QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

What is the Notice of Internet Availability of Proxy Materials that I received instead of complete proxy materials?

The Securities and Exchange Commission (the SEC) rules allow companies to furnish proxy materials, including this proxy statement and our Annual Report to Shareholders, by providing access to these documents on the Internet instead of mailing printed copies of our proxy materials to shareholders. Most shareholders who reside in the United States have received a Notice of Internet Availability of Proxy Materials (the Notice), which provides instructions for accessing proxy materials on a website or for requesting electronic or printed copies of the proxy materials.

If you want a paper copy of the proxy materials for the Annual Meeting and for all future meetings, please follow the Notice instructions for requesting such materials. The chosen electronic delivery option lowers costs and reduces environmental impacts of printing and distributing the materials.

What is the date, time and place of the Annual Meeting?

The Annual Meeting of Shareholders (the Meeting) of SunOpta Inc. (sometimes referred to as we, us, our, Company or SunOpta) will be held on Thursday, May 17, 2012 at 4:00 p.m. Eastern Daylight Time at our corporate offices located at 2838 Bovaird Drive West, Brampton, Ontario, Canada L7A 0H2.

You may also access the Meeting live by teleconference or over the Internet. To access the Meeting by teleconference, dial toll free at 1-877-312-9198 or international at 1-631-291-4622. To access the Meeting over the Internet, go to the Company's website at www.sunopta.com. You should plan to access the Company's website at least 15 minutes prior to the Meeting time in order to register, download and install any necessary audio software.

Why am I receiving proxy materials?

We sent you the Notice or this proxy statement relating to the Meeting (this Proxy Statement) and the accompanying proxy card because our Board of Directors (sometimes referred to as the Board) is soliciting your proxy to vote at the Meeting and at any adjournment or postponement thereof. You are invited to attend the Meeting and we request that you vote on the proposals described in this Proxy Statement. However, you do not need to attend the Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or vote by telephone or Internet as described below under How can I vote?

What are the items of business scheduled for the Meeting?

There are four matters scheduled for a vote:

- the determination of the number of directors of the Company to be elected;
- the election of the director nominees specified in this Proxy Statement;
- the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm and auditor and authorization for the Audit Committee to fix their remuneration; and
- an advisory vote regarding the compensation of the Company's named executive officers (NEOs).

Shareholders will also consider and take action upon such other matters as may properly come before the Meeting or any adjournment thereof. The Board is not currently aware of any other matters to be presented at the Meeting.

What is included in the proxy materials?

The proxy materials include:

- this Proxy Statement for the Meeting;
- the accompanying proxy card; and
- our Annual Report to Shareholders or Form 10-K for the year ended December 31, 2011, which includes the Audited Consolidated Financial Statements for the year ended December 31, 2011 and the related Management's Discussion and Analysis of Financial Condition and Results of Operations. The Annual Report is not incorporated by reference into this Proxy Statement and is not deemed to be a part hereof.

What is a proxy?

It is your legal designation of another person to vote the shares you own. The other person is called a proxy. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card.

The enclosed proxy card contemplates that Robert McKeracher, Vice President and Chief Financial Officer, and John Dietrich, Vice President, Corporate Development and Secretary, each be appointed to act as your proxy. However, you may choose another person to act as your proxy. If you wish to appoint as your proxy a person other than the individuals named on the proxy card to attend the Meeting and vote for you, you may do so by striking out the names on the proxy card and inserting the name of your proxy in the blank space provided in the proxy card, or you may complete another proper proxy card. Your appointed proxy need not be a shareholder of the Company.

Who is soliciting my proxy?

The proxy accompanying this Proxy Statement is solicited by Management and the Board of Directors of the Company. Proxies may be solicited by officers, directors and regular employees of the Company. The Company does not expect to pay any additional compensation for the solicitation of proxies. These solicitations may be made personally or by mail, facsimile, telephone, messenger, or e-mail. The Company will bear all proxy solicitation costs.

Who can vote at the Meeting?

Only shareholders of record at the close of business on March 23, 2012, or the record date, will be entitled to vote at the Meeting. On the record date, there were 65,833,827 common shares issued and outstanding.

In the event a shareholder of record transfers his, her or its common shares after the close of business on the record date, the transferee of those shares will be entitled to vote the transferred shares at the Meeting provided that he, she or it produces properly endorsed share certificates representing the transferred shares to the Company's Secretary or transfer agent or otherwise establishes his, her or its ownership of the transferred shares at least 10 days prior to the Meeting.

What is the difference between a shareholder of record and a shareholder who holds shares in street name?

Most shareholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are important distinctions between shares held of record and those owned in street name.

Shareholder of Record Shares Registered in Your Name

If on March 23, 2012 your shares were registered directly in your name with our transfer agent, you are considered, with respect to those shares, the shareholder of record. As the shareholder of record, you have the right to grant your voting proxy directly to the individuals named on the proxy card, or to vote in person at the Meeting. Whether or not

you plan to attend the Meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner Shares Registered in the Name of Broker, Bank or Nominee

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the proxy materials are being forwarded to you by your broker or nominee, which is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the Meeting unless you obtain a signed proxy from the shareholder of record giving you the right to vote the shares. Your broker or nominee has provided voting instructions for you to use in directing the broker or nominee how to vote your shares. If you fail to provide sufficient instructions to your broker or nominee, that shareholder of record may be prohibited from voting your shares. See

What if I do not specify how my shares are to be voted? and What are broker non-votes ? below.

How can I vote?

You may vote your shares by one of the following methods:

- **Vote in Person.** If you are the shareholder of record with respect to your shares, you may vote the shares in person at the Meeting. If you choose to vote in person at the Meeting, please bring your proxy card or personal identification. Shares held in street name may be voted in person by you only if you obtain a legal proxy from the shareholder of record giving you the right to vote your beneficially owned shares.
- **Vote by Telephone.** To vote by telephone, call toll free 1-800-690-6903. You will be prompted to provide your 12 digit number located on the Notice or your proxy card. *Please note that telephone voting should not be used if you plan to attend the Meeting and vote in person or designate a proxy to vote on your behalf at the Meeting.*
- **Vote by Facsimile (Canadian shareholders only).** You may also submit your proxy card via facsimile by sending it to 1-866-623-5305.
- **Vote by Internet.** To vote via the Internet, go to www.proxyvote.com and follow the simple instructions. You will be required to provide your 12 digit control number located on the Notice or your form of proxy.
- **Vote by Mail.** If you received a printed set of proxy materials, you may complete, sign, date and mail the separate proxy card or other proper form of proxy in the envelope provided with this Proxy Statement. *If you vote by telephone, Internet or facsimile, please do not mail your proxy card.*

If you vote by telephone, facsimile or Internet, your vote must be cast no later than *11:59 pm Eastern Daylight Time the night before the meeting or Wednesday, May 16, 2012* (or 11:59 pm on the night before, excluding Saturdays, Sundays and holidays, any adjournment or postponement of the Meeting). If you vote by proxy, your completed proxy card must be received by Broadridge at 51 Mercedes Way, Edgewood, New York USA 11717-8311, *prior to 11:59 pm Eastern Daylight Time the night before the meeting or Wednesday, May 16, 2012* (or 11:59 on the night before, excluding Saturdays, Sundays and holidays, any adjournment or postponement of the Meeting at which the proxy is to be used).

If your shares are held in street name by a broker, bank or other nominee, please refer to the instructions provided by that broker, bank or nominee regarding how to vote or how to revoke your voting instructions.

If you return a signed proxy card or use the telephone or Internet to vote before the Meeting, the person named as proxies in the proxy card will vote your common shares as you direct.

Even if you currently plan to attend the Meeting, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the Meeting. Submitting your proxy via Internet, telephone or mail does not affect your right to vote in person at the Meeting.

How many votes are needed to approve each Proposal?

The number of votes required to approve each of the Proposals scheduled to be presented at the Meeting is as follows:

Proposal 1: Number of Directors. This Proposal will be approved if the votes cast in favour of the Proposal constitute a majority of the total votes cast on the Proposal.

Proposal 2: Election of Directors. Directors are elected by a plurality of the votes cast, meaning the nominees who receive the largest number of votes will be elected as directors, up to the maximum number of directors to be elected. However, in accordance with our by-laws, any director who receives more withhold than for votes will be deemed to have tendered his or her resignation as a director.

Proposal 3: Appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm and authorization of the Audit Committee to fix their remuneration. This Proposal will be approved if the votes cast in favour of the Proposal constitute a majority of the total votes cast on the Proposal.

Proposal 4: Advisory vote regarding the compensation of the Company's NEOs. This Proposal will be approved if the votes cast in favour of the Proposal constitute a majority of the total votes cast on the Proposal. Although the outcome of this vote is not binding on us, we will consider the outcome of this vote when developing our compensation policies and practises, and when making compensation decisions in the future.

What if I do not specify how my shares are to be voted?

Shareholders of Record. If you are a shareholder of record and you submit a proxy card, but you do not provide voting instructions, your shares will be voted as follows:

- **FOR** the resolution fixing the number of directors of the Company at ten directors;
- **FOR** each of the ten nominees named in this Proxy Statement for election to the Company's Board of Directors;
- **FOR** the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm and auditor and authorization of the Audit Committee to fix their remuneration; and
- **FOR** the approval of an advisory resolution regarding the compensation of the Company's NEOs.

The Board does not expect that any additional matters will be brought before the Meeting. The persons appointed as proxies will vote in their discretion on any other matters that may properly come before the Meeting or any postponement or adjournment thereof, including any vote to postpone or adjourn the Meeting. Moreover, if for any reason any of our nominees is not available as a candidate for director, the persons named as proxies will vote for such other candidate or candidates as may be nominated by the Board.

Beneficial Owners. If you are a beneficial owner and you do not provide the broker, bank or other nominee that holds your shares with voting instructions, the broker or other nominee will determine if it has the discretionary authority to vote on the particular matter. Therefore, if you do not provide voting instructions to your broker, your broker may only vote your shares on Proposals One and Three. See *What are broker non-votes?* below.

What are broker non-votes?

A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have authority to vote on that particular proposal without receiving voting instructions from the beneficial owner. *Under NASDAQ rules, brokers that do not receive voting instructions from the beneficial owner have the discretion to vote on certain routine matters, but do not have the discretion to vote on the election of directors to the Board, executive compensation matters or any other significant matter as determined by the SEC.* We believe that Proposal One relating to the size of the Board of Directors and Proposal Three relating to the appointment of Deloitte & Touche LLP as our independent registered public accounting firm are considered matters on which brokers may vote in their discretion on behalf of clients who have not furnished voting instructions. However, under current NASDAQ rules, we believe that brokers who have not received voting instructions from their clients will not be authorized to vote in their discretion on Proposals Two or Four. Accordingly, for beneficial owners of shares, if you do not give your broker specific instructions, your shares may not be voted on such Proposals.

How are abstentions and broker non-votes counted?

Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Meeting. The shares represented by proxies marked *abstain* will not be treated as affirmative or opposing votes. Broker non-votes will not affect the outcome of the vote on any of the Proposals to be voted upon at the Meeting because the outcome of each vote depends on the number of *votes cast* rather than the number of shares *entitled to vote*.

How many votes do I have?

On each matter to be voted upon, you have one vote for each common share you owned as of March 23, 2012.

Who counts the votes?

The Company has nominated Broadridge Financial Solutions, Inc. to count and tabulate the votes. This is done independently of the Company to preserve the confidentiality of individual shareholder votes. Proxies are referred to the Company only in cases where a shareholder clearly intends to communicate with management, the validity of the proxy is in question or where it is necessary to do so to meet the requirements of applicable law.

Is my vote confidential?

The Company's transfer agent preserves the confidentiality of individual shareholder votes, except where a shareholder clearly intends to communicate his or her individual position to the management of the Company or as necessary in order to comply with legal requirements.

If I need to contact the Company's transfer agents, how do I reach them?

You can contact the transfer agent in Canada by mail at: Equity Financial Trust Company, 200 University Avenue, Suite 400, Toronto, Ontario Canada M5H 4H1, or via telephone at (416) 361-0930. You can contact the transfer agent in the USA by mail at: American Stock Transfer & Trust Company, LLC, 6201 15th Avenue, Brooklyn, NY USA 11219, or via telephone at (718) 921-8293.

What does it mean if I receive more than one copy of the Notice or proxy card?

If you receive more than one copy of the Notice or more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card or follow the instructions on each copy of the Notice to ensure that all of your shares are voted.

How do I revoke or change my vote?

If you are a shareholder of record, you may revoke your proxy at any time before it is voted by one of the following methods:

- Voting again by telephone or by Internet prior to 4:00 p.m. Eastern Daylight Time on May 15, 2012, as set forth above under **How can I vote?** ;
- Requesting, completing and mailing or delivering by facsimile a proper proxy card, as set forth above under **How can I vote?** ;
- Sending written notice of revocation, signed by you (or your duly authorized attorney), to the Company at the corporate office of the Company at 2838 Bovaird Drive West, Brampton, Ontario, Canada L7A 0H2, at any time prior to the last business day preceding the date of the Meeting; or
- Attending the Meeting (or any adjournment thereof) and delivering written notice of revocation prior to any vote to the Chairman of the Meeting.

If you hold your shares in street name, you may revoke your proxy by following the instructions provided by your broker, bank or other nominee.

What is the quorum requirement?

Under NASDAQ listing rules and the Company's by-laws, the presence at the Meeting, in person or represented by proxy, of at least two shareholders holding not less than one-third (33 1/3%) of the outstanding common shares shall constitute a quorum for the purpose of transacting business at the Meeting. As of the record date, there were 65,833,827 common shares outstanding. Therefore, holders of at least 21,944,609 common shares must be present at the Meeting in order to establish a quorum. The Company encourages all of its shareholders of record as of March 23,

2012 to participate in the Meeting.

How can I find out the results of the voting at the Meeting?

Preliminary voting results will be announced at the Meeting. We will publish final results in a Current Report on Form 8-K that we expect to file with the U.S. Securities and Exchange Commission and with applicable Canadian securities regulatory authorities within four business days of the Meeting. After the Form 8-K is filed, you may obtain a copy by visiting our website, by viewing our public filings in the U.S. at www.sec.gov or in Canada at www.sedar.com, by contacting our Investor Relations Officer by calling (905) 455-2528, ext. 103, by writing to Investor Relations, SunOpta Inc., 2838 Bovaird Drive West, Brampton, Ontario L7A 0H2 or by sending an email to susan.wiekenkamp@sunopta.com.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following presents information regarding beneficial ownership of our common shares as of March 23, 2012 by:

- each person who we know owns beneficially more than 5% of our common shares;
- each of our directors and nominees;
- each of our NEOs; and
- all of our directors and executive officers as a group.

Under the regulations of the SEC, shares are generally deemed to be beneficially owned by a person if the person directly or indirectly has or shares voting power or investment power (including the power to dispose) over the shares, whether or not the person has any pecuniary interest in the shares, or if the person has the right to acquire voting power or investment power of the shares within 60 days, including through the exercise of any option, warrant or right. In accordance with the regulations of the SEC, in computing the number of common shares beneficially owned by a person and the percentage ownership of such person, we deemed to be outstanding all common shares subject to options or other rights held by the person that are currently exercisable or exercisable within 60 days of March 23, 2012. We did not deem such shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

Based solely on our review of statements filed with the SEC pursuant to Section 13(d) and 13 (e) under the Securities Exchange Act of 1934, as amended (the Exchange Act) the Company is not aware of any other person or group that beneficially owns more than 5% of the Company s common shares, except as noted below.

Name and Address of Beneficial Owner	Title of Class	Amount and Nature of Beneficial Ownership	Percent of Class (1)
West Face Capital	Common	7,579,900 (2)	11.5%

- (1) Percentage of class is calculated based on total common shares outstanding at March 23, 2012 of 65,833,827. This total does not include warrants or options of the Company.
- (2) West Face Capital Inc. (West Face), on behalf of itself and Gregory A. Boland, filed a Schedule 13D with the SEC on February 23, 2012 in relation to Shares held for the account of West Face Long Term Opportunities Global Master L.P. (WFGM), a Cayman Islands limited Partnership. West Face serves as investment manager to WFGM. Mr. Boland is President and Chief Executive Officer of West Face. In such capacities, West Face and Mr. Boland may be deemed to have voting and dispositive power over the shares held for the account of WFGM.

Unless otherwise indicated, the persons in this table have sole voting and dispositive power with respect to the common shares shown as beneficially owned by them. - (4) Percentage of class is calculated based on 65,833,827 common shares outstanding at March 23, 2012. (* indicates less than 1% of the outstanding common shares).
- (5) The company does not currently have a formal policy to prohibit NEOs and Directors from hedging against declines in the market value of their equity based compensaton or equity securities through the use of financial instalments. However, this practise is discouraged and the Company is not aware of any NEO s or directors partaking in hedges.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, among others, to file with the SEC an initial report of ownership of our common shares on Form 3 and reports of changes in ownership on Form 4 or Form 5. Persons subject to Section 16 are required by SEC regulations to furnish us with copies of all Section 16 forms that they file related to SunOpta stock transactions. Under SEC rules, certain forms of indirect ownership and ownership of our common shares by certain family members are covered by these reporting requirements. As a matter of practise, our administrative staff assists our directors and executive officers in preparing initial ownership reports and reporting ownership changes and typically files these reports on their behalf.

Based solely on a review of the copies of Forms 4 and 5 furnished to us, or written representations from reporting persons that all reportable transactions were reported, we believe that during the fiscal year ended December 31, 2011 all of our executive officers, directors and greater than 10% holders, if any, filed the reports required to be filed under Section 16(a) on a timely basis under Section 16(a).

PROPOSAL ONE NUMBER OF DIRECTORS

Number of Directors

The articles of the Company provide that its Board of Directors shall consist of a minimum of five and a maximum of 15 directors. The Company's Board of Directors is currently comprised of nine directors. However, the Board of Directors has recommended the election of ten nominees at the Meeting. Accordingly, it is proposed that at the Meeting shareholders approve a resolution fixing the number of directors at ten directors.

Recommendation of the Board of Directors; Vote Required

The Board of Directors recommends that shareholders vote FOR the resolution fixing the number of directors of the Company at ten. In the event that the shareholders do not approve the resolution, the size of the Board of Directors will remain at nine directors, and the nine director nominees receiving a plurality of the votes will be elected.

CORPORATE GOVERNANCE

Board Composition, Leadership and Size

The articles of the Company provide that its Board of Directors shall consist of a minimum of five and a maximum of 15 directors. Presently, the Board of Directors consists of nine directors but at the Annual Meeting shareholders will be asked to approve a resolution fixing the number of directors at ten. The new nominee proposal to fill the additional board seat has over twenty-five years of international investment and capital markets experience and has a very strong financial background. His experience and skills will enhance the diversity of the Board of Directors.

The Board has determined that the proposed size of the Board of Directors will be sufficient to ensure the presence of directors with diverse experience and skills, without hindering effective decision-making or diminishing individual accountability. The Board also believes this range is flexible enough to permit the recruitment, if circumstances so warrant, of an outstanding director candidate in whom the Board may become interested at a future time. The Corporate Governance Committee periodically reviews the organization, size, operation, practise, and tenure policies of the Board and recommends changes to the full Board as appropriate.

Each of the directors and executive officers of the Company is required to certify on an annual basis that he or she has reviewed and is knowledgeable as to the contents of the Company's Business Ethics and Code of Conduct (the Code) and is not aware of any violations of the Code. All new employees of the Company are required to certify at the time of hiring that they have reviewed and are knowledgeable as to the contents of the Code. The Company monitors compliance with the Code through management oversight and regular communications with employees. In addition the Company has established and maintains, through an independent third party service provider, a confidential toll-free ethics reporting hotline which all directors, officers and employees are advised of and encouraged to use to report matters which may constitute violations of the Code.

The effectiveness and contribution of the Board, each committee of the Board and each of the individual directors are assessed annually with the assistance of a third party consulting firm specializing in board effectiveness (the Board Effectiveness Consultant). Each of the directors is required to complete a detailed questionnaire which is prepared and reviewed by the Board Effectiveness Consultant and also complete a personal interview with the Board Effectiveness Consultant. The results of this review are reported to, and discussed in detail at, a meeting of the full Board of Directors.

Two of our executive officers, Steven Bromley, Chief Executive Officer, and Allan Routh, President of the SunOpta Grains and Food Group, serve on the Board of Directors. Jeremy Kendall serves as the Chairman of the Board. Mr. Kendall previously served as the Company's Chief Executive Officer, until his retirement on February 1, 2007. The Board does not have a policy concerning the separation of the roles of Chief Executive Officer and Chairman, as the Board believes that it is in the best interest of the Company to make that determination based on the position and direction of the Company and the membership of the Board. Currently these roles are separate.

The current Chairman of the Board, while not an employee or officer of the Company, is deemed not to be an independent director. In March 2011, the Company appointed Alan Murray as the Vice-Chair of the Board. Mr. Murray is an independent director and, while serving as Vice-Chair of the Board, it is expected that Mr. Murray will assist the Chairman and provide an independent viewpoint on all matters. The Chairman of the Board sets the agenda for meetings of the Board with input and feedback from the directors. The Vice-Chair, as the Chairman's deputy, performs the duties that are delegated to him by the Chairman, which duties may include: assisting in preparing Board and Committee agendas and establishing priorities of the Board; acting as chairman for meetings of the independent directors; serving as a liaison between the Chairman and the CEO, on one hand, and the independent directors, on the other; assisting the Chairman and the CEO with ongoing matters between meetings of the Board; and serving as acting Chairman of the Board in the absence of the Chairman, or when a motion involving the Chairman is being discussed. All committees of the Board are chaired by independent directors. The Board and the Corporate Governance

Committee believe that the current Board leadership structure is an appropriate structure for the Company and will continue to periodically evaluate whether the structure is in the best interests of the Company and its shareholders.

Director Independence

Under NASDAQ listing rules, a majority of the members of the Board must be independent directors, An independent director under NASDAQ listing rules is a person other than an executive officer or employee or any other individual having a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

National Policy 58-201 *Corporate Governance Guidelines* of the Canadian Securities Administrators recommends that boards of directors of reporting issuers be composed of a majority of independent directors. A director is considered independent only where the board determines that the director has no "material relationship" with the Company. Director independence of each of the current directors is determined by the Board of Directors with reference to the requirements as set forth by Canadian securities regulators in National Instrument 52-110 - *Audit Committees of the Canadian Securities Administrators*, the rules and regulations of the TSX, NASDAQ and SEC (collectively, the Rules and Regulations).

The Board has determined that six directors, Cyril Ing, Katrina Houde, Douglas Green, Victor Hepburn, Jay Amato and Alan Murray, who currently constitute a majority of the Board, are independent. The new director nominee, Peter Fraser, will also be an independent director, further increasing the percentage of independent directors on the Board. These independent directors currently comprise in full the membership of each standing Board committee described in this Proxy Statement. Because each is either a current or former officer of the Company, Mr. Jeremy Kendall, Chairman, Mr. Steven Bromley, President and Chief Executive Officer, and Mr. Allan Routh, President of the SunOpta Grains and Foods Group, are considered to have a material relationship with the Company and, therefore, are not independent.

Executive Sessions

The independent directors meet without management and non-independent directors at regularly scheduled in-person Board meetings, generally following meetings of the full Board. One of the independent members of the Board presides at these meetings.

Meeting Attendance

The Board held five regularly scheduled meetings during fiscal year 2011. Each incumbent board member attended at least 80% of the aggregate number of meetings held by the Board and all committees on which he or she served.

Director Orientation

The Company has a formal director orientation policy to ensure that all new Directors receive proper orientation to facilitate the level of familiarity with the Company's practises, policies and operations required to meet Board responsibilities.

The current process to orient new directors is as follows:

- 1) The new director meets with the Chairman of the Board and the Company's Chief Executive Officer to discuss various information about the Company, including history, vision, mission and values, organization structure, share holdings, strategic plan, fiscal business plan and budget, historical and current year to date fiscal results.
- 2) The new director meets with the Chairman to discuss the aspects of the Board such as organizational documents and Board and committee minutes for the past year, Board administration matters, expense reimbursement practises, and Company policies.
- 3) The new director meets with other Directors of the Company and certain members of Corporate Management and Divisional Presidents which allow new directors an opportunity to ask questions about the role of the Board, its committees and directors and the nature and operation of the Company. Following nomination, new directors are encouraged to meet members of management and to visit the Company's premises and view its operations.
- 4) New directors are provided access to the Company's continuous disclosure documents as filed with the SEC and on SEDAR, investor presentation material, director mandate document and the Company's Business Ethics & Code of Conduct policies. New directors are required to affirm that they have read and understand the Company's Business Ethics and Code of Conduct.

Board Role in Risk Oversight

The Board has risk oversight responsibility and sets the tone for risk tolerance within the Company. The Board strives to effectively oversee the Company's enterprise-wide risk management in a way that balances managing risks while enhancing the long-term value of the Company for the benefit of the shareholders. The Board understands that its focus on effective risk oversight is critical to setting the Company's culture towards effective risk management. To administer its oversight function, the Board seeks to understand the Company's risk philosophy by having discussions with management to establish a mutual understanding of the Company's overall appetite for risk. The Board maintains an active dialogue with management about existing risk management processes and how management identifies, assesses and manages the Company's most significant risk exposures. The Board expects frequent updates from management about the Company's most significant risks so as to enable it to evaluate whether management is responding appropriately. During each regularly scheduled Board meeting, the Board also reviews components of the Company's long-term strategic plans and the principal issues, including foreseeable risks that the Company expects to face in the future.

The Board oversees risk management directly, as well as through its committees. For example, the Audit Committee reviews the Company's policies and practises with respect to risk assessment and risk management, including discussing with senior management major financial risks and the steps taken to monitor and control exposure to such risk. The Corporate Governance Committee considers risks related to succession planning and the Compensation Committee considers risks related to the attraction and retention of talent and risks relating to the design of executive compensation programs and arrangements. See below for additional information about the Board's committees. Each of these committees is required to make regular reports of its actions and any recommendations to the Board, including recommendations to assist the Board with its overall risk oversight function.

Board Committees

The Board of Directors presently has three committees, with the principal functions and membership described below. Each committee has a charter, which is available at our website at www.sunopta.com, under the Investor Relations link. The following table summarizes the current membership of each of our three Board committees. Each of the three committees is composed entirely of independent directors.

Audit Committee

The Audit Committee's duties and responsibilities are documented in a formal Audit Committee Charter, which is regularly updated. These duties and responsibilities include (a) providing oversight of the financial reporting process and management's responsibility for the integrity, accuracy and objectivity of financial reports and related financial reporting practises; (b) recommending to the Board the appointment and authorizing remuneration of the Company's auditors; (c) providing oversight of the adequacy of the Company's system of internal and related disclosure controls; and (d) providing oversight of management practises relating to ethical considerations and business conduct, including compliance with laws and regulations. The Audit Committee meets a minimum of four times a year, once to review the Annual Report on Form 10-K and annual Audited Consolidated Financial Statements, and once before each quarter's earnings are filed to review interim financial statements and the Quarterly Report on Form 10-Q which is filed with the SEC in the U.S. and with an applicable securities regulator in Canada. Other meetings may be held at the discretion of the Chair of the Audit Committee. The Audit Committee has free and unfettered access to Deloitte & Touche LLP, the Company's independent registered accounting firm and auditors, the Company's risk management and internal audit team and the Company's internal and external legal advisors.

The Audit Committee maintains a company-wide whistle-blower policy related to reporting of concerns in accounting or internal controls. This policy gives all employees of the Company the option of using a hot line administered by a third party for communication concerns dealing with a wide range of matters including accounting practises, internal controls or other matters affecting the Company's or the employees well being.

Our Audit Committee is currently comprised of Victor Hepburn, Alan Murray and Katrina Houde. The Board has

determined that each member of the Audit Committee (1) is independent as defined by applicable SEC rules and NASDAQ listing rules, (2) has not participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years and (3) is able to read and understand fundamental financial statements, including a company's balance sheet, income statement, and cash flow statement. In addition, the Board has determined that Victor Hepburn meets the definition of audit committee financial expert, as defined in SEC rules, and has appointed Mr. Hepburn as Chairman of the Audit Committee.

The report of the Audit Committee appears under the heading "Report of the Audit Committee" below.

The Audit Committee met formally four times during 2011.

Corporate Governance Committee (Nominating Committee)

The Corporate Governance Committee's duties and responsibilities are documented in a formal Corporate Governance Committee Charter, which is updated regularly. These duties and responsibilities include: (a) identifying individuals qualified to become members of the Board of Directors, and selecting or recommending director nominees; (b) developing and recommending to the Board of Directors corporate governance principles applicable to the Company; (c) leading the Board of Directors in its annual review of the performance of the Board of Directors; (d) recommending to the Board of Directors director nominees for each committee; (e) discharging the responsibilities of the Board of Directors relating to compensation of the Company's directors; (f) leading the Board of Directors in its annual review of the performance of the Chief Executive Officer (CEO); and (g) regularly assessing the effectiveness of the Company's governance policies and practises.

The Corporate Governance Committee, in its capacity as the Nominating Committee, concerns itself with the composition of the Board with respect to depth of experience, balance of professional interests, required expertise and other factors. The Nominating Committee evaluates prospective nominees identified on its own initiative or referred to it by other Board members, management, shareholders or external sources and all self-nominated candidates. The Nominating Committee uses the same criteria for evaluating candidates nominated by shareholders and self-nominated candidates as it does for those proposed by other Board members, management and search companies. To be considered for membership on the Board, the Nominating Committee will consider certain necessary criteria that a candidate should meet, which would include the following: (a) be of proven integrity with a record of substantial achievement; (b) have demonstrated ability and sound judgment that usually will be based on broad experience but, particularly, industry experience; (c) be able and willing to devote the required amount of time to the Company's affairs, including attendance at Board and Committee meetings; (d) possess a judicious and critical temperament that will enable objective appraisal of management's plans and programs; and (e) be committed to building sound, long-term Company growth. The Committee also takes into consideration the range of skills and expertise that should be represented on the Board, geographic experience with businesses and organizations, and potential conflicts of interest that could arise with director candidates. Evaluation of candidates occurs on the basis of materials submitted by or on behalf of the candidate. If a candidate continues to be of interest, additional information about her/him is obtained through inquiries to various sources and, if warranted, interviews. Although the Company does not have a separate diversity policy relating to the identification and evaluation of nominees for director, the Corporate Governance Committee seeks to include members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to the business of the Company.

A shareholder may recommend a person as a nominee for election as a director at the Company's next annual meeting of shareholders by writing to the Secretary of the Company. Each notice of nomination should contain the following information: (a) the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the shareholder is a holder of record of common shares of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; (d) such other information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each nominee been nominated, or intended to be nominated, by the Board of Directors and to ensure that each such nominee is qualified to serve as a director pursuant to the requirements of the Canada Business Corporations Act; and (e) the consent of each nominee to serve as a director of the Company if so elected. Formal nominations for director candidates to be considered for election at the 2012 Annual Meeting of Shareholders must be received before the date specified under "Shareholder Proposals for 2012 Annual Meeting of Shareholders";

Shareholder Communications.

Our Corporate Governance Committee is currently comprised of Jay Amato, Douglas Greene and Cyril Ing, each of whom has been determined by the Board to be independent. Jay Amato is Chairman of the Corporate Governance Committee.

The Corporate Governance Committee met formally four times during 2011.

Compensation Committee

The Compensation Committee's duties and responsibilities are documented in a formal Compensation Committee Charter, which is updated regularly. These duties and responsibilities include to (a) reward executives for long-term strategic management and enhancement of shareholder value; (b) support a performance-oriented environment that rewards achievement of internal Company goals and recognizes the Company's performance compared to the performance of similarly situated companies; (c) attract and retain executives whose abilities are considered essential to the long-term success and competitiveness of the Company through the Company's salary administration program; (d) align the financial interests of the Company's executives with those of the shareholders and (e) ensure fair and equitable treatment for all employees.

The function of the Compensation Committee is to determine the compensation of the CEO as well as to review and approve the compensation recommended by the CEO for certain officers of the Company and to review overall general compensation policies and practices for all employees of the Company. In addition, this Committee oversees the Amended and Restated 2002 Stock Option Plan, Employee Stock Purchase Plan and any other incentive plans that may be established for the benefit of employees of the Company.

Our Compensation Committee is currently comprised of Alan Murray, Victor Hepburn and Katrina Houde, each of whom has been determined by the Board to be independent. Alan Murray serves as Chairman of the Compensation Committee.

Our Compensation committee has deep experience with Compensation matters. Specifically;

Mr. Murray, the Chairman of the Compensation committee, as CEO of Tetra Pak North America was responsible for senior management annual performance and salary reviews, is familiar and worked with major firms who produce salary surveys, has designed and implemented variable compensation systems for senior management, and has set guidelines for and approved total company compensation programs for over 400 salaried employees annually.

Ms. Houde is a certified human resource professional and was a Director or Vice President of Human Resources with three organizations. While at Cuddy Foods she had oversight responsibilities for compensation and pay practices with similar experiences to Mr. Murray above.

Mr. Hepburn has over the course of his career dealt extensively with compensation matters, including pay practices, variable compensation and benefit plans for all levels of managers and employees, drawing on the expertise of human resource personnel and outside consultants.

The report of the Compensation Committee appears under the heading "Executive Compensation-Compensation Committee Report" below.

The Compensation Committee met formally five times during 2011.

Compensation of Directors

Annual compensation for non-employee directors is comprised of cash and option-based equity compensation. Such cash compensation consists of an annual retainer and supplemental retainers for the chairs and members of Board committees. Option-based equity compensation consists of options granted under our Amended and Restated 2002 Stock Option Plan. In addition, Victor Hepburn, Jeremy Kendall and Steve Bromley receive certain fees and stock options from Opta Minerals Inc. as compensation for serving on the board of directors and certain committees of the board of Opta Minerals Inc., one of our subsidiaries, and Jeremy Kendall receives additional compensation in the form of a retirement allowance under a contract with the Company, all of which is set forth in more detail in the table below. Steven Bromley, our President and Chief Executive Officer, and Allan Routh, President of our Grains and Foods Group, are not included in this table since they are employees of the Company and receive no additional compensation for their services as directors of SunOpta; thus, their compensation is shown in the Summary Compensation Table.

During fiscal 2011, each non-employee director received the following compensation (as applicable):

Annual cash retainer in Canadian dollars of:

- \$30,000 for serving as a director;
- \$50,000 for serving as the Chairman of the Board;

The total 2011 compensation for our non-employee directors is shown in the following table:

- (3) For Mr. Kendall, the Other Compensation column reflects a retiring allowance from the Company in the amount of \$50,510 (Cdn \$50,000) under a contract with the Company. For other directors Other Compensation represents primarily travel fees.
- (4) These Board members are paid in Canadian dollars. The Board of Director and committee fees have been converted to U.S. dollars using the average exchange rate of the year of \$1.00 Canadian = \$1.01 U.S.
- (5) See note (6) to the biographies for each of Messrs. Hepburn and Kendall under Information About the Board Nominees for more information related to these Opta Minerals Board of Director fees.

The Board believes that compensation for non-employee directors should be competitive and should fairly compensate directors for the time and skills devoted to serving our Company but, for independent directors, should not be so great as to compromise independence.

All of our directors are reimbursed for reasonable out-of-pocket expenses incurred for attending meetings of our Board or its committees and for other reasonable expenses related to the performance of their duties as directors. The Board believes that our total director compensation package is competitive with the compensation offered by other companies and is fair and appropriate in light of the responsibilities and obligations of our directors.

Penalties and Sanctions and Personal Bankruptcies

The information related to cease trade orders and bankruptcies, not being within the knowledge of the Company, has been furnished by the directors. Other than set out below, none of the proposed nominees for election to the Board of Directors:

- 1) is, as at the date of this Proxy Statement, or was within 10 years before the date of the Proxy Statement, a director or chief executive officer or chief financial officer of any company (including the Company) that:
 - (i) was the subject of an order (as defined in Form 51-102F5 made under National Instrument 51-102 of the Canadian Securities Administrators) that was issued while the director or executive officer was acting in the capacity as director, chief executive officer or chief financial officer; or
 - (ii) was subject to an order that was issued after the director or executive officer ceased to be a director, chief executive officer, or chief financial officer, and which resulted from an event that occurred while that person was acting in the capacity as a director, chief executive officer, or chief financial officer; or
- 2) is at the date hereof, or has been within 10 years before the date of this Proxy Statement, a director or executive officer of any company (including the Company) that while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- 3) has, within the 10 years before the date of this Proxy Statement, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director, executive officer or shareholder.

In 2008 the Company received letters from the SEC (the Commission) requesting additional information in connection with the restatement of the Company s filings for each of the quarterly periods ended March 31, 2007, June 30, 2007, and September 30, 2007. The SEC concluded its investigation in the quarter ended October 2, 2010 and came to a settlement with the Company, Mr. Bromley, President and Chief Executive Officer, and Mr. Dietrich, the former Chief Financial Officer of the Company. Under the settlement, the Company agreed to an administrative order (Order) directing that the Company cease and desist from committing or causing any violations and any future violations of Sections 13(a), 13(b)(2)(A) and 13(b)(2)(B) of the Exchange Act, and Rules 12b-20, 13a-11 and 13a-13 thereunder. The Order did not require the Company to make any payment. Mr. Bromley and Mr. Dietrich also agreed to the Order, which directed that they cease and desist from committing and causing any violations and any future violations of Sections 13(a), 13(b)(2)(A) and 13(b)(2)(B) of the Exchange Act and Rules 12b-20, 13a-11, 13a-13 and 13a-14 thereunder. In addition, Mr. Bromley was ordered to pay disgorgement of \$40,905 and prejudgment interest of \$5,295, and Mr. Dietrich was ordered to pay disgorgement of \$5,780 and prejudgment interest of \$1,012. Those amounts represented a portion of the proceeds that each of them received in connection with properly approved option

exercises and sales of the Company's common stock that occurred before the Company's quarterly financial statements for 2007 were restated. The Company, Mr. Bromley and Mr. Dietrich each consented to the issuance of the Order without admitting or denying the Commission's findings. The settlement concluded the Commission's inquiry.

Colorado Mills LLC (Colorado Mills) and SunOpta Grains and Foods Inc. (formally Sunrich LLC, herein Grains and Foods), a wholly owned subsidiary of the Company, organized a joint venture in 2008 to construct and operate a vegetable oil refinery adjacent to Colorado Mills sunflower seed crush plant located in Lamar, Colorado. The joint venture involved the creation of a jointly-owned entity, Colorado Sun Oil Processors, LLC (CSOP). Allan Routh, one of our Directors, served as President of CSOP, and John Ruelle, our Vice President and Chief Administrative Officer, served as Secretary of CSOP. During the relationship, disputes arose between the parties concerning management of CSOP, record keeping practices, certain unauthorized expenses incurred on behalf of CSOP by Colorado Mills, procurement of crude oil by Sunrich from Colorado Mills for processing at the CSOP refinery, and the contract price of crude oil offered for sale under an output term of the joint venture agreement. The parties initiated a dispute resolution process as set forth in the joint venture agreement, which Colorado Mills aborted prematurely through the initiation of suit in Prowers County District Court on March 16, 2010. Subsequent to the filing of that suit, Colorado Mills acted with an outside creditor of CSOP to involuntarily place CSOP into bankruptcy. As part of the bankruptcy proceeding filed on June 10, 2010 in the U.S. Bankruptcy Court, District of Colorado, Colorado Mills purchased substantially all of the assets of CSOP. Please see Note 3(b) to our consolidated financial statements included in our Annual Report on Form 10-K for a detailed description of our accounting of the disposal of the CSOP assets.

**PROPOSAL THREE APPOINTMENT AND REMUNERATION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM AND AUDITOR**

Appointment of Independent Registered Public Accounting Firm and Auditor

The Audit Committee of the Board has recommended that Deloitte & Touche LLP (Deloitte) be reappointed as the Company's independent registered public accounting firm and auditor until the close of the next annual meeting of shareholders. Shareholders will be asked to vote at the Meeting to appoint Deloitte as the Company's independent registered public accounting firm and auditor until the close of the next annual meeting of shareholders and to authorize the Audit Committee to fix their remuneration. Deloitte has served as our auditors since 2008. One or more representatives of Deloitte will attend the Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions from shareholders in attendance.

Recommendation of the Board of Directors; Vote Required

The Board of Directors recommends that the shareholders vote FOR the appointment of Deloitte as the Company's independent registered public accounting firm and auditor until the close of the next annual meeting of shareholders and FOR authorizing the Audit Committee to fix their remuneration. In the event that shareholders do not appoint Deloitte as the Company's auditors at the Meeting and another accounting firm is not appointed, the Audit Committee will reconsider its recommendation and the Board will select another accounting firm to serve as the Company's independent registered public accounting firm and auditor.

This Proposal will be approved if a quorum is present at the Meeting and the votes cast in favour of the Proposal constitute a majority of the total votes cast on the Proposal. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Meeting, but will have no effect on the results of the vote. Brokers and other nominees will have discretionary authority to vote your shares if you hold your shares in street name and do not provide instructions as to how your shares should be voted on this Proposal.

PROPOSAL FOUR ADVISORY VOTE ON THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

Background

In order to ensure an appropriate level of director accountability to the Company's shareholders and to ensure that shareholders have an opportunity to engage with the Board of Directors about executive compensation matters, the Company has had a policy since early 2010 to seek an advisory vote from shareholders on the Company's executive compensation practices. At the last Annual and Special Meeting of Shareholders, shareholders voted on an advisory basis for the Company to hold an Advisory Vote on Compensation of Named Executive Officers on an annual basis, and the Company has agreed to do so. The Board understands that our shareholders have a meaningful interest in our executive compensation policies, and believes that shareholders should have the opportunity to fully understand the objectives, philosophy and principles the Board has used to make executive compensation decisions. The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, now mandates that the Company continue to enable shareholders to vote to approve, on an advisory, non-binding basis, the compensation of the executive officers named in the Summary Compensation Table set forth in this Proxy Statement (referred to in this Proxy Statement as the "NEOs").

Discussion and Resolution

As described in detail under the heading "Executive Compensation-Compensation Discussion and Analysis," the Company's executive compensation objectives are to (a) attract and retain key executive officers who contribute to the Company's long-term success, (b) align the executive officers' interests with the interests of shareholders, (c) promote an ownership mentality among key leadership and the Board, (d) enhance the overall performance of the Company and (e) recognize and reward individual performance and responsibility. Please read the "Compensation Discussion and Analysis" under "Executive Compensation" for additional details about the Company's executive compensation programs, including information about the compensation of the NEOs for the fiscal year ended December 31, 2011.

In accordance with Company policy and Section 14A of the Exchange Act, we are asking shareholders to indicate their support for the compensation of the NEOs. This proposal, commonly known as a "say-on-pay" proposal, gives shareholders the opportunity to express their views on the NEOs' compensation. Accordingly, we will ask shareholders to vote "FOR" the following resolution at the Meeting:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the NEOs, as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2011 Summary Compensation Table and other related tables and narrative discussion under the Executive Compensation caption.

The "say-on-pay" vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. The Board of Directors and the Compensation Committee value the opinions of our shareholders and to the extent there is any significant vote against the NEO compensation as disclosed in this Proxy Statement, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Recommendation of the Board of Directors; Vote Required

The Board of Directors recommends that the shareholders vote FOR the advisory resolution regarding the compensation of the Company's NEOs.

This proposal will be approved if a quorum is present at the Meeting and the votes cast in favour of this proposal constitute a majority of the total votes cast on this proposal. While this vote is required by law, it will neither be

binding on the Company or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, the Company or the Board of Directors. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Meeting, but will have no effect on the results of the vote. Brokers and other nominees will not have discretionary authority to vote your shares if you hold your shares in street name and do not provide instructions as to how your shares should be voted on this proposal.

EXECUTIVE COMPENSATION

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the following Compensation Discussion and Analysis. Based on that review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

The Compensation Committee:

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes, among other things, the key principles and approaches used to determine material elements of compensation awarded to, earned by and/or paid to our Chief Executive Officer, Chief Financial Officer, past Chief Financial Officer and our three most highly compensated executive officers other than the CEO and CFO who were serving as executive officers on December 31, 2011 (referred to in this Proxy Statement as the NEOs). This discussion addresses our compensation policies for the fiscal year ended December 31, 2011 as they affected the NEOs, and should be read in conjunction with the tables set forth in this Executive Compensation section.

The Composition and Role of Our Compensation Committee

The Compensation Committee consists entirely of non-employee directors, within the meaning of Rule 16b-3 under the Exchange Act, outside directors within the meaning of Section 162(m) of the Internal Revenue Code and independent directors within the meaning of NASDAQ listing rules and National Policy 58-201 Corporate Governance Guidelines of the Canadian Securities Administrators. As per the SunOpta Inc. Compensation Committee Charter, the Compensation Committee of the Board of Directors is responsible for determining salaries and incentive compensation for officers, including the NEOs, and administering the Stock Option Plan and the Employee Stock Purchase Plan. The Compensation Committee is also responsible for reviewing the Company's leadership programs, human resources policies and procedures and diversity programs and metrics. The Compensation Committee delegates authority for expense authorization, administrative matters and various follow-up and miscellaneous items to senior management of the Company.

Compensation Overview, Philosophy and Objectives

The Compensation Committee assesses and determines the level of compensation for the CEO. Our CEO assesses and recommends to the Compensation Committee compensation levels for the other executive officers based on the performance of the business and/or certain business units, third party compensation data, external and internal equity, changes in responsibility and the individual's overall contribution to the Company's success. These recommendations are submitted to the Compensation Committee for decision and final approval. The CEO plays an administrative role in setting director compensation. He assists the Board in selecting and working with advisors who provide guidance and comparable market data with regards to directors compensation levels and practises. The Board has ultimate responsibility and authority for approving and setting Director compensation levels and practises.

Our executive compensation philosophy and the policies that support it are intended to reward our executives for long-term strategic management and their efforts to enhance shareholder value, and support a performance-oriented environment that rewards achievement of internal Company goals and recognizes the Company's performance

compared to the performance of similarly situated companies.

The objectives of our executive compensation program are to:

- attract and retain key executive officers critical to our long-term success;
- align the executive officers' interests with the interests of shareholders, through long-term and annual incentives that represent award and opportunities for long-term value creation;
- promote an ownership mentality among key leadership and the Board of Directors;
- enhance the overall performance of the Company; and
- recognize and reward individual performance and responsibility.

We also understand that our shareholders have a meaningful interest in our executive compensation practices and believe that our shareholders should have the opportunity to fully understand the objectives, philosophy and principles the Board has used to make executive compensation decisions. As a result, in early 2010, the Compensation Committee adopted a say on pay policy intended to seek the advice of shareholders by offering them an opportunity to cast an advisory vote on the Company's executive compensation program.

The Compensation Committee believes that the Company's executive compensation program has been appropriately designed to provide a level of incentives that do not encourage our executive officers to take unnecessary risks in managing their respective business units or functions. As discussed below, a meaningful portion of our executive officers' compensation is performance-based. Our annual incentive compensation program is designed to reward annual financial and/or strategic performance that represents interim outcomes towards the long-term success of our Company. We specifically evaluate our annual performance goals to ensure avoidance of risk-taking that focuses excessively on short-term profits at the sacrifice of the long-term health of our Company. Likewise, we use long-term equity incentive awards that we believe provide the appropriate link to long-term shareholder interests through their link to our stock price and multi-year vesting requirements. The primary equity vehicle used has been stock options in order to align executives with stock price appreciation. In combination, the Compensation Committee believes that the various elements of our executive compensation program sufficiently tie our executives' compensation opportunities to our focus on sustained long-term growth and performance.

Executive Total Compensation Program

Our executive compensation program generally consists of base salary, annual short-term cash incentive compensation (annual bonuses), long-term incentive compensation in the form of stock options and discretionary bonuses in limited circumstances. Our executive officers also participate in benefit programs that are generally available to all our employees, including medical benefits, the Stock Option Plan, the Employee Stock Purchase Plan and a registered retirement savings plan (RRSP) or 401(k) plan. The following chart outlines the primary elements of our executive compensation program. Our executive total compensation program is targeted at 50th percentile peer group levels, and is administered in a manner intended to provide above 50th percentile pay for outstanding performance, and below 50th percentile performance for less than expected performance. The table below summarizes our current approach to total compensation, and the individual components.

Component	Definition	Comments
Base Salary	Annualized base salary	Based on external benchmarks for the specific position and performance in the position; is generally targeted to make up 30 to 60% of total direct compensation to NEOs. The base salary of executive officers including NEOs is reviewed on an annual basis and approved by the Compensation Committee.
Short Term Incentive (Annual Bonus)	An annual cash reward (annual bonus) paid to executives based on specific financial metrics. Fiscal 2011 metrics include consolidated corporate net income, ROE and group return on net assets.	Rewards the achievement of the Company's annual fiscal targets chosen to have the greatest impact on shareholder value; is generally targeted to make up 20 to 30% of total direct compensation to NEOs. The specific metrics are reviewed on an annual basis and approved by the Compensation Committee.
Discretionary Bonus	A cash bonus awarded at the discretion of the Compensation Committee for the successful completion of a strategic objective or project.	These bonuses are customarily related to special initiatives or extraordinary events that are not always based on formula or quantitative metrics but are significant to the strategic direction of the Company or in the best interest of long-term shareholder value. Discretionary bonuses could be awarded in connection with acquisitions or divestitures, restructuring plans, cost reduction plans or major projects. The Compensation Committee exercises cautious discretion in determining the amount of these bonuses, which are generally in the range of 5% to 35% of the recipient's base salary. The Compensation Committee does not view discretionary bonuses as a core and recurring component of its total compensation approach, but rather an occasional tool to reward performance in exceptional instances.

Edgar Filing: SunOpta Inc. - Form DEF 14A

Long Term Incentive (LTI)	Long-term incentives are granted to provide value over a multi-year period while aligning the interests of executives with the shareholders. The Company presently uses stock options as LTI.	Aligns the executive officers' interests with the shareholders' interests and rewards the executives over a longer period of time in line with shareholder value; is generally targeted to make up 20 to 40% of total direct compensation to NEOs.
Total Direct Compensation	The overall sum of base salary, annual bonus, discretionary bonus and LTI.	A commonly used measure of comparative value.
Other Compensation	Any other compensation paid to the executive other than those listed above and include our 401(k) or registered retirement savings plan matches, taxable automobile benefits, health care benefits and other benefits.	These are necessary to be competitive in the marketplace and are generally provided as part of a broad-based set of employee benefit plans.

Executive Compensation Peer Group and Use of Compensation Consultants

All compensation decisions are determined following a review of many factors that we believe are relevant, including third-party compensation data, our achievements over the past year, the individual's contributions to our success, any significant changes in role or responsibility and the internal equity of compensation relationships.

In general, we intend that the overall total compensation opportunities provided to the executive officers should reflect competitive compensation for executive officers with corresponding responsibilities in comparable industries providing similar products and services. In setting total compensation, we target a mix of base salary, short-term incentives and long-term incentives and retain the flexibility to adjust this mix and compensation levels based on actual performance as well as changes in the market. To the extent determined to be appropriate, we also consider general economic conditions, our financial performance, including corporate net income, return on equity and return on net assets, and individual merit in setting compensation policies for our executive officers.

We annually assess the competitiveness of executive total compensation relative organizations of comparable industry, size, and complexity. In April 2010, the Compensation Committee retained the services of Mercer to conduct a market review of executive total compensation using a comparator Canadian proxy group, including Jean Coutu Group, Canada Bread Ltd., Cott Corporation, North West Co. Fund, Colabor Group Inc., High Liner Foods Inc., Rogers Sugar Income Fund, Liquor Stores Income Fund, Lassonde Industries Inc., and Premium Brands Inc., a comparator US proxy group, including Treehouse Foods Inc., Coca-Cola Bottling, Albeto-Culver Co., Hansen Natural Corporation, Hain Celestial Group, Elizabeth Arden Inc., Lancaster Colony Corporation, Lance Inc., Green Mountain Coffee Roasters Inc., J&J Snack Foods Corporation, Diamond Foods Inc., B&G Foods Inc., and Tootsie Roll Industries Inc., as well as the Canadian and US Mercer Benchmark Data. Although comparator sets were used in both the above stated reviews, the Company does not rely solely on the comparator sets. Benchmark databases, performance of the business and individual performance are all factors considered by the Compensation Committee when evaluating compensation levels. Additionally, Mercer provided analysis and recommendations for our annual incentive plan. In August 2010, Mercer completed the review of the Company's incentive plan design and the Compensation Committee adopted the incentive plan for the 2011 fiscal year. The Compensation Committee utilized the data from the 2010 study, completed by Mercer, in making the adjustments and awards for 2011 that are reported later in this section. The total cost of consultants in 2011 and 2010 was approximately \$27,000 and \$40,000 respectively.

For 2012, SunOpta retained the services of Grant Thornton LLP (Grant Thornton) as its independent executive compensation consultant. SunOpta retained Grant Thornton in order to gain perspective on emerging trends, issues, pay levels, and design at peer group organizations. The general compensation philosophy will likely remain the same, but with a focus on potential improvements to the plan that will enhance and optimize the relationship between pay and performance.

Base Salary

The base salary is designed to be a secure base of compensation sufficient enough to attract and retain a high caliber talented individual for a specific role. The base salary is targeted at the 50th percentile of the peer group, with any positioning below or above the target based on experience, performance, and/or special recruitment/retention considerations.

The Compensation Committee determines base salary for the CEO, and any adjustment is effective April 1st of each year. The CEO recommends the base salary for executive officers to the Compensation Committee based on the above stated factors, with the Compensation Committee having ultimate approval authority.

For fiscal 2011, compensation for executive officers was assessed based on a review of executive officers with comparable qualifications, experience and responsibilities based on the above-described Mercer analysis, as well as current economic factors impacting the market. Base compensation was also assessed in light of a particular individual's contribution as a whole, including the ability to motivate others, develop the necessary skills to grow, recognize and pursue new business opportunities and initiate programs to enhance the Company's growth and improve shareholder value.

Short-Term Incentives

General

Short-term incentives for executives and management are provided through annual bonus plans based on the performance of the business. The annual short-term incentive target is established by the Compensation Committee for each executive officer based on comparative data and is reviewed annually to ensure structure and metrics are optimally tied to the strategic objectives of SunOpta. Objectives for the CEO are established by the Compensation Committee. Objectives and targets established for executive officers other than the Chief Executive Officer are based on recommendations by the Chief Executive Officer, with ultimate approval authority resting with the Compensation Committee. The objective of our short-term incentive is to align the behavior of executives and management with the overall strategy of the business and shareholder interests.

For 2011, eligible executives received an annual bonus based on a combination of the following performance components:

- consolidated net income;
- consolidated return on equity (ROE); and
- consolidated return on net assets and/or operating group return on net assets (Group RONA).

The three metrics chosen align well to what we believe is important to shareholders both in the current year as well as future years. 50% of the bonus plan for Corporate Executives is based on consolidated net income and ROE while 50% is based on the weighted achievement of RONA targets of individual groups.

ROE is calculated by dividing consolidated corporate net income by average shareholders' equity. Average shareholders' equity is calculated as an average of 2011 monthly closing balances.

RONA is calculated by taking the sum of operating income plus items of other income and expense incurred in the normal course of business, and dividing it by the Average Net Assets within the defined group. Average Net Assets is defined as total assets, excluding cash and intercompany receivables, less total liabilities, excluding intercompany and external debt, calculated as an average of 2011 monthly closing balances.

The specific weighting to operating groups ensures that proper attention is given to all operations within SunOpta as maximum bonus cannot be achieved by only one or two groups having above average performance years, yet certain amount of bonus remains payable should one or two groups have significantly below average years and the other groups perform to or beyond expectation. As such, this approach provides a balanced approach to bonus payouts by eliminating significant peaks and valleys which are possible with 100% based on consolidated results. For Group Presidents and other Executives within Operating Groups, 80% of their bonus is weighted to the return on net assets of the Group they control and 20% linked to consolidated net income of SunOpta.

The following table summarizes for each of our NEOs the target and maximum incentive awards, the performance components upon which each NEO's bonus opportunity is based and the corresponding weightings for such components. Although all metrics are strategically important, the weights reflect perspective on relative importance for the organization and specific executive performance. All performance components have a minimum threshold of 90% of the related performance target. If performance is 90% of the performance target or below, no bonus will be paid for that specific performance component. Bonus payouts begin to accrue at the first dollar of achievement over 90% of the applicable performance target, are paid 100% at performance target levels and can achieve up to 200% based on 200% of performance target levels. Note that, when establishing performance outcomes, we conduct sensitivity analysis to ensure

all performance goals are set at stretch levels of performance. Specifically, we test goals to ensure that the challenge of a target goal represents a level of performance that has 60% probability of achievement, a maximum goal representing 10% probability of achievement, and a minimum goal at 90% of achievement.

Performance Targets

The performance targets for the 2011 fiscal year for each of the three performance components (i.e. consolidated net income, consolidated ROE and Group RONA), and a description of the level of achievement of such performance targets, is set forth below. As a matter of practise, the Compensation Committee sets an initial performance target for each performance component early in the year, and those targets are evaluated at the end of the year to determine whether the targets need to be adjusted due to extraordinary transactions during the year.

Consolidated Net Income and Consolidated Return on Equity. The following table sets forth the consolidated net income and ROE weighting, targets, achievement and preliminary payout percentage for the corporate bonus.

Clawback

In the event of material non-compliance with any financial reporting requirements that leads to an accounting restatement, the Company has established authority as part of the short-term incentive plan to recover from current and former executives any incentive-based compensation, for the three years preceding the restatement, that would not have been awarded under the restated financial statements.

Discretionary Bonuses

Discretionary bonuses constitute an important, albeit seldom used component, of the SunOpta compensation philosophy by rewarding successful completion of strategic objectives, significant projects or extraordinary efforts. Discretionary bonuses may be awarded in connection with acquisitions or divestitures of businesses, a significant reorganization, a significant cost reduction or cost savings plan or the completion of a significant strategic project. Given the nature of these initiatives, the Compensation Committee may not always utilize specific quantitative metrics in determining the bonus payment, if any, to an executive. These bonuses are paid on rare and exceptional occasions for significant strategic objectives and generally have been in the range of 5% to 35% of annual base salary. The amounts of discretionary bonuses are intended to be commensurate with the efforts of the executive and the overall benefit to the Company.

In 2010, the Compensation Committee awarded Steven Bromley a discretionary bonus of \$147,059 (CDN \$150,000), payable in 2011, in recognition of his leadership in the completion of two strategically significant divestitures during the year.

Long-Term Incentives

Long-term incentives for executive officers and key employees are provided through the Stock Option Plan. The objectives of this plan are to align executive and shareholder long-term interests by creating a strong and direct link between executive compensation and shareholder return, to enable executive officers to develop and maintain a long-term ownership position in our common shares, to attract, retain and motivate qualified employees, directors, officers and consultants in order to achieve the Company's long-term growth and profitability objectives, to provide competitive levels of remuneration and to recognize individual initiatives and achievements. Stock options are usually granted annually to our executive officers and certain key employees. In selecting executive officers eligible to receive stock options and determining the amount and frequency of such grants, the Compensation Committee evaluates a variety of factors, including the following:

- the job level of the employee;

- the value of stock option grants awarded by competitors to employees at comparable job levels;
- past, current and prospective service rendered, or to be rendered, by the applicable employee;
- historical grants to the applicable employee; and
- significant promotions especially to a Vice President or Executive Officer position.

Long-term incentives are awarded annually by the Compensation Committee at the Board of Directors meeting following the annual salary review and as part of the annual compensation analysis or at other times throughout the year if deemed appropriate by the Compensation Committee. The long-term incentive awards to executive officers other than the Chief Executive Officer are based on recommendations by the Chief Executive Officer. The long-term incentives are in the form of stock options. Under normal circumstances options vest over a five year period with 20% of the total grant vesting annually on the anniversary date of the original grant and expiring one year following the last vesting date.

Other Compensation

Our executive officers are eligible to receive the same level of benefits that we make available to other employees, including:

- Group health benefits, which includes medical, dental, vision and prescription drug coverage, group life insurance and short-term and long-term disability plans; and
- Retirement benefits in the form of a 401(k) plan for U.S. employees and a Registered Retirement Savings Plan match for Canadian employees.

In addition, from time to time executive officers receive additional perquisites that are not generally available to other employees, including automobile benefits and club memberships. For additional information regarding other compensation during the most recently completed fiscal year, see the *All Other Compensation* column in the Summary Compensation Table below. We take a conservative approach to other compensation, given our preference for pay for performance.

Results of 2011 Say-on-Pay Vote

SunOpta provides its shareholders with the opportunity to cast an annual advisory vote on executive compensation. At our 2011 annual meeting 97.1% of the votes cast were voted in favor of our executive total compensation approach. The Compensation Committee believes that the results of this vote affirmed shareholders' support of SunOpta's approach to executive compensation, and therefore we have not substantially changed our approach to executive compensation in 2011 or 2012. In 2012, however, the Compensation Committee is evaluating its approach to executive compensation, in support of the existing executive pay philosophy. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for its executive team.

Limitations on Deductions

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to our chief executive officer and the three other most highly compensated executive officers (other than the CFO) to \$1,000,000 per year, but contains an exception for certain performance-based compensation. For the fiscal year ended December 31, 2011, grants of stock options under the Stock Option Plan satisfy the requirements for deductible compensation for employees residing in the U.S. While our general policy is to preserve the deductibility of most compensation paid to executive officers, we may authorize payments that may not be deductible if we believe they are in the best interests

of the Company and its shareholders.

Payments on Termination or Change in Control

The Board of Directors passed a resolution in 2004 approving immediate vesting of all unvested options outstanding in the event of a change of control akin to a Triggering Event for executive officers of the Company and the payment of severance benefits in the event of both a triggering event and a material change in terms of employment for the executive officer. A Triggering Event includes a merger of the Company with or into an unaffiliated corporation if the Company is not the surviving corporation or the sale of all or substantially all of the Company's assets.

In 2007, 2008 and 2011, the Company entered into Employment Agreements with Mr. Bromley, Mr. Tavares and Mr. McKeracher, respectively. These agreements provide for certain benefits upon an involuntary termination of employment, other than for cause, and after a Triggering Event. In 2007, the Company modified Mr. Dietrich's employment conditions by providing certain benefits upon an involuntary termination of employment, other than for cause, or after a Triggering Event. In 2012 the Board of Directors extended Mr. Bromley's contract on the same terms and conditions for an additional year to February 1, 2013, and the contract will continue to automatically renew thereafter for one year periods unless terminated or modified by either party.

The benefits to be received by the NEOs under a change in control or termination without cause are summarized as follows:

Steve Bromley

Termination with a Change in Control:

Under a change in control all unvested options will immediately vest. Mr. Bromley will also have the option to receive severance benefits of twenty-four months base salary, bonus based on the average of the last two years of employment, plus continuation of allowable medical and insurance benefits.

Termination without Cause:

Mr. Bromley would receive similar severance benefits including immediate vesting of all unvested options as noted above under a change of control.

Rob McKeracher

Termination with a Change in Control:

Under a change in control all unvested options will immediately vest. In the event of a material change in employment conditions, Mr. McKeracher will be eligible to receive severance benefits of twelve months plus the addition of one month per year of service (from the commencement of this agreement) to a maximum of eighteen months, base salary, bonus, auto allowance plus continuation of allowable medical and insurance benefits. Bonus will be based on the higher of the average of the prorated year to date results, assuming a minimum of six months have elapsed for that current fiscal year plus the preceding year bonus payout or the average bonus payout of the previous two years of employment

Termination without Cause:

There is no accelerated vesting of unvested options. Mr. McKeracher would receive similar severance benefits as noted above under a change of control.

Tony Tavares

Termination with a Change in Control:

Under a change in control all unvested options will immediately vest. In the event of a material change in employment conditions, Mr. Tavares will be eligible to receive severance benefits of eighteen base salary, bonus, auto allowance plus continuation of allowable medical and insurance benefits. Bonus will be based on the higher of the average of the prorated year to date results, assuming a minimum of six months have elapsed for that current fiscal year plus the preceding year bonus payout or the average bonus payout of the previous two years of employment

Termination without Cause:
