these matters of fundamental corporate governance should have the support of a broad consensus of the Company's stockholders rather than a simple majority. The Company's governing documents were intentionally created to include a supermajority vote standard that would apply to the areas described above because of their importance to the Company. The purpose of the supermajority voting requirements is not to preclude change but to ensure that certain fundamental procedural changes to the Company's governance procedures occur only when there is a broad consensus of stockholders and not a mere simple majority. The Board also believes that the supermajority vote requirements protect stockholders, particularly minority shareowners, against the self-interested actions of short-term investors. Without these provisions, it would be possible for a group of short-term stockholders to approve a fundamental governance change that is not in the best interest of the Company and opposed by nearly half of the Company's stockholders.

Fiduciary Duty. The Board is subject to fiduciary duties under the law to act in a manner that it believes to be in the best interests of the Company and its stockholders. Stockholders, on the other hand, do not have the same fiduciary duty as the Directors. As a result, a group of short-term stockholders may act in

Table of Contents

their own self-interests to the detriment of other stockholders. Accordingly, the supermajority voting standards are necessary to safeguard the long-term interests of the Company and its stockholders.

Corporate Governance Practices. The proponent contends that approval of this proposal would serve as a means of improving the Company's corporate governance by lowering the required vote for governance changes. After careful consideration of the proposal, the Board does not believe that implementation of this proposal would enhance the Company's corporate governance practices. All of the members of the Board, other than the Chairman, are "independent" under the standards adopted by the New York Stock Exchange (NYSE). The Compensation Committee, which is composed entirely of independent directors, regularly considers and evaluates corporate governance developments and recommends changes to the Board. As discussed in this Proxy Statement, the Board operates under corporate governance principles and practices that are designed to, and exercises its best independent judgment in an effort to, maximize long-term stockholder value, align the interests of the Board and management with those of our stockholders, and promote high ethical conduct among our Directors and employees. Additionally, the Company's governance policies and practices comply with all requirements of the NYSE and Securities and Exchange Commission corporate governance standards and address a wide range of topics, including Board composition and leadership, the duties and responsibilities of the Directors, and Board procedures. These guidelines are available on the Company's website, www.edwards.com, under "Investor Relations". Other governance matters of note include the fact that the Company has majority voting for its Directors and that the Company's poison pill was not renewed upon its expiration in 2010. The Board does not believe that approval of this proposal is needed or advisable, or in the best interests of the Company and its stockholders.

It is important to note that stockholder approval of this proposal would not in itself remove the supermajority vote standards. Under the governance documents, to change the supermajority standards, the Board must first authorize amendments to the Company's governance documents and stockholders would then have to approve each of those amendments with an affirmative vote of at least 80% of the outstanding shares of the Company.

After careful consideration of this proposal, the Board has determined that retention of the supermajority voting requirements remains in the long-term best interests of the Company and its stockholders. The Board believes that the substantial benefits of a supermajority voting requirement do not come at the expense of prudent corporate governance. To the contrary, the voting requirement is designed to protect the interests of all stockholders.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "AGAINST" THE STOCKHOLDER PROPOSAL TO ELIMINATE SUPERMAJORITY VOTES.

Other Business

It is not anticipated that any matter will be considered by the stockholders other than those set forth above, but if other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote in accordance with their best judgment.

Management is responsible for the Company's internal controls, financial reporting process, and compliance with laws, regulations, and ethical business practices. The Company's independent registered public accounting firm, PwC, is responsible for performing an independent audit of the Company's annual consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America, as well as expressing an opinion on the effectiveness of the Company's internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed with management the Company's consolidated financial statements as of and for the fiscal year ended December 31, 2011. The Audit Committee has discussed with the Company's independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. The Audit Committee has received and reviewed the written disclosures and the letter from the independent registered public accounting firm under applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm their independence.

Based on the reviews and discussions referred to above, and relying thereon, the Audit Committee recommended to the Board that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for filing with the SEC.

All Other Fees. There were insignificant or no amounts paid under "All Other Fees" in 2011 and 2010. The Audit Committee has considered the compatibility of the non-audit services provided by PwC with their independence.

Pre-Approval of Services

The Audit Committee is required to pre-approve the audit and non-audit services performed by the Company's independent registered public accounting firm in order to assure that the provision of such services does not impair the auditor's independence. Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it requires specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels require specific pre-approval by the Audit Committee. The term of any general pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee at least annually reviews and pre-approves the services that may be provided by the independent registered public accounting firm without obtaining specific pre-approval from the Audit Committee. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management. The Audit Committee may delegate, and has delegated, pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The annual audit services engagement terms and fees are subject to the specific pre-approval of the Audit Committee.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding beneficial ownership of the Company's common stock as of February 29, 2012 by:

each stockholder known by the Company to own beneficially more than 5% of the common stock;

each of the Named Executive Officers;

each of the Company's directors; and

all of the Company's directors, Named Executive Officers, and executive officers as a group.

The number of shares subject to options that each beneficial owner has the right to acquire on or before April 29, 2012 is listed separately under the column "Number of Shares Underlying Options." OTHER MATTERS AND BUSINESS

Additional Information

The Company's Bylaws, Governance Guidelines, Global Business Practice Standards (applicable to all of the Company's employees, executive officers and directors), and charters of each of the Audit Committee and Compensation Committee, are posted under the "Investor Relations Corporate Governance and Responsibility" section of the Company's website (www.edwards.com).

Section 16(a) Beneficial Ownership Reporting Compliance

The Company believes that all reports that were required to be filed by the Company's executive officers, directors, and beneficial owners of more than 10% of its common stock under Section 16 of the Securities and Exchange Act of 1934 during 2011 were filed on a timely basis.

Related Party Transactions

The Company or one of its subsidiaries may occasionally enter into transactions with certain "related persons." Related persons include executive officers and directors of the Company, nominees for directors, 5% or more beneficial owners of Company common stock, and immediate family members of these persons. Transactions involving amounts in excess of \$120,000 and in which the related person has a direct or indirect material interest are referred to as "related person transactions." Under the Company's Global Business Practice Standards, which are applicable to all employees of the Company and to all members of the Board, conflicts of interest are prohibited unless approved in accordance with the requirements of such Global Business Practice Standards, which in the case of transactions involving executive officers or directors of the Company, may be given only by the Board or a Committee of the Board and must be disclosed promptly to stockholders. Under the Global Business Practice Standards, a conflict of interest includes holding a "significant financial interest" in any company that does business with the Company. A "significant financial interest" is deemed to exist if the related person owns more than 1% of the outstanding capital of a business or if the investment represents more than 5% of the total assets of the related person. The Board generally considers all relevant factors when determining whether to approve a related person transaction.

Indemnification of Directors and Officers

Pursuant to Company's Restated Certificate of Incorporation, the Company indemnifies its directors and officers to the fullest extent permitted by law. The Company has also entered into indemnification agreements with each of its directors and executive officers contractually committing the Company to provide this indemnification to him or her.

Deadline for Receipt of Stockholder Proposals for the 2013 Annual Meeting

In order for a stockholder proposal to be eligible for inclusion in the Company's Proxy Statement under the Rules of the SEC for the 2013 Annual Meeting, the written proposal must be received by the Secretary of the Company at the Company's offices no later than November 30, 2012 and must comply with the requirements of the rules established by the SEC.

The Company's Bylaws provide that in order for a stockholder proposal to be submitted at the 2013 Annual Meeting, including stockholder nominations for candidates for election as directors, written notice to the Secretary of the Company of such stockholder proposal generally must be received at our executive offices not less than 75 days nor more than 100 days prior to the anniversary date of the preceding annual meeting of stockholders. This requirement is independent of and in addition to the notice required under SEC rules for inclusion of a stockholder proposal in our proxy materials. As a result, stockholders who intend to present proposals at the 2013 Annual Meeting under these provisions, must give written notice of the proposal to the Secretary no earlier than January 31, 2013, and no later than February 25, 2013. However, if the date of the 2013 Annual Meeting is a date that is not within 30 days before or after May 10, 2013, the anniversary date of the 2012 Annual Meeting, notice by the stockholder of a proposal must be received no later than the close of business on the 10th calendar day after the first to occur of the day on which notice of the 2013 Annual Meeting is mailed or public disclosure of the date of the 2013 Annual Meeting is made.

The Company's Bylaws require that a stockholder must provide certain information concerning the proposing person, the nominee and the proposal, as applicable. Nominations and proposals not meeting the requirements set forth in the Company's Bylaws will not be entertained at the 2013 Annual Meeting. Stockholders should contact the Secretary in writing at One Edwards Way, Irvine, California 92614 to obtain additional information as to the proper form and content of stockholder nominations or proposals.

Annual Report on Form 10-K

The Company will furnish without charge to each person whose proxy is solicited upon the written request of such person a copy of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011, as filed with the SEC, including the financial statements and financial statement schedules (upon request, exhibits thereto will be furnished subject to payment of a specified fee). Requests for copies of such report should be directed to: Edwards Lifesciences Corporation, Attention: Secretary, One Edwards Way, Irvine, California 92614.

Article 1. Establishment, Objectives, and Duration

1.1 Establishment of the Program. Edwards Lifesciences Corporation, a Delaware corporation (hereinafter referred to as the "Company"), hereby amends and restates the incentive compensation plan established April 1, 2000 and known as the "Edwards Lifesciences Corporation Long-Term Stock Incentive Compensation Program" (hereinafter, as amended and restated, referred to as the "Program"), as set forth in this document. The Program permits the grant of Nonqualified Stock Options, Incentive Stock Options, Restricted Stock and Restricted Stock Units.

The Program became effective as of April 1, 2000 (the "Effective Date") and shall remain in effect as provided in Section 1.3 hereof.

The Program was amended and restated effective as of July 12, 2000 to clarify the definition of "Subsidiary" and was subsequently further amended and restated as of May 8, 2002, February 20, 2003, February 17, 2005, February 16, 2006, March 6, 2007, February 14, 2008, March 21, 2008, March 20, 2009, February 11, 2010, further amended on March 23, 2010, further amended and restated as of February 10, 2011, May 12, 2011, and February 16, 2012.

1.2 Objectives of the Program. The objectives of the Program are to optimize the profitability and growth of the Company through long-term incentives which are consistent with the Company's goals and which link the personal interests of Participants to those of the Company's stockholders; to provide Participants with an incentive for excellence in individual performance; and to promote teamwork among Participants. Awards generally are made in conjunction with services performed by the Participant within the previous twelve (12) months.

The Program is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of Participants who make significant contributions to the Company's success and to allow Participants to share in the success of the Company.

1.3 Duration of the Program. The Program shall commence on the Effective Date, as described in Section 1.1 hereof, and shall remain in effect, subject to the right of the Board to amend or terminate the Program at any time pursuant to Article 14 hereof, until all Shares subject to it shall have been purchased or acquired according to the Program's provisions. However, in no event may an Award be granted under the Program on or after April 1, 2018.

Article 2. Definitions

Whenever used in the Program, the following terms shall have the meanings set forth below, and when the meaning is intended, the initial letter of the word shall be capitalized:

2.1 "Award" means, individually or collectively, a grant under this Program of Nonqualified Stock Options, Incentive Stock Options, Restricted Stock or Restricted Stock Units.

2.2 "Award Agreement" means an agreement entered into by the Company and each Participant setting forth the terms and provisions applicable to Awards granted under this Program.

2.3 "Board" or "Board of Directors" means the Board of Directors of the Company.

Table of Contents

2.4 "Change in Control" of the Company shall mean the occurrence of any one of the following events:

(a)

Any "Person", as such term is used in Sections 13(d) and 14(d) of the Exchange Act (other than the Company, any corporation owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company, and any trustee or other fiduciary holding securities under an employee benefit plan of the Company or such proportionately owned corporation), is or becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing thirty percent (30%) or more of the combined voting power of the Company's then outstanding securities; or

(b)

During any period of not more than twenty-four (24) months, individuals who at the beginning of such period constitute the Board of Directors of the Company, and any new director (other than a director designated by a Person who has entered into an agreement with the Company to effect a transaction described in Sections 2.4(a), 2.4(c), or 2.4(d) of this Section 2.4) whose election by the Board or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds ($\frac{2}{3}$) of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason to constitute at least a majority thereof; or

(c)

The consummation of a merger or consolidation of the Company with any other entity, other than: (i) a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than sixty percent (60%) of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; or (ii) a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no Person acquires more than thirty percent (30%) of the combined voting power of the Company's then outstanding securities; or

(d)

The Company's stockholders approve a plan of complete liquidation or dissolution of the Company, or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets (or any transaction having a similar effect).

2.5 "Code" means the Internal Revenue Code of 1986, as amended from time to time.

2.6 "Committee" means the Compensation and Governance Committee or any other committee appointed by the Board to administer Awards to Participants, as specified in Article 3 herein.

2.7 "Company" means Edwards Lifesciences Corporation, a Delaware corporation, and any successor thereto as provided in Article 16 herein.

2.8 "Contractor" means an individual providing services to the Company who is not an Employee or member of the Board, and who does not participate in the Edwards Lifesciences Corporation Nonemployee Directors Stock Incentive Program.

2.9 "Covered Employee" means a Participant who is one of the group of "covered employees," as defined in the regulations promulgated under Code Section 162(m), or any successor statute.

2.10 "Disability" shall have the meaning ascribed to such term in the Participant's governing long-term disability plan, or if no such plan exists, at the discretion of the Board.

2.11 "Effective Date" shall have the meaning ascribed to such term in Section 1.1 hereof.

2.12 "Employee" means any employee of the Company or of a Subsidiary of the Company. Directors who are employed by the Company shall be considered Employees under this Program.

2.13 "Exchange Act" means the Securities Exchange Act of 1934, as amended from time to time, or any successor act thereto.

2.14 "Fair Market Value" means, the closing price of a share of Common Stock as reported in the New York Stock Exchange Composite Transactions on the date as of which such value is being determined or, if there shall be no reported transactions for such date, on the next preceding date for which transactions were reported.

2.15 "Incentive Stock Option" or "ISO" means an option to purchase Shares granted under Article 6 herein and which is designated as an Incentive Stock Option and which is intended to meet the requirements of Code Section 422.

2.16 "Insider" shall mean an individual who is, on the relevant date, an officer, director, or beneficial owner of more than ten percent (10%) of any class of the Company's equity securities that is registered pursuant to Section 12 of the Exchange Act, all as defined under Section 16 of the Exchange Act.

2.17 "Nonqualified Stock Option" or "NQSO" means an option to purchase Shares granted under Article 6 herein and which is not intended to meet the requirements of Code Section 422.

2.18 "Option" means an Incentive Stock Option or a Nonqualified Stock Option, as described in Article 6 herein.

2.19 "Option Price" means the price at which a Share may be purchased by a Participant pursuant to an Option.

2.20 "Participant" means an Employee or Contractor who has been selected to receive an Award or who has outstanding an Award granted under the Program.

2.21 "Performance-Based Exception" means the performance- based exception from the tax deductibility limitations of Code Section 162(m) applicable to compensation payable to Covered Employees.

2.22 "Period of Restriction" means the period during which the transfer of Shares of Restricted Stock is limited in some way (based on the passage of time, the achievement of performance goals, or upon the occurrence of other events as determined by the Committee, in its discretion), and the Shares are subject to a substantial risk of forfeiture, as provided in Article 7 herein.

2.23 "Restricted Stock" means an Award granted to a Participant pursuant to Article 7 herein.

2.24 "Restricted Stock Units" means an Award granted to a Participant pursuant to Article 8 herein.

2.25 "Retirement" means, unless otherwise defined in the applicable Award Agreement, any termination of an Employee's employment or a Contractor's service after age fifty-five (55) other than due to death, Disability or, with respect to Awards made after May 8, 2002, Cause, provided that such Employee or Contractor has at least a combined ten (10) years of service with the Company and Baxter International Inc. A Participant's number of years of service with the Company and Baxter International Inc. shall be determined by calculating the number of complete twelve-month (12) periods of employment from the Participant's original date of hire as an Employee or Contractor with the Company or Baxter International Inc. to the Participant's date of employment or service termination. Employment or service with Baxter International Inc. shall be included for purposes of determining qualification for Retirement only to the extent that such employment or service immediately, and without any break, precedes employment or service with the Company. For purposes of this definition, unless defined otherwise in the applicable Award Agreement, "Cause" means: (a) a Participant's willful and continued failure to substantially perform his duties with the Company or a Subsidiary (other than any such failure resulting from Disability); (b) a Participant's willfully engaging in conduct that is demonstrably and materially injurious to the Company or a Subsidiary, monetarily or otherwise; or (c) a Participant's having been convicted of a felony. For the purpose of determining "Cause," no act, or failure to act, on a Participant's part shall be deemed "willful" unless done, or

Table of Contents

omitted to be done, by the Participant not in good faith and without reasonable belief that the action or omission was in the best interests of the Company or a Subsidiary.

2.26 "Shares" means the shares of common stock of the Company.

2.27 "Subsidiary" means any business, whether or not incorporated, in which the Company beneficially owns, directly or indirectly through another entity or entities, securities or interests representing more than fifty percent (50%) of the combined voting power of the voting securities or voting interests of such business.

Article 3. Administration

3.1 General. The Program shall be administered by the Compensation and Governance Committee of the Board, or by any other Committee appointed by the Board, which shall consist of two (2) or more nonemployee directors within the meaning of the rules promulgated by the Securities and Exchange Commission under Section 16 of the Exchange Act who also qualify as outside directors within the meaning of Code Section 162(m) and the related regulations under the Code, except as otherwise determined by the Board. Any Committee administering the Program shall be comprised entirely of directors. The members of the Committee shall be appointed from time to time by, and shall serve at the sole discretion of, the Board.

The Committee shall have the authority to delegate administrative duties to officers, Employees, or directors of the Company; provided, however, that the Committee shall not be able to delegate its authority with respect to: (i) granting Awards to Insiders; (ii) granting Awards that are intended to qualify for the Performance-Based Exception; and (iii) certifying that any performance goals and other material terms attributable to Awards that are intended to qualify for the Performance-Based Exception have been satisfied.

3.2 Authority of the Committee. Except as limited by law or by the Certificate of Incorporation or Bylaws of the Company, and subject to the provisions of the Program, the Committee shall have the authority to: (a) interpret the provisions of the Program, and prescribe, amend, and rescind rules and procedures relating to the Program; (b) grant Awards under the Program, in such forms and amounts and subject to such terms and conditions as it deems appropriate, including, without limitation, Awards which are made in combination with or in tandem with other Awards (whether or not contemporaneously granted) or compensation or in lieu of current or deferred compensation; (c) subject to Article 14, modify the terms of, cancel and reissue, or repurchase outstanding Awards; (d) prescribe the form of agreement, certificate, or other instrument evidencing any Award under the Program; (e) correct any defect or omission and reconcile any inconsistency in the Program or in any Award hereunder; (f) to design Awards to satisfy requirements to make such Awards tax-advantaged to Participants in any jurisdiction or for any other reason that the Company desires; and (g) make all other determinations and take all other actions as it deems necessary or desirable for the administration of the Program; provided, however, that no outstanding Option will be amended to lower the exercise price or will be canceled for the purpose of reissuing such Option to a Participant at a lower exercise price (other than, in both cases, pursuant to Section 5.4) without the approval of the Company's stockholders. The determination of the Committee on matters within its authority shall be conclusive and binding on the Company and all other persons. The Committee shall comply with all applicable laws in administering the Plan. As permitted by law (and subject to Section 3.1 herein), the Committee may delegate its authority as identified herein.

3.3 Decisions Binding. All determinations and decisions made by the Committee pursuant to the provisions of the Program and all related orders and resolutions of the Board shall be final, conclusive, and binding on all persons, including the Company, its stockholders, directors, Employees, Contractors, Participants, and their estates and beneficiaries.

Article 4. Eligibility and Participation

4.1 Eligibility. Persons eligible to participate in this Program shall include all Employees and Contractors. Directors who are not Employees of the Company shall not be eligible to participate in the Program.

4.2 Actual Participation. Subject to the provisions of the Program, the Committee may, from time to time, select from all eligible Employees and Contractors those to whom Awards shall be granted and shall determine the nature and amount of each Award.

Article 5. Shares Subject to the Program and Maximum Awards

5.1 Number of Shares Available for Grants. Subject to adjustment as provided in Section 5.4 herein, the number of Shares hereby reserved for delivery to Participants under the Program shall be forty seven million four hundred thousand (47,400,000) Shares. No more than three million six hundred thousand (3,600,000) Shares reserved for issuance under the Program may be granted in the form of Shares of Restricted Stock or Restricted Stock Units. The Committee shall determine the appropriate methodology for calculating the number of Shares issued pursuant to the Program. The following rules shall apply to grants of such Awards under the Program:

- (a) **Options:** The maximum aggregate number of Shares that may be granted in the form of Options in any one (1) fiscal year to any one (1) Participant shall be two million (2,000,000).
- (b) **Restricted Stock and Restricted Stock Units:** The maximum aggregate number of Shares that may be granted in the form of Restricted Stock and Restricted Stock Units in any one (1) fiscal year to any one (1) Participant shall be four hundred thousand (400,000).

5.2 Type of Shares. Shares issued under the Program in connection with Stock Options or Restricted Stock Units may be authorized and unissued Shares or issued Shares held as treasury Shares. Shares issued under the Program in connection with Restricted Stock shall be issued Shares held as treasury Shares; provided, however, that authorized and unissued Shares may be issued in connection with Restricted Stock to the extent that the Committee determines that past services of the Participant constitute adequate consideration for at least the par value thereof.

5.3 Reuse of Shares.

- (a) **General.** In the event of the expiration or termination (by reason of forfeiture, expiration, cancellation, surrender, or otherwise) of any Award under the Program, that number of Shares that was subject to the Award but not delivered shall again be available as Awards under the Program.
- (b) **Restricted Stock.** In the event that Shares are delivered under the Program as Restricted Stock and are thereafter forfeited or reacquired by the Company pursuant to rights reserved upon the grant thereof, such forfeited or reacquired Shares shall again be available as Awards under the Program.
- (c) **Limitation.** Notwithstanding the provisions of Sections 5.3(a) or 5.3(b) above, the following Shares shall not be available for reissuance under the Program: (i) Shares which are withheld from any Award or payment under the Program to satisfy tax withholding obligations; (ii) Shares which are surrendered to fulfill tax obligations incurred under the Program; and (iii) Shares which are surrendered in payment of the Option Price upon the exercise of an Option.

5.4 Adjustments in Authorized Shares. In the event of any change in corporate capitalization, such as a stock split, or a corporate transaction, such as any merger, consolidation, separation, including a spin-off, or other distribution of stock or property of the Company, any reorganization (whether or not such reorganization comes within the definition of such term in Code Section 368) or any partial or complete liquidation of the Company, such adjustment shall be made in the number and class of Shares which may be

delivered under Section 5.1, in the number and class of and/or price of Shares subject to outstanding Awards granted under the Program, and in the Award limits set forth in Section 5.1, as shall be determined to be appropriate and equitable by the Committee, in its sole discretion, to prevent dilution or enlargement of rights; provided, however, that the number of Shares subject to any Award shall always be a whole number. In a stock-for-stock acquisition of the Company, the Committee may, in its sole discretion, substitute securities of another issuer for any Shares subject to outstanding Awards.

Article 6. Stock Options

6.1 Grant of Options. Subject to the terms and provisions of the Program, Options may be granted to Participants in such number, and upon such terms, and at any time and from time to time as shall be determined by the Committee. If all or any portion of the exercise price or taxes incurred in connection with the exercise are paid by delivery (or, in the case of payment of taxes, by withholding of Shares) of other Shares of the Company, the Options may provide for the grant of replacement Options.

6.2 Award Agreement. Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the duration of the Option, the number of Shares to which the Option pertains, and such other provisions as the Committee shall determine. The Award Agreement also shall specify whether the Option is intended to be an ISO or an NQSO.

6.3 Option Price. The Option Price for each grant of an Option under this Program shall be at least equal to one hundred percent (100%) of the Fair Market Value of a Share on the date the Option is granted.

6.4 Duration of Options. Each Option granted to a Participant on or after February 16, 2006 shall expire at such time, not later than the seventh (7th) anniversary date of its grant, as the Committee shall determine.

6.5 Exercise of Options. Options granted under this Article 6 shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which need not be the same for each grant or for each Participant; provided, however, that each option shall become exercisable over a minimum period of three (3) years measured from the date of grant of the option. Grants to Participants who were Retirement eligible before May 12, 2011, may vest monthly over 36 months after the date of grant for grants in the first year of retirement eligibility, and monthly over 24 months after the date of grant for grants in the second and subsequent years of retirement eligibility, as determined by the Committee.

6.6 Payment. Options granted under this Article 6 shall be exercised by the delivery of a written notice (or such other form of notice as the Company may specify) of exercise to the Company, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares (or a satisfactory "cashless exercise" notice).

The Option Price upon exercise of any Option shall be payable to the Company in full either: (a) in cash or its equivalent; (b) by tendering previously acquired Shares (by either actual delivery or attestation) having an aggregate Fair Market Value at the time of exercise equal to the total Option Price (provided that the Shares which are tendered must have been held by the Participant for at least six (6) months, or such shorter or longer period, if any, as is necessary to avoid variable accounting treatment); (c) by a cashless exercise, as permitted under Federal Reserve Board's Regulation T, subject to applicable securities law restrictions and such procedures and limitations as the Company may specify from time to time; (d) by any other means which the Committee determines to be consistent with the Program's purpose and applicable law; or (e) by a combination of two or more of (a) through (d).

Subject to any governing rules or regulations, including cashless exercise procedures, as soon as practicable after receipt of a notification of exercise and full payment (or a satisfactory "cashless exercise" notice), the Company shall cause to be issued and delivered to the Participant, in certificate form or otherwise, evidence of the Shares purchased under the Option(s).

Table of Contents

6.7 Restrictions on Share Transferability. The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, and under any blue sky or state securities laws applicable to such Shares.

6.8 Termination of Employment or Service. Each Participant's Option Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment with the Company or service to the Company as a Contractor. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to this Article 6, and may reflect distinctions based on the reasons for termination.

6.9 Nontransferability of Options.

(a)

Incentive Stock Options. No ISO granted under the Program may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant under the Program shall be exercisable during his or her lifetime only by such Participant.

(b)

Nonqualified Stock Options. Except as otherwise provided in a Participant's Award Agreement, no NQSO granted under this Article 6 may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement, all NQSOs granted to a Participant under this Article 6 shall be exercisable during his or her lifetime only by such Participant.

6.10 Substitution of Cash. Unless otherwise provided in a Participant's Award Agreement, and notwithstanding any provision in the Program to the contrary (including but not limited to Section 14.2), in the event of a Change in Control in which the Company's stockholders holding Shares receive consideration other than shares of common stock that are registered under Section 12 of the Exchange Act, the Committee shall have the authority to require that any outstanding Option be surrendered to the Company by a Participant for cancellation by the Company, with the Participant receiving in exchange a cash payment from the Company within ten (10) days of the Change in Control. Such cash payment shall be equal to the number of Shares under Option, multiplied by the excess, if any, of the greater of (i) the highest per Share price offered to stockholders in any transaction whereby the Change in Control takes place, or (ii) the Fair Market Value of a Share on the date the Change in Control occurs, over the Option Price.

Article 7. Restricted Stock

7.1 Grant of Restricted Stock. Subject to the terms and provisions of the Program, the Committee, at any time and from time to time, may grant Shares of Restricted Stock to Participants in such amounts as the Committee shall determine.

7.2 Restricted Stock Agreement. Each Restricted Stock grant shall be evidenced by a Restricted Stock Award Agreement that shall specify the Period(s) of Restriction, the number of Shares of Restricted Stock granted, and such other provisions as the Committee shall determine. The Period of Restriction shall be a minimum of three (3) years measured from the grant date of the Restricted Stock. If a Retirement eligible Participant retires prior to completion of the Period of Restriction, then the period of restriction shall be reduced upon retirement at the rate of 25% annually from the grant date of the Restricted Stock.

7.3 Restriction on Transferability. Except as provided in this Article 7, the Shares of Restricted Stock granted herein may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction established by the Committee and specified in the Restricted Stock Award Agreement, or upon earlier satisfaction of any other conditions, as specified by the

Table of Contents

Committee in its sole discretion and set forth in the Restricted Stock Award Agreement. All rights with respect to the Restricted Stock granted to a Participant under the Program shall be available during his or her lifetime only to such Participant.

7.4 Other Restrictions. Subject to Article 9 herein, the Committee shall impose such other conditions and/or restrictions on any Shares of Restricted Stock granted pursuant to the Program as it may deem advisable including, without limitation, any or all of the following:

- (a) A required period of employment or service as a Contractor with the Company, as determined by the Committee, prior to the vesting of Shares of Restricted Stock.
- (b) A requirement that Participants forfeit (or in the case of Shares sold to a Participant, resell to the Company at his or her cost) all or a part of Shares of Restricted Stock in the event of termination of his or her employment or service as a Contractor during the Period of Restriction.
- (c) A prohibition against employment of Participants holding Shares of Restricted Stock by any competitor of the Company, against such Participants' dissemination of any secret or confidential information belonging to the Company, or the solicitation by Participants of the Company's employees for employment by another entity.

Shares of Restricted Stock awarded pursuant to the Program shall be registered in the name of the Participant and, if such Shares are certificated, in the sole discretion of the Committee, may be deposited in a bank designated by the Committee or with the Company. The Committee may require a stock power endorsed in blank with respect to Shares of Restricted Stock whether or not certificated.

Except as otherwise provided in this Article 7, Shares of Restricted Stock covered by each Restricted Stock grant made under the Program shall become freely transferable (subject to any restrictions under any applicable securities law) by the Participant after the last day of the applicable Period of Restriction.

7.5 Voting Rights. Unless the Committee determines otherwise, Participants holding Shares of Restricted Stock issued hereunder shall be entitled to exercise full voting rights with respect to those Shares during the Period of Restriction.

7.6 Dividends and Other Distributions. Unless the Committee determines otherwise, during the Period of Restriction, Participants holding Shares of Restricted Stock issued hereunder shall be entitled to regular cash dividends paid with respect to such Shares. The Committee may apply any restrictions to the dividends that the Committee deems appropriate. Without limiting the generality of the preceding sentence, if the grant or vesting of Shares of Restricted Stock is designed to comply with the requirements of the Performance-Based Exception, the Committee may apply any restrictions it deems appropriate to the payment of dividends declared with respect to such Shares of Restricted Stock, such that the dividends and/or the Shares of Restricted Stock maintain eligibility for the Performance-Based Exception.

7.7 Termination of Employment or Service. Each Restricted Stock Award Agreement shall set forth the extent to which the Participant shall have the right to vest in previously unvested Shares of Restricted Stock following termination of the Participant's employment with the Company or service to the Company as a Contractor. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Shares of Restricted Stock issued pursuant to the Program, and may reflect distinctions based on the reasons for termination.

Article 8. Restricted Stock Units

8.1. Restricted Stock Units Awards. Subject to the terms and conditions of the Program, the Committee, at any time and from time to time, may issue Restricted Stock Units which entitle the Participant to receive the Shares underlying those units following the lapse of specified restrictions (whether

Table of Contents

based on the achievement of designated performance goals or the satisfaction of specified services or upon the expiration of a designated time period following the vesting of the units).

8.2. Restricted Stock Units Award Agreement. Each Restricted Stock Units award shall be evidenced by a Restricted Stock Units Award Agreement that shall specify the vesting restrictions, the number of Shares subject to the Restricted Stock Units award, and such other provisions as the Committee shall determine. Restricted Stock Units shall vest over a minimum period of three (3) years measured from the grant date of the award.

8.3. Restrictions. The Committee shall impose such other conditions and/or restrictions on the issuance of any Shares under the Restricted Stock Units granted pursuant to the Program as it may deem advisable including, without limitation, any or all of the following:

- (a) A required period of service with the Company, as determined by the Committee, prior to the issuance of Shares under the Restricted Stock Units award.
- (b) A requirement that the Restricted Stock Units award be forfeited in whole or in part in the event of termination of the Participant's employment or service as a Contractor during the vesting period.
- (c) A prohibition against employment of Participants holding Restricted Stock Units by any competitor of the Company, against such Participants' dissemination of any secret or confidential information belonging to the Company, or the solicitation by Participants of the Company's employees for employment by another entity.

Except as otherwise provided in this Article 8, Shares subject to Restricted Stock Units under the Program shall be freely transferable (subject to any restrictions under applicable securities law) by the Participant after receipt of such shares.

8.4. Stockholder Rights. Participants holding Restricted Stock Units issued hereunder shall not have any rights with respect to Shares subject to the award until the award vests and the Shares are issued hereunder. However, dividend-equivalent units may be paid or credited, either in cash or in actual or phantom Shares, on outstanding Restricted Stock Units awards, subject to such terms and conditions as the Committee may deem appropriate.

8.5. Termination of Employment or Service. Each Restricted Stock Units Award Agreement shall set forth the extent to which the Participant shall have the right to vest in previously unvested Shares subject to the Restricted Stock Units award following termination of the Participant's employment with the Company or service to the Company as a Contractor. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Restricted Stock Unit awards issued pursuant to the Program, and may reflect distinctions based on the reasons for termination.

Article 9. Performance Measures

Unless and until the Board proposes for stockholder vote and stockholders approve a change in the general performance measures set forth in this Article 9, the attainment of which may determine the degree of payout and/or vesting with respect to Awards to Covered Employees which are designed to qualify for the Performance-Based Exception, the performance measure(s) to be used for purposes of such grants shall be chosen from among:

- (i) return measures (including, but not limited to, return on assets, capital, investment, equity or sales);
- (ii) earnings per share;
- (iii) net income (before or after taxes) or operating income;

- (iv) earnings before interest, taxes, depreciation and amortization or operating income before depreciation and amortization;
- (v) sales or revenue targets;
- (vi) market to book value ratio;
- (vii) cash flow or free cash flow (cash flow from operations less capital expenditures);
- (viii) market share;
- (ix) cost reduction goals;
- (x) budget comparisons;
- (xi) implementation, completion or progress of projects, processes, products or product-lines strategic or critical to the Company's business operations;
- (xii) measures of customer satisfaction;
- (xiii) share price (including, but not limited to, growth measures and total stockholder return);
- (xiv) working capital;
- (xv) economic value added;
- (xvi) percentage of sales generated by new products;
- (xvii) progress of research and development projects or milestones;
- (xviii) growth in sales of products or product-lines;
- (ix) any combination of, or a specified increase in, any of the foregoing; and
- (x) the formation of joint ventures, research and development collaborations, marketing or customer service collaborations, or the completion of other corporate transactions intended to enhance the Company's revenue or profitability or expand the Company's customer base.

Subject to the terms of the Program, each of these measures shall be defined by the Committee on a corporation, subsidiary, group or division basis or in comparison with peer group performance, and may include or exclude specified extraordinary items, as determined by the Company's auditors.

Edgar Filing: Edwards Lifesciences Corp - Form DEF 14A

The Committee shall have the discretion to adjust the determinations of the degree of attainment of the preestablished performance goals or the size of Awards; provided, however, that Awards which are designed to qualify for the Performance-Based Exception, and which are held by a Covered Employee, may not be adjusted upward in terms of either the degree of goal attainment or size (but the Committee shall retain the discretion to adjust the degree of goal attainment or the size of the Awards downward).

In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing performance measures without obtaining stockholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining stockholder approval. In addition, in the event that the Committee determines that it is advisable to grant Awards that shall not qualify for the Performance-Based Exception, the Committee may make such grants without satisfying the requirements of Code Section 162(m).

Article 10. Beneficiary Designation

Each Participant under the Program may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Program is to be paid in case of his or her death before he or she receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Company, and will be

A-10

effective only when filed by the Participant in writing with the Company during the Participant's lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

Article 11. Deferrals

The Committee may permit or require a Participant to defer such Participant's receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant by virtue of the exercise of an Option or the lapse or waiver of restrictions with respect to Restricted Stock or Restricted Stock Units. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals which shall be consistent with the requirements of Code Section 409A and the Treasury regulations and rulings promulgated thereunder.

Article 12. Rights of Employees and Contractors

12.1 Employment. Nothing in the Program or any Award Agreement shall interfere with or limit in any way the right of the Company to terminate at any time any Participant's employment or service to the Company as a Contractor, nor confer upon any Participant any right to continue in the employ of the Company or to provide services to the Company as a Contractor.

12.2 Participation. No Employee or Contractor shall have the right to be selected to receive an Award under this Program, or, having been so selected, to be selected to receive a future Award.

Article 13. Change in Control

Except as may otherwise be provided in a Participant's Award Agreement, upon the occurrence of a Change in Control, unless otherwise specifically prohibited under applicable laws or by the rules and regulations of any governing governmental agencies or national securities exchanges:

- (a) Any and all Options granted hereunder shall become immediately exercisable, and, if granted before May 8, 2002, shall remain exercisable throughout their entire term;
- (b) Any restriction periods and restrictions imposed on Shares of Restricted Stock and Restricted Stock Units that are not performance-based shall lapse;
- (c) The vesting of all performance-based Awards denominated in Shares such as performance-based Restricted Stock and Restricted Stock Units shall be accelerated as of the effective date of the Change in Control, and there shall be paid out to Participants within thirty (30) days following the effective date of the Change in Control a pro rata number of Shares based upon an assumed achievement of all relevant targeted performance goals and upon the length of time within the Performance Period(s) which has elapsed prior to the Change in Control; provided, however, that if an Option or Share of Restricted Stock or Restricted Stock Unit granted after May 8, 2002 becomes exercisable or vests only after either (i) a minimum fixed period of employment or service (the duration of which is determined by the Committee at the time of the grant of the Award) or (ii) the earlier achievement of a performance-related goal, its exercisability or vesting shall not automatically accelerate in full in accordance with Article 13 (a) or (b) above, but may accelerate if and to the extent provided in the applicable Award Agreement.

Article 14. Amendment, Modification, and Termination

14.1 Amendment, Modification, and Termination. Subject to the terms of the Program, including Section 14.2, the Board may at any time and from time to time, alter, amend, suspend or terminate the Program in whole or in part. However, stockholder approval shall be required for any amendment of the Program that (a) materially increases the number of Shares available for issuance under the Program (other than pursuant to Article 5.4), (b) expands the type of awards available under the Program, (c) materially

expands the class of participants eligible to receive Awards under the Program, (d) materially extends the term of the Program, (e) materially changes the method of determining the Option Price under the Program, or (f) deletes or limits any provision of the Program prohibiting the repricing of Options. The Committee may amend Awards previously granted under the Program.

14.2 Awards Previously Granted. Notwithstanding any provision of the Program or of any Award Agreement to the contrary (but subject to Section 6.10 hereof), no termination, amendment, or modification of the Program or amendment of an Award previously granted under the Program shall adversely affect in any material way any Award previously granted under the Program, without the express consent of the Participant holding such Award.

Article 15. Compliance with Applicable Law and Withholding

15.1 General. The granting of Awards and the issuance of Shares under the Program shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required. Notwithstanding anything to the contrary in the Program or any Award Agreement, the following shall apply:

- (a) The Company shall have no obligation to issue any Shares under the Program if such issuance would violate any applicable law or any applicable regulation or requirement of any securities exchange or similar entity.
- (b) Prior to the issuance of any Shares under the Program, the Company may require a written statement that the recipient is acquiring the Shares for investment and not for the purpose or with the intention of distributing the Shares and that the recipient will not dispose of them in violation of the registration requirements of the Securities Act of 1933.
- (c) With respect to any person who is subject to Section 16(a) of the Exchange Act, the Committee may, at any time, add such conditions and limitations to any incentive or payment under the Program or implement procedures for the administration of the Program which it deems necessary or desirable to comply with the requirements of Rule 16b-3 of the Exchange Act.
- (d) If, at any time, the Company, determines that the listing, registration, or qualification (or any updating of any such document) of any Award, or the Shares issuable pursuant thereto, is necessary on any securities exchange or under any federal or state securities or blue sky law, or that the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, any Award, the issuance of Shares pursuant to any Award, or the removal of any restrictions imposed on Shares subject to an Award, such Award shall not be granted and the Shares shall not be issued or such restrictions shall not be removed, as the case may be, in whole or in part, unless such listing, registration, qualification, consent, or approval shall have been effected or obtained free of any conditions not acceptable to the Company.

15.2 Securities Law Compliance. With respect to Insiders, transactions under this Program are intended to comply with all applicable conditions of Rule 16b-3 or its successors under the 1934 Act. To the extent any provision of the Program or action by the Committee or the Board fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Board.

15.3 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Program.

15.4 Share Withholding. Awards payable in Shares may provide that with respect to withholding required upon any taxable event arising thereunder, Participants may elect to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares to satisfy their withholding tax

obligations; provided that Participants may only elect to have Shares withheld having a Fair Market Value on the date the tax is to be determined equal to or less than the minimum withholding tax which could be imposed on the transaction. All elections shall be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations, including prior Committee approval, that the Committee, in its sole discretion, deems appropriate.

Article 16. Indemnification

Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Program and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

Article 17. Successors

All obligations of the Company under the Program with respect to Awards granted hereunder shall, to the extent legally permissible, be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Article 18. Legal Construction

18.1 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

18.2 Severability. In the event any provision of the Program shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Program, and the Program shall be construed and enforced as if the illegal or invalid provision had not been included.

18.3 Governing Law. To the extent not preempted by federal law, the Program, and all Award or other agreements hereunder, shall be construed in accordance with and governed by the laws of the state of Delaware without giving effect to principles of conflicts of laws.
