Roadmap of Voting Matters

Stockholders are being asked to vote on the following matters at the 2019 Annual Meeting of Stockholders:

Proposal 1. Election of Directors (page 18)

The Board of Directors (Board) and the Governance and Nominating Committee believe that the 10 director nominees possess the necessary qualifications, attributes, skills and experiences to provide advice and counsel to the Company's management and effectively oversee the business and the long-term interests of our stockholders.

each Director nominee

Proposal 2. Approval, on a non-binding advisory basis, of NRG Energy, Inc.'s executive compensation (Say on Pay Proposal) (page 27)

The Company seeks a non-binding advisory vote to approve the compensation of its named executive officers as described in the Compensation Discussion and Analysis beginning on page 38 and the compensation tables and respective narrative discussion. The Board values stockholders' opinions, and the Compensation Committee will take into account the outcome of the Say on Pay Proposal when considering future executive compensation decisions.

FOR

Proposal 3. Ratification of the appointment of KPMG LLP as NRG, Energy, Inc.'s independent registered public accounting firm for the 2019 fiscal year (KPMG LLP Appointment Proposal) (page 28)

The Audit Committee and the Board believe that the retention of KPMG LLP as the Company's independent registered public accounting firm for the 2019 fiscal year is in the best interests of the Company and its stockholders. As a matter of good corporate governance, stockholders are being asked to ratify the Audit Committee's selection of KPMG LLP.

[About NRG](#)

NRG is an energy company built on dynamic retail brands with diverse generation assets. NRG brings the power of energy to consumers by producing, selling and delivering electricity and related products and services in major competitive power markets in the U.S. in a manner that delivers value to all of NRG's stakeholders. NRG is perfecting the integrated model by balancing retail load with generation supply within its deregulated markets while evolving to a customer-driven business. The Company sells energy, services, and innovative, sustainable products and services directly to retail customers under the names "NRG" and "Reliant" and other brand names owned by NRG supported by approximately 23,000 MWs of generation as of December 31, 2018. NRG was incorporated as a Delaware corporation on May 29, 1992.

Table of Contents

NRG's strategy is to maximize stockholder value through the safe production and sale of reliable power to its customers in the markets served by the Company, while positioning the Company to provide innovative solutions to the end-use energy consumer. This strategy is designed to enable the Company to optimize the integrated model to generate predictable cash flow, significantly strengthen earnings and cost competitiveness, and lower risk and volatility. Sustainability is an integral piece of NRG's strategy and ties directly to business success, reduced risks and brand value.

To effectuate the Company's strategy, NRG is focused on: (i) serving the energy needs of end-use residential, commercial and industrial customers in competitive markets through multiple brands and channels with a variety of retail energy products and services differentiated by innovative features, premium service, sustainability, and loyalty/affinity programs; (ii) deploying innovative and renewable energy solutions for consumers within its retail businesses; (iii) excellence in operating performance of its existing assets including optimal hedging of generation assets and retail load operations; and (iv) engaging in a proactive capital allocation plan within the dictates of prudent balance sheet management.

Corporate Governance Highlights

We are committed to maintaining the highest standards of corporate governance, which promote the long-term interests of our stockholders, strengthen Board and management accountability and help build public trust in the Company. The Governance of the Company section beginning on page 7 describes our corporate governance framework, which includes the following highlights:

Annual election of directors	Regular executive sessions of independent directors
Majority voting for directors	Risk oversight by full Board and committees
10 director nominees of which 9 are independent	Commitment to sustainability and Board oversight of environmental, social and governance matters
Adopted proxy access for stockholders to nominate directors	Anti-hedging and anti-pledging policies
Independent Audit, Compensation, and Governance and Nominating Committees	Robust director evaluation process
Broad skills, experiences and backgrounds and diversity of race, gender and tenure	

2018 Stockholder Engagement

Stockholder feedback is important to our Board's decision-making process and has driven recent changes to our governance and compensation practices, including changes to our 2017 compensation program, the adoption of proxy access in 2016, and the disclosure of our political contribution policy. An overview of the topics discussed, feedback received, and actions taken are further described under "2018 Stockholder Engagement" beginning on page 10.

Director Skills, Experience, and Background

As discussed in more detail under "Governance of the Company" beginning on page 7, the Governance and Nominating Committee is responsible for assessing with the Board, on an ongoing basis, the appropriate skills, experience, and background that we seek in Board members in the context of our business and the existing composition of the Board.

This assessment includes numerous factors such as independence; understanding of and experience in the retail and wholesale competitive energy market, customer expertise, finance, and operations; executive leadership; age; and gender and ethnic diversity. The Board also assesses whether a nominee's background, experience, personal characteristics, or skills will advance the Board's goal of creating and sustaining a Board that can support and oversee management's execution of the Company's strategic priorities.

The Board is continually evaluating the need for board refreshment and has been focused on identifying individuals whose skills and experiences will enable them to make meaningful contributions to the Company in light of the Company's evolving strategy and direction. The Board also aims to strike a balance between the knowledge and understanding of the business that comes from longer-term service on the Board with the ideas and perspectives that can come from adding new members.

Our Director nominees have a balance of tenure, age and diversity, which provides our Board with a complementary mix of experience and perspective. In addition, nine of our ten Director nominees are independent.

See "Board Skills and Experience" on page 12 for a table identifying the primary skills and experience of our Directors, as well as "Proposal No. 1 Election of Directors" on pages 18-23 for the biographies of our Director nominees and a description of the specific skills and viewpoints that each Director brings to bear in his or her service to NRG's Board and Committees.

Corporate Governance Guidelines and Charters

The Board has adopted Corporate Governance Guidelines (Guidelines) that, along with the Amended and Restated Certificate of Incorporation, the Fourth Amended and Restated Bylaws (Bylaws) and the charters of the committees of the Board (Committees), provide the framework for the governance of the Company. The Board's Governance and Nominating Committee is responsible for periodically reviewing the Guidelines and recommending any proposed changes to the Board for approval. The Guidelines are available on the Governance section of the Company's investor relations website at <http://investors.nrg.com>, along with the charters of all of the Committees and the Company's Code of Conduct. The Guidelines, the charters of all of the Committees and the Code of Conduct are also available in print to any stockholder upon request. Stockholders who desire to receive such items in print may request them from the Company's Corporate Secretary by writing to NRG Energy, Inc., 804 Carnegie Center, Princeton, New Jersey 08540.

Director Independence

Under the Guidelines and the New York Stock Exchange (NYSE) listing standards, a majority of the Board must be composed of independent directors. The Board determines the independence of our directors by applying the independence principles and standards established by the NYSE. These provide that a director is independent only if the Board affirmatively determines that such director does not have a direct or indirect material relationship with the Company, which may include commercial, industrial, consulting, legal, accounting, charitable, familial and other business, professional and personal relationships.

The Board conducts a review of the independence of the Company's directors on an annual basis. In its most recent review, the Board considered, among other things:

Any employment relationships between the Company and its directors (other than Mauricio Gutierrez) or their immediate family members;

Any affiliations of the Company's directors or their immediate family members with the Company's independent registered public accounting firm, compensation consultants, legal counsel and other consultants and advisors;

Any transactions that would require disclosure as a related person transaction or that qualify for review under our related person transactions policy;

Any transactions made in the ordinary course of business with a company in which a director serves on the board or as a member of the executive management team; and

Any transactions involving payments made by the Company to educational institutions.

In addition, because the Company provides retail electricity services through certain of its subsidiaries, the Board also considered instances where certain of our directors either received electricity services from the Company or serve as directors of businesses that received electricity services from the Company.

The Board has determined that all of the Company's directors are independent under the Guidelines and the NYSE listing standards, with the exception of Mauricio Gutierrez, our President and Chief Executive Officer.

Edgar Filing: NRG ENERGY, INC. - Form DEF 14A

Each of the Audit, Compensation, and Governance and Nominating Committees is made up solely of independent directors. In accordance with the Guidelines and NYSE listing standards, all members of the Audit and Compensation Committees meet additional independence standards applicable to audit and compensation committee members, respectively.

I Governance of the Company

Table of Contents

Board Structure and Leadership

Chairman of the Board: Lawrence S. Coben	Majority voting for directors
Number of directors: 10	Separate Chairman and Chief Executive Officer (CEO)
Number of regular meetings in 2018: 5	Regular executive sessions of independent directors
Number of special meetings in 2018: 4	Each Committee led by an independent director
Annual election of directors	Active engagement by all directors

All directors stand for election annually. Each director will hold office until his or her successor has been elected and qualified or until the director's earlier death, resignation or removal.

As of the 2018 Annual Meeting of Stockholders, there were 11 members of the Board. During the 2018 fiscal year, no director attended less than 75% of the total number of Board meetings and meetings of the Committees on which he or she served.

The Guidelines provide that non-executive directors meet in executive session regularly following Board meetings. The Company's Non-Executive Chairman, Mr. Coben, presides at these sessions. Also, pursuant to the Company's Bylaws, Mr. Coben has been designated as an "alternate member" of all Committees to replace any absent or disqualified members of a Committee.

Directors are encouraged to attend the annual meetings of stockholders. All of the directors attended the 2018 Annual Meeting of Stockholders.

Our CEO, Mr. Gutierrez, and Chairman, Mr. Coben, work closely together in complementary roles. Mr. Gutierrez focuses on the day-to-day operations of the Company and establishes the Company's strategic plan. Mr. Coben leads the Board's responsibilities for reviewing, approving and monitoring fundamental financial and business strategies and major corporate actions, assessing major risks facing the Company and management, and overseeing succession planning, most notably at the CEO level, and he presides over the Board and its Committees as they perform their broad and varied oversight functions. The Board believes that these complementary roles provide the appropriate governance structure for the Company at this time.

Since December 2003, NRG's governance structure has been led by a separate CEO and Chairman of the Board. Irrespective of the Company's current practice, the Board believes that an effective board leadership structure is highly dependent on the experience, skills and personal interaction between persons in leadership roles. As stated in the Guidelines, the Board believes that it is in the best interest of the Company for the Board to make a determination regarding separation of the roles of Chairman and CEO based upon the present circumstances.

Governance Practices

The Board has taken a proactive approach in applying leading governance practices, which is evidenced by the Board's recommendation, and our stockholders' subsequent

approval, of the majority voting standard for the election of directors at the 2009 Annual Meeting of Stockholders, the declassification of our Board at the 2012 Annual Meeting of Stockholders and the adoption of proxy access following the 2016 Annual Meeting of Stockholders.

Edgar Filing: NRG ENERGY, INC. - Form DEF 14A

Furthermore, as described in the Guidelines, the Board follows a series of governance practices that it believes foster effective Board oversight and accountability to you, our stockholders. These practices include:

Executive and director stock ownership guidelines to align interests with our stockholders;

Ongoing succession planning for the CEO and other senior management;

Annual performance evaluations of the Board and each of its standing Committees, as well as periodic peer review for individual directors;

Director orientation and continuing education program, including Company site visits and information sessions with Company management;

Access to and engagement of outside advisors and consultants to assist the Board and the Committees in the performance of their duties, as appropriate; and

Active engagement with our stockholders regarding governance practices and other matters.

Proxy Access

Following our 2016 Annual Meeting of Stockholders at which a non-binding proxy access stockholder proposal received the affirmative vote of majority of shares present, we engaged with the stockholder who submitted the proposal. Our Board determined that the best course of action for the Company and our stockholders was to amend our Bylaws to include proxy access. In December 2016, our Board adopted amendments to our Bylaws to implement proxy access. Under the proxy access provisions in our Bylaws, a stockholder (or group of up to 20 stockholders) continuously owning at least 3% of our outstanding common stock for a period of at least three years prior to the date of the nomination may nominate and include in our proxy materials for the following annual meeting director nominees constituting up to 20% of the Board. To do so, the stockholder must submit the information required by Article II, Section 15 of our Bylaws to the Company's Corporate Secretary as described further under "Director Nominees for Inclusion in the Proxy Materials for the 2020 Annual Meeting of Stockholders (Proxy Access)."

Risk Oversight

The Board has responsibility for overall risk oversight of the Company.

Board Committees, especially the Finance and Risk Management Committee, play an important role.

Risk oversight includes understanding the material risks to the business and what steps management is taking or should be taking to manage those risks, as well as understanding and determining the appropriate risk appetite for the Company.

To define the Company's risk appetite, the Board reviews and approves the annual business plan, budget and long-term plan, strategic initiatives, acquisitions and divestitures, and capital allocation plan.

The Board performs its risk oversight function in several ways. The Board monitors, reviews and reacts to strategic and corporate risks through reports by management, including the Enterprise Risk Management team, which is further described below, and through the Committees of the Board. Several Committees of the Board have responsibilities for addressing risk, however, the Board primarily conducts this oversight function through the Finance and Risk Management Committee. The Finance and Risk Management Committee is responsible for company-wide enterprise risk management. The Company's Financial Risk Management Committee, a committee comprised of senior management and key personnel in and around the finance, commercial operations and risk functions, reports to the Board's Finance and Risk Management Committee on a regular basis.

The table below summarizes the significant role the various Board Committees play in carrying out the risk oversight function.

Audit Committee	Reviews and evaluates our policies with respect to risk assessment and risk management. Oversees financial risks, which includes reviewing the effectiveness of our internal controls, conducting a detailed review of the financial portions of our Securities and Exchange Commission (SEC) reports, approving the independent auditor and the annual audit plan, and receiving and considering periodic reports from the Company's independent auditor, our internal auditor and our corporate compliance officer.
Compensation Committee	Oversees risks related to our compensation policies and practices, with input from management and the Compensation Committee's independent outside compensation consultant, Pay Governance LLC (Pay Governance). For more information on the compensation committee's role with respect to oversight of risks related to compensation policies, see "Compensation Discussion and Analysis Oversight of Risks Related to Compensation Policies", beginning on page 47.
Finance and Risk Management Committee	Oversees risks related to our capital structure, liquidity, financings and other capital markets transactions as well as risks related to our trading of fuel, transportation, energy and related products and services, regulatory compliance, and information technology systems and cybersecurity matters and the Company's management of the risks associated with such activities.
Governance and Nominating Committee	Oversees our strategies and efforts to manage our environmental, economic and social impacts, including our environmental, climate change, sustainability and political expenditure policies and programs.
Nuclear Oversight Committee	Oversees risks related to our ownership and operation, directly or indirectly, of interests in nuclear power plant facilities.

The Chairs of each of the Committees regularly report to the Board on all matters reviewed by their respective Committees, thereby providing the Board with the opportunity to identify and discuss any risk-related issues or request additional information from management or the Committees that may assist the Board in its risk oversight role. To this end, risk-related issues presented to the Committees are routinely

presented to the full Board to ensure proper oversight.

2018 Stockholder Engagement

Stockholder feedback is important to our Board's decision-making process and has driven recent changes to our governance and compensation practices, including changes to our 2017 compensation program, the adoption of proxy access in 2016, and the disclosure of our political contribution policy.

In early 2018, we initiated a broad stockholder outreach program to discuss NRG's long-term strategy and sustainability goals, as well as to review and seek feedback on our sustainability, governance, and compensation practices. We reached out to and had discussions with stockholders representing approximately 37% of our shares outstanding. In addition, during 2018, one or more members of management were involved in more than 50 in-person and telephonic meetings with investors representing more than 31% of shares outstanding. Based on the common themes we heard throughout 2018, boardroom discussion and action included the following:

Strategy

Appreciated learning more about the Company's transformation plan and its alignment with long-term shareholder value; and some sought to better understand the Company's capital allocation priorities	See pages 2-3 for a further discussion of the Company's strategy and alignment with long-term shareholder value
--	---

Sustainability

Recognized NRG's position as a leader on sustainability issues and related disclosure initiatives and appreciated that NRG's sustainability priorities have remained consistent following the implementation of the transformation plan	See page 17 for insights into sustainability commitments and undertakings
Wanted to better understand how our Board oversees environmental, social and governance matters	See pages 14-15 for additional information on the Board's oversight of environmental, social and governance matters

Governance

Some investors expressed an interest in disclosure regarding how our Board's skills align with the Company's business strategy	See pages 4 and 12 for additional information on Board skills
Discussed how diversity is considered in the Board refreshment process	See pages 4-5 and 13 for additional information on the composition of the Board and its commitment to board refreshment and diversity
Requested an understanding of the process undertaken by the Board in the context of Board evaluations	See page 10 for additional disclosure on the director evaluation process

Compensation

Appreciation for our responsiveness to stockholder feedback including the adoption of relative total stockholder return-based long-term incentives with above-median target	See pages 38-58 for a discussion of the Company's executive compensation program

Board of Director Annual Performance Evaluation Process

The Board conducts its annual performance evaluation using an open-ended question and answer format in a survey generated by the Corporate Secretary on the Board's web portal. All directors are required to assess the actions taken by the Board during the past year and suggest changes or improvements for each Committee and the Board. The questions give each director an anonymous opportunity to provide candid observations and affirmative feedback to their peers and management. The Governance and Nominating Committee oversees the evaluation process.

Responses from all directors are combined to create an anonymous summary. The summary is used to promote open dialogue during the executive sessions of the February Board and Committee meetings. One-on-one director meetings are also conducted by the Chair of the Governance and Nominating Committee to discuss the results.

The Board believes this process evokes meaningful feedback. The process highlights the Board's commitment to continuous self-improvement by identifying those issues that sometimes require honest and difficult conversations and supports the Board's nomination and refreshment practices.

Following the 2018 annual director evaluation process, the Board continued its refreshment process with the retirement of three directors and the addition of two new directors that allowed the Board to strength its customer-focus expertise.

Director Nominee Selection Process

The Governance and Nominating Committee is responsible for identifying individuals that the Committee believes are qualified to become Board members in accordance with criteria set forth in the Guidelines. These criteria include an individual's business experience and skills, independence, judgment, integrity, and ability to commit sufficient time and attention to the activities of the Board. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all Board members. The Governance and Nominating Committee and the Board consider the Company's strategy and the particular skills, experiences and other qualifications that should be represented on the Board as a whole in light of the Company's strategic direction. Listed below are summaries of specific qualifications that the Governance and Nominating Committee and the Board believe should be represented on the Board among other qualifications that a Director may bring.

The Governance and Nominating Committee's process for identifying and evaluating director nominees includes consultation with all directors, solicitation of proposed nominees from all directors, the engagement of one or more professional search firms, if deemed appropriate, interviews with prospective nominees by the Committee (and other directors, if deemed appropriate) and recommendations regarding qualified candidates to the full Board.

As further described under "Stockholder Recommendations for Director Candidates" on page 68, the Governance and Nominating Committee also considers director candidates recommended by stockholders.

Board Skills and Experience

Our Directors represent a diverse mix of skills, experiences and viewpoints that are relevant to our Company and facilitate effective oversight. To illustrate the complementary nature each Director's skills and experience, the table below only identifies five primary skills and experiences that each Director brings to the Board. It does not include all of the skills, experiences, qualifications, and diversity that each Director offers, and the fact that a particular experience, skill, or qualification is not listed does not mean that a Director does not possess that skills. We believe identifying five primary skills and experiences is a more meaningful presentation of the complementary contributions and value that each Director brings to their service on the Board and to the Company's stockholders. See "Proposal No. 1 Election of Directors" for the biographies of our Director nominees and a description of the skills and viewpoints that each Director brings to bear in his or her service to NRG's Board and Committees.

Table of Contents

Board Diversity

The Board is committed to maintaining a diverse and inclusive Board. Of our ten directors, four (40%) are diverse, including two women. Our Corporate Governance Guidelines specify that the Governance and Nominating Committee must seek to maintain occupational and personal diversity of the Board. In its recruitment process, the Governance and Nominating Committee and the Board seek to reflect gender and racial/ethnic diversity in the pool of director candidates. Diversity also goes beyond race and gender, and includes diversity of viewpoints and tenure. The differences in experience and expertise allow the Board to hear various perspectives from its members, leading to better outcomes and a robust decision making process.

Board Committees

The Board has the following five standing Committees: Audit, Compensation, Governance and Nominating, Finance and Risk Management and Nuclear Oversight. During 2018, the Board determined that the Nuclear Oversight Subcommittee was no longer necessary and disbanded the Committee.

The membership and the functions of each Committee are described below. Each of the Committees has adopted a charter that describes each such Committee's roles and responsibilities. The charters of all of the Committees are available on the Governance section of the Company's investor relations website at <http://investors.nrg.com>.

reviews and discusses with management the Compensation Discussion and Analysis (CD&A) to be included in the Company's proxy statement or annual report on Form 10-K, and based on such review and discussions, recommends to the Board that the CD&A be included in the Company's proxy statement or annual report on Form 10-K, as applicable;

evaluates any conflicts of interest and the independence of any outside advisors engaged by the Compensation Committee;

reviews and oversees the Company's overall compensation strategy, structure, policies, programs, risk profile and any stockholder advisory votes on the Company's compensation practices and assesses whether the compensation structure establishes appropriate incentives for management and employees;

annually evaluates the performance of the Compensation Committee and the adequacy of its charter; and

performs such other responsibilities as may be delegated to it by the Board from time to time that are consistent with its purpose.

The Compensation Committee may delegate to one or more subcommittees such power and authority as the Compensation Committee deems appropriate. No subcommittee shall consist of fewer than two members, and the Compensation Committee may not delegate to a subcommittee any power or authority that is required by any law, regulation or listing standard to be exercised by the Compensation Committee as a whole.

The Compensation Committee has the authority to retain at the expense of the Company such outside counsel, experts, and other advisors as it determines appropriate to assist it in the full performance of its functions, including sole authority to retain and terminate any compensation consultant used to assist the Compensation Committee in the evaluation of directors, or, if applicable, CEO or senior executive compensation, and to approve the consultant's fees and other retention terms.

Edgar Filing: NRG ENERGY, INC. - Form DEF 14A

Pay Governance, the Compensation Committee's independent compensation consultant for fiscal year 2018, assisted with executive pay decisions and worked with the Compensation Committee to formulate the design of the executive compensation program for 2018. For 2018, Pay Governance billed the Company approximately \$146,000 for compensation consultation services.

Sustainability at NRG

NRG has a broad sustainability strategy aimed at embedding sustainability into the culture and fabric of the organization and ensuring that sustainability becomes a core function that touches all aspects of our business. To help create a sustainable energy future, we prioritize our work into five key pillars: (i) sustainable business, (ii) sustainable consumers, (iii) sustainable suppliers, (iv) sustainable operations, and (v) sustainable workplace.

Sustainable Business	Sustainability is an integral piece of NRG's corporate strategy and ties directly to business success, reduced risks and brand value. The Sustainable Business pillar guides our company in the foundational pieces of strong sustainability leadership including governance, transparency, sustainability reporting and stakeholder engagement.
Sustainable Customers	A key aspect of our sustainability strategy is providing sustainable solutions for our customers and helping to lead in the transition to a more sustainable future. Our goals are to continue to provide more clean energy choices and help reduce the overall environmental impacts associated with the energy use of our customers.
Sustainable Suppliers	It is also important for companies to address sustainability in their entire value chain. NRG has established ambitious goals and started to put systems in place to measure and ultimately reduce the impacts in our supply chain. NRG is one of the first companies in the energy sector to include supply chain in its sustainability commitments.
Sustainable Operations	NRG is committed to reducing impacts across all of the Company's operations and generation assets. Our commitment to sustainable operations includes strong goals in reducing greenhouse gas emissions, water use and increasing recycling rates of coal combustion residuals across all facilities.
Sustainable Workplace	The key to NRG's success in working towards and achieving our sustainability goals across the value chain is having a strong, healthy and engaged workforce to lead our organization. Our commitment to a sustainable workforce at NRG includes a focus on worker safety, health and wellness, equity, diversity and employee engagement, as well as environmentally-conscious workplaces.

Our sustainability efforts closely align with our business lines and are organized with cross-functional engagement and strong governance. Each pillar comprises business activities that create value for NRG and its stakeholders. We are committed to positively affecting our communities and reducing the environmental footprint of our fleet while ensuring long-term competitiveness. That includes providing sustainable energy solutions to businesses and residential customers, retrofitting existing plants with environmental controls, executing coal-to-gas conversions and evaluating carbon capture technologies. Most importantly, we maintain an unwavering commitment to safety and reliability.

Communication with Directors

Stockholders and other interested parties may communicate with the Board by writing to the Corporate Secretary, NRG Energy, Inc., 804 Carnegie Center, Princeton, New Jersey 08540. Communications intended for a specific director or directors should be addressed to their attention to the Corporate Secretary at the address provided above. Communications received from stockholders are forwarded directly to Board members as part of the materials mailed in advance of the next scheduled Board meeting following receipt of the communications. The Board has authorized the Corporate Secretary, in his or her discretion, to forward communications on a more expedited basis if circumstances warrant or to exclude a communication if it is illegal, unduly hostile or threatening, or similarly inappropriate. Advertisements, solicitations for periodical or other subscriptions, and other similar communications generally will not be forwarded to the directors.

Table of Contents

The Board of Directors is comprised of 10 members, each of whom will stand for election at the Annual Meeting. Each director will hold office until his or her successor has been elected and qualified or until the director's earlier death, resignation or removal. Each of the nominees for director named in this Proxy Statement have been recommended and nominated by the Governance and Nominating Committee.

The persons named as proxies on the proxy card intend to vote the proxies for the election of the nominees to the Board listed below. Each nominee listed below has consented to being named in this Proxy Statement and to serve as a director if elected. The biography for each director includes the specific experience, qualifications, attributes and skills that led the Board to conclude that the nominee should serve as a director. The Board believes that each of the director nominees has valuable individual skills and experiences that, taken together, provide the Company with the variety and depth of knowledge, judgment and vision necessary to provide effective oversight of the Company.

Secretary Abraham has been a director of NRG since December 2012. Previously, he served as a director of GenOn Energy, Inc. from January 2012 to December 2012. He is Chairman and Chief Executive Officer of The Abraham Group LLC, an international strategic consulting firm based in Washington, D.C. which he founded in 2005. Prior to that, Secretary Abraham served as Secretary of Energy under President George W. Bush from 2001 through January 2005 and was a U.S. Senator for the State of Michigan from 1995 to 2001. Secretary Abraham serves on the boards of the following public companies: Occidental Petroleum Corporation, PBF Energy, Two Harbors Investment Corp. and Uranium Energy Corp. He also serves on the board of C3 IoT, a private company. Secretary Abraham previously served as the non-executive chairman of AREVA, Inc., the U.S. subsidiary of the French-owned nuclear company, and as a director of Deepwater Wind LLC, International Battery, Green Rock Energy, ICx Technologies, PetroTiger and Sindicatum Sustainable Resources. He also previously served on the advisory board or committees of Midas Medici (Utilipoint), Millennium Private Equity, Sunovia and Wetherly Capital. Secretary Abraham joined Blank Rome Government Relations LLC as a Principal on or about May 9, 2016.

Secretary Abraham's nearly two decades at the highest levels of domestic and international policy and politics give him the experience necessary to provide a significant contribution to the Board. As a former U.S. Senator and former U.S. Secretary of Energy who directed key aspects of the country's energy strategy, Secretary Abraham provides the Board unique insight into public policy and regulatory-related issues. Secretary Abraham serves on the board of trustees of California Institute of Technology and Churchill Centre, a non-profit. Secretary Abraham also serves as a committee member of Bretton Woods, a non-profit.

Mr. Weidemeyer has been a director of NRG since December 2003. Until his retirement in December 2003, Mr. Weidemeyer served as Director, Senior Vice President and Chief Operating Officer of United Parcel Service, Inc., the world's largest transportation company and President of UPS Airlines. Mr. Weidemeyer became Manager of the Americas International Operation in 1989, and in that capacity directed the development of the UPS delivery network throughout Central and South America. In 1990, Mr. Weidemeyer became Vice President and Airline Manager of UPS Airlines and, in 1994, was elected its President and Chief Operating Officer. Mr. Weidemeyer became Senior Vice President and a member of the Management Committee of United Parcel Service, Inc. that same year, and he became Chief Operating Officer of United Parcel Service, Inc. in January 2001. Mr. Weidemeyer also serves as a director of The Goodyear Tire & Rubber Co. and Waste Management, Inc., and serves on the Audit Committees of both companies.

Mr. Weidemeyer's executive management experience with a logistics company involving extensive supply chain management brings not only financial and accounting experience, but important skills highly valued both by the Company itself and by its Board of Directors. In addition, Mr. Weidemeyer's service on other boards gives him a direct insight into best practices that is valuable to our Board.

During 2018, the Compensation Committee and Board made certain adjustments to director compensation in order to remain market competitive in consultation with Pay Governance. Total compensation for non-employee directors was increased to \$267,000 from \$225,000 and the Chairperson retainer was increased to \$200,000 from \$160,000. Committee Chair retainers remain unchanged. The total annual compensation received by our directors for their service as Board members and Chairs of the Committees of the Board, if applicable, is described in the chart below.

Annual Cash Retainer	100,000
Annual Equity Retainer	167,000
Annual Chairperson Retainer	200,000
Audit Committee Chair Retainer	35,000
Other Committee Chair Retainer	20,000
Employee Directors	No fees

A non-employee director who is newly appointed to the Board, other than in connection with an annual meeting of stockholders, will receive the Annual Equity Retainer and a pro rata portion of the Annual Retainer upon appointment.

With respect to Chairperson and Committee Chair Retainers, fifty percent (50%) is received in the form of cash and fifty percent (50%) is received in the form of Deferred Stock Units (DSUs). Directors may however elect to receive the cash portion of their annual compensation as DSUs. Each DSU is equivalent in value to one share of NRG's common stock and represents the right to receive one such share of common stock payable at the time elected by the director or immediately if no such election is made, or in the event the director does not make an election with respect to payment in a particular year, in accordance with his or her prior deferral election. In the event that a director's service with the Company is terminated for any reason, other than cause, DSU awards are payable in accordance with such director's deferral election. If a director's service with the Company is terminated for cause, the award is forfeited. In connection with the grants of the DSUs, each non-employee director also receives dividend equivalent rights (DERs) which become exercisable proportionately with the DSUs to which they relate. Similar to its competitive assessment on behalf of the named executive officer compensation, Pay Governance performed a review of director compensation. Results of the review were shared with the Compensation Committee who made a recommendation to the full Board for final approval.

Director Stock Ownership Guidelines

Directors are required to retain all stock received as compensation for the duration of their service on the Board, although they may sell shares as necessary to cover tax liability associated with the conversion of DSUs to common stock. Exceptions to these requirements may be made by the Board under special circumstances. No exceptions to such requirements were made for 2018.

Director Compensation

I

Table of Contents

Under Section 14A of the Exchange Act, the stockholders of the Company are entitled to vote at this year's Annual Meeting to approve the compensation of the Company's named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K (Regulation S-K) of the rules and regulations under the Securities Act of 1933, as amended (Securities Act). Currently, this vote is conducted every year. The next vote will occur at the 2020 Annual Meeting of Stockholders.

As described more fully in the CD&A beginning on page 38, the Company's executive compensation program is designed to attract, retain and reward top executive talent. The intent of the Company's compensation program is to reward the achievement of the Company's annual goals and objectives while supporting the Company's long-term business strategy.

This proposal, commonly known as a "say on pay" proposal, gives stockholders the opportunity to express their views on the Company's named executive officers' compensation. This vote is not intended to address any specific item of

compensation, but rather the overall compensation of the named executive officers as described in this Proxy Statement. Accordingly, the Board recommends that stockholders vote in favor of the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED."

The say on pay vote is advisory and therefore not binding on the Company, the Board or the Compensation Committee. However, the Board and the Compensation Committee value the opinions of the stockholders and to the extent there is a significant number of votes against the named executive officer compensation as disclosed in this Proxy Statement, stockholders' concerns will be considered and the Board and the Compensation Committee will evaluate actions necessary to address those concerns.

Table of Contents

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit the Company's consolidated financial statements. To execute this responsibility, the Audit Committee engages in a thorough annual evaluation of (i) the independent registered public accounting firm's qualifications, performance and independence, (ii) whether the independent registered public accounting firm should be rotated, and (iii) the advisability and potential impact of selecting a different independent registered public accounting firm.

The Audit Committee appointed the firm of KPMG LLP, an independent registered public accounting firm, to audit the consolidated financial statements of the Company and its subsidiaries for the 2019 fiscal year at a meeting held in February. KPMG LLP has been retained as the Company's independent registered public accounting firm continuously

since May 2004. In accordance with SEC rules and KPMG LLP policies, audit partners are subject to rotation requirements to limit the number of consecutive years an individual partner may provide audit services to the Company. For lead and concurring review audit partners, the maximum number of consecutive years of service in that capacity is five years. The Audit Committee is involved in the selection of KPMG LLP's lead audit partner.

The Audit Committee and the Board believe that the continued retention of KPMG LLP to serve as the Company's independent registered public accounting firm for the 2019 fiscal year is in the best interests of the Company and its stockholders. If the stockholders do not ratify the appointment of KPMG LLP, the Audit Committee will reconsider its selection. Representatives of KPMG LLP are expected to attend the Annual Meeting where they will be available to respond to questions and, if they desire, to make a statement.

Proposal No. 3 Ratification of Independent Registered Public Accounting Firm for the 2019 Fiscal
Year

Table of Contents

The Company is not responsible for the content of this stockholder proposal or supporting statement.

The following proposal and supporting statement were submitted by the Comptroller of the City of New York, Scott M. Stringer, on behalf of the New York City Employees' Retirement System, Municipal Building, One Centre Street, Eighth Floor North, New York, New York 10007, which is the beneficial owner of 230,432 shares of the Company's common stock, and which intends to hold such shares of the Company's common stock through the date of the Annual Meeting:

Proposal

Resolved: The shareholders of NRG Energy, Inc. ("NRG Energy") hereby request that the Company prepare and periodically update a report, to be presented to the pertinent board of directors committee and posted on the Company's website that discloses monetary and non-monetary expenditures that NRG Energy makes on political activities, including:

expenditures that NRG Energy cannot deduct as an "ordinary and necessary" business expense under section 162(e) of the Internal Revenue Code (the "Code") because they are incurred in connection with (a) influencing legislation; (b) participating or intervening in any political campaign on behalf of (or in opposition to) any candidate for public office; and (c) attempting to influence the general public, or segments thereof, with respect to elections, legislative matters, or referenda;

contributions to, or expenditures in support of or opposition to political candidates, political parties, and political committees;

dues, contributions or other payments made to tax-exempt "social welfare" organizations and "political committees" operating under sections 501(c)(4) and 527 of the Code, respectively, and to tax-exempt entities that write model legislation and operate under section 501(c)(3) of the Code; and

the portion of dues or other payments made to a tax-exempt entity such as a trade association that is used for an expenditure or contribution and that would not be deductible under section 162(e) of the Code if made directly by the Company.

The report shall identify all recipients and the amount paid to each recipient from Company funds.

Stockholder Supporting Statement

As long-term shareholders, we support transparency and accountability in corporate spending on political activities.

NRG Energy's current political contribution policy requires "complete and accurate disclosures" only "where required" (<http://investors.nrg.com/phoenix.zhtml?c=121544&p=irol-govHighlights>, viewed October 26, 2018). The Company therefore does not currently disclose potentially significant contributions that may be channeled anonymously into the political process through trade associations and non-profit groups that need not disclose contributions. Such payments may far surpass the contributions that must be publicly reported.

Edgar Filing: NRG ENERGY, INC. - Form DEF 14A

Disclosure is consistent with public policy and in the best interest of NRG Energy shareholders. The Supreme Court's 2010 Citizens United decision which liberalized rules for corporate participation in election-related activities recognized the importance of disclosure to shareholders, saying: "[D]isclosure permits citizens and shareholders to react to the speech of corporate entities in a proper way."

In our view, in the absence of a system of transparency and accountability, company assets could be used for policy objectives that may be inimical to the long-term interests of, and may pose risks to, shareholders.

NRG Energy currently lags many energy companies that publicly disclose political spending, including AES Corporation, American Electric Power, Dominion Energy, Edison International, Entergy, Exelon, and Southern Company.

Given the vagaries of the political process and the uncertainty that political spending will produce any return for shareholders, we believe that companies should be fully transparent by disclosing corporate assets spent in this area.

We urge shareholders to vote FOR this resolution.

Board of Directors' Statement in Opposition

The Board recommends a vote "AGAINST" this stockholder proposal for the following reasons:

This is the fourth consecutive year we have received this proposal from the Comptroller of the City of New York. At our 2016, 2017 and 2018 Annual Meeting of Stockholders, the Company's stockholders rejected this proposal with 58.4%, 69.7% and 65.4%, respectively, of votes cast voting against the proposal. The Board believes that this result indicates that our stockholders agreed that the report requested by this proposal (i) is unnecessary due to our system of reporting of political expenditures, (ii) could hinder the Company's ability to pursue its business and strategic objectives, and (iii) would be an unproductive use of time.

Table of Contents

The Board of Directors believes the report requested by this proposal is unnecessary because a system of reporting and accountability for political expenditures already exists and the Company publicly discloses its participation in the political process in support of its business interests, as required by law. The Company is committed to complying and does comply with all applicable laws concerning political expenditures, disclosure, and reporting.

Current law limits the amounts of political expenditures that are permissible (other than to trade associations or organizations formed under Section 501(c)(4) of the Code), restricts the organizations or entities that can receive corporate funding, and establishes a clear accountability system enforced by regulatory agencies in the U.S. In most jurisdictions, campaign finance information for corporate contributions (other than to trade associations or organizations formed under Section 501(c)(4) of the Code) is now easily accessible to the public through the Internet. The Company also contributes to certain trade associations or organizations formed under Section 501(c)(4) of the Code as further discussed below.

The Company has disclosed in its Political Contribution Policy (Policy) the mechanisms and means which govern participation in public policy processes (including political expenditures criteria, management and Board oversight mechanisms). Stockholders and interested parties can access the Policy under the heading "Governance" under the "Investors" Section of our website at www.nrg.com. The Company also requires all of its employees to annually review its policies and procedures pertaining to political contributions in the Company's Code of Conduct. The Code of Conduct is also available to the public under the heading "Governance" on our website at www.nrg.com.

Political Action Committee Contributions As set forth in more detail in the Company's Political Contribution Policy, contributions made by the NRG Energy, Inc. Political Action Committee (NRG PAC) are funded entirely by the voluntary contributions of our employees and no corporate funds are used. Contributions of funds from the NRG PAC are made in accordance with the NRG PAC budget as approved by the NRG PAC board. The NRG PAC maintains its own board of directors comprised of employee representatives from across the Company. The NRG PAC board votes on an annual budget for political expenditures and such expenditures are monitored by the NRG PAC treasurer. The NRG PAC files monthly reports of receipts and disbursements with the Federal Election Commission (FEC), as well as pre-election and post-election reports. These publicly available reports identify the names of candidates supported and amounts contributed by the NRG PAC. In addition, all political contributions to federal candidates over \$200 are publicly disclosed by the FEC.

Corporate Contributions Contributions of funds from any of the Company's state political action committee and all other Company contributions may be made only if permitted under applicable law and with prior written consent of the Company's Chief Compliance Officer and

the Vice President Governmental Affairs. The Company's corporate contributions made directly to political candidates or campaigns (excluding contributions to trade or business associations as further discussed below) have been, and are expected to continue to be, de minimus. With respect to contributions to a political candidate or campaign (excluding contributions to trade or business associations), the average individual contribution and the aggregate annual contributions made by the Company in 2018 were \$2,438 and \$78,000, respectively.

Business and Trade Associations The Company is also a member of various business and trade associations that engage generally in education and advocacy efforts on a number of industry issues. The Company's Policy provides additional information regarding criteria for, and oversight of, the Company's participation in these associations. The political activity of such associations is not necessarily representative of a position of the Company, and the benefits that the Company receives from these trade or business associations are primarily expertise and the ability to gain insight on industry-setting standards. Payments made to business or trade associations are subject to the Company's Political Contribution Policy and are reviewed annually by the Governance and Nominating Committee.

Board Committee Oversight The Company's political activities are reviewed annually by the Governance and Nominating Committee. The Company believes this oversight process ensures accountability and transparency for the Company's corporate political activities.

The Board believes it is in the best interests of the Company's stockholders for the Company to be an effective participant in the political process. Laws and policies enacted at the federal, state and local levels can have a significant impact on the Company and its customers, employees and stockholders. The Company actively encourages public policy that furthers its ability to provide reliable and affordable power to its customers in the markets served by the Company, while adhering to the Company's relentless commitment to safety. The Company's active participation in public policy is appropriate to ensure that public officials are informed about key issues that affect the interests of the Company's customers, employees, stockholders and the communities the Company serves.

Subjecting the Company to additional disclosure requirements could also hinder the Company's ability to pursue its business and strategic objectives. Such additional disclosure would make it easier for competitors and others to discern the Company's public policy and political strategies and implement strategies opposed to the Company's public policy goals, which could prevent the achievement of such goals and negatively affect the Company, its operations and results. The Company believes that its responsible participation in the political process and its

prudent expenditures in connection with such participation are in the best interests of the Company, its stockholders and its customers.

Proposal No. 4 Stockholder Proposal Regarding Disclosure of Political Expenditures

|

Table of Contents

Finally, the Board believes that the report requested by the proposal would be an unproductive use of time. The Board believes existing disclosure of the Company's current policies and practices with regard to political expenditures, together with applicable federal, state and local reporting requirements, provide appropriate transparency of the

Company's political participation. Undertaking the additional obligations required by the stockholder proposal would result in the use of valuable Company resources, unproductive consumption of time, and undue expense to the Company with little, if any, corresponding benefit for stockholders.

Interest in Clearway

NRG formed Clearway in 2013 to own and operate a portfolio of contracted generation assets and thermal infrastructure assets that have historically been owned and/or operated by NRG and its subsidiaries. Prior to August 31, 2018, we held, in the aggregate, 55.1% of the voting interest in Clearway's stock, through our ownership of Class B common stock and Class D common stock of Clearway. In February 2018, NRG entered into a purchase and sale agreement with Global Infrastructure Partners III LP (GIP) (the "NRG Transaction") for the acquisition of NRG's full ownership interest in Clearway and NRG's renewable energy development and operations platform. As a result of the NRG Transaction, which closed on August 31, 2018, NRG ceases to hold any ownership interest in Clearway.

Prior to the closing of the NRG Transaction, NRG provided or arranged to provide Clearway with various management and administration services pursuant to a Management Services Agreement, dated as of July 22, 2013 ("Management Services Agreement"). As part of the services provided, certain executive officers of NRG also served as executive officers of Clearway. These executive officers were not separately compensated for their services to Clearway. Under the Management Services Agreement, Clearway paid a base management fee to NRG, which base management fee was adjusted for inflation annually at an inflation factor based on year-over-year CPI. Clearway also reimbursed NRG for any out-of-pocket fees, costs and expenses incurred in the provision of the management and administration services. For the eight-month period ended August 31, 2018, Clearway incurred a total of approximately \$7 million consisting of management fees of approximately \$6 million and reimbursement for expenses, under the Management Services Agreement. On August 31, 2018, in connection with the consummation of the NRG Transaction, NRG entered into a Termination Agreement with Clearway Energy LLC and Clearway Energy Operating LLC terminating the Management Services Agreement.

Subsequent to the NRG Transaction, NRG entered into a Transition Services Agreement (the "Transition Services Agreement") with Clearway, pursuant to which NRG or certain of its affiliates commenced providing certain services to Clearway following the consummation of the NRG Transaction, in exchange for the payment of a fee in respect of such services. The agreement is effective until the earlier of June 30, 2019 or the date that all services are terminated by Clearway. Clearway may extend the term on a month-by-month basis no later than March 31, 2020 for a fixed monthly fee provided for in the agreement.

Review, Approval or Ratification of Transactions with Related Persons

The Board has adopted written policies and procedures to address potential or actual conflicts of interest and the appearance that decisions are based on considerations other than the best interests of NRG that may arise in connection with transactions with certain persons or entities (Related Person Policy). The Related Person Policy operates in conjunction with our Code of Conduct and is applicable to all "Related Person Transactions," which are all transactions, arrangements or relationships in which:

the aggregate amount involved will or may be expected to exceed \$50,000 in any calendar year;

the Company is a participant; and

any Related Person (as that term is defined below) has or will have a direct or indirect interest.

A "Related Person" is:

Edgar Filing: NRG ENERGY, INC. - Form DEF 14A

any person who is, or at any time during the applicable period was, a director of the Company or a nominee for director or an executive officer;

any person who is known to the Company to be the beneficial owner of more than 5% of the outstanding common stock;

any immediate family member of any of the persons referenced in the preceding two bullets, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of the director, nominee for director, executive officer or more than 5% beneficial owner of common stock, and any person (other than a tenant or employee) sharing the household of such director, nominee for director, executive officer or more than 5% beneficial owner of common stock; and

any firm, corporation or other entity in which any of the foregoing persons is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

A Related Person Transaction is subject to review and approval or ratification by the Governance and Nominating Committee. If the aggregate amount involved is expected to be less than \$500,000, the transaction may be approved or ratified by the Chair of the Governance and Nominating Committee. As part of its review of each Related Person Transaction, the Governance and Nominating Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than the terms generally available to an unaffiliated third-party under the same or similar

circumstances and the extent of the Related Person's interest in the transaction. This Related Person Policy also provides that certain transactions, based on their nature and/or monetary amount, are deemed to be pre-approved or ratified by the Governance and Nominating Committee and do not require separate approval or ratification.

Transactions involving ongoing relationships with a Related Person will be reviewed and assessed at least annually by

the Governance and Nominating Committee to ensure that such Related Person Transactions remain appropriate and in compliance with the Governance and Nominating Committee's guidelines. The Governance and Nominating Committee's activities with respect to the review and approval or ratification of all Related Person Transactions are reported periodically to the Board.

Executive Summary

The objectives of our executive compensation program are to align executive pay with stockholder value and to motivate executives to achieve our corporate goals. This CD&A describes the elements, implementation, and 2018 results of our executive compensation program.

At our 2018 Annual Meeting of Stockholders, we received 98% support for our say on pay proposal. As a result, we believe that our stockholders understand that our pay practices demonstrate our commitment to pay for performance and that our compensation plans are designed to recognize the performance of the Company. We achieved many of our operational and financial goals in 2018, including exceeding our Adjusted Free Cash Flow and Corporate Debt to Corporate EBITDA Ratio targets, despite the challenges in the markets in which we operate.

During 2017, we announced a three-year, three-part plan, referred to as our Transformation Plan, which was designed to significantly strengthen earnings and cost competitiveness, lower risk and volatility, and create significant shareholder value. In 2018, we executed on our Transformation Plan and produced the following results in line with our business strategy:

TSR increased 247% over the three year period ending in 2018 with a correlated increase of \$7.5 billion in market capitalization.

Realized annual cost savings of \$532 million, margin enhancements of \$32 million, and \$333 million of non-recurring working capital improvements.

Achieved the target of reducing consolidated corporate debt to 3.0x net debt/adjusted EBITDA credit ratio.

Completed \$3 billion of asset sales under the Transformation Plan.

Demonstrated another strong year with respect to safety in 2018, achieving top decile performance in our industry.

The achievements in 2018 resulted in payments under the AIP as described in more detail in the section of this CD&A entitled "Annual Incentive Compensation", and our LTIP, as described in more detail in the section of this CD&A entitled "Long-Term Incentive Compensation."

Consistent with the objectives of our compensation program, the accomplishment of our corporate goals and the market performance of our common stock over the three-year performance period directly impacted our compensation decisions and pay outcomes for 2018 as described below.

Due to the increase in TSR of approximately 290% as calculated in accordance with the terms of outstanding MSU awards during the performance period ending January 4, 2019, our NEOs received a payout at 200% of target upon the vesting of their MSU awards that were granted in 2016.

Our compensation program ties a significant portion of our NEOs' overall compensation to the achievement of increases in TSR through our long-term compensation program. In accordance with the intended design of our long-term compensation program, MSU awards for the performance period ending January 2, 2018 (vesting January 2, 2018) had a small increase in TSR during the performance period and vested at 108% of target. However, there was a 290% increase in TSR over the three-year performance period ending January 4, 2019 (vesting January 4, 2019) and, as a result, MSU awards vesting as of such date vested at 200% of target.

The AIP performance metrics were exceeded during 2018, which resulted in payments to our NEOs at levels greater than target.

Our Adjusted Free Cash Flow exceeded target, and our Corporate Debt to Corporate EBITDA Ratio exceeded the maximum; however, Adjusted EBITDA fell just below target. Due to the achievement of the AIP performance metrics, our NEOs received AIP awards at levels above target.

Performance-based equity measured NRG's TSR performance relative to the TSR of a comparator group.

Consistent with market practice, in 2017, we shifted performance-based equity from MSU awards to RPSU awards. For each of the January 2017, 2018 and 2019 grants, NEOs received two-thirds of their equity awards in RPSUs in lieu of MSUs. The quantity of shares received by NEOs upon the vesting of an RPSU award will be a function of the Company's performance ranked against the Performance Peer Group (as defined in Elements of Compensation Relative Performance Stock Units). The Compensation Committee evaluated this comparator group for an

appropriate mix of industry-specific and market-influenced constituents, with a strong mathematical correlation to the Company's stock performance. RPSU awards granted in 2018 and 2019 were updated to limit the maximum award value that an NEO may receive to six times the fair market value of the target award, determined as of the date of grant.

For 2018, our Compensation Committee approved no or modest increases to base salary for our NEOs.

The Compensation Committee approved modest increases of approximately 2% to 2018 base salary compensation for NEOs other than the CEO, who did not receive an increase in base salary.

Executive Compensation Program

2018 Named Executive Officers

This CD&A describes our executive compensation program for our NEOs in 2018. For 2018, the NEOs were:

Current Executives

Mauricio Gutierrez President and Chief Executive Officer

Kirkland Andrews Executive Vice President and Chief Financial Officer

Elizabeth Killinger Executive Vice President, Retail

Christopher Moser Executive Vice President, Operations

Robert Gaudette Senior Vice President, Business Solutions

Former Executives

John Chillemi¹ Executive Vice President, National Business Development

David R. Hill¹ Executive Vice President and General Counsel

¹ Effective March 16, 2018, Mr. Chillemi stepped down from his position as Executive Vice President, National Business Development and Mr. Hill stepped down from his position as Executive Vice President and General Counsel. Messrs. Chillemi and Hill remained with the Company in advisory roles until October 1, 2018 to support the transition of certain development projects for the Company and to support the transition of certain regulatory and government affairs matters, respectively.

Table of Contents

Goals and Objectives of the Program

Our Compensation Committee designs and implements an executive compensation program that:

closely aligns our executive compensation with stockholder value creation, avoiding plans that encourage executives to take excessive risk, while driving long-term value to stockholders;

supports the Company's long-term business strategy, while rewarding our executive team for their individual accomplishments;

allows us to recruit and retain a top-tier executive team in a competitive industry and to motivate our executive team to achieve superior performance for a sustained period; and

provides a competitive compensation opportunity while adhering to market standards for compensation.

The Compensation Committee is responsible for the development and implementation of NRG's executive compensation program. The intent of our executive compensation program is to reward the achievement of NRG's annual goals and objectives and the creation of long-term stockholder value.

The Compensation Committee is committed to aligning executives' compensation with performance. The Compensation Committee's objectives are achieved through the use of both short-term and long-term incentives. The Company currently targets pay at the median of our Compensation Peer Group (defined below). In addition, through the AIP, the NEOs are rewarded for achieving annual corporate and individual goals. Our long-term incentive compensation program is designed to reward our NEOs for long-term TSR.

The Compensation Process

Compensation Consultant

Pursuant to its charter, the Compensation Committee is authorized to engage, at the expense of the Company, a compensation consultant to provide independent advice, support, and expertise to assist the Compensation Committee in overseeing and reviewing our overall executive compensation strategy, structure, policies and programs, and to assess whether our compensation structure establishes appropriate incentives for management and other key employees.

Pay Governance, the Compensation Committee's independent compensation consultant since fiscal year 2015, assisted with executive and director pay decisions and worked with the Compensation Committee to formulate the design of the executive compensation program for 2018.

Pay Governance reported directly to the Compensation Committee and provided no other remunerated services to the Company. Pay Governance also provided services to the Compensation Committee of Clearway Energy, Inc., formerly known as NRG Yield Inc., while it was our majority-owned subsidiary, relating to the design of its director compensation and executive compensation programs for 2018. Clearway Energy, Inc. is currently not a subsidiary or affiliate of the Company. Pay Governance does not provide services for any of our affiliates. In accordance with SEC rules and requirements, the Company has affirmatively determined that no conflicts of interest exist between the Company and Pay Governance (or any individuals working on the Company's account on behalf of Pay Governance).

Compensation Peer Group Analysis

Our 2018 Compensation Peer Group

The Compensation Committee, with support from its advisors, identifies the best possible comparator group within relevant industries. The Compensation Committee performed a review of potential peer companies, considering factors such as industry, scope of operations, market value and relevance from a talent competition standpoint. In addition, a peer of peer analysis was conducted to confirm the appropriateness of potential peer companies and to assess companies that NRG's peers use in their own peer groups. The Compensation Committee then considered

the overall reasonableness of the list of potential peer companies as a whole.

| [Executive Compensation](#)

Table of Contents

The Compensation Committee aims to compare our executive compensation program to a consistent compensation peer group year-to-year, but given the dynamic nature of our industry and the companies that comprise it, we annually examine the list for opportunities for improvement. In light of NRG's focus on its retail and core generation businesses, and with the assistance of Pay Governance, the Compensation Committee identified a new peer group for compensation benchmarking purposes in 2018 (Compensation Peer Group). The updated Compensation Peer Group for 2018 is identified below.

The AES Corporation	AES	UGI Corporation	UGI
Calpine Corporation	CPN	Public Service Enterprise Group, Inc.	PEG
Exelon Corporation	EXC	Vistra Energy Corp.	VST
Centrica plc	CNA ¹		

¹ Listed on the London Stock Exchange.

Elements of Compensation

We use the median percentile of our Compensation Peer Group as a guidepost in establishing the targeted total direct compensation (base salary, annual cash incentive and equity) levels for our NEOs. We expect that, over time, targeted total direct compensation of our NEOs will continue to land near the median of our Compensation Peer Group, and actual pay in a given year will increase or decrease based on the achievement of defined performance-based compensation metrics.

While a portion of our compensation is fixed, a significant percentage is risk-based and payable and/or realizable only if certain performance objectives are met. The following charts illustrate the target percentage of annual fixed compensation, time-based compensation and performance-based compensation payable to our CEO, CFO and other NEOs on an average basis.

Base Salary

Base salary compensates NEOs for their level of experience and position responsibilities and for the continued expectation of superior performance. Recommendations on increases to base salary take into account, among other factors, the NEO's individual performance, the general contributions of the NEO to overall corporate performance, and the level of responsibility of the NEO with respect to his or her specific position.

Edgar Filing: NRG ENERGY, INC. - Form DEF 14A

The Compensation Committee approved modest increases of approximately 2% to 2018 base salary compensation for NEOs other than the CEO, who did not receive an increase in base salary.

Annual Incentive Compensation*Overview*

Annual incentive compensation awards (AIP awards) are made under our AIP. AIP awards are short-term compensation designed to compensate NEOs for meeting annual individual and Company goals, both financial and non-financial. The annual incentive compensation opportunity is defined as a percentage of each NEO's annual base salary. AIP awards are subject to certain requirements, including a threshold Adjusted Free Cash Flow performance metric (AIP Gate). For 2018, the AIP Gate was \$827 million, a level the Compensation Committee believes was appropriate for a minimally acceptable level of financial performance. If the AIP Gate is not achieved, no AIP awards are paid, regardless of performance in any other metrics.

For 2018, the Compensation Committee set the following financial performance metric levels:

Adjusted Free Cash Flow	\$827	\$1,128	\$1,410
Adjusted EBITDA	\$1,280	\$1,829	\$2,014
Corporate Debt to Corporate EBITDA Ratio	3.4x	3.0x	2.8x

In addition, each NEO is evaluated on his or her achievement of individual performance criteria, which include measures that NRG values in the leadership of the business. Such measures may include cost control, succession planning and staff development, and individual performance in furtherance of the Company's goals. Additional criteria may be chosen, as appropriate, and may change from time to time throughout the year. For 2018, individual performance criteria were measured against the achievement of the 2018 components of the Transformation Plan. The 2018

Edgar Filing: NRG ENERGY, INC. - Form DEF 14A

components of the Transformation Plan included the realization of annual cost savings of \$500 million, margin enhancements of \$30 million and the completion of asset sales totaling \$3 billion. The Compensation Committee assesses performance of each NEO relative to the performance criteria applicable to each NEO and adjusts the total AIP award for each NEO by a factor of plus or minus 20%, based on recommendations from the CEO for each NEO other than himself. The Compensation Committee retains sole discretion under the AIP to reduce the amount of, or eliminate any, AIP awards that are otherwise payable under the AIP.

Table of Contents*AIP Award Opportunity*

The target AIP award opportunities for the NEOs for 2018, expressed as a percentage of base salary, are set forth in the table below. Actual AIP payouts can range from fifty percent (50%) of the target percentage to two hundred percent (200%) of the target percentage, which reflects the threshold and maximum AIP award opportunities, respectively.

Current Executives

Mauricio Gutierrez	125	1,537,500
Kirkland Andrews	100	675,485
Elizabeth Killinger	75	397,953
Christopher Moser	75	401,625
Robert Gaudette	50	249,518

Former Executives

John Chillemi	75	280,969 ²
David R. Hill	75	298,628 ²

- 1 This assumes that each of the financial performance metrics and all quantitative and qualitative goals are achieved at target levels.
- 2 As a result of Messrs. Chillemi and Hill stepping down from their positions, payments with respect to the AIP award opportunity were made on a pro-rata basis.

2018 AIP Award Performance Criteria

The AIP award performance criteria applicable to all NEOs are based upon our 2018 corporate business strategy and individual performance. The table below sets forth the 2018 AIP performance criteria and weighting applicable to all NEOs.

Adjusted EBITDA ^{1,2}	35%
Adjusted Free Cash Flow (before growth) ^{1,3}	35%
Corporate Net Debt to Corporate EBITDA Ratio ⁴	30%
Overall Funding	100%
Individual Performance Criteria Modifier	±20%

- 1 Our Statement of Operations and Statement of Cash Flows are found in Item 15 Consolidated Financial Statements to our Annual Report on Form 10-K.
- 2 Net income before interest (including loss on debt extinguishment), taxes, depreciation and amortization (EBITDA), as further adjusted for excluding impairment losses, gains or losses on sales, dispositions or

retirements of assets, any mark-to-market gains or losses from accounting for derivatives, adjustments to exclude the Adjusted EBITDA related to the non-controlling interest, gains or losses on the repurchase, modification or extinguishment of debt, the impact of restructuring and any extraordinary, unusual or non-recurring items plus adjustments to reflect the Adjusted EBITDA from our unconsolidated investments.

- 3 Cash Flow from Operations, excluding changes in nuclear decommissioning trust liability and changes in collateral deposits supporting energy risk management activities, less maintenance and environmental capital expenditures (net of financings) and including net payments to settle acquired derivatives that include financing elements and purchases and sales of emission allowances.
- 4 Corporate Debt is recourse debt to NRG and includes our term loan facility, senior notes, tax exempt bonds and any incremental debt that would either be secured or guaranteed by NRG's guarantor companies or its assets net of cash and cash equivalents. Corporate EBITDA is defined as Adjusted EBITDA (as defined above); less Adjusted EBITDA from non-guarantor companies and equity investments; plus cash distributions from non-guarantor companies and equity investments to the Company and any guarantor of the Company; plus non-cash amortizations excluded by the credit agreement for our senior secured credit facility and the indentures for our senior notes, including equity compensation, nuclear fuel amortization and bad debt expenses.

2018 AIP Payments

As noted above, with respect to AIP awards for 2018, the AIP Gate was \$827 million, the Adjusted Free Cash Flow target was \$1,128 million, the Adjusted EBITDA goal was \$1,829 million, and the Corporate Debt to Corporate EBITDA Ratio goal was 3.0x. For 2018, the AIP Gate was surpassed, the Adjusted Free Cash Flow was above target at approximately \$1,179 million, the Adjusted EBITDA was approximately \$1,824 million, and the Corporate Debt to Corporate EBITDA Ratio achieved maximum at 2.7x. Each NEO received a modifier based on his or her individual contributions to the achievement of the 2018 components of the Transformation Plan.

Long-Term Incentive Compensation

We believe that equity awards directly align our NEOs' interests with those of our stockholders. For our 2018 grants, we awarded our NEOs a combination of RPSU awards, which are based on the Company's TSR performance relative to its peers, and time-based RSU awards. The large majority of long-term incentive compensation (67%) was delivered using RPSUs, demonstrating the Compensation Committee's focus on pay for performance. Due to its retention aspects, we continued to award RSUs, although they comprised only 33% of each NEO's grant date award opportunity for the 2018. We believe that our AIP appropriately focuses our executive team on shorter-term (one-year) financial metrics while emphasizing long-term stockholder value creation (i.e., three-year TSR performance).

Range of LTIP compensation

The aggregate value of equity awards granted to each NEO for fiscal year 2018 was reviewed relative to NEO compensation data from our Compensation Peer Group. Pay Governance provided compensation benchmark data for the Compensation Peer Group, as well as for broader industry practice, to the Compensation Committee. Our practice is to issue annual equity awards on the first trading day of the calendar year. For fiscal year 2018, the grant date was January 2, 2018. The closing price per share of the Company's stock on the grant date was \$28.90 per share.

Relative Performance Stock Units

Each RPSU represents the potential to receive one share of common stock after the completion of three years of service from the date of grant based on the Company's TSR performance ranked against the TSR performance of a strongly correlated comparator group (the Performance Peer Group). Relative measures are designed to compensate for externalities, ensuring the program appropriately reflects management's impact on the Company's TSR by including peer companies and indices that are similarly impacted by market conditions.

The payout of shares of common stock at the end of the three-year performance period will be based on the Company's TSR performance percentile rank, compared with the TSR performance of the Performance Peer Group. The following table illustrates the design of our RPSUs in

Edgar Filing: NRG ENERGY, INC. - Form DEF 14A

2018. Additional details regarding RPSU awards are set forth following the Grants of Plan-Based Awards for Fiscal Year ended December 31, 2018 table.

| [Executive Compensation](#)

Table of Contents

RPSU awards granted in 2018 were updated to limit the maximum award value that an NEO may receive to six times (6x) the fair market value of the target award, determined as of the date of grant.

Restricted Stock Units

Each RSU represents the right to receive one share of common stock after the completion of the applicable vesting period. The RSU awards granted in 2018 vest ratably, meaning that one-third of the award vests each year on the anniversary of the grant date, over a three-year period. Occasionally, the Compensation Committee will use alternate RSU vesting periods, but only on an exception basis, such as for a new-hire with a specific skill set or to serve as an enhanced retention tool.

Market Stock Units

Each MSU represents the potential to receive common stock after the completion of three years of service from the date of grant based on absolute NRG stock price change (plus dividends) versus a baseline. The number of shares of common stock to be paid as of the vesting date for each MSU award is equal to a TSR Multiplier times the target MSUs on the date of grant. The "TSR Multiplier" is the 20-trading day average closing price on the vesting date divided by the 20-trading day average closing price on the grant date, taking into account any dividends issued during the performance period, presumed reinvested as of the ex-dividend date. The TSR Multiplier thresholds and the valuation premium attributable to the awards are the features that tie the value of our MSU awards to NRG's performance. Payout of stock for MSU awards are based on TSR performance over the three-year performance period. In 2017, the Compensation Committee replaced MSU awards with RPSU awards. As a result, the last outstanding MSU awards vested in January 2019.

Dividend Equivalent Rights

In connection with awards of RPSUs, RSUs, and MSUs, each NEO also receives DERs, which accrue with respect to the award to which they relate. Accrued DERs are paid at the same time that the shares of common stock underlying each award are delivered to the NEO. No DERs are paid if the underlying shares fail to vest.

Clawbacks

The Company has a "clawback" policy with regard to awards made under the AIP and LTIP in the case of a material financial restatement, including a restatement that was the result of employee misconduct, or in the case of fraud, embezzlement or other serious misconduct that was materially detrimental to the Company. The Compensation Committee retains discretion regarding application of the policy. The policy is incremental to other remedies that are available to the Company. In addition to NRG's clawback policy, if the Company is required to restate its earnings as a result of noncompliance with a financial reporting requirement due to misconduct, under the Sarbanes-Oxley

Act of 2002 (SOX), the CEO and the CFO would also be subject to a clawback, as required by SOX.

Benefits

NEOs participate in the same retirement, life insurance, health and welfare plans as other salaried employees of the Company. To generally support more complicated financial planning and estate planning matters, in 2018 NEOs were reimbursed for personal financial services up to \$12,000 and \$3,000 for EVPs and SVPs, respectively, not including the financial advisor's travel or out-of-pocket expenses. Additionally, pursuant to the terms of his employment agreement entered into in December 2015, described in more detail in the section entitled "Employment Agreements" below, for 2018, Mr. Gutierrez may receive additional benefits in the form of term life insurance with a death benefit of \$7.75 million, and up to \$10,000 for reimbursement of disability insurance premiums. We also provide certain security measures for Mr. Gutierrez to address safety concerns given his position as our President and CEO. We paid for the initial procurement, installation and maintenance of personal residential security measures for Mr. Gutierrez. This security program is intended to decrease security threats to Mr. Gutierrez, which is in the best interests of the Company and its stockholders. As such, we believe the costs incurred in implementing these security measures are appropriate, reasonable and necessary, and we do not consider Mr. Gutierrez's overall security program to be a prerequisite for his benefit. However, the costs related to Mr. Gutierrez's personal security are reported in the "All Other Compensation" column in the Summary Compensation Table, below. We do not provide any gross-ups on prerequisites for executive officers.

Potential Severance and Change-in-Control Benefits

We choose to pay severance and change-in-control benefits to assist with career transitions of our executives as well as to create an environment that provides for an adequate business transition and knowledge transfer during times of change.

Change-in-control agreements are market practice among publicly-held companies. Most often, these agreements are utilized to encourage executives to remain with the company during periods of extreme job uncertainty and to evaluate a potential transaction in an impartial manner. In order to enable a smooth transition during an interim period, change-in-control agreements provide a defined level of security for the

executive and the company, enabling a more seamless implementation of a particular acquisition or an asset sale or purchase, and subsequent integration.

Pursuant to his employment agreement, Mr. Gutierrez is entitled to severance payments and benefits in the event

of termination of employment under certain circumstances, including following a change-in-control.

Pursuant to the Company's Amended and Restated Executive Change-in-Control and General Severance Plan for Tier IA and Tier IIA Executives (CIC Plan), NEOs other than Mr. Gutierrez are entitled to a change-in-control benefit.

For a more detailed discussion, including the quantification of potential payments, please see the section entitled "Severance and Change-in-Control" following the executive compensation tables below.

Oversight of Risks Related to Compensation Policies

The Compensation Committee is responsible for overseeing risks related to our compensation policies and practices. The Company's Enterprise Risk Management team is responsible for assisting the Compensation Committee with its oversight and analysis of these risks. To assist the Compensation Committee with determining whether the Company's compensation policies and practices subject the Company to unnecessary risk or could potentially motivate employees to take excessive risk, the Company's Enterprise Risk Management team conducted a review of these policies and practices for the 2018 fiscal year and reported to the Compensation Committee its findings as follows:

base salaries are a sufficient component of total compensation to discourage excessive risk taking;

earnings goals under the Company's AIP are based upon its audited financial statements and the Company believes that the goals are attainable without the need to take inappropriate risks or make material changes to the Company's business or strategy;

named executive officers who receive payment under the AIP and the Company's LTIP may be required to reimburse the Company for all or a portion of the payment (commonly referred to as a clawback) if the Company has to prepare an accounting restatement because it is in material noncompliance with any financial reporting requirements or in the case of fraud, embezzlement or other serious misconduct, which discourages risk taking;

the Company uses awards under the LTIP that are typically based upon total stockholder return over three-year periods, such as the RPSU awards and the previously issued MSU awards, which mitigates short-term risk taking;

because incentive compensation has a large equity component, value is best realized through long-term appreciation of stockholder value, especially when coupled with the stock ownership guidelines, which expose the Company's named executive officers to loss of the value of the retained equity if stock appreciation is jeopardized; and

the use of incentive compensation components that are paid or vest over an extended period mitigates against unnecessary or excessive risk taking.

Furthermore, the Enterprise Risk Management team has continued to evaluate and review new or amended compensation policies or practices and has reported its findings to the Compensation Committee, which are consistent with the principles identified above.

As a result of the review, management and the Compensation Committee have concluded that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Anti-Hedging and Anti-Pledging Policies

The Company prohibits executive officers, directors and employees from directly or indirectly engaging in any kind of hedging transaction that could reduce or limit their economic risk with respect to their holdings, ownership or interest in the Company's securities, including prepaid variable forward contracts, equity swaps, collars, puts, calls and options. The Company also prohibits executive officers, directors and employees from directly or indirectly engaging in any transaction in which the Company's securities are being pledged.

Stock Ownership Guidelines

Edgar Filing: NRG ENERGY, INC. - Form DEF 14A

The Compensation Committee and the Board require each NEO to hold NRG stock with a value equal to a multiple of his or her base salary until his or her termination, as set forth in the table below. Personal holdings, vested awards and unvested, time-based RSUs count towards the ownership multiple. Unvested relative performance stock units and non-qualified stock options do not count towards the ownership multiple. Although the NEOs are not required to make purchases of our common stock to meet their target ownership multiple, NEOs are restricted from divesting any securities until such ownership multiples are attained, except in the event of a hardship or to make a required tax payment, and must maintain their ownership multiple after any such transactions. The current stock ownership for NEOs as of March 1, 2019 is shown below, based on the closing share price of \$42.20 on March 1, 2019:

Mauricio Gutierrez	6.0x	21.6x
Kirkland Andrews	2.5x	18.2x
Elizabeth Killinger	2.5x	9.9x
Christopher Moser	2.5x	5.9x
Robert Gaudette	2.0x	5.9x

Tax and Accounting Considerations

Section 162(m) of the Code precludes us, as a public company, from taking a tax deduction for individual compensation to any NEO who is a "covered employee" in excess of \$1 million, subject to certain exemptions. Prior to 2018, the exemptions included an exclusion of performance-based compensation within the meaning of Section 162(m). The Tax Cuts and Jobs Act, enacted in December 2017, however, amended Section 162(m) and eliminated the exclusion of performance-based compensation from the \$1 million limit, subject to certain new exemptions for performance-based compensation that is "grandfathered" compensation within the meaning of amended Section 162(m). The Compensation Committee believes tax deductibility of compensation is an important consideration and, for 2018, the Compensation Committee considered the implications of legislative changes to

Section 162(m) and the possible effect of exemptions for grandfathered plans. However, the Compensation Committee also believes that it is important to retain flexibility in designing compensation programs, and as a result, has not adopted a policy that any particular amount of compensation must be deductible to NRG under Section 162(m).

The Compensation Committee also takes into account tax consequences to NEOs in designing the various elements of our compensation program, such as designing the terms of awards to defer immediate income recognition in accordance with Section 409A of the Code. The Compensation Committee remains informed of and takes into account the accounting implications of its compensation programs. However, the Compensation Committee approves programs based on their total alignment with our strategy and long-term goals.

The amounts provided in the Non-Equity Incentive Plan Compensation column represent values earned under NRG's 2018, 2017 and 2016 AIP payable in March 2019, March 2018, and March 2017, respectively. NEOs were provided the opportunity to earn a cash incentive payment based on the attainment of certain pre-established Company and individual goals for fiscal years 2018, 2017 and 2016. The performance criteria and weight given to each NEO are described in detail in this CD&A. The dollar amounts in the table represent payments made for actual 2018, 2017 and 2016 Company performance.

The amounts provided in the All Other Compensation column represent the additional benefits payable by NRG

and include insurance benefits, the employer match under the Company's 401(k) plan, financial counseling services up to \$12,000 and \$3,000 for EVPs and SVPs, respectively, including the financial advisor's travel or out-of-pocket expenses, and the amount payable under NRG's all-employee discretionary contribution to the 401(k) plan. The amounts provided in the All Other Compensation column also include termination payments to Messrs. Chillemi and Hill, which consists of severance payments and a lump sum payment for accrued but unused paid time off, as well as payments for the security program for Mr. Gutierrez. 2018 Annual Incentive Plan

NEOs were provided the opportunity to earn an AIP awards based on the attainment of certain pre-established Company and individual goals for fiscal year 2018. The performance criteria and weight given to each are described in detail in the CD&A. The dollar amount of the possible AIP award payments for achieving the threshold, target or maximum levels of performance during the fiscal year 2018 are shown in the above table. If the Company is required to prepare an accounting restatement because it is in material noncompliance with any financial reporting requirements, then any NEO who has received a payment under the AIP may be required to reimburse the Company for all or a portion of the payment (commonly referred to as a clawback).

2018 Long-Term Equity Incentives

Long-term equity incentive grants to NEOs in 2018 consisted of RPSU awards and RSU awards. Consistent with

our policy, these awards were granted to NEOs as of the first trading day of the fiscal year, i.e., January 2, 2018. Awards under the Company's LTIP contain a "double trigger" provision, meaning the vesting of the awards will not accelerate unless there is a termination of employment in connection with a change-in-control.

Relative Performance Stock Units

Each RPSU represents the potential to receive common stock after the completion of three years of service from the date of grant based on the Company's TSR performance ranked against the TSR performance of the Performance Peer Group. The payout of shares of common stock at the end of the three-year performance period will be based on the Company's TSR performance percentile rank, compared with the TSR performance of the

Table of Contents

Performance Peer Group. To ensure a rigorous program design, the target-level payout (100% of shares granted) requires the Company to perform above median, at the 55th percentile. To induce management to achieve greater than target-level performance in a down market, in the event that NRG's TSR performance declines by more than 15% over the performance period, target-level payout (100% of shares granted) will require an even greater achievement at the 65th percentile performance. The Compensation Committee believes that this increased performance requirement addresses the concern that a disproportionate award may be paid in the event that our relative performance is high, but absolute performance is low.

In the event relative performance is below the 25th percentile, the award is forfeited. In the event relative performance is at the 25th percentile, the quantity of shares paid out is equal to 25% of target. In the event relative performance is between the 25th percentile and the 55th percentile (or the 65th percentile if our TSR performance declines by more than 15% over the performance period), payout will be based on an interpolated calculation. In the event relative performance reaches the 55th percentile (or the 65th percentile if our TSR performance declines by more than 15% over the performance period), 100% of the target award will be paid. In the event relative performance is between the 55th percentile (or the 65th percentile if our TSR performance declines by more than 15% over the performance period) and the 75th percentile, payout will be based on an interpolated calculation. In the event relative performance is at or above the 75th percentile, the quantity of shares paid out is equal to 200% of target. RPSU awards granted in 2018 were updated to limit the maximum award value that an NEO may receive to six times the fair market value of the target award, determined as of the date of grant.

If the NEO's employment is terminated as a result of a change-in-control, a final RPSU award, if any, will be determined by the Compensation Committee. If the NEO's employment is terminated for any reason other than death, a qualifying disability, a qualifying retirement, or, with respect to any NEO who is a SVP at the time of grant, an eligible termination (as described below), including, without limitation, termination of service as a result of voluntary resignation or termination for cause, the RPSU award will expire and be forfeited. In the event of a termination of service by reason of death or a qualifying disability, whereby the NEO's employment is terminated due to a total and permanent disability, the RPSU award will vest in full at the

target level and the common stock underlying the award will be issued to the NEO or in the case of death, the NEO's legal representatives, heirs, legatees, or distributees. A qualifying retirement occurs in the event that an NEO, who is at least 55 years of age at the time of retirement, retires with more than 10 years of service to the Company. In such event, if the retirement occurs at least 12 months after the grant date, the final RPSU award will continue to vest throughout the remainder of the performance period. In addition to these rights, SVPs who are such at the time of grant are also entitled to a pro-rata award in the event of an eligible termination, which means an involuntary termination of service in connection with the sale of a business segment, restructuring or reduction in workforce.

Restricted Stock Units

Each RSU represents the right to receive one share of common stock as of the vesting date for the award. RSU awards granted in 2018 vest ratably, meaning that one-third of the award vests each year on the anniversary of the grant date, over a three-year period. If the NEO's employment is terminated as a result of a change-in-control, an RSU award vests in full upon the later of such change-in-control or termination of employment and the common stock underlying the RSU shall be issued and delivered to the NEO. Any unvested portion of the RSU award is forfeited if the NEO's employment is terminated for any reason other than death of the NEO, a qualifying disability, a qualifying retirement, or, with respect to an NEO who is a SVP at the time of grant, an eligible termination (as described below), including, without limitation, termination of service as a result of voluntary resignation or termination for cause. In the event of a termination of service by reason of death or a qualifying disability, whereby the NEO's employment is terminated due to a total and permanent disability, the RSU award will vest in full and the common stock underlying the award will be issued to the NEO or in the case of death, the NEO's legal representatives, heirs, legatees, or distributees. A qualifying retirement occurs in the event that an NEO, who is at least 55 years of age at the time of retirement, retires with more than 10 years of service to the Company. In such event, if the retirement occurs at least 12 months after the grant date, the unvested portion of an RSU award will continue to vest according to the vesting schedule. In addition to these rights, SVPs who are such at the time of the grant are also entitled to a pro-rata award in the event of an eligible termination, which means an involuntary termination of service in connection with the sale of a business segment, restructuring or reduction in workforce.

John Chillemi	NRG Pension Plan for Non-Bargained Employees	15.25	224,430	0
---------------	---	-------	---------	---

David R. Hill

The NRG Pension Plan for Non-Bargained Employees provides qualified retirement income benefits to most NRG employees who were hired prior to December 5, 2003. The plan was closed to new employees as of that date. Mr. Chillemi was the only NEO eligible to receive benefits under this plan. He was covered under the "Final Average Pay" formula which provides a single life annuity equal to 1% of three year average pay times years of credited service. The service period was frozen as of April 1, 2001. However, pay continued to grow. Annual pension earnings included base pay and was capped by the Internal Revenue Service qualified plan pay limit each year. For example, the 2018 pay limit was \$225,000. Pension benefits are 100% vested after five years of service and a participant may retire as early as age 50. At retirement, the participant will receive a monthly annuity. None of the NEOs are covered by any nonqualified pension programs. Actuarial equivalent annuities are determined using factors defined in a plan document. For additional information on the assumptions used in calculating the present value of the accumulated benefit under the plan, see Item 15 Consolidated Financial Statements in our Annual Report on Form 10-K.

Employment Agreements

Mr. Gutierrez serves as the President and CEO of the Company pursuant to the terms of an employment agreement with the Company effective December 3, 2015. The term of the employment agreement will continue until the date that Mr. Gutierrez's employment is terminated by either Mr. Gutierrez or the Company.

Each year, Mr. Gutierrez's base salary will be reviewed and may be increased by the Board. The Board may decrease Mr. Gutierrez's base salary solely in the case of an across the board adjustment for senior executives, but not in excess of the same percentage as other senior executives as a group. Pursuant to the terms of the employment agreement, for the 2018 fiscal year, Mr. Gutierrez is eligible

to receive an annual incentive award with a target amount of up to 125% of his base salary, and an additional maximum incentive award with a target amount of up to 125% of his base salary, each based upon the achievement of criteria determined at the beginning of the fiscal year by the Compensation Committee with input from Mr. Gutierrez.

The employment agreement also provides that Mr. Gutierrez is eligible to participate in the Company's LTIP in accordance with its terms. For the 2019 fiscal year, Mr. Gutierrez's target LTIP award is 425% of his base salary. Mr. Gutierrez is also entitled to health, welfare and retirement benefits, term life insurance of \$7.75 million, five weeks paid vacation, and coverage under the Company's director and officer liability insurance coverage, in addition to reimbursement of reasonable business expenses, financial planning expenses, and disability insurance premiums. Mr. Gutierrez's employment agreement also entitles him to certain severance payments and benefits in the event his employment terminates under certain circumstances. These severance payments and benefits are described and quantified under the section "Severance and

Change-in-Control" below. In addition, under the employment agreement, the Company has agreed to indemnify Mr. Gutierrez against any claims arising as a result of his position with the Company to the maximum extent permitted by law.

The Company has not entered into employment agreements with NEOs other than Mr. Gutierrez.

Severance and Change-In-Control

Mr. Gutierrez

Pursuant to his employment agreement, Mr. Gutierrez may be entitled to severance payments and benefits in the event of termination of employment, including termination following a change-in-control.

| Executive Compensation

Table of Contents

In the event Mr. Gutierrez's employment with the Company is terminated by the Company "without cause" or by Mr. Gutierrez for "good reason" (including a reduction of his base salary), Mr. Gutierrez will be entitled to two times his base salary (without regard for any reduction of base salary); 50% of the bonus he would have received upon satisfaction of the underlying performance conditions, prorated for the number of days he was employed with the Company in the year of termination; immediate vesting of the 2016 LTIP Award to the extent not already vested; reimbursement for COBRA benefits continuation cost for 18 months; and earned but unpaid base salary, bonuses, deferred compensation, vacation pay, and retirement benefits.

In the event Mr. Gutierrez's employment with the Company is terminated by the Company "without cause" or by Mr. Gutierrez for "good reason" (including a reduction on his base salary), each within 24 months following a change-in-control, in lieu of the above severance benefits, Mr. Gutierrez will be entitled to three times the sum of (i) his base salary (without regard for any reduction of base salary) and (ii) his target annual bonus for the year of termination. Mr. Gutierrez will also be entitled to a payment equal to the bonus he would have received upon satisfaction of the underlying performance conditions, prorated for the number of days he was employed with the Company in the year of termination; immediate vesting of the 2016 LTIP Award to the extent not already vested; reimbursement for COBRA benefits continuation cost for 18 months; and earned but unpaid base salary, bonuses, deferred compensation, vacation pay, and retirement benefits.

In the event Mr. Gutierrez's employment with the Company is terminated due to his death or disability, Mr. Gutierrez (or his estate) will be entitled to receive 50% of the target annual bonus, prorated for the number of days he was employed with the Company in the year of termination; earned but unpaid base salary, bonuses, deferred compensation, vacation pay and retirement benefit.

As the Company has eliminated all tax gross-ups for all NEOs, if an excise tax under section 4999 of Internal Revenue Code (Code) would be triggered by any payments under the employment agreement or otherwise upon a change in control, the Company will either (a) pay Mr. Gutierrez any amounts subject to section 4999 of the Code (and Mr. Gutierrez will be responsible for the excise tax), or (b) reduce such payments so that no amounts are subject to section 4999 of the Code, whichever results in a better after-tax amount for Mr. Gutierrez (known as the "best net" approach).

Under Mr. Gutierrez's employment agreement, Mr. Gutierrez agrees not to divulge confidential information and, during and for a period of one year after the termination of the employment agreement, disparage or compete with the Company, or solicit the customers or employees of the Company.

All Other NEOs

Under the CIC Plan, the NEOs other than Mr. Gutierrez are entitled to a general severance benefit equal to 1.5 times base salary in the event of involuntary termination without cause payable in a lump sum amount and reimbursement for COBRA benefits continuation cost for a period of 18 months.

The CIC Plan also provides a change-in-control benefit in the event that within six months prior to or 24 months following a change-in-control, NEO employment is either involuntarily terminated by the Company without cause or voluntarily terminated by the executive for good reason. The change-in-control benefit consists of an amount equal to 2.99 and 2.0 for Executive Vice Presidents and Senior Vice Presidents, respectively, times the sum of the executive's base salary plus the annual target incentive for the year of termination, payable in a lump sum amount; an amount equal to the NEO's target bonus for the year of termination, prorated for the number of days during the performance period that the NEO was employed by the Company; and reimbursement for COBRA benefits continuation cost for a period of 18 months. In the event of a change-in-control, vesting of equity awards will not accelerate unless the NEO is terminated in connection with the change-in-control.

As with Mr. Gutierrez's employment agreement, under the CIC Plan, the applicable executive agrees not to divulge confidential information and, during and for a period of one year after the termination of the employment agreement, disparage or compete with the Company, or solicit the customers or employees of the Company.

In general, a "change-in-control" occurs in the event: (a) any person or entity becoming the direct or indirect beneficial owner of 50% or more of the Company's voting stock, (b) directors serving on the Board as of a specified date cease to constitute at least a majority of the Board unless such directors are approved by a vote of at least two-thirds ($\frac{2}{3}$) of the incumbent directors, provided that a person whose assumption of office is in connection with an actual or threatened election contest or actual or threatened solicitation of proxies including by reason of agreement intended to avoid or settle such contest shall not be considered to be an incumbent director, (c) any reorganization, merger, consolidation, sale of all or substantially all of the assets of the Company or other transaction is consummated and the previous stockholders of the Company fail to own at least 50% of the combined voting power of the resulting entity or (d) the stockholders approve a plan or proposal to liquidate or dissolve the Company.

An involuntary termination for "cause" means the NEO's termination by the Company because of (i) the NEO's conviction of, or agreement to a plea of nolo contendere to, a felony or other crime involving moral turpitude, (ii) willful failure to perform his or her duties or willful gross neglect or willful gross misconduct, (iii) the NEO's performance of any material act of theft, fraud,

malfesance or dishonesty, (iv) the NEO's breach of any written agreement between the NEO and the Company or a violation of the Company's code of conduct or other written policies, and (v) any material breach of the NEO's obligations to the Company with respect to confidentiality, noncompetition, nonsolicitation and nondisparagement. An involuntary termination for any other reason is without "cause." A voluntary termination for "good reason" means the resignation of the NEO in the event of a material reduction in his or her compensation or benefits, a material diminution in his or her title, authority, duties or responsibilities, or the failure of a successor to the Company to assume the CIC Plan. In the case of Mr. Gutierrez only, "good reason" also includes any material failure by the Company to comply with his employment

agreement, his removal from the Board, the failure to elect him to the Board during any regular election, or a change in reporting structure of the Company requiring Mr. Gutierrez to report to anyone other than the Board. The amount of compensation payable to each NEO in each circumstance is shown in the table below, assuming that termination of employment occurred as of December 31, 2018, and including payments that would have been earned as of such date. However, the amounts shown below do not include benefits payable under the 401(k) plan. Messrs. Chillemi and Hill are excluded from the table because their employment terminated on October 1, 2018. The severance payments made to Messrs. Chillemi and Hill are reported in the "All Other Compensation" column in the Summary Compensation Table, above.

CEO Pay Ratio

We believe our executive compensation program must be internally consistent and equitable to motivate our employees to create stockholder value. We monitor the relationship between the compensation of our executive officers and the compensation of our non-managerial employees. For 2018, the total compensation of Mauricio Gutierrez, our President and Chief Executive Officer, of \$8,914,948, as shown in the Summary Compensation Table (CEO Compensation), was approximately 77 times the total compensation of a median employee, calculated in the same manner, of \$115,122.

We calculated the ratio of the pay of our Chief Executive Officer to that of our median employee as permitted under SEC rules. As of December 31, 2018, we and our consolidated subsidiaries had 4,863 employees in the United States and 218 employees located in Australia. As allowed under Item 402 of Regulation S-K, we excluded the 218 employees in Australia from our median employee determination, which represented less than 5% of our total employees.

For purposes of determining the median employee, we compared the total taxable wages as reported on each employee's Form W-2, as of December 31, 2018, for all

individuals, other than our chief executive officer, who were employed by us on December 31, 2018 (whether employed on a full-time, part-time, or seasonal basis). We then identified a median employee from that group for purposes of preparing the ratio of chief executive officer pay to median employee pay. We calculated the compensation for our median employee based upon the same components of compensation used to determine CEO Compensation. We believe that the ratio of CEO Compensation to that of this median employee is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. Given the different methodologies that various public companies will use to determine an estimate of their pay ratio, the estimated ratio reported above should not be used as a basis for comparison between companies.

Realized Pay in 2018

NEO compensation for 2018 consisted of (i) base salary, earned and paid during the 2018 fiscal year, (ii) short-term incentive compensation pursuant to our AIP earned during the 2018 fiscal year, (iii) RSU awards that were granted in January 2016 and vested at the end of the following three-year period, (iv) approximately one-third of RSUs that were granted in January 2017 and January 2018, which vested on the one-year and two-year anniversary of the

Table of Contents

grant date, respectively and (v) MSU awards that were granted in January 2016, whose realized value at the end of the three-year performance period (January 4, 2019) was based upon the Company's TSR performance over the three-year performance period following the grant date.

The Compensation Committee believes that in 2018, the Company's compensation of its NEOs was aligned with our stock performance and our stockholder interests. During the three-year period of January 1, 2015 through December 31, 2018, the Company's TSR increased 247% with an accompanying increase of \$7.5 billion in market capitalization.

By way of comparison, the CEO's target compensation over this period was \$8.7 million comprised of \$1.2 million in 2018 base salary, \$1.5 million with respect to the CEO's 2018 target AIP Award, \$3.2 million in grant date fair value

(GDFV) for the CEO's 2016 target MSU award, and \$2.8 million of GDFV in RSU awards. The RSU GDFV includes the full value of the 2016 three year cliff vesting RSU award, one-third of the 2017 ratable vesting RSU award, and one-third of the 2018 ratable vesting RSU award. The CEO's realized compensation was \$29.1 million comprised of \$1.2 million in 2018 base salary, \$2.4 million in 2018 realized AIP Award, \$17.5 million in MSU vested value, and \$8 million in RSU vested value. Over 95% of the incremental difference between CEO target and realized value is driven by NRG's exceptional TSR performance over the period.

Beginning in 2019, target and realized compensation will no longer include cliff vested RSU awards that fully vest at the end of the respective three-year period.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement required by Item 402(b) of Regulation S-K with management and, based upon such review and discussion, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Compensation Committee:

E. Spencer Abraham
Heather Cox
Anne C. Schaumburg

No member of our Compensation Committee has served as one of our officers or employees at any time. None of our executive officers serves as a member of the compensation committee of any other company that has an executive officer serving as a member of the Board. None of our executive officers serves as a member of the board of directors of any other company that has an executive officer serving as a member of our Compensation Committee.

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of securities ownership and changes in such ownership with the SEC. Officers, directors and greater than ten percent stockholders also are required by SEC rules to furnish us with copies of all Section 16(a) forms they file. Based upon a review of the copies of such forms furnished to us and any written representations that no Forms 5 were required, we believe that all Section 16(a) filing requirements were timely met during the 2018 fiscal year.

The primary purpose of the Audit Committee is to assist the Board in its general oversight of the Company's financial reporting process. The Audit Committee's function is more fully described previously in this Proxy Statement and in its charter. The Audit Committee reviews the charter on an annual basis. The Board annually reviews the New York Stock Exchange listing standards' definition of independence for audit committee members and has determined that each member of the Audit Committee meets that standard. The Board has also determined that two of the three members of the Audit Committee, William E. Hantke and Anne C. Schaumburg, met the requirements of an "audit committee financial expert." The Board has further determined that Matthew Carter, Jr. met the "financial literacy" requirements set forth in the listing standards under the New York Stock Exchange.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. The Company's independent registered public accounting firm for the fiscal year 2018, KPMG LLP, is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles and auditing the Company's internal control over financial reporting.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2018 with the Company's management and has discussed with KPMG LLP the matters required to be discussed. In addition, KPMG LLP has provided the Audit Committee with the written disclosures and the letter required by Statement on the PCAOB Auditing Standard No. 1301, "Communication with Audit Committees," and the Audit Committee has discussed with KPMG LLP their independence. The Audit Committee also reviewed, and discussed with management and KPMG LLP, management's report and KPMG LLP's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

Based on these reviews and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the Securities and Exchange Commission.

Table of Contents**Audit and Nonaudit Fees**

The following table presents fees for professional services rendered by KPMG LLP, our principal independent registered public accounting firm, for the years ended December 31, 2018, and December 31, 2017.

Audit Fees	\$12,301	\$13,714
Audit-Related Fees		
Tax Fees	4,980	3,898
All Other Fees		
Total	\$17,281	\$17,612

Audit Fees

For 2018 and 2017 audit services, KPMG LLP billed us approximately \$12,300,900 and \$13,713,500, respectively, for the integrated audit of the Company's annual consolidated financial statements, internal control over financial reporting, and the review of the Company's quarterly consolidated financial statements on Form 10-Q that are customary under the standards of the Public Company Accounting Oversight Board (United States), and in connection with subsidiary financial statement audits. The audit fees for 2018 include approximately \$2,510,400 of audit fees incurred by Clearway and certain of its consolidated subsidiaries, which amounts were paid directly by Clearway or such consolidated subsidiary, as applicable.

Audit-Related Fees

No audit-related fees were billed to us by KPMG LLP for 2018 and 2017.

Tax Fees

Tax fees relate to services provided for tax compliance, tax planning, advice on mergers and acquisitions, technical assistance, and advice on both domestic and international matters. For 2018 and 2017 tax services, KPMG LLP billed us approximately \$4,980,062 and \$3,897,654, respectively.

All Other Fees

There were no other fees billed to us by KPMG LLP for 2018 and 2017.

Policy on Audit Committee Pre-Approval

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and permissible nonaudit services provided by the independent registered public accounting firm.

Edgar Filing: NRG ENERGY, INC. - Form DEF 14A

The Audit Committee annually reviews and pre-approves services that are expected to be provided by the independent registered public accounting firm. The term of the pre-approval is 12 months from the date of the pre-approval, unless the Audit Committee approves a shorter time period. The Audit Committee may periodically amend and/or supplement the pre-approved services based on subsequent determinations.

Unless the Audit Committee has pre-approved Audit Services or a specified category of nonaudit services, any engagement to provide such services must be pre-approved by the Audit Committee if it is to be provided by the independent registered public accounting firm. The Audit Committee must also pre-approve any proposed services exceeding the pre-approved budgeted fee levels for a specified type of service.

The Audit Committee has authorized its Chair to pre-approve services in amounts up to \$500,000 per engagement. Engagements exceeding \$500,000 must be approved by the full Audit Committee. Engagements pre-approved by the Chair are reported to the Audit Committee at its next scheduled meeting.

Table of Contents

What is the Purpose of the Annual Meeting?

The purpose of the Annual Meeting is to:

1. elect ten directors;
2. approve, on a non-binding advisory basis, the Say on Pay Proposal;
3. ratify the KPMG LLP Appointment Proposal;
4. vote on the Political Expenditures Stockholder Proposal, if properly presented at the meeting;
5. conduct such other business as may properly come before the Annual Meeting and any adjournment or postponement.

Other than these proposals, the Board is not aware of any other matters to be presented for a vote at the Annual Meeting.

Who is Entitled to Vote at the Annual Meeting?

All of our stockholders may attend the Annual Meeting. However, only stockholders who owned our common stock at the close of business on March 1, 2019, the record date for the Annual Meeting, or their duly appointed proxies, are entitled to vote at the Annual Meeting.

Many stockholders hold their shares through a stockbroker, bank, trustee, or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially:

Stockholder of Record If your shares are registered directly in your name with our transfer agent, Computershare, you are considered the stockholder of record of those shares.

Beneficial Owner If your shares are held in a stock brokerage account, or by a bank, trustee, or other nominee, you are considered the beneficial owner of shares held in "street name." As the beneficial owner, you have the right to direct your broker, trustee or nominee on how to vote and you are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you follow the procedures of your broker, trustee or nominee for obtaining a legal proxy. Your broker, trustee, or nominee is obligated to provide you with a voting instruction card for you to use to vote in person at the annual meeting.

How Many Votes do I Have?

You have one vote for each share of our common stock you owned as of the record date for the Annual Meeting.

What are the Recommendations of the Board of Directors?

The Board recommends a vote:

1. **FOR** the election of the director nominees;
2. **FOR** the approval, on a non-binding advisory basis, of the Say on Pay Proposal;
3. **FOR** the ratification of the KPMG LLP Appointment Proposal; and
4. **AGAINST** the Political Expenditures Stockholder Proposal.

If you grant a proxy and any additional matters are properly presented for a vote at the Annual Meeting, either of the persons named as proxy holders, Mauricio Gutierrez or Christine A. Zoino, will have the discretion to vote your shares.

[How Many Votes Must be Present to Hold the Annual Meeting?](#)

We will have a quorum, and will be able to conduct the business of the Annual Meeting, if the holders of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting are represented in person or by proxy at the Annual Meeting. As of the record date, 278,975,616 shares of our common stock, representing the same number of votes, were outstanding. The presence of the holders of at least 139,487,809 shares of our common stock will be required to establish a quorum. Both abstentions and broker non-votes, if any, are counted as present for determining the presence of a quorum. For more information regarding the treatment of abstentions and broker non-votes, see "What are abstentions and broker non-votes and how are they treated?"

Table of Contents

What Vote is Required to Approve Each Proposal?

1. *Election of Directors* The nominees for election as directors at the Annual Meeting will be elected by a majority of the votes cast at the Annual Meeting. A majority of the votes cast means that the number of shares voted "FOR" the director nominee must exceed the number of votes cast "AGAINST" that director nominee. In a contested election, each director nominee will be elected by the vote of a plurality of the shares represented in person or by proxy at the Annual Meeting and entitled to vote on the election of directors. This means that the director nominees who receive the most votes will be elected to fill the available seats on the Board.

2. *Say on Pay Proposal* This proposal requires the affirmative vote of a majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. While this is an advisory vote, the Board and the Compensation Committee value the opinions of stockholders and if there are a significant number of votes against this proposal, the Board and the Compensation Committee will consider stockholders' concerns and evaluate actions necessary to address those concerns.

3. *Ratification of the KPMG LLP Appointment Proposal* This proposal requires the affirmative vote of a majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. If the selection of KPMG LLP as our independent registered public accounting firm is not ratified, the Audit Committee will reconsider its selection.

4. *Political Expenditures Stockholder Proposal* This proposal requires the affirmative vote of a majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. If approved by stockholders, the Political Expenditures Disclosure Proposal, which is advisory in nature, would constitute a recommendation to the Board that the Company provide disclosure regarding its political expenditures.

What are Abstentions and Broker Non-Votes and How are They Treated?

An abstention occurs when a stockholder abstains from voting or does not vote on a proposal. A "broker non-vote" occurs when a broker has not received voting instructions from the beneficial owner and the broker does not have discretionary authority to vote the shares because the proposal is non-routine. Brokers who do not receive instructions from the beneficial owner are entitled to vote on the ratification of KPMG LLP's appointment for the 2019 fiscal year, but not on the other proposals. Broker non-votes and abstentions, if any, will be treated as follows with respect to votes on each of the proposals:

1. Election of Directors	Not considered votes properly cast and therefore will have no effect on this proposal.	No effect on this proposal.
2. Say on Pay Proposal	Counted toward the tabulation of votes on this proposal and will have the same effect as a vote AGAINST this proposal.	No effect on this proposal.
3. Ratification of KPMG LLP's Appointment	Counted toward the tabulation of votes on this proposal and will have the same effect as a vote AGAINST this proposal.	Not applicable since brokers have discretionary authority to vote on this proposal.
4. Political Expenditures Stockholder Proposal, if properly presented at the meeting	Counted toward the tabulation of votes on this proposal and will have the same effect as a vote AGAINST this proposal.	No effect on this proposal.

How Do I Vote?

If you hold shares directly as the stockholder of record, you may vote by granting a proxy or, if you hold shares in street name (through a bank, broker, trustee or other nominee), by submitting voting instructions to your bank, broker, trustee, or nominee. You may vote over the Internet, by telephone, by mail if you have a paper copy of the proxy materials, or in person at the Annual Meeting. Please refer to the summary instructions below and those included on your proxy card or, for shares held in street name, the voting instruction card included by your bank, broker, trustee, or nominee.

Vote By Internet: If you have Internet access, you may submit your proxy from any location in the world 24 hours a day, 7 days a week, up until 11:59 p.m., Eastern Time on April 24, 2019 by visiting the website provided on the Notice of Internet Availability of Proxy Materials (Notice of Availability) or voting instruction card. If you vote by using the Internet, you do not need to return your proxy card or voting instruction card.

Vote By Telephone: If you live in the United States, you may use any touch-tone telephone to vote your proxy toll-free 24 hours a day, 7 days a week, up until 11:59 p.m., Eastern Time on April 24, 2019. The telephone number is printed on your proxy card or voting instruction card. If you vote by telephone, you do not need to return your proxy card or voting instruction card.

Vote By Mail: If you received or requested a paper copy of the materials, you may submit your proxy by signing your proxy card or, for shares held in street name, the voting instruction card included by your broker, trustee, or nominee, and mailing it in the enclosed, postage-paid, addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign, but do not provide instructions, your shares will be voted as the Board recommends. Mark, sign and date your proxy card and return it in the postage-paid envelope provided as soon as possible as it must be received by the Company prior to April 25, 2019, the Annual Meeting date.

Vote In Person: For information on how record holders and beneficial owners of shares held in street name can vote in person, please refer to "How can I vote at the Annual Meeting if I attend in person?" below. Record holders, beneficial owners and legal proxy holders should also refer to "What should I bring to the Annual Meeting if I attend in person?" below for the Annual Meeting admission and voting requirements. Stockholders holding shares in a joint account may attend the meeting if they provide proof of joint ownership, and if each Stockholder follows the admission requirements described below.

May I Change My Vote?

You may change your proxy instructions or revoke your proxy at any time prior to the vote at the Annual Meeting.

For shares held directly in your name, you may accomplish this by: (a) delivering a written notice of revocation bearing a later date than the proxy being revoked, (b) signing and delivering a later dated written proxy relating to the same shares, or (c) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). For shares held in street name, you may change your vote by submitting new voting instructions to your bank, broker, trustee, or nominee, or by obtaining a legal proxy from your broker and voting your shares by ballot at the Annual Meeting.

What Should I Bring to the Annual Meeting if I Attend in Person?

Registration for the Annual Meeting will begin at 8 a.m., Central Time. Please allow ample time for check-in. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting. For admission to the Annual Meeting, all individuals attending must provide personal identification (such as a driver's license or passport), as well as the following:

If you are a record holder (i.e., you hold your shares through our transfer agent, Computershare), you must bring either a copy of the proxy card you received as part of your proxy materials, a copy of your Computershare account statement indicating your ownership of our common stock as of the record date, or the Notice of Availability, if you received one.

If you hold your shares in street name (i.e., through a bank, broker, trustee or other nominee), you must bring either the voting instruction card you received from your bank, broker, trustee or other nominee as part of your proxy materials, a copy of your brokerage statement indicating your ownership of our common stock as of the record date, or the Notice of Availability, if you received one.

If you are not a stockholder, but are attending the meeting as proxy for a stockholder, you must bring a valid legal proxy. If you attend as a proxy for a record holder, you must present a valid legal proxy from the record holder to you. If you attend as a proxy for a street name holder, you must present a valid legal proxy from the record holder (i.e., the bank, broker, trustee or other nominee) to the street name holder that is assignable, as well as a valid legal proxy from the street name holder to you. Stockholders may only appoint one proxy holder to attend the Annual Meeting on their behalf.

bank, broker, trustee or other nominee to furnish you with a legal proxy. You will need to bring proof of ownership as described above and the legal proxy with you to the Annual Meeting and hand it in with a signed ballot that will be provided to you at the Annual Meeting. You will not be able to vote your shares at the Annual Meeting without a legal proxy. If you do not have a legal proxy, you can still attend the Annual Meeting but you will not be able to vote your shares at the Annual Meeting. Accordingly, we encourage you to vote your shares in advance, even if you intend to attend the Annual Meeting. Please note that if you request a legal proxy, any previously executed proxy will be revoked, and your vote will not be counted unless you appear at the Annual Meeting and vote in person or legally appoint another proxy to vote on your behalf.

Record Holders If you are a record holder and wish to vote your shares in person at the Annual Meeting, you will need to bring proof of ownership as described above and a ballot will be provided to you at the Annual Meeting.

What Happens if I Do Not Provide Instructions as to How to Vote?

If you sign your proxy card or voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board.

Where Can I Obtain the List of Stockholders Entitled to Vote?

The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for 10 days prior to the Annual Meeting for any purpose germane to the Annual Meeting, between the hours of 8:30 a.m. and 5:00 p.m., Eastern Time, at our principal executive offices at 804 Carnegie Center, Princeton, New Jersey 08540. Please contact our Corporate Secretary if you wish to review the list of stockholders at our principal executive offices.

Who Pays the Cost of Solicitation of Proxies?

We will pay for the cost of preparing, assembling, printing, mailing and distributing these proxy materials. Our directors, officers and employees may solicit proxies or votes in person, by telephone, or by electronic communication. Such individuals will not receive any additional compensation for these solicitation activities. We have retained MacKenzie Partners, Inc. to assist us in soliciting your proxy for an estimated fee of \$27,500, plus reasonable out-of-pocket expenses. We will also reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and any other solicitation materials to beneficial owners of our common stock.

Who is the Company's Transfer Agent?

Our transfer agent is Computershare. All communications concerning stockholder inquiries can be handled by contacting NRG Energy, Inc. c/o Computershare, Computershare Investor Services, P.O. Box 505000, Louisville, Kentucky 40233-5000, or by telephone at 1-877-498-8861, or 1-781-575-2725 (outside the U.S. and Canada), or (800) 952-9245 (Hearing Impaired-TTY). Their website is: <http://www.computershare.com>. Certificates for transfer and address changes should be sent to: Computershare, P.O. Box 505000, Louisville, Kentucky 40233-5000.

Why Did I Receive a One-Page Notice in the Mail Regarding the Internet Availability of Proxy Materials Instead of a Full Set of Proxy Materials?

Pursuant to rules adopted by the SEC, we are using the Internet as the primary means of furnishing proxy materials to stockholders. Accordingly, we are sending a Notice of Availability to our stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice of Availability or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice of Availability. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings.

Where Can I Find Directions to the Annual Meeting?

Directions to the Annual Meeting can be found on <https://jwmarriotthotelhouston.com>.

What is "Householding"?

We have adopted a procedure approved by the SEC called "householding." Under this procedure, multiple stockholders who share the same last name and address and do not participate in electronic delivery will receive only one copy of the proxy materials or the Notice of Availability. We have undertaken householding to reduce our printing costs and postage fees. Stockholders may elect to receive individual copies of the proxy materials or Notice of Availability at the same address by contacting Broadridge Financial Solutions, Inc. by telephone at

Stockholder Proposals for Inclusion in the Proxy Materials for the 2020 Annual Meeting of Stockholders

In order for a stockholder proposal to be considered for inclusion in our proxy materials for the 2020 Annual Meeting of Stockholders (2020 Annual Meeting), our Corporate Secretary must receive the proposal no later than the close of business on November 14, 2019, the 120th day prior to the first anniversary of the date on which this Proxy Statement was first released to our stockholders in connection with this year's Annual Meeting. If we change the date of the 2020 Annual Meeting by more than 30 days from the anniversary of this year's Annual Meeting, stockholder proposals must be received a reasonable time before we begin to print and mail the proxy materials for the 2020 Annual Meeting in order to be considered for inclusion in the proxy materials.

Proposals must be sent via registered, certified, or express mail (or other means that allows the stockholder to determine when the proposal was received by the Corporate Secretary) to the Corporate Secretary, NRG Energy, Inc., 804 Carnegie Center, Princeton, New Jersey 08540. Proposals must contain the information required under our Bylaws, a copy of which is available upon request to our Corporate Secretary, and also must comply with the SEC's regulations regarding the inclusion of stockholder proposals in company-sponsored proxy materials.

Director Nominees for Inclusion in the Proxy Materials for the 2020 Annual Meeting of Stockholders (Proxy Access)

Eligible stockholders who do not seek to use the advance notice provisions for nomination of directors in Article II, Section 11 of our Bylaws as described below, but who instead intend to nominate a person for election as director under the proxy access provision in our Bylaws for inclusion in our proxy materials for the 2020 Annual Meeting, must comply with the requirements set forth in Article II, Section 15 of our Bylaws and summarized below:

Stockholder Eligibility to Submit Nominees: A stockholder, or group of up to 20 stockholders, continuously owning at least 3% of our outstanding common stock for a period of at least three years prior to the date of the nomination may submit director nominations for inclusion in our proxy materials for the 2020 Annual Meeting.

Number of Nominees: An eligible stockholder or group of stockholders (as described above) may nominate directors constituting up to 20% of the Board.

Deadline: For the 2020 Annual Meeting, our Corporate Secretary must receive the nomination between October 15, 2019 and the close of business on November 14, 2019. If the 2020 Annual Meeting is held earlier than March 26, 2020 or later than May 25, 2020, the nomination must be received by the later of the close of business on (a) the date that is 150 days prior to such annual meeting or (b) the 10th day following the announcement of the date of such annual meeting.

Nomination Information: The nomination must contain the information required by Article II, Section 15 of the Bylaws, a copy of which is available upon request to our Corporate Secretary.

If the stockholder does not meet the applicable deadlines or comply with the requirements of Article II, Section 15 of our Bylaws, we may omit the nomination from our proxy materials for the 2020 Annual Meeting.

Stockholder Proposals and Business to be Brought Before the 2020 Annual Meeting of Stockholders (Without Being Included in the Proxy Materials)

Edgar Filing: NRG ENERGY, INC. - Form DEF 14A

Stockholders intending to present a proposal or nominate a director for election at the 2020 Annual Meeting without having the proposal or nomination included in our proxy materials must comply with the requirements set forth in our Bylaws and summarized below.

Our Bylaws require, among other things, that our Corporate Secretary receive the proposal or nomination no earlier than the close of business on the 120th day, and no later than the close of business on the 90th day, prior to the first anniversary of this year's Annual Meeting, unless the 2020 Annual Meeting is more than 30 days before or more than 70 days after such anniversary date. For our 2020 Annual Meeting, our Corporate Secretary must receive the proposal or nomination between December 27, 2019 and the close of business on January 26, 2020. If the 2020 Annual Meeting is held earlier than March 26, 2020 or later than July 4, 2020, the proposal or nomination should be received no earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of (a) the 90th day prior to the date of the 2020 Annual Meeting or (b) the 10th day following the day on which the date of the 2020 Annual Meeting is first publicly announced by the Company.

The proposal or nomination must contain the information required by Article II, Section 11 of the Bylaws, a copy of which is available upon request to our Corporate Secretary. If the stockholder does not meet the applicable deadlines

The Governance and Nominating Committee will also consider nominations by stockholders who recommend

candidates for election to the Board. A stockholder seeking to recommend a prospective candidate for the Committee's consideration may do so by writing to the Corporate Secretary, NRG Energy, Inc., 804 Carnegie Center, Princeton, New Jersey 08540 and by following the requirements to submit nominees discussed under "Stockholder Proposals and Business to be Brought Before the 2020 Annual Meeting of Stockholders (Without Being Included in the Proxy Materials)."
