ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that we have filed with the Securities and Exchange Commission (the "SEC") using a "shelf" registration process. Under this shelf registration process, we may sell, in one or more offerings, any combination of the securities described in this prospectus. This prospectus generally describes us and the securities that we may offer hereunder. Each time we sell securities with this prospectus, we will provide a prospectus supplement that will contain specific information about the terms of that offering and the securities offered by us in that offering. The prospectus supplement also may add to, update, or change information in this prospectus.

As used in this prospectus and unless otherwise indicated, "we," "us" and "our" and similar terms mean Cloud Peak Energy Inc. and its subsidiaries, except that those terms when used in this prospectus in connection with the debt securities described herein, shall mean the issuer of such debt securities, unless the context indicates otherwise, and when used in this prospectus in connection with all other securities, including equity securities, described herein, shall mean Cloud Peak Energy Inc.

The information in this prospectus is accurate as of its date. You should not assume that the information contained in this prospectus is accurate as of any other date. You should read carefully this prospectus, any prospectus supplement, and the additional information described below under the headings "Where You Can Find More Information" and "Incorporation by Reference."

**ABOUT CLOUD PEAK ENERGY INC.,
CLOUD PEAK ENERGY RESOURCES LLC AND CLOUD PEAK ENERGY FINANCE CORP.**

We are one of the largest producers of coal in the United States of America ("U.S.") and the Powder River Basin ("PRB"), based on our 2015 coal sales. We operate some of the safest mines in the coal industry. According to the most current Mine Safety and Health Administration ("MSHA") data, we have one of the lowest employee all injury incident rates among the largest U.S. coal producing companies. We currently operate solely in the PRB, the lowest cost region of the major coal producing regions in the U.S., where we own and operate three surface coal mines, the Antelope Mine, the Cordero Rojo Mine and the Spring Creek Mine. We also have two major development projects, the Youngs Creek project and the Crow project. Our Antelope and Cordero Rojo mines are located in Wyoming, and our Spring Creek Mine is located in Montana. Our mines produce subbituminous thermal coal with low sulfur content, and we sell our coal primarily to domestic electric utilities. Thermal coal is primarily consumed by electric utilities and industrial consumers as fuel for electricity generation. In 2015, the coal we produced generated approximately 3% of the electricity produced in the U.S. We do not produce any metallurgical coal. As of December 31, 2015, we controlled approximately 1.1 billion tons of proven and probable reserves.

Cloud Peak Energy Inc., a Delaware corporation organized on July 31, 2008 ("CPE Inc."), is a holding company that manages its wholly-owned consolidated subsidiary Cloud Peak Energy Resources LLC, a Delaware limited liability company organized on August 19, 2008 ("CPE Resources"). CPE Inc. has no business operations or material assets other than its ownership interest of 100% of the common membership units in CPE Resources. CPE Inc.'s only source of cash flow from operations is distributions from CPE Resources. CPE Inc. also receives management fees pursuant to a management services agreement between it and CPE Resources as reimbursement of its administrative expenses.

Cloud Peak Energy Finance Corp., a Delaware corporation organized on November 2, 2009 ("Finance Corp."), is a direct, wholly-owned subsidiary of CPE Resources and carries on no independent business other than acting as co-issuer of certain debt securities of CPE Resources.

WHERE YOU CAN FIND MORE INFORMATION

We have filed a registration statement with the SEC under the Securities Act of 1933, as amended (the "Securities Act") that registers the offer and sale of the securities covered by this prospectus. The registration statement, including the attached exhibits, contains additional relevant information about us. The rules and regulations of the SEC allow us to omit some information included in the registration statement from this prospectus.

In addition, CPE Inc. files annual, quarterly and other reports and information with the SEC. INCORPORATION BY REFERENCE

The SEC allows us to "incorporate by reference" the information CPE Inc. has filed with the SEC. This means that we can disclose important information to you without including the specific information in this prospectus by referring you to other documents filed separately with the SEC. The information incorporated by reference is an important part of this prospectus. Information that CPE Inc. later provides to the SEC, and which is deemed to be "filed" with the SEC, automatically will update information previously filed with the SEC, and may replace information in this prospectus.

We incorporate by reference in this prospectus the documents listed below and any future filings made by CPE Inc. with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") (excluding any information furnished and not filed pursuant to any Current Report on Form 8-K), after the date of the initial registration statement and prior to the effectiveness of the registration statement, and after the date on which the registration statement that includes this prospectus was initially filed with the SEC and until the termination of each offering under this prospectus:

CPE Inc.'s Annual Report on Form 10-K for the year ended December 31, 2015 (including CPE Inc.'s Definitive Proxy Statement on Schedule 14A filed with the SEC on March 28, 2016 solely to the extent incorporated into CPE Inc.'s Annual Report on Form 10-K);

Information contained on our Internet website is not part of this prospectus.

You may obtain any of the documents incorporated by reference in this prospectus from the SEC through the SEC's website at the address provided above. You also may request a copy of any document incorporated by reference in this prospectus (excluding any exhibits to those documents, unless the exhibit is specifically incorporated by reference in this document), at no cost, by visiting our internet website at www.cloudpeakenergy.com, or by writing or calling us at the following address:

You should rely only on the information incorporated by reference or provided in this prospectus or any prospectus supplement. We have not authorized anyone else to provide you with any information. You should not assume that the information incorporated by reference or provided in this prospectus or any prospectus supplement is accurate as of any date other than the date on the front of each document.

The debt securities that may be offered hereunder by CPE Resources, if guaranteed by subsidiaries of CPE Resources, are expected to be guaranteed by the same subsidiaries that guarantee the outstanding debt of CPE Resources. Such guarantees are expected to be full and unconditional and joint and several. As such, the information with respect to such subsidiary guarantors required by Section 3-10(f) of Regulation S-X is incorporated by reference in this prospectus.

The debt securities that may be offered hereunder by CPE Inc., if guaranteed, are expected to be guaranteed by each subsidiary of CPE Inc. that is not "minor" (as defined in Section 3-10(h)(6) of Regulation S-X). Such guarantees are expected to be full and unconditional and joint and several. Because CPE Inc. has no independent assets or operations, financial information with respect to such subsidiary guarantors has not been included or incorporated by reference in this prospectus in accordance with Note 1 to Section 3-10(f) of Regulation S-X.

Further, in accordance with Section 3-10(b) of Regulation S-X and the Note thereto, financial statements for Finance Corp. have not been included or incorporated by reference in this prospectus because Finance Corp. is a wholly-owned finance subsidiary of CPE Resources and any debt security of Finance Corp. issued hereunder will be co-issued, jointly and severally, by CPE Resources.

Table of Contents

RISK FACTORS

An investment in our securities involves risks. Before you invest in our securities, you should carefully consider the risk factors included in CPE Inc.'s Annual Report on Form 10-K for the fiscal year ended December 31, 2015, CPE Inc.'s subsequent Quarterly Reports on Form 10-Q and in any other subsequent filings made by CPE Inc. with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, and those that may be included in the applicable prospectus supplement, as well as risks described in "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Cautionary Note Regarding Forward-Looking Statements" included or incorporated by reference herein, together with all of the other information included in this prospectus, any prospectus supplement and the documents we incorporate by reference.

If any of these risks were to materialize, our business, results of operations, cash flows and financial condition could be materially adversely affected. In that case, our ability to make distributions to our stockholders or pay interest on, or the principal of, any debt securities, may be reduced, the trading price of our securities could decline and you could lose all or part of your investment.

FORWARD-LOOKING STATEMENTS

Certain statements, other than statements of historical fact, included or incorporated by reference in this prospectus, the accompanying prospectus supplement and the documents we incorporate by reference contain "forward-looking" statements that involve substantial risks and uncertainties. You can identify these statements by forward-looking words such as "anticipate," "believe," "could," "estimate," "expect," "intend," "may," "plan," "potential," "should," "will," "would" or similar words. You should read statements that contain these words carefully because they discuss our current plans, strategies, prospects and expectations concerning our business, operating results, financial condition and other similar matters. While we believe that these forward-looking statements are reasonable as and when made, there may be events in the future that we are not able to predict accurately or control, and there can be no assurance that future developments affecting our business will be those that we anticipate. Additionally, all statements concerning our expectations regarding future operating results are based on current forecasts for our existing operations and do not include the potential impact of any future acquisitions. The risk factors and other cautionary statements in this prospectus, any prospectus supplement and the documents we have incorporated by reference provide examples of risks, uncertainties and events that may cause our actual results to differ materially and adversely from the expectations we describe in our forward-looking statements. Additional factors or events that may emerge from time to time, or those that we currently deem to be immaterial, could cause our actual results to differ, and it is not possible for us to predict all of them. You are cautioned not to place undue reliance on the forward-looking statements contained herein. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. The following factors are among those that may cause actual results to differ materially and adversely from our forward-looking statements:

the timing and extent of any recovery of the currently depressed coal industry, domestically and internationally, and the impact of ongoing or further depressed industry conditions on our financial performance, liquidity and financial covenant compliance;

the prices we receive for our coal and logistics services, our ability to effectively execute our forward sales strategy, and changes in utility purchasing patterns resulting in decreased long term purchases of coal;

timing of reductions or increases in customer coal inventories;

Edgar Filing: Youngs Creek Holdings II LLC - Form S-3

Table of Contents

our ability to renew sales contracts on favorable terms and to resolve customer requests for reductions or deferrals and respond to cancellations of their committed volumes on terms that preserve the amount and timing of our forecasted economic value;

the impact of increasingly variable and less predictable demand for thermal coal based on natural gas prices, summer cooling demand, winter heating demand, economic growth rates and other factors that impact overall demand for electricity;

our ability to efficiently and safely conduct our mining operations and to adjust our planned production levels to respond to market conditions and effectively manage the costs of our operations;

competition with other producers of coal with traders and re-sellers of coal, including the current oversupply of thermal coal in the marketplace, the impacts of currency exchange rate fluctuations and the strong U.S. dollar, and government environmental, energy and tax policies and regulations that make foreign coal producers more competitive for international transactions;

the impact of coal industry bankruptcies on our competitive position relative to other companies who may emerge from bankruptcy with potentially reduced leverage and operating costs;

competition with natural gas, wind, solar and other non-coal energy resources, which may continue to increase as a result of low domestic natural gas prices and due to environmental, energy and tax policies, regulations, subsidies and other government actions that encourage or mandate use of alternative energy sources;

coal-fired power plant capacity and utilization, including the impact of climate change and other environmental regulations and initiatives, energy policies, political pressures, NGO activities, international treaties or agreements and other factors that may cause domestic and international electric utilities to continue to phase out or close existing coal-fired power plants, reduce or eliminate construction of any new coal-fired power plants, or reduce consumption of coal from the PRB;

the failure of economic, commercially available carbon capture technology to be developed and adopted by utilities in a timely manner;

USE OF PROCEEDS

Unless we specify otherwise in any prospectus supplement, we will use the net proceeds (after the payment of offering expenses and underwriting discounts and commissions) from our sale of securities for general corporate purposes, which may include, among other things:

paying or refinancing all or a portion of our indebtedness outstanding at the time; and

funding working capital, capital expenditures or acquisitions (which may consist of acquisitions of discrete assets or businesses).

The actual application of proceeds from the sale of any particular offering of securities using this prospectus will be described in the applicable prospectus supplement relating to such offering. The precise amount and timing of the application of these proceeds will depend upon our funding requirements and the availability and cost of other funds.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The ratio of earnings to fixed charges for each of the periods indicated is as follows:

	Nine Months Ended	Year Ended December 31,				
	September 30, 2016	2015	2014	2013	2012	2011
Ratio of earnings to fixed charges, CPE Inc.	1.0x	3.2x	1.6x	3.5x	3.0x	

For purposes of calculating the ratio of earnings to fixed charges, earnings were calculated by adding (i) earnings from continuing operations, (ii) interest expense, net, including the portion of rents representative of an interest factor, (iii) amortization of debt issue costs and capitalized interest, (iv) distributions from equity investments and (v) capitalized interest. Fixed charges consist of interest expense, net, amortization of debt issue costs, and the portions of rents representative of an interest factor. Earnings for 2015 were inadequate to cover fixed charges by \$118.1 million. To date, we have not issued any preferred stock. Therefore, the ratio of earnings to combined fixed charges and preferred share distribution requirements is the same as the ratio of earnings to fixed charges presented above.

DESCRIPTION OF THE CAPITAL STOCK

References in this "Description of the Capital Stock" to the "Company," "we," "us" and "our" are to CPE Inc.

General

Our authorized capital stock consists of 200,000,000 shares of our common stock, \$0.01 par value, and 20,000,000 shares of our preferred stock, \$0.01 par value. As of November 28, 2016, there were 61,457,296 shares of common stock outstanding and no shares of preferred stock outstanding.

The following description does not purport to be complete and is subject to the provisions of our amended and restated certificate of incorporation and amended and restated bylaws. The descriptions are qualified in their entirety by reference to our amended and restated certificate of incorporation and amended and restated bylaws and to applicable law.

Common Stock

The holders of our common stock are entitled to one vote for each share held of record on all matters submitted to a vote of the stockholders. Our stockholders do not have cumulative voting rights in the election of directors. Subject to preferences that may be granted to any then-outstanding preferred stock, holders of our common stock are entitled to receive ratably only those dividends that the board of directors may from time to time declare, and we may pay, on our outstanding shares in the manner and upon the terms and conditions provided by law. In the event of our liquidation, dissolution or winding up, holders of our common stock will be entitled to share ratably in all of our assets remaining after we pay our liabilities and distribute the liquidation preference of any then-outstanding preferred stock. Holders of our common stock have no preemptive or other subscription or conversion rights. There are no redemption or sinking fund provisions applicable to our common stock.

Preferred Stock

Our board of directors has the authority, without further action by the stockholders, to issue our preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions of each series. These rights, preferences and privileges may include dividend rights, conversion rights, voting rights, terms of redemption, liquidation preferences, sinking fund terms and the number of shares constituting any series or the designation of this series, any or all of which may be greater than the rights of our common stock. The issuance of our preferred stock could adversely affect the voting power of our holders of common stock and the likelihood that these holders will receive dividend payments and payments upon liquidation.

Board of Directors

Our board of directors is currently composed of seven members. Under our amended and restated certificate of incorporation, we are not able to have less than three or more than 15 board members. Our amended and restated certificate of incorporation authorizes our board to fix the number of its members. A vacancy or a newly created board position will be filled by our board of directors. A nominee for director will be elected, as a general matter, if the votes cast for the nominee's election exceed the votes cast against the nominee's election. In the event of a director nomination by a stockholder in accordance with our amended and restated bylaws, directors will be elected by a plurality of the votes cast. Under our board's policy, and absent a stockholder nomination, a director who fails to receive the required number of votes for re-election will be expected to tender his resignation for board consideration and any board nominee, or any board appointee filling a director vacancy or newly created directorship, is required to agree, prior to nomination, to tender his

Table of Contents

resignation for board consideration in the event of his failing to receive the requisite number of votes for re-election. Our amended and restated certificate of incorporation further provides that any director who is also an officer will cease to be qualified to be a director upon termination of employment by us for any reason, as of the date of the termination, and will cease to be a director.

Anti-Takeover Effects of Certain Provisions of Our Certificate of Incorporation and Bylaws and Delaware Law

Certain provisions included in our amended and restated certificate of incorporation and amended and restated bylaws, which are summarized in the following paragraphs, and applicable provisions of the Delaware General Corporation Law (the "DGCL") may make it more difficult for or prevent an unsolicited third party from acquiring control of us or changing our board of directors and management. These provisions may have the effect of deterring hostile takeovers or delaying changes in our control or in our management. These provisions are intended to enhance the likelihood of continued stability in the composition of our board of directors and in the policies furnished by them and to discourage certain types of transactions that may involve an actual or threatened change in our control. The provisions also are intended to discourage certain tactics that may be used in proxy fights. These provisions, however, could have the effect of discouraging others from making tender offers for our shares and, as a consequence, they also may inhibit fluctuations in the market price of our shares that could result from actual or rumored takeover attempts.

Classified Board

Our amended and restated certificate of incorporation provides for our board of directors to be divided into three classes with staggered three-year terms. Only one class of directors will be elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective three-year terms.

Size of Board and Vacancies

Our amended and restated certificate of incorporation provides that the number of directors on our board of directors is fixed by our board of directors. Newly created directorships resulting from any increase in our authorized number of directors will be filled solely by the vote of our remaining directors in office. Any vacancies in our board of directors resulting from death, resignation or removal from office will be filled solely by the vote of our remaining directors in office.

No Cumulative Voting

The DGCL provides that stockholders are not entitled to the right to cumulate votes in the election of directors unless our certificate of incorporation provides otherwise. Our amended and restated certificate of incorporation does not expressly provide for cumulative voting.

Removal of Directors

Our amended and restated certificate of incorporation provides that any director may be removed at any time at a meeting called for that purpose, but only for cause and only by the affirmative vote of at least two-thirds of the voting power of shares of our capital stock.

Bylaw Amendments

Our amended and restated bylaws provide that they may only be amended by our board of directors or upon the vote of holders of at least two-thirds of the voting power of shares of our capital stock.

Table of Contents

Calling of Special Meetings of Stockholders

Our amended and restated bylaws provide that special meetings of our stockholders may be called for any purpose by the majority of our board or by the chairman of our board.

Stockholder Action by Written Consent

The DGCL permits stockholder action by written consent unless otherwise provided by the certificate of incorporation. Our amended and restated certificate of incorporation provides that our stockholders may not act by written consent.

Advance Notice Requirements for Stockholder Proposals, Proxy Access and Director Nominations

Our amended and restated bylaws establish advance notice procedures with respect to stockholder proposals and nomination of candidates for election as directors other than nominations made by or at the direction of our board of directors or a committee of our board of directors. Stockholders are only able to consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board of directors or by a stockholder who was a stockholder of record on the record date for the meeting and on the date such stockholder gave the notice provided for below, who is entitled to vote at the meeting and who has given to our secretary timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting.

Our amended and restated bylaws also include proxy access to allow eligible stockholders who comply with certain requirements to include their own nominee or nominees for director in our proxy statement along with the candidates nominated by the board of directors. The stockholder or a group of stockholders, who has or have maintained continuous qualifying ownership of at least 3% of our outstanding common stock for at least three years and has or have complied with other requirements under our amended and restated bylaws may submit for inclusion in our proxy materials for an annual meeting of stockholders, a number of director nominees that together with all eligible stockholder nominees does not exceed 25% of the total number of directors in office as of the last day on which notice of the proxy access nomination may be delivered.

In order to nominate directors to our board of directors or bring other business before an annual meeting of our stockholders, a stockholder's notice must be received by the Secretary of the Company at the principal executive offices of the Company not earlier than 120 days nor less than 90 calendar days before the first anniversary of the previous year's annual meeting of stockholders, subject to certain exceptions contained in our bylaws. If the date of the applicable annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by a stockholder to be timely must be so received no earlier than 120 days nor later than the later of 90 calendar days before the date of such annual meeting or the tenth day following the date on which public disclosure of the date of the annual meeting was first made by the Company. Any stockholder proposing business or a director nomination at a meeting, or such stockholder's qualified representative, must appear at the meeting to present such business or nomination. The chairperson of the meeting shall have the power to determine whether a stockholder proposal has been made in accordance with the procedures set forth in our amended and restated bylaws. The adjournment or postponement of an annual meeting or the announcement shall not commence a new time period for the giving of a stockholder's notice as described above.

Majority Voting Policy

Our board of directors has adopted a majority voting policy that provides that if none of our stockholders provides us written notice of an intention to nominate one or more candidates to compete with our board of directors' nominees, or if all stockholders have withdrawn such nominations prior to 10 days before we mail notice for our annual meeting, a nominee must receive more votes cast for that

Table of Contents

nominee than against that nominee to be elected or re-elected. If a director nominee fails to obtain the required votes, our board of directors will expect such director to tender his or her resignation.

Amendments to Certificate of Incorporation and Bylaws

The DGCL provides generally that the affirmative vote of a majority of the outstanding shares entitled to vote is required to amend a corporation's certificate of incorporation, unless the certificate of incorporation requires a greater percentage. Our amended and restated certificate of incorporation provides that the following provisions may be amended by our stockholders only by a vote of at least two-thirds of the voting power of all of the outstanding shares of our stock entitled to vote:

the classification of our board of directors;

the removal of directors;

the limitation on stockholder action by written consent;

the limitation of directors' personal liability to us or our stockholders for breach of fiduciary duty as a director;

the amendment provision requiring that the above provisions be amended only with a two-thirds supermajority vote; and

any provision in our bylaws, including the ability to call a Special Meeting of Stockholders being vested in our board of directors or the Chairman of our board.

Undesignated Preferred Stock

The authorization of our undesignated preferred stock will make it possible for our board of directors to issue our preferred stock with voting or other rights or preferences that could impede the success of any attempt to change control of us.

Section 203 of the Delaware General Corporation Law

We are not governed by Section 203 of the DGCL. Section 203 of the DGCL regulates corporate acquisitions and provides that specified persons who, together with affiliates and associates, own, or within three years did own, 15% or more of the outstanding voting stock of a corporation may not engage in business combinations with the corporation for a period of three years after the date on which the person became an interested stockholder unless:

prior to such time, the corporation's board of directors approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction which resulted in the stockholder becoming an "interested stockholder," the interested stockholder owned at least 85% of the corporation's outstanding voting stock at the time the transaction commenced, other than statutorily excluded shares; or

at or after the time a person became an interested stockholder, the business combination is approved by the corporation's board of directors and authorized at an annual or special meeting of stockholders by the affirmative vote of at least two thirds of the outstanding voting stock which is not owned by the interested stockholder.

Edgar Filing: Youngs Creek Holdings II LLC - Form S-3

The term "business combination" is defined to include mergers, asset sales and other transactions in which the interested stockholder receives or could receive a financial benefit on other than a pro rata basis with other stockholders.

Limitations on Liability and Indemnification of Officers and Directors

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties. Our amended and restated certificate of incorporation includes a provision that eliminates the personal liability of directors for monetary damages for actions taken as a director, except for liability:

for breach of duty of loyalty;

for acts or omissions not in good faith or involving intentional misconduct or knowing violation of law;

under Section 174 of the DGCL (unlawful dividends); or

for transactions from which the director derived improper personal benefit.

Our amended and restated bylaws provide that we must indemnify our directors and officers to the fullest extent authorized by the DGCL and other applicable law. We are also expressly authorized to carry directors' and officers' insurance providing indemnification for our directors, officers and certain employees for some liabilities. We believe that these indemnification provisions and insurance are useful to attract and retain qualified directors and executive officers.

The limitation of liability and indemnification provisions that are included in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, your investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

DESCRIPTION OF THE DEBT SECURITIES

Either CPE Resources or CPE Inc. may issue the debt securities offered hereby in one or more series. The following description sets forth the general terms and provisions that apply to those debt securities. Each prospectus supplement will state the particular terms that will apply to the debt securities included in the supplement.

References in this "Description of the Debt Securities" to "Finance Corp." are to Cloud Peak Energy Finance Corp.; references to the "Parent Guarantor" apply only to debt securities issued by CPE Resources and they are to its parent company, CPE Inc.; references to the "Subsidiary Guarantors" are to any of the Subsidiaries of either CPE Resources or CPE Inc., as the case may be, that may guarantee any of the debt securities of its parent company; and references to the "Guarantors" of any series of debt securities include the Parent Guarantor and any Subsidiary Guarantors of that series. References to an "issuer" in relation to a particular series of debt securities are to the either CPE Resources or CPE Inc., depending upon which is the issuer of that series, and they also include Finance Corp. in relation to any series of debt securities of CPE Resources that Finance Corp. may co-issue. References to an "Indenture" refer to the particular Indenture under which a series of debt securities is issued. Other capitalized terms used in this description without definition have the meanings attributed to them in the applicable Indenture.

Finance Corp. may be a co-issuer of any series of debt securities of CPE Resources but not CPE Inc. Finance Corp. is a direct, wholly-owned subsidiary of CPE Resources, and it has no material assets and no liabilities other than as co-issuer of certain of CPE Resources' debt securities. CPE Inc. will guarantee any series of debt securities that CPE Resources may issue, and CPE Resources may guarantee any series of debt securities that CPE Inc. may issue.

The debt securities will be either senior debt securities or subordinated debt securities and will be secured debt securities or unsecured debt securities of the particular issuer, and they may be issued with or without collateral or other security. CPE Resources will issue its senior debt securities under an Indenture, among itself and Finance Corp., as issuers, CPE Inc., as Parent Guarantor, if applicable, any Subsidiary Guarantors party thereto and the Trustee. CPE Inc. will issue its senior debt securities under an Indenture, among itself, as issuer, any Subsidiary Guarantors party thereto and the Trustee. If either CPE Resources or CPE Inc. decides to issue subordinated debt securities, it will issue them under a separate Indenture containing subordination provisions. The term "Trustee" as used in this prospectus refers to the trustee under a particular Indenture of either CPE Resources or CPE Inc. The debt securities will be governed by the provisions of the applicable Indenture and those made part of such Indenture by reference to the Trust Indenture Act of 1939. You should read the forms of the senior Indentures and the subordinated Indentures filed as exhibits to the registration statement of which this prospectus is a part because those Indentures, and not this description, will govern your rights as a holder of debt securities.

Only holders of record of any debt securities will have rights under an Indenture.

No Indenture will contain provisions that would afford holders of debt securities protection in the event of a sudden and significant decline in the issuer's credit quality or a takeover, recapitalization or highly leveraged or similar transaction involving the issuer. Accordingly, either CPE Resources or CPE Inc. could in the future enter into transactions that could increase the amount of its indebtedness outstanding at that time or otherwise adversely affect its capital structure or credit rating.

General

Any series of debt securities that CPE Resources may issue will not be convertible into, or exchangeable for, any equity securities and:

will be its general obligations;

Table of Contents

will be co-issued by Finance Corp. if so indicated in the prospectus supplement relating to such series;

will be guaranteed by CPE Inc. and may also be guaranteed by one or more Subsidiary Guarantors, and when so guaranteed, such guarantees will be each Guarantor's general obligations; and

may be subordinated to its Senior Indebtedness, and any guarantees of the Guarantors will be subordinated to their respective Senior Indebtedness.

Any series of debt securities that CPE Inc. may issue:

will be its general obligations;

may be guaranteed by one or more Subsidiary Guarantors, including CPE Resources, and when so guaranteed, such guarantees will be each Guarantor's general obligations; and

may be subordinated to its Senior Indebtedness, and any guarantees of the Subsidiary Guarantors will be subordinated to their respective Senior Indebtedness.

No Indenture will limit the total amount of debt securities that an issuer may issue thereunder. Each issuer may issue debt securities under an Indenture from time to time in separate series, up to the aggregate amount authorized for each such series.

Specific Terms of Each Series of Debt Securities to Be Described in the Prospectus Supplement

The issuer will prepare a prospectus supplement and either a supplemental indenture or authorizing resolutions of its board of directors, set forth in an officers' certificate, relating to any series of debt securities that it may offer, which will include specific terms relating to some or all of the following:

whether, in the case of debt securities issued by CPE Resources, Finance Corp. will be a co-issuer of the debt securities;

the form and title of the debt securities;

the total principal amount of the debt securities;

the date or dates on which the debt securities may be issued;

whether the debt securities are senior or subordinated debt securities;

the currency or currencies in which principal and interest will be paid, if not in U.S. dollars;

the portion of the principal amount that will be payable if the maturity of the debt securities is accelerated;

Edgar Filing: Youngs Creek Holdings II LLC - Form S-3

the dates on which the principal and premium, if any, of the debt securities will be payable;

the interest rate which the debt securities will bear and the interest payment dates for the debt securities;

any conversion or exchange provisions, in the case of debt securities issued by CPE Inc.;

any optional redemption provisions;

any sinking fund or other provisions that would obligate the issuer to repurchase or redeem the debt securities;

whether the debt securities are entitled to the benefits of any guarantees by any Guarantors;

Table of Contents

whether the debt securities may be issued in amounts other than \$1,000 each or multiples thereof;

any changes to or additional Events of Default or covenants;

the subordination, if any, of the debt securities and any changes to the subordination provisions of the subordinated Indenture;

any collateral or other security for the debt securities and any related intercreditor agreement, mortgage or other security agreement; and

any other terms of the debt securities.

This description of debt securities will be deemed modified, amended or supplemented by any description of any series of debt securities set forth in a prospectus supplement related to that series.

The prospectus supplement also will describe any material United States federal income tax consequences or other special considerations regarding the applicable series of debt securities, including those relating to:

debt securities with respect to which payments of principal, premium, if any, or interest are determined with reference to an index or formula, including changes in prices of particular securities, currencies or commodities;

debt securities with respect to which principal, premium, if any, or interest is payable in a foreign or composite currency;

debt securities that are issued at a discount below their stated principal amount, bearing no interest or interest at a rate that at the time of issuance is below market rates; and

variable rate debt securities that are exchangeable for fixed rate debt securities.

At the option of the issuer, it may make interest payments by check mailed to the registered holders of its debt securities or, if so stated in the applicable prospectus supplement, at the option of a holder by wire transfer to an account designated by the holder.

Debt securities may be transferred or exchanged at the office of the Trustee at the place in the United States identified in the applicable prospectus supplement, without the payment of any service charge, other than any applicable tax or governmental charge.

Subject to applicable abandoned property law, any funds paid to the Trustee or a paying agent for amounts due on any debt securities that remain unclaimed for two years will be returned to the issuer, and the holders of the debt securities must look only to the issuer or any other obligor on such debt securities for payment after that time.

The Parent Guarantee of Debt Securities of CPE Resources

Each issuer's payment obligations under any series of debt securities of CPE Resources will be fully and unconditionally guaranteed by CPE Inc., which will execute a notation of guarantee on such debt securities as further evidence of its guarantee. The applicable prospectus supplement will describe the terms of the guarantee by CPE Inc.

CPE Inc.'s guarantee of any series of senior debt securities of CPE Resources will be its unsecured and unsubordinated general obligation, and will rank on a parity with all of CPE Inc.'s other unsecured and unsubordinated indebtedness. With respect to a series of subordinated debt securities of CPE Resources that CPE Inc. guarantees, its guarantee will be subordinated to the Senior Indebtedness of CPE Inc. to substantially

the same extent as the series of subordinated debt securities is subordinated to CPE Resources' senior debt. See "Subordination."

Table of Contents

The Subsidiary Guarantees

Each issuer's payment obligations under any series of debt securities of either CPE Resources or CPE Inc. may be jointly and severally, fully and unconditionally guaranteed by one or more Subsidiary Guarantors, including CPE Resources in the case of any series of debt securities of CPE Inc. Any Subsidiary Guarantors for a series of debt securities will be identified in the prospectus supplement relating to that series. If a series of debt securities is so guaranteed, the Subsidiary Guarantors will execute a notation of guarantee on such debt securities as further evidence of their guarantee. If a series of debt securities is guaranteed by the Subsidiary Guarantors and is designated as subordinate to the Senior Indebtedness of the issuer, then the guarantees by the Subsidiary Guarantors will be subordinated to the Senior Indebtedness of the Subsidiary Guarantors to substantially the same extent as the series is subordinated to such issuer's Senior Indebtedness. See " Subordination."

Limitations on Guarantees; Releases

The obligations of each of the Parent Guarantor and any Subsidiary Guarantors under its guarantee of any series of debt securities will be limited to the maximum amount that will not result in its obligations under its guarantee constituting a fraudulent conveyance or fraudulent transfer under federal or state law, after giving effect to:

all other contingent and fixed liabilities of the Guarantor; and

any collections from or payments made by or on behalf of any other Guarantors in respect of its obligations under its guarantee.

Any guarantee of the Parent Guarantor or a Subsidiary Guarantor may be released under certain circumstances. If an issuer exercises its legal defeasance option with respect to its debt securities of a particular series, or it satisfies and discharges all obligations under the governing Indenture with respect to that series, in either case as described below under " Defeasance; Satisfaction and Discharge," then the guarantees of each Guarantor will be released with respect to that series. Further, if no Default has occurred and is continuing under the Indenture, and to the extent not otherwise prohibited by the Indenture, each Guarantor will be unconditionally released and discharged from its guarantee:

in the case of a Subsidiary Guarantor, automatically upon any sale, exchange or transfer, whether by way of merger or otherwise, to any Person that is not the issuer's Affiliate, of a sufficient amount of the issuer's direct or indirect partnership or other equity interests in the Subsidiary Guarantor so that it no longer qualifies under the Indenture as a Subsidiary of the issuer;

in the case of a Subsidiary Guarantor, automatically upon the merger of the Subsidiary Guarantor into the issuer, the Parent Guarantor (in the case of debt securities of CPE Resources) or any other Subsidiary Guarantor or the liquidation and dissolution of the Subsidiary Guarantor;

in the case of the Parent Guarantor of a series of debt securities of CPE Resources, automatically upon the merger of the Parent Guarantor into CPE Resources or any Subsidiary Guarantor, or the liquidation or dissolution of the Parent Guarantor;
or

in the case of a Subsidiary Guarantor, following delivery of a written notice by the issuer to the Trustee of the release of all guarantees by the Subsidiary Guarantor of any debt of such issuer for borrowed money or for a guarantee thereof, other than any series of debt securities, and except a release as a result of payment under such guarantees.

Specific Covenants

Each Indenture will contain the following covenants for the benefit of the holders of all series of debt securities issued thereunder:

Reports

So long as any debt securities are outstanding, CPE Inc. will:

for as long as it is required to file information with the SEC pursuant to the Exchange Act, deliver to the Trustee, within 15 days after it files the same with the SEC, copies of the annual reports and of the information, documents and other reports which it is required to file with the SEC pursuant to the Exchange Act; and

if it is not required to file information, documents or reports with the SEC pursuant to the Exchange Act, deliver to the Trustee, within 15 days after it would have been required to file with the SEC, financial statements (and with respect to annual financial statements, an auditors' report by a firm of established national reputation) and a Management's Discussion and Analysis of Financial Condition and Results of Operations, both comparable to what it would have been required to include in such annual reports, information, documents or other reports had it been subject to the reporting requirements of the Exchange Act, unless the SEC will not accept such a filing.

The availability of the foregoing information, documents or reports on the SEC's or the issuer's website will be deemed to satisfy the foregoing delivery requirements.

Consolidation, Merger or Sale

No issuer may merge or consolidate with or into any other Person or sell, convey, lease, transfer or otherwise dispose of all or substantially all of its assets to any Person, whether in a single transaction or series of related transactions, unless:

such issuer is the continuing Person in the case of a merger, or the continuing Person:

is a partnership, limited liability company or corporation organized under the laws of the United States, a state thereof or the District of Columbia; and

expressly assumes, by supplemental indenture in form satisfactory to the Trustee, all the issuer's obligations under the Indenture and the debt securities;

immediately after giving effect to the transaction or series of transactions, no Default or Event of Default would occur or be continuing;

if such issuer is not the continuing Person, then each Guarantor, unless it is the Person with which the issuer has consummated a transaction under this provision, has confirmed that its guarantee of the debt securities of the issuer shall continue to apply to the issuer's obligations under such debt securities and the applicable Indenture; and

such issuer has delivered to the Trustee an officers' certificate and opinion of counsel, each stating that the merger, consolidation, sale, conveyance, lease, transfer or other disposition, and if a supplemental indenture is required, the supplemental indenture, comply with the Indenture.

Thereafter, the continuing Person will be substituted for the issuer under the Indenture. If the issuer not the continuing Person in any merger or consolidation, or it sells or otherwise disposes of (except by lease) all or substantially all of its assets, and the above stated requirements are

satisfied, the issuer will be released from all its liabilities and obligations under the applicable Indenture and debt securities.

Table of Contents

If Finance Corp. co-issues a series of debt securities of CPE Resources, then this same covenant will apply equally to it in relation to that series, except that Finance Corp. may not merge or consolidate with or into another Person other than a corporation for so long as CPE Resources is not organized as a corporation.

A series of debt securities may contain additional financial and other covenants. The applicable prospectus supplement will contain a description of any such covenants that are added to the Indenture specifically for the benefit of holders of a particular series.

Events of Default, Remedies and Default

Events of Default

Each of the following events will be an "Event of Default" under each Indenture with respect to a series of debt securities issued thereunder:

default in any payment of interest on any debt securities of that series when due that continues for 30 days;

default in the payment of principal of or premium, if any, on any debt securities of that series when due at its stated maturity, upon redemption, upon required repurchase or otherwise;

default in the payment of any sinking fund payment on any debt securities of that series when due;

failure by the issuer or any Guarantor to comply for 60 days after notice with its other agreements contained in the Indenture or any board resolution authorizing the issuance of that series;

certain events of bankruptcy, insolvency or reorganization of the issuer or any Guarantor;

the guarantee of any Guarantor:

ceases to be in full force and effect, except as otherwise provided in the Indenture; or

is declared null and void in a judicial proceeding;

any Guarantor denies or disaffirms its obligations under such Indenture or its guarantee; or

any other Event of Default provided with respect to such series of Debt Securities.

Exercise of Remedies

If an Event of Default, other than an Event of Default described in the fifth bullet point above, occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the entire principal of, premium, if any, and accrued and unpaid interest, if any, on all the debt securities of that series to be due and payable immediately. If an Event of Default described in the fifth bullet point above occurs and is continuing, the principal of, premium, if any, and accrued and unpaid interest on all outstanding debt securities of all series will become immediately due and payable without any declaration of acceleration or other act on the part of the Trustee or any holders.

A default under the fourth bullet point above will not constitute an Event of Default until the Trustee or the holders of 25% in principal amount of the outstanding debt securities of that series notify the issuer and any Guarantor of the default and such default is not cured or waived

within 60 days after receipt of notice.

Table of Contents

The holders of a majority in principal amount of the outstanding debt securities of a series may rescind any declaration of acceleration by the Trustee or the holders with respect to the debt securities of that series but only if:

rescinding the declaration of acceleration would not conflict with any judgment or decree of a court of competent jurisdiction; and

all existing Events of Default have been cured or waived, other than the nonpayment of principal, premium, if any, or interest on the debt securities of that series that has become due solely by the declaration of acceleration.

The Trustee will be under no obligation, except as otherwise provided in the Indenture, to exercise any of the rights or powers under the Indenture at the request or direction of any of the holders unless such holders have offered to the Trustee indemnity or security satisfactory to the Trustee against any costs, liability or expense. No holder may pursue any remedy with respect to the Indenture or the debt securities of any series, except to enforce the right to receive payment of principal, premium, if any, or interest when due on its debt securities, unless:

such holder has previously given the Trustee notice that an Event of Default with respect to that series is continuing;

holders of at least 25% in principal amount of the outstanding debt securities of that series have requested that the Trustee pursue the remedy;

such holders have offered the Trustee reasonable indemnity or security against any cost, liability or expense;

the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of indemnity or security; and

the holders of a majority in principal amount of the outstanding debt securities of that series have not given the Trustee a direction that is inconsistent with such request within such 60-day period.

The holders of a majority in principal amount of the outstanding debt securities of a series have the right, subject to certain restrictions, to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any right or power conferred on the Trustee with respect to that series of debt securities. The Trustee, however, may refuse to follow any direction that:

conflicts with law;

the Trustee determines is unduly prejudicial to the rights of any other holder; or

would involve the Trustee in personal liability.

Notice of an Event of Default

Within 30 days after the occurrence of any Default (meaning an event that is, or after the notice or passage of time would be, an Event of Default) or Event of Default under an Indenture, the issuer is required to give written notice to the Trustee specifying the Default or Event of Default and what action the issuer is taking or proposes to take to cure it. In addition, the issuer under each Indenture is required to deliver to the Trustee, within 120 days after the end of each fiscal year, an officers' certificate indicating that each obligor on the debt securities outstanding under such Indenture has complied with all covenants contained in the Indenture, whether any Default or Event of Default has occurred and is continuing, and if so, what action the issuer is taking or proposes to take.

Table of Contents

If a Default occurs and is continuing under any Indenture with respect to any series of debt securities and is known to the Trustee, the Trustee must mail to each holder of such debt securities a notice of the Default by the later of 90 days after the Default occurs or 30 days after the Trustee knows of the Default. Except in the case of a Default in the payment of principal, premium, if any, or interest with respect to any debt securities, the Trustee may withhold such notice, but only if and so long as the board of directors, the executive committee or a committee of directors or responsible officers of the Trustee in good faith determines that withholding such notice is in the interests of the holders.

Amendments and Waivers

An issuer may amend an Indenture without the consent of any holder of debt securities outstanding thereunder to:

cure any ambiguity, omission, defect or inconsistency;

provide for the assumption by a successor of such issuer's obligations under the Indenture;

add any Guarantor with respect to the debt securities;

in the case of any subordinated debt security, make any change in the subordination provisions that limits or terminates the benefits applicable to any holder of Senior Indebtedness;

add any additional Events of Default or covenants for the benefit of the holders or surrender any right or power conferred upon the issuer or any Guarantor;

make any change that does not adversely affect the rights of any holder under the Indenture;

add or appoint a successor or separate Trustee;

secure the debt securities;

comply with any requirement of the SEC in connection with the qualification of such Indenture under the Trust Indenture Act; or

establish the form or terms of debt securities of any series to be issued under such Indenture.

In addition, an issuer may amend an Indenture if the holders of a majority in principal amount of all debt securities of each series that would be affected then outstanding under such Indenture consent to it. Such issuer may not, however, without the consent of each holder of outstanding debt securities of each series that would be affected, amend the Indenture to:

reduce the percentage in principal amount of debt securities of any series whose holders must consent to an amendment;

reduce the rate of or extend the time for payment of interest on any debt security;

reduce the principal of or extend the stated maturity of any debt security;

Edgar Filing: Youngs Creek Holdings II LLC - Form S-3

reduce the premium payable upon the redemption of any debt security or change the time at which any debt security may or shall be redeemed;

make any debt security payable in other than U.S. dollars;

impair the right of any holder to receive any payment of principal, premium, if any, or interest with respect to such holder's debt securities on or after the applicable due date;

impair the right of any holder to institute suit for the enforcement of any payment with respect to such holder's debt securities;

Table of Contents

in the case of any subordinated debt security, make any change in the subordination provisions that adversely affects the rights of any holder under such provisions;

release any security that has been granted in respect of the debt securities, other than in accordance with the Indenture;

make any change in the amendment provisions that require each holder's consent;

make any change in the waiver provisions; or

except as provided in the Indenture, release any Guarantor in any manner adverse to the holders.

In the case of any subordinated debt security, no amendment may be made that adversely affects the rights of any holder of Senior Indebtedness then outstanding, unless the holders of such Senior Indebtedness consent to the amendment.

The consent of the holders is not necessary under an Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. After an amendment under an Indenture requiring the consent of the holders becomes effective, the issuer is required to mail to all holders of each series affected by it a notice briefly describing the amendment. The failure to give, or any defect in, such notice, however, will not impair or affect the validity of the amendment.

The holders of a majority in principal amount of the outstanding debt securities of each affected series, on behalf of all such holders, and subject to certain rights of the Trustee, may waive:

compliance by the issuer or any Guarantor with certain restrictive provisions of the Indenture; and

any past Default or Event of Default under the Indenture except that such majority of holders may not waive a default:

in the payment of principal, premium, if any, or interest; or

in respect of a provision that under the Indenture cannot be amended without the consent of all holders of the series of debt securities that is affected.

Defeasance; Satisfaction and Discharge

At any time, an issuer may terminate, with respect to its debt securities of a particular series, all of the obligations of such issuer or any Guarantor under such series of debt securities and the related Indenture, which is called a "legal defeasance." If an issuer decides to make a legal defeasance, however, it may not terminate certain specified obligations respecting that series of debt securities, including those obligations:

relating to the defeasance trust;

to register the transfer or exchange of the debt securities;

to replace mutilated, destroyed, lost or stolen debt securities of that series; or

Edgar Filing: Youngs Creek Holdings II LLC - Form S-3

to maintain a registrar and paying agent in respect of the debt securities.

If an issuer exercises its legal defeasance option, any guarantee will terminate with respect to that series of debt securities.

At any time an issuer may also effect a "covenant defeasance," which means the issuer has elected to terminate its obligations and those of any Guarantor under: certain covenants applicable to a particular series of debt securities, including any covenant that is added specifically for such series and

Table of Contents

is described in a prospectus supplement; and any Event of Default that relates to any deferred covenant.

An issuer may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. If an issuer exercises its legal defeasance option, payment of the affected series of debt securities may not be accelerated because of an Event of Default with respect to that series. If it exercises its covenant defeasance option, payment of the defeased series of debt securities may not be accelerated because of an Event of Default relating to a defeased covenant.

In order to exercise either defeasance option, an issuer must:

irrevocably deposit in trust with the Trustee money or certain U.S. government obligations for the payment of principal, premium, if any, and interest on the applicable series of debt securities to redemption or stated maturity, as the case may be;

comply with certain other conditions, including that no Default with respect to that series has occurred and is continuing after the deposit in trust; and

deliver to the Trustee an opinion of counsel to the effect that holders of such series of debt securities will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred. In the case of legal defeasance only, such opinion of counsel must be based on a ruling of the Internal Revenue Service or other change in applicable federal income tax law.

In addition, an issuer may satisfy and discharge all of the obligations under the Indenture of such issuer and any Guarantor with respect to the debt securities of a particular series, other than its obligation to register the transfer of and exchange debt securities of that series and certain rights of the Trustee and the issuer's obligations with respect thereto, provided that:

such issuer delivers all outstanding debt securities of that series to the Trustee for cancellation; or

all debt securities of that series not so delivered for cancellation have either become due and payable or will become due and payable at their stated maturity within one year or are to be called for redemption within one year, and in the case of this bullet point the issuer has irrevocably deposited with the Trustee in trust an amount of cash sufficient to pay the entire indebtedness of the debt securities of that series, including interest and premium, if any, to the stated maturity or applicable redemption date.

No Personal Liability

The managers, directors, officers, employees, incorporators, members, partners and stockholders of the issuers and any Guarantor, as such, will not be liable for:

any of the obligations of the issuers or any Guarantor under the debt securities, the Indentures or the guarantees; or

any claim based on, in respect of, or by reason of, such obligations or their creation.

By accepting a debt security, each holder will be deemed to have waived and released all such liability. This waiver and release are part of the consideration for the issuance of the debt securities. This waiver may not be effective, however, to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Table of Contents

Subordination

Debt securities of a series may be subordinated to an issuer's "Senior Indebtedness," which each subordinated Indenture defines generally to include any obligation created or assumed by the issuer for the repayment of borrowed money and any guarantee thereof, whether outstanding or hereafter issued, unless, by the terms of the instrument creating or evidencing such obligation, it is provided that such obligation is subordinate or not superior in right of payment to the debt securities or to other obligations which rank equally in right of payment with or are expressly subordinated to the debt securities. If any series of the debt securities of an issuer is subordinated to its Senior Indebtedness, then any guarantee of such debt securities will be subordinated to each Guarantor's Senior Indebtedness in the same manner.

Subordinated debt securities of an issuer and the related guarantees will be subordinated in right of payment, to the extent and in the manner set forth in the applicable subordinated Indenture and described in the prospectus supplement relating to such series, to the prior payment of all of indebtedness of such issuer and that of any Guarantor that is designated as "Senior Indebtedness" with respect to the series.

The holders of Senior Indebtedness of an issuer or any Guarantor will receive payment in full in cash of such Senior Indebtedness before holders of subordinated debt securities of such issuer will receive any payment of principal, premium or interest with respect to such subordinated debt securities upon any payment or distribution of the assets of such issuer or any Guarantor's assets, to creditors:

upon a liquidation or dissolution of such issuer or Guarantor; or

in a bankruptcy, receivership or similar proceeding relating to such issuer or Guarantor.

Until the Senior Indebtedness is paid in full, any distribution to which holders of subordinated debt securities would otherwise be entitled will be made to the holders of Senior Indebtedness, except that the holders of subordinated debt securities may receive capital stock and any debt securities that are subordinated to Senior Indebtedness to at least the same extent as the subordinated debt securities.

If any principal, premium or interest with respect to Senior Indebtedness is not paid within any applicable grace period (including at maturity), or any other default on Senior Indebtedness occurs and the maturity of the Senior Indebtedness is accelerated in accordance with its terms, no issuer or Guarantor may:

make any payments of principal, premium, if any, or interest with respect to any subordinated debt securities of such issuer;

make any deposit for the purpose of defeasance or discharge of the subordinated debt securities; or

repurchase, redeem or otherwise retire the subordinated debt securities, except that in the case of subordinated debt securities that provide for a mandatory sinking fund, the issuer may deliver subordinated debt securities to the Trustee in satisfaction of a sinking fund obligation,

unless, in any case:

the default has been cured or waived and any declaration of acceleration has been rescinded;

the Senior Indebtedness has been paid in full in cash; or

the issuer and the Trustee receive written notice approving the payment from the representatives of each issue of "Designated Senior Indebtedness."

Generally, "Designated Senior Indebtedness" will include:

any specified issue of Senior Indebtedness of at least \$10 million; and

Table of Contents

any other Senior Indebtedness that the issuer may designate in respect of any series of subordinated debt securities.

During the continuance of any default, other than a default described in the immediately preceding paragraph, that may cause the maturity of any Designated Senior Indebtedness to be accelerated immediately without further notice (other than any notice required to effect such acceleration), or the expiration of any applicable grace periods, no payment may be made on the subordinated debt securities or any related guarantee for a period called the "Payment Blockage Period." A Payment Blockage Period will commence on the receipt by the issuer and the Trustee of written notice of the default, called a "Blockage Notice," from the representative of any Designated Senior Indebtedness specifying an election to effect a Payment Blockage Period and will end 179 days thereafter.

The Payment Blockage Period may be terminated before its expiration:

by written notice from the Person or Persons who gave the Blockage Notice;

by repayment in full in cash of the Designated Senior Indebtedness with respect to which the Blockage Notice was given; or

if the default giving rise to the Payment Blockage Period is no longer continuing.

Unless the holders of the Designated Senior Indebtedness have accelerated the maturity of the Designated Senior Indebtedness, payments may resume on the subordinated debt securities after the expiration of the Payment Blockage Period.

Generally, not more than one Blockage Notice may be given in any period of 360 consecutive days. The total number of days during which any one or more Payment Blockage Periods are in effect, however, may not exceed an aggregate of 179 days during any period of 360 consecutive days. No default or event of default which existed or was continuing on the date of the commencement of any Payment Blockage Period with respect to the Designated Senior Indebtedness initiating such Payment Blockage Period may be made the basis of the commencement of a subsequent Payment Blockage Period by the representative of such Designated Senior Indebtedness, whether or not within a period of 360 consecutive days, unless such default or event of default has been cured or waived for a period of not less than 90 consecutive days.

After all Senior Indebtedness is paid in full and until the subordinated debt securities are paid in full, holders of the subordinated debt securities will be subrogated to the rights of holders of Senior Indebtedness to receive distributions applicable to Senior Indebtedness.

As a result of the subordination provisions described above, in the event of insolvency of an issuer or Guarantor, the holders of its Senior Indebtedness, as well as certain of its general creditors, may recover more, ratably, than the holders of the issuer's subordinated debt securities.

Book Entry, Delivery and Form

CPE Resources and CPE Inc. may issue debt securities of a series in the form of one or more global certificates deposited with a depository. The Depository Trust Company, or "DTC," will act as depository. If either issuer issues debt securities of a series in book-entry form, it will issue one or more global certificates that will be deposited with or on behalf of DTC and will not issue physical certificates to each holder. A global security may not be transferred unless it is exchanged in whole or in part for a certificated security, except that DTC, its nominees and their successors may transfer a global security as a whole to one another.

DTC will keep a computerized record of its participants, such as a broker, whose clients have purchased the debt securities. The participants will then keep records of their clients who purchased

Table of Contents

the debt securities. Beneficial interests in global securities will be shown on, and transfers of beneficial interests in global securities will be made only through, records maintained by DTC and its participants.

DTC advises that it is:

a limited-purpose trust company organized under the New York Banking Law;

a "banking organization" within the meaning of the New York Banking Law;

a member of the United States Federal Reserve System;

a "clearing corporation" within the meaning of the New York Uniform Commercial Code; and

a "clearing agency" registered under the provisions of Section 17A of the Exchange Act.

DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of its participants and by, among other institutions, the Financial Industry Regulatory Authority, Inc. The rules that apply to DTC and its participants are on file with the SEC.

DTC holds securities that its participants deposit with DTC. DTC also records the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through computerized records for participants' accounts. This eliminates the need to exchange certificates. Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

Each issuer of a series of debt securities will through its paying agent wire principal, premium, if any, and interest payments due on the global securities representing that series to DTC's nominee, Cede & Co. Each issuer, any Guarantor, the Trustee and any paying agent will treat DTC's nominee as the owner of the global securities for all purposes. Accordingly, each issuer, any Guarantor, the Trustee and any paying agent will have no direct responsibility or liability to pay amounts due on the global securities to owners of beneficial interests in the global securities.

It is DTC's current practice, upon receipt of any payment of principal, premium or interest, to credit participants' accounts on the payment date according to their respective holdings of beneficial interests in the global securities as shown on DTC's records. In addition, it is DTC's current practice to assign any consenting or voting rights to participants, whose accounts are credited with debt securities on a record date, by using an omnibus proxy.

Payments by participants to owners of beneficial interests in the global securities, as well as voting by participants, will be governed by the customary practices between the participants and the owners of beneficial interests, as is the case with debt securities held for the account of customers registered in "street name." Payments to holders of beneficial interests are the responsibility of the participants and not of DTC, the Trustee or any other person.

Beneficial interests in global securities will be exchangeable for certificated securities with the same terms in authorized denominations only if:

DTC notifies the issuer that it is unwilling or unable to continue as depository or if DTC ceases to be a clearing agency registered under applicable law and a successor depository is not appointed by such issuer within 90 days; or

the issuer determines, subject to DTC's rules, not to require all of the debt securities of a series to be represented by a global security and notifies the Trustee of its decision.

Table of Contents

The Trustee

The prospectus supplement relating to a particular series of debt securities will identify the Trustee with respect to such series. Any issuer or Guarantor may maintain banking and other commercial relationships with the Trustee and its affiliates in the ordinary course of business, and the Trustee under any Indenture may own debt securities issued under that Indenture.

Resignation or Removal of Trustee

If the Trustee under a particular Indenture has or acquires a conflicting interest within the meaning of the Trust Indenture Act after a Default under such Indenture has occurred and is continuing, the Trustee must eliminate its conflicting interest, obtain the consent of the SEC to continue or resign, to the extent and in the manner provided by, and subject to the provisions of, the Trust Indenture Act and the Indenture. Any resignation will require the appointment of a successor trustee under the Indenture in accordance with the terms and conditions of such Indenture.

The Trustee may resign or be removed by the issuer with respect to one or more series of debt securities, and a successor Trustee may be appointed to act with respect to any such series. The holders of a majority in principal amount of the debt securities of any series may remove the Trustee with respect to the debt securities of such series.

Limitations on Trustee if It is a Creditor

Each Indenture will limit the right of the Trustee thereunder, in the event that it becomes a creditor of the issuer or any Guarantor, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise.

Certificate and Opinions to Be Furnished to Trustee

Each Indenture will provide that, in addition to other certificates or opinions that may be specifically required by other provisions of the Indenture, every application by an issuer for action by the Trustee must be accompanied by a certificate of certain of its officers and an opinion of counsel (who may be counsel to the issuer) stating that, in the opinion of the signers, all conditions precedent to such action have been complied with.

Governing Law

The Indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

DESCRIPTION OF THE RIGHTS

References in this "Description of the Rights" to "we," "us" and "our" are to CPE Inc.

These rights may be issued independently or together with any other security offered hereby and may or may not be transferable by the stockholder receiving the rights in such offering. The rights agent will act solely as our agent in connection with the certificates relating to the rights and will not assume any obligation or relationship of agency or trust with any holders of rights certificates or beneficial owners of rights. We will file the rights agreement and the rights certificates relating to each series of rights with the SEC, and incorporate them by reference as an exhibit to the registration statement of which this prospectus is a part on or before the time we issue a series of rights.

The applicable prospectus supplement will describe the specific terms of any offering of rights for which this prospectus is being delivered, including the following:

the date of determining the stockholders entitled to the rights distribution;

DESCRIPTION OF THE DEPOSITARY SHARES

References in this "Description of the Depositary Shares" to "we," "us" and "our" are to CPE Inc.

General

We may offer fractional shares of preferred stock, rather than full shares of preferred stock. If we do so, we may issue receipts for depositary shares that each represent a fraction of a share of a particular series of preferred stock. The prospectus supplement will indicate that fraction. The shares of preferred stock represented by depositary shares will be deposited under a depositary agreement between us and a bank depositary. The phrase "bank depositary" means a bank or trust company that meets certain requirements and is selected by us. Each owner of a depositary share will be entitled to all the rights and preferences of the preferred stock represented by the depositary share. The depositary shares will be evidenced by depositary receipts issued pursuant to the depositary agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of preferred stock in accordance with the terms of the offering.

We have summarized some common provisions of a depositary agreement and the related depositary receipts. The forms of the depositary agreement and the depositary receipts relating to any particular issue of depositary shares will be filed with the SEC each time we issue depositary shares, and you should read those documents for provisions that may be important to you.

Dividends and Other Distributions

If we pay a cash distribution or dividend on a series of preferred stock represented by depositary shares, the bank depositary will distribute such dividends to the record holders of such depositary shares. If the distributions are in property other than cash, the bank depositary will distribute the property to the record holders of the depositary shares. However, if the bank depositary determines that it is not feasible to make the distribution of property, the bank depositary may, with our approval, sell such property and distribute the net proceeds from such sale to the record holders of the depositary shares.

Redemption of Depositary Shares

If we redeem a series of preferred stock represented by depositary shares, the bank depositary will redeem the depositary shares from the proceeds received by the bank depositary in connection with the redemption. The redemption price per depositary share will equal the applicable fraction of the redemption price per share of the preferred stock. If fewer than all the depositary shares are redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as the bank depositary may determine.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock represented by depositary shares are entitled to vote, the bank depositary will mail the notice to the record holders of the depositary shares relating to such preferred stock. Each record holder of these depositary shares on the record date (which will be the same date as the record date for the preferred stock) may instruct the bank depositary as to how to vote the preferred stock represented by such holder's depositary shares. The bank depositary will endeavor, insofar as practicable, to vote the amount of the preferred stock represented by such depositary shares in accordance with such instructions, and we will take all action which the bank depositary deems necessary in order to enable the bank depositary to do so. The bank depositary will abstain from voting shares of the preferred stock to the extent it does not receive specific instructions from the holders of depositary shares representing such preferred stock.

Table of Contents

Amendment and Termination of the Depositary Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the depositary agreement may be amended by agreement between the bank depositary and us. However, any amendment that materially and adversely alters the rights of the holders of depositary shares will not be effective unless such amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. The depositary agreement may be terminated by the bank depositary or us only if (1) all outstanding depositary shares have been redeemed or (2) there has been a final distribution in respect of the preferred stock in connection with any liquidation, dissolution or winding up of us and such distribution has been distributed to the holders of depositary shares.

Charges of Bank Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the bank depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary shares will pay other transfer and other taxes and governmental charges and any other charges, including a fee for the withdrawal of shares of preferred stock upon surrender of depositary receipts, as are expressly provided in the depositary agreement to be payable by such holders.

Withdrawal of Preferred Stock

Except as may be provided otherwise in the applicable prospectus supplement, upon surrender of depositary receipts at the principal office of the bank depositary, subject to the terms of the depositary agreement, the owner of the depositary shares may demand delivery of the number of whole shares of preferred stock and all money and other property, if any, represented by those depositary shares. Partial shares of preferred stock will not be issued. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the bank depositary will deliver to such holder at the same time a new depositary receipt evidencing the excess number of depositary shares. Holders of preferred stock thus withdrawn may not thereafter deposit those shares under the depositary agreement or receive depositary receipts evidencing depositary shares therefor.

Miscellaneous

The bank depositary will forward to holders of depositary shares all reports and communications from us that are delivered to the bank depositary and that we are required to furnish to the holders of the preferred stock.

Neither the bank depositary nor we will be liable if we are prevented or delayed by law or any circumstance beyond our control in performing our obligations under the depositary agreement. The obligations of the bank depositary and us under the depositary agreement will be limited to performance in good faith of their respective duties under the depositary agreement, and we will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We may rely upon written advice of counsel or accountants, or upon information provided by persons presenting preferred stock for deposit, holders of depositary shares or other persons believed to be competent and on documents believed to be genuine.

Resignation and Removal of Bank Depositary

The bank depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the bank depositary. Any such resignation or removal will take effect upon the appointment of a successor bank depositary and its acceptance of such appointment. The successor bank depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company meeting the requirements of the depositary agreement.

DESCRIPTION OF THE STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

References in this "Description of the Stock Purchase Contracts and Stock Purchase Units" to "we," "us" and "our" are to CPE Inc.

We may issue stock purchase contracts, including contracts obligating holders to purchase from us and contracts obligating us to sell to the holders, a specified number of shares of common stock or other securities at a future date or dates, which we refer to in this prospectus as "stock purchase contracts." The price per share of the securities and the number of shares of the securities may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. The stock purchase contracts may be issued separately or as part of units consisting of a stock purchase contract and debt securities, preferred securities, warrants or other securities or debt obligations of third parties, including U.S. treasury securities, securing the holders' obligations to purchase the securities under the stock purchase contracts, which we refer to in this prospectus as "stock purchase units." The stock purchase contracts may require holders to secure their obligations under the stock purchase contracts in a specified manner. The stock purchase contracts also may require us to make periodic payments to the holders of the stock purchase units or vice versa, and those payments may be unsecured or refunded on some basis.

The stock purchase contracts, and, if applicable, collateral or depositary arrangements, relating to the stock purchase contracts or stock purchase units, will be filed with the SEC in connection with the offering of stock purchase contracts or stock purchase units. The prospectus supplement relating to a particular issue of stock purchase contracts or stock purchase units will describe the terms of those stock purchase contracts or stock purchase units, including the following:

if applicable, a discussion of material United States federal income tax considerations; and

any other information we think is important about the stock purchase contracts or the stock purchase units.

PLAN OF DISTRIBUTION

We may sell or distribute the securities offered by this prospectus in one or more of the following ways:

through underwriters or dealers;

through agents;

directly to purchasers, including existing stockholders in a rights offering;

in "at the market offerings" to or through a market maker or into an existing trading market, or a securities exchange or otherwise;

in transactions not involving market makers or established trading markets, including direct sales or privately negotiated transactions; or

through a combination of any of these methods of sale.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices or at negotiated prices.

In addition, we may sell some or all of the securities included in this prospectus through:

a block trade in which a broker-dealer will attempt to sell as agent, but may position or resell a portion of the block, as principal, in order to facilitate the transaction;

purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;

ordinary brokerage transactions and transactions in which a broker solicits purchasers; or

privately negotiated transactions.

In addition, we may enter into option or other types of transactions that require us to deliver common shares to a broker-dealer, who will then resell or transfer the common shares under this prospectus. We may enter into hedging transactions with respect to our securities. For example, we may:

enter into transactions involving short sales of the common shares by broker-dealers;

sell common shares short and redeliver the shares to close out short positions;

enter into option or other types of transactions that require us to deliver common shares to a broker-dealer, who will then resell or transfer the common shares under this prospectus; or

loan or pledge the common shares to a broker-dealer, who may sell the loaned shares or, in the event of default, sell the pledged shares.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment). In addition, we may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic

short position to investors in our securities or in connection with a concurrent offering of other securities.

There is currently no market for any of the securities included in this prospectus, other than the shares of common stock listed on the New York Stock Exchange. If the securities are traded after their initial issuance, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities and other factors. While it is possible that an underwriter could inform us that it intends to make a market in the securities, such underwriter would not be obligated to do so, and any such market making could be discontinued at any time without notice. Therefore, we cannot assure you as to whether an active trading market will develop for these other securities. We have no current plans for listing any such other securities on any securities exchange; any such listing with respect to any particular of such other securities will be described in the applicable prospectus supplement.

We may have agreements with agents, underwriters, dealers and remarketing firms to indemnify them against certain civil liabilities, including liabilities under the Securities Act. Agents, underwriters, dealers and remarketing firms, and their affiliates, may engage in transactions with, or perform services for, us in the ordinary course of business. This includes commercial banking and investment banking transactions.

At the time that any particular offering of securities is made, to the extent required by the Securities Act, a prospectus supplement will be distributed setting forth the terms of the offering, including the aggregate number of securities being offered, the purchase price of the securities, the initial offering price of the securities, the names of any underwriters, dealers or agents, any discounts, commissions and other items constituting compensation from us and any discounts, commissions or concessions allowed or reallocated or paid to dealers.

If underwriters are used in the sale, the underwriters will acquire the securities for their own account for resale to the public, either on a firm commitment basis or a best efforts basis. The underwriters may resell the securities from time-to-time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions. The underwriters may change from time-to-time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

We may also sell the securities through agents designated from time-to-time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

To the extent that we make sales through one or more underwriters or agents in at the market offerings, we will do so pursuant to the terms of a sales agency agreement or other at the market offering arrangement between us and the underwriters or agents. If we engage in at the market sales pursuant to any such agreement, we will issue and sell securities through one or more underwriters or agents, which may act on an agency basis or on a principal basis. During the term of any such agreement, we may sell securities on a daily basis in exchange transactions or otherwise as we agree with the underwriters or agents. The agreement will provide that any securities sold will be sold at prices related to the then prevailing market prices for such securities. Therefore, exact figures regarding proceeds that will be raised or commissions to be paid cannot be determined at this time.

Table of Contents

If dealers are used in the sale of securities, we will sell the securities to them as principals. The dealers may then resell those securities to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

Securities may also be sold directly by us. In this case, no underwriters or agents would be involved.

We may authorize agents, underwriters or dealers to solicit offers by certain institutional investors to purchase offered securities providing for payment and delivery on a future date specified in the prospectus supplement. Institutional investors to which such offers may be made, when authorized, include commercial and savings banks, insurance companies, pension funds, investment companies, education and charitable institutions and such other institutions as may be approved by us. The obligations of any such purchasers under such delayed delivery and payment arrangements will be subject to the condition that the purchase of the offered securities will not at the time of delivery be prohibited under applicable law. The underwriters and such agents will not have any responsibility with respect to the validity or performance of such contracts.

If a prospectus supplement so indicates, underwriters, brokers or dealers, in compliance with applicable law, may engage in transactions that stabilize, maintain or otherwise affect the market price of the securities at levels above those that might otherwise prevail in the open market.

We will bear costs relating to all of the securities being registered under the registration statement of which this prospectus forms a part.

Any broker-dealers or other persons acting on our behalf that participate with us in the distribution of the shares may be deemed to be underwriters and any commissions received or profit realized by them on the resale of the shares may be deemed to be underwriting discounts and commissions under the Securities Act. As of the date of this prospectus, we are not a party to any agreement, arrangement or understanding between any broker or dealer and us with respect to the offer or sale of the securities pursuant to this prospectus.

If more than 5% of the net proceeds of any offering of securities made under this prospectus will be received by a Financial Industry Regulatory Authority ("FINRA") member participating in the offering or its affiliates or associated persons of such FINRA member, the offering will be conducted in accordance with FINRA Rule 5121.

**Cloud Peak Energy Resources LLC
Cloud Peak Energy Finance Corp.**

12.00% Senior Secured Notes due 2021

Interest Payable on May 1 and November 1

We may, in one or more offerings, offer and sell additional amounts of our existing 12.00% Senior Secured Notes due 2021, which we sometimes call the "Existing 2021 Notes." Any additional notes, which we sometimes call the "New Notes", will be issued under the indenture pursuant to which we issued the Existing 2021 Notes on October 17, 2016. Further, any New Notes that we may issue will be treated as a single class with the Existing 2021 Notes for all purposes under the indenture, including waivers, amendments, redemptions and offers to purchase. We sometimes refer to the Existing 2021 Notes and the New Notes collectively as the "notes." The notes will mature on November 1, 2021. We may redeem any of the Existing 2021 Notes on or after November 1, 2018 at the redemption prices set forth in this prospectus under "Description of Notes Optional Redemption."

The notes will be guaranteed, on a second lien, secured basis, by our parent company, Cloud Peak Energy Inc., and all of our existing and future domestic restricted subsidiaries (other than the Co-issuer) that guarantee our debt under our credit agreement. The notes and the guarantees: (i) will rank equally in right of payment with our and the guarantors' existing and future senior debt; (ii) will rank senior in right of payment to all of our and the guarantors' respective future subordinated debt; (iii) will rank senior in right of payment to all of our and the guarantors' respective future subordinated debt; (iv) will be effectively senior to all of our and the guarantors' existing and future unsecured senior debt to the extent of the value of the collateral, after giving effect to any senior lien on the collateral; (v) will be effectively junior, to the extent of the value of the collateral, to Cloud Peak Energy Resources LLC's ("CPE Resources") obligations under our secured revolving credit facility and any other first lien obligations, which will be secured on a first-priority basis by liens on the collateral; (vi) will be effectively junior to any secured debt of CPE Resources, the Co-issuer or any of our subsidiaries that is secured by liens on assets other than the collateral, to the extent of the value of such assets; and (vii) will be structurally subordinated to all of the existing and future debt or other liabilities, including trade payables, of any of our subsidiaries that do not guarantee the notes.

We will offer and sell New Notes directly or through underwriters and dealers on a continuous or delayed basis. The prospectus generally describes the terms of the notes; however, the principal amount of any New Notes that we may offer, together with their offering price and initial interest payment date and specified manner in which we will offer them, will be included in a supplement to this prospectus relating to that offering. The prospectus supplement may add, update or change information contained in this prospectus.

You should read this prospectus and the prospectus supplement carefully before you invest. This prospectus may not be used to consummate sales of our notes unless it is accompanied by a prospectus supplement.

FORWARD-LOOKING STATEMENTS

Certain statements, other than statements of historical fact, included or incorporated by reference in this prospectus, the accompanying prospectus supplement and the documents we incorporate by reference contain "forward-looking" statements that involve substantial risks and uncertainties. You can identify these statements by forward-looking words such as "anticipate," "believe," "could," "estimate," "expect," "intend," "may," "plan," "potential," "should," "will," "would" or similar words. You should read statements that contain these words carefully because they discuss our current plans, strategies, prospects and expectations concerning our business, operating results, financial condition and other similar matters. While we believe that these forward-looking statements are reasonable as and when made, there may be events in the future that we are not able to predict accurately or control, and there can be no assurance that future developments affecting our business will be those that we anticipate. Additionally, all statements concerning our expectations regarding future operating results are based on current forecasts for our existing operations and do not include the potential impact of any future acquisitions. The risk factors and other cautionary statements in this prospectus, any prospectus supplement and the documents we have incorporated by reference provide examples of risks, uncertainties and events that may cause our actual results to differ materially and adversely from the expectations we describe in our forward-looking statements. Additional factors or events that may emerge from time to time, or those that we currently deem to be immaterial, could cause our actual results to differ, and it is not possible for us to predict all of them. You are cautioned not to place undue reliance on the forward-looking statements contained herein. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. The following factors are among those that may cause actual results to differ materially and adversely from our forward-looking statements:

the timing and extent of any recovery of the currently depressed coal industry, domestically and internationally, and the impact of ongoing or further depressed industry conditions on our financial performance, liquidity and financial covenant compliance;

the prices we receive for our coal and logistics services, our ability to effectively execute our forward sales strategy, and changes in utility purchasing patterns resulting in decreased long term purchases of coal;

timing of reductions or increases in customer coal inventories;

our ability to renew sales contracts on favorable terms and to resolve customer requests for reductions or deferrals and respond to cancellations of their committed volumes on terms that preserve the amount and timing of our forecasted economic value;

the impact of increasingly variable and less predictable demand for thermal coal based on natural gas prices, summer cooling demand, winter heating demand, economic growth rates and other factors that impact overall demand for electricity;

our ability to efficiently and safely conduct our mining operations and to adjust our planned production levels to respond to market conditions and effectively manage the costs of our operations;

competition with other producers of coal with traders and re-sellers of coal, including the current oversupply of thermal coal in the marketplace, the impacts of currency exchange rate fluctuations and the strong U.S. dollar, and government environmental, energy and tax policies and regulations that make foreign coal producers more competitive for international transactions;

the impact of coal industry bankruptcies on our competitive position relative to other companies who may emerge from bankruptcy with potentially reduced leverage and operating costs;

Table of Contents

competition with natural gas, wind, solar and other non-coal energy resources, which may continue to increase as a result of low domestic natural gas prices and due to environmental, energy and tax policies, regulations, subsidies and other government actions that encourage or mandate use of alternative energy sources;

coal-fired power plant capacity and utilization, including the impact of climate change and other environmental regulations and initiatives, energy policies, political pressures, NGO activities, international treaties or agreements and other factors that may cause domestic and international electric utilities to continue to phase out or close existing coal-fired power plants, reduce or eliminate construction of any new coal-fired power plants, or reduce consumption of coal from the PRB;

the failure of economic, commercially available carbon capture technology to be developed and adopted by utilities in a timely manner;

the impact of "keep coal in the ground" campaigns and other well-funded, anti-coal initiatives by environmental activist groups and others targeting substantially all aspects of our industry;

our ability to offset declining U.S. demand for coal and achieve longer term growth in our business through our logistics revenue and export sales, including the significant impact of Chinese and Indian thermal coal import demand on overall seaborne coal prices;

railroad, export terminal and other transportation performance, costs and availability, including the availability of sufficient and reliable rail capacity to transport PRB coal, the development of future export terminal capacity and our ability to access capacity on commercially reasonable terms;

timing of reductions or increases in customer coal inventories;

weather conditions and weather-related damage that impact our mining operations, our customers, or transportation infrastructure;

operational, geological, equipment, permit, labor, weather-related and other risks inherent in surface coal mining;

future development or operating costs for our development projects;

our ability to successfully acquire coal and appropriate land access rights at economic prices and in a timely manner and our ability to effectively resolve issues with conflicting mineral development that may impact our mine plans;

the impact of asset impairment charges if required as a result of challenging industry conditions or other factors;

our plans and objectives for future operations and the development of additional coal reserves, including risks associated with acquisitions;

the impact of current and future environmental, health, safety, endangered species and other laws, regulations, treaties, executive orders, court decisions or governmental policies, or changes in interpretations thereof and third-party regulatory challenges, including additional requirements, uncertainties, costs, liabilities or restrictions adversely affecting the use,

SUMMARY

This summary highlights some of the information in this Prospectus. It may not contain all of the information that is important to you. You should read carefully this Prospectus in its entirety and the documents we incorporate by reference. We have included references to other portions of this Prospectus to direct you to a more complete description of the topics presented in this summary. Each undefined capitalized term used in this summary has the meaning set forth elsewhere in this Prospectus.

We refer to Cloud Peak Energy Inc. as "CPE Inc." or the "Parent Guarantor", Cloud Peak Energy Resources LLC as "CPE Resources" or the "Company," Cloud Peak Energy Finance Corp. as the "Co-issuer" and the Company and the Co-issuer together as the "Issuers." As used in this Prospectus, and unless otherwise indicated, "we," "us," and "our" and similar terms mean CPE Inc. and its subsidiaries, including the Issuers.

Our Company

We are one of the largest producers of coal in the United States of America ("U.S.") and the Powder River Basin ("PRB"), based on our 2015 coal sales. We operate some of the safest mines in the coal industry. According to the most current Mine Safety and Health Administration ("MSHA") data, we have one of the lowest employee all injury incident rates among the largest U.S. coal producing companies.

We currently operate solely in the PRB, the lowest cost region of the major coal producing regions in the U.S., where we own and operate three surface coal mines: the Antelope Mine, the Cordero Rojo Mine, and the Spring Creek Mine.

Our Antelope Mine and Cordero Rojo Mine are located in Wyoming and our Spring Creek Mine is located in Montana. Our mines produce subbituminous thermal coal with low sulfur content, and we sell our coal primarily to domestic electric utilities. Thermal coal is primarily consumed by electric utilities and industrial consumers as fuel for electricity generation. In 2015, the coal we produced generated approximately 3% of the electricity produced in the U.S. We do not produce any metallurgical coal. As of December 31, 2015, we controlled approximately 1.1 billion tons of proven and probable reserves.

In addition, we have two development projects. The Youngs Creek project, an undeveloped surface mine project in the Northern PRB region, is located in Wyoming, approximately 13 miles north of Sheridan, Wyoming, seven miles south of our Spring Creek Mine and seven miles from the mainline railroad, contiguous with the Wyoming-Montana state line. We have not been able to classify the Youngs Creek project mineral rights as proven and probable reserves as they remain subject to further exploration and evaluation based on market conditions. We also have an option to lease agreement and a corresponding exploration agreement with the Crow Tribe of Indians (the "Big Metal project"). The Big Metal project is located on the Crow Indian Reservation in southeast Montana and is near the Youngs Creek project. We are in the process of evaluating development options for the Youngs Creek project and the Big Metal project and believe that their proximity to the Spring Creek Mine represents an opportunity to optimize our mine developments in the Northern PRB. For purposes of this Prospectus, the term "Northern PRB" refers to the area within the PRB that lies within Montana and the northern part of Sheridan County, Wyoming.

THE OFFERING

The following is a brief summary of some of the terms of the notes. Certain of the terms described below are subject to important limitations and exceptions. See "Description of Notes" for a more detailed description of the terms of the notes.

Issuers	CPE Resources and the Co-issuer. CPE Resources is a wholly-owned subsidiary of CPE Inc. The Co-issuer is a wholly-owned subsidiary of CPE Resources and was incorporated in Delaware for the sole purpose of serving as co-obligor on certain indebtedness of CPE Resources. Investors in the notes should not expect the Co-issuer to have the ability to service the interest and principal obligations on the notes.
Securities Offered	The notes being offered by this prospectus are additional debt securities under an indenture pursuant to which we have previously issued in an exchange offer \$290.4 million in aggregate principal amount of our 12.00% Senior Secured Notes due 2021. The principal amount of any New Notes we issue will be specified in the prospectus supplement relating to that offering. The New Notes and the Existing 2021 Notes issued on October 17, 2016 will be treated as a single class of debt securities under the indenture.
Maturity Date Interest	November 1, 2021. The New Notes will bear interest at the rate of 12.00% per annum, payable semiannually on each May 1 and November 1, commencing on a date to be determined, to holders of record on the April 15 or October 15 immediately preceding the interest payment date. The New Notes will bear interest on overdue principal, and, to the extent lawful, pay interest on overdue interest, at 1% per annum higher than the rate otherwise applicable to the New Notes.
Guarantees	The New Notes will be jointly and severally guaranteed, on a second lien, secured basis, by CPE Inc. and all of our existing and future domestic restricted subsidiaries (other than the Co-issuer) that guarantee our debt under our credit agreement. See "Description of Notes Guarantees".
Security for the New Notes	The New Notes will be secured by second-priority liens on the collateral, subject to permitted liens and the terms of the intercreditor agreement and, if any of the Issuers and the guarantors incurs any <i>pari passu</i> secured debt, the <i>pari passu</i> second lien intercreditor agreement described herein. See "Description of Notes Security".

Table of Contents

First Lien/Second Lien Intercreditor Agreement

The collateral agent for the New Notes entered into a first lien/second lien intercreditor agreement with the Issuers, the guarantors of the New Notes and the administrative agent under the Credit Agreement, which governs the relationship of holders of the New Notes and holders of any other *pari passu* secured debt that we may issue in the future and the lenders under our Credit Agreement and holders of other first lien obligations with respect to collateral and certain other matters. Please read "Description of Notes Certain Intercreditor Provisions The First Lien/Second Lien Intercreditor Agreement."

Pari Passu Second Lien Intercreditor Agreement

In the event that any Issuer or guarantor of the New Notes incurs *pari passu* secured debt, the collateral agent for the New Notes will enter into a *pari passu* second lien intercreditor agreement with the representative with respect to such series of *pari passu* secured debt. The *pari passu* second lien intercreditor agreement will provide for, among other things, the relative rights and remedies of the second lien secured parties, as among themselves, with respect to the collateral. Please read "Description of Notes Certain Intercreditor Provisions Pari Passu Second Lien Intercreditor Agreement."

Ranking

The New Notes and the guarantees will be the issuers' and the guarantors' senior secured obligations and will:

rank equally in right of payment with the Issuers' and the guarantors' respective existing and future senior debt;

rank senior in right of payment to all of the Issuers' and the guarantors' respective future subordinated debt;

be effectively senior to all existing and future unsecured senior debt of the Issuers to the extent of the value of the collateral, after giving effect to any senior lien on the collateral;

be effectively junior, to the extent of the value of the collateral, to CPE Resources' obligations under our secured revolving credit facility and any other first lien obligations, which will be secured on a first-priority basis by liens on the collateral;

be effectively junior to any secured debt of CPE Resources, the Co-Issuer or any of our subsidiaries that is secured by liens on assets other than the collateral, to the extent of the value of such assets; and

be structurally subordinated to all of the existing and future debt or other liabilities, including trade payables, of any of our subsidiaries that do not guarantee the New Notes.

Table of Contents

As of September 30, 2016, the Issuers and the guarantors would have had approximately \$416.2 million of total debt outstanding on an adjusted basis after giving effect to the Exchange Offers (as defined herein).

At December 31, 2015, the entities that will not guarantee the notes represented less than 3% of CPE Inc.'s consolidated assets and less than 4% of CPE Inc.'s consolidated liabilities. The New Notes and each New Notes guaranty will be structurally subordinated to all of the existing and future debt or other liabilities, including trade payables, of any of our subsidiaries that do not guarantee the New Notes.

Optional Redemption

The Issuers may redeem all or part of the New Notes at the redemption prices set forth under "Description of Notes Optional Redemption" on or after November 1, 2018, plus accrued and unpaid interest to the redemption date.

Prior to November 1, 2018, the Issuers may on one or more occasions redeem up to 35% of the aggregate principal amount of the New Notes at a redemption price equal to 112% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, but in an amount not greater than the net cash proceeds of certain equity offerings.

In addition, prior to November 1, 2018, the Issuers may redeem some or all of the New Notes at a redemption price equal to 100% of the principal amount of the New Notes to be redeemed plus a "make-whole" premium, plus accrued and unpaid interest to the redemption date.

Change of Control Offer

Upon the occurrence of certain change of control events, we will be required to offer to purchase each holder's notes at a price equal to 101% of the principal amount, plus accrued and unpaid interest to the purchase date. For more details, see "Description of Notes Certain Covenants Repurchase of Notes Upon a Change of Control".

Certain Covenants

The indenture governing the New Notes, among other things, limits CPE Inc.'s ability and the ability of its restricted subsidiaries (including CPE Resources) to:

incur additional indebtedness and issue preferred equity;

pay dividends or distributions;

repurchase equity or repay the Existing 2021 Notes or subordinated indebtedness;

make certain investments or certain other restricted payments;

create liens to secure debt;

sell assets;

Table of Contents

enter into agreements that restrict dividends, distributions or other payments from restricted subsidiaries;

enter into transactions with affiliates; and

consolidate, merge or transfer all or substantially all of our assets. These covenants are subject to a number of important qualifications and exceptions. See "Description of Notes Certain Covenants". Certain covenants will cease to apply to the New Notes if the New Notes achieve investment grade ratings from both Moody's Investors Service, Inc. ("Moody's") and S&P Global Ratings ("Standard & Poor's") and no default has occurred and is continuing under the indenture. See "Description of Notes Termination of Covenants".

RISK FACTORS

An investment in our securities involves risks. Before you invest in our securities, you should carefully consider the risk factors included in CPE Inc.'s Annual Report on Form 10-K for the fiscal year ended December 31, 2015, CPE Inc.'s subsequent Quarterly Reports on Form 10-Q and in any other subsequent filings made by CPE Inc. with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, and those that may be included in the applicable prospectus supplement, as well as risks described in "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Cautionary Note Regarding Forward-Looking Statements" included or incorporated by reference herein, together with all of the other information included in this prospectus, any prospectus supplement and the documents we incorporate by reference.

If any of these risks were to materialize, our business, results of operations, cash flows and financial condition could be materially adversely affected. In that case, our ability to make distributions to our stockholders or pay interest on, or the principal of, the notes, may be reduced, the trading price of our securities could decline and you could lose all or part of your investment.

Risks Related to the Notes

Our Credit Agreement provides an important source of our overall liquidity. Because the Second Amendment did not change its February 2019 maturity, we will need to extend or replace the Credit Agreement before its maturity and may need to first address our significant obligations coming due in 2019 and thereafter. If we are unable to successfully extend or replace the Credit Agreement in a timely manner, our future financial condition and liquidity may be materially adversely affected.

On September 9, 2016, CPE Resources entered into the Second Amendment (the "Second Amendment") to our existing revolving credit agreement with PNC Bank, National Association, as administrative agent, and a syndicate of lenders (as amended, the "Credit Agreement") which, among other things, replaced quarterly EBITDA-based financial covenants that previously required us to (a) maintain defined minimum levels of interest coverage and (b) comply with a maximum net secured debt leverage ratio, with a new monthly minimum liquidity covenant that requires us to maintain liquidity of not less than \$125 million as of the last day of each month. The Second Amendment also reduced the maximum borrowing capacity under the Credit Agreement to \$400 million from the previous maximum capacity of \$500 million.

The Second Amendment, however, did not change the maturity of the Credit Agreement, which remains February 21, 2019. As a result, we will need to extend or replace the Credit Agreement before its maturity to ensure we maintain sufficient liquidity for our business.

On October 17, 2016, we completed offers to exchange (the "Exchange Offers"), of a substantial portion of our outstanding 8.50% Senior Notes due 2019 (the "2019 Notes") and 6.375% Senior Notes due 2024 (the "2024 Notes") for the Existing 2021 Notes and, in some cases, cash consideration, subject to the terms and conditions of the Exchange Offers. The 2019 Notes not tendered in the Exchange Offers continue to be due at their stated maturity in December 2019, which could negatively impact our ability to extend or replace our Credit Agreement prior to its February 2019 maturity.

Our ability to timely extend or replace our Credit Agreement in a sufficient amount, for a sufficient term and on commercially reasonable terms, or at all, may be adversely impacted by numerous other factors, including, for example, the remaining portion of the 2019 Notes, our ability to address our logistics take-or-pay exposure, our overall financial condition, results and financial projections, the amount and timing of our other obligations and liquidity needs, coal industry conditions in the U.S. and globally, investor sentiment toward the coal industry, the availability of credit and impact of anti-fossil fuel loan and investment restrictions imposed by traditional sources of

Table of Contents

credit and capital, general debt and capital markets conditions, U.S. and global economic conditions and other factors and circumstances existing at that time.

If we are unable to successfully extend or replace our Credit Agreement in a timely manner due to any of these or other factors, our future financial condition and liquidity may be materially adversely affected.

We require a significant amount of cash to service our indebtedness. Our ability to generate cash depends on many factors beyond our control.

Our ability to make payments on and to refinance our indebtedness, including the New Notes, and to fund planned capital expenditures depends on our ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control.

We cannot assure you that we will generate sufficient cash flow from operations or that future borrowings will be available to us under our Credit Agreement (as defined below) or otherwise in an amount sufficient to enable us to pay our indebtedness, including the New Notes, or to fund our other liquidity needs. We may need to refinance all or a portion of our indebtedness, including the New Notes, at or before maturity. We cannot assure you that we will be able to refinance any of our indebtedness, including our Credit Agreement and the New Notes, on commercially reasonable terms or at all.

We have a substantial amount of indebtedness which could adversely affect our financial position and prevent us from fulfilling our obligations under the New Notes.

After giving effect to the Exchange Offers, the Issuers and the guarantors would have had approximately \$416.2 million of total debt outstanding as of September 30, 2016 on an as adjusted basis after giving effect to the Exchange Offers. As of September 30, 2016 and November 28, 2016, no borrowings and \$71.3 million and \$67.5 million, respectively, of letters of credit were outstanding under the Credit Agreement. As of September 30, 2016, the A/R Securitization Program would have allowed for \$29.5 million of borrowing capacity. See "Description of Other Indebtedness". We also have other significant obligations, including lease and royalty obligations related to our federal coal leases, and surety bonds to secure the performance of our reclamation and mine closure obligations.

Our outstanding indebtedness could have important consequences to us, such as:

limiting our ability to obtain additional financing to fund growth, such as mergers and acquisitions, working capital, capital expenditures, debt service requirements, federal coal LBA payments or other cash requirements;

requiring much of our cash flow to be dedicated to interest obligations and making it unavailable for other purposes;

with respect to any indebtedness under the Credit Agreement or other variable rate debt, exposing us to the risk of increased interest costs if the underlying interest rates rise on our variable rate debt;

limiting our ability to invest operating cash flow in our business (including to obtain new LBAs or make capital expenditures) due to debt service requirements;

causing us to need to sell assets and properties at an inopportune time;

limiting our ability to compete effectively with companies that are not as leveraged and that may be better positioned to withstand economic downturns; including competitors who may become less leveraged when they emerge from bankruptcy;

Table of Contents

limiting our ability to acquire new coal reserves and/or LBAs and plant and equipment needed to conduct operations

limiting our flexibility in planning for, or reacting to, and increasing our vulnerability to, changes in our business, the industry in which we operate and general economic and market conditions; and

a downgrade in our credit ratings, which could increase the cost of further borrowings and negatively impact our available liquidity.

In addition to incurrence covenants similar to those for the New Notes, our Credit Agreement includes a minimum liquidity requirement. Due to our substantial indebtedness and the sustained downturn in the coal industry, it may be difficult for us to comply with this requirement. This restriction could limit our ability to plan for or react to market conditions or meet extraordinary capital needs or otherwise restrict corporate activities.

In addition to the principal repayments on outstanding debt, we have other demands on our cash resources, including significant maintenance and other capital expenditures, including LBAs, and operating expenses. Our ability to make our required debt payments depends upon our operating performance. In particular, economic conditions could cause revenue to decline and hamper our ability to repay indebtedness. If we do not have enough cash to satisfy our debt service obligations, we may be required to refinance all or part of our debt, sell assets, limit certain capital expenditures, including future LBAs, or reduce spending, or CPE Inc. may be required to issue equity. We may not be able to, at any given time, refinance our debt or sell assets, and CPE Inc. may not be able to, at any given time, issue equity, in either case on acceptable terms or at all.

In addition, failure to comply with any of the covenants in our existing or future debt instruments could have serious consequences to our financial condition or result in a default under those debt instruments and under other agreements containing cross-default provisions. A default would permit lenders to accelerate the maturity of the debt under these debt instruments and to foreclose upon any collateral securing the debt. Furthermore, an event of default or an acceleration under one of our debt instruments could also cause a cross-default or cross-acceleration of another debt instrument or contractual obligation, which would adversely impact our liquidity. Under these circumstances, we might not have sufficient funds or other resources to satisfy all of our obligations, including our obligations under the notes. We may not be granted waivers or amendments to these debt instruments if for any reason we are unable to comply with these debt instruments, and we may not be able to refinance our debt on terms acceptable to us, or at all.

We may be able to incur substantially more debt. This could exacerbate the risks associated with our substantial indebtedness.

The Issuers and the guarantors of the notes may be able to incur substantially more debt in the future. Although the indenture and our Credit Agreement contain or will contain restrictions on our incurrence of additional indebtedness, these restrictions are subject to a number of qualifications and exceptions and, under certain circumstances, indebtedness incurred in compliance with these restrictions could be substantial. We are able to incur up to \$400 million (subject to reduction by the amount of our letters of credit) in total indebtedness under our Credit Agreement, which would be effectively senior to the notes and the guarantees thereof to the extent of the value of the assets securing such indebtedness. We may also incur additional indebtedness under our A/R Securitization Program. Moreover, these restrictions do not prevent us from incurring obligations that do not constitute indebtedness. To the extent new debt or new obligations are added to our current levels, the risks described above could substantially increase, and we may not be able to meet all of our debt obligations, including the repayment of the notes, in whole or in part.

Table of Contents

Accounts receivable transferred pursuant to our accounts receivable securitization program will not be available to satisfy any claims of holders of the notes.

Certain of our subsidiaries are parties to an accounts receivable securitization program (the "A/R Securitization Program"). In January 2013, we formed Cloud Peak Energy Receivables LLC, a special purpose, bankruptcy-remote wholly-owned subsidiary to purchase, subject to certain exclusions, in a true sale, trade receivables generated by certain of our subsidiaries without recourse (other than customary indemnification obligations for breaches of specific representations and warranties), and then transfer undivided interests in up to \$75.0 million of those accounts receivable to a financial institution for cash borrowings for our ultimate benefit. The total borrowings are limited by eligible accounts receivable, as defined under the terms of the A/R Securitization Program. The A/R Securitization Program will terminate on January 23, 2018. As of September 30, 2016, the A/R Securitization Program would have allowed for \$29.5 million of borrowing capacity. There were no borrowings outstanding under the A/R Securitization Program as of September 30, 2016. Because Cloud Peak Energy Receivables LLC will not guarantee the notes, the accounts receivable transferred pursuant to the A/R Securitization Program will not be available to satisfy any claims of holders of the notes.

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require debtholders to return payments received or prevent debtholders from receiving payments.

If the Issuers or a guarantor of the notes becomes a debtor in a case under the U.S. Bankruptcy Code or encounters other financial difficulty, under federal bankruptcy law and comparable provisions of state fraudulent transfer laws, a court may void, subordinate or otherwise decline to enforce the notes, a guarantee may be voided, or claims in respect of a guarantee may be subordinated to all other debts of that guarantor. The guarantees may be voided as fraudulent transfers if the guarantor, at the time it incurred the indebtedness evidenced by its guarantee, received less than reasonably equivalent value or fair consideration for the incurrence of such guarantee; and

was insolvent or rendered insolvent by reason of such incurrence; or

was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital;
or

intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

The court might also avoid such guarantee, without regard to the above factors, if it found that the guarantor entered into its guarantee with actual or deemed intent to hinder, delay, or defraud its creditors. A court would likely find that a guarantor did not receive reasonably equivalent value or fair consideration for its guarantee and security agreements if the guarantor did not substantially benefit directly or indirectly from the issuance of the notes. Because the guarantees are for the Issuers' benefit and only indirectly for the benefit of the guarantors, a court could conclude that the guarantors received less than fully equivalent value.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets; or

if the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

Table of Contents

We cannot assure you as to what standard a court would apply in making these determinations or that a court would agree with our conclusions in this regard. Sufficient funds to repay the notes may not be available from other sources, including CPE Inc. or the remaining guarantors, if any. If a court avoided such guarantee, you would no longer have a claim against such guarantor or the collateral granted by such guarantor to secure its guarantee. In addition, the court might direct you to repay any amounts already received from such guarantor. If the court were to avoid any guarantee, we cannot assure you that funds would be available to pay the related indebtedness from another guarantor or from any other source.

In the event of our bankruptcy, the ability of holders of the notes to realize upon the collateral will be subject to certain bankruptcy law limitations.

The ability of holders of notes to realize upon the collateral will be subject to certain bankruptcy law limitations in the event of our bankruptcy. Under applicable U.S. federal bankruptcy laws, secured creditors are prohibited from, among other things, repossessing their security from a debtor in a bankruptcy case, or from disposing of security repossessed from such a debtor, without bankruptcy court approval, which may not be obtained. Moreover, applicable federal bankruptcy laws generally permit the debtor to continue to retain collateral, including cash collateral, even though the debtor is in default under the applicable debt instruments, provided that the secured creditor is given "adequate protection." During the pendency of a bankruptcy case, a secured creditor may be entitled to request "adequate protection" to protect the value of the secured creditor's interest in its collateral, but the adequate protection, if any, actually provided to a secured creditor may vary according to the circumstances. Adequate protection may include cash payments or the granting of additional security. Following notice and a hearing, the bankruptcy court may award adequate protection to secured creditors based upon diminution in value of the collateral as a result of the debtor's use, sale or lease of such collateral during the pendency of the bankruptcy case or the imposition of the automatic stay. In view of the lack of a precise definition of the term "adequate protection" and the broad discretionary powers of a U.S. bankruptcy court, we cannot predict whether or when the collateral and administrative agent under the indenture governing the notes could foreclose upon or sell the collateral.

Any disposition of the collateral during a bankruptcy case would also require permission from the bankruptcy court. Furthermore, in the event a bankruptcy court determines the value of the collateral is not sufficient to repay all amounts due on debt which is to be repaid first out of the proceeds of collateral, the holder would hold a secured claim to the extent of the value of such collateral to which the holder is entitled and unsecured claims with respect to such shortfall. The Bankruptcy Code only permits the payment and accrual of post-petition interest, costs and attorney's fees to a secured creditor during a debtor's bankruptcy case to the extent the value of its collateral is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the collateral.

You are responsible for determining the legality of your own investment.

Investing in the notes may raise legal issues for different classes of investors. You are responsible for determining whether you have the legal power, authority and right to invest in the notes. CPE Inc. and its affiliates express no view as to your legal power, authority or right to invest in the notes. You are urged to consult your own legal advisors as to such matters.

We may be unable to repurchase notes in the event of a change of control.

Upon the occurrence of a change of control event, we will be required to offer to purchase the notes at 101% of their principal amount plus accrued and unpaid interest to the date of purchase. If a purchase offer obligation arises under the notes indenture, a change of control would have occurred

Table of Contents

under the indenture for our other outstanding 2019 Notes and 2024 Notes and could have occurred under the terms of our other debt, including our Credit Agreement, which could result in the acceleration of the indebtedness outstanding thereunder. Any of our future debt agreements may contain similar restrictions and provisions. If a purchase offer were required under the notes indenture, we may not have sufficient funds to pay the purchase price of all debt, including the notes, that we are required to purchase or repay.

In addition, the terms of other existing or future debt may prevent us from paying you. Our failure to repurchase tendered notes or to make payments upon the exercise of the holders' option to require repurchase of the notes in the event of certain change of control events would constitute an event of default under the notes indenture, which in turn would constitute a default under our Credit Agreement. Also, the occurrence of a change of control would also constitute an event of default under our Credit Agreement. Any default under our Credit Agreement would result in a default under the notes indenture if the lenders accelerate the debt under our Credit Agreement.

The covenants in the notes indenture impose, and covenants contained in agreements governing our other indebtedness impose, restrictions that may limit our operating and financial flexibility.

The notes indenture contains a number of significant restrictions and covenants that limit our ability and the ability of our restricted subsidiaries to:

incur liens and indebtedness or provide guarantees in respect of obligations of any other person;

pay dividends or make distributions on our equity interests;

make redemptions and repurchases of our equity interests;

make loans and other investments;

prepay, redeem or repurchase our other outstanding 2019 Notes and 2024 Notes and subordinated indebtedness;

engage in mergers, consolidations and asset dispositions;

engage in affiliate transactions; and

restrict distributions from certain subsidiaries.

Our outstanding 2019 Notes and 2021 Notes and our Credit Agreement also contain multiple restrictions and covenants. Further, our future indebtedness may contain covenants more restrictive in certain respects than the restrictions contained in the notes indenture and our Credit Agreement. If our indebtedness is in default for any reason, our business, financial condition and results of operations could be materially and adversely affected. In addition, complying with these covenants may also cause us to take actions that are not favorable to holders of the notes and may make it more difficult for us to successfully execute our business strategy and compete against companies who are not subject to such restrictions.

Risks Related to the Collateral Securing the Notes

It may be difficult to realize the value of the collateral securing the Notes.

The collateral securing the notes will be subject to any and all exceptions, defects, encumbrances, liens and other imperfections as may be accepted by the administrative agent, in its reasonable discretion, for the notes and any other creditors that also have the benefit of liens on the collateral securing the notes from time to time, whether on or after the date the notes are issued (including exceptions, defects, encumbrances, liens and other imperfections as may be accepted by the administrative agents or collateral agent, in their reasonable discretion, under our

existing Credit

Table of Contents

Agreement). We have not analyzed the effect of, nor participated in any negotiations relating to, such exceptions, defects, encumbrances, liens and other imperfections. The existence of any such exceptions, defects, encumbrances, liens and other imperfections could adversely affect the value of the collateral securing the notes as well as the ability of the collateral agent, to realize or foreclose on such collateral.

The collateral securing the notes will not include all of the Issuers' or the guarantors' assets. The value of the collateral at any time will depend on market and other economic conditions, including the availability of suitable buyers. By their nature, some or all of the pledged assets may be illiquid and may have no readily ascertainable market value. The fair market value of the collateral as of any date may not exceed the principal amount of the debt secured thereby. The value of the assets pledged as collateral for the notes could be impaired in the future as a result of changing economic conditions, our failure to implement our business strategy, competition and other future trends. Any claim for the difference between the amount, if any, realized from the sale of the collateral will rank equal in right of payment with all of our other unsecured unsubordinated indebtedness and other obligations, including trade payables. Additionally, in the event that a bankruptcy case is commenced by or against us, if the value of the collateral is less than the amount of principal and accrued and unpaid interest on the notes and our first lien obligations, including the debt under our Credit Agreement, interest may cease to accrue on the notes from and after the date the bankruptcy petition is filed.

In the future, the obligation to grant additional security over assets, or a particular type or class of assets, whether as a result of the acquisition or creation of future assets or subsidiaries, the designation of a previously unrestricted subsidiary or otherwise, is subject to the Credit Agreement and related security documents. These agreements set out a number of limitations on the rights of the lenders under the Credit Agreement to require assets to be pledged as collateral in certain circumstances, which may result in, among other things, the amount recoverable under any security provided by us or any guarantor being limited and/or security not being granted over a particular type or class of assets. Accordingly, this may affect the value of the security provided by us and the guarantors.

The security interest of the collateral agent will be subject to practical problems generally associated with the realization of security interests in collateral. For example, the collateral agent may need to obtain the consent of a third party to obtain or enforce a security interest in a contract. We cannot assure you that the collateral agent will be able to obtain any such consent. We also cannot assure you that the consents of any third parties will be given when required to facilitate a foreclosure on such assets. Accordingly, the collateral agent may not have the ability to foreclose upon those assets, and the value of the collateral may significantly decrease.

The imposition of certain permitted liens will cause the assets on which such liens are imposed to be excluded from the collateral securing the notes and the guarantees. There are also certain other assets that are also excluded from the collateral.

The collateral securing the notes may be subject to existing permitted liens. The notes Indenture (as well as our other debt agreements) also will permit liens in favor of third parties to secure additional debt, including purchase money indebtedness and capitalized lease obligations, and any assets subject to such liens will be automatically excluded from the collateral securing the notes to the extent the agreements governing such indebtedness prohibit additional liens. In addition, certain categories of assets, such as vehicles or other assets subject to certificates of title, assets of any non-guarantor subsidiary and capital stock or other securities of any of our unrestricted and foreign subsidiaries (except for 66% of the capital stock or other securities in any first-tier foreign subsidiaries), are excluded from the collateral securing the notes. If an event of default occurs and our payment obligations with respect to the notes are accelerated, the notes will rank equally in right with the holders of other unsubordinated and unsecured indebtedness and other liabilities of the relevant entity with respect to such excluded assets. As a result, if the value of the assets securing the notes (taking into account any secured indebtedness with a prior security interest on such asset) is less than the

Table of Contents

aggregate amount of the claims of the holder, the holder may not receive any substantial recovery from the excluded assets.

The notes will be secured by liens that rank junior to the liens securing our senior secured revolving credit facility.

On September 9, 2016, CPE Resources entered into the Second Amendment to our Credit Agreement. The Credit Agreement has a capacity of up to \$400 million that can be used to borrow funds or issue letters of credit. The borrowing capacity under the Credit Agreement is reduced by the amount of letters of credit issued, which may be up to \$250 million. The Second Amendment replaced the quarterly EBITDA-based financial covenants that previously required us to (a) maintain defined minimum levels of interest coverage and (b) comply with a maximum net secured debt leverage ratio, with a new monthly minimum liquidity covenant that requires us to maintain liquidity of not less than \$125 million as of the last day of each month. As of September 30, 2016, we had \$358.2 million of liquidity. Liquidity under the Credit Agreement's minimum liquidity covenant includes cash and cash equivalents and amounts available under both the Credit Agreement and A/R Securitization Program. As of September 30, 2016, no borrowings and \$71.3 million of letters of credit were outstanding under the Credit Agreement.

The notes will be secured by liens that rank junior in priority to the liens securing our senior secured revolving credit facility pursuant to the Credit Agreement. The effect of this subordination is that upon a default in payment on, or the acceleration of, any obligations under the Credit Agreement, or in the event of our bankruptcy, insolvency, liquidation, dissolution, reorganization or similar proceeding, the proceeds on the sale of the collateral will be available to pay holders of the notes only after all obligations under the Credit Agreement have been paid in full. As a result, if the value of the proceeds on the sale of the collateral is less than the value of the claims of the holders of the notes, those claims may not be satisfied in full.

The collateral agent for the notes will not control decisions regarding the collateral even after repayment in full of our existing loans.

The holders of the notes will be governed by, and materially limited by, an intercreditor agreement. The holders of first priority lien obligations will control substantially all matters related to the collateral. As a result, the collateral agent for the first priority lien obligations could decide not to proceed against the collateral, regardless of whether or not there is a default under the Credit Agreement. In such event, the only remedy available to holders of the notes would be to sue for payment on the notes and the guarantees. In addition, the holders of the notes will waive a number of other important rights that would otherwise accrue to a secured creditor in bankruptcy, including the right to seek adequate protection and to object to debtor-in-possession financings.

Your rights in the collateral may be adversely affected by the failure to perfect security interests in collateral.

Applicable law provides that a security interest in certain tangible and intangible assets can be properly perfected and its priority retained only through certain actions undertaken by the secured party. The liens securing the notes may not be perfected if the collateral agent is not able to take the actions necessary to perfect any of these liens at or prior to the date of the notes Indenture. In addition, applicable law provides that certain property and rights acquired after the grant of a general security interest, such as real property, equipment subject to a certificate and certain proceeds, can only be perfected at the time such property and rights are acquired and identified. The Issuers and the guarantors will have limited obligations to perfect the lenders' security interest in specified collateral. There can be no assurance that the collateral agent for the notes will monitor the future acquisition of property and rights that constitute collateral, and that the necessary action will be taken to properly perfect the security interest in such after-acquired collateral. Neither the Trustee nor the collateral

Table of Contents

agent for the notes will have any obligation to monitor the acquisition of additional property or rights that constitute collateral or the perfection of any security interest or to take any actions to perfect or maintain the perfection of the security interest. Such failure may result in the loss of the security interest in the collateral or the priority of the security interest in favor of the notes against third parties.

Security over all of the collateral may not be in place upon the date of issuance of the notes.

Certain security interests may not be in place on the date of the issuance of the notes or may be not perfected on such date. For example, with respect to collateral perfected by mortgages, we will not be required to deliver and record such mortgages until the date that is 90 days after the date of the issuance of the notes. Any issues that we are unable to resolve in connection with the recordation of such security interests may negatively impact the value of the collateral. To the extent a security interest in certain collateral is perfected following the date of issuance of the notes, it might be avoidable in bankruptcy.

If the Issuers or any guarantor were to become subject to a bankruptcy proceeding after the date of the issuance of the notes, any mortgage delivered after the issue date of the notes would face a greater risk of being invalidated than if we had delivered it at the issue date. If a mortgage is delivered after the issue date, it will be treated under bankruptcy law as if it were delivered to secure previously existing debt, which is materially more likely to be avoided as a preference by the bankruptcy court than if the mortgage were delivered and promptly recorded at the time of the issuance of the notes. To the extent that the grant of any such mortgage is avoided as a preference, you would lose the benefit of the security interest in the core property that the mortgage was intended to provide.

There are circumstances, other than repayment or discharge of the notes, under which the collateral securing the notes and guarantees will be released automatically, without your consent.

Under various circumstances, all or a portion of the collateral may be released. In addition, a subsidiary guarantee of the notes will be released in connection with a release of such guarantee under our Credit Agreement or in connection with a sale or merger of the applicable guarantor in a transaction not prohibited by the notes Indenture.

The notes Indenture also permits CPE Inc. to designate one or more of its restricted subsidiaries that is a guarantor of the notes as an unrestricted subsidiary. If CPE Inc. designates a subsidiary guarantor as an unrestricted subsidiary, all of the liens on any collateral owned by such subsidiary or any of its subsidiaries and any guarantees of the notes by such subsidiary or any of its subsidiaries will be released under the indenture. Designation of an unrestricted subsidiary will reduce the aggregate value of the collateral securing the notes to the extent that liens on the assets of the unrestricted subsidiary and its subsidiaries are released. In addition, the creditors of the restricted subsidiary and its subsidiaries will have a senior claim on the assets of such unrestricted subsidiary and its subsidiaries.

No title insurance reports or policies will be delivered to the collateral agent in connection with the mortgages securing the notes. There will be no independent assurance, therefore, among other things, that there are no liens other than those permitted by the indenture encumbering such real properties.

No title insurance will be obtained with respect to the mortgaged properties securing the notes. As a result, there is and will be no independent assurance that, among other things, (i) the real property interests encumbered by the mortgages includes all of the property interests owned by us and our subsidiaries that we intended to include, (ii) that our title (or that of our subsidiaries) to such owned real property interests is not encumbered by liens and other defects not permitted by the indenture and (iii) no unpaid taxes, encroachments, adverse possession claims, zoning or other restrictions exist with respect to such owned real property interests which could result in a material adverse effect on the

Table of Contents

value or utility of such owned real property interests. Consequently, one or more of the mortgages securing the notes may need to be amended in the future in the event a discrepancy in the description of the real estate is discovered and/or we may need to take remedial action to resolve other matters that are disclosed by current title and lien searches.

State law may limit the ability of the collateral agent to foreclose on real property and improvements included in the collateral securing the notes.

The notes will be secured by, among other things, liens on real property and improvements located in various states. State laws may limit the ability of the collateral agent to foreclose on the improved real property collateral located therein. State laws govern the perfection, enforceability and foreclosure of mortgage liens against real property which secure debt obligations such as the notes. These laws may impose procedural requirements for foreclosure different from and necessitating a longer time period for completion than the requirements for foreclosure of security interests in personal property. In particular, while some states permit real property foreclosures to be conducted by what is referred to as a "power of sale", which is a more expedited foreclosure procedure, other states require that real property be foreclosed via judicial action, which can be costly and time-consuming.

Debtors may have the right to reinstate defaulted debt (even if it has been accelerated) before the foreclosure date by paying the past due amounts and a right of redemption after foreclosure. Governing law may also impose security first and one form of action rules, which rules can affect the ability to foreclose or the timing of foreclosure on real and personal property collateral securing the notes regardless of the location of the collateral securing the notes and may limit the right to recover a deficiency following a foreclosure. Some states also have so-called "anti-deficiency" laws, whereby an obligor can request that a court determine the fair market value of the foreclosed real property and, if the foreclosure price is lower than such fair market value, the obligor is entitled to claim an offset in the deficiency.

The collateral agent for the notes also may be limited in its ability to enforce a breach of the "no liens" covenant. Some decisions of certain state courts have placed limits on a lender's ability to accelerate debt as a result of a breach of this type of a covenant. Under these decisions, a lender seeking to accelerate debt secured by real property upon breach of covenants prohibiting the creation of certain junior liens or leasehold estates may need to demonstrate that enforcement is reasonably necessary to protect against impairment of the lender's security or to protect against an increased risk of default. Although the foregoing court decisions may have been preempted, at least in part, by certain federal laws, the scope of such preemption, if any, is uncertain. Accordingly, a court could prevent the collateral agent for the notes from declaring a default and accelerating the notes by reason of a breach of this covenant, which could have a material adverse effect on the ability of holders of the notes to enforce the covenant.

The collateral is subject to casualty risks.

Although we maintain insurance policies to insure against losses, there are certain losses that may be either uninsurable or not economically insurable, in whole or in part. As a result, it is possible that the insurance proceeds will not compensate us fully for our losses in the event of a catastrophic loss. We cannot assure you that any insurance proceeds received by us upon the total or partial loss of the pledged collateral will be sufficient to satisfy all of our secured obligations, including the notes.

In the event of a total or partial loss to any of the pledged collateral, certain items such as equipment, fixtures and other improvements and inventory may not be easily replaced. Accordingly, even though there may be insurance coverage, the extended period needed to manufacture or construct replacement of such items could cause significant delays.

Table of Contents

Any future pledge of collateral might be avoidable in bankruptcy.

Any future pledge of collateral in favor of the collateral agent might be avoidable by the pledgor (as debtor-in-possession) or by its trustee in bankruptcy if certain events or circumstances exist or occur, including, among others, if the pledgor is insolvent at the time of the pledge, the pledge will permit the holders of the notes to receive a greater recovery than if the pledge had not been given and a bankruptcy proceeding in respect of the pledgor is commenced within 90 days following the pledge or, in certain circumstances, a longer period.

We may incur additional debt that is secured by the collateral for the notes on a senior or parity lien basis, which may dilute the security interest of the holders in the collateral.

The notes Indenture allows us to secure any debt that we are permitted to incur on a parity lien basis with an equal and ratable security interest in the collateral securing the notes offered hereby. In addition, our Credit Agreement permits us to incur additional debt secured by first priority liens on the collateral securing the notes. These liens will rank senior to the liens securing the notes. In addition, the terms of the notes will permit us, subject to certain limitations, to incur additional secured debt ranking equally with, or senior to, the liens securing the notes. To the extent any additional senior or parity liens are granted in the future, it will dilute the interests of the notes in the collateral.

The security over the collateral will not be granted directly to the holders of the notes.

The security interests in the collateral that will secure the obligations of the Issuers and the guarantors under the notes will not be granted directly to the holders of such indebtedness but will be granted only in favor of the collateral agent on behalf of the holders of the notes. As a consequence, the holders of the notes will not be entitled to take enforcement action in respect of the collateral, except through the collateral agent.

USE OF PROCEEDS

Unless we specify otherwise in any prospectus supplement, we will use the net proceeds (after the payment of offering expenses and underwriting discounts and commissions) from our sale of securities for general corporate purposes, which may include, among other things:

paying or refinancing all or a portion of our indebtedness outstanding at the time; and

funding working capital, capital expenditures or acquisitions (which may consist of acquisitions of discrete assets or businesses).

The actual application of proceeds from the sale of any particular offering of securities using this prospectus will be described in the applicable prospectus supplement relating to such offering. The precise amount and timing of the application of these proceeds will depend upon our funding requirements and the availability and cost of other funds.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The ratio of earnings to fixed charges for each of the periods indicated is as follows:

	Nine Months Ended September 30, 2016	2015	Year Ended December 31,			
		2014	2013	2012	2011	
Ratio of earnings to fixed charges, CPE Inc.	1.0x	3.2x	1.6x	3.5x	3.0x	

For purposes of calculating the ratio of earnings to fixed charges, earnings were calculated by adding (i) earnings from continuing operations, (ii) interest expense, net, including the portion of rents representative of an interest factor, (iii) amortization of debt issue costs and capitalized interest, (iv) distributions from equity investments and (v) capitalized interest. Fixed charges consist of interest expense, net, amortization of debt issue costs, and the portions of rents representative of an interest factor. Earnings for 2015 were inadequate to cover fixed charges by \$118.1 million. To date, we have not issued any preferred stock. Therefore, the ratio of earnings to combined fixed charges and preferred share distribution requirements is the same as the ratio of earnings to fixed charges presented above.

DESCRIPTION OF THE NOTES

In this "Description of the Notes," the "Company" refers only to Cloud Peak Energy Resources LLC and any successor obligor, and not to any of its subsidiaries, "Co-issuer" refers to Cloud Peak Energy Finance Corp. and not to any of its subsidiaries, and "Issuers" refers to both of the Company and the Co-issuer. The term "New Notes" refers to the Issuers' notes being offered hereby. You can find the definitions of certain other terms used in this description under " Certain Definitions."

On October 17, 2016, the Issuers completed their offers to exchange for \$290,366,000 aggregate principal amount of 12.00% Second Lien Senior Secured Notes due 2021 (the "Existing 2021 Notes" and, together with the New Notes, the "notes") under the indenture dated as of October 17, 2016 (the "indenture") among the Issuers, the Guarantors, and Wilmington Trust, National Association, as trustee and collateral agent.

The Issuers will issue the New Notes as additional notes having the same terms in all respects as the Existing 2021 Notes (except that no interest shall accrue on the New Notes prior to the Issue Date) under the indenture. The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939 (the "Trust Indenture Act"). Only registered holders of notes will have rights under the indenture, and all references to "holders" or "noteholders" in the following description are to registered holders of notes.

The Issuers will be jointly and severally liable for all obligations under the notes. The Co-issuer is a Wholly Owned Subsidiary of the Company that was incorporated in Delaware in 2009 as a special purpose finance subsidiary to facilitate the offering of the Existing 2021 Notes and certain other debt securities of the Company. The Company believes that some prospective purchasers of the notes may be restricted in their ability to purchase debt securities of partnerships or LLCs such as the Company unless the securities are jointly issued by a corporation. The Co-issuer will not have any substantial operations or assets and will not have any revenues. Accordingly, you should not expect the Co-issuer to participate in servicing the principal and interest obligations on the notes.

The following description is a summary of the material provisions of the indenture, the notes, the First Lien/Second Lien Intercreditor Agreement, the Pari Passu Second Lien Intercreditor Agreement and the Security Agreement. Because this is a summary, it may not contain all the information that is important to you. You should read each of these documents in its entirety because it, and not this description, will define the Issuers' obligations and your rights as holders of the New Notes.

Basic Terms of the New Notes

The New Notes will be issued in an aggregate principal amount to be determined and will mature on November 1, 2021 and will be the senior secured obligations of the Issuers.

Like the Existing 2021 Notes, the New Notes will:

- (1) be secured by second-priority Liens on the Collateral described below under " Security for the Notes", subject to Permitted Liens and the terms of the First Lien/Second Lien Intercreditor Agreement and, if any of the Issuers and the Guarantors incurs any Pari Passu Secured Debt, the Pari Passu Second Lien Intercreditor Agreement described herein;
- (2) be equal in right of payment with all existing and future senior Debt of the Issuers, including the Existing 2021 Notes and the Existing Unsecured Notes;
- (3) be effectively junior, pursuant to the terms of the First Lien/Second Lien Intercreditor Agreement, to the extent of the value of the Collateral, to the Company's obligations under the Credit Agreement and any other First Lien Obligations, which will be secured on a first-priority basis by Liens on the Collateral;

Table of Contents

- (4) be effectively junior to any secured Debt of the Company, Co-Issuer or its Subsidiaries that is secured by Liens on assets other than the Collateral, to the extent of the value of such assets;
- (5) be senior in right of payment to all subordinated Debt of the Issuers;
- (6) be effectively senior to all existing and future unsecured senior Debt of the Issuers, including the Existing 2021 Notes and the Existing Unsecured Notes, to the extent of the value of the Collateral (after giving effect to any senior Lien on the Collateral);
- (7) be structurally subordinated to the Debt and other liabilities of Subsidiaries of the Company that do not guarantee the notes.

The New Notes will bear interest commencing the date of issue at the rate of 12.00% per annum, payable semiannually on each May 1 and November 1, commencing on a date to be determined, to holders of record on the April 15 or October 15 immediately preceding the interest payment date. The New Notes will bear interest on overdue principal, and, to the extent lawful, pay interest on overdue interest, at 1% per annum higher than the rate otherwise applicable to the New Notes.

Interest will be computed on the basis of a 360-day year of twelve 30-day months.

Additional Notes

Subject to the covenants described below, the Issuers may issue additional notes in an unlimited amount from time to time under the indenture having the same terms in all respects as the notes except that interest may not accrue on the additional notes from the Original Issue Date. Any additional notes will be secured, equally and ratably, with the New Notes, the Existing 2021 Notes and any other Second Lien Obligations. The New Notes offered hereby, the Existing 2021 Notes and any additional notes subsequently issued would be treated as a single class for all purposes under the indenture and will vote together as one class on all matters, *provided* that if the Existing 2021 Notes or additional notes are not fungible with the New Notes for United States federal income tax purposes, the Existing 2021 Notes and additional notes will have a separate CUSIP number and ISIN from the New Notes.

Guaranties

On the Issue Date, the obligations of the Issuers pursuant to the New Notes, including any repurchase obligation resulting from a Change of Control, will be unconditionally guaranteed, jointly and severally, on a second lien, secured basis, by the Parent Guarantor and each Domestic Restricted Subsidiary of the Company (other than the Co-issuer) that guarantees Debt of the Company under the Credit Agreement. If any Domestic Restricted Subsidiary of the Parent Guarantor (other than an Issuer) guarantees the Debt of an Issuer or a Guarantor under the Credit Agreement (including any newly acquired or created Restricted Subsidiary) after the Original Issue Date, the Domestic Restricted Subsidiary must provide a guarantee of the notes (each such guarantee, a "Note Guaranty"). See "Certain Covenants Note Guaranties by Restricted Subsidiaries."

Each guarantee of the New Notes, like each guarantee of the Existing 2021 Notes, will be:

- (1) a senior secured obligation of the Guarantor;
- (2) equal in right of payment with all existing and future senior Debt of that Guarantor, including the guarantees of the Existing 2021 Notes and the Existing Unsecured Notes, without giving effect to any collateral arrangements;
- (3) secured by second-priority Liens on the Collateral owned or held by such Guarantor, subject to Permitted Liens and the terms of the First Lien/Second Lien Intercreditor Agreement and,

if any of the Issuers and the Guarantors incurs any Pari Passu Secured Debt, the Pari Passu Second Lien Intercreditor Agreement;

- (4) effectively junior, pursuant to the terms of the First Lien/Second Lien Intercreditor Agreement, to the extent of the value of the Collateral, to that Guarantor's guarantee of the Company's obligations under the Credit Agreement and any other First Lien Obligations, which will be secured on a first-priority basis by Liens on the Collateral;
- (5) effectively junior to any secured Debt of the Guarantor that is secured by Liens on assets other than Collateral, to the extent of the value of such assets;
- (6) senior in right of payment to all subordinated Debt of that Guarantor; and
- (7) effectively senior to all existing and future unsecured Debt of the Guarantors, including the Guarantor's guarantee of the Existing Unsecured Notes, to the extent of the value of the Collateral (after giving effect to any senior Lien on the Collateral).

Each Note Guaranty will be limited to the maximum amount that would not render the Guarantor's obligations subject to avoidance under applicable fraudulent conveyance provisions of the United States Bankruptcy Code or any comparable provision of state law. By virtue of this limitation, a Guarantor's obligation under its Note Guaranty could be significantly less than amounts payable with respect to the notes, or a Guarantor may have effectively no obligation under its Note Guaranty. See "Risk Factors Risks Related to the Notes Federal and state statutes allow courts, under specific circumstances, to void guarantees and require debtholders to return payments received or prevent debtholders from receiving payments."

The Note Guaranty of the Parent Guarantor will terminate upon (i) a liquidation or dissolution of the Parent Guarantor so long as no Default occurs as a result thereof, (ii) the merger or consolidation of the Parent Guarantor into another Person in accordance with the covenant described below under " Consolidation, Merger or Sale of Assets", (iii) defeasance or discharge of the notes, as provided in " Defeasance and Discharge" or (iv) as set forth in the First Lien/Second Lien Intercreditor Agreement.

The Note Guaranty of a Subsidiary Guarantor will terminate upon

- (1) a sale or other disposition (including by way of consolidation or merger or otherwise) of the Subsidiary Guarantor or the sale or other disposition of all or substantially all the assets of the Subsidiary Guarantor (other than to the Parent Guarantor or a Restricted Subsidiary) in connection with a transaction or circumstance that does not violate the indenture,
- (2) a disposition of the majority of the Capital Stock of the Subsidiary Guarantor to a third Person in connection with a transaction or circumstance that does not violate the indenture, after which the Subsidiary Guarantor is no longer a Restricted Subsidiary,
- (3) upon a liquidation or dissolution of the Subsidiary Guarantor so long as no Default occurs as a result thereof,
- (4) the designation by the Parent Guarantor in accordance with the indenture of the Guarantor as an Unrestricted Subsidiary or the Guarantor otherwise ceases to be a Restricted Subsidiary in accordance with the indenture,
- (5) defeasance or discharge of the notes, as provided in " Defeasance and Discharge,"
- (6) the release, other than the discharge through payment by the Subsidiary Guarantor, of all other Guarantees by such Restricted Subsidiary of Debt of either Issuer or another Guarantor under the Credit Agreement, or
- (7)

Security

The Obligations of the Issuers with respect to the notes, the obligations of Guarantors under the Note Guarantees and the performance of all other Obligations of the Issuers and the Guarantors under the Note Documents will be secured by second-priority Liens on the Collateral granted to the Collateral Agent for the benefit of the holders of the notes. For all purposes of this Description of the Notes and the indenture, all references to "second-priority" Liens means Liens that may be junior in priority to the Liens securing First Lien Obligations, to the extent permitted to be incurred or to exist under the First Lien/Second Lien Intercreditor Agreement, and to Permitted Liens.

The Collateral will include substantially all of the assets of the Issuers and the Guarantors (including certain real property that is owned or leased by any Issuer or Guarantor), that secures Obligations arising under the Credit Agreement, but in any event not including Excluded Collateral. "Excluded Collateral" means (A) motor vehicles or any other property that is covered by a certificate of title, the perfection of a security interest in which is excluded from the Uniform Commercial Code in the relevant jurisdiction, (B) Equity Interests in any Immaterial Subsidiary or Unrestricted Subsidiary and Wyoming Quality Healthcare Coalition, (C) capital credits relating to the membership interests of Cordero Mining LLC in the Tri-County Electric Association, Inc, a Wyoming power cooperative; and Powder River Energy Corporation, a Wyoming power cooperative, (D) interests in partnerships, joint ventures and non-Wholly Owned Subsidiaries which cannot be pledged without the consent of one or more third parties (other than any Issuer or Guarantor), after giving effect to the Uniform Commercial Code of any applicable jurisdiction and other applicable law, (E) Equity Interests in Foreign Restricted Subsidiaries (including any Domestic Subsidiary of a Foreign Subsidiary that is a "controlled foreign corporation" within the meaning of Section 957 of the Code) or Disregarded Domestic Persons other than 66% of each class of the voting Equity Interests and 100% of the non-voting Equity Interests of such first-tier Foreign Restricted Subsidiaries and Disregarded Domestic Persons, (F) margin stock, (G) all foreign intellectual property, (H) any "intent-to-use" trademark applications prior to the filing of a "Statement of Use" or "Amendment to Allege Use" with respect thereto, to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark application under applicable federal law, (I) properties that are subject to Liens that are referred to in clauses (3) of "Permitted Liens" so long as the beneficiary of such Lien prohibits the Lien created by the Security Documents, (J) any Letter -of -Credit Rights (as such term is defined in the New York Uniform Commercial Code) to the extent any Issuer or Guarantor is required by applicable law to apply the proceeds of a drawing of such letter of credit for a specified purpose, (K) properties to the extent that (but only to the extent that, and only for so long as) the grant of a security interest therein is prohibited by any applicable law or regulation, requires a consent, approval, license or authorization not obtained of any governmental authority pursuant to any applicable law or regulation, or is prohibited by, or constitutes a change in control, breach or default under or results in the termination of or requires any consent not obtained under, any contract, license, agreement, permit, instrument or other document evidencing or giving rise to such property or, in the case of any Investment Property (as defined in the New York Uniform Commercial Code), any applicable shareholder or similar agreement, except to the extent that such law or regulation or the term in such contract, license, permit, agreement, instrument or other document or shareholder or similar agreement providing for such prohibition, change of control, breach, default or termination or requiring such consent is ineffective under applicable law (including without limitation Sections 9-406, 9-407, 9-408 and 9-409 of the Uniform Commercial Code in any applicable jurisdiction, the Bankruptcy Code and any similar state insolvency laws, or general principles of equity) to prevent the creation or attachment of the security interests granted hereunder, (L) Real Properties other than Material Real Properties and (M) any Capital Stock and other securities of a Subsidiary of the Parent Guarantor to the extent that the pledge of or grant of any other Lien on such Capital Stock and other securities results in the Parent Guarantor being required to file separate financial statements of such Subsidiary with the Securities and Exchange Commission (or any other governmental authority)

pursuant to either Rule 3-10 or 3-16 of Regulation S-X under the Securities Act, or any other law, rule or regulation as in effect from time to time, but only to the extent necessary to not be subject to such requirement.

The Collateral will not include any property or assets that is or may be provided to certain issuers of letters of credit pursuant to the First Lien Documents (as defined under " Certain Definitions Certain Definitions Relating to the Intercreditor Agreements") rather than generally to the holders of First Lien Obligations or to the First Lien Agent (as defined under " Certain Definitions Certain Definitions Relating to the Intercreditor Agreements") for the benefit of the holders of the First Lien Obligations as a whole. The creation or perfection of pledges of or security interests in particular assets will not be required if, and for so long as, the creation or perfection of such security interests would require a foreign law governed security or pledge agreement. In addition, the Collateral shall not include other property or assets of any Issuer or Guarantor (including any Excluded Subsidiary (as defined in the Credit Agreement)) that is not required to be subject to a Lien securing the Obligations under the Credit Agreement except to the extent that such property or assets are subject to a First Priority Lien generally in favor of all holders of First Lien Obligations.

The Security Documents do not require that security interests be perfected in certain instances. In particular, no Issuer or Guarantor shall be required (A) to take steps to perfect the security interest in Excluded Accounts, (B) to take steps to perfect the security interests in property and assets (other than deposit, securities and commodities accounts) requiring perfection through control agreements to the extent a security interest therein cannot be perfected by the filing of a financing statement under the Uniform Commercial Code of any applicable jurisdiction, (C) to take steps to perfect the security interests granted under the Security Documents by indicating such security interest on the certificate of title for any motor vehicle asset or other asset that is covered by a certificate of title, (D) to take steps to perfect the security interest in Letter-of-Credit Rights (other than the filing a financing statement under the Uniform Commercial Code of any applicable jurisdiction to the extent such security interest can be perfected by such filing), (E) to seek any third party consent or (F) to perfect the security interests granted under the Security Documents in any commercial tort claims. In addition, the Lien on certain items of Collateral will not be required to be perfected (or perfected by a particular method) to the extent that the collateral agent for the Credit Agreement does not require such Lien to be perfected (or perfected by a particular method) under the Credit Agreement.

The Security Documents and Mortgages providing for the Second Priority Liens will be substantially in the form of the corresponding instruments providing for the First Priority Liens, with such changes as are reasonably necessary to reflect the terms of the First Lien/Second Lien Intercreditor Agreement and with such deletions or modifications of representations, warranties and covenants as are customary with respect to security documents establishing Liens securing publicly traded debt securities.

Certain Intercreditor Provisions

The First Lien/Second Lien Intercreditor Agreement

On October 17, 2016, the Collateral Agent entered into the first lien/second lien intercreditor agreement (the "First Lien/Second Lien Intercreditor Agreement") with the First Lien Agent, to provide for, among other things, the junior nature of the Second Priority Liens with respect to First Priority Liens. Although the holders of the notes will not be parties to the First Lien/Second Lien Intercreditor Agreement, by their acceptance of the notes they will agree to be bound thereby and to have directed the Collateral Agent to enter into and perform its obligations thereunder as Second Lien Representative. The First Lien/Second Lien Intercreditor Agreement permits the First Lien Obligations and the Second Lien Obligations to be refunded, refinanced or replaced by certain permitted refinancing Debt without affecting the lien priorities set forth in the First Lien/Second Lien Intercreditor Agreement, in each case without the consent of any holder of First Lien Obligations and Second Lien Obligations (including holders). For purposes of this " Certain Intercreditor Provisions," capitalized terms defined in " Certain Definitions Certain Definitions Related to the Intercreditor Agreements" are used as so defined.

Lien Priorities

The First Lien/Second Lien Intercreditor Agreement provides that, notwithstanding:

- (1) the date, time, manner, method or order of filing or recordation of any document or instrument or of grant, attachment or perfection of any Liens granted to any Second Lien Representative or any Second Lien Secured Parties on the Shared Collateral or of any Liens granted to any First Lien Representative or any other First Lien Secured Party on the Shared Collateral (or any actual or alleged defect in any of the foregoing);
- (2) any provision of the applicable Uniform Commercial Code or any applicable law;
- (3) any First Lien Document or any Second Lien Document;
- (4) whether a Lien was acquired by grant, statute, operation of law, subrogation or otherwise;
- (5) any amendment, supplement or other modification, or any Refinancing, of either the First Lien Debt Obligations or the Second Lien Obligations;
- (6) any increase of the aggregate amount of the First Lien Debt Obligations, including such increase without notice to or consent by the Second Lien Representatives or the Second Lien Secured Parties; or
- (7) any other circumstance whatsoever, (i) any Lien on the Shared Collateral securing any First Lien Obligations now or hereafter held by or on behalf of any First Lien Representative or any other First Lien Secured Party or other agent or trustee therefor shall have priority over and be senior in all respects and prior to any Lien on the Shared Collateral securing any Second Lien Obligations and (ii) any Lien on the Shared Collateral securing any Second Lien Obligations now or hereafter held by or on behalf of any Second Lien Representative or any Second Lien Secured Parties or other agent or trustee therefor, regardless of how acquired, whether by grant, statute, operation of law, subrogation or otherwise, shall be junior and subordinate in all respects to all Liens on the Shared Collateral securing any First Lien Obligations.

In the event any Second Lien Representative or any Second Lien Secured Party becomes a judgment lien creditor in respect of Shared Collateral as a result of its enforcement of its rights as an unsecured creditor in respect of Second Lien Obligations, such judgment lien shall be subordinated to the Liens securing First Lien Obligations on the same basis as the other Liens securing the Second Lien Obligations are so subordinated to such Liens securing First Lien Obligations under the First Lien/Second Lien Intercreditor Agreement.

The provisions under the caption " Lien Priorities" are intended solely to set forth the relative ranking, as Liens, of the Second Priority Liens securing the Obligations under the indenture and other Pari Passu Secured Debt as against the First Priority Liens, and the Liens securing First Priority Secured Debt as against the Second Priority Liens.

Limitation on Enforcement of Remedies

The First Lien/Second Lien Intercreditor Agreement provides that, except as provided below, so long as the Discharge of First Lien Obligations has not occurred, whether or not any Insolvency or Liquidation Proceeding has been commenced by or against any Issuer or any other Guarantor, (i) neither any Second Lien Representative nor any Second Lien Secured Party will (1) exercise or seek to exercise any rights or remedies (including setoff) with respect to any Shared Collateral in respect of any Second Lien Obligations, or institute any action or proceeding with respect to such rights or remedies (including any action of foreclosure), (2) contest, protest or object to any foreclosure proceeding or action brought with respect to the Shared Collateral or any other First Lien Collateral by

any First Lien Representative or any First Lien Secured Party in respect of the First Lien Debt Obligations, the exercise of any right by any First Lien Representative or any First Lien Secured Party (or any agent or sub-agent on their behalf) in respect of the First Lien Debt Obligations under any lockbox agreement, control agreement, landlord waiver or bailee's letter or similar agreement or arrangement to which any First Lien Representative or any First Lien Secured Party either is a party or may have rights as a third party beneficiary, or any other exercise by any such party of any rights and remedies relating to the Shared Collateral under the First Lien Documents or otherwise in respect of the First Lien Collateral or the First Lien Debt Obligations, or (3) object to the forbearance by the First Lien Secured Parties from bringing or pursuing any foreclosure proceeding or action or any other exercise of any rights or remedies relating to the Shared Collateral in respect of First Lien Debt Obligations and (ii) the First Lien Representatives and the First Lien Secured Parties shall have the exclusive right to enforce rights, exercise remedies (including setoff and the right to credit bid their debt) and make determinations regarding the care or preservation of the Shared Collateral, or the release, disposition or restrictions with respect to the Shared Collateral without any consultation with or the consent of any Second Lien Representative or any Second Lien Secured Party and to incur expenses in connection with the foregoing, and shall have the exclusive right to determine and direct the time, method and place for exercising such right or remedy or conducting any proceeding with respect thereto; *provided, however*, that:

(a) in any Insolvency or Liquidation Proceeding commenced by or against any Issuer or any Guarantor, any Second Lien Representative may file a claim or statement of interest with respect to the Second Lien Obligations under its Second Lien Debt Facility;

(b) any Second Lien Representative may take any action (not adverse to the prior Liens on the Shared Collateral securing the First Lien Debt Obligations or the rights of the First Lien Representatives or the First Lien Secured Parties to exercise remedies in respect thereof) in order to create, prove, perfect, preserve or protect (but not enforce) its rights in, and perfection and priority of its Lien on, the Shared Collateral;

(c) any Second Lien Representative and other Second Lien Secured Parties may exercise rights and remedies as unsecured creditors against any Issuer and any other Guarantor in accordance with the terms of the Second Lien Documents and applicable law so long as such rights and remedies do not violate any express provision of the First Lien/Second Lien Intercreditor Agreement, which is binding on the Second Lien Secured Parties (including provisions under the captions "*First Lien Agent; No Interference*", "*No New Liens; Similar Documents*" and "*Agreements With Respect to Insolvency or Liquidation Proceedings*");

(d) any Second Lien Secured Party may file any responsive or defensive pleadings in opposition to any motion, claim, adversary proceeding or other pleading made by any person objecting to or otherwise seeking the disallowance of the claims of the Second Lien Secured Parties or the avoidance of any Second Priority Lien to the extent not inconsistent with the terms of the First Lien/Second Lien Intercreditor Agreement; and

(e) from and after the Second Lien Enforcement Date, the Designated Second Lien Representative may exercise or seek to exercise any rights or remedies (including setoff) with respect to any Shared Collateral in respect of any Second Lien Obligations, or institute any action or proceeding with respect to such rights or remedies (including any action of foreclosure).

Nothing in the First Lien/Second Lien Intercreditor Agreement shall prohibit the receipt by any Second Lien Representative or any Second Lien Secured Party of the required payments of principal, premium, if any, interest, fees and other amounts due under the notes and the other Second Lien Documents so long as such receipt (i) is not the direct or indirect result of the exercise in contravention of the First Lien/Second Lien Intercreditor Agreement by a Second Lien Representative or any Second Lien Secured Party of rights or remedies as a secured creditor in respect of Shared

Collateral or (ii) whether in contravention of the First Lien/Second Lien Intercreditor Agreement or not, does not have the effect of discharging the Lien of any First Lien Representative or First Lien Agent on such Shared Collateral.

First Lien Agent; No Interference

The First Lien/Second Lien Intercreditor Agreement provides that in exercising rights and remedies with respect to the First Lien Collateral, the First Lien Representatives and the First Lien Secured Parties may enforce the provisions of the First Lien Documents and exercise remedies thereunder, all in such order and in such manner as they may determine in the exercise of their sole discretion and without consultation with any Second Lien Representative or any other Second Lien Secured Party and regardless of whether any such exercise is adverse to the interest of any Second Lien Secured Party. Such exercise and enforcement shall include the rights of an agent appointed by the First Lien Representatives and/or the First Lien Secured Parties to sell or otherwise dispose of Shared Collateral upon foreclosure, to incur expenses in connection with such sale or disposition and to exercise all the rights and remedies of a secured lender under the Uniform Commercial Code of any applicable jurisdiction and of a secured creditor under Bankruptcy Laws of any applicable jurisdiction.

The First Lien/Second Lien Intercreditor Agreement provides that, subject to the provisions of items (a) through (e) of the first paragraph under the caption " Limitation on Enforcement of Remedies", (i) neither a Second Lien Representative nor any Second Lien Secured Party will take any action that would hinder any exercise of remedies undertaken by any First Lien Representative or any First Lien Secured Party with respect to the Shared Collateral under the First Lien Documents, including any sale, lease, exchange, transfer or other disposition of the Shared Collateral, whether by foreclosure or otherwise, and (ii) each Second Lien Representative and each Second Lien Secured Party will waive any and all rights it or any such Second Lien Secured Party may have as a junior lien creditor or otherwise to object to the manner in which the First Lien Representatives or the First Lien Secured Parties seek to enforce or collect the First Lien Debt Obligations or the Liens granted on any of the First Lien Collateral, regardless of whether any action or failure to act by or on behalf of any First Lien Representative or any other First Lien Secured Party is adverse to the interests of the Second Lien Secured Parties.

The First Lien/Second Lien Intercreditor Agreement provides that each First Lien Representative and each Second Lien Secured Party shall agree that:

- (1) it shall not (and will waive any right to) contest or support any other Person in contesting, in any proceeding (including any Insolvency or Liquidation Proceeding), the validity, extent, perfection, priority or enforceability of any Lien securing any First Lien Debt Obligations held (or purported to be held) by or on behalf of any First Lien Representative or any of the other First Lien Secured Parties or other agent or trustee therefor in any First Lien Collateral;
- (2) except as expressly provided in items (a) through (e) of the first paragraph under the caption " Limitation on Enforcement of Remedies", it shall not, in the context of its role as secured creditor, take or receive any Shared Collateral or any Proceeds of Shared Collateral in connection with the exercise of any right or remedy (including setoff) with respect to any Shared Collateral in respect of Second Lien Obligations;
- (3) except as expressly provided in items (a) through (e) of the first paragraph under the caption " Limitation on Enforcement of Remedies", it shall not commence, or join with any Person (other than the First Lien Secured Parties and the First Lien Representatives upon the request of the Designated First Lien Representative) in commencing, any enforcement, collection, execution, levy or foreclosure action or proceeding with respect to any Lien held by it in the Shared Collateral under any of the Second Lien Documents or otherwise in respect of the Second Lien Obligations; and

(4)

none of the First Lien Representatives nor any of the other First Lien Secured Parties shall be required to marshal any present or future collateral security for any obligations of any Issuer or any Subsidiary to any First Lien Representative or any First Lien Secured Party under the First Lien Documents or any assurance of payment in respect thereof, or to resort to such collateral security or other assurances of payment in any particular order, and all of their rights in respect of such collateral security or any assurance of payment in respect thereof shall be cumulative and in addition to all other rights, however existing or arising.

The First Lien/Second Lien Intercreditor Agreement further provides that each First Lien Representative and each First Lien Secured Party shall not (and shall waive any right to) contest or support any other Person in contesting, in any proceeding (including any Insolvency or Liquidation Proceeding), the validity, extent, perfection, priority or enforceability of any Lien securing any Second Lien Obligations held (or purported to be held) by or on behalf of any Second Lien Representative or any of the Second Lien Secured Parties in the Second Lien Collateral.

The First Lien Secured Parties and the First Lien Representatives have no duty to any Second Lien Representative or any Second Lien Secured Party in respect of the maintenance or preservation of the Shared Collateral, the First Lien Obligations or otherwise, other than, upon the Discharge of First Lien Obligations, (i) to deliver to the Designated Second Lien Representative, to the extent that it is legally permitted to do so, all Shared Collateral, including all Proceeds, held or controlled by such First Lien Representative or any of its agents or bailees, together with any necessary endorsements and notices to depository banks, securities intermediaries and commodities intermediaries, and assign its rights under any landlord waiver or bailee's letter or any similar agreement or arrangement granting it rights or access to Shared Collateral, (ii) notify any applicable insurance carrier that it is no longer entitled to be a loss payee or additional insured under the insurance policies of any Issuer or Guarantor issued by such insurance carrier and (iii) notify any governmental authority involved in any condemnation or similar proceeding involving any Issuer or Guarantor that the Designated Second Lien Representative is entitled to approve any awards granted in such proceeding.

Payment Over

The First Lien/Second Lien Intercreditor Agreement provides that, unless and until the Discharge of First Lien Obligations, whether or not any Insolvency or Liquidation Proceeding has been commenced by or against any Issuer or Guarantor, any Shared Collateral or Proceeds upon the exercise of remedies received by any Second Lien Representative or any Second Lien Secured Party in connection with the exercise of any right or remedy (including setoff) relating to the Shared Collateral, in contravention of the First Lien/Second Lien Intercreditor Agreement or otherwise, shall be segregated and held in trust for the benefit of and forthwith paid over to the Designated First Lien Representative for the benefit of the First Lien Secured Parties in the same form as received, with any necessary endorsements, or as a court of competent jurisdiction may otherwise direct. Any Shared Collateral or Proceeds received by any Second Lien Representative or any Second Lien Secured Party on account of its secured claim in connection with any Insolvency or Liquidation Proceeding shall be deemed to be the result of an exercise of remedies.

The First Lien/Second Lien Intercreditor Agreement provides that in case any First Lien Secured Party is required in any Insolvency or Liquidation Proceeding or otherwise to disgorge, turn over or otherwise pay any amount to the estate of the respective Issuer or any Guarantor (or any trustee, receiver or similar Person therefor), because the payment of such amount was declared to be fraudulent or preferential in any respect or for any other reason, any amount (a "Recovery"), whether received as proceeds of security, enforcement of any right of setoff or otherwise, then the First Lien Obligations shall be reinstated to the extent of such Recovery and deemed to be outstanding as if such payment had not occurred and the First Lien Secured Parties shall be entitled to the benefits of the First Lien/Second Lien Intercreditor Agreement with respect to all such recovered amounts. If the First

Lien/Second Lien Intercreditor Agreement shall have been terminated prior to such Recovery, the First Lien/Second Lien Intercreditor Agreement shall be reinstated in full force and effect, and such prior termination shall not diminish, release, discharge, impair or otherwise affect the obligations of the parties thereto. None of the Second Lien Representatives and Second Lien Secured Parties shall be entitled to benefit from any avoidance action affecting or otherwise relating to any distribution or allocation made in accordance with the First Lien/Second Lien Intercreditor Agreement, whether by preference or otherwise, and the benefit of such avoidance action otherwise allocable to them shall instead be treated as Proceeds and allocated and turned over for application in accordance with the priorities set forth in the First Lien/Second Lien Intercreditor Agreement.

The grants of Liens by the Issuers and the Guarantors pursuant to the First Lien Collateral Documents and the Second Lien Collateral Documents constitute separate and distinct grants of Liens and because of, among other things, their differing rights in the Shared Collateral, the Second Lien Obligations are fundamentally different from the First Lien Obligations and must be separately classified in any plan of reorganization proposed or adopted in an Insolvency or Liquidation Proceeding. If it is held that any claims of the First Lien Secured Parties and the Second Lien Secured Parties in respect of the Shared Collateral constitute a single class of claims (rather than separate classes of senior and junior secured claims), then all distributions shall be made as if there were separate classes of senior and junior secured claims against the Issuers or Guarantors in respect of the Shared Collateral, with the effect being that, to the extent that the aggregate value of the Shared Collateral is sufficient (for this purpose ignoring all claims held by the Second Lien Secured Parties), the First Lien Secured Parties shall be entitled to receive, in addition to amounts distributed to them in respect of principal, pre-petition interest and other claims, all amounts owing (or that would be owing if there were such separate classes of senior and junior secured claims) in respect of Post-Petition Interest, and any Default Interest, before any distribution is made in respect of the Second Lien Obligations, and each Second Lien Representative and each Second Lien Secured Party shall turn over to the Designated First Lien Representative amounts otherwise received or receivable by them to the extent necessary to effectuate the intent of this sentence, even if such turnover has the effect of reducing the claim or recovery of the Second Lien Secured Parties.

The First Lien/Second Lien Intercreditor Agreement provides that in case an Issuer or any Subsidiary consummates any Refinancing of any First Lien Obligations at any time substantially concurrently with or after the occurrence of the Discharge of First Lien Debt Obligations, then such Discharge of First Lien Debt Obligations shall automatically be deemed not to have occurred for all purposes of the First Lien/Second Lien Intercreditor Agreement (other than with respect to any actions taken prior to the date of such designation as a result of the occurrence of such first Discharge of First Lien Debt Obligations) and the applicable agreement governing such First Lien Obligations shall automatically be treated as a First Lien Document for all purposes of the First Lien/Second Lien Intercreditor Agreement, including for purposes of the Lien priorities and rights in respect of Shared Collateral set forth herein and the agent, representative or trustee for the holders of such First Lien Obligations shall be the First Lien Representative for all purposes of the First Lien/Second Lien Intercreditor Agreement. Upon receipt of notice of such incurrence (including the identity of the new First Lien Representative), each Second Lien Representative (including the Designated Second Lien Representative) shall promptly (i) enter into such documents and agreements, including amendments or supplements to the First Lien/Second Lien Intercreditor Agreement, as an Issuer or such new First Lien Representative shall reasonably request in writing in order to provide the new First Lien Representative the rights of a First Lien Representative contemplated by the First Lien/Second Lien Intercreditor Agreement, (ii) deliver to such First Lien Representative, to the extent that it is legally permitted to do so, all Shared Collateral, including all proceeds thereof, held or controlled by such Second Lien Representative or any of its agents or bailees, together with any necessary endorsements and notices to depository banks, securities intermediaries and commodities intermediaries, and assign its rights under any landlord waiver or bailee's letter or any similar agreement or arrangement granting

it rights or access to Shared Collateral, (iii) notify any applicable insurance carrier that it is no longer entitled to be a loss payee or additional insured under the insurance policies of any Issuer or Guarantor issued by such insurance carrier and (iv) notify any governmental authority involved in any condemnation or similar proceeding involving an Issuer or Guarantor that the new First Lien Representative is entitled to approve any awards granted in such proceeding.

Automatic Release of Second Priority Liens

The First Lien/Second Lien Intercreditor Agreement provides that: (i) in connection with any exercise of any First Lien Representatives' rights or remedies in respect of the Shared Collateral, in each case prior to the Discharge of First Lien Obligations, such First Lien Representative, for itself or on behalf of any of the First Lien Secured Parties, releases any of its Liens on any part of the Shared Collateral or such First Lien Representative, for itself or on behalf of any of the First Lien Secured Parties, releases any Guarantor from its obligations under its guaranty of the First Lien Debt Obligations, then the Liens, if any, of each Second Lien Representative, for itself or for the benefit of the Second Lien Secured Parties, on such Shared Collateral, and the obligations of such Guarantor under its guarantee of the Second Lien Obligations shall be automatically, unconditionally and simultaneously released, (ii) if in connection with any exercise of any First Lien Representatives' remedies, in each case prior to the Discharge of First Lien Obligations, the equity interests of any Person are foreclosed upon or otherwise disposed of and such First Lien Representative releases its Lien on the property or assets of such Person then the Liens of each Second Lien Representative with respect to the property or assets of such Person will be automatically released to the same extent as the Liens of such First Lien Representative and (iii) in the event of a sale, transfer or other disposition of any specified item of Shared Collateral (including all or substantially all of the equity interests of any Subsidiary of an Issuer) other than a release granted upon or following the Discharge of First Lien Obligations, the Liens granted to the Second Lien Representatives and the Second Lien Secured Parties upon such Shared Collateral to secure Second Lien Obligations shall terminate and be released and any Issuer or Guarantor released from its obligations under its Guarantee of First Lien Obligations released by a First Lien Representative shall be released under its Guarantee of Second Lien Obligations, automatically and without any further action, concurrently with the termination and release of all Liens granted upon such Shared Collateral to secure First Lien Obligations; provided that, in the case of clause (iii), the Liens granted to the Second Lien Representatives and the Second Lien Secured Parties shall not be so released if an Event of Default (as defined under any Second Lien Document) has occurred and is continuing; and provided that, in the case of each of clauses (i), (ii) and (iii), the Second Priority Liens on such Shared Collateral shall attach to (and shall remain subject and subordinate to all First Priority Liens securing First Lien Obligations) any Proceeds of a sale, transfer or other disposition of Shared Collateral or equity interests of any Person not paid to the First Lien Secured Parties or that remain after the Discharge of First Lien Obligations.

Agreements With Respect to Insolvency or Liquidation Proceedings

The First Lien/Second Lien Intercreditor Agreement is a "subordination agreement" under Section 510(a) of the Bankruptcy Code and shall be effective before, during and after the commencement of any Insolvency or Liquidation Proceeding. The relative rights as to the Shared Collateral and Proceeds shall continue after the commencement of any Insolvency or Liquidation Proceeding on the same basis as prior to the date of the petition therefor, subject to any court order approving the financing of, or use of cash collateral by, any Issuer or Guarantor.

The First Lien/Second Lien Intercreditor Agreement provides that, until the Discharge of First Lien Obligations has occurred, if any Issuer or Guarantor shall be subject to any Insolvency or Liquidation Proceeding and any First Lien Representative or any First Lien Secured Party shall desire to consent (or not object) to the sale, use or lease of cash or other collateral or to consent (or not

object) to the Issuer's or any Guarantor's obtaining financing under Section 363 or Section 364 of the Bankruptcy Code or any similar provision of any other Bankruptcy Law ("DIP Financing"), then each Second Lien Representative and each Second Lien Secured Party will raise no objection to and will not otherwise contest:

- (1) such sale, use or lease of such cash or other collateral, unless a First Lien Representative or any other First Lien Secured Party shall oppose or object to such use of cash collateral (in which case, no Second Lien Representative nor any other Second Lien Secured Party shall seek any relief in connection therewith that is inconsistent with the relief being sought by the First Lien Secured Parties);
- (2) such DIP Financing, unless (x) a First Lien Representative or any other First Lien Secured Party shall oppose or object to such DIP Financing or (y) the terms of such DIP Financing provide for the sale of a substantial part of the First Lien Collateral and/or the Second Lien Collateral or require the confirmation of a plan of reorganization containing specific terms or provisions (other than repayment in cash of such DIP Financing on the effective date thereof) and, except as specified in the sixth paragraph under this caption " Agreements With Respect to Insolvency or Liquidation Proceedings", will not request adequate protection or any other relief in connection therewith and, to the extent the Liens securing any First Lien Obligations are subordinated or pari passu with such DIP Financing, will subordinate (and will be deemed hereunder to have subordinated) its Liens in the Shared Collateral to (A) such DIP Financing (and all obligations relating thereto) on the same basis as the Liens securing the Second Lien Obligations are so subordinated to Liens securing First Lien Obligations under the First Lien/Second Lien Intercreditor Agreement, (B) any adequate protection Liens provided to the First Lien Secured Parties, and (C) any "carve-out" for professional and United States Trustee fees agreed to by the First Lien Representatives;
- (3) any motion for relief from the automatic stay or from any injunction against foreclosure or enforcement in respect of First Lien Obligations made by any First Lien Representative or any other First Lien Secured Party;
- (4) any exercise by any First Lien Secured Party of the right to credit bid First Lien Obligations at any sale of First Lien Collateral under Section 363(k) of the Bankruptcy Code or any similar provision of any other Bankruptcy Law;
- (5) any other request for judicial relief made in any court by any First Lien Secured Party relating to the lawful enforcement of any Lien on First Lien Collateral; or
- (6) any order relating to a sale or other disposition of assets of any Issuer or Guarantor to which any First Lien Representative has consented or not objected that provides, to the extent such sale or other disposition is to be free and clear of Liens, that the Liens securing the First Lien Debt Obligations and the Second Lien Obligations will attach to the proceeds of the sale on the same basis of priority as the Liens on the Shared Collateral securing the First Lien Obligations rank to the Liens on the Shared Collateral securing the Second Lien Obligations pursuant to the First Lien/Second Lien Intercreditor Agreement.

The First Lien/Second Lien Intercreditor Agreement provides that no Second Lien Secured Party will be allowed to provide DIP Financing to any Issuer or any Guarantor secured by Liens equal or senior in priority to the Liens securing any First Lien Obligations; *provided that* if no First Lien Secured Party offers to provide DIP Financing to the extent permitted under the second paragraph under this caption " Agreements With Respect to Insolvency or Liquidation Proceedings", after the respective Issuer provides the Designated First Lien Representative with an opportunity to provide such DIP Financing (and consults with the Designated First Lien Representative for a reasonable period of time with respect to such DIP Financing), then a Second Lien Secured Party may seek to provide such

DIP Financing secured by Liens equal or senior in priority to the Liens securing any First Lien Obligations, and First Lien Secured Parties may object thereto; provided, further, that such DIP Financing may not "roll-up" or otherwise include or refinance any pre-petition Second Lien Obligations.

Until the Discharge of First Lien Obligations has occurred, none of the Second Lien Representatives and the Second Lien Secured Parties shall seek relief from the automatic stay or any other stay in any Insolvency or Liquidation Proceeding or take any action in derogation thereof, in each case in respect of any Shared Collateral, without the prior written consent of the Designated First Lien Representative.

The First Lien/Second Lien Intercreditor Agreement provides that none of the Second Lien Representatives and Second Lien Secured Parties shall:

- (1) object, contest or support any other Person objecting to or contesting (i) any request by any First Lien Representative or any First Lien Secured Parties for adequate protection, (ii) any objection by any First Lien Representative or any First Lien Secured Parties to any motion, relief, action or proceeding based on any First Lien Representative's or First Lien Secured Party's claiming a lack of adequate protection or (iii) the payment of interest, fees, expenses or other amounts of any First Lien Representative or any other First Lien Secured Party under Section 506(b) of the Bankruptcy Code or any similar provision of any other Bankruptcy Law; or
- (2) assert or support any claim for costs or expenses of preserving or disposing of any Second Lien Collateral under Section 506(c) of the Bankruptcy Code or any similar provision of any other Bankruptcy Law.

Notwithstanding anything contained in this caption " Agreements With Respect to Insolvency or Liquidation Proceedings", in any Insolvency or Liquidation Proceeding,

- (1) if the First Lien Secured Parties (or any subset thereof) are granted adequate protection in the form of additional collateral or superpriority claims in connection with any DIP Financing or use of cash collateral under Section 363 or 364 of the Bankruptcy Code or any similar provision of any other Bankruptcy Law, then each Second Lien Representative, for itself and on behalf of each Second Lien Secured Party under its Second Lien Debt Facility, may seek or request adequate protection in the form of a replacement Lien or superpriority claim on such additional collateral, which (i) Lien is subordinated to the Liens securing all First Lien Obligations and such DIP Financing (and all obligations relating thereto) on the same basis as the other Liens securing the Second Lien Obligations are so subordinated to the Liens securing First Lien Obligations under the First Lien/Second Lien Intercreditor Agreement and (ii) superpriority claim is subordinated to all superpriority claims of the First Lien Secured Parties on the same basis as the other Liens of the Second Lien Secured Parties are so subordinated to the Liens of the First Lien Secured Parties under the First Lien/Second Lien Intercreditor Agreement;
- (2) in the event Second Lien Representatives, for themselves and on behalf of the Second Lien Secured Parties under their Second Lien Debt Facilities, seek or request adequate protection and such adequate protection is granted (in each instance, to the extent such grant is otherwise permissible under the terms and conditions of the First Lien/Second Lien Intercreditor Agreement) in the form of additional or replacement collateral, then each First Lien Representative shall also be granted a senior Lien on such additional or replacement collateral as security for the First Lien Obligations and any such DIP Financing and any Lien on such additional or replacement collateral securing the Second Lien Obligations shall be subordinated to the Liens on such collateral securing the First Lien Obligations and any such

Table of Contents

DIP Financing (and all obligations relating thereto) and any other Liens granted to the Second Lien Secured Parties as adequate protection on the same basis as the other Liens securing the First Lien Obligations are so subordinated to such Liens securing First Lien Obligations under the First Lien/Second Lien Intercreditor Agreement; and

(3)

in the event any Second Lien Representatives or Second Lien Secured Parties seek or request adequate protection and such adequate protection is granted (in each instance, to the extent such grant is otherwise permissible under the terms and conditions of the First Lien/Second Lien Intercreditor Agreement) in the form of a superpriority claim, then each First Lien Representative may also seek adequate protection in the form of a superpriority claim and no Second Lien Secured Party shall contest the granting of such adequate protection in such form, which superpriority claim shall be senior to the superpriority claim of the Second Lien Secured Parties.

Nothing contained in this caption " Agreements With Respect to Insolvency or Liquidation Proceedings" shall, except as expressly provided herein, prohibit or in any way limit any First Lien Representative or any other First Lien Secured Party from objecting in any Insolvency or Liquidation Proceeding or otherwise to any action taken by any Second Lien Secured Party, including the seeking by any Second Lien Secured Party of adequate protection or the assertion by any Second Lien Secured Party of any of its rights and remedies under the Second Lien Documents or otherwise.

The First Lien/Second Lien Intercreditor Agreement provides that to the extent that any Second Lien Representative or any Second Lien Secured Party has or acquires rights under Section 363 or Section 364 of the Bankruptcy Code or any similar provision of any other Bankruptcy Law with respect to any of the Shared Collateral, such Second Lien Representative or Second Lien Secured Party will not assert any such rights without the prior written consent of each First Lien Representative, *provided that* if requested by any First Lien Representative, such Second Lien Representative shall timely exercise such rights in the manner requested by the First Lien Representatives (acting unanimously), including any rights to payments in respect of such rights.

Until the Discharge of First Lien Obligations has occurred, each Second Lien Representative and each Second Lien Secured Party shall not assert or enforce any claim under Section 506(c) of the Bankruptcy Code or any similar provision of any other Bankruptcy Law senior to or on a parity with the Liens securing the First Lien Obligations for costs or expenses of preserving or disposing of any Shared Collateral.

If, in any Insolvency or Liquidation Proceeding, debt obligations of the reorganized debtor secured by Liens upon any property of the reorganized debtor are distributed, pursuant to a plan of reorganization or similar dispositive restructuring plan, on account of both the First Lien Obligations and the Second Lien Obligations, then, to the extent the debt obligations distributed on account of the First Lien Obligations and on account of the Second Lien Obligations are secured by Liens upon the same assets or property, the provisions of the First Lien/Second Lien Intercreditor Agreement will survive the distribution of such debt obligations pursuant to such plan and will apply with like effect to the Liens securing such debt obligations.

No Second Lien Secured Party (whether in the capacity of a secured creditor or an unsecured creditor) shall propose, vote in favor of, or otherwise directly or indirectly support any plan of reorganization that is inconsistent with the priorities or other provisions of the First Lien/Second Lien Intercreditor Agreement or otherwise impairs the repayment of the First Lien Obligations (with impairment to be determined under Section 1124 of the Bankruptcy Code), other than (i) with the prior written consent of the Designated First Lien Representative, or (ii) to the extent any such plan is proposed or supported by the number of First Lien Secured Parties required under Section 1126(d) of the Bankruptcy Code.

The First Lien/Second Lien Intercreditor Agreement additionally provides that none of the Second Lien Representatives and Second Lien Secured Parties shall object to, oppose, support any objection, or take any other action to impede, the right of any First Lien Secured Party to make an election under Section 1111(b)(2) of the Bankruptcy Code; and that each Second Lien Representative and Second Lien Secured Party shall waive any claim it may hereafter have against any senior claimholder arising out of the election by any First Lien Secured Party of the application of Section 1111(b)(2) of the Bankruptcy Code.

Without the consent of the First Lien Representative in its sole discretion, the Second Lien Representative, for itself and on behalf of each other Second Lien Secured Party, shall not file an involuntary bankruptcy claim or seek the appointment of an examiner or a trustee for any Issuer or any Guarantor.

None of the Second Lien Representatives and the Second Lien Secured Parties shall oppose or seek to challenge any claim by any First Lien Representative or any other First Lien Secured Party for allowance in any Insolvency or Liquidation Proceeding of First Lien Obligations consisting of Post-Petition Interest of the First Lien Representatives on behalf of the First Lien Secured Parties on the Shared Collateral or any other First Lien Secured Party's Lien, without regard to the existence of the Liens of the Second Lien Representatives on behalf of the Second Lien Secured Parties on the Shared Collateral.

None of the First Lien Representatives and the First Lien Secured Parties shall oppose or seek to challenge any claim by any Second Lien Representative or any other Second Lien Secured Party for allowance in any Insolvency or Liquidation Proceeding of Second Lien Obligations consisting of Post-Petition Interest of the Second Lien Representatives on behalf of the Second Lien Secured Parties on the Shared Collateral.

Notice Requirements and Procedural Provisions

The First Lien/Second Lien Intercreditor Agreement also provides for various advance notice requirements and other procedural provisions typical for agreements of this type, including procedural provisions to allow any successor First Lien Agent to become a party to the First Lien/Second Lien Intercreditor Agreement (without the consent of any holder of First Lien Obligations or Second Lien Obligations (including holders of the notes)) upon the refinancing or replacement of the First Lien Obligations as permitted by the applicable First Lien Documents.

No New Liens; Similar Documents

The First Lien/Second Lien Intercreditor Agreement provides that, so long as the Discharge of First Lien Debt Obligations has not occurred, no Issuer or Guarantor shall, or shall permit any of its Subsidiaries to, grant or permit any Lien on any asset to secure any Second Lien Obligation and no Second Lien Secured Party shall hold any Lien on any asset to secure any Second Lien Obligation, unless such Issuer or Guarantor has granted, or concurrently therewith grants, a First Priority Lien on such asset to secure the First Lien Debt Obligations. To the extent that the provisions of the preceding sentence are not complied with for any reason, or should any Lien upon any Shared Collateral be released or become unperfected due to breach of the First Lien/Second Lien Intercreditor Agreement or due to inadvertence, neglect or error by any of the First Lien Secured Parties, (i) each Second Lien Representative and the other Second Lien Secured Parties shall be deemed to hold and have held such Lien for the benefit of each of the First Lien Representatives and the other First Lien Secured Parties and (ii) any amounts received by or distributed to any Second Lien Secured Party pursuant to or as a result of any Lien granted in contravention of this paragraph, or as a result of such a release or lack of perfection, shall be applied as set out in in the caption " Application of Proceeds" and in the first paragraph of the caption " Payment Over".

Table of Contents

To the extent any Issuer or Guarantor or any of their respective Subsidiaries grants or permits a Second Lien Representative or any other Second Lien Secured Party any right or remedy with respect to the Shared Collateral that has not also been granted or permitted to the First Lien Representative or any other First Lien Secured Party, (i) such Second Lien Representative shall be required to exercise such right or remedy at the direction of the Designated First Lien Representative and (ii) any exercise of such right or remedy by such Second Lien Representative shall be for the benefit of the First Lien Representatives and the other First Lien Secured Parties pursuant to and in accordance with the terms of the First Lien/Second Lien Intercreditor Agreement.

The First Lien/Second Lien Intercreditor Agreement provides that the intention of the parties thereto that they each hold liens in the Shared Collateral may not be construed as a condition to the grant, attachment or perfection of any Lien held by any of the First Lien Secured Parties, nor shall it be construed to confer on any third party any right, interest or priority superior to that which such party would hold in the absence of such intention.

Insurance and Condemnation Awards

The First Lien Secured Parties have the right to be named as additional insureds and loss payees on insurance policies, and, so long as the Discharge of First Lien Obligations has not occurred, the sole right to adjust settlement for any insurance policy on the Shared Collateral in the event of loss, and to approve any condemnation award. The Second Lien Secured Parties may be added as additional insureds and loss payees on insurance policies subject to the rights of the First Lien Secured Parties. In connection therewith and so long as the Discharge of First Lien Obligations has not occurred, the Second Lien Secured Parties shall agree to execute such documentation to disclaim any interest in the proceeds or as requested by the First Lien Secured Parties necessary or desirable for the First Lien Secured Parties to enable the First Lien Secured Parties to adjust settlement for any such insurance policy or to approve any condemnation award or otherwise to exercise their rights in such policies and proceeds and the First/Second Lien Intercreditor Agreement shall grant to the First Lien Representative a power of attorney coupled with an interest to execute any such documentation on behalf of the Second Lien Secured Parties. Unless and until the Discharge of First Lien Obligations has occurred, all proceeds of any such policy and any such award, if in respect of the Shared Collateral, shall be paid (1) first, prior to the occurrence of the Discharge of First Lien Obligations, to the Designated First Lien Representative for the benefit of First Lien Secured Parties pursuant to the terms of the First Lien Documents, (2) second, after the occurrence of the Discharge of First Lien Obligations, to the Designated Second Lien Representative for the benefit of the Second Lien Secured Parties pursuant to the terms of the applicable Second Lien Documents, (3) third, after the occurrence of the Discharge of First Lien Debt Obligations, then to the Designated First Lien Representative for the benefit of the First Lien Secured Parties pursuant to the terms of the First Lien Documents, and (4) fourth, after the occurrence of the Discharge of all First Lien Debt Obligations, then to the owner of the subject property, such other Person as may be entitled thereto or as a court of competent jurisdiction may otherwise direct. If any Second Lien Representative or any Second Lien Secured Party shall, at any time, receive any proceeds of any such insurance policy or any such award in contravention of the First Lien/Second Lien Intercreditor Agreement, it shall pay such proceeds over to the Designated First Lien Representative as set out in the first paragraph of the caption " Payment Over".

Amendment to First Lien Documents and Second Lien Documents

The First Lien Documents may be amended, restated, supplemented or otherwise modified in accordance with their terms, and the Debt under the First Lien Documents may be Refinanced, in each case, without the consent of any Second Lien Secured Party; *provided, however, that*, without the consent of the Designated Second Lien Representative, no such amendment, restatement, supplement,

modification or Refinancing (or successive amendments, restatements, supplements, modifications or Refinancings) shall contravene any provision of the First Lien/Second Lien Intercreditor Agreement.

Without the prior written consent of the First Lien Representatives or unless permitted under the First Lien Documents, unless and until the Discharge of First Lien Debt Obligations has occurred, no Second Lien Document may be amended, restated, supplemented or otherwise modified and no Debt under the Second Lien Documents may be Refinanced, to the extent such amendment, restatement, supplement or modification or Refinancing, or the terms of such new Second Lien Document, would (i) contravene the provisions of the First Lien/Second Lien Intercreditor Agreement, (ii) change to earlier dates any scheduled dates for payment of principal (including the final maturity date) under such Second Lien Document or of interest on Debt under such Second Lien Document, (iii) modify (or have the effect of a modification of) the mandatory prepayment provisions of the applicable Second Lien Document for such Second Lien Debt Facility in a manner that would result in the weighted average life to maturity being less than the weighted average life to maturity of the Obligations under the indenture and other Pari Passu Secured Debt under such Second Lien Document prior to giving effect thereto or (iv) reduce the capacity to incur debt for borrowed money constituting First Lien Obligations to an amount less than the aggregate principal amount of term loans and aggregate principal amount of revolving commitments, in each case, under the First Lien Documents on the day of any such amendment, restatement, supplement, modification or Refinancing.

In the event that each applicable First Lien Representative and/or the First Lien Secured Parties enter into any amendment, waiver or consent in respect of any of the First Lien Collateral Documents for the purpose of adding to or deleting from, or waiving or consenting to any departures from any provisions of, any First Lien Collateral Document or changing in any manner the rights of the First Lien Representatives, the First Lien Secured Parties, any Issuer or Guarantor thereunder (including the release of any Liens in First Lien Collateral) in a manner that is applicable to all First Lien Facilities, then such amendment, waiver or consent shall apply automatically to any comparable provision of each comparable Second Lien Collateral Document without the consent of any Second Lien Representative or any Second Lien Secured Party and without any action by any Second Lien Representative, any Issuer or Guarantor; provided, however, that no such amendment, waiver or consent shall (i) remove assets subject to the Second Priority Liens or release any such Liens, except to the extent that such release is permitted or required the caption " Automatic Release of Second Priority Liens" and *provided that* there is a concurrent release of the corresponding First Priority Liens or (ii) amend, modify or otherwise affect the rights or duties of any Second Lien Representative in its role as Second Lien Representative without its prior written consent.

Purchase Option

The First Lien/Second Lien Intercreditor Agreement provides that following (i) the acceleration of the First Lien Obligations in accordance with the terms of the Credit Agreement or (ii) the commencement of an Insolvency or Liquidation Proceeding (each, a "Purchase Event"), within thirty (30) days of the Purchase Event, one or more of the Second Lien Secured Parties may request, and the First Lien Secured Parties offer the Second Lien Secured Parties the option, to purchase all, but not less than all, of the aggregate amount of outstanding First Lien Obligations (including unfunded commitments under any First Lien Document) outstanding at the time of purchase at par, plus any premium that would be applicable upon prepayment of the First Lien Obligations and accrued and unpaid interest, Post-Petition Interest, Default Interest and fees (including breakage costs and, in the case of any secured Hedging Obligations, the amount that would be payable by the relevant Issuer or Guarantor if such Issuer or Guarantor were to terminate the hedge agreement in respect thereof on the date of the purchase or, if not terminated an amount determined by the relevant First Lien Secured Party to be necessary to collateralize its credit risk arising out of such agreement and, if applicable, the cash collateral to be furnished to the First Lien Secured Parties providing letters of

credit under the First Lien Documents in such amounts (not to exceed 105% thereof) as such First Lien Secured Party determines is reasonably necessary to secure such First Lien Secured Party in connection with any such outstanding and undrawn letters of credit), without warranty or representation or recourse (except for representations and warranties required to be made by assigning lenders pursuant to the Assignment (as such term is defined in the Credit Agreement)). If such right is exercised, the First Lien Secured Parties and the Second Lien Secured Parties shall endeavor to close promptly thereafter but in any event within ten (10) Business Days of the request. If one or more of the Second Lien Secured Parties exercise such purchase right, it shall be exercised pursuant to documentation mutually acceptable to each of the First Lien Representative and the purchasing Second Lien Secured Parties. If none of the Second Lien Secured Parties exercises such right, the First Lien Secured Parties shall have no further obligations pursuant to this paragraph for such Purchase Event and may take any further actions in their sole discretion in accordance with the First Lien Documents and the First Lien/Second Lien Intercreditor Agreement. Each First Lien Secured Party will retain all rights to indemnification provided in the relevant First Lien Document for all claims and other amounts relating to the period prior to the purchase of the First Lien Obligations pursuant to this paragraph.

Application of Proceeds

The First Lien/Second Lien Intercreditor Agreement provides that regardless of whether an Insolvency or Liquidation Proceeding has been commenced, Shared Collateral or Proceeds upon the exercise of remedies will be applied:

- (1) *first*, to the payment in full in cash of all First Lien Obligations,
- (2) *second*, to the payment in full in cash of all Second Lien Obligations,
- (3) *third*, to the payment in full in cash of all First Lien Debt Obligations in excess of the First Lien Obligations, and
- (4) *fourth*, to the Issuers or as otherwise required by applicable law.

Any Shared Collateral or Proceeds received by any Representative, any First Lien Secured Party or Second Lien Secured Party on account of its secured claim in connection with any Insolvency or Liquidation Proceeding shall be deemed to be the result of an exercise of remedies. Any non-cash Shared Collateral or non-cash proceeds may be held by the applicable Representative as Shared Collateral unless the failure to apply such amounts would be commercially unreasonable.

Postponement of Subrogation

The First Lien/Second Lien Intercreditor Agreement provides that each Second Lien Representative and each Second Lien Secured Party will waive any rights of subrogation it may acquire as a result of any payment under the First Lien/Second Lien Intercreditor Agreement until the Discharge of First Lien Obligations has occurred.

Pari Passu Second Lien Intercreditor Agreement

In case any Issuer or Guarantor incurs Pari Passu Secured Debt, the Collateral Agent will enter into pari passu second lien intercreditor agreement (the "Pari Passu Second Lien Intercreditor Agreement") having the terms set forth below (or such other terms satisfactory to the parties thereto, so long as such other terms are not materially adverse to the interests of the holders as compared to the terms contemplated herein (as determined in good faith by the Company)) with the trustee, administrative agent, collateral agent, security agent or similar agent under the indenture, loan agreement or other agreement with respect to such series of Pari Passu Secured Debt (the "Initial Additional Second Lien Representative"), to provide for, among other things, the relative rights and

remedies of the Second Lien Secured Parties with respect to Second Lien Collateral. Although the holders of the notes will not be parties to the Pari Passu Second Lien Intercreditor Agreement, by their acceptance of the notes they will agree to be bound thereby and to have directed the Collateral Agent to enter into and perform its obligations thereunder as Second Lien Representative. The Pari Passu Second Lien Intercreditor Agreement will permit the Second Lien Obligations to be refunded, refinanced or replaced by certain permitted refinancing Debt without affecting the relative rights and remedies set forth in the Pari Passu Second Lien Intercreditor Agreement, in each case without the consent of any holder of any Series of Second Lien Obligations (including holders of the notes).

Priorities of Liens Securing Second Lien Obligations

The Pari Passu Second Lien Intercreditor Agreement will provide that, subject to the provisions of the immediately following paragraph, but otherwise notwithstanding:

- (1) the date, time, method, manner or order of grant, attachment or perfection of any Liens securing any Series of Second Lien Obligations granted on the Shared Second Lien Collateral;
- (2) any provision of the Uniform Commercial Code of any jurisdiction or any other applicable law;
- (3) any provision of the Second Lien Documents;
- (4) any defect or deficiencies in the Liens securing the Second Lien Obligations of any Series; or
- (5) any other circumstance whatsoever;

the Liens securing any Series of Second Lien Obligations on any Shared Second Lien Collateral shall be of equal priority.

The Pari Passu Second Lien Intercreditor Agreement will provide that the holders of Second Lien Obligations of each Series (and not the Second Lien Secured Parties of any other Series) bear the risk of (i) any determination by a court of competent jurisdiction that (1) any of the Second Lien Obligations of such Series are unenforceable under applicable law or are subordinated to any other obligations (other than another Series of Second Lien Obligations), (2) any of the Second Lien Obligations of such Series do not have a valid and perfected security interest in any of the Second Lien Collateral securing any other Series of Second Lien Obligations and/or (3) any intervening security interest exists securing any other obligations (other than another Series of Second Lien Obligations) on a basis ranking prior to the security interest of such Series of Second Lien Obligations but junior to the security interest of any other Series of Second Lien Obligations or (ii) the existence of any Second Lien Collateral for any other Series of Second Lien Obligations that is not Shared Second Lien Collateral (any such condition referred to in the foregoing clauses (i) or (ii) with respect to any Series of Second Lien Obligations, an "Impairment" of such Series). In the event of any Impairment with respect to any Series of Second Lien Obligations, the results of such Impairment shall be borne solely by the holders of such Series of Second Lien Obligations, and the rights of the holders of such Series of Second Lien Obligations (including, without limitation, the provisions of the caption " Application of Second Lien Proceeds" with respect to the right to receive distributions in respect of such Series of Second Lien Obligations) shall be modified to the extent necessary so that the effects of such Impairment are borne solely by the holders of the Series of such Second Lien Obligations subject to such Impairment. Additionally, in the event the Second Lien Obligations of any Series are modified pursuant to applicable law (including, without limitation, pursuant to Section 1129 of the Bankruptcy Code), any reference to such Second Lien Obligations or the Second Lien Collateral Documents governing such Second Lien Obligations shall refer to such Obligations or such documents as so modified.

Limitation on Enforcement of Remedies

The Pari Passu Second Lien Intercreditor Agreement will provide that only the Designated Second Lien Representative shall act or refrain from acting with respect to any Shared Second Lien Collateral (including with respect to any intercreditor agreement with respect to any Shared Second Lien Collateral). At any time when the Collateral Agent is the Designated Second Lien Representative, no Additional Second Lien Secured Party shall or shall instruct any Second Lien Representative to, and neither the Initial Additional Second Lien Representative nor any other Second Lien Representative that is not the Designated Second Lien Representative shall, commence any judicial or nonjudicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its security interest in or realize upon, or take any other action available to it in respect of, any Shared Second Lien Collateral (including with respect to any intercreditor agreement with respect to any Shared Second Lien Collateral), whether under any Additional Second Lien Collateral Document, applicable law or otherwise; only the Collateral Agent, acting in accordance with the Security Documents, shall be entitled to take any such actions or exercise any such remedies with respect to Shared Second Lien Collateral at such time.

With respect to any Shared Second Lien Collateral at any time when the Major Non-Controlling Second Lien Representative is the Designated Second Lien Representative, (i) such Designated Second Lien Representative shall act only on the instructions of the Controlling Second Lien Secured Parties, (ii) such Designated Second Lien Representative shall not follow any instructions with respect to such Shared Second Lien Collateral (including with respect to any intercreditor agreement with respect to any Shared Second Lien Collateral) from any Non-Controlling Second Lien Representative and (iii) no Non-Controlling Second Lien Representative or other Second Lien Secured Party (other than the Designated Second Lien Representative) shall or shall instruct the Designated Second Lien Representative to, commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its security interest in or realize upon, or take any other action available to it in respect of, any Shared Second Lien Collateral (including with respect to any intercreditor agreement with respect to any Shared Second Lien Collateral), whether under any Second Lien Collateral Document, applicable law or otherwise; only the Designated Second Lien Representative, acting in accordance with the applicable Additional Second Lien Collateral Documents, shall be entitled to take any such actions or exercise any such remedies with respect to Shared Second Lien Collateral.

Designated Second Lien Representative

Notwithstanding the equal priority of the Liens securing each Series of Second Lien Obligations, the Designated Second Lien Representative may deal with the Shared Second Lien Collateral as if such Designated Second Lien Representative had a senior Lien on such Shared Second Lien Collateral. No Non-Controlling Second Lien Representative or Non-Controlling Second Lien Secured Party will contest, protest or object to any foreclosure proceeding or action brought by the Designated Second Lien Representative or the Controlling Second Lien Secured Party or any other exercise by the Designated Second Lien Representative or the Controlling Second Lien Secured Party of any rights and remedies relating to the Shared Second Lien Collateral, or to cause the Designated Second Lien Representative to do so.

The Pari Passu Second Lien Intercreditor Agreement provides that, except with respect to any actions expressly prohibited or required to be taken thereunder, each of the Second Lien Secured Parties will waive any claim it may now or hereafter have against any Second Lien Representative of any other Series of Second Lien Obligations or any other Second Lien Secured Party of any other Series arising out of (i) any actions which any Second Lien Representative or the Second Lien Secured

Parties take or omit to take (including, actions with respect to the creation, perfection or continuation of Liens on any Second Lien Collateral, actions with respect to the foreclosure upon, sale, release or depreciation of, or failure to realize upon, any of the Second Lien Collateral and actions with respect to the collection of any claim for all or any part of the Second Lien Obligations from any account debtor, guarantor or any other party) in accordance with the Second Lien Collateral Documents or any other agreement related thereto or to the collection of the Second Lien Obligations or the valuation, use, protection or release of any security for the Second Lien Obligations, (ii) any election by any Designated Second Lien Representative or any holders of Second Lien Obligations, in any proceeding instituted under the Bankruptcy Code, of the application of Section 1111(b) of the Bankruptcy Code or (iii) subject to caption " Agreements with respect to Insolvency or Liquidation Proceedings", any borrowing by, or grant of a security interest or administrative expense priority under Section 364 of the Bankruptcy Code or any equivalent provision of any other Bankruptcy Law, by any Issuer or any Guarantor, as debtor-in-possession. Notwithstanding any other provision of the Pari Passu Second Lien Intercreditor Agreement, the Designated Second Lien Representative shall not (i) accept any Shared Second Lien Collateral in full or partial satisfaction of any Second Lien Obligations pursuant to Section 9-620 of the Uniform Commercial Code of any jurisdiction, without the consent of each Second Lien Representative representing holders of Second Lien Obligations for whom such Second Lien Collateral constitutes Shared Second Lien Collateral or (ii) "credit-bid" for or purchase (other than for cash) Shared Second Lien Collateral at any public, private or judicial foreclosure upon such Shared Second Lien Collateral, without the consent of each Second Lien Representative representing holders of Second Lien Obligations for whom such Second Lien Collateral constitutes Shared Second Lien Collateral.

No Interference; Payment Over

The Pari Passu Second Lien Intercreditor Agreement will provide that each Second Lien Secured Party will not (and will waive any right to) question or contest or support any other Person in contesting, in any proceeding (including any Insolvency or Liquidation Proceeding), the perfection, priority, validity, attachment or enforceability of a Lien held by or on behalf of any of the Second Lien Secured Parties in all or any part of the Second Lien Collateral, or the provisions of the Pari Passu Second Lien Intercreditor Agreement.

The Pari Passu Second Lien Intercreditor Agreement will provide that each Second Lien Secured Party:

- (1) will not challenge or question in any proceeding the validity or enforceability of any Second Lien Obligations of any Series or any Second Lien Collateral Document or the validity, attachment, perfection or priority of any Lien under any Second Lien Collateral Document or the validity or enforceability of the priorities, rights or duties established by or other provisions of the Pari Passu Second Lien Intercreditor Agreement (*provided that rights of any Second Lien Secured Party to challenge or question the validity or enforceability of any Second Lien Obligations constituting unmatured interest or the validity of any Lien relating thereto pursuant to Section 502(b)(2) of the Bankruptcy Code will not be restricted*);
- (2) will not take or cause to be taken any action the purpose or intent of which is, or could be, to interfere, hinder or delay, in any manner, whether by judicial proceedings or otherwise, any sale, transfer or other disposition of the Shared Second Lien Collateral by the Designated Second Lien Representative;
- (3) except as provided under caption " Limitation on Enforcement of Remedies", shall have no right to (i) direct the Designated Second Lien Representative or any other Second Lien Secured Party to exercise, and shall not exercise, any right, remedy or power with respect to any Shared Second Lien Collateral (including pursuant to any intercreditor agreement) or

Table of Contents

(ii) consent to the exercise by the Designated Second Lien Representative or any other Second Lien Secured Party of any right, remedy or power with respect to any Shared Second Lien Collateral;

(4)

will not institute any suit or assert in any suit, bankruptcy, insolvency or other proceeding any claim against the Designated Second Lien Representative or any other Second Lien Secured Party seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Shared Second Lien Collateral, and none of the Designated Second Lien Representative or any other Second Lien Secured Party shall be liable for any action taken or omitted to be taken by such Designated Second Lien Representative or other Second Lien Secured Party with respect to any Shared Second Lien Collateral in accordance with the provisions of the Pari Passu Second Lien Intercreditor Agreement;

(5)

will not seek, and will waive any right, to have any Shared Second Lien Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Shared Second Lien Collateral; and

(6)

will not attempt, directly or indirectly, whether by judicial proceedings or otherwise, to challenge the enforceability of any provision of the Pari Passu Second Lien Intercreditor Agreement.

If any Second Lien Secured Party obtains possession of any Shared Second Lien Collateral or realizes any proceeds or payment in respect of any such Shared Second Lien Collateral, pursuant to any Second Lien Collateral Document or by the exercise of any rights available to it under applicable law or in any Insolvency or Liquidation Proceeding or through any other exercise of remedies (including pursuant to any intercreditor agreement), at any time prior to the Discharge of each of the Second Lien Obligations, then it shall hold such Shared Second Lien Collateral, proceeds or payment in trust for the other Second Lien Secured Parties and promptly transfer such Shared Second Lien Collateral, proceeds or payment, as the case may be, to the Designated Second Lien Representative, to be distributed in accordance with the provisions of caption " Application of Second Lien Proceeds".

In the event that any of the Second Lien Obligations shall be paid in full and such payment or any part thereof shall subsequently, for whatever reason (including an order or judgment for disgorgement of a preference under the Bankruptcy Code, or any similar law, or the settlement of any claim in respect thereof), be required to be returned or repaid, the terms and conditions of the Pari Passu Second Lien Intercreditor Agreement shall be fully applicable thereto until all such Second Lien Obligations shall again have been paid in full in cash.

Automatic Release of Second Priority Liens

If, at any time the Designated Second Lien Representative forecloses upon or otherwise exercises remedies against any Shared Second Lien Collateral resulting in a sale or disposition thereof, then (whether or not any Insolvency or Liquidation Proceeding is pending at the time) the Liens in favor of each other Second Lien Representative for the benefit of each Series of Second Lien Secured Parties upon such Shared Second Lien Collateral will automatically be released and discharged as and when, but only to the extent, such Liens of the Designated Second Lien Representative on such Shared Second Lien Collateral are released and discharged; *provided that* any proceeds of any Shared Second Lien Collateral realized therefrom shall be applied in accordance with the provisions of caption " Application of Second Lien Proceeds". If in connection with any such foreclosure or other exercise of remedies by the Designated Second Lien Representative, the Designated Second Lien Representative or related Second Lien Representative of such Series of Second Lien Obligations releases any guarantor from its obligation under a guarantee of the Series of Second Lien Obligations, such guarantor also shall be released from its guarantee of all other Second Lien Obligations; if in connection with any such foreclosure or other exercise of remedies by the Designated Second Lien

Representative, in each case prior to the Discharge of such Series of Second Lien Obligations, the equity interest of any Person is foreclosed upon or otherwise disposed of and the Designated Second Lien Representative releases its Lien on the property or assets of such Person, then the Liens of each other Second Lien Representative (or in favor of such other Second Lien Secured Parties if directly secured by such Liens) with respect to any Shared Second Lien Collateral consisting of the property or assets of such Person will be automatically released to the same extent as the Liens of the Designated Second Lien Representative; *provided that* any proceeds of any such equity assets of such Person on which another Series of Second Lien Obligations holds a Lien on the assets of such Person (any such assets, the "Underlying Assets") which Lien is released as provided in this sentence (any such proceeds being referred to herein as "Equity Release Proceeds" regardless of whether or not such other Series of Second Lien Obligations holds a Lien on such equity interest so disposed of) shall be applied pursuant to provisions of caption " Application of Proceeds".

The Designated Second Lien Representative shall be entitled, for the benefit of the Second Lien Secured Parties, to sell, transfer or otherwise dispose of or deal with any Shared Second Lien Collateral as provided in the Pari Passu Second Lien Intercreditor Agreement and in the Second Lien Collateral Documents, as applicable, pursuant to which the Designated Second Lien Representative is the agent for such Shared Second Lien Collateral, without regard to any rights to which the Non-Controlling Second Lien Secured Parties would otherwise be entitled as a result of the Second Lien Obligations held by such Non-Controlling Second Lien Secured Parties. None of the Designated Second Lien Representative or any other Second Lien Secured Party shall have any duty or obligation first to marshal or realize upon any type of Shared Second Lien Collateral (or any other Second Lien Collateral), or to sell, dispose of or otherwise liquidate all or any portion of such Shared Second Lien Collateral (or any other Second Lien Collateral), in any manner that would maximize the return to the Non-Controlling Second Lien Secured Parties, notwithstanding that the order and timing of any such realization, sale, disposition or liquidation may affect the amount of proceeds actually received by the Non-Controlling Second Lien Secured Parties from such realization, sale, disposition or liquidation.

Agreements With Respect to Insolvency or Liquidation Proceedings

The Pari Passu Second Lien Intercreditor Agreement shall continue in full force and effect notwithstanding the commencement of any proceeding under the Bankruptcy Code or any other Federal, state or foreign bankruptcy, insolvency, receivership or similar law by or against any Issuer or any of its Subsidiaries. Provisions of the Pari Passu Second Lien Intercreditor Agreement are intended to be enforceable as contemplated by Section 510(a) of the Bankruptcy Code.

If any Issuer and/or any other Guarantor shall become subject to a case (a "Bankruptcy Case") under the Bankruptcy Code and shall, as debtor(s)-in-possession, move for approval of DIP Financing to be provided by one or more lenders (the "*DIP Lenders*") under Section 364 of the Bankruptcy Code or any equivalent provision of any other Bankruptcy Law or the use of cash collateral under Section 363 of the Bankruptcy Code or any equivalent provision of any other Bankruptcy Law, each Second Lien Secured Party (other than any Controlling Second Lien Secured Party or the Second Lien Representative of any Controlling Second Lien Secured Party) agrees that it will raise no objection to any such financing or to the Liens on the Shared Second Lien Collateral securing the same ("*DIP Financing Liens*") or to any use of cash collateral that constitutes Shared Second Lien Collateral, unless the Designated Second Lien Representative shall then oppose or object to such DIP Financing or such DIP Financing Liens or use of cash collateral (and (i) to the extent that such DIP Financing Liens are senior to the Liens on any such Shared Second Lien Collateral for the benefit of the Controlling Second Lien Secured Parties, each Non-Controlling Second Lien Secured Party will subordinate its Liens with respect to such Shared Second Lien Collateral on the same terms as the Liens of the Controlling Second Lien Secured Parties (other than any Liens of any Second Lien Secured Parties constituting DIP Financing Liens) are subordinated thereto, and (ii) to the extent that

Table of Contents

such DIP Financing Liens rank pari passu with the Liens on any such Shared Second Lien Collateral granted to secure the Second Lien Obligations of the Controlling Second Lien Secured Parties, each Non-Controlling Second Lien Secured Party will confirm the priorities with respect to such Shared Second Lien Collateral as set forth in the Pari Passu Second Lien Intercreditor Agreement), in each case so long as (1) the Second Lien Secured Parties of each Series retain the benefit of their Liens on all such Shared Second Lien Collateral pledged to the DIP Lenders, including proceeds thereof arising after the commencement of such proceeding, with the same priority vis-à-vis all the other Second Lien Secured Parties (other than any Liens of the Second Lien Secured Parties constituting DIP Financing Liens) as existed prior to the commencement of the Bankruptcy Case, (2) the Second Lien Secured Parties of each Series are granted Liens on any additional collateral pledged to any Second Lien Secured Parties as adequate protection or otherwise in connection with such DIP Financing or use of cash collateral, with the same priority vis-à-vis the Second Lien Secured Parties as set forth in the Pari Passu Second Lien Intercreditor Agreement (other than any Liens of the Second Lien Secured Parties constituting DIP Financing Liens), (3) if any amount of such DIP Financing or cash collateral is applied to repay any of the Second Lien Obligations, such amount is applied pursuant to provisions of caption " Application of Second Lien Proceeds" (unless such Second Lien Collateral fails to constitute Shared Second Lien Collateral because the Lien in respect thereof constitutes a Declined Lien with respect to such Second Lien Secured Parties or their Second Lien Representative), and (4) if any Second Lien Secured Parties are granted adequate protection, including in the form of periodic payments, in connection with such DIP Financing or use of cash collateral, the proceeds of such adequate protection are applied pursuant to provisions of caption " Application of Second Lien Proceeds"; *provided that* the Pari Passu Second Lien Intercreditor Agreement shall not limit the right of the Second Lien Secured Parties of each Series to object to the grant of a Lien to secure the DIP Financing over any Second Lien Collateral subject to Liens in favor of the Second Lien Secured Parties of such Series or its Second Lien Representative that shall not constitute Shared Second Lien Collateral; and *provided, further, that* the Second Lien Secured Parties receiving adequate protection shall not object to any other Second Lien Secured Party receiving adequate protection comparable to any adequate protection granted to such Second Lien Secured Parties in connection with a DIP Financing or use of cash collateral.

If any Second Lien Secured Party is granted adequate protection (i) in the form of Liens on any additional collateral, then each other Second Lien Secured Party shall be entitled to seek, and each Second Lien Secured Party will consent and not object to, adequate protection in the form of Liens on such additional collateral with the same vis-à-vis the Second Lien Secured Parties as set forth in the Pari Passu Second Lien Intercreditor Agreement, (ii) in the form of a superpriority or other administrative claim, then each other Second Lien Secured Party shall be entitled to seek, and each Second Lien Secured Party will consent and not object to, adequate protection in the form of a pari passu superpriority or administrative claim or (iii) in the form of periodic or other cash payments, then the proceeds of such adequate protection must be applied to all Second Lien Obligations pursuant to provisions of caption " Application of Second Lien Proceeds".

No New Liens; Similar Documents

The Pari Passu Second Lien Intercreditor Agreement shall provide that the Second Lien Collateral shall be identical for all Second Lien Secured Parties; provided that this provision will not be violated with respect to any particular Series if the Second Lien Document for such Series prohibits the Second Lien Representative for that Series from accepting a Lien on such asset or property or such Second Lien Representative otherwise expressly declines to accept a Lien on such asset or property (any such

prohibited or declined Liens with respect to a particular Series, a "Declined Lien"). In furtherance of, but subject to, the foregoing, the Pari Passu Second Lien Intercreditor Agreement shall provide that:

- (1) upon request by any Second Lien Representative, the Second Lien Secured Parties shall cooperate in good faith (and to direct their counsel to cooperate in good faith) from time to time in order to determine the specific items included in the Shared Second Lien Collateral and the steps taken to perfect their respective Liens thereon and the identity of the respective parties obligated under the Second Lien Documents; and
- (2) that the documents and agreements creating or evidencing the Liens on Shared Second Lien Collateral securing the Second Lien Obligations shall be in all material respects the same forms of documents as on another, except that the documents and agreements creating or evidencing the Liens securing the additional Second Lien Obligations may contain additional provisions as may be necessary or appropriate to establish the intercreditor arrangements among the various separate classes of creditors holding additional Second Lien Obligations and to address any Declined Lien.

Insurance

As between the Second Lien Secured Parties, to the extent contemplated by the Second Lien Documents, the Designated Second Lien Representative shall have the right (but no obligation) to adjust or settle any insurance policy or claim covering or constituting Shared Second Lien Collateral in the event of any loss thereunder and to approve any award granted in any condemnation or similar proceeding affecting the Shared Second Lien Collateral. To the extent any Second Lien Representative receives proceeds of such insurance policy and such proceeds are not permitted or required to be returned to any Issuer or any Guarantor under the applicable Second Lien Documents, such proceeds shall be turned over to the Designated Second Lien Representative for application as provided in caption " Application of Second Lien Proceeds".

Amendment to Second Lien Documents

Without the prior written consent of the Collateral Agent, no Additional Second Lien Collateral Document may be amended, supplemented or otherwise modified or entered into to the extent such amendment, supplement or modification, or the terms of any new Additional Second Lien Collateral Document would be prohibited by, or would require any Issuer or any Guarantor to act or refrain from acting in a manner that would violate, any of the terms of the Pari Passu Second Lien Intercreditor Agreement.

Without the prior written consent of the Second Lien Representative of each Series of Second Lien Obligations, no Security Document may be amended, supplemented or otherwise modified or entered into to the extent such amendment, supplement or modification, or the terms of any new Security Document would be prohibited by, or would require any Issuer or any Guarantor to act or refrain from acting in a manner that would violate, any of the terms of the Pari Passu Second Lien Intercreditor Agreement.

Application of Second Lien Proceeds

Notwithstanding any other provision of the Pari Passu Second Lien Intercreditor Agreement or in any Second Lien Document to the contrary (but subject to the second paragraph of the caption " Priorities of the Liens Securing Second Lien Obligations"), if an event of default under any Second Lien Document has occurred and is continuing, and the Designated Second Lien Representative or any Second Lien Secured Party is taking action to enforce rights in respect of any Shared Second Lien Collateral, or any distribution is made in respect of any Shared Second Lien Collateral in any Bankruptcy Case of any Issuer or any Guarantor or any Second Lien Secured Party receives any

payment pursuant to any intercreditor agreement (other than the Pari Passu Second Lien Intercreditor Agreement) with respect to any Shared Second Lien Collateral, the proceeds of any sale, collection or other liquidation of any such Second Lien Collateral or Equity Released Proceeds received by the Designated Second Lien Representative or any Second Lien Secured Party on account of such enforcement of rights or remedies or received by the Designated Second Lien Representative or any Second Lien Secured Party pursuant to any such intercreditor agreement with respect to such Shared Second Lien Collateral and proceeds of any such distribution (subject, in the case of any such distribution, to the paragraph immediately following) to which the Second Lien Obligations are entitled under any intercreditor agreement (other than the Pari Passu Second Lien Intercreditor Agreement) (all proceeds of any sale, collection or other liquidation of any Second Lien Collateral comprising either Shared Second Lien Collateral or Equity Release Proceeds and all proceeds of any such distribution and any proceeds of any insurance covering the Shared Second Lien Collateral received by the Designated Second Lien Representative and not returned to any Issuer or any Guarantor under any Second Lien Document being collectively referred to as "Second Lien Proceeds"), shall be applied:

- (1) *first*, to the payment of all amounts owing to each Second Lien Representative (in its capacity as such) secured by such Shared Second Lien Collateral or in the case of Equity Release Proceeds, secured by the Underlying Assets pursuant to the terms of any Second Lien Document, owing to such Second Lien Representatives ratably to each such Second Lien Representative in accordance with the amounts payable to it pursuant to this clause first;
- (2) *second*, subject to the second paragraph of the caption "Priorities of the Liens Securing Second Lien Obligations", to the payment in full of the other Second Lien Obligations of each Series secured by such Shared Second Lien Collateral or, in the case of Equity Release Proceeds, secured by the Underlying Assets, and, if the amount of such Second Lien Proceeds is insufficient to pay in full the Second Lien Obligations of each Series so secured then such Second Lien Proceeds shall be allocated among the Second Lien Representative of each Series secured by such Shared Second Lien Collateral or, in the case of Equity Release Proceeds, secured by the Underlying Assets, pro rata according to the amounts of such Second Lien Obligations owing to each such respective Second Lien Representative and the other Second Lien Secured Parties represented by it for distribution by such Second Lien Representative in accordance with its respective terms of the applicable Second Lien Documents and
- (3) *third*, after payment of all Second Lien Obligations, to the Issuers and the Guarantors or their successors or assigns, as their interests may appear, or to whomsoever may be lawfully entitled to receive the same, or as a court of competent jurisdiction may direct.

If, despite the provisions of the previous paragraph, any Second Lien Secured Party shall receive any payment or other recovery in excess of its portion of payments on account of the Second Lien Obligations to which it is then entitled in accordance with the previous paragraph, such Second Lien Secured Party shall hold such payment or recovery in trust for the benefit of all Second Lien Secured Parties for distribution in accordance with the previous paragraph. Notwithstanding the foregoing, with respect to any Shared Second Lien Collateral or Equity Release Proceeds for which a third party (other than a Second Lien Secured Party) has a lien or security interest that is junior in priority to the security interest of any Series of Second Lien Obligations but senior (as determined by appropriate legal proceedings in the case of any dispute) to the security interest of any other Series of Second Lien Obligations (such third party, an "Intervening Creditor"), the value of any Shared Second Lien Collateral or Equity Release Proceeds or Second Lien Proceeds allocated to such Intervening Creditor shall be deducted on a ratable basis solely from the Shared Second Lien Collateral or Equity Release Proceeds or Second Lien Proceeds to be distributed in respect of the Series of Second Lien Obligations with respect to which such Impairment exists.

Optional Redemption

Except as set forth in the next three paragraphs and the last paragraph of the covenant described below under " Certain Covenants Repurchase of Notes Upon a Change of Control," the notes will not be redeemable at the option of the Issuers.

At any time prior to November 1, 2018, the Issuers may redeem the notes, in whole or in part, upon prior notice as described under " Selection and Notice," by paying a redemption price equal to 100% of the principal amount of the notes to be redeemed plus the Applicable Premium, and accrued and unpaid interest, if any, to, but excluding, the applicable redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Table of Contents

At any time and from time to time on or after November 1, 2018, the Issuers may redeem the notes, in whole or in part, upon prior notice as described under " Selection and Notice," at a redemption price equal to the percentage of principal amount set forth below plus accrued and unpaid interest to, but excluding, the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

12-month period commencing November 1 in Year

2018	106.000%
2019	103.000%
2020	100.000%

At any time and from time to time prior to November 1, 2018, the Issuers may redeem up to 35% of the original aggregate principal amount of the notes issued under the indenture (including any additional notes that may be issued after the Issue Date) at a redemption price equal to 112.000% of the principal amount plus accrued and unpaid interest to, but excluding, the redemption date (subject to the right of holders of record on the relevant record date to receive interest on the relevant interest payment date), but in an aggregate principal amount not to exceed the net cash proceeds of one or more Equity Offerings, provided that

- (1) in each case, the redemption takes place not later than 180 days after the closing of the related Equity Offering, and
- (2) not less than 65% of the aggregate principal amount of the notes issued under the indenture (including any additional notes issued after the Issue Date) remains outstanding immediately thereafter.

Selection and Notice

If less than all of the notes are to be redeemed at any time, the trustee will select notes for redemption as follows:

- (1) if the notes are listed on any national securities exchange and the trustee knows of such listing, in compliance with the requirements of the principal national securities exchange on which the notes are listed; or
- (2) if the notes are not listed on any national securities exchange, on a pro rata basis (or, in the case of global notes, the notes represented thereby will be selected in accordance with DTC's procedures).

No notes of \$1,000 or less can be redeemed in part. Notices of optional redemption will be given by first class mail (or electronically in the case of global notes) at least 15 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address, except that optional redemption notices may be given more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance or discharge of the notes.

Notice of any redemption of the notes (including upon an Equity Offering) may, at the Issuers' discretion, be given prior to a transaction or event and any such redemption or notice may, at the Issuers' discretion, be subject to one or more conditions precedent, including, but not limited to, completion or occurrence of the related transaction or event, as the case may be. In addition, if such redemption or purchase is subject to satisfaction of one or more conditions precedent, such notice shall describe each such condition, and if applicable, shall state that, in the Issuers' discretion, the redemption date may be delayed until such time as any or all such conditions shall be satisfied, or such redemption or purchase may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied by the redemption date, or by the redemption date as so delayed, or such notice may be rescinded at any time in the Issuers' discretion if in the good faith

judgment of the Issuers any or all of such conditions will not be satisfied. In addition, the Issuers may provide in such notice that payment of the redemption price and performance of the Issuers' obligations with respect to such redemption may be performed by another Person.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that note that is to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the holder upon cancellation of the original note. Notes called for redemption without a condition precedent will become due on the date fixed for redemption. On and after the redemption date, interest will cease to accrue on notes or portions of them called for redemption, unless the Issuers default in making such redemption payment.

No Mandatory Redemption or Sinking Fund

There will be no mandatory redemption or sinking fund payments for the notes.

Termination of Covenants

If at any time after the Original Issue Date that (i) the notes are rated Investment Grade by each of S&P and Moody's (or, if either (or both) of S&P and Moody's have been substituted in accordance with the definition of "Rating Agencies," by each of the then applicable Rating Agencies), (ii) no Default has occurred and is continuing under the indenture and (iii) the Issuers have delivered to the trustee an officers' certificate certifying to the foregoing provisions of this sentence, the Parent Guarantor and its Restricted Subsidiaries will no longer be subject to the covenants in the indenture specifically listed under the following captions in this "Description of the Notes" section of this prospectus supplement:

- (1) " Certain Covenants Limitation on Debt and Disqualified Stock or Preferred Stock;"
- (2) " Certain Covenants Limitation on Restricted Payments;"
- (3) " Certain Covenants Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries;"
- (4) " Certain Covenants Limitation on Asset Sales;"
- (5) " Certain Covenants Limitation on Transactions with Affiliates;" and
- (6) clause (a)(3) of " Consolidation, Merger or Sale of Assets The Company."

If the covenants are terminated, the Parent Guarantor may not thereafter designate any Restricted Subsidiary as an Unrestricted Subsidiary. There can be no assurance that the notes will ever achieve or maintain a rating of Investment Grade from any Rating Agency. The trustee shall have no obligation to monitor the ratings of the notes or notify holders of the suspension of covenants.

the categories of Restricted Payment described in clauses (1) through (12) above or one or more clauses of the definition of Permitted Investments, the Parent Guarantor shall be permitted to classify such Restricted Payment or Permitted Investment on the date it is made, or later reclassify all or a portion of such Restricted Payment or Permitted Investment, in any manner that complies with this covenant, and such Restricted Payment or Permitted Investment shall be treated as having been made pursuant to only one of such clauses of this covenant or of the definition of Permitted Investments. For purposes of covenant compliance, the amount of any Investment shall be the amount actually invested, without adjustment for subsequent increases or decreases in the value of such Investment, less any amount paid, repaid, returned, distributed or otherwise received in cash in respect of such Investment.

Limitation on Liens

- (1) existing on the Original Issue Date in the Credit Agreement, the indenture or any other agreements in effect on the Original Issue Date, and any amendments, modifications, restatements, extensions, renewals, replacements or refinancings of any of the foregoing; provided that the encumbrances and restrictions in the amendment, modification, restatement, extension, renewal, replacement or refinancing are, taken as a whole, no less favorable in any material respect to the noteholders than the encumbrances or restrictions being amended, modified, restated, extended, renewed, replaced or refinanced;
- (2) existing pursuant to the indenture, the notes, the Note Guaranty or the other Note Documents;
- (3) existing under or by reason of applicable law, rule, regulation or order;

Note Guaranties by Restricted Subsidiaries

If and for so long as any Domestic Restricted Subsidiary of the Parent Guarantor (other than an Issuer), directly or indirectly, Guarantees any Debt of an Issuer or a Guarantor under the Credit Agreement, such Domestic Restricted Subsidiary shall provide a Note Guaranty within 15 days, and, if the guaranteed Debt is Subordinated Debt, the Guarantee of such guaranteed Debt must be subordinated in right of payment to the Note Guaranty to at least the extent that the guaranteed Debt is subordinated to the notes.

Repurchase of Notes Upon a Change of Control

Not later than 30 days following a Change of Control, the Company will make an Offer to Purchase (as defined below) all outstanding notes at a purchase price equal to 101% of the principal amount of the notes plus accrued and unpaid interest to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date); provided, however, that notwithstanding the occurrence of a Change of Control, the Company shall not be obligated to purchase the notes pursuant to this covenant in the event that (i) prior to the requirement to commence the Offer to Purchase the Company has given the notice to exercise its right to redeem all the notes under the terms described in " Optional Redemption" and redeemed the notes in accordance with such notice or (ii) a third party makes the Offer to Purchase in the manner, at the time and otherwise in compliance with the requirements set forth in the indenture applicable to an Offer to Purchase made by the Company and purchases all notes properly tendered and not withdrawn under the offer.

An "Offer to Purchase" must be made by written offer, which will specify the principal amount of notes subject to the offer and the purchase price. The offer must specify an expiration date (the "expiration date") not less than 30 days or more than 60 days after the date of the offer, and a settlement date for purchase (the "purchase date") not more than five Business Days after the expiration date. The offer must include information concerning the business of the Company and its Subsidiaries which the Company in good faith believes will enable the holders to make an informed decision with respect to the Offer to Purchase. The offer will also contain instructions and materials necessary to enable holders to tender notes pursuant to the offer. If the Offer to Purchase is sent prior to the occurrence of the Change of Control, it may be conditioned upon the consummation of the Change of Control.

A holder may tender all or any portion of its notes pursuant to an Offer to Purchase, subject to the requirement that any portion of a note tendered must be in a minimum of \$1,000 principal amount or a multiple of \$1,000 principal amount in excess thereof. Holders are entitled to withdraw notes tendered up to the close of business on the expiration date. On the purchase date the purchase price will become due and payable on each note accepted for purchase pursuant to the Offer to Purchase, and interest on notes purchased will cease to accrue on and after the purchase date.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the purchase of the notes pursuant to an Offer to Purchase pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions in the indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the indenture by virtue of such compliance.

Holders may not be entitled to require us to purchase their notes in certain circumstances involving a significant change in the composition of our Board of Directors, including in connection with a proxy contest where our Board of Directors does not approve a dissident slate of directors but approves them as continuing directors, even if our Board of Directors initially opposed the directors.

Table of Contents

The Credit Agreement also provides that the occurrence of certain change of control events with respect to the Company or the Parent Guarantor would constitute a default thereunder.

Future debt of the Issuers may prohibit the Company from purchasing notes in the event of a Change of Control, provide that a Change of Control is a default or require the Company to repurchase the notes upon a Change of Control. Moreover, the exercise by the noteholders of their right to require the Company to purchase the notes could cause a default under other debt, even if the Change of Control itself does not, due to the financial effect of the purchase on the Issuers.

Finally, the Company's ability to pay cash to the noteholders following the occurrence of a Change of Control may be limited by the Company's then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make the required purchase of the notes. See "Risk Factors Risks Related to the Notes We may be unable to repurchase notes in the event of a change of control."

Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holder of the notes to require that the Issuer purchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

The provisions under the indenture relating to the Company's obligation to make an offer to repurchase the notes as a result of a Change of Control may be waived or amended as described below in " Amendments and Waivers."

In the event that holders of not less than 90% of the aggregate principal amount of the outstanding notes accept an Offer to Purchase and the Company (or the third party making the Offer to Purchase in lieu of the Company) purchases all of the notes held by such holders, the Issuers will have the right, upon not less than 15 nor more than 60 days' prior notice, given not more than 30 days following the purchase pursuant to the Offer to Purchase described above, to redeem all of the notes that remain outstanding following such purchase at a redemption price equal to the Offer to Purchase payment price plus accrued and unpaid interest on the notes redeemed to the date of redemption (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Limitation on Asset Sales

The Parent Guarantor will not, and will not permit any Restricted Subsidiary to, make any Asset Sale unless the following conditions are met:

- (1) The Asset Sale is for at least Fair Market Value (measured at the time of contractually agreeing to such Asset Sale).
- (2) At least 75% of the aggregate consideration received by the Parent Guarantor or its Restricted Subsidiaries for such Asset Sale and all other Asset Sales since the Original Issue Date consists of cash or Cash Equivalents.

For purposes of this clause (2):

- (A) the assumption by the purchaser of Debt or other obligations or liabilities (as shown on the Parent Guarantor's most recent balance sheet or in the footnotes thereto) (other than Subordinated Debt or other obligations or liabilities subordinated in right of payment to the notes) of the Parent Guarantor or a Restricted Subsidiary pursuant to operation of law or a customary novation or assumption agreement,
- (B) Additional Assets,
- (C) instruments, notes, securities or other obligations received by the Parent Guarantor or such Restricted Subsidiary from the purchaser that are promptly, but in any event within

90 days of the closing, converted by the Parent Guarantor or such Restricted Subsidiary to cash or Cash Equivalents, to the extent of the cash or Cash Equivalents actually so received, and

- (D) any Designated Non-cash Consideration received by the Parent Guarantor or such Restricted Subsidiary in the Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (D) that is at that time outstanding, not to exceed the greater of (x) \$20.0 million and (y) 1.0% of the Parent Guarantor's Consolidated Net Tangible Assets at the time of receipt of such outstanding Designated Non-cash Consideration (with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value),

shall in each case be considered cash or Cash Equivalents.

- (3) Within 360 days after the receipt of any Net Cash Proceeds from an Asset Sale, the Parent Guarantor or a Restricted Subsidiary may apply such Net Cash Proceeds at its option

- (A) to permanently repay First Priority Secured Debt or Pari Passu Secured Debt of any Issuer or Guarantor (*provided* that with respect to Pari Passu Secured Debt, such repayment, redemption or repurchase must be made either by a pro rata redemption or repayment of outstanding Pari Passu Secured Debt or by an offer to purchase on a pro rata basis made to all holders of Pari Passu Debt, unless such repayment, redemption or repurchase is otherwise made on terms more favorable to the holders of the notes than the holders of other Pari Passu Secured Debt) or any Debt of a Restricted Subsidiary that is neither an Issuer nor a Guarantor owing to a Person other than the Parent Guarantor or a Restricted Subsidiary and, in the case of a revolving credit, permanently reduce the commitments thereunder by such amount, or

- (B) to acquire Additional Assets or to make capital expenditures in a Permitted Business.

A binding commitment to make an acquisition referred to in clause (B) shall be treated as a permitted application of the Net Cash Proceeds from the date of such commitment; provided that (x) such investment is consummated within 360 days after the earlier of the making of such commitment and the end of the 360-day period referred to in the first sentence of this clause (3) (it being understood that if such commitment is for an LBA, LBM or any other purchase, lease or other arrangement for mineral or surface rights, the Net Cash Proceeds need only be applied as and when installments are due and payable) and (y) if such acquisition is not consummated within the period set forth in subclause (x) or such binding commitment is terminated, the Net Cash Proceeds not so applied will be deemed to be Excess Proceeds (as defined below).

- (4) The Net Cash Proceeds of an Asset Sale not applied pursuant to clause (3) within 360 days of the Asset Sale constitute "Excess Proceeds." Excess Proceeds of less than \$25.0 million will be carried forward and accumulated. When the aggregate amount of the accumulated Excess Proceeds equals or exceeds such amount, the Company must, within 30 days, make an Offer to Purchase notes having a principal amount equal to

- (A) accumulated Excess Proceeds, multiplied by

- (B) a fraction (x) the numerator of which is equal to the outstanding aggregate principal amount of the notes and (y) the denominator of which is equal to the outstanding aggregate principal amount of the notes and all other Pari Passu Secured Debt similarly required to be repaid, redeemed or tendered for in connection with the Asset Sale, rounded down to the nearest \$1,000. The purchase price for the notes will be 100% of

Table of Contents

the principal amount plus accrued interest to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date). If the Offer to Purchase is for less than all of the outstanding notes and notes in an aggregate principal amount in excess of the purchase amount are tendered and not withdrawn pursuant to the offer, the Company will purchase notes having an aggregate principal amount equal to the purchase amount on a pro rata basis, with adjustments so that only notes in multiples of \$1,000 principal amount (and in a minimum amount of \$1,000) will be purchased. Upon completion of the Offer to Purchase, Excess Proceeds will be reset at zero, and any Excess Proceeds remaining after consummation of the Offer to Purchase may be used for any purpose not otherwise prohibited by the indenture.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with each purchase of notes pursuant to an Offer to Purchase pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions in the indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such compliance.

Limitation on Transactions with Affiliates

- (a) The Parent Guarantor will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into, renew or extend any transaction or arrangement including the purchase, sale, lease or exchange of property or assets, or the rendering of any service with any Affiliate of the Parent Guarantor or any Restricted Subsidiary (a "Related Party Transaction") involving aggregate consideration in excess of \$2.0 million, unless the Related Party Transaction is on fair and reasonable terms that are not materially less favorable (as reasonably determined by the Parent Guarantor) to the Parent Guarantor or the relevant Restricted Subsidiary than those that could be obtained in a comparable arm's-length transaction with a Person that is not an Affiliate of the Parent Guarantor.
- (b) Any Related Party Transaction or series of Related Party Transactions with an aggregate value in excess of \$15.0 million must first be approved by a majority of the Board of Directors who are disinterested in the subject matter of the transaction pursuant to a Board Resolution.
- (c) The foregoing paragraphs do not apply to:
 - (1) any transaction between the Parent Guarantor and any of its Restricted Subsidiaries or between Restricted Subsidiaries of the Parent Guarantor;
 - (2) the payment of reasonable and customary regular fees to directors of the Company or the Parent Guarantor who are not employees of the Company or the Parent Guarantor;
 - (3) any Permitted Investment or any Restricted Payment permitted under the covenant described above under " Limitation on Restricted Payments;"
 - (4) any issuance of Equity Interests (other than Disqualified Equity Interests) of the Parent Guarantor;
 - (5) loans or advances to officers, directors or employees of the Company or the Parent Guarantor in the ordinary course of business of the Parent Guarantor or its Restricted Subsidiaries or Guarantees in respect thereof or otherwise made on their behalf (including payment on such Guarantees) but only to the extent permitted by applicable law, including the Sarbanes-Oxley Act of 2002;

- (6) any employment, consulting, service or termination agreement, or reasonable and customary indemnification arrangements, entered into by the Parent Guarantor or any of its Restricted Subsidiaries with officers and employees of the Parent Guarantor or any of its Restricted Subsidiaries that are Affiliates of the Parent Guarantor and the payment of compensation to such officers and employees (including amounts paid pursuant to employee benefit plans, employee stock option or similar plans) so long as such agreement has been entered into in the ordinary course of business;
- (7) transactions with customers, clients, suppliers, joint venture partners or purchasers or sellers of goods or services (including pursuant to joint venture agreements) in the ordinary course of business on terms at least as favorable as might reasonably have been obtained at such time from a Person that is not an Affiliate of the Parent Guarantor, as determined in good faith by the Parent Guarantor;
- (8) transactions arising under any contract, agreement, instrument or other arrangement in effect on the Original Issue Date, as amended, modified or replaced from time to time so long as the amended, modified or new arrangements, taken as a whole at the time such arrangements are entered into, are not materially less favorable to the Parent Guarantor and its Restricted Subsidiaries than those in effect on the Original Issue Date;
- (9) transactions entered into as part of a Permitted Receivables Financing;
- (10) transactions with any Affiliate in its capacity as a holder of Debt or Equity Interests; provided that such Affiliate owns less than a majority of the interests of the relevant class and is treated the same as other holders; and
- (11) payments to or from, and transactions with, any joint ventures or similar arrangements (including, without limitation, any cash management activities relating thereto); provided that such arrangements are on terms no less favorable to the Parent Guarantor and its Restricted Subsidiaries, on the one hand, than to the relevant joint venture partner and its Affiliates, on the other hand, taking into account all related agreements and transactions entered in by the Parent Guarantor and its Restricted Subsidiaries, on the one hand, and the relevant joint venture partner and its Affiliates, on the other hand.

Designation of Restricted and Unrestricted Subsidiaries

- (a) The Parent Guarantor may designate any Subsidiary, including a newly acquired or created Subsidiary (other than the Company or the Co-issuer), to be an Unrestricted Subsidiary if it meets the following qualifications and the designation would not cause a Default.
 - (1) Such Subsidiary does not own any Capital Stock of the Parent Guarantor or any Restricted Subsidiary or hold any Debt of, or any Lien on any property of, the Parent Guarantor or any Restricted Subsidiary.
 - (2) At the time of the designation, the designation would be permitted under the covenant described above under " Limitation on Restricted Payments."
 - (3) To the extent the Debt of the Subsidiary is not Non-Recourse Debt, any Guarantee or other credit support thereof by the Parent Guarantor or any Restricted Subsidiary is permitted under the covenants described above under " Limitation on Debt and Disqualified Stock or Preferred Stock" and " Limitation on Restricted Payments."
 - (4) The Subsidiary is not party to any transaction or arrangement with the Parent Guarantor or any Restricted Subsidiary that would not be permitted under the covenant described above under " Limitation on Transactions with Affiliates" after giving effect to the exceptions thereto.

Once so designated the Subsidiary will remain an Unrestricted Subsidiary, subject to paragraph (b).

- (b) (1) A Subsidiary previously designated an Unrestricted Subsidiary which fails to meet the qualifications set forth in paragraph (a) will be deemed to become at that time a Restricted Subsidiary, subject to the consequences set forth in paragraph (d).

- (4) it shall be released at that time from its Note Guaranty, if any; and
- (5) it will cease to be subject to the provisions of the indenture and the Note Documents as a Restricted Subsidiary.

Financial Reports

Whether or not the Parent Guarantor is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as any notes are outstanding the Parent Guarantor must provide the trustee and noteholders (or make available on EDGAR) within the time periods specified in those sections with

- (1) all quarterly and annual financial information that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if the Parent Guarantor were required to file such forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to annual information only, a report thereon by the Parent Guarantor's certified independent accountants, and
- (2) all current reports that would be required to be filed with the Commission on Form 8-K if the Parent Guarantor were required to file such reports.

Delivery of such reports, information and documents to the trustee is for informational purposes only and its receipt of such reports shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including either of the Issuers' or any other Person's compliance with any of its covenants under the indenture or the notes (as to which the trustee is entitled to rely exclusively on an officers' certificate).

Any and all Defaults or Events of Default arising from a failure to furnish or file in a timely manner any information or report required by this covenant shall be deemed cured (and the Parent Guarantor shall be deemed to be in compliance with this covenant) upon furnishing or filing such information or report as contemplated by this covenant (but without regard to the date on which such information or report is so furnished or filed); provided that such cure shall not otherwise affect the rights of the holders described below under " Default and Remedies" if principal and interest have been accelerated in accordance with the terms of the indenture and such acceleration has not been rescinded or cancelled prior to such cure.

Reports to Trustee

The Issuers will deliver to the trustee:

- (1) within 120 days after the end of each fiscal year an officers' certificate stating that the Issuers have fulfilled their obligations under the indenture or, if there has been a Default, specifying the Default and its nature and status; and
- (2) within 30 days after either Issuer becomes aware of the occurrence of a Default, a written notice setting forth the details of the Default, and (unless such Default has already been cured) the action which such Issuer proposes to take with respect thereto.

Limitation on Business Activities of the Co-issuer

The Co-issuer may not hold any material assets, become liable for any material obligations or engage in any significant business activities; provided that it may be a co-obligor with respect to the notes or any other Debt issued by the Company, and may engage in any activities directly related thereto or necessary in connection therewith. The Co-issuer shall be a Wholly Owned Subsidiary of the Company at all times.

Upon any such substitution in the case of the Company, except for its sale, conveyance, transfer or disposition of less than all its assets, the Company will be released from its obligations under the indenture, the notes and the other Note Documents, and, upon any such substitution in the case of the Parent Guarantor, it will be released from its obligations under the indenture, its Note Guaranty and the other Note Documents as described above under " Guarantees."

Default and Remedies

Events of Default

An "Event of Default" occurs with respect to the notes if:

- (1) the Issuers default in the payment of the principal and premium, if any, of any note when the same becomes due and payable at final maturity, upon acceleration or redemption, or otherwise (other than pursuant to an Offer to Purchase);
- (2)

the Issuers default in the payment of interest on any note when the same becomes due and payable, and the default continues for a period of 30 days;

Table of Contents

- (3) the Company fails to make an Offer to Purchase and thereafter accept and pay for the notes tendered when and as required pursuant to the covenant described above under " Certain Covenants Repurchase of Notes Upon a Change of Control" or the Issuers or any Guarantor fails to comply with the covenant described above under " Consolidation, Merger or Sale of Assets;"
- (4) the Issuers or the Parent Guarantor defaults in the performance of or breach any other of its covenants or agreements in the indenture or, under the notes or under the other Note Documents (other than a default specified in clause (1), (2) or (3) above) and the default or breach continues for a period of 60 consecutive days (or 90 consecutive days in the case of a failure to comply with the reporting obligations described under the caption " Certain Covenants Financial Reports") after written notice to the Issuers by the trustee or to the Issuers and the trustee by the holders of 25% or more in aggregate principal amount of the notes;
- (5) there occurs with respect to any Debt of the Parent Guarantor or any of its Significant Restricted Subsidiaries having an outstanding principal amount of \$50.0 million or more in the aggregate for all such Debt of all such Persons (i) an event of default that results in such Debt being due and payable prior to its scheduled maturity or (ii) failure to make a principal payment on such Debt when due and such defaulted payment is not made, waived or extended within the applicable grace period;
- (6) one or more final judgments or orders for the payment of money are rendered against the Parent Guarantor or any of its Restricted Subsidiaries and are not paid or discharged, and there is a period of 60 consecutive days following entry of the final judgment or order that causes the aggregate amount for all such final judgments or orders outstanding and not paid or discharged against all such Persons to exceed \$50.0 million (in excess of amounts which the Parent Guarantor's insurance carriers have agreed to pay under applicable policies) during which a stay of enforcement, by reason of a pending appeal or otherwise, is not in effect;
- (7) certain bankruptcy defaults occur with respect to the Parent Guarantor or any Significant Restricted Subsidiary;
- (8) any Note Guaranty ceases to be in full force and effect, other than in accordance the terms of the indenture, or a Guarantor denies or disaffirms its obligations under its Note Guaranty; or
- (9) the occurrence of the following:
- (a) except as permitted by the Note Documents, any Note Document establishing the Second Priority Liens ceases for any reason to be enforceable; provided that it will not be an Event of Default under this clause (9)(a) if the sole result of the failure of one or more Note Documents to be fully enforceable is that any Second Priority Lien purported to be granted under such Note Documents on Collateral, individually or in the aggregate, having a fair market value of not more than \$50.0 million, ceases to be an enforceable and perfected Second Priority Lien; *provided* that if such failure is susceptible to cure, no Event of Default shall arise with respect thereto until 30 days after any officer of the Company or any Restricted Subsidiary becomes aware of such failure, which failure has not been cured during such time period;
- (b) except as permitted by the Note Documents, any Second Priority Lien purported to be granted under any Note Document on Collateral, individually or in the aggregate, having a fair market value in excess of \$50.0 million, ceases to be an enforceable and perfected second priority Lien, subject to the First/Second Lien Intercreditor Agreement and Permitted Liens; provided that if such failure is susceptible to cure, no Event of Default shall arise with respect thereto until 30 days after any officer of the Company or any Restricted Subsidiary becomes aware of such failure, which failure has not been cured during such time period; and

Table of Contents

- (c) any Issuer or Guarantor, or any Person acting on behalf of any of them, denies or disaffirms, in writing, any obligation of such Issuer or Guarantor set forth in or arising under any Note Document establishing Second Priority Liens.

Consequences of an Event of Default

If an Event of Default, other than a bankruptcy default with respect to the Parent Guarantor or the Company, occurs and is continuing under the indenture, the trustee or the holders of at least 25% in aggregate principal amount of the notes issued under the indenture then outstanding, by written notice to the Issuers (and to the trustee if the notice is given by the holders), may declare the principal of and accrued interest on the notes to be immediately due and payable. Upon a declaration of acceleration, such principal and accrued interest will become immediately due and payable. If a bankruptcy default occurs with respect to the Parent Guarantor or the Company, the principal of and accrued interest on the notes then outstanding will become immediately due and payable without any declaration or other act on the part of the trustee or any holder.

The holders of a majority in principal amount of the outstanding notes issued under the indenture by written notice to the Issuers and to the trustee may waive all past defaults and rescind and annul a declaration of acceleration and its consequences if

- (1) all existing Events of Default, other than the nonpayment of the principal of, and interest on, the notes that have become due solely by the declaration of acceleration, have been cured or waived, and
- (2) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction.

Except as otherwise provided in " Consequences of an Event of Default" or " Amendments and Waivers Amendments with Consent of Holders," the holders of a majority in aggregate principal amount of the outstanding notes may, by notice to the trustee, waive an existing Default and its consequences. Upon such waiver, the Default will cease to exist, and any Event of Default arising therefrom will be deemed to have been cured, but no such waiver will extend to any subsequent or other Default or impair any right consequent thereon.

In the event of a declaration of acceleration of the notes because an Event of Default described in clause (5) under " Events of Default" has occurred and is continuing, the declaration of acceleration of the notes shall be automatically annulled, without any action by the trustee or the holders, if the event of default or payment default triggering such Event of Default pursuant to clause (5) shall be remedied or cured, or rescinded or waived by the holders of the Debt, or the Debt that gave rise to such Event of Default shall have been discharged in full, within 30 days after the declaration of acceleration with respect thereto and if (i) the annulment of the acceleration of the notes would not conflict with any judgment or decree of a court of competent jurisdiction and (ii) all existing Events of Default, except nonpayment of principal, premium or interest on the notes that became due solely because of the acceleration of the notes, have been cured or waived.

The holders of a majority in aggregate principal amount of the outstanding notes may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee. However, the trustee may refuse to follow any direction that conflicts with law or the indenture or the other Note Documents, that may involve the trustee in personal liability, or that the trustee determines in good faith may be unduly prejudicial to the rights of holders of notes not joining in the giving of such direction. In addition, the trustee may take any other action it deems proper that is not inconsistent with any such direction received from holders of notes. Neither the trustee nor the Collateral Agent shall be obligated to take any action at

Table of Contents

the direction of holders unless such holders have offered to the trustee and Collateral Agent indemnity or security satisfactory to the trustee and Collateral Agent.

A holder may not institute any proceeding, judicial or otherwise, with respect to the indenture, the notes or the other Note Documents, or for the appointment of a receiver or trustee, or for any other remedy under the indenture, the notes or the other Note Documents, unless:

- (1) the holder has previously given to the trustee written notice of a continuing Event of Default;
- (2) holders of at least 25% in aggregate principal amount of outstanding notes have made written request to the trustee to institute proceedings in respect of the Event of Default in its own name as trustee under the Indenture;
- (3) holders have offered to the trustee indemnity reasonably satisfactory to the trustee against any costs, liabilities or expenses to be incurred in compliance with such request;
- (4) the trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and
- (5) during such 60-day period, the holders of a majority in aggregate principal amount of the outstanding notes have not given the trustee a direction that is inconsistent with such written request.

Notwithstanding anything in the indenture to the contrary, the right of a holder of a note to receive payment of principal of or interest on its note on or after the Stated Maturities thereof, or to bring suit for the enforcement of any such payment on or after such dates, may not be impaired or affected without the consent of that holder.

If any Default occurs and is continuing and is known to the trustee, the trustee will send notice of the Default to each holder within 90 days after it occurs, unless the Default has been cured; provided that, except in the case of a default in the payment of the principal of or interest on any note, the trustee may withhold the notice if and so long as the trustee in good faith determines that withholding the notice is in the interest of the holders.

Subject to certain limited exceptions, pursuant to the terms of the First/Second Lien Intercreditor Agreement, so long as the Credit Agreement is outstanding, the First Lien Agent will determine the time and method by which the security interests in the Collateral will be enforced. See " Certain Intercreditor Provisions The First/Second Lien Intercreditor Agreement."

No Liability of Directors, Officers, Employees, Incorporators, Members and Stockholders

No director, officer, employee, incorporator, member or stockholder of the Issuers or any Guarantor, as such, will have any liability for any obligations of the Issuers or such Guarantor under the notes, any Note Guaranty, the indenture or any other Note Document or for any claim based on, in respect of, or by reason of, such obligations. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. This waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Amendments and Waivers

Amendments without Consent of Holders

The Issuers, the trustee and the Collateral Agent, as applicable, may amend or supplement the indenture, the notes and the other Note Documents without notice to or the consent of any noteholder:

- (1) to cure any ambiguity, defect, omission or inconsistency in the Note Documents;
- (2) to comply with the covenant described above under " Consolidation, Merger or Sale of Assets;"
- (3) to comply with any requirements of the SEC in connection with the qualification of the indenture under the Trust Indenture Act;
- (4) to evidence and provide for the acceptance of an appointment by a successor trustee;
- (5) to provide for uncertificated notes in addition to or in place of certificated notes, provided that the uncertificated notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated notes are described in Section 163(f)(2)(B) of the Code;
- (6) to provide for any Guarantee of the notes, or to confirm and evidence the release, termination or discharge of any Guarantee when such release, termination or discharge is permitted by the indenture;
- (7) to provide for the issuance of additional notes in accordance with the terms of the indenture;
- (8) (a) to conform any provision to this "Description of the Notes" and (b) conform the text of the Note Documents or any other such documents (in recordable form) as may be necessary or advisable to preserve and confirm the relative priorities of the First Lien Obligations and Second Lien Obligations as such priorities are contemplated and set forth in the First Lien/Second Lien Intercreditor Agreement;
- (9) make, complete or confirm any grant of Collateral permitted or required by any of the Note Documents, including to secure additional First Priority Secured Debt and Pari Passu Secured Debt;
- (10) release, discharge, terminate or subordinate Liens on Collateral in accordance with the Note Documents and to confirm and evidence any such release, discharge, termination or subordination;
- (11) as provided in the First/Second Lien Intercreditor Agreement and the Pari Passu Second Lien Intercreditor Agreement; or
- (12) to make any other change that does not materially and adversely affect the rights of any holder.

In addition, the First/Second Lien Intercreditor Agreement and the Pari Passu Second Lien Intercreditor Agreement may be amended in accordance with their terms and without the consent of any holder or the trustee with the consent of the parties thereto or otherwise in accordance with their terms, including to add additional First Priority Secured Debt and Pari Passu Secured Debt and add other parties (or any authorized agent thereof or trustee therefor) holding such Debt thereto and to establish that the Liens on any Collateral securing such Debt shall rank equally with the Liens on such Collateral securing the other First Priority Secured Debt or Pari Passu Secured Debt, as applicable, then outstanding, in each case to the extent permitted by the then extant First Lien Documents and Second Lien Documents. The First/Second Lien Intercreditor Agreement also provides that in certain

Table of Contents

circumstances the Security Documents may be amended automatically without the consent of holders of notes, the trustee or the Collateral Agent in connection with any amendments to corresponding security documents creating First Priority Liens.

Except as otherwise provided in " Default and Remedies Consequences of an Event of Default" or paragraph (b) below, the Issuers and the trustee may amend the indenture, the notes and the other Note Documents with the consent of the holders of a majority in aggregate principal amount of the outstanding notes, and the holders of a majority in aggregate principal amount of the outstanding notes may waive future compliance by the Issuers with any provision of the indenture, the notes or the other Note Documents.

Notwithstanding the provisions of paragraph (a), without the consent of each holder affected, an amendment or waiver may not

- (1) reduce the principal amount of or change the Stated Maturity of any installment of principal of any note,
- (2) reduce the rate of or change the Stated Maturity of any interest payment on any note,
- (3) reduce the amount payable upon the redemption of any note or, in respect of an optional redemption, the times at which any note may be redeemed or,
- (4) after the time an Offer to Purchase is required to have been made, reduce the purchase amount or purchase price, or extend the latest expiration date or purchase date thereunder,
- (5) make any note payable in money other than that stated in the note,
- (6) impair the right of any holder of notes to receive any principal payment or interest payment on such holder's notes or Note Guaranty, on or after the Stated Maturity thereof, or to institute suit for the enforcement of any such payment,
- (7) make any change in the percentage of the principal amount of the notes whose holders must consent to an amendment or waiver,
- (8) modify or change any provision of the indenture affecting the ranking of the notes or any Note Guaranty in a manner materially adverse to the holders of the notes, or
- (9) make any change in any Note Guaranty that would adversely affect the noteholders.

In addition, the consent of holders representing at least 66.67% of outstanding notes issued under the indenture will be required to release the Liens for the benefit of the holders of the notes on all or substantially all of the Collateral, other than in accordance with the Note Documents.

It is not necessary for noteholders to approve the particular form of any proposed amendment or waiver, but is sufficient if their consent approves the substance thereof.

Neither the Parent Guarantor nor any of its Subsidiaries or Affiliates may, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the notes unless such consideration is offered to be paid or agreed to be paid to all holders of the notes that consent, waive or agree to amend such term or provision within the time period set forth in the solicitation documents relating to the consent, waiver or amendment.

Defeasance and Discharge

Edgar Filing: Youngs Creek Holdings II LLC - Form S-3

The Issuers may discharge their obligations under the notes, the indenture and the other Note Documents (except for certain surviving rights of the trustee and the Issuers' obligations with respect thereto) by irrevocably depositing in trust with the trustee money or U.S. Government Obligations (or

Table of Contents

a combination thereof) sufficient to pay principal of and interest on the notes to final maturity or redemption within one year, subject to meeting certain other conditions.

The Issuers may also elect to

- (1) discharge most of their obligations in respect of the notes, the indenture and the other Note Documents, not including obligations related to the defeasance trust or to the replacement of notes or their obligations to the trustee ("legal defeasance") or
- (2) discharge their obligations under most of the covenants and under clauses (2) and (3) of the covenant described above under " Consolidation, Merger or Sale of Assets The Company" (and the events listed in clauses (3), (4), (5), (6), (8) and (9) under " Default and Remedies Events of Default" will no longer constitute Events of Default) ("covenant defeasance"),

if either Issuer deposits in trust with the trustee money or U.S. Government Obligations sufficient to pay principal of and interest on the notes to final maturity or redemption and meets certain other conditions, including delivery to the trustee of either a ruling received from the Internal Revenue Service or an opinion of counsel to the effect that the holders will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance and will be subject to federal income tax on the same amount and in the same manner and at the same times as would otherwise have been the case. In the case of legal defeasance, such an opinion could not be given absent a change of law after the date of the indenture. The defeasance would in each case be effective when 123 days have passed since the date of the deposit in trust.

In the case of either discharge or defeasance, the Note Guaranties, if any, will terminate with respect to notes and the Collateral securing the notes and the Note Guaranties will be released.

Concerning the Trustee and Paying Agent

Wilmington Trust, National Association will be the trustee under the indenture.

Except during the continuance of an Event of Default, the trustee will be required to perform only those duties that are specifically set forth in the indenture and no others, and no implied covenants or obligations will be read into the indenture against the trustee. In case an Event of Default has occurred and is continuing, the trustee shall exercise those rights and powers vested in it by the indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. No provision of the indenture requires the trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties thereunder, or in the exercise of its rights or powers, unless it receives indemnity satisfactory to it against any loss, liability or expense.

The indenture (including the provisions of the Trust Indenture Act incorporated by reference therein) will limit the rights of the trustee, should it become a creditor of any obligor on the notes or the Note Guaranties, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee may engage in other transactions with the Parent Guarantor and its Affiliates; provided that if it acquires any conflicting interest (as defined in the Trust Indenture Act) after a Default has occurred and is continuing, it must either eliminate the conflict within 90 days, apply to the Commission for permission to continue or resign.

Wilmington Trust, National Association will also initially serve as the security registrar and paying agent for the notes. We may at any time designate additional paying agents or rescind the designation of paying agents or approve a change in the office through which any paying agent acts. We may also choose to act as our own paying agent, but must also maintain a paying agency in the contiguous

Table of Contents

United States. Whenever there are changes in the paying agent for the notes we must notify the trustee.

References in the indenture to the trustee shall, as appropriate, refer also to the paying agent and security registrar, and such other entities and any authentication agent shall be entitled to the same rights, protections and indemnities as those granted to the trustee.

Form, Denomination and Registration of Notes

The notes will be issued in registered form, without interest coupons, in minimum denominations of \$1,000 and integral multiples of \$1,000 above such amount, in the form of both global notes and certificated notes, as further described below under " Book Entry, Delivery and Form."

The trustee will not be required (i) to issue, register the transfer of or exchange any note for a period of 15 days before a selection of notes to be redeemed, (ii) to register the transfer of or exchange any note so selected for redemption in whole or in part, except, in the case of a partial redemption, that portion of the note not being redeemed, or (iii) if a redemption is to occur after a regular record date but on or before the corresponding interest payment date, to register the transfer or exchange any note on or after the regular record date and before the date of redemption.

No service charge will be imposed in connection with any transfer or exchange of any note, but the Issuers may in general require payment of a sum sufficient to cover any transfer tax or similar governmental charge payable in connection therewith.

Governing Law

The indenture, including any Note Guaranties, the notes and the other Note Documents shall be governed by, and construed in accordance with, the laws of the State of New York; however, the Mortgages shall be governed by, and construed in accordance with, the laws of the state in which the applicable premises is located.

Book-Entry, Delivery and Form

We have obtained the information in this section concerning The Depository Trust Company ("DTC"), Clearstream Banking, societe anonyme, Luxembourg ("Clearstream, Luxembourg") and Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear"), and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of DTC, Clearstream, Luxembourg and Euroclear as they are currently in effect. Those systems could change their rules and procedures at any time.

The notes will initially be represented by one or more fully registered global notes. Each such global note will be deposited with, or on behalf of, DTC or any successor thereto and registered in the name of Cede & Co. (DTC's nominee). You may hold your interests in the global notes in the United States through DTC, or in Europe through Clearstream, Luxembourg or Euroclear, either as a participant in such systems or indirectly through organizations which are participants in such systems. Clearstream, Luxembourg and Euroclear will hold interests in the global notes on behalf of their respective participating organizations or customers through customers' securities accounts in Clearstream, Luxembourg's or Euroclear's names on the books of their respective depositories, which in turn will hold those positions in customers' securities accounts in the depositories' names on the books of DTC. Citibank, N.A. will act as depository for Clearstream, Luxembourg and JPMorgan Chase Bank, N.A. will act as depository for Euroclear.

So long as DTC or its nominee is the registered owner of the global securities representing the notes, DTC or such nominee will be considered the sole owner and holder of the notes for all purposes of the notes and the indenture. Except as provided below, owners of beneficial interests in the notes will not be entitled to have the notes registered in their names, will not receive or be entitled to receive physical delivery of the notes in definitive form and will not be considered the owners or holders of the notes under the indenture, including for purposes of receiving any reports delivered by us or the trustee pursuant to the indenture. Accordingly, each person owning a beneficial interest in a note must rely on the procedures of DTC or its nominee and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder of notes.

Unless and until we issue the notes in fully certificated, registered form under the limited circumstances described below under the heading " Certificated Notes":

- (a) you will not be entitled to receive a certificate representing your interest in the notes;
- (b) all references in this prospectus supplement to actions by holders will refer to actions taken by DTC upon instructions from its direct participants; and
- (c) all references in this prospectus supplement to payments and notices to holders will refer to payments and notices to DTC or Cede & Co., as the registered holder of the notes, for distribution to you in accordance with DTC procedures.

The Depository Trust Company

DTC acts as securities depository for the notes. The notes will be issued as fully registered notes registered in the name of Cede & Co. DTC is:

- (a) a limited-purpose trust company organized under the New York Banking Law;
- (b) a "banking organization" under the New York Banking Law;
- (c) a member of the Federal Reserve System;
- (d) a "clearing corporation" under the New York Uniform Commercial Code; and

Table of Contents

(e)

a "clearing agency" registered under the provisions of Section 17A of the Exchange Act.

DTC holds securities that its direct participants deposit with DTC. DTC facilitates the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in direct participants' accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants of DTC include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its direct participants. Indirect participants of DTC, such as securities brokers and dealers, banks and trust companies, can also access the DTC system if they maintain a custodial relationship with a direct participant.

Purchases of notes under DTC's system must be made by or through direct participants, which will receive a credit for the notes on DTC's records. The ownership interest of each beneficial owner is in turn to be recorded on the records of direct participants and indirect participants. Beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct participants or indirect participants through which such beneficial owners entered into the transaction. Transfers of ownership interests in the notes are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in notes, except as provided below in "Certificated Notes."

To facilitate subsequent transfers, all notes deposited with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes. DTC's records reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Book-entry Format

Under the book-entry format, the paying agent will pay interest or principal payments to Cede & Co., as nominee of DTC. DTC will forward the payment to the direct participants, who will then forward the payment to the indirect participants (including Clearstream, Luxembourg or Euroclear) or to you as the beneficial owner. You may experience some delay in receiving your payments under this system. None of us, any Subsidiary Guarantor, the trustee or any of our or its agents under the indenture or any paying agent has any direct responsibility or liability for the payment of principal or interest on the notes to owners of beneficial interests in the notes.

DTC is required to make book-entry transfers on behalf of its direct participants and is required to receive and transmit payments of principal, premium, if any, and interest on the notes. Any direct participant or indirect participant with which you have an account is similarly required to make book-entry transfers and to receive and transmit payments with respect to the notes on your behalf. We, the Subsidiary Guarantors and the trustee under the indenture have no responsibility for any aspect of the actions of DTC, Clearstream, Luxembourg or Euroclear or any of their direct or indirect participants. In addition, we, the Subsidiary Guarantors and the trustee under the indenture and each of our or its agents have no responsibility or liability for any aspect of the records kept by DTC,

Table of Contents

Clearstream, Luxembourg, Euroclear or any of their direct or indirect participants relating to or payments made on account of beneficial ownership interests in the notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. We also do not supervise these systems in any way.

The trustee will not recognize you as a holder under the indenture, and you can only exercise the rights of a holder indirectly through DTC and its direct participants. DTC has advised us that it will only take action regarding a note if one or more of the direct participants to whom the note is credited direct DTC to take such action and only in respect of the portion of the aggregate principal amount of the notes as to which that participant or participants has or have given that direction. DTC can only act on behalf of its direct participants. Your ability to pledge notes to non-direct participants, and to take other actions, may be limited because you will not possess a physical certificate that represents your notes.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC will mail an omnibus proxy to its direct participant as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the record date (identified in a listing attached to the omnibus proxy).

Clearstream, Luxembourg or Euroclear will credit payments to the cash accounts of Clearstream, Luxembourg customers or Euroclear participants in accordance with the relevant system's rules and procedures, to the extent received by its depository. These payments will be subject to tax reporting in accordance with relevant United States tax laws and regulations. Clearstream, Luxembourg or Euroclear, as the case may be, will take any other action permitted to be taken by a holder under the indenture on behalf of a Clearstream, Luxembourg customer or Euroclear participant only in accordance with its relevant rules and procedures and subject to its depository's ability to effect those actions on its behalf through DTC.

DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the notes among participants of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform those procedures, and they may discontinue those procedures at any time.

Transfers Within and Among Book-entry Systems

Transfers between DTC's direct participants will occur in accordance with DTC rules. Transfers between Clearstream, Luxembourg customers and Euroclear participants will occur in accordance with their respective applicable rules and operating procedures.

DTC will effect cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg customers or Euroclear participants, on the other hand, in accordance with DTC rules on behalf of the relevant European international clearing system by its depository. However, cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, instruct its depository to effect final settlement on its behalf by delivering or receiving securities in DTC and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream, Luxembourg customers and Euroclear participants may not deliver instructions directly to the depositories.

Table of Contents

Because of time-zone differences, credits of securities received in Clearstream, Luxembourg or Euroclear resulting from a transaction with a DTC direct participant will be made during the subsequent securities settlement processing, dated the business day following the DTC settlement date. Those credits or any transactions in those securities settled during that processing will be reported to the relevant Clearstream, Luxembourg customer or Euroclear participant on that business day. Cash received in Clearstream, Luxembourg or Euroclear as a result of sales of securities by or through a Clearstream, Luxembourg customer or a Euroclear participant to a DTC direct participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream, Luxembourg or Euroclear cash amount only as of the business day following settlement in DTC.

Although DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of debt securities among their respective participants, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

Certificated Notes

Unless and until they are exchanged, in whole or in part, for notes in definitive form in accordance with the terms of the notes, the notes may not be transferred except (1) as a whole by DTC to a nominee of DTC, (2) by a nominee of DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or a nominee of such successor.

We will issue notes to you or your nominees, in fully certificated registered form, rather than to DTC or its nominees, only if:

- (a) we advise the trustee in writing that DTC is no longer willing or able to discharge its responsibilities properly or that DTC is no longer a registered clearing agency under the Exchange Act, and we have not appointed a qualified successor within 90 days;
- (b) an Event of Default has occurred and is continuing under the indenture and DTC has notified us and the trustee of its desire to exchange the global notes for certificated notes; or
- (c) subject to DTC's rules, we, at our option, elect to terminate the book-entry system through DTC.

If any of the three above events occurs, DTC is required to notify all direct participants that notes in fully certificated registered form are available through DTC. DTC will then surrender the global note representing the notes along with instructions for re-registration. We will re-issue the notes in fully certificated registered form and will recognize the registered holders of the certificated notes as holders under the indenture.

Unless and until we issue the notes in fully certificated, registered form, (1) you will not be entitled to receive a certificate representing your interest in the notes; (2) all references in this prospectus supplement to actions by holders will refer to actions taken by the depository upon instructions from its direct participants; and (3) all references in this prospectus supplement to payments and notices to holders will refer to payments and notices to the depository or its nominee, as the registered holder of the notes, for distribution to you in accordance with its policies and procedures.

Same Day Settlement and Payment

We will make payments in respect of the notes represented by the global notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. We will make all payments of principal, interest and premium, if any, with respect to certificated notes by wire transfer of immediately available funds to the accounts

Table of Contents

specified by the holders of the certificated notes or, if no such account is specified, by mailing a check to each such holder's registered address. The notes represented by the global notes will be eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will be, therefore, required by DTC to be settled in immediately available funds. We expect that secondary trading in any certificated notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Clearstream, Luxembourg customer or Euroclear participant purchasing an interest in a global note from another customer or participant will be credited, and any such crediting will be reported to the relevant Clearstream, Luxembourg customer or Euroclear participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised us that cash received in Clearstream, Luxembourg or Euroclear as a result of sales of interests in a global note by or through a Clearstream, Luxembourg customer or Euroclear participant to another customer or participant will be received with value on the settlement date of DTC but will be available in the relevant Clearstream, Luxembourg or Euroclear cash account only as of the business day for Euroclear or Clearstream, Luxembourg following DTC's settlement date.

DESCRIPTION OF OTHER INDEBTEDNESS

Revolving Credit Facility

On September 9, 2016, CPE Resources entered into the Second Amendment to our Credit Agreement. Maturing February 21, 2019, the Credit Agreement provides us with a senior secured revolving credit facility with a capacity of up to \$400 million that can be used to borrow funds or issue letters of credit. The borrowing capacity under the Credit Agreement is reduced by the amount of letters of credit issued, which may be up to \$250 million. The Credit Agreement provides for the designation of a foreign restricted subsidiary as a borrower, subject to certain conditions and approvals.

The Second Amendment replaced the quarterly EBITDA-based financial covenants that previously required us to (a) maintain defined minimum levels of interest coverage and (b) comply with a maximum net secured debt leverage ratio, with a new monthly minimum liquidity covenant that requires us to maintain liquidity of not less than \$125 million as of the last day of each month. As of September 30, 2016 and November 28, 2016, we had \$448.5 million and \$433.5 million, respectively, of liquidity under this measure. Liquidity under the Credit Agreement's minimum liquidity covenant includes cash and cash equivalents and amounts available under both the Credit Agreement and A/R Securitization Program.

The Credit Agreement also contains other non-financial covenants, including covenants related to our ability to incur additional debt or take other corporate actions. In addition, there are customary events of default with customary grace periods and thresholds under the Credit Agreement.

Loans under the Credit Agreement bear interest at the London Interbank Offered Rate ("LIBOR") plus a margin of 3.50% or at a base rate plus a margin of 2.50%. We pay the lenders a commitment fee at a rate of 0.50% per year, on the unused commitments under the Credit Agreement. The undrawn face amount of letters of credit issued under the Credit Agreement will incur a per annum fee of 3.50%. Letters of credit that are drawn upon may be converted to loans at our request, subject to the conditions to borrowing set forth in the Credit Agreement. In addition, in connection with the issuance of a letter of credit, we are required to pay the issuing bank a fronting fee of 0.125% per annum.

Our obligations under the Credit Agreement are secured by substantially all of our assets and substantially all of the assets of certain of our subsidiaries, subject to certain permitted liens and customary exceptions for similar coal financings. Our obligations under the Credit Agreement are also supported by a guarantee by CPE Inc. and our domestic restricted subsidiaries.

Under the Credit Agreement, CPE Resources is permitted to make certain distributions to CPE Inc. to enable it to pay federal, state and local income and certain other taxes it incurs that are attributable to the business and operations of its subsidiaries. In addition, as long as no default under the Credit Agreement exists, the subsidiaries of CPE Inc. also may make annual distributions to CPE Inc. to fund dividends or repurchases of CPE Inc.'s stock and additional distributions in accordance with certain distribution limits in the Credit Agreement. Finally, the subsidiaries of CPE Inc. may make loans to CPE Inc. subject to certain limitations in the Credit Agreement.

As of September 30, 2016 and November 28, 2016, no borrowings and \$71.3 million and \$67.5 million, respectively, of letters of credit were outstanding under the Credit Agreement. As of December 31, 2015, no borrowings or letters of credit were outstanding under the Credit Agreement. Our aggregate availability for borrowing under the Credit Agreement and the A/R Securitization Program was approximately \$358.2 million and \$362.5 million, respectively, as of September 30, 2016 and November 28, 2016. As of September 30, 2016, we were in compliance with the covenants contained in the Credit Agreement.

A/R Securitization Program

Certain of our subsidiaries are parties to the A/R Securitization Program. In January 2013, we formed Cloud Peak Energy Receivables LLC, a special purpose, bankruptcy-remote wholly-owned subsidiary to purchase, subject to certain exclusions, in a true sale, trade receivables generated by certain of our subsidiaries without recourse (other than customary indemnification obligations for breaches of specific representations and warranties), and then transfer undivided interests in up to \$75.0 million of those accounts receivable to a financial institution for cash borrowings for our ultimate benefit. The total borrowings are limited by eligible accounts receivable, as defined under the terms of the A/R Securitization Program. The A/R Securitization Program will terminate on January 23, 2018. As of September 30, 2016, the A/R Securitization Program would have allowed for \$29.5 million of borrowing capacity. There were no borrowings outstanding under the A/R Securitization Program as of June 30, 2016.

Capital Equipment Lease Obligations

We have organized a capital leasing program that could grow over time up to \$150 million for some of our capital equipment purchases. During 2015, we entered into capital leases on equipment under various lease schedules, which are subject to a master lease agreement, and are pre-payable at our option. The leases carry a mix of fixed and variable interest rates. Interest on the variable rate leases is based on the one-month LIBOR plus 1.95%. Interest on the fixed rate leases is 4.8%. The gross value of property, plant and equipment under capital leases was \$13.0 million as of December 31, 2015 and related primarily to the leasing of mining equipment.

Other Obligations

We also have other significant obligations that do not constitute indebtedness. These include lease obligations related to our federal coal leases, surety bonds to secure the performance of our reclamation and mine closure obligations, take-or-pay agreements with export terminal companies and railroads and capital commitments for purchase of equipment and land. See Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations - Liquidity and Capital Resources" and " Off Balance Sheet Arrangements and Contractual Obligations," and Item 8, Notes 14 through 20 of Notes to Consolidated Financial Statements, of CPE Inc.'s 2015 Form 10-K, which is incorporated by reference into this prospectus.

PLAN OF DISTRIBUTION

We may sell or distribute the notes offered by this prospectus in one or more of the following ways:

through underwriters or dealers;

through agents;

directly to purchasers, including existing stockholders in a rights offering;

in transactions not involving market makers or established trading markets, including direct sales or privately negotiated transactions; or

through a combination of any of these methods of sale.

The distribution of the notes may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices or at negotiated prices.

In addition, we may sell some or all of the securities included in this prospectus through:

a block trade in which a broker-dealer will attempt to sell as agent, but may position or resell a portion of the block, as principal, in order to facilitate the transaction;

purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;

ordinary brokerage transactions and transactions in which a broker solicits purchasers; or

privately negotiated transactions.

We may have agreements with agents, underwriters, dealers and remarketing firms to indemnify them against certain civil liabilities, including liabilities under the Securities Act. Agents, underwriters, dealers and remarketing firms, and their affiliates, may engage in transactions with, or perform services for, us in the ordinary course of business. This includes commercial banking and investment banking transactions.

At the time that any particular offering of securities is made, to the extent required by the Securities Act, a prospectus supplement will be distributed setting forth the terms of the offering, including the aggregate number of notes being offered, the purchase price of the notes, the initial offering price of the notes, the names of any underwriters, dealers or agents, any discounts, commissions and other items constituting compensation from us and any discounts, commissions or concessions allowed or reallocated or paid to dealers.

If underwriters are used in the sale, the underwriters will acquire the securities for their own account for resale to the public, either on a firm commitment basis or a best efforts basis. The underwriters may resell the notes from time-to-time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer notes to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the prospectus supplement, the obligations of the underwriters to purchase the notes will be subject to certain conditions. The underwriters may change from time-to-time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

Edgar Filing: Youngs Creek Holdings II LLC - Form S-3

We may also sell the notes through agents designated from time-to-time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

Table of Contents

If dealers are used in the sale of securities, we will sell the notes to them as principals. The dealers may then resell those notes to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

The notes may also be sold directly by us. In this case, no underwriters or agents would be involved.

We may authorize agents, underwriters or dealers to solicit offers by certain institutional investors to purchase offered notes providing for payment and delivery on a future date specified in the prospectus supplement. Institutional investors to which such offers may be made, when authorized, include commercial and savings banks, insurance companies, pension funds, investment companies, education and charitable institutions and such other institutions as may be approved by us. The obligations of any such purchasers under such delayed delivery and payment arrangements will be subject to the condition that the purchase of the offered securities will not at the time of delivery be prohibited under applicable law. The underwriters and such agents will not have any responsibility with respect to the validity or performance of such contracts.

If a prospectus supplement so indicates, underwriters, brokers or dealers, in compliance with applicable law, may engage in transactions that stabilize, maintain or otherwise affect the market price of the notes at levels above those that might otherwise prevail in the open market.

We will bear costs relating to all of the notes being registered under the registration statement of which this prospectus forms a part.

Any broker-dealers or other persons acting on our behalf that participate with us in the distribution of the notes may be deemed to be underwriters and any commissions received or profit realized by them on the resale of the notes may be deemed to be underwriting discounts and commissions under the Securities Act. As of the date of this prospectus, we are not a party to any agreement, arrangement or understanding between any broker or dealer and us with respect to the offer or sale of the notes pursuant to this prospectus.

If more than 5% of the net proceeds of any offering of securities made under this prospectus will be received by a Financial Industry Regulatory Authority ("FINRA") member participating in the offering or its affiliates or associated persons of such FINRA member, the offering will be conducted in accordance with FINRA Rule 5121.

ITEM 15. Indemnification of Directors and Officers***CPE Inc.***

CPE Inc. is a Delaware corporation.

Section 145 of the Delaware General Corporation Law permits a Delaware corporation to indemnify its officers, directors and other corporate agents to the extent and under the circumstances set forth therein. CPE Inc.'s amended and restated certificate of incorporation and amended and restated bylaws provide that it will indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative, by reason of the fact that he is or was CPE Inc.'s director or officer, or is or was serving at CPE Inc.'s request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, in accordance with provisions corresponding to Section 145 of the Delaware General Corporation Law. These indemnification provisions may be sufficiently broad to permit indemnification of CPE Inc.'s executive officers and directors for liabilities, including reimbursement of expenses incurred, arising under the Securities Act.

Pursuant to Section 102(b)(7) of the Delaware General Corporation Law, CPE Inc.'s amended and restated certificate of incorporation eliminates the personal liability of a director to CPE Inc. or its stockholders for monetary damages for a breach of fiduciary duty as a director, except for liabilities arising:

from any breach of the director's duty of loyalty to CPE Inc. or its stockholders;

from acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

under Section 174 of the Delaware General Corporation Law; and

Edgar Filing: Youngs Creek Holdings II LLC - Form S-3

from any transaction from which the director derived an improper personal benefit.

The above discussion of the Delaware General Corporation Law and of CPE Inc.'s amended and restated certificate of incorporation and amended and restated bylaws is not intended to be exhaustive and is respectively qualified in its entirety by the provisions of the Delaware General Corporation Law, CPE Inc.'s amended and restated certificate of incorporation and amended and restated bylaws.

CPE Resources

CPE Resources is a Delaware limited liability company.

Section 18-108 of the Delaware Limited Liability Company Act empowers a Delaware limited liability company to indemnify and hold harmless any member or manager of the limited liability company or other person from and against any and all claims and demands whatsoever.

Section 4.16 of the third amended and restated limited liability company agreement of CPE Resources provides as follows:

4.16 Indemnification.

(a) *Indemnification Rights.* The Company shall indemnify and hold harmless each Indemnitee from and against any and all Liabilities, in which the Indemnitee was involved or may be involved, or threatened to be involved, as a party or otherwise, arising out of or relating to the business of the Company, this Agreement, any Person's status as a Manager, Member, director or officer of the Company or any action taken by any Manager, Member, director or officer of the Company under this Agreement or otherwise on behalf of the Company, regardless of whether the Indemnitee continues to be a Manager, Member, director or officer of the Company, or an Affiliate or Representative of a Manager, Member, director or officer of the Company, to the fullest extent permitted by the LLC Act and all other applicable Laws; *provided* that an Indemnitee shall be entitled to indemnification hereunder only to the extent that such Indemnitee's conduct did not result from gross negligence or willful misconduct. The termination of any proceeding by settlement, judgment, order, conviction, or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that such Indemnitee's conduct resulted from gross negligence or willful misconduct. To the extent any portion of this *Section 4.16* directly conflicts with any of the Transaction Documents, other than this Agreement, such other Transaction Document shall control with respect to the matters set forth therein.

(b) *Expenses.* Expenses incurred by an Indemnitee in defending against any Liability or potential Liability subject to this Section 4.16 shall be, from time to time, promptly advanced by the Company prior to the final disposition of such Liability upon receipt by the Company of an undertaking reasonably acceptable in form and substance to the Manager by or on behalf of the Indemnitee to repay such amount if it shall be determined that such Person is not entitled to be indemnified as authorized in this Section 4.16.

(c) *Indemnification Rights Non-Exclusive; Rights of Indemnified Parties.* The indemnification provided by this Section 4.16 shall be in addition to any other rights an Indemnitee may be entitled under any agreement, as a matter of law or equity, or otherwise. Such indemnification shall continue with respect to an Indemnitee even though it has ceased to serve in any particular capacity and shall inure to the benefit of its heirs, executors, successors, assigns and other legal representatives. The provisions of Section 4.15 and this Section 4.16 shall not supersede any other provisions providing for indemnification of any Indemnitee in any other Transaction Document, including the Master Separation Agreement. To the extent that any provision in Section 4.15 and this Section 4.16 conflict with any other Transaction Document, such other Transaction Document shall control.

(d) *Assets of the Company.* Any indemnification under this Section 4.16 shall be satisfied solely out of the assets of the Company, and no Member or Manager shall be subject to personal liability or required to fund or cause to be funded any obligation by reason of these indemnification provisions.

(e) *Other Liability Insurance.* The Company may purchase and maintain insurance, at the Company's expense, on behalf of such Persons as the Manager shall reasonably determine, against

any liability that may be asserted against, or any expense that may be incurred by, such Person in connection with the activities of the Company and its Subsidiaries or Affiliates regardless of whether the Company would have the obligation to indemnify such Person against such liability under the provisions of this Agreement.

(f) *Calculation of Indemnification.* Any indemnification obligation payable to the Rio Tinto Members arising under this Section 4.16 will be calculated and payable in accordance with Section 6.1 of the Master Separation Agreement.

Finance Corp.

Finance Corp. is a Delaware corporation.

The eighth article of the certificate of incorporation of Finance Corp. provides as follows:

EIGHTH A director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director; provided, however, that the foregoing shall not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the Corporation or its stockholders; (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (iii) under Section 174 of the Delaware GENERAL CORPORATION LAW; or (iv) for any transaction from which the Director derived an improper personal benefit. If the DELAWARE GENERAL CORPORATION LAW is hereafter amended to permit further elimination or limitation of the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the DELAWARE GENERAL CORPORATION LAW as so amended. Any repeal or modification of this Article EIGHTH by the stockholders of the Corporation or otherwise shall not adversely affect any right or protection of a director of the Corporation existing at the time of such repeal or modification. The provisions of this Article EIGHTH shall not be deemed exclusive or in limitation of any other rights to which directors, officers, or others may be entitled under any By-Laws, agreement, vote of stockholders or disinterested directors, or otherwise.

Article VI of the bylaws of Finance Corp. provides as follows:

**ARTICLE VI
INDEMNIFICATION**

SECTION 6.1. *General.* To the fullest extent permitted by law, the Corporation shall indemnify and hold harmless any current or former director or officer from and against any loss, expenses, judgment, settlement cost, fee and related expenses (including attorneys' fees and expenses), costs or damages suffered or sustained by reason of being or having been a director or an officer, or arising out of or in connection with any action or failure to act, unless such act or failure to act was the result of gross negligence or willful misconduct. The Corporation shall advance reasonable attorneys' fees and other costs and expenses incurred by any current or former director or officer in connection with defense of any pending or threatened action of proceeding that arises out of conduct which is the subject of the indemnification provided hereunder, subject to such director's or officer's agreement to reimburse the Corporation for such advance to the extent that it shall finally be determined by a court of competent jurisdiction that such director or officer was not entitled to indemnification under this Section 6.1. Notwithstanding the foregoing, the provisions of this Section 6.1 shall not be construed so as to provide for indemnification for any liability to the extent (but only to the extent) that such indemnification would be in violation of applicable law, but shall be construed so as to effectuate the provisions of this Section 6.1 to the fullest extent permitted by law. The provisions of this Section 6.1 including the indemnification hereof, shall further apply to any director or officer of a predecessor, if any, of the Corporation.

SECTION 6.2. *Rights Not Exclusive.* The indemnification and advancement of expenses provided by, or granted pursuant to, this Article VI shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any law, by-law, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in the indemnified party's official capacity and as to action in another capacity while holding such office.

SECTION 6.3. *Insurance.* The Corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director or an officer of the Corporation, or is or was serving at the request of the Corporation as a director or an officer of another corporation, partnership, joint venture, trust or other enterprise, against any liability incurred by such person in such capacity, or arising out of such person's capacity, whether or not the Corporation would have the power to indemnify the person against the liability under the provisions of this Article VI.

SECTION 6.4. *Definition of "Corporation."* For the purposes of this Article VI, references to "the Corporation" include any constituent corporation absorbed in a consolidation or merger that, if its separate existence had continued, would have had power and authority to indemnify its directors and officers, as well as the resulting or surviving corporation. As a result, any person who is or was a director or officer of such a constituent corporation, or is or was serving at the request of such constituent corporation as a director or officer of another corporation, partnership, joint venture, trust or other enterprise shall stand in the same position under the provisions of this Article VI with respect to the resulting or surviving corporation as he or she would if he or she had served the resulting or surviving corporation in the same capacity.

SECTION 6.5. *Survival of Rights.* The indemnification and advancement of expenses provided by, or granted pursuant to, this Article VI shall continue as to a person who has ceased to be a director or an officer and shall inure to the benefit of the heirs, executors and administrators of such a person.

(c) *Reports, Opinions, and Appraisals*

The following reports, opinions, and appraisals are included herein: None.

ITEM 17. Undertakings

Each undersigned registrant hereby undertakes:

1.

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(a)

To include any prospectus required by section 10(a)(3) of the Securities Act of 1933, as amended (the "Securities Act");

(b)

To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(c)

To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs 1(a), 1(b) and 1(c) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

2.

That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3.

To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (a) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (b) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
5. That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (a) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (b) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (c) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (d) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
6. That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
7. To the extent that the securities are offered to existing security holders pursuant to warrants or rights and any securities not taken by security holders are to be reoffered to the public, to

supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

8.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

9.

To file an application for the purpose of determining the eligibility of the trustee of each of the indentures to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939, as amended (the "Act") in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.
