Dear Stockholder:

You are cordially invited to attend the first Annual Meeting of Stockholders of Thermon Group Holdings, Inc., which will be held at the Embassy Suites Hotel and Conference Center, 1001 E. McCarty Lane, San Marcos, Texas 78666, on August 2, 2012, at 8:00 a.m. Central Time.

We have elected to utilize the Securities and Exchange Commission's Notice and Access proxy rule, which allows companies to furnish proxy materials via the Internet as an alternative to the traditional approach of mailing a printed set to each stockholder. In accordance with these rules, we have sent a Notice of Internet Availability of Proxy Materials to our stockholders of record, which contains instructions on how to access our proxy materials via the Internet as well as information on how to vote.

We hope you will attend the meeting. It is important that your shares are represented and voted at the meeting. Whether or not you expect to attend in person, we encourage you to vote your shares by Internet or telephone, or, if you received a printed set of materials by mail, by returning the accompanying proxy card, as soon as possible to ensure that your shares will be represented.

On behalf of the Board of Directors and management of Thermon, I would like to thank you for your continued support.

Sincerely,

Rodney L. Bingham

As permitted by the rules adopted by the Securities and Exchange Commission (the "SEC"), we have elected to provide access to our proxy materials primarily via the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders of record entitled to vote at the 2012 Annual Meeting. Instructions on how to access and review these proxy materials electronically, request hard copies of these materials and submit proxy votes online are stated in the Notice.

Only stockholders of record as of the close of business on June 4, 2012 (the "Record Date") are entitled to receive notice of, attend and vote at the 2012 Annual Meeting. We began mailing the Notice to stockholders of record on or about June 19, 2012. We first made this Proxy Statement available online to our stockholders at <http://proxy.thermon.com> on or about June 19, 2012, along with our Annual Report on Form 10-K for the fiscal year ended March 31, 2012, as filed with the SEC on June 8, 2012 (the "Annual Report").

How can I attend the 2012 Annual Meeting?

Table of Contents

What are the Board's voting recommendations?

The Board recommends that you vote your shares:

"FOR" each of the nominees to the Board;

"FOR" ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2013;

"FOR" the resolution to approve, on a non-binding advisory basis, the compensation of the Company's executive officers, as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this Proxy Statement;

"1 YEAR" for the proposal to approve, on a non-binding advisory basis, the frequency of future stockholder advisory votes on executive compensation; and

"FOR" the resolution to approve the 2012 Incentive Plan.

What is the Company's fiscal year?

The Company's most recent fiscal year ended March 31, 2012 ("Fiscal 2012"). The Company's next fiscal year will end March 31, 2013 ("Fiscal 2013"). Unless otherwise stated, all financial information presented in this Proxy Statement is based on the Company's fiscal calendar.

Who may vote at the 2012 Annual Meeting?

Holders of Company common stock on the Record Date are entitled to one vote for each share the Company's common stock held on the Record Date. As of the Record Date, there were 30,351,412 shares of the Company's stock issued and outstanding, held by approximately 92 holders of record.

What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

Stockholder of Record. If, on the Record Date, your shares were registered directly in your name with the Company's transfer agent, American Stock Transfer and Trust Company, LLC ("AST"), you are considered the stockholder of record with respect to those shares, and the Notice was sent directly to you by the Company. If you request printed copies of the proxy materials by mail, you will receive a proxy card.

Beneficial Owner of Shares Held in Street Name. If, on the Record Date, your shares were held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in "street name," and the Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the 2012 Annual Meeting. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. Those instructions are contained in a "vote instruction form." If you request printed copies of the proxy materials by mail, you will receive a vote instruction form.

If I am a stockholder of record of the Company's shares, how do I vote?

There are four ways to vote:

In person. If you are a stockholder of record, you may vote in person at the 2012 Annual Meeting. The Company will give you a ballot when you arrive.

Table of Contents

Via the Internet. You may vote by proxy via the Internet by following the instructions provided in the Notice.

By Telephone. If you request printed copies of the proxy materials by mail, you may vote by proxy by calling the toll free number found on the proxy card.

By Mail. If you request printed copies of the proxy materials by mail, you may vote by proxy by filling out the proxy card and sending it back in the envelope provided.

If I am a beneficial owner of shares held in street name, how do I vote?

In person. If you are a beneficial owner of shares held in street name and you wish to vote in person at the 2012 Annual Meeting, you must obtain a legal proxy from the organization that holds your shares. Please contact that organization for instructions regarding obtaining a legal proxy.

Via the Internet. You may vote by proxy via the Internet by following the instructions provided in the vote instruction form.

By Telephone. If you request printed copies of the proxy materials by mail, you may vote by proxy by calling the toll free number found on the vote instruction form.

By Mail. If you request printed copies of the proxy materials by mail, you may vote by proxy by filling out the vote instruction form and sending it back in the envelope provided.

What is the quorum requirement for the 2012 Annual Meeting?

The presence in person or by proxy of the holders of stock having a majority of the votes which could be cast by the holders of all outstanding stock entitled to vote at the 2012 Annual Meeting is required for the transaction of business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, whether representing votes for, against or abstained, if you (i) are present and vote in person at the 2012 Annual Meeting, or (ii) have voted on the Internet, by telephone or by properly submitting a proxy card or vote instruction form by mail. Broker non-votes, as described below, will be counted for purposes of determining whether a quorum is present.

If a quorum is not present, the 2012 Annual Meeting will be adjourned until a quorum is obtained.

How are proxies voted?

All shares represented by valid proxies received prior to the 2012 Annual Meeting will be voted, and where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder's instructions.

Can I change my vote?

You may change your proxy instructions at any time prior to the vote at the 2012 Annual Meeting. You may enter a new vote by using the Internet or the telephone or by mailing a new proxy card or new voting instruction card bearing a later date (which will automatically revoke your earlier voting instructions). For shares held directly in your name, you may accomplish this by granting a new proxy or by voting in person at the 2012 Annual Meeting. For shares held beneficially by you, you may change your vote by submitting new voting instructions to your broker or nominee.

Table of Contents

What happens if I do not give specific voting instructions?

Stockholders of Record. If you are a stockholder of record and you:

indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board; or

sign and return a proxy card without giving specific voting instructions,

then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the 2012 Annual Meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the broker or nominee that holds your shares with specific voting instructions, the broker or nominee that holds your shares generally vote your shares on routine matters but cannot vote your shares on non-routine matters. If the broker or nominee that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, it will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This occurrence is referred to as a "broker non-vote." The only "routine" matter scheduled to be voted upon at the 2012 Annual Meeting is the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for Fiscal 2013.

What is the vote required for each proposal and how are broker non-votes and abstentions treated?

Directors shall be elected by a plurality of the votes cast at the 2012 Annual Meeting, and therefore broker non-votes and abstentions will have no effect on the proposal to elect directors. The eight director nominees receiving the greatest number of affirmative votes of the shares entitled to be voted will be elected as directors to serve until the next annual meeting of stockholders and until their successors are duly elected and qualified.

Approval of the proposals to ratify the appointment of Ernst & Young LLP, to approve, on a non-binding advisory basis, the compensation of our executive officers, and to approve the 2012 Incentive Plan shall require an affirmative vote by the holders of stock having a majority of the votes which could be cast by the holders of shares present in person or by proxy and entitled to vote on such matter at the 2012 Annual Meeting. Abstentions will have the same effect as a vote against each proposal. The proposal to ratify the Company's independent registered public accounting firm is considered a "routine" matter, therefore, no broker non-votes are expected in connection with this proposal. The proposal to approve, on a non-binding advisory basis, the Company's executive compensation and the proposal to approve the 2012 Incentive Plan are considered "non-routine," therefore, broker non-votes are not considered entitled to vote on these matters and will have no effect on these proposals.

For the proposal to approve, on a non-binding advisory basis, the frequency with which future stockholder advisory votes on executive compensation will be held, stockholders may vote to hold such a vote every year, every two years or every three years, or stockholders may abstain from voting on this matter. The option among those choices that receives the highest number of votes from the holders of shares present in person or represented by proxy and entitled to vote at the 2012 Annual Meeting will be deemed to be the frequency preferred by the stockholders. Abstentions and broker non-votes have no effect on this proposal.

Who will serve as the inspector of election?

A representative from AST will serve as the inspector of election.

Table of Contents

Where can I find the voting results of the 2012 Annual Meeting?

The preliminary voting results will be announced at the 2012 Annual Meeting. The final voting results will be tallied by the inspector of election and published in a Current Report on Form 8-K, which the Company is required to file with the SEC within four business days following the 2012 Annual Meeting.

Who is paying for the cost of this proxy solicitation?

The Company is paying the costs of the solicitation of proxies. In addition to solicitation by mail, proxies may be solicited personally or by telephone, facsimile, email or other means by our directors, officers or regular employees on the Company's behalf. No arrangements or contracts have been made or entered into with any proxy solicitors as of the date of this Proxy Statement, although we reserve the right to engage solicitors if we deem them necessary. If we elect to engage a proxy solicitor in connection with the 2012 Annual Meeting, we would pay a customary fee for these services. We will also reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to beneficial owners of stock.

Will any other matters be acted on at the 2012 Annual Meeting?

As of the date these proxy materials were mailed, we are not aware of any other matters to be presented at the 2012 Annual Meeting other than the proposals described herein. If you grant a proxy, the persons named as proxy holders will vote your shares on any additional matters properly presented for a vote at the meeting as recommended by the Board or, if no recommendation is given, in their own discretion.

Whom should I call with other questions?

If you have additional questions about these proxy materials or the 2012 Annual Meeting, please contact: Thermon Group Holdings, Inc., 100 Thermon Drive, San Marcos, Texas 78666, Attention: General Counsel, Telephone: (512) 396-5801.

Corporate Governance

The Board oversees the Company's Chief Executive Officer and other senior management in the competent and ethical operation of the Company and works to assure that the long-term interests of the stockholders are being served. The key practices and procedures of the Board are outlined in the Corporate Governance Guidelines and Code of Business Conduct and Ethics, available on the Company's website at <http://ir.thermon.com/governance.cfm>. Stockholders can also obtain a free copy by writing to the Director of Investor Relations, Thermon Group Holdings, Inc., 100 Thermon Drive, San Marcos, Texas 78666.

The Board met a total of seven times during Fiscal 2012. During that period, each member of the Board attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board (held during the period for which such person has been a director) and (ii) the total number of meetings held by all committees of the Board on which such person served (during the periods that such person served).

There are no family relationships between any director, executive officer or person nominated by the Board to become a director or executive officer.

Board Composition and Director Independence

The composition of our Board is currently balanced among six independent directors, a director affiliated with our principal stockholder and private equity sponsor and a management director. The balance between independent directors and affiliated directors is important to us for several reasons, including:

Each of our independent directors contributes an outside point of view that we value for providing multiple perspectives to the Board's oversight and direction of the Company and facilitating objectivity in its decision-making process.

Because of his affiliation with our principal stockholder and private equity sponsor, Mr. George is particularly attuned to strategic, financial and other matters that may affect our stockholders' investments in the Company.

Mr. Bingham, who has been with the Company for over 40 years, brings to the Board an invaluable, in-depth knowledge of the Company and our industry, operations and business plans.

Director Independence

The Board reviews the independence of each director annually. In determining the independence of our directors, the Board considered Section 303A of the listing standards of the NYSE and applicable SEC rules as well as all relevant facts and circumstances. Based on the foregoing criteria, the Board has affirmatively determined that Messrs. Goodrich, McGinty, Nesser, Press, Snider and Sorrentino are independent. Messrs. Goodrich, Press, Snider and Sorrentino comprised the members of the Audit, Compensation and Nominating and Corporate Governance Committees of our Board during Fiscal 2012. There were no transactions, relationships or arrangements with respect to any independent director that required review by our Board for purposes of determining director independence and the Board found that none of these directors had a material or other disqualifying relationship with the Company.

Table of Contents

Mr. Bingham, the Company's President and Chief Executive Officer, is not an independent director by virtue of his employment with the Company. Mr. George is not an independent director by virtue of his relationship with CHS. Messrs. Hennessy and Simmons, who resigned from our Board on May 10, 2011, were not independent directors by virtue of their relationship with CHS. Mr. Alexander, who resigned from our Board on May 10, 2011, was not an independent director by virtue of his employment with the Company. Mr. Cooper, who resigned from our Board on May 4, 2012, was not considered independent based on his relationship with Thompson Street Capital Partners ("TSCP"), one of our private equity sponsors.

Board Leadership Structure

Upon Mr. Hennessy's resignation from the Board and as its Chairman in connection with the completion of our IPO on May 10, 2011, the Board appointed Mr. Sorrentino as Chairman of the Board. The Board believes that its current leadership structure best serves the objectives of the Board's oversight of management, the ability of the Board to carry out its roles and responsibilities on behalf of the stockholders and the Company's overall corporate governance. The Board also believes that the current separation of the Chairman and Chief Executive Officer roles allows the Chief Executive Officer to focus his time and energy on operating and managing the Company and leverage the experience and perspectives of the Chairman. The Board, however, periodically reviews the leadership structure and may make changes in the future.

Committees of the Board of Directors

The Board currently has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. The members of each committee during Fiscal 2012 are identified in the table below:

Directors	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Richard E. Goodrich	Chair	Member	Member
Michael W. Press	Member	Member	Chair
Stephen A. Snider	Member	Chair	Member
Charles A. Sorrentino	Member	Member	Member

Following the 2012 Annual Meeting, we anticipate that the committee composition will change as follows:

Directors	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Richard E. Goodrich	Chair	Member	
Kevin J. McGinty	Member	Member	
John T. Nesser	Member		Member
Michael W. Press		Member	Chair
Stephen A. Snider		Chair	Member
Charles A. Sorrentino	Member		Member

The Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee operate under written charters adopted by the Board. These charters, as well as our Code of Business Conduct and Ethics and our Corporate Governance Guidelines, are posted and available on the Company's website at <http://ir.thermon.com/governance.cfm>.

The Audit Committee has responsibility for, among other things, reviewing our financial reporting and other internal control processes, our financial statements, the independent auditors' qualifications

and independence, the performance of our internal audit function and independent auditors, and our compliance with legal and regulatory requirements and our code of ethics. The Board has determined that all members of the Audit Committee meet the additional criteria for independence of audit committee members under Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and the rules of the NYSE and that each is financially literate and qualified to address any issues that are likely to come before the audit committee, including the evaluation of our financial statements and supervision of our independent auditors. The Board has determined that Mr. Goodrich qualifies as an "audit committee financial expert" as such term is defined in Item 407(d)(5)(ii) of Regulation S-K based on his education and experience in his respective fields. The Board has determined that each of Messrs. Goodrich, McGinty, Nesser, Press, Snider and Sorrentino is financially literate and qualified to address any issues that are likely to come before the Audit Committee, including the evaluation of our financial statements and supervision of our independent auditors. The Audit Committee met a total of five times during Fiscal 2012.

The Compensation Committee has responsibility for, among other things, reviewing and approving the compensation and benefits of our executive officers, administering our employee benefit plans, authorizing and ratifying stock option grants and other incentive arrangements and authorizing employment and related agreements. The Board has determined that all members of the Compensation Committee are independent directors under the rules of the NYSE. The Compensation Committee met a total of four times during Fiscal 2012.

The Nominating and Corporate Governance Committee has responsibility for, among other things, identifying, evaluating and recommending nominees for appointment or election as directors, developing and recommending a set of corporate governance guidelines, considering and approving director compensation and overseeing the evaluation of our Board and its committees.

The Nominating and Corporate Governance Committee has not established specific minimum education, experience, or skill requirements for potential members, but, in general, nominees for director will be selected on the basis of their experience, background, judgment, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment and willingness to devote adequate time to Board duties. We expect that qualified candidates will have high-level managerial experience in a complex and global organization, and will be able to represent the interests of the stockholders as a whole and not just certain special interest groups or constituencies. The Board evaluates each individual in the context of the Board as a whole with the objective of retaining a group with diverse and relevant experience that can best perpetuate the Company's success and represent stockholder interests through sound judgment. The Nominating and Corporate Governance Committee also values work ethic, leadership, problem-solving skills and diversity in selecting nominees to serve on the Board, and is committed to actively seeking out highly qualified individuals to contribute to the diversity of the pool from which Board nominees are chosen. Although the Nominating and Corporate Governance Committee does not have a formal policy on diversity, it construes diversity to mean a variety of opinions, perspectives, expertise, personal and professional experiences and backgrounds (including gender, race and ethnicity), as well as other differentiating characteristics. Our Board and each of the committees of the Board engage in an annual self-evaluation that includes an evaluation of diversity of the Board, and the Nominating and Corporate Governance Committee discusses the value of diversity during its annual review of Board composition.

The Nominating and Corporate Governance Committee may (but is not required to) identify nominees based upon suggestions by directors, management, outside consultants, including third party search firms, and stockholders. Before considering any nominee, the Nominating and Corporate Governance Committee makes a preliminary determination as to the need for additional members of the Board. If a need is identified, members of the Nominating and Corporate Governance Committee discuss and evaluate possible candidates in detail and suggest individuals to explore in more depth. Once a candidate is identified for further consideration, members of the Nominating and Corporate

Governance Committee, as well as other members of the Board and management, as appropriate, interview the nominee. After completing this evaluation, the Nominating and Corporate Governance Committee makes a recommendation and refers the nominee to the full Board for consideration. The Nominating and Corporate Governance Committee will consider candidates recommended by stockholders in the same manner as other candidates. Stockholders may nominate candidates to serve as directors in accordance with the advance notice and other procedures contained in our Bylaws.

The Nominating and Corporate Governance Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the Nominating and Corporate Governance Committee.

The Board has determined that all members of the Nominating and Corporate Governance Committee are independent directors under the rules of the NYSE. The Nominating and Corporate Governance Committee met a total of six times during Fiscal 2012. Additionally, the Nominating and Corporate Governance Committee appointed an interview subcommittee, which met one time during Fiscal 2012.

Communications with Directors

A stockholder who wishes to communicate directly with the Board, one of its committees or with an individual director regarding matters related to the Company should send the communication, with a request to forward the communication to the intended recipient or recipients, to:

Please note that we will not forward communications that are spam, junk mail or mass mailings, resumes and other forms of job inquiries, surveys and business solicitations or advertisements. Further, we will not forward any abusive, threatening or otherwise inappropriate materials.

Compensation of Directors

The Board determines the form and amount of director compensation after its review of recommendations made by the Nominating and Corporate Governance Committee. We do not pay our employee directors or directors affiliated with our private equity sponsors fees for services as directors. All of our directors are reimbursed for their reasonable expenses, if any, of attendance at Board, committee and stockholder meetings and other Board activities.

Snider became directors subsequent to the completion of our IPO in Fiscal 2012. Kevin J. McGinty and John T. Nesser became directors in Fiscal 2013.

Board Oversight of Risk Management

The Board believes that evaluating how senior management manages the various risks confronting the Company is one of its most important areas of oversight. In carrying out this critical responsibility, the Board has designated the Audit Committee with primary responsibility for overseeing enterprise risk management. The Audit Committee makes periodic updates to the Board regarding the risks inherent to the business of the Company, including the identification, assessment, management and monitoring of those risks, and risk management decisions, practices and activities of the Company.

While the Audit Committee has primary responsibility for overseeing enterprise risk management, each of the other Board committees also considers risk within its area of responsibility. For example, the Nominating and Corporate Governance Committee reviews legal and regulatory compliance risks as they relate to corporate governance structures and processes, and the Compensation Committee reviews risks related to compensation matters. The committee chairs periodically apprise the Board of significant risks and management's response to those risks. While the Board and its committees oversee risk management strategy, management is responsible for implementing and supervising day-to-day risk management processes and reporting to the Board and its committees on such matters.

With respect to risk related to compensation matters, the Compensation Committee considers, in establishing and reviewing the Company's executive compensation program, whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. Executives' base salaries are fixed in amount and thus do not encourage risk-taking. Short-term incentive opportunities are generally capped and are tied to overall corporate performance. The compensation provided to the executive officers in the form of long-term equity awards helps further align executives' interests with those of the Company's stockholders.

The Compensation Committee has also reviewed the Company's compensation programs for employees generally and has concluded that these programs do not create risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee believes that the design of the Company's annual short-term and long-term equity incentives provide an effective and appropriate mix of incentives to help ensure the Company's performance is focused on long-term stockholder value creation and does not encourage the taking of short-term risks at the expense of long-term results. In general, bonus opportunities for Company employees are discretionary and management has the authority to reduce bonus payments (or pay no bonus) based on individual performance and any other factors it may determine to be appropriate in the circumstances. As with the compensation of the our executive officers, the Company intends to award a portion of the compensation of certain of its key employees in the form of equity awards that help further align the interests of employees with those of stockholders.

Indemnification of Directors and Officers

Section 145 of the General Corporation Law of the State of Delaware, which we refer to as the DGCL, provides that a corporation may indemnify its directors and officers against liabilities actually and reasonably incurred in such capacities, including attorneys' fees, judgments, fines and amounts paid in settlement, with respect to any matter in which the director or officer acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. Our second amended and restated certificate of incorporation provides that we shall indemnify our directors and officers to the fullest extent authorized by the DGCL. Our second amended and restated certificate of incorporation provides that this right to indemnification is a contract right, and we may, from time to time, and in the ordinary course of business, enter into contracts under which our directors and officers are provided with such rights of indemnification against liability that they may incur in their capacities as such and in connection with activities

Table of Contents

performed under the terms of such contracts. We have entered into indemnification agreements with each of our directors and certain officers which require us, among other things, to indemnify them against certain liabilities which may arise by reason of his status or service as a director or officer (other than liabilities arising from willful misconduct of a culpable nature).

Our amended and restated bylaws further provide that we shall indemnify and hold harmless, to the fullest extent permitted by law, any person who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she, or a person for whom he or she is the legal representative, is or was one of our directors or officers or is or was serving at our request as a director, officer, employee or agent of another corporation, partnership, joint venture or other enterprise, against any and all liability and loss (including judgments, fines, penalties and amounts paid in settlement) suffered or incurred and expenses reasonably incurred by such person; provided, however, that we shall not be required to indemnify a person in connection with any action, suit or proceeding that is initiated by such person unless such action, suit or proceeding was authorized by our board of directors.

Our second amended and restated certificate of incorporation also eliminates the personal liability of our directors to the fullest extent permitted by Section 102 of the DGCL, which provides that a corporation may eliminate the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director. Section 102 does not, however, permit a corporation to eliminate or limit liability for (i) any breach of the duty of loyalty to the corporation or its stockholders, (ii) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) liability of directors for unlawful payment of dividend or unlawful stock purchase or redemption or (iv) any transaction from which the director derived an improper personal benefit.

We have purchased liability insurance covering our directors and officers and certain other management personnel.

Compensation Committee Interlocks and Insider Participation

Our Compensation Committee was established on July 28, 2010. Prior to the IPO, its members consisted of Charles A. Sorrentino (Chair), Daniel J. Hennessy and Brian P. Simmons. Messrs. Hennessy and Simmons resigned as directors and members of the compensation committee upon completion of our IPO on May 10, 2011. Messrs. Hennessy and Simmons are partners of CHS, one of our private equity sponsors. See the section entitled "Certain Relationships and Related Party Transactions."

Immediately following the IPO, our Compensation Committee consisted of Messrs. Goodrich, Press and Sorrentino. Mr. Snider joined the Compensation Committee and was appointed its Chair on June 1, 2011. None of Messrs. Goodrich, Press, Snider or Sorrentino is or has been an employee or officer of the Company, or had any relationships requiring disclosure by the Company under the SEC's rules requiring disclosure of certain relationships and related-party transactions. None of our executive officers has served on the board of directors or compensation committee (or other committee serving an equivalent function) of any other entity that has one or more of its executive officers serving as a member of our Board.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

On April 8, 2011, the Board adopted a Statement of Policy Regarding Transactions with Related Parties, which requires that each director and executive officer promptly advise the chairman of the Audit Committee of any Related Person Transaction, as defined therein, of which he or she becomes aware in which we are to be a participant, the amount involved exceeds \$120,000 and the applicable Related Person had or will have a direct or indirect material interest, and all material facts with respect thereto. The Audit Committee (or, if determined by the Audit Committee as advisable, the disinterested members of our Board) shall then consider such Related Person Transaction for approval or ratification.

In considering whether to approve or ratify any Related Person Transaction, the Audit Committee or the disinterested members of our Board, as the case may be, shall consider all factors that are relevant to the Related Person Transaction, including, without limitation, the following:

the size of the transaction and the amount payable to a Related Person;

the nature of the interest of the Related Person in the transaction;

whether the transaction may involve a conflict of interest; and

whether the transaction involves the provision of goods or services to the Company that are available from unaffiliated third parties and, if so, whether the transaction is on terms and made under circumstances that are at least as favorable to the Company as would be available in comparable transactions with or involving unaffiliated third parties.

No Related Person Transaction will be consummated without the approval or ratification of the Audit Committee or the disinterested members of the Board as described above. It is our policy that no director shall participate in any discussion or approval of a Related Person Transaction for which he or she is a Related Person.

Pursuant to the stock purchase agreement governing the CHS Transactions, we are required to pay to Thermon Holdings, LLC, within 30 days after each calendar quarter following the closing of the CHS Transactions, the net amount of cash released to us during such quarterly period that, as of April 30, 2010, had been posted or otherwise used to secure our performance bonds, bank guarantees, letters of credit or similar obligations. On April 28, 2011, July 27, 2011, October 31, 2011 and January 31, 2012, we made restricted cash payments in the amounts of \$372,482, \$153,540, \$137,371, \$22,018 and \$131,184, respectively, to Thermon Holdings, LLC for the quarters ended March 31, 2011, June 30, 2011, September 30, 2011 and December 31, 2011, respectively, and we currently estimate the aggregate amount of the remaining restricted cash payments will be approximately \$0.8 million. We believe that any amount paid to Thermon Holdings, LLC in respect of the post-closing working capital and income tax adjustments or restricted cash payment obligation will be subsequently distributed on a pro rata basis to the equity holders of Thermon Holdings, LLC, including Messrs. Bingham, Alexander and van der Salm.

Securityholder Agreement

Affiliates of CHS Capital LLC, or CHS, Thompson Street Capital Partners II, L.P., or TSCP, and Crown Investment Series LLC Series 4, or Crown, which we refer to collectively as our private equity sponsors, and certain of our current and former executive officers, employees and directors, whom we refer to collectively as the management investors, are parties to an amended and restated securityholder agreement, as amended, which we refer to as the Securityholder Agreement, that sets forth certain significant provisions relating to, among other things, our board of directors, open market transfer restrictions, drag-along rights and registration rights.

Board of directors. The Securityholder Agreement provides that each of the parties thereto will vote its shares of our common stock and take all other necessary actions to cause our board of directors to include, so long as CHS owns, in the aggregate, capital stock representing 5% or more of the outstanding shares of our common stock, one director designated by CHS. CHS has the right to remove at any time, and to fill any vacancy arising from time to time with respect to, its respective designated director. In addition, the Securityholder Agreement provides that CHS and TSCP may designate a non-voting observer reasonably acceptable to us to attend any meetings of our board of directors, for so long as each owns, in the aggregate, capital stock representing 5% or more of the outstanding shares of our common stock.

Transfer restrictions. The Securityholder Agreement places certain restrictions on the transfer of our securities in the open market by current and former employee stockholders. Pursuant to the terms of the Securityholder Agreement, the management investors have agreed to certain limitations on their sales of our common stock in the open market. The provisions of the Securityholder Agreement effectively limit the aggregate number of shares of our common stock that may be sold during each calendar quarter by each management investor to 12.5% of the shares of common stock held by that management investor (taking into account any vested options) immediately following the sale of shares pursuant to the partial exercise of the underwriters' over-allotment option in the IPO on May 26, 2011. These limitations will cease to apply when CHS no longer owns 10% or more of the outstanding shares of our common stock.

Drag-along rights. In the event that CHS approves a sale of the Company (whether by merger, sale of shares of common stock, sale of substantially all of the assets of the Company and our subsidiaries, or otherwise), all other securityholders party to the Securityholder Agreement must, upon CHS' request, sell in such transaction the same percentage of their respective shares of common stock as CHS proposes to sell.

Registration Rights

Demand registration rights. The holders of at least a majority of the shares of our common stock that were originally issued to or transferred to CHS (other than those shares sold by CHS in the IPO or pursuant to one or more public offerings under the Company's shelf registration statement) may, subject to certain exceptions and conditions, demand registration of part or all of such shares under the Securities Act of 1933, as amended, which we refer to as the Securities Act. Such securityholders are entitled to request an unlimited number of demand registrations and to select the managing underwriter for any public offering pursuant to such a demand registration, subject to our reasonable approval; provided, however, that such a registration may not be demanded during the six-month period immediately following the effective date of any long-form registration statement. We may, but not more than once in any 365-day period, defer such a registration for up to six months if we are advised by our counsel that undertaking such registration would accelerate the disclosure of a material development involving us, and we determine in good faith that such disclosure is not in our best interests. The Company's shelf registration statement filed with the SEC on June 1, 2012 relating, in part, to the possible offering and sale, from time to time, of up to 18,079,940 shares of our common

Table of Contents

stock by our private equity sponsors and the management investors has been filed pursuant to a request made by CHS pursuant to such demand registration rights. No securities may be sold under the shelf registration statement until it has been declared effective by the SEC.

Piggyback registration rights. If, at any time, we determine (or are required as a result of a demand registration) to file a registration statement with the SEC covering any shares of our common stock, other than shares of common stock or other securities that are issuable in an offering to our officers or employees pursuant to an employee benefit plan or in connection with the acquisition of a business, each securityholder party to the Securityholder Agreement will have the right to request that we include their shares of common stock in any such registration statement, subject to specified limitations.

Cutback. In connection with the above demand and piggyback registrations, the managing underwriters may limit, including entirely, the number of shares offered for marketing reasons. In such case, the shares to be included in the registration will be prioritized in accordance with the terms of the Securityholder Agreement.

Expenses. We are required to pay the expenses associated with preparing and filing any registration statement in connection with the above demand and piggyback registrations, other than any underwriting discounts and commissions applicable to the sale of shares.

Manager Equity Agreements

We and CHS have entered into manager equity agreements with each of our management investors, which set forth additional provisions relating to the ownership of our securities. Pursuant to the manager equity agreements, each management investor will maintain the confidentiality of our confidential or proprietary information obtained as a result of such management investor's employment and is subject to non-competition and non-solicitation covenants during employment and for a period of two years thereafter. Upon the termination of a management investor's employment for cause, we will have the option to repurchase any of such management investor's securities at the lower of cost or the fair market value (as determined in good faith by our board of directors) of such securities. Rodney Bingham, George P. Alexander and René van der Salm are among the management investors who are party to manager equity agreements.

Management Fee

Upon the closing of the CHS Transactions, we entered into a management services agreement with our private equity sponsors, including CHS, TSCP, Crown Investment Series LLC Series 4 ("Crown") and Star Investment Series LLC Series 1 ("Star"), and pursuant to which each provided management, consulting, financial and other advisory services to us. The management services agreement included customary indemnification provisions in favor of the private equity sponsors. Pursuant to such agreement, we paid management fees of \$207,752, \$45,736 and \$2,326 to CHS, Crown and Star, respectively, during the two months ended May 30, 2011. We also paid expense reimbursement of \$88,314 and \$21,177 to CHS and TSCP, respectively, during Fiscal 2012. In connection with the IPO, we entered into an agreement with the sponsors to terminate the management and consulting services provided under the management services agreement and to eliminate our obligation to pay any management fees going forward. Pursuant to the terms of such termination agreement, we paid a one-time cash termination fee in the aggregate amount of \$7,356,757 (of which \$5,032,570 was paid to CHS, \$1,159,936 was paid to TSCP, \$1,107,906 was paid to Crown and \$56,345 was paid to Star). Our obligations with respect to the indemnification of the sponsors or their respective affiliates and reimbursement of their expenses were not affected by such termination. We financed the payment of the termination and advisory fees from available cash on hand.

Agreements with Management

In connection with our IPO, we also entered into indemnification agreements with each of our directors and certain officers, including all of our Named Executive Officers. The indemnification agreements and indemnification provisions included in our second amended and restated certificate of incorporation and amended and restated bylaws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law. For further information, see "Management Indemnification of Directors and Officers."

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis ("CD&A") provides a discussion of the background and objectives of our compensation programs for our Fiscal 2012 Named Executive Officers, listed in the table below. The CD&A should be read together with the compensation tables and related disclosures that follow this section.

Rodney L. Bingham	President and Chief Executive Officer
George P. Alexander	Executive Vice President, Global Sales
Jay C. Peterson	Chief Financial Officer; Senior Vice President, Finance; Secretary
Johannes (René) van der Salm	Senior Vice President, Global Operations

Executive Summary

We have sought to establish competitive compensation programs that enable us to attract and retain skillful, experienced and dedicated executives as well as motivate management to maximize performance while building stockholder value. We believe our business benefits from an exceptional management team that is responsible for establishing our leadership in the heat tracing industry. Some of our accomplishments during Fiscal 2012 include:

revenue grew to \$270.5 million in Fiscal 2012, representing an increase of \$31.7 million or 13.3% over the prior year;

strong earnings and cash flow were utilized to decrease the Company's long-term debt from \$210.0 million outstanding on March 31, 2011 to \$139.1 million outstanding on March 31, 2012, a \$70.9 million or 34% reduction; and

total stockholder return from May 5, 2011, our first trading day following the IPO, through March 30, 2012 was 71.4%.

Prior to and in the months following our IPO, we implemented several key changes to our compensation program to correspond with compensation practices typically found in public companies. Key changes included:

the Compensation Committee engaged Longnecker & Associates ("L&A"), an independent compensation consultant, to assist the Compensation Committee in reviewing, evaluating and making compensation decisions;

the Compensation Committee developed a framework for comparing our Named Executive Officers' compensation to the compensation of executives with comparable positions in our peer group;

the Compensation Committee implemented a short-term incentive program for our Named Executive Officers based on the achievement of pre-established corporate objectives;

the Compensation Committee implemented a long-term equity-based awards program under which our executives may receive equity awards to align their interest with our stockholders' interests and encourage them to work toward the long-term success of the Company;

we entered into new employment agreements with certain of our senior executives in anticipation of becoming a public company; and

we adopted stock ownership guidelines for our directors and executive officers, designed to promote a long-term view of our performance.

Table of Contents

Objectives of Our Compensation Program

Our executive compensation program is designed to attract, retain, and reward talented executives who can contribute to both our short- and long-term success and is based on the following general principles:

management's interests should be closely aligned with the interests of our stockholders and our compensation programs are designed to reward strong financial performance;

compensation must be competitive with that offered by other companies that compete with us for executive talent and enable us to attract and retain highly-qualified executive leadership;

differences in compensation should reflect differing levels of responsibilities; and

performance-based compensation should focus on critical business objectives and align pay through performance-leveraged incentive opportunities.

Executive Compensation Process

Role of the Compensation Committee and the Chief Executive Officer

The Compensation Committee determines all compensation for the Named Executive Officers. Each year, the Compensation Committee conducts an evaluation of the Chief Executive Officer to determine if a change in his compensation is appropriate after considering factors such as the Company's performance and relative stockholder return, the compensation received by chief executive officers at comparable companies and historical compensation levels received by Mr. Bingham. Mr. Bingham did not participate in the Compensation Committee's deliberations or decisions with regard to his own compensation. At the Compensation Committee's request, the Chief Executive Officer conducts a performance evaluation of each of the other Named Executive Officers and reviews the results with the Compensation Committee to assist it in determining whether changes in their compensation are appropriate. The Compensation Committee gives considerable weight to the Chief Executive Officer's evaluation of the other Named Executive Officers because of his direct knowledge of each executive officer's performance and contributions.

Role of Outside Advisors

In January 2011, the Compensation Committee selected and directly engaged L&A to conduct an independent, third party executive compensation review and provide analyses, conclusions and recommendations to assist the Compensation Committee in developing a framework for comparing our executives' compensation to the market. L&A's preliminary objectives included: (i) review the total direct compensation (base salary, annual incentives, and long-term incentives) for each of the Named Executive Officers; (ii) assess the competitiveness of executive compensation, based on revenue size and market capitalization, as compared to the peer group and published survey companies in the manufacturing industry; (iii) recommend a peer group for consideration by the Compensation Committee; and (iv) provide conclusions and recommendations for the total direct compensation packages of each Named Executive Officer. The independent compensation advisor provides an additional objective perspective as to the reasonableness of our executive compensation programs and practices and their effectiveness in supporting our business and compensation objectives. During Fiscal 2012, L&A regularly participated in Compensation Committee meetings and advised the Compensation Committee with respect to compensation trends and best practices, incentive plan design, competitive pay levels, our proxy disclosure, and individual pay decisions. While L&A consulted with management in performing work requested by the Compensation Committee, it did not perform any separate services for management.

Peer Companies and Market Comparison

For Fiscal 2012, the Compensation Committee considered information regarding market pay practices to ensure that it made informed decisions on executive pay packages. The Compensation Committee did not target the specific compensation elements or total compensation against the market data. Instead, the Compensation Committee utilized the market data to assess the overall competitiveness and reasonableness of the Company's executive compensation program. Market pay practices are based on peer group proxy data and published survey data. While the Compensation Committee considers relevant market pay practices when setting executive compensation, it does not rely on this information to target any specific pay percentile for our executive officers as the Compensation Committee does not believe that it is appropriate to establish compensation levels based only on market practices. The Compensation Committee believes that compensation decisions are complex and require a deliberate review of Company performance and peer compensation levels. The factors that influence the amount of compensation awarded include market competition for a particular position, an individual's experience and past performance, tenure with the Company and associated institutional knowledge, long-term potential with the Company, and past and future performance objectives.

In February 2011, with the assistance of L&A, the Compensation Committee identified a group of companies to use to evaluate Fiscal 2012 compensation decisions. Establishing a peer group was difficult because we operate in a specialized industry in which there are few direct peers. In determining the peer group, the Compensation Committee selected publicly traded manufacturing companies that, in its view, compete with the Company for talent and have revenue, assets, market capitalization and enterprise value that are generally comparable to the Company (the "Initial Compensation Peer Group").

The following companies comprised the Initial Compensation Peer Group:

AAON, Inc.	II-VI, Inc.	Robbins & Myers, Inc.
Chart Industries, Inc.	OYO Geospace Corporation	Spectrum Control, Inc.(1)
Colfax Corporation	Powell Industries, Inc.	STR Holdings, Inc.
Dril Quip, Inc.	Pulse Electronics Corp.	Vicor Corporation

- (1) Spectrum Control, Inc. was acquired by API Technologies Corp. in June 2011 and subsequently removed from the Initial Compensation Peer Group.

In November 2011, the Compensation Committee decided to expand the Company's Peer Group from 12 to 16 entities to ensure appropriate coverage of the markets and industries in which we participate. The following companies, together with the Initial Peer Group, comprise the Company's "Compensation Peer Group".

Advanced Energy Industries, Inc.	AZZ Incorporated	Ultralife Corp.
American Superconductor Corp.	Generac Holdings Inc.	

The Fiscal 2012 base salaries and short-term and long-term incentive opportunities for each of the Named Executive Officers were determined prior to the identification of the expanded Compensation Peer Group described above. Therefore, the Compensation Committee only considered market data from the Initial Compensation Peer Group in evaluating Fiscal 2012 compensation decisions. It is expected that the Compensation Peer Group will be used to evaluate Fiscal 2013 compensation decisions.

Table of Contents

Elements of Our Compensation Program

Base Salaries

Base salaries are intended to provide a competitive foundation and a fixed rate of pay for the work being performed by each Named Executive Officer sufficient to attract and retain an effective management team, when considered in combination with the other components of our executive compensation program. The relative levels of base salary for our Named Executive Officers are designed to reflect each executive's scope of responsibility and accountability with us, as well as the complexity of the applicable position. The compensation opportunity beyond those pay elements is at risk and must be earned through achievement of annual goals, which represent performance expectations of the Board and management and long-term value creation for our stockholders. The proportion of compensation designed to be delivered in base salary versus variable pay depends on the executive's position and the ability of that position to influence overall Company performance. Furthermore, in setting target compensation, the Compensation Committee focuses on the total compensation opportunity for the executive.

The initial Fiscal 2012 base salaries for each of Messrs. Bingham, Alexander and van der Salm were established pursuant to the terms of their respective employment agreements, each of which was negotiated in connection with our IPO in April 2011. The Compensation Committee considered each Named Executive Officer's historical performance, peer company data and published survey data provided by L&A in determining each executive's base salary as set forth in the respective employment agreements, but did not specifically target a particular percentile or a specific range.

Mr. Bingham's employment agreement provided a base salary increase from \$280,000 to \$350,000 in recognition of the additional duties, responsibilities and risks associated with serving as President and Chief Executive Officer of a publicly traded company. Mr. Alexander's employment agreement provided a base salary increase from \$250,000 to \$295,000 in recognition of his promotion to Executive Vice President, Global Sales and as compensation for assuming direct responsibility for the Company's global sales and marketing effort. Mr. van der Salm's employment agreement provided a base salary increase from \$160,000 to \$190,000 in recognition of his promotion to Senior Vice President, Global Operations and as compensation for assuming direct responsibility for the Company's operations globally. Effective March 1, 2012, Mr. van der Salm received a salary increase to \$215,000, in recognition of his achievements during the year, including his efforts related to the completion of the expansion of our primary manufacturing facility in San Marcos, Texas.

Mr. Peterson received a performance evaluation in July 2011, following his first full year of employment with the Company. Following that performance evaluation, his salary increased from \$225,000 to \$250,000 in recognition of his achievements during his first year with the Company, including the successful completion of our IPO and the additional duties, responsibilities and risks associated with serving as Chief Financial Officer of a publicly traded company.

Bonuses

Short-Term Incentives

Historically, we have provided our Named Executive Officers and other worldwide employees with the opportunity to earn annual cash incentives based on overall Company performance. We believe that these incentives help create a "pay for performance" culture by providing an opportunity to earn competitive compensation that is linked to our performance as well as hold our executives accountable and reward them based on actual business results. Consistent with this culture, short-term incentives can represent a significant portion of total compensation.

The Compensation Committee established a Fiscal 2012 corporate incentive pool for our annual cash incentive program equal to 9% of Fiscal 2012 adjusted operating income (as defined below), to be

Table of Contents

funded if adjusted operating income exceeded the Fiscal 2012 budget. The Fiscal 2012 corporate incentive pool will be allocated among our eligible employees worldwide, with approximately 20% of the total pool allocated to the Named Executive Officers as described below. For purposes of the corporate incentive pool, operating income is defined as gross profit, less operating expenses, plus amortization of intangible assets, the stock-based compensation expense that was accelerated in connection with our IPO, and management fees and expenses.

In April 2011, we adopted a short-term incentive program for each of the Named Executive Officers that is based on a combination of pre-established performance metrics as described below. The baseline for each performance metric was calculated as an average of the Company's actual results in the fiscal years ending March 31, 2010 and 2011. The payouts for actual results that fall between the levels specified below are prorated. The Compensation Committee believes that these performance metrics incentivize our executives to focus on multiple performance drivers throughout our business. Under the short-term incentive program for Fiscal 2012, Mr. Bingham was eligible to earn up to 100% of his base salary and each of Messrs. Alexander, Peterson and van der Salm was eligible to earn up to 75% of their respective base salaries.

The following table details the targets and weight for each performance metric for each of Messrs. Bingham, Alexander and Peterson:

	Level 1	Level 2	Level 3	Level 4	Fiscal 2012	
Objective	0%	50%	75%	100%	Actual	Weight
Operating Income (in millions)(1)	50.3	53.9	57.9	60.4	70.1	70%
Days Sales Outstanding(2)	67.5	64.1	62.8	60.8	61	20%
Working Capital Improvement(3)	35.6%	36.7%	37.4%	38.1%	45.3%	10%

The following table details the targets and weights for each performance metric for Mr. van der Salm:

	Level 1	Level 2	Level 3	Level 4	Fiscal 2012	
Objective	0%	50%	75%	100%	Actual	Weight
Operating Income (in millions)(1)	50.3	53.9	57.9	60.4	70.1	50%
Working Capital Improvement(3)	35.6%	36.7%	37.4%	38.1%	45.3%	30%
Corporate Gross Margin Improvement(4)	21.4%	22.5%	22.9%	23.5%	18.4%	20%

- (1) For purposes of the Fiscal 2012 executive short-term incentive, the "operating income" target is defined as gross profit, less operating expenses, plus amortization of intangible assets, the stock-based compensation expense that was accelerated in connection with our IPO, and management fees and expenses.
- (2) For purposes of the annual cash incentive program, "days sales outstanding" excludes notes receivable.
- (3) For purposes of the annual cash incentive program, "working capital" is calculated as current assets, less current liabilities, excluding capital market transactions and capital expenditures related to the construction of our new manufacturing facility in San Marcos, Texas. "Working capital improvement" is defined as improvement of working capital as a percentage of revenue.
- (4) For purposes of the annual cash incentive program, "corporate gross margin" is defined as the revenues of our subsidiary, Thermon Manufacturing Company, to affiliates and international agents, less the cost of sales related specifically to those revenues.

On May 30, 2012, the Compensation Committee reviewed the Company's Fiscal 2012 performance as well as each pre-determined performance metric. The Compensation Committee determined that the

Table of Contents

Company met or exceeded the Level 4 target for each performance metric, with the exception of corporate gross margin improvement, and approved allocations under the annual cash incentive program to Messrs. Bingham, Alexander, Peterson and van der Salm of \$350,000, \$221,250, \$187,500, and \$114,000, respectively. See " Summary Compensation Table Non-Equity Incentive Plan Compensation." The Compensation Committee reviewed the corporate gross margin improvement target that it had set for Mr. van der Salm. It determined that while the Company's corporate subsidiary did not meet its gross margin target, the measure did not adequately reflect the Company's overall gross margin performance throughout the fiscal year, which was well above historical gross margin performance. Based on this assessment, the Compensation Committee determined that Mr. van der Salm should be awarded full payout for this metric. Accordingly, the Compensation Committee approved an allocation under the annual cash incentive program to Mr. van der Salm of \$28,500, resulting in a total of \$142,500, his maximum Fiscal 2012 bonus opportunity. See " Summary Compensation Table Bonus."

Discretionary Bonuses

The Compensation Committee also awarded one-time discretionary bonuses of \$103,635, \$125,490, \$87,840 and \$83,340 to each of Messrs. Bingham, Alexander, Peterson and van der Salm, respectively, in recognition of several factors, including (i) the Company's performance in Fiscal 2012; (ii) the successful completion of the IPO; and (iii) the fact that Fiscal 2012 total direct compensation for each Named Executive Officer was relatively low as compared to the Compensation Peer Group, due in part to the relatively low long-term incentive awards granted during the year.

Long-Term Incentives

In April 2011, we adopted the Thermon Group Holdings, Inc. 2011 Long-Term Incentive Plan (the "LTIP"), which provides our officers, employees, non-employee directors and consultants with added incentive to remain employed by or perform services for us and aligns such individuals' interests with those of our stockholders. Our Compensation Committee believes that equity-based awards are important in building an ownership mentality among our executives and aligning the long-term financial interests of our executives with those of our stockholders. Under the LTIP, our Compensation Committee may grant to participants options, stock appreciation rights, restricted stock, restricted stock units, and performance units.

In May 2011, in connection with the IPO, the Compensation Committee approved a special, one-time grant of 117,600 stock options to be allocated among certain of the Company's key employees, including each of the Named Executive Officers, to compensate them for their efforts in preparing for and completing the IPO. The Compensation Committee determined that approximately 25% of the total share pool would be allocated to the Named Executive officers and approved grants of options to purchase 10,000 shares, 10,000 shares, 5,000 shares and 5,000 shares, each with an exercise price equal to the IPO price of \$12.00 per share, to Messrs. Bingham, Alexander, Peterson and van der Salm, respectively.

Employee Benefits and Perquisites

We offer a very limited amount of perquisites and other personal benefits to our Named Executive Officers. The Compensation Committee believes that these perquisites are reasonable and consistent with prevailing market practice and the Company's overall compensation program. Perquisites are not a material part of our compensation program. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to our Named Executive Officers.

Each of our Named Executive Officers is entitled to participate in our employee benefit plans (including 401(k) retirement savings, and medical, dental and life insurance benefits) on the same basis

Table of Contents

as our other employees. In addition, we lease a Company vehicle for Mr. Bingham's use in traveling between our facilities in Houston and San Marcos, Texas. We also maintained a corporate apartment for Mr. Bingham until November 2011. See " Summary Compensation Table All Other Compensation."

Employment Agreements

In connection with our IPO, we entered into amended and restated employment agreements with Messrs. Bingham, Alexander and Peterson and an employment agreement with Mr. van der Salm. In August 2011, we entered into a second amended and restated employment agreement with Mr. Peterson and an amended and restated employment agreement with Mr. van der Salm. The material terms of each employment agreement, including the severance benefits provided to each Named Executive Officer upon a qualifying termination event, are described in the narrative following the "Fiscal 2012 Grants of Plan-Based Awards" table and the "Potential Payments Upon Termination or Change of Control" section. The terms of each agreement were determined based on competitive market pay practices and negotiations between the parties.

Impact of Tax and Accounting Treatment

While the Company is operating under transition rules under Internal Revenue Code Section 162(m) following the IPO, our executive compensation program is designed to take into account limitations on the deductibility of compensation under Internal Revenue Code Section 162(m). For instance, all Named Executive Officer base salaries are below \$1 million and stock option awards are 162(m) compliant.

Stock Ownership Guidelines

On November 1, 2011, the Board adopted stock ownership guidelines for all of our Named Executive Officers and directors not affiliated with our private equity sponsors. The ownership threshold for the Chief Executive Officer is set at three times annual base salary, while the ownership threshold for all other Named Executive Officers is set at two times annual base salary. The ownership threshold for non-executive directors not affiliated with our private equity sponsors is set at three times the director's annual cash retainer. Each Named Executive Officer and director is required to meet such minimum guidelines five years after November 1, 2011 or, if elected or appointed after November 1, 2011, five years after the date of such election or appointment.

Each individual subject to the stock ownership guidelines must meet or exceed his or her requisite threshold immediately prior to any disposition of shares or share equivalents obtained through an equity grant (other than shares sold, swapped or traded to pay applicable withholding taxes and the exercise price of stock options). The 100% retention requirement applies during any time period during which the individual's stock ownership threshold has not been achieved, including during the initial five-year period. If a Named Executive Officer or director does not meet the requisite threshold or demonstrate sustained progress toward meeting the threshold, the Board has discretion to reduce future long-term incentive grants or pay future cash incentives in the form of stock. Though not yet required, all of the Named Executive Officers and Messrs. Sorrentino and Goodrich met these guidelines as of the Record Date.

In measuring stock ownership, the Board will consider all shares beneficially owned, restricted stock or restricted stock units (whether or not vested) and vested but unexercised stock options. For vested but unexercised stock options, the stock ownership will be determined based on the excess of the market value of the stock over the exercise price of the option. Unvested performance units and unvested stock options are not considered.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

As noted in the Compensation Discussion and Analysis, the Company is a party to an employment agreement with each of the Named Executive Officers. The material terms of those employment agreements are as follows:

Term. Each employment agreement is scheduled to terminate on April 30, 2014.

Salary and Bonus. The employment agreements of Messrs. Bingham, Alexander, Peterson and van der Salm provide for an initial base salary of \$350,000, \$295,000, \$250,000 and \$190,000, respectively. In addition, if certain annual performance based targets are met in the future, each executive will be eligible to receive an annual performance-based bonus.

Restrictive Covenants. The employment agreement of each executive prohibits the officer from competing with us during his employment period and for a period of one year thereafter.

Termination Benefits. We may terminate the employment agreement of each executive without cause, and each executive may terminate the employment agreement for any reason, upon ten days prior written notice to the other. See " Potential Payments Upon Termination or Change of Control Employment Agreements"

Edgar Filing: Thermon Group Holdings, Inc. - Form DEF 14A

Table of Contents

If an executive terminates his employment for "good reason" or we terminate his employment other than for "cause," death or "disability" (as such terms are defined in each executive's employment agreement), then the executive is entitled to receive continuation of such executive's base salary for twelve months, a bonus for the current fiscal year (based on actual financial results and prorated for the period in the year in which the executive performs services for the Company), and earned but unpaid salary, and any accrued but unpaid bonus and benefits.

Upon termination of employment for death or "disability" (as defined in each executive's employment agreement), then the executive is entitled to receive any earned but unpaid salary and any earned but unpaid benefits.

The employment agreements do not provide for the payment of any benefits upon a change in control transaction.

Pursuant to the terms of the employment agreements with the Named Executive Officers, each is eligible to receive certain payments upon a qualifying termination event.

If a Named Executive Officer terminates his employment for "good reason" or we terminate his employment other than for "cause," "death," or "disability" (as such terms are defined in the respective employment agreements) then the executive is entitled to receive continuation of such executive's base salary for twelve months, any earned but unpaid bonus for the current fiscal year (based on actual financial results and prorated for the period in the year in which the executive performs services for the Company), any earned but unpaid salary, any annual bonus earned for the prior year but not yet paid, and any accrued but unpaid benefits. If such a termination occurred of March 30, 2012, each Named Executive Officer would have received salary continuation payments of and accrued but unpaid annual bonus as follows:

Name and Principal Position	Continuation of salary for 12 months (\$)	Earned but unpaid bonus for Fiscal 2012 (\$)
Rodney L. Bingham	350,000	350,000
George P. Alexander	295,000	221,250
Jay C. Peterson	250,000	187,500
Johannes (René) van der Salm	215,000	142,500

If a Named Executive Officer terminates his employment without "good reason," we terminate his employment for "cause" or the employment terminates due to death or "disability," each such executive is entitled to receive any earned but unpaid salary and any accrued but unpaid benefits.

Under each Named Executive Officer's employment agreement, "cause" means: (i) the commission by the executive of a felony (or a crime involving moral turpitude); (ii) the theft, conversion, embezzlement or misappropriation by executive of funds or other assets of the Company or any of its affiliates or any other act of fraud or dishonesty with respect to the Company or any of its affiliates (including acceptance of any bribes or kickbacks or other acts of self-dealing); (iii) intentional, grossly negligent, or unlawful misconduct by executive which causes harm or embarrassment to the Company or any of its affiliates or exposes the Company or any of its affiliates to a substantial risk of harm or embarrassment; (iv) the violation by executive of any law regarding employment discrimination or sexual harassment; (v) the failure by executive to comply with any material policy generally applicable to Company employees, which failure is not cured within 30 days after notice to executive; (vi) the repeated failure by executive to follow the reasonable directives of any supervisor or the board of directors, which failure is not cured within 30 days after notice to executive; (vii) the unauthorized dissemination by executive of confidential information in violation of the employment agreement; (viii) any material misrepresentation or materially misleading omission in any resume or other information regarding executive (including executive's work experience, academic credentials, professional affiliations or absence of criminal record) provided by or on behalf of executive; (ix) the Company's discovery that, prior to executive's employment with the Company, executive engaged in conduct of the type described in clauses (i) through (iv) above; or (x) any other material breach by executive of the employment agreement that is not cured within 30 days after notice to executive.

Under each Named Executive Officer's employment agreement, "good reason" means any of the following without executive's consent: (i) the assignment to executive of any duties or responsibilities materially inconsistent with executive's position and title, or a material reduction in executive's responsibilities and authority, except in connection with the termination of executive's employment for cause, disability or death; (ii) a reduction by the Company in executive's base salary below the initial base salary set forth in the employment agreement, except for a non-permanent reduction that is part

Table of Contents

of a program applied to other senior executives of the Company necessitated by economic or other financial conditions; or (iii) requiring the executive to relocate or perform services on a regular basis more than 25 miles from executive's principal place of business as of the date hereof, or, in the event executive consents to any relocation, the failure by the Company to pay (or reimburse executive) for reasonable moving expenses under the Company relocation policy in effect at the time of the relocation.

Acceleration of Equity

As of March 30, 2012, each of the Named Executive Officers held unvested options granted under the LTIP. Under the LTIP, in the event of a Change in Control, as defined below, the Board, in its discretion may (i) require that some or all outstanding options shall immediately become exercisable in full or in part; (ii) require that shares of capital stock of the corporation resulting from or succeeding to the business of the Company pursuant to such Change in Control, or a parent corporation thereof, be substituted for some or all of the shares of Common Stock subject to an outstanding award, with an appropriate and equitable adjustment to such award as determined by the Board; and/or (iii) require outstanding awards, whether vested or unvested, to be surrendered by the participant and to be immediately cancelled, and to provide for the participant to receive (A) a cash payment in an amount equal to the number of shares of common stock then subject to the portion of the option surrendered, multiplied by the excess, if any, of the fair market value of a share of common stock as of the date of the Change in Control, over the purchase price per share of Common Stock subject to the option; (B) shares of capital stock of the corporation resulting from or succeeding to the business of the Company pursuant to such Change in Control, or a parent corporation thereof, having a fair market value not less than the amount determined under clause (A) above; or (C) a combination of the payment of cash pursuant to clause (A) above and the issuance of shares pursuant to clause (B) above.

For purposes of the LTIP, a Change in Control is generally defined to include:

Acquisition by a person or entity of 50% or more of either the outstanding shares of the Company or the combined voting power of such shares, with certain exceptions;

Certain reorganizations, mergers, or consolidations; or

A complete liquidation or dissolution of the Company or the sale or other disposition of all or substantially all of the assets of the Company.

Assuming that a Change of Control occurred effective as of March 30, 2012 and the Board exercised its discretion to require that all outstanding options be surrendered and for the holder of such options to receive a cash payment equal to the number of shares subject to the option multiplied by the excess, if any, of the fair market value per share over the exercise price, Messrs. Bingham, Alexander, Peterson and van der Salm each would have received equity values with respect to the vesting of options of approximately \$84,500, \$84,500, \$42,250 and \$42,250, respectively. For purposes of this calculation, the Company utilized a fair market value of a share of common stock equal to \$20.45, representing the closing price of our common stock on March 30, 2012.

PROPOSAL NO. 3

**APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF THE COMPENSATION
OF OUR EXECUTIVE OFFICERS**

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act enacted in 2010 (the "Dodd-Frank Act") we are asking you to approve an advisory resolution on the compensation of our Named Executive Officers as described in the Compensation Discussion and Analysis, the compensation tables and related narrative discussion included in this Proxy Statement. This proposal, commonly known as a "say on pay" proposal, gives our stockholders the opportunity to approve, reject or abstain from voting with respect to our Fiscal 2012 executive compensation programs and policies and the compensation paid to the Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers as described in this Proxy Statement. The Dodd-Frank Act requires the Company to hold the advisory vote on executive compensation at least once every three years.

This proposal allows our stockholders to express their opinions regarding the decisions of the Compensation Committee on the prior year's annual compensation to the Named Executive Officers. Because your vote on this proposal is advisory, it will not be binding on us, the Compensation Committee, or the Board. However, the Compensation Committee and the Board will take into account the outcome of the vote when considering future executive compensation arrangements. Further, your advisory vote will serve as an additional tool to guide the Board and the Compensation Committee in continuing to improve the alignment of the Company's executive compensation programs with the interests of the Company and its stockholders, and is consistent with our commitment to high standards of corporate governance.

The Company's executive compensation program is designed to attract, retain and reward talented executives who can contribute to both our short- and long-term success and is based on the following general principles:

management's interests should be closely aligned with the interests of our stockholders and our compensation programs are designed to reward strong financial performance;

compensation must be competitive with that offered by other companies that compete with us for executive talent and enable us to attract and retain highly-qualified executive leadership;

differences in compensation should reflect differing levels of responsibilities; and

performance-based compensation should focus on critical business objectives and align pay through performance-leveraged incentive opportunities.

The Company believes that its executive compensation program is effective in promoting these general principles and is designed to closely align the interests of our management with the long-term interests of our stockholders. The Compensation Discussion and Analysis included in this Proxy Statement describes the Company's executive compensation program and the decisions made by the Compensation Committee during Fiscal 2012 in more detail. You are encouraged to read the full details of our executive compensation programs and policies as described in the Compensation Discussion and Analysis, the tabular disclosure and accompanying narrative disclosure, set forth in this Proxy Statement.

For the reasons outlined above, we believe that our executive compensation program is well-designed, appropriately aligns executive pay with Company performance and incentivizes desirable

behavior. Accordingly, we are asking you to endorse our executive compensation program by voting for the following resolution:

"RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED."

The Board of Directors unanimously recommends that stockholders vote "FOR" the foregoing resolution for the reasons outlined above.

PROPOSAL NO. 4

APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF THE FREQUENCY OF FUTURE STOCKHOLDER ADVISORY VOTES ON THE COMPENSATION OF OUR EXECUTIVE OFFICERS

In accordance with the Dodd-Frank Act, we are seeking an advisory stockholder vote on frequency of the advisory say on pay vote. In voting on this proposal, stockholders may indicate their preference as to whether the advisory vote to approve executive compensation should occur every year, every two years or every three years. Alternatively, stockholders may abstain from voting. For the reasons described below, the Board recommends that the stockholders select a frequency of every year.

Stockholders are not voting to approve or disapprove the Board's voting recommendation. Stockholders will be able to specify one of four choices for this proposal on the proxy card: "1 Year," "2 Years," "3 Years" or "Abstain." The option that receives the highest number of votes cast by our stockholders will be the frequency for the advisory vote on executive compensation that has been selected by our stockholders. Because your vote on this proposal is advisory, it will not be binding on us, the Compensation Committee or the Board. Nevertheless, the Compensation Committee and the Board will review and consider the outcome of this vote when making determinations on the frequency of say on pay votes and may decide, based on factors such as discussions with stockholders and the adoption of material changes to compensation programs, that it is in the best interests of our stockholders to hold a say on pay vote more or less frequently than the option selected by our stockholders.

After careful consideration of the benefits and potential consequences of each option for the frequency of submitting the advisory vote on the compensation of our Named Executive Officers to stockholders, our Board has determined that holding a non-binding advisory vote on executive compensation every year is the most appropriate policy for the Company at this time, and recommends that stockholders vote for future advisory votes on executive compensation to occur every year. In formulating this recommendation, the Board recognized that an annual advisory say on pay vote would provide the highest level of accountability and promote direct and immediate feedback by enabling the non-binding say on pay vote to correspond with the most recent executive compensation information presented in our proxy statements. While the Company's executive compensation programs are designed to promote a long-term connection between pay and performance, the Board recognizes that executive compensation disclosures are made annually. Holding an annual advisory vote on executive compensation provides the Company with more direct and immediate feedback on our compensation disclosures. We believe that an annual advisory vote on executive compensation enables us to engage in dialogue with our stockholders on corporate governance matters and our executive compensation philosophy.

The Board of Directors unanimously recommends that stockholders vote to select "1 YEAR" on Proposal No. 4.

PROPOSAL NO. 5

**PROPOSAL TO APPROVE THE THERMON GROUP HOLDINGS, INC.
2012 SHORT-TERM INCENTIVE PLAN**

The Company is asking stockholders to approve the Thermon Group Holdings, Inc. 2012 Short-Term Incentive Plan ("2012 Incentive Plan") under which officers and other employees would be eligible to receive incentive awards based on the achievement of objective performance goals for performance periods commencing on or after April 1, 2012. The plan was approved by the Board of Directors on May 31, 2012, subject to stockholder approval.

The 2012 Incentive Plan will allow the Compensation Committee to utilize specified financial or individual measures (as more fully described below) when determining awards under the plan. Should the 2012 Incentive Plan receive stockholder approval, it is intended that the plan will qualify for exemption under Section 162(m) of the Internal Revenue Code (the "Code"), which would generally allow awards granted under the plan to be tax deductible by us.

Description of the 2012 Incentive Plan

The purpose of the 2012 Incentive Plan is to retain and motivate officers and other employees of the Company who are designated by the Compensation Committee to participate in the 2012 Incentive Plan for specified performance periods commencing on or after April 1, 2012 (each, a "Performance Period") by providing such designated officers and employees with the opportunity to earn incentive payments based upon the extent to which specified performance goals have been achieved or exceeded for that Performance Period. The 2012 Incentive Plan will be administered by the Compensation Committee, which is comprised solely of independent directors.

The following description is qualified in its entirety by reference to the plan document, a copy of which is attached as Appendix A and incorporated into this Proxy Statement by reference.

All officers and other employees of the Company and its subsidiaries may be designated for participation in the 2012 Incentive Plan. The Compensation Committee will designate the eligible employees who will participate in the 2012 Incentive Plan for a specified Performance Period, and will do so not later than 90 days after the beginning of the Performance Period or, if earlier, the date on which 25% of the Performance Period has elapsed (the "Applicable Period"). It is anticipated that only our executive officers (currently, four individuals) will be eligible to receive awards under the 2012 Incentive Plan.

Under the 2012 Incentive Plan, payment of awards to participating employees is subject to the attainment of specific performance goals and other terms and conditions established by the Compensation Committee during the Applicable Period for each Performance Period. A participant may receive an award under the 2012 Incentive Plan based upon achievement of a performance goal or goals using one or more objective corporate-wide or subsidiary, division, operating unit or individual measures. With respect to bonuses payable to persons who are, or are expected to be, employed as the chief executive officer or one of the three other most highly compensated executive officers (excluding the chief executive officer and the chief financial officer) of the Company as of the last day of the Company's taxable year ("162(m) Covered Employees") and to the extent necessary for an award to be qualified performance-based compensation under Section 162(m) of the Code, the applicable performance goals shall be based exclusively on one or more of the following objective corporate-wide or subsidiary, division, operating unit or individual measures: the attainment by a share of the Company's common stock of a specified fair market value for a specified period of time, earnings per share, return to stockholders (including dividends), return on assets, return on equity, our earnings before or after taxes and/or interest, revenues, expenses, market share, cash flow or cost reduction goals, interest expense after taxes, return on investment, return on investment capital, return on

operating costs, economic value created, operating margin, gross margin, achievement of annual operating profit plans, net income before or after taxes, pretax earnings before interest, depreciation and/or amortization, pretax operating earnings after interest expense and before incentives, and/or extraordinary or special items, operating earnings, net cash provided by operations, and strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion goals, cost targets, days sales outstanding goals, customer satisfaction, attainment of specified safety metrics, reductions in errors and omissions, reductions in lost business, management of employment practices and employee benefits, supervision of litigation and information technology, quality and quality audit scores, productivity, efficiency, and goals relating to acquisitions or divestitures, or any combination of the foregoing. Each such goal may be expressed on an absolute or relative basis and may include comparisons based on current internal targets, the past performance of the Company (including the performance of one or more subsidiaries, divisions, or operating units) or the past or current performance of other companies (or a combination of such past and current performance). In the case of earnings-based measures, in addition to the ratios specifically enumerated above, performance goals may include comparisons relating to capital (including, but not limited to, the cost of capital), stockholders' equity, shares outstanding, assets or net assets, or any combination thereof. With respect to participants who are not 162(m) Covered Employees and who are not expected to be 162(m) Covered Employees at any time during the applicable Performance Period, the performance goals may include any objective or subjective corporate-wide or subsidiary, division, operating unit or individual measures, whether or not listed above.

A participant generally will be eligible to receive a cash award only if the relevant performance goals are attained during the Performance Period; provided, however, that 162(m) Covered Employees will be eligible to receive a cash award only to the extent the Compensation Committee has previously certified in writing that such goals have been attained for the Performance Period. Performance goal targets are expressed in terms of an objective formula or standard which may be based on an employee's base salary, or a multiple thereof, at the time or immediately before the performance goals for such Performance Period were established. In all cases, the Compensation Committee has the sole and absolute discretion to reduce the amount of any payment under the 2012 Incentive Plan that would otherwise be made to any participant or to decide that no payment shall be made. No participant will receive a payment under the 2012 Incentive Plan with respect to any Performance Period having a value in excess of \$2,000,000, which maximum amount will be proportionally adjusted with respect to Performance Periods that are less than or more than one year in duration.

Determination of the performance compensation awarded to each participant is to be made at a time determined by the Compensation Committee after the last day of each Performance Period following a certification by the Compensation Committee that the applicable performance goals were satisfied. During the Applicable Period, the Compensation Committee will establish terms regarding the timing of payment of awards. The Compensation Committee may delegate its responsibilities under the 2012 Incentive Plan to our chief executive officer or such other executive officer of the Company as it deems appropriate, except that the Compensation Committee may not delegate its responsibilities with respect to bonuses payable to 162(m) Covered Employees.

No compensation will be paid under the 2012 Incentive Plan to 162(m) Covered Employees if the 2012 Incentive Plan is not approved by stockholders. If approved, the 2012 Incentive Plan will be effective for performance periods commencing on or after April 1, 2012. The Board of Directors may terminate the 2012 Incentive Plan at any time.

Purposes

The purpose of the Thermon Group Holdings, Inc. Table of Contents

"Plan" shall mean the Thermon Group Holdings, Inc. Incentive Plan as set forth herein, as it may be amended from time to time.

Administration

General. The Plan shall be administered by the Committee, which shall have the full power and authority to interpret, construe and administer the Plan and Awards granted hereunder (including in each case reconciling any inconsistencies, correcting any defaults and addressing any omissions). The Committee's interpretation, construction and administration of the Plan and all its determinations hereunder shall be final, conclusive and binding on all persons for all purposes.

Powers and Responsibilities. The Committee shall have the following discretionary powers, rights and responsibilities in addition to those described in *Section 3.1*.

- (a) to designate within the Applicable Period the Participants for a Performance Period;
- (b) to establish within the Applicable Period the performance goals and targets and other terms and conditions that are to apply to each Participant's Award;
- (c) to certify in writing prior to the payment with respect to any Award that the performance goals for a Performance Period and other material terms applicable to the Award have been satisfied;
- (d) subject to Section 409A of the Code, to determine whether, and under what circumstances and subject to what terms, an Award is to be paid on a deferred basis, including whether such a deferred payment shall be made solely at the Committee's discretion or whether a Participant may elect deferred payment; and
- (e) to adopt, revise, suspend, waive or repeal, when and as appropriate, in its sole and absolute discretion, such administrative rules, guidelines and procedures for the Plan as it deems necessary or advisable to implement the terms and conditions of the Plan.

Delegation of Power. The Committee may delegate some or all of its power and authority hereunder to the Chief Executive Officer or other executive officer of the Company as the Committee deems appropriate; *provided, however*, that with respect to any person who is a "covered employee" within the meaning of Section 162(m) of the Code or who, in the Committee's judgment, is likely to be a covered employee at any time during the applicable Performance Period or during any period in which an Award may be paid following a Performance Period, only the Committee shall be permitted to (a) designate such person to participate in the Plan for such Performance Period, (b) establish performance goals and Awards for such person, and (c) certify the achievement of such performance goals.

Performance Goals

Establishing Performance Goals. The Committee shall establish within the Applicable Period of each Performance Period one or more objective performance goals (the outcome of which, when established, shall be substantially uncertain) for each Participant or for any group of Participants (or both). Performance goals shall be based exclusively on one or more of the following objective corporate-wide or subsidiary, division, operating unit or individual measures: the attainment by a share of the Company's common stock of a specified fair market value for a specified period of time, earnings per share, return to stockholders (including dividends), return on assets, return on equity, our earnings before or after taxes and/or interest, revenues, expenses, market share, cash flow or cost reduction goals, interest expense after taxes, return on investment, return on investment capital, return on operating costs, economic value created, operating margin, gross margin, achievement of annual operating profit plans, net income before or after taxes, pretax earnings before interest, depreciation

Table of Contents

and/or amortization, pretax operating earnings after interest expense and before incentives, and/or extraordinary or special items, operating earnings, net cash provided by operations, and strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion goals, cost targets, days sales outstanding goals, customer satisfaction, attainment of specified safety metrics, reductions in errors and omissions, reductions in lost business, management of employment practices and employee benefits, supervision of litigation and information technology, quality and quality audit scores, productivity, efficiency, and goals relating to acquisitions or divestitures, or any combination of the foregoing. Each such goal may be expressed on an absolute or relative basis and may include comparisons based on current internal targets, the past performance of the Company (including the performance of one or more subsidiaries, divisions, or operating units) or the past or current performance of other companies (or a combination of such past and current performance). In the case of earnings-based measures, in addition to the ratios specifically enumerated above, performance goals may include comparisons relating to capital (including, but not limited to, the cost of capital), stockholders' equity, shares outstanding, assets or net assets, or any combination thereof. With respect to Participants who are not "covered employees" within the meaning of Section 162(m) of the Code and who, in the Committee's judgment, are not likely to be covered employees at any time during the applicable Performance Period or during any period in which an Award may be paid following a Performance Period, the performance goals established for the Performance Period may consist of any objective or subjective corporate-wide or subsidiary, division, operating unit or individual measures, whether or not listed herein. Performance goals shall be subject to such other special rules and conditions as the Committee may establish at any time within the Applicable Period; *provided, however*, that to the extent such goals relate to Awards to "covered employees" within the meaning of Section 162(m) of the Code, such special rules and conditions shall not be inconsistent with the provisions of Treasury regulation Section 1.162-27(e) or any successor regulation describing "qualified performance-based compensation."

Impact of Extraordinary Items or Changes in Accounting. The measures utilized in establishing performance goals under the Plan shall, to the extent applicable (*i.e.*, if the relevant performance goal is based on a GAAP measure), be determined in accordance with GAAP and in a manner consistent with the methods used in the Company's audited consolidated financial statements, without regard to (a) extraordinary or other nonrecurring or unusual items, as determined by the Company's independent public accountants in accordance with GAAP, (b) changes in accounting, as determined by the Company's independent public accountants in accordance with GAAP, or (c) special charges, such as restructuring or impairment charges, unless, in each case, the Committee decides otherwise within the Applicable Period or as otherwise required under Section 162(m) of the Code.

Terms of Awards

Performance Goals and Targets. At the time performance goals are established for a Performance Period, the Committee also shall establish an Award opportunity for each Participant or group of Participants, which shall be based on the achievement of one or more specified targets of performance goals. The targets shall be expressed in terms of an objective formula or standard which may be based upon the Participant's Annual Base Salary or a multiple thereof. In all cases the Committee shall have the sole and absolute discretion to reduce the amount of any payment with respect to any Award that would otherwise be made to any Participant or to decide that no payment shall be made. With respect to each Award, the Committee may establish terms regarding the circumstances in which a Participant will be entitled to payment notwithstanding the failure to achieve the applicable performance goals or targets (*e.g.*, where the Participant's employment terminates due to death or disability or where a change in control of the Company occurs); *provided, however*, that with respect to any Participant who is a "covered employee" within the meaning of Section 162(m) of the Code, the Committee shall not establish any such terms that would cause an Award payable upon the achievement of the performance

Table of Contents

goals not to satisfy the conditions of Treasury regulation Section 1.162-27(e) or any successor regulation describing the "qualified performance-based compensation."

Payments. At the time the Committee determines an Award opportunity for a Participant, the Committee shall also establish the payment terms applicable to such Award. Such terms shall include when such payments will be made; *provided, however*, that the timing of such payments shall in all instances either (A) satisfy the conditions of an exception from Section 409A of the Code (*e.g.*, the short-term deferrals exception described in Treasury Regulation Section 1.409A-1(b)(4)), or (B) comply with Section 409A of the Code and *provided, further*, that in the absence of such terms regarding the timing of payments, such payments shall occur no later than the later of (1) the 15th day of the third month of the calendar year following the calendar year in which the Participant's right to payment ceased being subject to a substantial risk of forfeiture, and (2) the 15th day of the third month of the Company's fiscal year following the Company's fiscal year in which the Participant's right to payment ceased being subject to a substantial risk of forfeiture.

Maximum Awards. No Participant shall receive a payment under the Plan with respect to any Performance Period having a value in excess of \$2,000,000, which maximum amount shall be proportionately adjusted with respect to Performance Periods that are less than or greater than one year in duration.

General

Effective Date. The Plan shall be submitted to the stockholders of the Company for approval at the 2012 annual meeting of stockholders and, if approved by the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at such meeting, shall become effective for Performance Periods beginning on and after April 1, 2012. In the event that the Plan is not approved by the stockholders of the Company, the Plan shall be null and void with respect to Participants who are "covered employees" within the meaning of Section 162(m) of the Code.

Amendments and Termination. The Board may amend the Plan as it shall deem advisable, subject to any requirement of stockholder approval required by applicable law, rule or regulation, including Section 162(m) of the Code. The Board may terminate the Plan at any time.

Non-Transferability of Awards. No award under the Plan shall be transferable other than by will, the laws of descent and distribution or pursuant to beneficiary designation procedures approved by the Company. Except to the extent permitted by the foregoing sentence, no award may be sold, transferred, assigned, pledged, hypothecated, encumbered or otherwise disposed of (whether by operation of law or otherwise) or be subject to execution, attachment or similar process. Upon any attempt to sell, transfer, assign, pledge, hypothecate, encumber or otherwise dispose of any such award, such award and all rights thereunder shall immediately become null and void.

Tax Withholding. The Company shall have the right to require, prior to the payment of any amount pursuant to an award made hereunder, payment by the Participant of any Federal, state, local or other taxes which may be required to be withheld or paid in connection with such award.

No Right of Participation or Employment. No person shall have any right to participate in the Plan. Neither the Plan nor any award made hereunder shall confer upon any person any right to continued employment by the Company or any subsidiary or affiliate of the Company or affect in any manner the right of the Company or any subsidiary or affiliate of the Company to terminate the employment of any person at any time without liability hereunder.

Designation of Beneficiary. If permitted by the Company, a Participant may file with the Committee a written designation of one or more persons as such Participant's beneficiary or beneficiaries (both primary and contingent) in the event of the Participant's death. Each beneficiary

Table of Contents

designation shall become effective only when filed in writing with the Committee during the Participant's lifetime on a form prescribed by the Committee. The spouse of a married Participant domiciled in a community property jurisdiction shall join in any designation of a beneficiary other than such spouse. The filing with the Committee of a new beneficiary designation shall cancel all previously filed beneficiary designations. If a Participant fails to designate a beneficiary, or if all designated beneficiaries of a Participant predecease the Participant, then any amount payable with respect to an award after a Participant's death shall be payable to the Participant's executor, administrator, legal representative or similar person.

Governing Law. The Plan and each award hereunder, and all determinations made and actions taken pursuant thereto, to the extent not otherwise governed by the Code or the laws of the United States, shall be governed by the laws of the State of Delaware and construed in accordance therewith without giving effect to principles of conflicts of laws.

Other Plans. Payments pursuant to the Plan shall not be treated as compensation for purposes of any other compensation or benefit plan, program or arrangement of the Company or any of its subsidiaries, unless either (a) such other plan provides that compensation such as payments made pursuant to the Plan are to be considered as compensation thereunder or (b) the Board or the Committee so determines in writing. Neither the adoption of the Plan nor the submission of the Plan to the Company's stockholders for their approval shall be construed as limiting the power of the Board or the Committee to adopt such other incentive arrangements as it may otherwise deem appropriate.

Binding Effect. The Plan shall be binding upon the Company and its successors and assigns and the Participants and their beneficiaries, personal representatives and heirs. If the Company becomes a party to any merger, consolidation or reorganization, then the Plan shall remain in full force and effect as an obligation of the Company or its successors in interest, unless the Plan is amended or terminated pursuant to Section 6.2.

Unfunded Arrangement. The Plan shall at all times be entirely unfunded and no provision shall at any time be made with respect to segregating assets of the Company for payment of any benefit hereunder. No Participant shall have any interest in any particular assets of the Company or any of its affiliates by reason of the right to receive a benefit under the Plan and any such Participant shall have only the rights of an unsecured creditor of the Company with respect to any rights under the Plan.
