CORPORATE GOVERNANCE OF THE COMPANY

BOARD LEADERSHIP STRUCTURE

In March of 2014, Larry C. Glasscock was appointed by our independent directors to serve as our Lead Independent Director. The Lead Independent Director performs the duties specified in the Governance Principles described below and such other duties as are assigned from time to time by the independent directors of the Board. We believe that our Lead Independent Director is performing his duties in an effective manner. Under our Governance Principles, the Lead Independent Director is empowered to:

preside at all meetings of the Board at which the Chairman of the Board ("Chairman") is not present, including executive sessions of the independent directors;

serve as a liaison between the Chairman and the independent directors, including by facilitating communication and sharing of views between the independent directors and the Chairman;

approve materials sent to the Board and advise on such information;

approve meeting agendas for the Board and coordinate with the Chairman with respect to developing such agendas;

approve meeting schedules for the Board to assure there is sufficient time for discussion of all agenda items and coordinate with the Chairman with respect to developing such schedules;

call meetings of the independent directors;

if requested by major shareholders, ensure that he or she is available for consultation and direct communication; and

retain outside advisors and consultants to report directly to the Board on Board-wide matters.

Mr. David Simon has served since 2007 as the Chairman and Chief Executive Officer ("CEO") and since February 15, 2019, also as our President. The Board believes that having Mr. David Simon fill these leadership roles is an appropriate and efficient leadership structure. Together, our Lead Independent Director and the CEO deliver clear leadership, responsibility and accountability, effective decision-making and a cohesive corporate strategy.

Ten of our director nominees are independent under the requirements set forth in the NYSE Listed Company Manual. All of the members of the Audit Committee, Governance and Nominating Committee, and Compensation Committee are independent directors under the listing requirements and rules of the NYSE and other applicable laws, rules, and regulations.

We recognize the importance of refreshing our Board. Consistent with this belief, in the last five years we have appointed four new directors, including two new directors in the last two years.

Today 40% of our independent directors have been on the Board for fewer than five years compared to 12.5% in 2015.

CORPORATE GOVERNANCE OF THE COMPANY

THE BOARD BELIEVES THAT ITS MEMBERS SHOULD:

- exhibit high standards of independent judgment and integrity;
- have a strong record of achievements;
- have an understanding of our business and the competitive environment in which we operate;
- have diverse experiences and backgrounds, including racial and gender diversity; and
- be committed to enhancing shareholder value on a long-term basis and have sufficient time to carry out their duties.

In addition, the Board has determined that the Board, as a whole, should strive to have the right mix of characteristics and skills necessary to effectively perform its oversight responsibilities. The Board believes that directors with one or more of the following professional skills or experiences can assist in meeting this goal:

- leadership of large and complex organizations;
- accounting and finance;
- e-commerce related Internet-based businesses;
- capital markets;
- retail marketing;
- strategic planning;
- real estate acquisitions, development, and operations;
- banking, legal, and corporate governance;
- government and governmental relationships;
- international business; and
- human capital management

THE BOARD'S ROLE IN OVERSIGHT OF RISK MANAGEMENT

While risk management is primarily the responsibility of our management, the Board provides overall risk oversight focusing on the most significant risks we face. We have implemented a Company-wide enterprise risk management process to identify and assess the major risks we face and to develop strategies for controlling, mitigating, and monitoring risk. As part of this process, we gather information throughout our Company on an annual basis to identify and prioritize management of these major risks. The identified risks and risk mitigation strategies are validated with management and discussed with the Audit Committee on an ongoing basis.

The Audit Committee reviews our risk management programs and reports on these items to the full Board. Our Vice President of Audit Services is responsible for supervising the enterprise risk management process and in that role reports directly to the Audit Committee. Other members of senior management who have responsibility for designing and implementing various aspects of our risk management process also regularly meet with the Audit Committee. The Audit Committee discusses our identified financial and operational risks with our CEO and Chief

Financial Officer and receives reports from other members of senior management with regard to our identified risks.

The Compensation Committee is responsible for overseeing risks relating to our compensation policies and practices. Specifically, the Compensation Committee oversees the design of incentive compensation arrangements for our executive officers to implement our pay-for-performance philosophy without encouraging or rewarding excessive risk-taking by our executive officers.

Our management regularly conducts additional reviews of risks, as needed, or as requested by the Board or Audit Committee.

DIRECTOR INDEPENDENCE

The Board has adopted standards to assist it in making determinations of director independence. These standards incorporate, and are consistent with, the definition of "independent" contained in the NYSE Listed Company Manual and other applicable laws, rules and regulations in effect from time to time regarding director independence. These standards are included in our Governance Principles, which are available at governanceprinciples.simon.com. In March 2014, the Board amended and restated the Governance Principles to strengthen the role of the Lead Independent Director. The Board has affirmatively determined that each person nominated by the Board for election as a director by the holders of voting shares of common stock and listed in this Proxy Statement meets these standards and is independent.

Mr. David Simon, Mr. Richard S. Sokolov and Mr. Herbert Simon are our employees and are not independent directors.

POLICIES ON CORPORATE GOVERNANCE

Good corporate governance is important to ensure that the Company is managed for the long-term benefit of its shareholders and to enhance the creation of long-term shareholder value. Each year, the Governance and Nominating Committee reviews our Governance Principles and recommends to the Board any suggested modifications. Also, the Audit Committee obtains reports from management and the Company's senior internal auditing executive that the Company and its subsidiaries are operating in conformity with the Company's Code of Business Conduct and Ethics, which can be found at codeofconduct.simon.com, and advises the Board with respect to the Company's policies and procedures regarding compliance with the Company's Code of Business Conduct and Ethics. In addition, each of the Board's standing committees reviews its written charter on an annual basis to consider whether any changes are required. These charters are located on our website at committeecomposition.simon.com. In addition to clicking on the preceding links, the current version of each of these documents is available by visiting www.simon.com and navigating to "Governance" by clicking on "Investors", or by requesting a printed copy without charge upon written request to our Secretary at 225 West Washington Street, Indianapolis, Indiana 46204.

Table of Contents

CORPORATE GOVERNANCE OF THE COMPANY

We will also either disclose on Form 8-K and/or post on our Internet website any substantive amendment to, or waiver from, a provision of the Code of Business Conduct and Ethics that applies to any of our directors or executive officers.

PROXY ACCESS

Our Amended and Restated By-Laws (the "By-Laws") provide for the ability of a shareholder, or a group of up to 20 shareholders, owning at least three percent of the Company's outstanding Class A common stock continuously for at least three years, to nominate and include in the Company's proxy materials director nominees constituting up to the greater of two nominees or 20% of the number of directors on the Board that the Class A common shareholders are entitled to elect, provided that the shareholders and the nominees satisfy the requirements in our By-Laws.

MAJORITY VOTE STANDARD FOR ELECTION OF DIRECTORS

Our By-Laws provide for a majority of votes cast standard for the election of directors in an uncontested election. The majority of votes cast standard for purposes of the election of director nominees means that in order for a director to be elected, the number of votes cast FOR a director's election must exceed the number of votes cast AGAINST that director's election. Any director who, in an uncontested election, receives a greater number of AGAINST votes than FOR votes must promptly tender his or her resignation to the Board, subject to its acceptance. The Governance and Nominating Committee will promptly consider the tendered resignation and recommend to the Board whether to accept or reject it. Both the Governance and Nominating Committee and the Board may consider any factors they deem appropriate and relevant to their actions. The Board will act on the tendered resignation, taking into account the Governance and Nominating Committee's recommendation. The affected director cannot participate in any part of the process. We will publicly disclose the Board's decision by a press release, a filing with the SEC or other broadly disseminated means of communication within 90 days after the shareholders' vote has been certified.

In a contested election (in which the number of nominees exceeds the number of directors to be elected), the standard for election of directors will be a plurality of the votes cast by the holders of shares entitled to vote on the election of directors, provided a quorum is present.

NOMINATIONS FOR DIRECTORS

The Governance and Nominating Committee will consider director nominees recommended by shareholders. A shareholder who wishes to recommend a director candidate in this manner should send such recommendation to our Secretary at 225 West Washington Street, Indianapolis, Indiana 46204, who will forward it to the Governance and Nominating

Committee. Any such recommendation shall include a description of the candidate's qualifications for Board service, the candidate's written consent to be considered for nomination and to serve if nominated and elected, as well as the addresses and telephone numbers for contacting the shareholder and the candidate for more information. A shareholder who wishes to nominate an individual as a director candidate at an annual meeting of shareholders, rather than either recommend the individual to the Governance and Nominating Committee as a nominee or utilize the proxy access process described above and set forth in Section 1.11 of our By-Laws, shall comply with the advance notice requirements for shareholder nominations set forth in Section 1.10 of our By-Laws.

Our Governance Principles provide that all candidates for election as members of the Board should possess high personal and professional ethics, integrity and values and be committed to representing the long-term interests of our shareholders and otherwise fulfilling the responsibilities of directors as described in our Governance Principles. In 2016, we amended our Governance Principles to clearly reflect and communicate the Board's long-standing diversity goals including, without limitation, the pursuit of racial and gender diversity taking into account the skills and other attributes the Board believes are required for any new director. Our Governance Principles further provide that if our directors simultaneously serve on more than four boards of public companies, including our Board, then the Board or Governance and Nominating Committee must determine that serving on more than four public company boards does not impair the ability of the director to serve as an effective member of our Board. In recommending candidates to the Board for election as directors, the Governance and Nominating Committee will consider the foregoing minimum qualifications as well as each candidate's credentials, keeping in mind our desire, as stated in our Governance Principles, to have a Board representing diverse experiences and backgrounds, as well as expertise in or knowledge of specific areas that are relevant to our business activities. Although we do not have term limits or a mandatory retirement age for our directors, we do believe that periodic board refreshment is beneficial. Consistent with this belief, in the last five years we have appointed four new directors, including two new directors in the last two years.

COMMUNICATIONS WITH THE BOARD

Edgar Filing: SIMON PROPERTY GROUP INC /DE/ - Form DEF 14A

The Board has implemented a process by which our shareholders and other interested parties may communicate with one or more members of our Board, its committees, the Lead Independent Director, or the independent directors as a group in a writing addressed to Simon Property Group, Inc., Board of Directors, c/o Secretary, 225 West Washington Street, Indianapolis, Indiana 46204. The Board has instructed our Secretary to promptly forward all such communications to the specified addressees thereof.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") requires our directors, executive officers and beneficial owners of more than 10% of our capital stock to file reports of ownership and changes of ownership with the SEC and the NYSE. Based on our records and other information, we believe that during the year ended December 31, 2018, all applicable Section 16(a) filing requirements were met.

TRANSACTIONS WITH RELATED PERSONS

On an annual basis, each director and executive officer is obligated to complete a director and officer questionnaire, which requires disclosure of any transactions with us in which the director or executive officer, or any member of his or her immediate family, has or will have an interest. Pursuant to our Code of Business Conduct and Ethics at codeofconduct.simon.com, which is also available in the Governance section of our website at investors.simon.com, the Audit Committee must review and approve all related person transactions in which any executive officer, director, director nominee or more than 5% shareholder of the Company, or any of their immediate family members, had, has or will have a direct or indirect material interest. Pursuant to the charter of the Audit Committee, which is available in the Governance section of our website at investors.simon.com, the Audit Committee may not approve a related person transaction unless (1) it is in, or not inconsistent with, our best interests and (2) where applicable, the terms of such transaction are at least as favorable to us as could be obtained from an unrelated third party. Our Restated Certificate of Incorporation requires that at least a majority of our directors be neither our employees nor members or affiliates of members of the Simon family. Our

Restated Certificate of Incorporation further requires that transactions involving the Company, individually or in our capacity as general partner of our subsidiary, Simon Property Group, L.P. (the "Operating Partnership"), and any entity in which any of the Simons has an interest must, in addition to any other vote that may be required, be approved in advance by a majority of such independent directors. We currently have ten independent directors serving on the Board.

Our General Counsel is charged with reviewing any conflict of interest involving any other employee.

TRANSACTIONS WITH THE SIMONS

Pursuant to management agreements that provide for our receipt of a management fee and reimbursement of our direct and indirect costs, we have managed since 1993 two shopping centers owned by entities in which Mr. David Simon and Mr. Herbert Simon have ownership interests that were not contributed to the Operating Partnership. In addition, in 2018 we assisted Melvin Simon & Associates, Inc. ("MSA") and certain of its affiliates with placement of the property and casualty insurance programs required for certain retail and other commercial buildings and improvements owned by MSA or its affiliates. MSA is owned 30.94% by trusts for the benefit of Mr. Herbert Simon, 3.04% by a trust for the benefit of Mr. David Simon, and by certain other shareholders. In 2018, we received \$3,960,053 in fees and reimbursements from MSA and its affiliates for rendering management and insurance-related services to MSA and its affiliates. These agreements have been reviewed and approved by the Audit Committee. In 2018, we reimbursed Mr. David Simon \$2,644,038 for the Company-related business use of his personal aircraft. Our reimbursement for use of Mr. David Simon's personal aircraft is based upon a below-market hourly cost of operating the aircraft and the verified number of hours used for Company business, plus reimbursement for certain out-of-pocket expenses. These reimbursements were reviewed and approved by the Audit Committee.

We provide MSA with office space and legal, human resource administration, property specific financing and other support services, and MSA paid us \$600,000 for these services in 2018, which is net of our reimbursement of Mr. Herbert Simon for costs incurred to operate his personal aircraft when used for Company related business purposes. These payments and reimbursements were reviewed and approved by the Audit Committee.

PROPOSAL 1: Election of Directors

DIRECTOR COMPENSATION

COMPENSATION OF INDEPENDENT DIRECTORS

The Board believes that competitive compensation arrangements are necessary to attract and retain qualified independent directors. On February 12, 2018, after conducting an extensive review, including analyzing the compensation practices of leading companies of similar size to the Company, under supervision of the Governance and Nominating Committee, and upon recommendation of the Compensation Committee's independent compensation consultant, Semler Brossy, the Board approved changes to the compensation arrangements for independent directors of the Company. These were the first changes made to the overall compensation program for the Board's independent directors since 2015.

The Company continues to compensate its independent directors through the use of annual retainers. After the independent directors are elected, the Company awards each independent director an annual cash retainer of \$110,000, paid quarterly, and makes a restricted stock award with a grant date value of \$175,000 that vests on the first anniversary of the grant date. The restricted stock grants for 2019 will only be made if the Simon Property Group, L.P. 2019 Stock Incentive Plan (the "2019 Plan") is approved by the Company's shareholders at the 2019 Annual Meeting. In addition to the annual cash and restricted stock retainers for service as a director described above, each independent director receives additional annual retainers based on his or her role(s) as a committee chairperson, a committee member or Lead Independent Director. The chairperson of the Audit Committee and the chairperson of the Compensation Committee each are paid an annual retainer of \$35,000. The chairperson of the Governance and Nominating Committee is paid an annual retainer of \$25,000. Each member of the Audit Committee and Compensation Committee is paid a \$15,000 annual retainer. Each member of the Governance and Nominating Committee is paid a \$10,000 annual retainer. The annual retainer for the Lead Independent Director is \$50,000. These committee chairperson, committee member and Lead Independent Director retainers are paid 50% in cash and 50% in restricted stock.

DIRECTOR STOCK OWNERSHIP GUIDELINES

We have a stringent stock retention policy that further aligns our directors' financial interests with those of our shareholders. The Company believes that it is advisable for its independent directors to retain a fixed dollar amount of Company common stock as opposed to a fixed number of common shares. The stock ownership guidelines for each of the Company's independent directors require that each independent director own \$850,000 worth of common stock of the Company (or the equivalent amount of limited partnership units of the Operating Partnership) by no later than six years after the date he or she is elected to the Board. Stock options and unvested shares of restricted stock do not count toward this requirement. The ownership guidelines also require independent directors to hold shares acquired upon the vesting of restricted stock awards received as compensation for their service on the Board and its Committees, together with all dividends paid on such awards utilized to purchase additional shares of the Company's common stock, in the director account of the Company's deferred compensation plan until the director retires, dies or becomes disabled, or otherwise no longer serves as a director.

Any director who is prohibited by law or by applicable regulation of his or her employer from having an ownership interest in our securities will be exempt from this requirement until the restriction is lifted, at which time he or she will have the following six-year period to comply with the ownership guidelines. The Board may grant exceptions on a case by case basis.

As of March 15, 2019, all independent directors of the Board have met or, within the applicable period, are expected to meet, these stock ownership guidelines.

PROPOSAL 2: Advisory Vote to Approve the Compensation of our Named Executive Officers

Our executive compensation program is designed to facilitate long-term shareholder value creation. We believe our focus on pay-for-performance and on corporate governance creates alignment between the interests of our named executive officers ("NEOs") and the interests of the Company's shareholders.

We are asking for shareholder approval, on an advisory or non-binding basis, of the compensation of our NEOs, as disclosed in this Proxy Statement pursuant to Section 14A of the Exchange Act, commonly known as a "Say-on-Pay" vote. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the compensation policies and practices described in this Proxy Statement. For additional information on our NEOs, please refer to the Company's 2018 10-K, Part III, Item 10 Directors, Executive Officers and Corporate Governance.

We will evaluate whether any actions are necessary to address significant concerns as a result of this advisory vote. We currently conduct annual advisory votes on executive compensation, and we expect to conduct the next advisory vote at our 2020 annual meeting of shareholders.

For the reasons discussed above and in this Proxy Statement under the headings "Compensation Discussion and Analysis" and "Executive Compensation Tables," the Board intends to introduce the following resolution at the 2019 Annual Meeting:

"RESOLVED, that the compensation of the Named Executive Officers of the Company, as disclosed in this Proxy Statement under the headings "Compensation Discussion and Analysis" and "Executive Compensation Tables," including the compensation tables and their accompanying narrative discussion, is approved."

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE APPROVAL OF THE ADVISORY RESOLUTION RELATING TO THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

COMPENSATION COMMITTEE REPORT

The Committee reviewed and discussed with management the Compensation Discussion and Analysis section included in this Proxy Statement. Based on its review and these discussions with management, the Committee recommended to the Board that it be incorporated by reference into the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018, and included in the Proxy Statement for the 2019 Annual Meeting of Shareholders.

All references to the "Committee" in this Report are to the Compensation Committee.

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE SUMMARY

The Committee believes that our overall executive compensation program continues to responsibly and effectively incentivize strong long-term performance from our NEOs and service our shareholders' interests. The Committee will continue to review the effectiveness of the Company's executive compensation program as well as continue to consider shareholder feedback in its ongoing review of our executive compensation program. The Simon Property Group, L.P. 1998 Stock Incentive Plan expired on December 31, 2018 (the "1998 Plan"). In March, 2019, upon the Committee's recommendation, the Board unanimously adopted the 2019 Plan, subject to the approval of our shareholders at our 2019 Annual Meeting (see Proposal 4 on page 44).

In 2018, we continued our track record of posting the strongest financial results in our industry. The following are some of the Company's achievements in 2018:

Reported funds from operations ("FFO") in 2018 was \$12.13 per share. This was an 8.2% increase over the Company's reported FFO in 2017 which was \$11.21 per share, and a 15.6% increase over the Company's FFO in 2016 which was \$10.49 per share. See "Where do I find reconciliation of non-GAAP terms to GAAP terms?" in the section of this Proxy Statement titled "Frequently Asked Questions and Answers" on page 57.

As a result of the strong performance of our properties, comparable property net operating income ("NOI") grew 2.3% for our U.S. Malls, Premium Outlets and The Mills and total portfolio NOI increased 3.7%, or more than \$230 million, in 2018. See "Where do I find reconciliation of non-GAAP terms to GAAP terms?" in the section of this Proxy Statement titled "Frequently Asked Questions and Answers" on page 57.

Our U.S. Malls and Premium Outlets once again delivered strong financial and operational results with year-end occupancy near historic highs at 95.9%.

We increased our dividend by 10% over 2017 to a total of \$7.90 per common share.

The Company's strong operating performance in 2018, as described above, together with its performance in 2016 and 2017, led to the Company delivering a CAGR on FFO of 7.2% for the period from January 1, 2016 through December 31, 2018 as shown in the "Reported FFO per Share" graph below. In addition, the Company's 2018 FFO performance exceeded the level required to authorize Target funding of the Company's 2018 Annual Cash Incentive Compensation program. Notwithstanding the foregoing, the Committee, acting on the recommendation of the CEO, elected to fund a lower amount than the amount allocated for such a performance level under the 2018 Annual Cash Incentive program.

Notwithstanding the Company's strong performance in 2018, due to the rigorous performance requirements approved by the Committee at the time the 2016-2018 LTIP Program was established, no LTIP units were earned under our 2016-2018 LTIP Program, because the Company's absolute and relative total shareholder return ("TSR") against the MSCI REIT Index and S&P 500 Index did not reach the required threshold performance level.

COMPENSATION DISCUSSION AND ANALYSIS

In February, 2018 the Committee established and granted awards under a redesigned LTIP Program (the "2018 LTIP Program"). The 2018 LTIP Program has two performance metrics; FFO and relative TSR. The new relative TSR metric uses the FTSE NAREIT Equity Retail Index as the comparator against which the Company's TSR is measured. The Committee currently believes it is the most appropriate index against which to measure the Company's performance, given the relevant

business profiles of the FTSE NAREIT Equity Retail Index constituents.

The Company's 2018 FFO performance is set forth in the table above and the Company's TSR against the FTSE NAREIT Equity Retail Index in 2018 appears in the table below, along with a comparison of the Company's TSR against the S&P 500.

**OBJECTIVES OF OUR EXECUTIVE
COMPENSATION PROGRAM**

Our executive compensation program is designed to accomplish the following objectives:

Retain a group of highly-experienced executives who have worked together as a team for a long period of time and who make major contributions to our success.

Attract other highly qualified executives to strengthen that team and facilitate succession planning.

Motivate executives to contribute to the achievement of corporate and business unit goals as well as individual goals.

Emphasize equity-based incentives with long-term performance measurement periods and vesting conditions.

Align interests of executives with shareholders by linking payouts to performance measures that are designed to promote the creation of long-term shareholder value.

SHAREHOLDER/GOVERNANCE FRIENDLY ASPECTS OF OUR CURRENT EXECUTIVE COMPENSATION PROGRAM

WHAT WE DO

Pay for Performance Annual Cash Incentive Program*Heavy emphasis on performance-based compensation. Annual Cash Incentive Compensation is paid only if certain FFO targets are achieved.*

Pay for Performance LTIP Program*Our LTIP Program is 100% performance-based and is tied to rigorous relative stock price performance goals and achievement of a pre-established growth rate on an objective financial metric.*

Post-Performance Time-Based Vesting on Earned LTIP Units. *LTIP units are earned based on specific performance criteria. Once any units are earned under these programs, executives must remain with the Company for at least an additional one-year period to vest in the LTIP units; however, for certain earned LTIP units there is a two-year vesting period.*

Robust Stock Ownership Guidelines. *Stock ownership guidelines for our CEO and other NEOs are 6x and 3x base salary, respectively. In addition, the CEO and other NEOs must retain shares until he or she retires, dies, becomes disabled or is no longer our employee. All non-employee directors must hold common stock while they serve as directors.*

Double Trigger Equity Acceleration Upon a Change in Control. *All equity grants include double trigger equity acceleration provisions.*

Clawback Policy. *Applies in the event of any material restatement of the Company's financials beginning in 2012, whether or not fraud/misconduct is involved.*

Independent Compensation Consultant. *The Committee has utilized an independent compensation consulting firm, Semler Brossy, since the end of 2011.*

Compensation Risk Assessments. *Conducted annually to evaluate whether the executive compensation program encourages excessively risky behaviors.*

WHAT WE DON'T DO

No Annual Grants of Time-Vested Restricted Stock or Options to our NEOs. *We do not grant awards that are earned solely based on time of service to our NEOs.*

No Excessive Perquisites. *No supplemental executive retirement plans, company cars, club memberships or other significant perquisites.*

No Gross-Ups. *We have never had any arrangements requiring us to gross-up compensation to cover taxes owed by the executives, including excise taxes payable by the executive in connection with a change in control.*

No Excessive Retirement and Health Benefits. *The Company has never had a traditional defined benefit plan.*

No Hedging or Pledging of Company Stock. *Our NEOs and directors are prohibited from engaging in any hedging or pledging of Company stock.*

2018 SAY-ON-PAY VOTE

At our 2018 annual meeting of shareholders the percentage of shares voting that approved our advisory "Say-on-Pay" vote was approximately 96%. The Committee believes that this support level demonstrates a strong alignment among our shareholders, the Company's performance, and our executive compensation program. Accordingly, the Committee did not make any changes to the Company's executive compensation program in direct response to the 2018 "Say-on-Pay" vote.

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE COMPENSATION APPROACH AND PROCESS

ALIGNMENT OF PAY WITH PERFORMANCE

The Committee designs our executive compensation program to provide pay outcomes which are aligned with, and responsive to our operating, financial and market performance in both good and challenging times. Further, we generally believe that a significant majority of the compensation of our CEO and other NEOs should be performance-based in the form of variable pay (annual and long-term incentives) to emphasize our commitment to rewarding excellent performance and

penalizing poor performance. We believe our compensation decisions in the past have been consistent with this belief. Looking back over the last five years, the average percentage of our CEO's compensation that was performance-based, was 89.3% and the average percentage of our other NEOs' compensation that was performance-based, in the form of variable pay, was 82.7%. Our compensation decisions in 2018 were consistent with this approach. The percentage of compensation that was performance-based in 2018 for our CEO and other NEOs, was 89.0% and 81.2%, respectively.

COMPENSATION DISCUSSION AND ANALYSIS

WHAT WE PAY AND WHY: PRINCIPAL ELEMENTS OF COMPENSATION

To accomplish our compensation objectives, we designed our executive compensation program with three major elements: Base Salary, Annual Cash Incentive Compensation, and Performance-Based Long-Term Incentives.

	OBJECTIVES	KEY FEATURES
Base Salary	Provide an appropriate level of fixed compensation that will promote executive recruitment and retention.	Fixed compensation.
Annual Cash Incentive Compensation	Reward achievement of our annual financial and operating goals based on the Committee's quantitative and qualitative assessment of the executive's contributions to that performance.	Variable, short-term cash compensation. Funded upon achievement of threshold FFO level. Allocated based on objective and subjective evaluation of Company, business unit, and individual performance.
2018 Performance-Based Long-Term Incentives	Promote the creation of long-term shareholder value. Align the interests of our executives with the interests of our shareholders. Promote the retention of our executives through a vesting requirement after any are earned.	Variable, performance-based long-term equity compensation. Performance Metrics: ○ Funds From Operations (FFO) (weighted 60%). ○ TSR vs FTSE NAREIT Equity Retail Index (weighted 40%).

Award is composed of a tranche with a three-year performance period and a tranche with a two-year performance period to provide for an equity earning opportunity each year because no grants were made in 2017.

The amount earned on an award will be determined on December 31, 2020.

Tranche with a three-year performance period has an additional one year of vesting and tranche with a two-year performance period has an additional two years of vesting.

Any amounts earned will vest no later than January 1, 2022.

Maximum amount that may be earned is 150% of the Target award.

Rigorous minimum thresholds to receive any payout.

ROLE OF THE INDEPENDENT COMPENSATION CONSULTANT

The Committee has retained Semler Brossy as its independent consultant since 2011. The Consultant reports directly to the Committee and performs no other work for the Company unless directed by the Committee. The Committee has analyzed whether the work of Semler Brossy as a compensation consultant has raised any conflict of interest, taking into consideration the following factors:

- i. The provision of other services to the Company by Semler Brossy;
- ii. The amount of fees from the Company paid to Semler Brossy as a percentage of the firm's total revenue;
- iii.

Semler Brossy's policies and procedures that are designed to prevent conflicts of interest;

- iv. Any business or personal relationship of Semler Brossy or the individual compensation advisors employed by the firm with an executive officer of the Company;
- v. Any business or personal relationship of the individual compensation advisors with any member of the Committee; and
- vi. Any stock of the Company owned by Semler Brossy or the individual compensation advisors employed by the firm.

The Committee has determined, based on its analysis of the above factors, that the work of Semler Brossy and the individual compensation advisors employed by Semler Brossy as compensation consultants to the Company has not created any conflict of interest.

ROLE OF MANAGEMENT IN COMPENSATION DECISIONS

Our CEO provides recommendations to the Committee on the compensation of each of the other NEOs. The CEO develops recommendations using peer group data, assessments of individual performance and achievement of the Company's strategic and tactical plans, the state of the business environment, and input from our human resources department on various factors (e.g., compensation history, tenure, responsibilities, market data for competitive positions and retention concerns). The Committee considers our CEO's recommendations together with the input of our independent compensation consultant; however, all final compensation decisions affecting NEOs' pay are made by the Committee itself. Additionally, all aspects of the CEO's compensation and resulting compensation decisions are determined by the Committee.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****COMPANY PEER GROUP AND COMPENSATION ASSESSMENT**

The Committee uses an industry peer group as a source of data for assessing and determining pay levels for our NEOs. The peer group is reviewed annually, and recalibrated when appropriate, by the Committee's independent compensation consultant. Developing a relevant peer group is challenging because there are no Retail REITs of comparable size, complexity and breadth. Non-Retail REITs are not always directly comparable to us because of the different underlying business fundamentals. Therefore, the Committee does not formulaically derive target pay opportunities or actual pay levels from these other companies; rather, this peer group is intended to provide the Committee with insight into overall market pay levels, market trends, commonly viewed "best" governance practices, and overall industry performance. The Committee also evaluated the appropriateness of this peer group by considering the methodology used by Institutional Shareholder Services, or "ISS."

The 2018 peer group is comprised of the 16 largest companies in the real estate industry by market capitalization, with some restrictions to maintain a balanced mix. Specifically, the group includes:

The six largest (by market capitalization) Retail REIT companies;

The six largest (by market capitalization) Non-Retail REIT companies (excluding all Retail REIT companies); and

The four largest companies from the broader real estate industry.

The 2018 peer group reflects changes in the market capitalization of certain participants in the real estate industry. Changes from the 2017 peer group include the removal of two companies (Equity Residential and Brixmor Property Group, Inc.) and the addition of two companies (Equinix, Inc. and Regency Centers Corporation), in each case, due to the size consideration noted above.

COMPENSATION DISCUSSION AND ANALYSIS

COMPENSATION IN 2018

The Committee's meetings in 2018 were designed, among other things, to facilitate and encourage free and frank discussions among Committee members, executive management, the Committee's compensation consultant and other Company personnel involved in executive compensation matters. The Committee made decisions impacting the type and amount of compensation paid to our NEOs as reported in the 2018 Summary Compensation Table. These decisions related to: Base Salaries, Annual Cash Incentive Compensation for 2018 performance, and Performance-Based Long-Term Incentive opportunities in the form of performance-based LTIP unit awards for our NEOs.

2018 BASE SALARIES

The Committee periodically reviews base salaries for the NEOs and makes adjustments to reflect market conditions, changes in responsibilities, and merit increases. During 2018, we maintained Mr. David Simon's base salary at the same level it has been since 2011. The Committee increased certain of our NEOs' base salaries to reflect promotions and expanded responsibilities. Specifically, in 2018 the Committee increased Mr. Fivel's salary in recognition of his successful transition from Assistant General Counsel to General Counsel in 2017 and increased Mr. Rulli's salary in recognition of his contribution to the Company's successful implementation of the Workday HR management tool and the expansion of the Company's Operational Intelligence Center.

2018 ANNUAL CASH INCENTIVE COMPENSATION

The Committee rewards executive officers with Annual Cash Incentive Compensation for achieving the Company's financial and operating plan taking into account an assessment of each NEO's contributions to those achievements. Payouts under our Annual Cash Incentive Compensation program are the result of both the Company and the individuals reaching established

performance targets. The Committee follows a two-step process to determine what amounts will be paid under the Annual Cash Incentive Compensation program each year:

1. The Company must deliver certain FFO performance during the year before any payments may be made under the program. If threshold performance is not achieved, no payments are made. For 2018, the Company generated FFO of \$12.13 per share. Because this amount exceeded the threshold FFO performance of \$11.79 per share, the Committee moved to step two in this process. See "Where do I find reconciliation of non-GAAP terms to GAAP terms?" in the section of the Proxy Statement titled "Frequently Asked Questions and Answers" on page 57.
2. Each individual's performance is assessed by the CEO and the Committee against defined goals and objectives which are established at the beginning of each year. The assessment delivers a total score for each individual. Each individual's total score then determines the portion of that NEO's target Annual Cash Incentive Compensation that has been earned.

2018 GOALS AND PERFORMANCE

ry of the NEOs' 2018 goals and performance along with their 2018 Annual Cash Incentive Compensation payments may be found in the Committee determined that 2018 FFO performance exceeded the level required to authorize Target funding of the Company's 2018 Annual Cash Incentive Compensation program. Notwithstanding this, the Committee, acting on the recommendation of the CEO, elected to fund a lower amount allocated for such a performance level under the Annual Cash Incentive program.

COMPENSATION DISCUSSION AND ANALYSIS

We pay Annual Cash Incentive Compensation to NEOs in the first calendar quarter of the following year so the Committee has sufficient time to assess our financial performance and the executives' contributions for the preceding year.

Pursuant to Mr. David Simon's employment agreement, his target Annual Cash Incentive Compensation is 200% of his base salary. However, the Committee determines his actual Annual Cash Incentive Compensation, which may be more or less than target, based on his and the Company's performance.

PERFORMANCE-BASED LTIP AWARDS

For our executive compensation plans to be effective, it is necessary for NEO compensation to be competitive with other real estate companies and also with other large public and private enterprises with which the Company competes for executive talent. In order to achieve this, the Committee must take into account whether long-term incentives are reasonably obtainable or else face challenges retaining the Company's NEOs. Based on all of the foregoing, as well as current business conditions, working together with Semler Brossy, the Committee established a redesigned LTIP Program in the first quarter of 2018.

The Committee believes that as the responsibilities of our executives increase, the proportion of their total compensation that is at risk and dependent on performance should also increase. From 2010-2016, the Committee awarded performance-based LTIP units to the NEOs and certain other executives to achieve this objective. After suspending the award of LTIP units to NEOs in 2017, the Committee reintroduced such awards in 2018.

LTIP units are a type of limited partnership interest issued by the Operating Partnership. Under the performance-based LTIP Program, LTIP awards can be earned in whole or in part, depending on the extent to which the performance targets set by the Committee for the relevant performance period are met. The Committee believes the performance-based LTIP Program design reflects the Company's pay-for-performance philosophy and high expectations:

Performance requirements are designed to be rigorous and to promote long-term creation of shareholder value. The challenging nature of these performance requirements can be seen based on no LTIP units having been earned under either the 2015-2017 LTIP Program or the 2016-2018 LTIP Program.

The 2018 LTIP Program has both a financial metric and a relative TSR metric. It is distinct from the 2015-2017 LTIP Program and the 2016-2018 LTIP Program which only had a TSR performance metric and had both relative and absolute TSR components. A 2018 LTIP Program award is earned

based on the FFO growth rate (weighted 60%) and the Company's TSR against the FTSE NAREIT Equity Retail Index (weighted 40%), in each case, during the performance periods described below. The performance goals were designed to be challenging but achievable with strong management performance. For example, under the 2018 LTIP Program, performance that does not achieve the rate of return of the FTSE NAREIT Equity Retail Index will not result in any LTIP units being earned based on relative TSR. The 2018 LTIP Program is composed of two tranches; one with a three-year performance period followed by a one year vesting period; and one with a two-year performance period followed by a two year vesting period. This structure was established to provide an equity earning opportunity each year because no LTIP grants were made in 2017.

The Committee is responsible for setting performance targets each year awards are made under the LTIP Program, and we expect to continue to establish challenging targets that will include a requirement for strong long-term financial and operational performance.

LTIP units are designed to qualify as "profits interests" in the Operating Partnership for federal income tax purposes. During the performance period, holders of LTIP units will be allocated taxable profits and losses equal to one-tenth of the amounts allocated to an Operating Partnership unit and will receive distributions equal to one-tenth of the amount of regular quarterly distributions paid on an Operating Partnership unit, and certain special distributions. As a general matter, the profits interest characteristics of the LTIP units mean that they will not be economically equivalent in value at the time of award to the economic value of an Operating Partnership unit. The value of the LTIP units can increase over time until the value of the LTIP units is equivalent to the value of the Operating Partnership units on a one-for-one basis.

Edgar Filing: SIMON PROPERTY GROUP INC /DE/ - Form DEF 14A

After the end of the performance period, to the extent that the required performance has been achieved, holders of earned LTIP units, both vested and unvested, will be entitled to receive distributions in an amount per LTIP unit equal to the distributions, both regular and special, payable on a unit. Vested LTIP units are exchangeable for shares of the Company's common stock on a one-for-one basis, or cash as selected by the Company.

The number of performance-based LTIP units earned is determined by the Committee at the end of the performance period using the pre-established payout matrices (with linear interpolation between the specified payout percentages).

2016-2018 LTIP PROGRAM ACTUAL PERFORMANCE RESULTS

In February 2019, the Committee reviewed calculations that had been prepared by management and determined that the Company's performance during the three-year performance period ending December 31, 2018, did not satisfy any of the performance criteria for the 2016-2018 LTIP Program, as reflected in the table below.

OTHER ELEMENTS OF COMPENSATION

Retirement and Health and Welfare Benefits. We have never had a traditional defined benefit pension plan. We maintain a 401(k) retirement plan in which all salaried employees can participate on the same terms. During 2018, our basic contribution to the 401(k) retirement plan was equal to 1.0% of the participant's base salary and Annual Cash Incentive Compensation which vests 20% after the completion of two years and an additional 20% after each additional year of service until fully vested after six years. We match 100% of the first 3% of the participant's contribution and 50% of the next 2% of the participant's contribution. Our matching contributions are vested when made. Our basic and matching contributions are subject to applicable IRS limits and regulations. The limit for Company contributions for any participant in 2018 was \$13,750. The contributions we made to the 401(k) accounts of the NEOs are shown in the "All Other Compensation" column of the 2018 Summary Compensation Table on page 32. NEOs also participate in health and welfare benefit plans on the same terms as other salaried

employees.

No Gross-Up for Excess Parachute Payments. Mr. David Simon has an employment agreement. No other NEOs currently have employment agreements. There are no arrangements requiring us to gross-up compensation to cover taxes owed by the NEOs, including excise taxes payable by the NEOs in connection with a change in control.

If Mr. David Simon would become subject to the excise tax on certain "excess parachute payments" pursuant to Section 4999

of the Internal Revenue Code, his employment agreement provides that payments which would be subject to the excise tax will be reduced if he retains a greater after-tax amount after such reduction; otherwise, no reduction will be made. His employment agreement does not contain a gross-up for this excise tax.

Deferred Compensation Plan. We maintain a nonqualified deferred compensation plan that has permitted senior executives, key employees and non-employee directors to defer all or part of their compensation, including awards under the 1998 Plan and, subject to approval by our shareholders at the 2019 Annual Meeting, under the 2019 Plan. There is an account for the executives and employees and a separate account for the non-employee directors. Although we have the discretion to contribute a matching amount or make additional incentive contributions, we have never done either. As a result, the amounts disclosed in the "Nonqualified Deferred Compensation In 2018" table on page 35 consist entirely of compensation earned by, but not yet paid to, the NEOs and any earnings on such deferred compensation. A participant's deferrals are fully vested, except for restricted stock awards that still have vesting requirements. Upon death or disability of the participant, our insolvency, or a change in control affecting us, a participant becomes 100% vested in his account.

No Stock Option Grants. The Committee has not granted any stock options to executives or other employees since 2001.

COMPENSATION DISCUSSION AND ANALYSIS

OTHER POLICIES

EQUITY AWARD GRANT PRACTICES

In the ordinary course of our compensation cycle for our NEOs we make LTIP awards in the first calendar quarter after financial results for the preceding year have been released.

EXECUTIVE EQUITY OWNERSHIP GUIDELINES

We believe the financial interests of our executives should be aligned with the long-term interests of our shareholders. We also believe that requiring our executives to own a significant number of shares of our common stock, combined with our rigorous stock retention policy, serves as a strong motivator for our executives to be prudent in their operation of the Company. Therefore, in addition to long-term incentives, our Board has established equity ownership guidelines for key executives, including the NEOs.

The current ownership guidelines require the executives to maintain ownership of our stock or any class of our equity securities or units of the Operating Partnership having a value expressed as a multiple of their base salary for as long as they remain our employees. Our current guidelines for the CEO and other executive officers are set forth below.

POSITION	VALUE AS A MULTIPLE OF BASE SALARY
Chief Executive Officer	6.0x
Executive Officers	3.0x
Certain Executive Vice Presidents	3.0x

In addition, these executives are required to retain ownership of a sufficient number of shares received in the form of restricted stock awards representing at least 50% of the after-tax value of their awards or 25% of the pre-tax value of such awards. These shares are to be retained by the executive until he or she retires, dies, becomes disabled, or is no longer our employee.

Ownership of any class of our equity securities or units of the Operating Partnership counts toward fulfillment of these guidelines, including securities held directly, securities held indirectly by or for the benefit of immediate family members, shares of restricted stock that have been earned, even if not vested, and shares held following the exercise of stock options. Unexercised stock options do not count toward these goals. Each of our NEOs currently meets or exceeds these guidelines.

CLAWBACKS OF INCENTIVE COMPENSATION

Our annual and long-term incentive plans contain a clawback provision that applies to all of our current and former NEOs in the event of any material restatement of the Company's financial statements whether or not fraud or misconduct is involved. The clawback policy applies to cash amounts received through annual or long-term incentive plans, where payouts were based upon the financial results that were restated.

In addition, Mr. David Simon's employment agreement and the post-2010 LTIP Program award agreements for all NEOs,

including our CEO, provide that in the event of a financial restatement, the Company may recoup the employee's Annual Cash Incentive Compensation and other equity and non-equity compensation tied to the achievement of earnings targets if the compensation would not have been earned as a result of the financial restatement. These provisions will be superseded by any broader recoupment policy that the Company adopts pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act. Awards under the 2019 Plan are expected to include provisions expressly acknowledging the applicability of any such recoupment policy to the award.

HEDGING POLICY AND PLEDGING RESTRICTIONS

Our insider trading policy prohibits employees and directors from hedging the ownership of Company securities. In addition, we do not permit our executive officers to pledge shares.

COMPENSATION DECISIONS FOR 2019

In February 2019, the Committee met to make decisions related to our NEOs' base salaries and long-term incentive opportunities and approve the funding goals for 2019 under our Annual Cash Incentive Compensation program.

2019 BASE SALARIES

In 2019, Mr. David Simon did not receive an increase in his base salary; however, we gave certain of our NEOs increases in base salary to reflect promotions and expanded responsibilities.

2019 ANNUAL CASH INCENTIVE COMPENSATION PROGRAM

The 2019 Annual Cash Incentive Compensation program approved by the Committee is substantially similar to the 2018 Annual Cash Incentive Compensation program described on page 28.

The 2019 Annual Cash Incentive Compensation program FFO goals were approved early in 2019 and will be disclosed in our 2020 Proxy Statement.

2019 LTIP PROGRAM

In the first quarter of 2019, the Committee established and made awards under a modified LTIP Program (the "2019 LTIP Program"), subject to approval of the 2019 Plan by our shareholders at the 2019 Annual Meeting. The 2019 LTIP Program has a three-year performance period and is subject to an additional one-year vesting period. The Committee believes that the 2019 LTIP Program is structured to, and is designed to, drive strong performance from our NEOs through the use of rigorous performance metrics. The 2019 LTIP Program has an FFO component and a relative TSR component using the FTSE NAREIT Equity Retail Index as the comparator against which the Company's absolute TSR is compared. The Committee has also included a component that measures performance based on the achievement of strategic objective performance criteria.

Bonuses earned with respect to the indicated year were paid in the following year under our Annual Cash Incentive Compensation program. See the "2018 Annual Cash Incentive Compensation" section in the Compensation Discussion and Analysis for information about how we determined the payments for 2018.

(2)

Represents the total grant date fair value of all equity-based awards made during 2018 and 2016 determined in accordance with ASC 718. For 2018, represents the grant date fair value of the awards under the 2018 LTIP Program assuming the Company satisfies the Target performance levels established even though half of those LTIP units remain subject to a two-year performance period with a further two-year vesting requirement and half of those LTIP units remain subject to a three-year performance period with a further one-year vesting requirement. There were no LTIP awards made during 2017.

As explained in the Compensation Discussion and Analysis section included in this Proxy Statement, the Committee determined that our performance for the three-year period ended December 31, 2018, resulted in no payout of the 2016-2018 LTIP Program.

We engaged Deloitte, who is not our independent registered public accounting firm, to develop the grant date fair value of the TSR portion of the 2018 LTIP Program using a Monte Carlo simulation. A simulation was conducted using assumptions regarding the total stock return on the Company's common stock and the relative total return of the FTSE NAREIT Equity Retail Index, as well as expected volatility, risk-free investment rates, correlation coefficients, dividend reinvestment, and other factors. The grant date fair value of the FFO portion was calculated by multiplying \$153.51, the closing price of our common stock as reports by the NYSE for February 28, 2018, by the number of LTIP units assuming the Company satisfies the Target performance levels established. The grant date fair values of the awards in the 2018 LTIP Program, as of February 28, 2018, were as follows (net of the purchase price of \$0.25 per unit paid by the participant):

NAME	NUMBER OF TARGET AWARD UNITS FOR 2018 LTIP PROGRAM	GRANT DATE TARGET FAIR VALUE OF 2018 LTIP PROGRAM
David Simon	49,227	\$6,321,027
Richard S. Sokolov	18,136	\$2,328,799
Steven E. Fivel	15,545	\$1,996,114
John Rulli	15,545	\$1,996,114
Andrew A. Juster	0	\$0
Brian J. McDade	5,182	\$665,371

The number of LTIP units awarded under the 2018 LTIP Program that may be earned in the future will depend upon the extent to which we achieve the performance measures during the two-year and three-year performance periods that end on December 31, 2019 and 2020, respectively. If our performance for those periods results in a payout of less than Target, the number of LTIP units earned would be less than the number shown. Under the 2018 LTIP Program, if the Company's performance level exceeds the Target performance level, the NEOs may earn a number of LTIP units greater than the Target number set forth above. At a Maximum performance level, the number of award LTIP units, and corresponding grant date fair value would be 73,840 LTIP units and \$9,481,540 for Mr. David Simon, 27,204 LTIP units and \$3,493,199 for Mr. Sokolov, 23,318 LTIP units and \$2,994,171 for Mr. Fivel, 23,318 LTIP units and \$2,994,171 for Mr. Rulli, and 7,773 LTIP units and \$998,057 for Mr. McDade.

If any LTIP units are earned for the performance period ending December 31, 2019, one half of such earned LTIP units will vest on January 1, 2021, and one half of such earned LTIP units will vest on January 1, 2022. If any LTIP units are earned for the performance period ending December 31, 2020, one hundred percent of such earned LTIP units will vest on January 1, 2022. The recipient must maintain continuous service through each vesting date, except for termination of service resulting from death or disability or, in the Committee's sole discretion, upon retirement. The grant date Target fair value of the LTIP units are reported in column (E) net of the purchase price of \$0.25 per unit.

For more information regarding Mr. Juster's retirement, please see the Form 8-K we filed with the SEC on March 22, 2018 and the Form 8-K we filed with the SEC on June 21, 2018. The amounts shown for Mr. Juster in 2018 reflect his compensation in respect of his service as an executive officer through September 30, 2018 and his service as a non-executive employee through the remainder of the year. The amount set forth in "All Other Compensation" includes \$110,600 that the Company paid to Mr. Juster pursuant to his retirement agreement in consideration of his invaluable assistance with the transition of Chief Financial Officer responsibilities to Mr. McDade, among other things.
- (5) On October 1, 2018, Mr. McDade became our Executive Vice President and Chief Financial Officer while continuing to maintain his position as Treasurer. For more information regarding Mr. McDade's appointment, please see the Form 8-K we filed with the SEC on June 21, 2018. The amounts shown for Mr. McDade in 2018 reflect his compensation as a non-NEO from January 1, 2018 through September 30, 2018 and his compensation as a NEO from October 1, 2018 through December 31, 2018.
- (6) Prior to being appointed Executive Vice President and Chief Financial Officer, Mr. McDade was selected to participate in the Company's 2018 Corporate Incentive Compensation Plan ("Corporate ICP"), an equity incentive compensation plan in which approximately 30 senior employees participated in 2018. Mr. McDade was granted an award opportunity of \$400,000. This amount is reflected in the amount of his 2018 Stock Awards in column (E). Awards under the Corporate ICP are earned based on two performance metrics, FFO (weighted 60%) and the Company's TSR against the FTSE NAREIT Equity Retail Index (weighted 40%). The dollar amount earned will be converted into a number of shares of restricted stock with an equivalent value. The number of shares of restricted stock will be determined by dividing the earned amount of the award by the average closing price of the Company's common stock on the ten (10) consecutive trading days immediately preceding, but not including April 1, 2019. These shares of restricted stock will be subject to an additional three-years of vesting, with one third of the shares of restricted stock vesting each year.

- (1) Represents the date that the award was made.
- (2) Column (I) represents the number of LTIP units the NEO would earn if our performance for the two-year period ended December 31, 2019 and the three-year period ended December 31, 2020 would result in a payout at the Target performance level under the 2018 LTIP Program. If any LTIP units are earned for the performance period ending December 31, 2019, one half of such earned LTIP units will vest on January 1, 2021, and one half of such earned LTIP units will vest on January 1, 2022. If any LTIP units are earned for the performance period ending December 31, 2020, one hundred percent of such earned LTIP units will vest on January 1, 2022. The recipient must maintain continuous service through each vesting date, except for termination of service resulting from death or disability or, in the Committee's sole discretion, upon retirement.
- (3) The grant date fair values of the 2018 LTIP Program awards are shown here net of the \$0.25 per unit purchase price.
- (4) As described in footnote (6) to the Summary Compensation Table, Mr. McDade participated in the Corporate ICP in 2018. He was granted an award opportunity of \$400,000. The dollar amount earned will be converted into a number of shares of restricted stock with an equivalent value, such number determined by dividing the earned amount of the award by the average closing price of the Company's common stock on the ten (10) consecutive trading days immediately preceding, but not including April 1, 2019; therefore, the number of restricted shares cannot be calculated as of the date hereof.

If any LTIP units are earned for the performance period ending December 31, 2019, one half of such earned LTIP units will vest on January 1, 2021, and one half of such earned LTIP units will vest on January 1, 2022. If any LTIP units are earned for the performance period ending December 31, 2020, one hundred percent of such earned LTIP units will vest on January 1, 2022. (2) Of the amounts in this column, the following amounts are or were previously reported in the Summary Compensation Table: Mr. David Simon \$9,282,181; Mr. Sokolov \$0; Mr. Fivel \$0; Mr. Rulli \$0; Mr. Juster \$0; and Mr. McDade \$0.

The assets of our deferred compensation plan are held in what is commonly referred to as a "rabbi trust" arrangement. This means the assets of the plan are subject to the claims of our general creditors in the event of our insolvency. The plan assets are invested by the trustee in its sole discretion. Payments of a participant's elective deferrals are made as elected by the participant. These amounts would be paid earlier in the event of termination of employment or death of the participant, an unforeseen emergency affecting the participant as determined by the Committee or a change in control of the Company.

We have not made any contributions to the executive account of our deferred compensation plan since its inception in 1995. As a result, the contributions and aggregate balances shown in the table above are composed entirely of contributions made by the executives from their salary, bonus or restricted stock awards for prior years and earnings on those amounts. The earnings do not represent above-market or preferential rates. The executives may vote and are entitled to receive dividends on their restricted stock awards in the plan.

Deferral elections are made by eligible executives each year for amounts to be earned or granted in the following year. An executive may defer all or a portion of salary, Annual Cash Incentive Compensation or awards under the 1998 Plan.

The investment options available to an executive under the deferral program vary depending upon the type of compensation being deferred.

Table of Contents**EXECUTIVE COMPENSATION TABLES****ESTIMATED POST-EMPLOYMENT PAYMENTS UNDER ALTERNATIVE TERMINATION SCENARIOS**

The following table sets forth the value of the benefits that would have been payable to each of the NEOs, assuming that the following events occurred on December 31, 2018. We do not disclose payments or other benefits under our 401(k) retirement plan and health and welfare plans because all salaried employees are entitled to the same benefits under those plans. Also, we do not include distributions from our deferred compensation plan because the amounts in that plan consist entirely of contributions made by the executives and earnings on those contributions. The amounts shown are only estimates of the amounts that would be payable to the executives upon termination of employment and do not reflect tax positions we may take or the accounting treatment of such payments. Actual amounts to be paid can only be determined at the time of separation.

EXECUTIVE COMPENSATION TABLES

(3)

The value of unearned LTIP units under the 2018 LTIP Program reflects payout at the Target performance level.

Death or Disability

With respect to death or disability, the amount represents the value of Annual LTIP units held by the executive that would be deemed fully vested at the time of the future Valuation Date. Value is based on a stock price of \$167.99, the closing price of our common stock as reported by the NYSE for December 31, 2018, net of the purchase price of \$0.25 per unit. The award agreements or, in the case of Mr. David Simon, his employment agreement, provide the following benefits if the executive's employment terminates due to death or disability prior to the applicable Valuation Date: (a) the calculation of whether any Annual LTIP units have been earned will be deferred until the Valuation Date; (b) the number of Annual LTIP units that would have been earned shall be adjusted on a pro rata basis to reflect the number of days such executive worked over the total days in the performance period; and (c) such earned Annual LTIP units shall immediately be fully vested. If death or disability occurs after the applicable Valuation Date, any Annual LTIP units that have been earned but not yet vested shall immediately become fully vested.

Change of Control

With respect to a change of control prior to the Valuation Date, the amount represents the value of Annual LTIP units held by the executive that would become earned as a result of the change of control event. Value is based on a stock price of \$167.99, the closing price of our common stock as reported by the NYSE for December 31, 2018, net of the purchase price of \$0.25 per unit. The calculation of whether any Annual LTIP units have been earned will take place at the time of the change of control and will take into account the truncated performance period. If the executive has any earned Annual LTIP units prior to any change of control, the vesting schedule for such earned Annual LTIP units shall not accelerate but instead remain subject to the vesting period that would otherwise be applicable after any Annual LTIP units became earned in the ordinary course.

Termination without Cause or Due to Good Reason after a Change of Control

The award agreements or, in the case of Mr. David Simon, his employment agreement, provide the following benefits with respect to the Annual LTIP units if, prior to the Valuation Date, there is a change of control of the Company and the executive is terminated without cause, he resigns his employment for good reason, or the award is not continued, assumed or replaced: (a) the calculation of whether any Annual LTIP units have been earned will take place at the time of the change of control and will take into account the truncated performance period; and (b) any Annual LTIP units earned in connection with the change of control shall immediately become fully vested. If the executive has any earned Annual LTIP units prior to any change of control, the vesting schedule for such earned Annual LTIP units shall not accelerate unless the executive is terminated without cause, he resigns his employment for good reason, or the award is not continued, assumed or replaced, in each case, at such time all of the executive's earned Annual LTIP units shall immediately become fully vested.

(4)

Pursuant to the 2011 CEO Retention Agreement, (i) if we terminated Mr. David Simon's employment without cause, or if he resigned his employment for good reason, in each case on December 31, 2018, then subject to the achievement of the required Termination FFO, the number of Unvested LTIP units which would vest is

equal to 593,333, which is 100% of the unvested units prorated based on the number of months from July 11, 2011 to December 31, 2018 (and 106,080 shares in escrow would vest); (ii) if Mr. David Simon's employment was terminated as a result of death or disability, or if both a change in control occurred and we terminated his employment without cause or he resigned for good reason, in each case on December 31, 2018, then 100% of the unvested LTIP Units (640,000) would vest and 100% of the shares in the escrow (114,423) would vest. Value is based on a stock price of \$167.99, the closing price of our common stock as reported by the NYSE for December 31, 2018, net of the purchase price of \$0.25 per unit (with no net reduction for the escrowed shares).

(5)

Determined by our current severance policy under which we pay severance to full-time employees whose employment is involuntarily terminated in the event of certain reductions in force, mergers or outsourcings. The amount of the severance is one week of pay for every year of service up to a maximum of sixteen weeks of pay.

(6)

We paid our 2018 bonuses in 2019. Our Annual Cash Incentive Compensation program does not expressly address the consequences of a termination of employment prior to payment of the bonus. However, for the purposes of this table, we have assumed the Committee would approve paying the earned bonus to an executive who, as of the end of the year, died or became disabled or whose employment was terminated without cause or good reason following a change in control, other than Mr. David Simon, whose employment agreement contains provisions regarding the payment of bonuses.

(7)

Restricted Stock for Mr. McDade includes the unvested shares of restricted stock he earned under the Corporate ICP in 2015, 2016 and 2017. The value is based on a stock price of \$167.99, the closing price of our common stock as reported by the NYSE on December 31, 2018. Also included is the \$364,000 Mr. McDade earned under the 2018 Corporate ICP although the number of shares of restricted stock that amount will be converted into will not be determined until April 1, 2019.

EMPLOYMENT AGREEMENT WITH DAVID SIMON

On July 6, 2011, the Committee unanimously approved entering into a new long-term employment agreement with Mr. David Simon, commencing on July 6, 2011 and ending on July 5, 2019. Pursuant to the employment agreement, Mr. David Simon serves as the Company's CEO, a member of the Board and, except under certain circumstances described in the employment agreement, Chairman of the Board. The employment agreement provides Mr. David Simon with an annual base salary of \$1,250,000, subject to annual review and increase, but not decrease, by the Committee. The agreement also provides that he is eligible to receive an annual target cash bonus of 200% of his base salary, based on the degree to which reasonably attainable performance goals are achieved.

Termination-related provisions of employment agreement with Mr. David Simon. If Mr. David Simon is terminated by us without "Cause" or by him for "Good Reason," (each as defined in Mr. David Simon's Employment Agreement) subject to his execution of a release of claims against us, he will receive severance in an amount equal to two times the sum of his annual base salary and his target Annual Cash Incentive Compensation paid in equal installments over a two-year period.

In addition, also subject to his execution of a release of claims against us, a portion of the remaining unvested LTIP units granted under the 2011 CEO Retention Agreement will become vested LTIP units upon Mr. David Simon's termination if the Termination FFO equals or exceeds a specified FFO amount. For details regarding the Termination FFO, the Specified FFO and the portion that can be earned upon various terminations please see pages 36-37 of this Proxy Statement.

If Mr. David Simon is terminated due to disability or if he dies, he would be entitled to receive (A) the payments described in footnotes (2), (3), and (4) in the Estimated Post-Employment Payments Under Alternative Termination Scenarios table above, (B) pursuant to the terms of his annual performance-based LTIP Program award agreements, a number of LTIP units under the annual LTIP Program determined at the end of the applicable performance period based on actual performance for that period and then prorated by a partial service factor based on the number of days during the performance period prior to his death or disability, (C) pursuant to the terms of his restricted stock award agreements, full

vesting (in the event of death) or continued vesting over the four year schedule (in the event of disability) of his restricted shares, and (D) full vesting of his 2011 CEO Retention Agreement (as defined below).

EXECUTIVE COMPENSATION TABLES

If Mr. David Simon is terminated by us without "cause" or by him for "good reason" following a change in control, he would be entitled to receive (A) the payments described in footnotes (2), (3), and (4) in the Estimated Post-Employment Payments Under Alternative Termination Scenarios table above, (B) all of the unvested LTIP units under the 2011 CEO Retention Agreement fully vest (these also vest if such termination is during the six month period prior to a change in control if such change in control occurs), (C) pursuant to the terms of his annual performance-based LTIP unit awards, any unearned LTIP units multiplied by a partial service factor based on the number of days during the performance period to the date of the change in control, and (D) pursuant to the terms of his restricted stock award agreements, full vesting of his restricted stock. If there is a change in control, but Mr. David Simon is not terminated, he is entitled to the payments described in subsection (C), and (D) of this paragraph.

Amendments to the 2011 CEO Retention Agreement. Effective as of December 31, 2013 Mr. David Simon, the Operating Partnership and the Company amended and restated the Series CEO LTIP Unit Award Agreement dated as of July 6, 2011, as amended on December 22, 2011, March 29, 2013 as further amended and restated effective as of December 31, 2013 (as amended and restated, the "2011 CEO Retention Agreement").

The 2011 CEO Retention Agreement, which was previously entirely service-based, will now become eligible to vest based on the attainment of Company based performance goals, in addition to a service-based vesting requirement. The 2011 CEO Retention Agreement provides that if the relevant performance criteria are not achieved, Mr. David Simon will forfeit all or a portion of such award. The performance criteria in the 2011 CEO Retention Agreement are designed to incentivize Mr. David Simon to continue upon the Company's outstanding performance achieved under his leadership, and in the interest of aligning the 2011 CEO Retention Agreement with the Company's pay-for-performance philosophy, which has been instrumental in the creation of exceptional long-term shareholder value.

Prior to the December 31, 2013 amendment and restatement, Mr. David Simon's 1,000,000 CEO LTIP Units originally granted under the Series CEO LTIP Unit Award Agreement dated as of July 6, 2011 vested over an eight year period, with one third vesting in 2017, one third vesting in 2018 and one third vesting in 2019. Pursuant to the 2011 CEO Retention Agreement, effective December 31, 2013, 720,000 of such CEO LTIP Units were cancelled and in respect thereof 360,000 CEO LTIP Units were granted to Mr. David Simon on December 31, 2013 (the "A Units") and 360,000 CEO LTIP Units were granted to Mr. David Simon on January 1, 2014 (the "B Units"). 280,000 of the CEO LTIP Units granted on July 6, 2011 were cancelled on January 1, 2015 and in respect thereof 280,000 CEO LTIP Units were granted on January 1, 2015 (the "C Units"). The A Units,

B Units and C Units may only be earned if and to the extent the applicable performance criteria and vesting requirements are met, as set forth below.

Because the Company achieved FFO per share in excess of \$8.86 in 2015, Mr. David Simon earned 100% of the A Units. If the Company had not achieved FFO per share of at least \$8.07 for 2015, then the 360,000 A Units would not have been earned. If the Company had achieved FFO per share of \$8.07 for 2015, then 50% of such A Units would have been earned, subject to fulfillment of additional service-based vesting requirements. If the Company had achieved FFO per share of greater than \$8.07 but less than \$8.86 for 2015, then the number of A Units that would have been earned would have been between 50% and 100% based on linear interpolation, subject to fulfillment of additional service-based vesting requirements.

Because the Company achieved FFO per share in excess of \$9.40 in 2016, Mr. David Simon earned 100% of the B Units. If the Company did not achieve FFO per share of at least \$8.43 for 2016, then the 360,000 B Units would not have been earned. If the Company achieved FFO per share of \$8.43 for 2016, then 50% of such B Units would have been earned, subject to fulfillment of additional service-based vesting requirements. If the Company had achieved FFO per share of greater than \$8.43 but less than \$9.40 for 2016, then the number of B Units that would have been earned would have been between 50% and 100% based on linear interpolation, subject to fulfillment of additional service-based vesting requirements.

Because the Company achieved FFO per share in excess of \$9.80 in 2017, Mr. David Simon earned 100% of the C Units. If the Company did not achieve FFO per share of at least \$8.62 for 2017, then the 280,000 C Units would not have been earned. If the Company achieved FFO per share of \$8.62 for 2017, then 50% of such C Units would have been earned, subject to fulfillment of additional service-based vesting requirements. If the Company had achieved FFO per share of greater than \$8.62 but less than \$9.80 for 2017, then the number of C Units that would have been earned would have been between 50% and 100% based on linear interpolation, subject to fulfillment of additional service-based vesting requirements.

The earned A Units vested on January 1, 2018. The earned B Units vested on January 1, 2019, and the earned C Units shall vest on June 30, 2019, in each case subject to Mr. David Simon's continued employment or service with the Company through such applicable date, provided that the C Units may become vested earlier upon certain terminations of employment or service, as set forth below.

The 2011 CEO Retention Agreement contains a double trigger change in control provision which requires Mr. David Simon to

be terminated by us without Cause or to resign for Good Reason, in each case during the period commencing six months prior to and ending eighteen months after the change in control, in order for the CEO LTIP Units to vest in connection with a change in control.

The 2011 CEO Retention Agreement provides that if Mr. David Simon dies or his employment or service is terminated by us due to Disability, then all invested CEO LTIP Units will automatically vest. If Mr. David Simon's employment or service is terminated by us without Cause or by Mr. David Simon for Good Reason, then the unearned CEO LTIP Units will not automatically vest, but will be eligible to vest as follows: (i) if such termination occurs after June 30, 2015 and on or prior to December 31, 2017, a portion of the remaining Unvested CEO LTIP Units will be earned equal to the product of (A) 100% of the unearned CEO LTIP Units that will vest if and to the extent that the Termination FFO per share is equal to or greater than FFO B per share (as defined below) for the year of termination and between 50% to 100% if such Termination FFO is equal to or greater than FFO A per share (as defined below) but less than FFO B per share (the exact percentage to be based on linear interpolation) multiplied by (B) a quantity equal to (1) the number of completed calendar months that Mr. David Simon completed from July 6, 2011 through the date of the such termination, divided by (2) 96 (the number of calendar months in his employment agreement term) and (ii) if such termination occurs after December 31, 2017, a portion of the remaining Unvested CEO LTIP Units shall become Vested CEO LTIP Units with such portion equal to the product of (A) the number of Unvested CEO LTIP Units (after taking into account the number of Unvested CEO LTIP Units if any that shall be forfeited after calendar year 2017 to the extent the performance goals were not achieved), multiplied by (B) (1) the number of completed calendar months from July 6, 2011 through the date of the such termination, divided by (2) 96.

"Termination FFO" per share means the FFO per share for the most recent calendar quarter multiplied by four (resulting in an annualized FFO per share number). "FFO A" means for 2015, 2016 and 2017, respectively: (i) for 2015: \$8.07 multiplied by a percentage equal to (A) one hundred percent minus (B) the CAGR for the five year period preceding 2015; (ii) for 2016:

\$8.43 multiplied by a percentage equal to (A) one hundred percent minus (B) the CAGR for the five year period preceding 2016 and (iii) for 2017: \$8.62 multiplied by a percentage equal to (A) one hundred percent minus (B) the CAGR for the five year period preceding 2017. "FFO B" means for 2015, 2016 and 2017, respectively: (i) for 2015: \$8.86 multiplied by a percentage equal to (A) one hundred percent minus (B) the CAGR for the five year period preceding 2015; (ii) for 2016: \$9.40 multiplied by a percentage equal to (A) one hundred percent minus (B) the CAGR for the five year period preceding 2016 and (iii) for 2017: \$9.80 multiplied by a percentage equal to (A) one hundred percent minus (B) the CAGR for the five year period preceding 2017.

Pursuant to the 2011 CEO Retention Agreement, FFO shall be increased or decreased to give effect to (i) extraordinary, unusual or nonrecurring items, including without limitation a spin-off, or as a result of dispositions not made in the ordinary course, (ii) litigation or claim judgments or settlements; (iii) changes in tax laws, accounting principles, or other laws or regulatory rules affecting reported results (iv) other specific unusual or nonrecurring events, or objectively determinable category thereof; (v) nonrecurring charges; and (vi) a change in the Company's fiscal year. Each such adjustment, if any, shall be made by the Committee in order to prevent the undue dilution of Mr. David Simon's rights.

Under the 2011 CEO Retention Agreement, the after-tax portion of distributions paid on Mr. David Simon's unvested CEO LTIP units are used to buy shares of the Company's common stock, which are placed in escrow. As of December 31, 2018, there were 114,423 shares in escrow. In modifying the 2011 CEO Retention Agreement, the Committee and Mr. David Simon agreed that the escrowed shares (and any shares purchased with distributions in respect of the remaining 280,000 CEO LTIP units under the 2011 CEO Retention Agreement prior to such units' cancellation on January 1, 2015) will be released to Mr. David Simon on a pro rata basis based upon the satisfaction of performance-based and service-based criteria. Based on the foregoing, in connection with Mr. David Simon's B Units vesting on January 1, 2019, 64,362 shares that had been purchased with distributions on the units were released from escrow.

ASSESSMENT OF COMPENSATION-RELATED RISKS

Our senior management team conducts an ongoing assessment of the risks related to our compensation policies and practices. This team reviews and discusses the various design features and characteristics of our Company-wide compensation policies and programs. The team also considers the elements of our compensation program for our senior executives including the performance measures used for the Annual Cash Incentive Compensation program and our long-term incentive programs. Senior management obtains and evaluates data from a REIT peer group reflecting a comparison of compensation practices and pay levels for comparable positions within that group to assess the competitiveness of our compensation levels.

The Committee is responsible for overseeing the risks relating to compensation policies and practices affecting senior management on an ongoing basis. In performing this responsibility, the Committee utilizes the services of its independent compensation consultant to obtain advice and assistance in the design and implementation of incentive compensation programs for our executives. The consultant does no work for management, unless requested by the Chairman of the Committee. In reviewing whether our compensation policies and practices encourage excessive risk-taking, the Committee also considers senior management's assessment described above. We believe the following factors reduce the likelihood that our compensation policies and practices would encourage excessive risk-taking:

Our compensation mix is generally designed in large part to reward long-term performance and is balanced among (i) fixed cash components, (ii) incentives that reward improvements in total Company performance and business unit performance, (iii) components measured by individual performance, and (iv) performance-based incentive opportunities that may be realized in the future.

Our policies and programs are intended to encourage retention of our executives so that they can focus on achieving long-term objectives.

Our overall compensation is maintained at levels that are competitive with the market.

Our Annual Cash Incentive Compensation is weighted based on the achievement of several different financial and operational performance measures; the Committee has

ultimate oversight in determining the Annual Cash Incentive Compensation allocation, thereby mitigating the risk that any one measure can dominate the payouts based on any formula.

Our NEO 2018 Performance-Based LTIP Program is composed of two tranches; one with a two-year performance period and one with a three-year performance period; the program uses both a relative TSR performance measure and achievement of an objective financial metric growth rate for each tranche.

Our NEO 2018 Performance-Based LTIP Program includes a two-year vesting requirement after the conclusion of the two-year performance period and a one-year vesting requirement after the conclusion of the three-year performance period.

Awards under Mr. David Simon's 2011 CEO Retention Agreement are subject to performance conditions and post-earning vesting requirements. The awards were only earned if performance measures were achieved.

Executive officers are subject to minimum stock ownership guidelines, equity award multi-year vesting requirements and limitations on trading our securities, including prohibitions on hedging our securities, under our Insider Trading Policy.

The Committee has discretion to decrease incentive performance targets and payouts when it determines that such adjustments would be in the best interests of the Company and our shareholders.

All LTIP unit awards contain "double trigger" change of control provisions.

All award agreements we have entered into with executive officers contain clawback provisions permitting the Company to recoup compensation tied to the achievement of financial targets if the compensation would not have been earned based on restated financial results.

Based on the foregoing, the Committee believes that our compensation policies and programs are not reasonably likely to have a material adverse effect on the Company.

2018 PAY RATIO DISCLOSURE

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and in accordance with the rules of the SEC adopted thereunder, we are providing the following disclosure about the relationship of the annual total compensation of our employees to the annual total compensation of Mr. David Simon, our Chief Executive Officer. To understand this disclosure, we think it is important to give context to our operations. Our corporate headquarters are in Indianapolis, Indiana. We own, develop and manage premier shopping, dining, entertainment and mixed-use destinations. As of December 31, 2018, we owned or held an interest in 206 income-producing properties in 37 states and Puerto Rico. Internationally, as of December 31, 2018, we had ownership interests in 15 properties in Asia, five properties in Canada and Mexico and eight properties in Europe, of which six properties are consolidated. Notwithstanding our international properties, fewer than 5% of our employees are located outside of the United States. We strive to create a global compensation program, which is competitive in terms of both the position and the geographic location in which the employee is located. Accordingly, our pay structures vary amongst employees based on position and geographic location.

IDENTIFICATION OF MEDIAN EMPLOYEE

There have not been any material changes to the Company's employee population or compensation arrangements during 2018 that we believe would significantly impact this year's pay ratio disclosure. Accordingly, as permitted by SEC executive compensation disclosure rules, we are electing to use the same median employee as was used for purposes of our 2017 pay ratio disclosure.

In calculating the Company's 2017 pay ratio we selected October 1, 2017, as the date on which to determine our median employee. As of that date, we had approximately 3,500 employees, of which 30 were located outside of the U.S. To determine our median employee, we considered employees who were employed by the Company or any of its wholly owned or consolidated subsidiaries on October 1, 2017, whether the employees were full-time, part-time, seasonal, or temporary. Because fewer than 5% of our employees were international employees as of October 1, 2017, we excluded our international workforce, which at that time consisted of 24 employees in Canada, four employees in Luxembourg, one employee in France, and one employee in Hong Kong.

For purposes of calculating the compensation of our employees to determine the median employee we measured compensation using the 12-month period ending December 31, 2017, and used a consistently applied compensation measure that consists of the elements described below:

Salary: Including base salary, pay for time worked, premium pay (e.g. overtime), and differentials (e.g. holiday worked).

Bonus: Including variable pay such as annual bonuses, spot bonuses, and commissions.

In determining the annual total compensation of the median employee, we calculated such employee's compensation in accordance with Item 402(c)(2)(x) of Regulation S-K as required pursuant to SEC executive compensation disclosure rules. This calculation is the same calculation used to determine total compensation for purposes of the 2018 Summary Compensation Table with respect to each of the named executive officers.

2018 PAY RATIO

The Company has made the following calculations in accordance with the rules of the SEC:

The median of the annual total compensation of all of our employees, other than our CEO, was \$66,910.

Our CEO's annual total compensation, as reported in the "Total" column of the 2018 Summary Compensation Table, was \$11,436,918.

Based on this information, the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all employees is estimated to be 171 to 1.

PROPOSAL 3: Ratification of Independent Registered Public Accounting Firm

The Audit Committee has selected Ernst & Young LLP ("EY"), as our independent registered public accounting firm for 2019. Shareholders have the opportunity to ratify that selection in an advisory vote.

The Report of the Audit Committee, which follows this proposal, contains information on the amount of fees paid to EY during 2018 and 2017. Representatives of EY will be present at the 2019 Annual Meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to questions.

If the holders of a majority of voting shares voting on this matter do not approve the proposal, the Audit Committee will take into consideration the views of the shareholders and may, but will not be required to, appoint a different independent registered public accounting firm.

THE AUDIT COMMITTEE AND THE BOARD RECOMMEND THAT SHAREHOLDERS VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2019.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is responsible for monitoring the integrity of the Company's consolidated financial statements, the qualifications, performance and independence of the Company's independent registered public accounting firm, the performance of the Company's internal auditor and the Company's compliance with legal and regulatory requirements. We have the sole authority to appoint or replace the Company's independent registered public accounting firm as well as approve their compensation. In addition, we have responsibility to oversee them. The Committee operates under a written charter adopted by the Board which can be found on our website at committeecomposition.simon.com. The Committee currently has five members and the Board has determined that each is a financial expert in accordance with the rules adopted by the SEC. The Board has also determined that each of the members of the Audit Committee is independent under the standards of director independence established under our Governance Principles, NYSE listing standards, and applicable securities laws.

Management is responsible for the financial reporting process, including the system of internal controls, for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States and for management's report on internal controls over financial reporting. The Company's independent registered public accounting firm is responsible for auditing the consolidated financial statements and expressing an opinion on the financial statements and the effectiveness of internal controls over financial reporting. Our responsibility is to oversee and review the financial reporting process and to review and discuss management's report on internal controls over financial reporting. We are not, however, professionally engaged in the practice of accounting or auditing and do not provide any expert or other special assurance as to such financial statements concerning compliance with laws, regulations or accounting principles generally accepted in the United States or as to the independence of the independent registered public accounting firm. We rely, without independent verification, on the information provided to us and on the representations made by management and its independent registered public accounting firm.

We held nine meetings during 2018. The meetings were designed, among other things, to facilitate and encourage communication among the Audit Committee, management, the Company's internal auditor, and its independent registered public accounting firm, EY.

We discussed with the Company's internal auditor and EY the overall scope and plans for their respective audits. We met with the internal auditor and EY, with and without management present, to discuss the results of their examinations and their evaluations of the Company's internal controls. We reviewed and discussed the Company's compliance with Section 404 of the Sarbanes-Oxley Act of 2002, including consideration of the Public Company Accounting Oversight Board's ("PCAOB") Auditing Standard 2201, An Audit of Internal Control Over Financial Reporting That is Integrated With an Audit of Financial Statements.

We discussed with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management processes.

We reviewed and discussed the audited consolidated financial statements for the year ended December 31, 2018 with management, the internal auditor and EY. We reviewed EY's report on our financial statements, which indicated that the financial statements present fairly, in all material respects, our financial position and results of operations and cash flows in conformity with accounting principles generally accepted in the United States. We reviewed and discussed with management, the internal auditor and EY, management's report on the effectiveness of internal

controls over financial reporting and EY's report on internal controls over financial reporting. We also discussed with management and the internal auditor the process used to support certifications by the

Company's CEO and Chief Financial Officer that are required by the SEC and the Sarbanes-Oxley Act of 2002 to accompany the Company's periodic filings with the SEC and the processes used to support management's report on the Company's internal control over financial reporting.

We also discussed with EY matters required to be discussed by their professional standards, including, among other things, matters related to the conduct of the audit of the Company's consolidated financial statements and the matters required to be discussed by PCAOB Auditing Standard 1301 Communications with Audit Committees.

We also received the written disclosures and the letter from EY required by applicable requirements of the PCAOB regarding the independent auditor's communications with us concerning independence and we discussed with EY the independence of that firm.

When analyzing EY's independence, we considered if the services EY provided to the Company beyond those rendered in connection with its audit of the Company's consolidated financial statements including (i) its audit of the effectiveness of internal controls over financial reporting and (ii) its reviews of the Company's quarterly unaudited consolidated financial statements, and whether such items were compatible with EY maintaining its independence. We concluded that the provision of such services by EY in the past year has not jeopardized EY's independence.

Based on our review and these meetings, discussions and reports, and subject to the limitations on our role and responsibilities referred to above and in the Audit Committee charter, we recommended to the Board that the Company's audited consolidated financial statements for the year ended December 31, 2018 be included in the Company's Annual Report.

The Audit Committee has also selected EY as the Company's independent registered public accounting firm for the year ended December 31, 2019, based on our belief that it is in the best interest of the Company and the shareholders, and will present the selection to the shareholders for ratification at the meeting. In connection with this decision, the Audit Committee assessed the independent auditor's performance. This assessment examined three primary criteria: (1) the independent auditor's qualifications and experience; (2) the communication and interactions with the independent auditor over the course of the year; and (3) the independent auditor's independence, objectivity, and professional skepticism. These criteria were discussed with management during a private session, as well as in executive session.

EY has served as the Company's auditor since 2002. We would also like to note, that commencing with the 2017 audit, a new lead audit partner was appointed. This partner was identified after extensive discussions among management, the Audit Committee members and EY and we provided a report to the Board.

We approve all audit and permissible non-audit services to be provided to the Company by EY prior to commencement of services. We have delegated to the Chairman of the Audit Committee the authority to approve specific services up to specified individual and aggregate fee amounts. Any approval decisions are presented to the full Audit Committee at the next scheduled meeting after such approvals are made.

The Company has incurred the fees set forth below for services provided by EY. The Audit Committee has final approval with respect to the amount of these fees. EY has advised us that it has billed or will bill these indicated amounts for the following categories of services for the years ended December 31, 2018 and 2017, respectively:

	2018	2017
Audit Fees(1)	\$ 3,941,000	\$ 3,959,000
Audit-Related Fees(2)	\$ 5,024,000	\$ 5,124,000
Tax Fees(3)	\$ 191,000	\$ 336,000
All Other Fees	\$ 0	\$ 0

(1) Audit Fees include fees for the audits of the financial statements and the effectiveness of internal controls over financial reporting for us and the Operating Partnership and services associated with the related SEC registration statements, periodic reports, and other documents issued in connection with securities offerings.

(2)

Audit-Related Fees include audits of individual or portfolios of properties and schedules to comply with lender, joint venture partner or contract requirements and due diligence services for our managed consolidated and joint venture properties and our consolidated non-managed properties. Our share of these Audit-Related Fees was approximately 60% and 59% in 2018 and 2017, respectively.

(3)

Tax Fees include fees for international and other tax consulting services and tax return compliance services associated with the tax returns for certain joint ventures as well as other miscellaneous tax compliance services. Our share of these Tax Fees was approximately 59% and 79% in 2018 and 2017, respectively.

PURPOSE

The purpose of the 2019 Plan is to provide certain of our key personnel with an equity-based incentive to maintain and enhance the performance and profitability of the Operating Partnership and the Company.

ADMINISTRATION

The Compensation Committee is responsible for administering the Plan and has the discretionary authority to: (i) exercise all powers granted under the Plan; (ii) construe, interpret and implement the Plan and any award agreements thereunder; (iii) prescribe, amend and rescind rules relating to the Plan; (iv) make any necessary or advisable determination in administering the Plan; and (v) correct any defect, omission or inconsistency in the Plan. Determinations of the Compensation Committee on all matters relating to the Plan, including any award agreement granted thereunder, are conclusive and binding. Table of Contents

VOTE TO APPROVE THE 2019 STOCK INCENTIVE PLAN

SHARES AVAILABLE FOR AWARDS

The maximum number of shares issuable under the 2019 Plan is 8,000,000 shares, subject to adjustment for capitalization changes and forfeited awards as provided in the 2019 Plan. As no shares remain available for grant under the 1998 Plan, the 2019 Plan represents all shares available to be awarded. As of March 15, 2019, an aggregate of 715,965 shares of common stock were covered by outstanding awards made under the 1998 Plan which consisted of 201,660 shares of unvested restricted stock and 514,305 shares reserved for the issuance in connection with outstanding awards of LTIP units. On March 15, 2019, the closing sales price per share of our common stock as reported on the New York Stock Exchange ("NYSE") was \$176.09.

In determining the number of shares counted against the share reserve in connection with any award under the 2019 Plan, the following rules apply:

Where the number of shares subject to an award is variable on the grant date, the number of shares counted against the share reserve prior to settlement of the award will be the maximum number of shares that could be received.

Where awards are granted in tandem with each other, such that the exercise of one type of award with respect to a number of shares cancels at least an equal number of shares of the other, the number of shares counted against the share reserve will be the largest number that would be counted against the reserve under either award.

Awards granted upon the assumption of, or in substitution for, outstanding equity awards previously granted by another entity in connection with a corporate transaction will not be counted against the share reserve.

With respect to awards that are made in the form of units of limited partnership interests of the Operating Partnership ("Units"), or that are convertible into Units, each Unit subject to such award will be treated as one share of common stock.

Any shares or Units subject to an award granted under the Plan or the 1998 Plan that are forfeited or expire or are settled for cash will again become available under the Plan and increase the total number of shares available under the Plan. However, the following shares of common stock or Units will not again become available for awards or increase the number of shares available under the 2019 Plan: (i) shares used to pay the purchase price of an option issued under the Plan or the 1998 Plan, (ii) shares or Units used to satisfy any tax withholding obligation with respect to an award under the Plan or the 1988 Plan, (iii) shares repurchased by the Company with proceeds received from the exercise of an option issued under the Plan or the 1998 Plan, and (iv) shares subject to a SAR issued under the Plan that are not issued in connection with the stock settlement of that SAR upon its exercise.

STOCK OPTIONS AND SARs

The Compensation Committee may grant options under the 2019 Plan to purchase shares in such amounts and subject to such terms and conditions as the Compensation Committee determines. The 2019 Plan provides for both incentive stock options ("ISOs") and nonqualified stock options ("NQSOs"). Eligibility for ISOs is limited to employees of the Company and its affiliates. The exercise price for options and the term of any option will be determined by the Compensation Committee at the time of the grant; provided, however, that in the case of an ISO, the aggregate fair market value (determined as of the time of such grant) of the shares with respect to which such ISO is exercisable for the first time by a participant during any calendar year shall not exceed \$100,000. Moreover, with respect to any option, the per-share exercise price of such option may not be less than 100% of the fair market value of a share (or if the option is intended to qualify as an ISO and the recipient is a 10% stockholder, then not less than 110%). The latest date on which an option may be exercised will be ten years after its date of grant (or if the option is intended to qualify as an ISO and the recipient is a 10% stockholder, then the latest expiration date for such award will be the fifth anniversary of grant). Fair market value under 2019 Plan is generally defined as the closing price of a share of common stock as reported on the NYSE for the date of grant if shares of common stock are then trading upon the NYSE, or if no sale of common stock occurred on that date, on the most recent preceding date on which a sale occurred (or if the common stock is not trading on the NYSE, then the closing price of a share of common stock as reported by such other stock exchange on which shares of our common stock are principally trading, on such date).

The Compensation Committee may grant SARs under the 2019 Plan either alone ("unrelated SARs") or in tandem with options ("related SARs"). Upon exercise of a SAR, the holder will have a right to receive the difference between the fair market value of one share on the date of

the exercise and the grant price as specified by the Compensation Committee on the date of such grant (also referred to as the "appreciation base"). The latest date on which a SAR may be exercised is ten years after the date of grant, unless the SAR is a related SAR in which case the SAR must be exercised no later than the date on which the related option would expire or is terminated. The grant price, methods of exercise, and methods of settlement (i.e., cash or equity) will be determined by the Compensation Committee; however, related SARs must be exercised by relinquishing the related portion of the related option and no related SAR may be exercised later than the expiration, cancellation, forfeiture or other termination of the related option.

RESTRICTED STOCK AND RSUs

The Compensation Committee may grant restricted stock and RSUs under the 2019 Plan. Restricted stock awards consist of shares of stock that are transferred to the grantee subject to restrictions that may result in forfeiture if specified conditions

are not satisfied. An RSU is an award denominated in shares which can be settled in cash, stock or a combination thereof, upon vesting. The vesting of a restricted stock or RSU award may be conditioned upon the completion of a specified period of service or upon the attainment of specified performance goals within specified performance cycles. However, the 2019 Plan provides that every award of restricted stock or RSUs which is based solely on completion of a specified period of service must have a minimum service period of 12 consecutive months, and any award of restricted stock or RSUs which is based in whole or in part on the achievement of performance goals must relate to a performance cycle of not less than 12 consecutive months (subject to the five percent exception or as otherwise provided in connection with a termination of employment or a change in control).

Unless otherwise provided in the applicable award agreement, grantees may generally vote and receive dividends on restricted stock awarded under the 2019 Plan, and any stock received as a dividend on, or in connection with a stock split of, a restricted stock award will be subject to the same restrictions as such restricted stock. With respect to RSUs, the applicable award agreement will generally specify (i) whether such award may be settled in shares or cash (or a combination of both) and (ii) whether the grantee will be entitled to receive, on a current or deferred basis, dividend equivalents with respect to the shares subject to such award. Prior to the settlement of an award of RSUs, the grantee will have no rights as a stockholder of the Company with respect to the shares subject to such award except for the right to receive dividend equivalents as specified in the applicable award agreement.

COMMON STOCK AWARDS

The Compensation Committee may grant common stock awards under the 2019 Plan. Such awards will relate to a specified maximum number of shares granted as, or in payment of, a bonus or to provide incentives or recognize special achievements or contributions. Common stock awards are grants of shares of our common stock which are not subject to any forfeiture provisions or transfer restrictions. However, the aggregate number of shares subject to such common stock awards, combined with the number of shares subject to all other awards granted with minimum vesting, exercisability or service periods that are less than the minimum periods otherwise specified in the 2019 Plan, may not exceed the five percent exception.

PERFORMANCE AWARDS

The Compensation Committee may grant performance awards under the 2019 Plan that include the right to acquire shares of common stock, cash or Units exchangeable for common stock, along with the right to receive dividends (either current or on a deferred or contingent basis) from the Company or distributions from the Operating Partnership. Performance awards may be subject to satisfaction of one or more performance goals discussed below under "*Performance Goals*" and/or service-

based vesting requirements. The applicable performance goals and all other terms and conditions of the award will be determined by the Compensation Committee. After an LTIP Unit award is fully earned and vested, the LTIP Units may be converted into Units and thereafter such Units may be exchanged for shares of our common stock, on a one-for-one basis, or cash at the Company's discretion. Any performance award which is based in whole or in part on the achievement of specified performance goals must relate to a performance cycle of not less than 12 consecutive months (subject to the five percent exception or as otherwise provided in connection with a termination of employment or a change in control).

PERFORMANCE GOALS

The Compensation Committee may make awards subject to the achievement of one or more performance goals with respect to the Company, the Partnership or any affiliates. Without limiting the foregoing, performance goals may be based on any one or a combination of specified business criteria including, but not limited to: funds from operations; return on equity (total or relative); implementation or completion of critical activities, including goals set for development, leasing and marketing activities; return on assets; earnings per share; market value per share; return to stockholders (including dividends); revenues; cash flow; cost reduction goals; return on capital deployed; debt, credit or other leverage measures or ratios; improvement in cash flows; net operating income; and such other criteria as may be determined by the Compensation Committee in its sole and absolute discretion.

Any of these business criteria may be determined on a corporate, regional, departmental or divisional basis. They may be measured on an absolute or average basis, by changes to the financial criteria for a previous period or in comparison to an index or a peer group of other companies selected by the Compensation Committee.

NON-EMPLOYEE DIRECTOR AWARDS

The Compensation Committee may grant awards under the 2019 Plan to non-employee directors as it shall determine, including awards to non-employee directors serving on specified committees of the Board, acting as chairs of any such committee or acting as lead director or any other capacity relating to the Board. The aggregate grant date fair market value of equity awards that may be granted during any fiscal year of the Company to any non-employee director shall not exceed \$750,000. Other than with respect to cash compensation, each award to a non-employee director will vest in full on the first anniversary of the grant date, and if a non-employee director's service terminates before all awards have vested, any unvested portion of an award will terminate and expire except as otherwise provided in the applicable award agreement. However, if a non-employee director's service terminates by reason of death or disability or after the director has served a minimum of five annual terms as director, any unvested portion of an award, may, upon the determination of

the Compensation Committee or the Board, become fully vested without completion of the minimum period of service requirement.

AMENDMENT OF PLAN; MODIFICATION OF AWARDS

The Company, as General Partner of the Operating Partnership, may, without approval of other partners in the Operating Partnership, at any time suspend, terminate or amend the 2019 Plan in any respect whatsoever, except that no such amendment may materially impair any rights under any outstanding award made under the Plan without the consent of the grantee of such award. No amendment of the 2019 Plan will be made without stockholder approval if stockholder approval is required by law or if the amendment would (i) increase the maximum number of shares available under the Plan, (ii) extend the date of termination of the Plan, (iii) change the class of persons eligible to be participants in the Plan, or (iv) modify the non-employee Director compensation limit set forth in the Plan.

Subject to the consent of the grantee and the terms and conditions of the 2019 Plan, the Compensation Committee may amend outstanding award agreements with such grantee, including, without limitation, any amendment which would (i) accelerate the time or times at which such award may vest or become exercisable, and/or (ii) extend the scheduled termination or expiration date of the award; provided, however, that the Compensation Committee will not amend any grantee's outstanding award agreement if it would subject the grantee to negative tax consequences under Section 409A of the Internal Revenue Code of 1986, as amended (the "Code").

ADJUSTMENT

The number of shares that may be issued pursuant to awards, the number of shares subject to outstanding awards, the option exercise price and appreciation base of outstanding options and SARs and the amount payable by a grantee in respect of an award, in each case, are subject to adjustment by the Compensation Committee to reflect any change in (i) the number of issued shares or outstanding Units resulting from the subdivision or combination of shares or Units or other capital adjustments, (ii) the payment of a stock dividend or Operating Partnership distribution in the form of additional Units after the effective date of the 2019 Plan, or (iii) other changes in shares or Units effected without receipt of consideration. The Compensation Committee's determination as to what adjustments should be made, and the extent thereof, is final, binding and conclusive.

CHANGE OF CONTROL

Subject to the terms of the applicable award agreement, if a "change of control" (as defined in the 2019 Plan) occurs and, within 24 months following the change of control, (i) a grantee experiences an involuntary termination of employment other than for "cause" (as defined in the applicable award agreement) or (ii) a grantee who is an "executive officer" (within the

meaning of Section 16 of the Exchange Act) voluntarily resigns from employment for "good reason" or "constructive discharge" (or a similar termination of employment, in each case as defined in the applicable award agreement) (each of the events described in (i) and (ii) is hereinafter referred to as a "qualifying termination"):

all options and SARs will immediately vest and become exercisable upon the qualifying termination and will remain exercisable in accordance with the terms of the applicable award agreement until the earlier of (i) one year after the qualifying termination or (ii) the expiration of the term of such option or SAR; and

the restrictions and time-based vesting conditions with respect to all awards will immediately expire or vest upon the qualifying termination, and performance-based vesting conditions will be deemed satisfied as provided in the applicable award agreement, but in no event at a level higher than (i) actual achievement during the applicable performance cycle (whether in full or on a prorated basis), or (ii) prorated "target" level achievement.

Subject to the terms of the applicable award agreement, in the event a change of control occurs and outstanding awards are (i) impaired in value or rights, (ii) not continued or assumed, or (iii) not replaced with an award that preserves the existing value of the outstanding awards at the time of the change of control:

all options and SARs will immediately vest on the date of the change of control and become exercisable in accordance with the terms of the applicable award agreement;

the restrictions and time-based vesting conditions with respect to all awards will immediately expire or vest on the date of the change of control and, in the case of performance-based vesting conditions, the performance goals will be deemed to have been achieved as provided in the applicable award agreement, but in no event at a level higher than (i) actual achievement of performance goals during the applicable performance cycle, whether in full or on a prorated basis, or (ii) prorated "target" level achievement of performance goals; and

the Compensation Committee, as constituted prior to the change of control, may require outstanding awards, in whole or in part, to be surrendered and immediately cancelled in exchange for a cash payment, shares of capital stock of the resulting entity (or a parent thereof) or a combination of cash and shares.

FIVE PERCENT EXCEPTION

As referenced above, notwithstanding any of the minimum exercisability, vesting or service periods referenced above with respect to awards, options, SARs, restricted stock awards, RSU awards and performance unit awards may be granted with exercisability, vesting or service periods that are less than such

Table of Contents

VOTE TO APPROVE THE 2019 STOCK INCENTIVE PLAN

specified minimum periods as long as the aggregate number of shares subject to such awards (combined with the aggregate number of shares of common stock granted under the 2019 Plan) does not exceed five percent of the maximum number of shares reserved for grant under the 2019 Plan. The minimum vesting period in the 2019 Plan will not restrict the Compensation Committee's ability to accelerate or continue the time or times at which an award may vest or become exercisable upon a termination of employment or as otherwise determined by the Compensation Committee.

REPRICING

Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding awards may not be amended without stockholder approval (i) to reduce the exercise price of outstanding options or SARs, (ii) to cancel outstanding options or SARs in exchange for options or SARs with an exercise price or appreciation base that is less than the exercise price or appreciation base of the original options or SARs or (iii) to cancel outstanding options or SARs in exchange for cash or other awards if the exercise price of such option or the appreciation base of such SAR exceeds the fair market value of a share of common stock on the date of such cancellation.

FEDERAL INCOME TAX CONSEQUENCES

The following discussion summarizes certain federal income tax consequences generally arising with respect to awards granted under the 2019 Plan under the law as in effect on the date of this proxy statement. The summary does not purport to cover all federal employment tax or other federal tax consequences that may be associated with the 2019 Plan, nor does it cover state, local, or non-U.S. taxes. Each participant in the 2019 Plan is advised to consult his or her particular tax advisor concerning the application of U.S. federal income tax laws to such participant's particular situation, as well as the applicability and effect of any state, local or non-U.S. tax laws before taking any actions with respect to any awards.

ISOs. ISOs granted under the 2019 Plan are intended to meet the definitional requirements of Section 422(b) of the Code for "incentive stock options." An employee who receives an ISO does not recognize any taxable income upon the grant of such ISO. Similarly, the exercise of an ISO generally does not give rise to federal income tax to the employee, provided that (i) the federal "alternative minimum tax," which depends on the employee's particular tax situation, does not apply and (ii) the employee is employed by us from the date of grant of the option until three months prior to the exercise thereof, except where such employment terminates by reason of disability (where the three month period is extended to one year) or death (where this requirement does not apply). If an employee

exercises an ISO after these requisite periods, the ISO will be treated as an NQSO and will be subject to the rules set forth below under the caption "*NQSOs and SARs*."

Further, if after exercising an ISO, an employee disposes of our common stock so acquired more than two years from the date of grant and more than one year from the date of transfer of the common stock pursuant to the exercise of such ISO (the "applicable holding period"), the employee will generally recognize a long-term capital gain or loss equal to the difference, if any, between the amount received for the shares and the exercise price. If, however, an employee does not hold the shares so acquired for the applicable holding period thereby making a "disqualifying disposition" the employee would recognize ordinary income equal to the excess of the fair market value of the shares at the time the ISO was exercised over the exercise price and the balance, if any, of income realized would be long-term capital gain (provided the holding period for the shares exceeded one year and the employee held such shares as a capital asset at such time). If the disqualifying disposition is a sale or exchange that would permit a loss to be recognized under the Code (were a loss in fact to be realized), and the sales proceeds are less than the fair market value of the shares on the date of exercise, the employee's ordinary income therefrom would be limited to the gain (if any) realized on the sale.

The Company will not be allowed a federal income tax deduction upon the grant or exercise of an ISO or the disposition, after the applicable holding period, of our common stock acquired upon exercise of an ISO. In the event of a disqualifying disposition, we generally will be entitled to a deduction in an amount equal to the ordinary income included by the employee, provided that such amount constitutes an ordinary and necessary business expense to us, is reasonable, and the limitations of Section 280G of the Code (discussed below) do not apply.

NQSOs and SARs. NQSOs granted under the 2019 Plan are options that do not qualify as ISOs. A participant who receives an NQSO or SAR will not recognize any taxable income upon the grant of such NQSO or SAR. However, the participant generally will recognize ordinary income upon exercise of an NQSO in an amount equal to the excess of the fair market value of the shares of our common stock at the time of exercise over the exercise price. Similarly, upon the receipt of cash or shares pursuant to the exercise of an SAR, the participant generally will recognize ordinary income in an amount equal to the sum of the cash and the fair market value of the shares received. A federal income tax deduction

generally will be allowed to the Company in an amount equal to the ordinary income included by the individual with respect to his or her NQSO or SAR, provided that such amount constitutes an ordinary and necessary business expense to us, is reasonable, and the limitations of Section 280G of the Code do not apply.

Other Awards. With respect to other awards under the 2019 Plan that are settled either in cash or in shares of our common stock that are either transferable or not subject to a substantial risk of forfeiture (as defined in the Code and the regulations thereunder), participants generally will recognize ordinary income equal to the amount of cash or the fair market value of the common stock received upon settlement. The Company generally will be allowed a deduction for federal income tax purposes in an amount equal to the ordinary income recognized by an employee, provided that such amount constitutes an ordinary and necessary business expense to us, is reasonable, and the limitations of Section 208G of the Code do not apply.

Section 162(m). Substantially all of the services rendered by our executive officers, directors and employees are performed on behalf of the Operating Partnership. The Internal Revenue Service has issued a series of private letter rulings which indicate that compensation paid by an operating partnership to executive officers of a REIT that serves as its general partner is not subject to limitation under Section 162(m) to the extent such compensation is attributable to services rendered to the operating partnership. Although we have not obtained a ruling on this issue, we believe the position taken in the rulings would apply to our Operating Partnership as well. Accordingly, we believe that deductions taken by the Company, in the amount of the ordinary income included by an employee in connection with the exercise of an ISO, an NQSO, a SAR or any other award under the 2019 Plan, will not be limited by Section 162(m). We reserve the right to approve and pay non-deductible compensation. If we hereafter determine that Section 162(m) is applicable, then this could result in an increase to our income subject to federal income tax and could require us to increase distributions to our shareholders in order for us to maintain our qualification as a REIT.

Section 83(b). With respect to awards under the 2019 Plan that are settled in shares of our common stock that are restricted as to transferability or subject to a substantial risk of forfeiture absent a written election pursuant to Section 83(b) of the Code filed with the Internal Revenue Service within 30 days after the date of issuance of such shares pursuant to the award (a "Section 83(b) election") an individual will recognize ordinary income at the earlier of the time at which (i) the shares become transferable or (ii) the restrictions that impose a substantial risk of forfeiture of such shares lapse, in an amount equal to the excess of the fair market value (on such date) of such shares over the price paid for the award, if any. If a Section 83(b) election is made, the individual will recognize ordinary income, as of the issuance date, in an amount equal to the excess of the fair market value of the common stock as of that date over the price paid for such award, if any. If a participant receives a performance unit award in the form of LTIP Units that are restricted as to transferability or subject to a substantial risk of forfeiture, and if the participant makes a

Section 83(b) election, the participant generally will recognize ordinary income, on the issuance date, in an amount equal to the excess of the fair market value of the LTIP Units (on such date) over the amount the participant contributed to the Operating Partnership for such LTIP Units, if any. The Operating Partnership generally will be allowed a deduction for federal income tax purposes in an amount equal to the ordinary income recognized by the participant. Depending on the terms of the applicable award agreement, a participant that holds LTIP Units generally will be required to take into account his or her distributive share of all items of income, gain, loss and deduction of the Operating Partnership regardless of whether the LTIP Units are restricted as to transferability or subject to a substantial risk of forfeiture. Once the LTIP Units have been converted into Units and are exchanged for shares of our common stock or cash, it is expected that the participant will have income at the time of the exchange a substantial portion of which is expected to be taxed at capital gains rates and the Company will not be entitled to a compensation deduction when the LTIP Units are converted into Units or when the Units are exchanged for shares of our common stock or cash.

Change of Control. In general, if the total amount of payments to certain disqualified individuals that are contingent upon a change of control of the Company (within the meaning of Section 280G of the Code), including payments under the 2019 Plan that vest in connection with a change of control, equals or exceeds three times the individual's "base amount" (generally, such individual's average annual compensation for the five calendar years preceding the change of control), then, subject to certain exceptions, the portion of such payments in excess of the base amount may be treated as "parachute payments" under the Code, in which case a portion of such payments would be non-deductible to us and the individual would be subject to a 20% excise tax on such portion of the payments.

Requirements Regarding "Deferred Compensation." Certain of the awards under the 2019 Plan may constitute "deferred compensation" within the meaning of Section 409A of the Code, a provision governing "non-qualified deferred compensation plans." Failure to comply with the requirements of Section 409A of the Code, where applicable, regarding participant elections and the timing of payment distributions could result in the affected participants being required to recognize ordinary income for tax purposes earlier than the times otherwise applicable as described in the above discussion and to pay an additional tax of 20% on such non-qualified deferred compensation. Generally, options and SARs settled in shares of our common stock with a per share exercise or grant price equal to the fair market value of a share of our common stock on the date of grant as well as restricted stock awards would not be subject to the requirements of Section 409A of the Code.

PROPOSAL 5: Shareholder Proposal

We expect the following proposal, sponsored by the Comptroller of the State of New York as trustee of the New York State Common Retirement Fund, 59 Maiden Lane, 30th Floor, New York, NY 10038, to be presented at the 2019 Annual Meeting. The Board disclaims any responsibility for the content of the shareholder proposal and the supporting statement, which are presented exactly in the form received by the Company.

SHAREHOLDER PROPOSAL

Resolved, that the shareholders of Simon Property Group, Inc. ("Company") hereby request that the Company provide a public report, updated semiannually, disclosing the Company's:

1. Policies and procedures for making, with corporate funds or assets, contributions and expenditures (direct or indirect) to (a) participate or intervene in any political campaign on behalf of (or in opposition to) any candidate for public office, or (b) influence the general public, or any segment thereof, with respect to an election or referendum.
2. Monetary and non-monetary contributions and expenditures (direct and indirect) used in the manner described in section 1 above, including:
 - a. The identity of the recipient as well as the amount paid to each; and
 - b. The title(s) of the person(s) in the Company responsible for decision-making.

The report shall be presented to the board of directors or relevant board committee and posted on the Company's website within 12 months from the date of the annual meeting. This proposal does not encompass lobbying spending.

SUPPORTING STATEMENT

As long-term shareholders of Simon Property Group, Inc., we support transparency and accountability in corporate spending on political activities. These include any activities considered intervention in any political campaign under the Internal Revenue Code, such as direct and indirect contributions to political candidates, parties, or organizations; independent expenditures; or electioneering communications on behalf of federal, state or local candidates.

Disclosure is in the best interest of the company and its shareholders. Moreover, the Supreme Court's Citizens United decision recognized the importance of political spending disclosure for shareholders when it said, "[D]isclosure permits citizens and shareholders to react to the speech of corporate entities in a proper way. This transparency enables the electorate to make informed decisions and give proper weight to different speakers and messages." Gaps in transparency and accountability may expose the company to reputational and business risks that could threaten long-term shareholder value.

Relying on publicly available data does not provide a complete picture of the Company's political spending. For example, the Company's payments to trade associations used for political activities are undisclosed and unknown. In some cases, even management does not know how trade associations use their company's money politically. The proposal asks the Company to disclose all of its political spending, including payments to trade associations and other tax exempt organizations used for political purposes. This would bring our Company in line with a growing number of leading companies that support political disclosure and accountability and present this information on their websites.

The Company's Board and its shareholders need comprehensive disclosure to be able to fully evaluate the political use of corporate assets. We urge your support for this critical governance reform.

SHAREHOLDER PROPOSAL

THE BOARD'S STATEMENT IN OPPOSITION TO PROPOSAL 5

The Company's Code of Business Conduct and Ethics provides that "No director or employee should make, authorize or permit any unlawful contributions, expenditure or use of the Company's funds or property for political purposes." We are committed to the highest ethical standards, and we have procedures in place to ensure that our extremely limited political contributions are subject to appropriate oversight and in the best interest of our shareholders.

The Company did not make any political contributions in 2018. If the Company were ever to make any such contributions, such information would be publicly available from several sources.

As a general matter, the Company does not make contributions to political candidates or organizations, nor employ its resources for the purpose of helping to elect candidates to public office, even where permitted by law. Nor does the Company have a political action committee. In very limited situations, and where permitted by law, the Company may make contributions with respect to state and local ballot questions and referenda that have a direct impact on the Company's business. Information with respect to any such contributions made in connection with ballot questions and referenda is publicly available through local boards of election.

We do belong to a limited number of trade associations which may advocate on behalf of policy issues that are important to members' interests, including the Company's business. While we do not always share or agree with all of the views espoused by such trade associations, we believe they may be helpful for advocating in favor of the common interests of their members. We regularly review the costs and benefits of our memberships in trade associations. In addition, trade associations are subject to public disclosure obligations with respect to their lobbying and political contributions and expenditures. We do not believe that the information requested by the proposal will add value for shareholders and that it could result in competitive harm to the Company. Disclosure regarding our trade association membership dues may misrepresent our public policy agenda, as trade associations operate on an independent basis and we do not always agree with all positions taken by them. We believe that any additional political contribution reporting requirements that go beyond those required under existing law should be applicable to all participants engaged in the political process, rather than to us alone, as the proposal requests.

In the Board's view, to produce the detailed report requested by the proposal would require the Company to incur undue cost and administrative burden, without commensurate benefit to our shareholders.

THE BOARD RECOMMENDS A VOTE "AGAINST" THIS PROPOSAL BASED ON THE REASONS DISCUSSED ABOVE. PROXIES SOLICITED BY THE BOARD WILL BE VOTED "AGAINST" THIS PROPOSAL UNLESS A SHAREHOLDER INDICATES OTHERWISE IN VOTING THE PROXY.

SUSTAINABILITY

Simon has a long-standing commitment to our shareholders and communities to conduct our business in an environmentally and socially responsible manner. Our corporate **sustainability** vision is to be recognized as a leader in sustainable development and operations of retail properties in the U.S.

We incorporate sustainable thinking into various areas of our business; from how we plan, develop, and operate our properties, to how we do business with our customers, engage with our communities, and create a productive and positive work environment for our employees. Our **sustainability** framework focuses on four key areas: Properties, Customers, Communities, and Employees. We have acted on each of these areas by setting specific goals and measuring progress to ensure accountability of our commitments.

We leverage **sustainability** initiatives to achieve cost efficiencies in our operations. By implementing a range of energy management practices and continuous energy monitoring and reporting, we have reduced our energy consumption at comparable properties every year since 2003. As a result, excluding new developments, we have reduced the electricity usage over which we have direct control by 363 million kWh since 2003. This represents a 37% reduction in electricity usage across a portfolio of comparable properties.

Our reduction in greenhouse gas emissions resulting from our energy management efforts in the same time period is 261,169 metric tons of CO₂e. This figure includes emission streams that have been consistently tracked since 2003 including scope 1, scope 2, and for scope 3 only employee commuting and business travel. Additional emission streams, such as emissions generated from solid waste management, use of refrigerants and tenants' plug-load consumptions, have been included in Simon's **sustainability** disclosure since 2013 and are reported in Simon's annual **sustainability** report published in accordance with the guidelines of the Global Reporting Initiatives (GRI), the most widely used international standard for **sustainability** reporting.

Third party international organizations regularly recognize Simon's **sustainability** performance. Again in 2018, Simon was awarded a score of A- by CDP in the climate change questionnaire, which identifies the company as a **sustainability** leader for driving significant reduction in emissions, implementing strategies to manage climate related risks and opportunities, as well as setting company-wide **sustainability** goals. Simon was also awarded a Green Star rating the designation awarded for leadership in **sustainability** performance by the Global Real Estate **Sustainability** Benchmark (GRESB).

In addition, shareholder proposals must otherwise comply with the requirements of Rule 14a-8 promulgated under the Exchange Act and any other applicable laws and regulations.

SHAREHOLDER PROPOSALS OR OTHER BUSINESS OUTSIDE OF THE RULE 14a-8 PROCESS

The Company's By-Laws also establish an advance notice procedure for shareholders who wish to present a proposal of business or nominate a director before an annual meeting of shareholders but do not intend for the proposal to be included in the Company's Proxy Statement pursuant to Rule 14a-8. Pursuant to the Company's By-Laws, such a proposal of business or nomination of a director may be brought before the meeting by a shareholder who is entitled to vote at such meeting and who gives timely notice of such proposal or nomination and otherwise satisfies the applicable requirements. To be timely for the 2020 annual meeting of shareholders, such notice should be delivered by U.S. Postal Service-Priority Mail Express with proof of delivery or an internationally recognized overnight carrier (providing proof of delivery), and must be received by the General Counsel and Secretary of the Company, Steven E. Fivel, at 225 West Washington Street, Indianapolis, Indiana 46204 by the close of business on January 8, 2020. If the date of the 2020 annual meeting of

shareholders is changed by more than 30 days from May 8, 2020, the proposal must be received by the Company not later than the close of business on the later of 120 calendar days in advance of the 2020 annual meeting of shareholders or 10 calendar days following the date upon which public announcement of the date of the meeting is first made.

PROXY ACCESS NOMINATIONS

The Company's By-Laws also establish a proxy access provision for shareholders who wish to include director nominees in the Company's proxy statement. Such nomination of a director may be submitted by a shareholder if the shareholder nominee, nominating shareholder and nomination process meet certain requirements outlined in our By-Laws, including that timely notice of such director nomination is provided. To be timely for the 2020 annual meeting of shareholders, such notice should be delivered by U.S. Postal Service-Priority Mail Express with proof of delivery or an internationally recognized overnight carrier (providing proof of delivery), and must be received by the General Counsel and Secretary of the Company, Steven E. Fivel, at 225 West Washington Street, Indianapolis, Indiana 46204 not later than November 28, 2019 nor earlier than October 29, 2019. If the date of the 2020 annual meeting of shareholders is changed more than 30 days from May 8, 2020, the notice must be received no later than the close of business on the 10th day following the day on which public announcement of the date of the annual meeting is first made. For more information on our proxy access provision, see the section of this Proxy Statement titled "Corporate Governance of the Company Policies on Corporate Governance."

Via the Internet by visiting www.proxyvote.com;

By telephone by dialing toll-free 1-800-690-6903;

FREQUENTLY ASKED QUESTIONS AND ANSWERS

HOW WOULD MY SHARES BE VOTED IF I DO NOT SPECIFY HOW THEY SHOULD BE VOTED?

If you sign and return a proxy card without indicating how you want your shares to be voted, the persons named as proxies will vote your shares as follows:

Proposal 1: **FOR** the election of all ten (10) independent director nominees named in this Proxy Statement.

Proposal 2: **FOR** the advisory vote to approve the compensation of our Named Executive Officers.

Proposal 3: **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2019.

Proposal 4: **FOR** the approval of the 2019 Stock Incentive Plan.

Proposal 5: **AGAINST** the Shareholder Proposal.

HOW WILL ABSTENTIONS BE TREATED?

For the 2019 Annual Meeting, abstentions will have no effect on the outcome of Proposal 1: Election of Directors, Proposal 2: Advisory Vote to Approve the Compensation of our NEOs, Proposal 3: Ratification of Independent Registered Public Accounting Firm, and Proposal 5: A Shareholder Proposal because abstentions do not count as votes cast under the majority of votes cast standard. Abstentions will have the same effect as votes against Proposal 4: Approval of the 2019 Stock Incentive Plan because votes cast FOR Proposal 4 must

represent more than 50% of votes cast plus abstentions.

However, abstentions will be considered present and entitled to vote at the 2019 Annual Meeting and will be counted towards determining whether or not a quorum is present.

WHAT ARE BROKER NON-VOTES AND HOW WILL BROKER NON-VOTES BE TREATED?

A broker non-vote occurs when a nominee, such as a broker, holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary authority to vote for that particular proposal and has not received instructions from the beneficial owner as to how to vote its shares. Proposals 1, 2, 4 and 5 fall into this category. If you do not provide your broker with voting instructions, any of your shares held by the broker will not be counted as having been voted on any of these proposals. We do not expect there to be any broker non-votes with respect to Proposal 3, as brokers are entitled to vote on the ratification of independent registered accounting firms. "Broker non-votes" will be considered present at the 2019 Annual Meeting and will be counted towards determining whether or not a quorum is present.

WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL?

All voting shares are entitled to one vote per share. To approve each of the proposals, the following votes are required from the holders of voting shares.
