Investment Objective and Policy

Barings Corporate Investors (the "Trust") is a closed-end management investment company, first offered to the public in 1971, whose shares are traded on the New York Stock Exchange under the trading symbol "MCI". The Trust's share price can be found in the financial section of most newspapers under either the New York Stock Exchange listings or Closed-End Fund Listings.

The Trust's investment objective is to maintain a portfolio of securities providing a current yield and at the same time offering an opportunity for capital gains. The Trust's principal investments are privately placed, below-investment grade, long-term debt obligations. Such direct placement securities may, in some cases, be accompanied by equity features such as common stock, warrants, conversion rights, or other equity features and, occasionally, preferred stocks. The Trust typically purchases these investments, which are not publicly tradable, directly from their issuers in private placement transactions. These investments are typically mezzanine debt instruments with accompanying private equity securities made to small or middle market companies. In addition, the Trust may invest, subject to certain limitations, in marketable investment grade debt securities, other marketable debt securities (including high yield securities) and marketable common stocks. Below-investment grade or high yield securities have predominantly speculative characteristics with respect to the capacity of the issuer to pay interest and repay principal.

Barings LLC ("Barings") manages the Trust on a total return basis. The Trust distributes substantially all of its net income to shareholders each year. Accordingly, the Trust pays dividends to shareholders in January, May, August, and November. The Trust pays dividends to its shareholders in cash, unless the shareholder elects to participate in the Dividend Reinvestment and Share Purchase Plan.

Form N-Q

The Trust files its complete schedule of portfolio holdings with the U.S. Securities and Exchange Commission ("SEC") for the first and third quarters of each fiscal year on Form N-Q. This information is available (i) on the SEC's website at <http://www.sec.gov>; and (ii) at the SEC's Public Reference Room in Washington, DC (which information on their operation may be obtained by calling 1-800-SEC-0330). A complete schedule of portfolio holdings as of each quarter-end is available upon request by calling, toll-free, 866-399-1516.

Proxy Voting Policies & Procedures; Proxy Voting Record

The Trustees of the Trust have delegated proxy voting responsibilities relating to the voting of securities held by the Trust to Barings. A description of Barings' proxy voting policies and procedures is available (1) without charge, upon request, by calling, toll-free 866-399-1516; (2) on the Trust's website at www.barings.com/mci; and (3) on the SEC's website at <http://www.sec.gov>. Information regarding how the Trust voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available (1) on the Trust's website at www.barings.com/mci; and (2) on the SEC's website at <http://www.sec.gov>.

Legal Matters

The Trust has entered into contractual arrangements with an investment adviser, transfer agent and custodian (collectively "service providers") who each provide services to the Trust. Shareholders are not parties to, or intended beneficiaries of, these contractual arrangements, and these contractual arrangements are not intended to create any shareholder right to enforce them against the service providers or to seek any remedy under them against the service providers, either directly or on behalf of the Trust.

Under the Trust's Bylaws, any claims asserted against or on behalf of the Trust, including claims against Trustees and officers must be brought in courts located within the Commonwealth of Massachusetts.

The Trust's registration statement and this shareholder report are not contracts between the Trust and its shareholders and do not give rise to any contractual rights or obligations or any shareholder rights other than any rights conferred explicitly by federal or state securities laws that may not be waived.

TO OUR SHAREHOLDERS

July 31, 2018

We are pleased to present the June 30, 2018 Quarterly Report of Barings Corporate Investors (the "Trust").

The Board of Trustees declared a quarterly dividend of \$0.30 per share, payable on August 17, 2018 to shareholders of record on August 6, 2018. The Trust paid a \$0.30 per share dividend for the preceding quarter. The Trust earned \$0.32 per share of net investment income for the first quarter of 2018, compared to \$0.31 per share, including \$0.01 per share of non-recurring income, in the previous quarter.

During the second quarter, the net assets of the Trust decreased to \$301,508,712 or \$15.07 per share compared to \$304,788,145 or \$15.26 per share on March 31, 2018. This translates into a 0.7% total return for the quarter, based on the change in the Trust's net assets assuming the reinvestment of all dividends. Longer term, the Trust returned 7.1%, 8.7%, 10.6%, 10.8%, and 12.5% for the 1, 3, 5, 10, and 25-year periods, respectively, based on the change in the Trust's net assets assuming the reinvestment of all dividends.

The Trust's share price increased during the quarter, from \$15.10 per share as of March 31, 2018 to \$15.11 per share as of June 30, 2018, which resulted in a total return of 2.1%. The Trust's market price of \$15.11 per share equates to a 0.3% premium over the June 30, 2018 net asset value per share of \$15.07. The Trust's average quarter-end premium for the 3, 5 and 10-year periods was 8.8%, 7.9% and 10.9%, respectively. U.S. equity markets, as approximated by the Russell 2000 Index, increased 7.8% for the quarter. U.S. fixed income markets, as approximated by the Bloomberg Barclays U.S. Corporate High Yield Index, increased 1.0% for the quarter.

The Trust closed five new private placement investments and five add-on investments to existing portfolio companies during the second quarter. The five new investments were in Cadence, Inc., Discovery Education, E.S.P. Associates, Trident Maritime Systems and VP Holding Company. The five add-on investments were in CORA Health Services, CTM Holding, Inc., ECG Consulting Group, Dohmen Life Sciences, and Hollandia Produce LLC. A brief description of these investments can be found in the Consolidated Schedule of Investments. The total amount invested by the Trust in these transactions was \$23,113,228.

It was a strong quarter for the Trust in terms of new investments. As noted above, the Trust closed five new investments and five add-on investments this quarter. The expansion of the Trust's target investment criteria in late 2017 into a broader set of the middle market private debt market along with the expansion of Barings', the Trust's investment adviser, private debt platform, have been key contributors to new investment volume. Overall, market conditions remain extremely competitive with purchase price and leverage multiples remaining at or near historical highs, and there continues to be a large supply of debt capital seeking middle-market investment opportunities. As always, we've continued to be selective in our investment choices and maintain our underwriting discipline.

The Trust's remaining portfolio remains in good condition. There were four private debt investment exits during the quarter, all of which resulted in realized gains. In addition, one company fully prepaid and two companies partially prepaid their debt held by the Trust. The Trust was also the beneficiary of three of its equity investments paying dividends during the quarter. There are several companies in which the Trust has outstanding investments that are in the process of being sold and we remain cautiously optimistic about realization activity over the next few quarters.

The Trust was able to maintain its \$0.30 per share quarterly dividend in the second quarter with recurring investment income being sufficient to fully cover this quarter's dividend. As referenced above, the Trust's expansion of its target investment criteria in 2017 has allowed for increased private debt investment opportunities, and as a result, higher recurring investment income than the Trust has experienced over the past several years. While there can be no guarantee that recurring investment income will continue to be sufficient to cover the current dividend level, the expected recurring investment income generated by the Trust in 2018, combined with the availability of earnings carry forwards and other non-recurring income, is forecast to be sufficient to maintain the current dividend rate over the next several quarters.

1. History

Barings Corporate Investors (the "Trust") commenced operations in 1971 as a Delaware corporation. Pursuant to an Agreement and Plan of Reorganization dated November 14, 1985, approved by shareholders, the Trust was reorganized as a Massachusetts business trust under the laws of the Commonwealth of Massachusetts, effective November 28, 1985.

The Trust is a diversified closed-end management investment company. Barings LLC ("Barings"), a wholly-owned indirect subsidiary of Massachusetts Mutual Life Insurance Company ("MassMutual"), acts as its investment adviser. The Trust's investment objective is to maintain a portfolio of securities providing a current yield and at the same time offering an opportunity for capital gains. The Trust's principal investments are privately placed, below-investment grade, long-term debt obligations. Such direct placement securities may, in some cases, be accompanied by equity features such as common stock, warrants, conversion rights, or other equity features and, occasionally, preferred stocks. The Trust typically purchases these investments, which are not publicly tradable, directly from their issuers in private placement transactions. These investments are typically mezzanine debt instruments with accompanying private equity securities made to small or middle market companies. In addition, the Trust may invest, subject to certain limitations, in marketable investment grade debt securities, other marketable debt (including high yield securities) and marketable common stocks. Below-investment grade or high yield securities have predominantly speculative characteristics with respect to the capacity of the issuer to pay interest and repay capital.

On January 27, 1998, the Board of Trustees authorized the formation of a wholly-owned subsidiary of the Trust ("CI Subsidiary Trust") for the purpose of holding certain investments. The results of CI Subsidiary Trust are consolidated in the accompanying financial statements. Footnote 2.D below discusses the Federal tax consequences of the CI Subsidiary Trust.

2. Significant Accounting Policies

The following is a summary of significant accounting policies followed consistently by the Trust in the preparation of its consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The Trustees have determined that the Trust is an investment company in accordance with Accounting Standards Codification ("ASC") 946, Financial Services – Investment Companies, for the purpose of financial reporting.

A. Fair Value Measurements:

Under U.S. GAAP, fair value represents the price that should be received to sell an asset (exit price) in an orderly transaction between willing market participants at the measurement date.

Determination of Fair Value

The determination of the fair value of the Trust's investments is the responsibility of the Trust's Board of Trustees (the "Trustees"). The Trustees have adopted procedures for the valuation of the Trust's securities and have delegated responsibility for applying those procedures to Barings. Barings has established a Pricing Committee which is responsible for setting the guidelines used in following the procedures adopted by the Trustees and ensuring that those guidelines are being followed. Barings considers all relevant factors that are reasonably available, through either public information or information directly available to Barings, when determining the fair value of a security. The Trustees meet at least once each quarter to approve the value of the Trust's portfolio securities as of the close of business on the last business day of the preceding quarter. This valuation requires the approval of a majority of the

Trustees of the Trust, including a majority of the Trustees who are not interested persons of the Trust or of Barings. In approving valuations, the Trustees will consider reports by Barings analyzing each portfolio security in accordance with the procedures and guidelines referred to above, which include the relevant factors referred to below. Barings has agreed to provide such reports to the Trust at least quarterly. The consolidated financial statements include private placement restricted securities valued at \$231,884,161 (76.91% of net assets) as of June 30, 2018 whose values have been estimated by the Trustees based on the process described above in the absence of readily ascertainable market values. Due to the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material.

Following is a description of valuation methodologies used for assets recorded at fair value:

Corporate Public Securities – Bank Loans, Corporate Bonds, Preferred Stocks and Common Stocks

The Trust uses external independent third-party pricing services to determine the fair values of its Corporate Public Securities. At June 30, 2018, 100% of the carrying value of these investments was from external pricing services. In the event that the primary pricing service does not provide a price, the Trust utilizes the pricing provided by a secondary pricing service.

Public debt securities generally trade in the over-the-counter market rather than on a securities exchange. The Trust's pricing services use multiple valuation techniques to determine fair value. In instances where significant market activity exists, the pricing services may utilize a market based approach through which quotes from market makers are used to determine fair value. In instances where significant market activity may not exist or is limited, the pricing services also utilize proprietary valuation models which may consider market characteristics such as benchmark yield curves, option adjusted spreads, credit spreads, estimated default

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(Unaudited)

rates, coupon rates, anticipated timing of principal underlying prepayments, collateral, and other unique security features in order to estimate the relevant cash flows, which are then discounted to calculate the fair value.

The Trust's investments in bank loans are normally valued at the bid quotation obtained from dealers in loans by an independent pricing service in accordance with the Trust's valuation policies and procedures approved by the Trustees.

Public equity securities listed on an exchange or on the NASDAQ National Market System are valued at the last quoted sales price of that day.

Annually, Barings conducts reviews of the primary pricing vendors to validate that the inputs used in that vendors' pricing process are deemed to be market observable as defined in the standard. While Barings is not provided access to proprietary models of the vendors, the reviews have included on-site walk-throughs of the pricing process, methodologies and control procedures for each asset class and level for which prices are provided. The review also includes an examination of the underlying inputs and assumptions for a sample of individual securities across asset classes, credit rating levels and various durations, a process Barings continues to perform annually. In addition, the pricing vendors have an established challenge process in place for all security valuations, which facilitates identification and resolution of prices that fall outside expected ranges. Barings believes that the prices received from the pricing vendors are representative of prices that would be received to sell the assets at the measurement date (exit prices) and are classified appropriately in the hierarchy.

Corporate Restricted Securities – Corporate Bonds

The fair value of certain notes is determined using an internal model that discounts the anticipated cash flows of those notes using a specific discount rate. Changes to that discount rate are driven by changes in general interest rates, probabilities of default and credit adjustments. The discount rate used within the models to discount the future anticipated cash flows is considered a significant unobservable input. Increases/(decreases) in the discount rate would result in a (decrease)/increase to the notes' fair value.

The fair value of certain distressed notes is based on an enterprise waterfall methodology which is discussed in the equity security valuation section below.

Corporate Restricted Securities – Common Stock, Preferred Stock and Partnerships & LLC's

The fair value of equity securities is determined using an enterprise waterfall methodology. Under this methodology, the enterprise value of the company is first estimated and that value is then allocated to the company's outstanding debt and equity securities based on the documented priority of each class of securities in the capital structure. Generally, the waterfall proceeds from senior debt tranches of the capital structure to senior then junior subordinated debt, followed by each class of preferred stock and finally the common stock.

To estimate a company's enterprise value, the company's trailing twelve months earnings before interest, taxes, depreciation and amortization ("EBITDA") is multiplied by a valuation multiple.

Both the company's EBITDA and valuation multiple are considered significant unobservable inputs. Increases/(decreases) to the company's EBITDA and/or valuation multiple would result in increases/(decreases) to the equity value.

Short-Term Securities

Short-term securities, of sufficient credit quality, with more than sixty days to maturity are valued at fair value, using external independent third-party services. Short-term securities having a maturity of sixty days or less are valued at amortized cost, which approximates fair value.

Fair Value Hierarchy

The Trust categorizes its investments measured at fair value in three levels, based on the inputs and assumptions used to determine fair value. These levels are as follows:

Level 1 – quoted prices in active markets for identical securities

Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Edgar Filing: BARINGS CORPORATE INVESTORS - Form N-CSRS

Level 3 – significant unobservable inputs (including the Trust's own assumptions in determining the fair value of investments)

The following table summarizes the levels in the fair value hierarchy into which the Trust's financial instruments are categorized as of June 30, 2018.

The fair values of the Trust's investments disaggregated into the three levels of the fair value hierarchy based upon the lowest level of significant input used in the valuation as of June 30, 2018 are as follows:

B. Accounting for Investments:

Investment transactions are accounted for on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis, including the amortization of premiums and accretion of discounts on bonds held using the yield-to-maturity method. The Trust does not accrue income when payment is delinquent and when management believes payment is questionable.

Realized gains and losses on investment transactions and unrealized appreciation and depreciation of investments are reported for financial statement and Federal income tax purposes on the identified cost method.

C. Use of Estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and the differences could be material.

D. Federal Income Taxes:

The Trust has elected to be taxed as a "regulated investment company" under the Internal Revenue Code, and intends to maintain this qualification and to distribute substantially all of its net taxable income to its shareholders. In any year when net long-term capital gains are realized by the Trust, management, after evaluating the prevailing economic conditions, will recommend that the Trustees either designate the net realized long-term gains as undistributed and pay the Federal capital gains taxes thereon or distribute all or a portion of such net gains.

Barings Corporate Investors

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(Unaudited)

The Trust is taxed as a regulated investment company and is therefore limited as to the amount of non-qualified income that it may receive as the result of operating a trade or business, e.g. the Trust's pro rata share of income allocable to the Trust by a partnership operating company. The Trust's violation of this limitation could result in the loss of its status as a regulated investment company, thereby subjecting all of its net income and capital gains to corporate taxes prior to distribution to its shareholders. The Trust, from time-to-time, identifies investment opportunities in the securities of entities that could cause such trade or business income to be allocable to the Trust. The CI Subsidiary Trust (described in Footnote 1 above) was formed in order to allow investment in such securities without adversely affecting the Trust's status as a regulated investment company.

The CI Subsidiary Trust is not taxed as a regulated investment company. Accordingly, prior to the Trust receiving any distributions from the CI Subsidiary Trust, all of the CI Subsidiary Trust's taxable income and realized gains, including non-qualified income and realized gains, is subject to taxation at prevailing corporate tax rates. As of June 30, 2018, the CI Subsidiary Trust has incurred income tax expense of \$690,022.

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of the existing assets and liabilities and their respective tax basis. As of June 30, 2018, the CI Subsidiary Trust has a deferred tax liability of \$896,189.

E. Distributions to Shareholders:

The Trust records distributions to shareholders from net investment income and net realized gains, if any, on the ex-dividend date. The Trust's net investment income dividend is declared four times per year, in April, July, October, and December. The Trust's net realized capital gain distribution, if any, is declared in December.

3. Investment Services Contract

A. Services:

Under an Investment Services Contract (the "Contract") with the Trust, Barings agrees to use its best efforts to present to the Trust a continuing and suitable investment program consistent with the investment objectives and policies of the Trust. Barings represents the Trust in any negotiations with issuers, investment banking firms, securities brokers or dealers and other institutions or investors relating to the Trust's investments. Under the Contract, Barings also provides administration of the day-to-day operations of the Trust and provides the Trust with office space and office equipment, accounting and bookkeeping services, and necessary executive, clerical and secretarial personnel for the performance of the foregoing services.

B. Fee:

For its services under the Contract, Barings is paid a quarterly investment advisory fee of 0.3125% of the net asset value of the Trust as of the last business day of each fiscal quarter, which is approximately equal to 1.25% annually. A majority of the Trustees, including a majority of the Trustees who are not interested persons of the Trust or of Barings, approve the valuation of the Trust's net assets as of such day.

C. Basis for Board Renewal of Contract:

At a meeting of the Trustees held on April 25, 2018, the Trustees (including a majority of the Trustees who are not "interested persons" of the Trust or Barings) unanimously approved a one year continuance of the Contract.

Prior to the meeting, the Trustees requested and received from Ropes & Gray LLP, counsel to the Trust, a memorandum describing the Trustees' legal responsibilities in connection with their review and re-approval of the Contract. The Trustees also requested and received from Barings extensive written and oral information regarding, among other matters: the principal terms of the Contract; the reasons why Barings was proposing the continuance of the Contract; Barings and its personnel; the Trust's investment performance, including comparative performance information; the nature and quality of the services provided by Barings to the Trust; financial results and condition of Barings; the fee arrangements between Barings and the Trust; fee and expense information, including comparative fee and expense information; profitability of the advisory arrangement to Barings; and "fallout" benefits to Barings resulting from the Contract.

In connection with their deliberations regarding the continuation of the Contract, the Trustees, including the independent Trustees, considered such information and factors as they believed, in light of the legal advice furnished to them and their own business judgment, to be relevant. The Trustees' conclusion as to the continuance of the Contract was based on a comprehensive consideration of all information provided to the Trustees and not the result of any single factor. Some of the factors that figured particularly in the Trustees' deliberations are described below, although individual Trustees may have evaluated the information presented differently from one another, giving different weights to various factors. It is also important to recognize that the fee arrangements between Barings and the Trust are the result of years of review and discussion between the independent Trustees and Barings, that certain aspects of such arrangements may receive greater scrutiny in some years than in others, and that the Trustees' conclusions may be based, in part, on their consideration of these same arrangements during the course of the year and in prior years.

Nature, Extent and Quality of Services to be Provided by Barings to the Trust

In evaluating the scope and quality of the services provided by Barings to the Trust, the Trustees considered, among other factors: (i) the scope of services required to be provided by Barings under the Contract; (ii) Barings' ability to find and negotiate private placement securities having equity features that are consistent with the stated investment

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(Unaudited)

objectives of the Trust; (iii) the experience and quality of Barings' staff; (iv) the strength of Barings' financial condition; (v) the nature of the private placement market compared to public markets (including the fact that finding, analyzing, negotiating and servicing private placement securities is more labor-intensive than buying and selling public securities and the administration of private placement securities is more extensive, expensive, and requires greater time and expertise than a portfolio of only public securities); (vi) the potential advantages afforded to the Trust by its ability to co-invest in negotiated private placements with MassMutual and its affiliates; and (vii) the expansion of the scope of services provided by Barings as a result of recent regulatory and legislative initiatives that have required increased legal, compliance and business attention and diligence. Based on such considerations, the Trustees concluded that, overall, they are satisfied with the nature, extent and quality of services provided by Barings, and expected to be provided in the future, under the Contract.

Investment Performance

The Trustees also examined the Trust's short-term, intermediate-term, and long-term performance as compared against various benchmark indices presented at the meeting, which showed that the Trust had outperformed such indices for the 1-, 3-, 5- and 10-year periods. In addition, the Trustees considered comparisons of the Trust's performance with the performance of (i) selected closed-end investment companies and funds that may invest in private placement securities and/or bank loans; (ii) selected business development companies with comparable types of investments; and (iii) investment companies included in the Broadridge closed-end bond universe. The Trustees considered that, while such comparisons are helpful in judging performance, they are not directly comparable in terms of types of investments, and because business development companies often report returns based on market value, which is affected by factors other than the performance of the underlying portfolio investments. Based on these considerations and the detailed performance information provided to the Trustees at the regular Board meetings each quarter, the Trustees concluded that the Trust's absolute and relative performance over time have been sufficient to warrant renewal of the Contract.

Advisory Fee/Costs of Services Provided and Profitability/ Manager's "Fallout" Benefits

In connection with the Trustees' consideration of the advisory fee paid by the Trust to Barings under the Contract, Barings noted that it was unaware of any registered closed-end investment companies that are directly comparable to the Trust in terms of the types of investments and percentages invested in private placement securities (which require more extensive advisory and administrative services than a portfolio of publicly traded securities, as previously discussed) other than Barings Participation Investors, which is also advised by Barings. Under the terms of its Investment Advisory and Administrative Services Contract, Barings Participation Investors is charged a quarterly investment advisory fee of 0.225% of net asset value as of the end of each quarter, which is approximately equal to 0.90% annually. In considering the fee rate provided in the Contract, the Trustees noted the advisory fee charged by Barings to Tower Square Capital Partners, L.P., and Tower Square Capital Partners II, III and IV, L.P., each a private mezzanine fund also managed by Barings, and that the fee Barings Participation Investors charged compares favorably to the Trust's advisory fee.

At the request of the Trustees, Barings provided information concerning the profitability of Barings' advisory relationship with the Trust. The Trustees also considered the non-economic benefits Barings and its affiliates derived from its relationship with the Trust, including the reputational benefits derived from having the Trust listed on the New York Stock Exchange, and the de minimis amount of commissions resulting from the Trust's portfolio transactions used by Barings for third-party soft dollar arrangements. The Trustees recognized that Barings should be entitled to earn a reasonable level of profit for services provided to the Trust and, based on their review, concluded that they were satisfied that Barings' historical level of profitability from its relationship with the Trust was not

excessive and that the advisory fee under the Contract is reasonable.

Economies of Scale

The Trustees considered the concept of economies of scale and possible advisory fee reductions if the Trust were to grow in assets. Given that the Trust is not continuously offering shares, such growth comes principally from retained net realized gain on investments and dividend reinvestment. The Trustees also examined the breakpoint features of selected competitive funds and noted that the minimum starting point for fee reductions in those funds was at least \$200 million, close to the value of the Trust's current net assets. The Trustees concluded that the absence of breakpoints in the fee schedule under the Contract was currently acceptable given the Trust's current size and closed-end fund structure.

4. Senior Secured Indebtedness

MassMutual holds the Trust's \$30,000,000 Senior Fixed Rate Convertible Note (the "Note") issued by the Trust on November 15, 2017. The Note is due November 15, 2027 and accrues interest at 3.53% per annum. MassMutual, at its option, can convert the principal amount of the Note into common shares. The dollar amount of principal would be converted into an equivalent dollar amount of common shares based upon the average price of the common shares for ten business days prior to the notice of conversion. For the six months ended June 30, 2018, the Trust incurred total interest expense on the Note of \$529,500.

The Trust may redeem the Note, in whole or in part, at the principal amount proposed to be redeemed together with the accrued and unpaid interest thereon through the redemption date plus a Make Whole Premium. The Make

Barings Corporate Investors

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(Unaudited)

Whole Premium equals the excess of (i) the present value of the scheduled payments of principal and interest which the Trust would have paid but for the proposed redemption, discounted at the rate of interest of U.S. Treasury obligations whose maturity approximates that of the Note plus 0.50% over (ii) the principal of the Note proposed to be redeemed.

5. Purchases and Sales of Investments

| | For the six months ended 06/30/2018 | |
|---------------------------------|---|--|
| | Cost of Investments Acquired | Proceeds from Sales or Maturities |
| Corporate restricted securities | \$51,129,593 | \$47,643,632 |
| Corporate public securities | 12,139,556 | 22,230,819 |

The aggregate cost of investments is substantially the same for financial reporting and Federal income tax purposes as of June 30, 2018. The net unrealized depreciation of investments for financial reporting and Federal tax purposes as of June 30, 2018 is \$6,785,914 and consists of \$17,436,681 appreciation and \$24,222,595 depreciation.

Net unrealized appreciation of investments on the Statement of Assets and Liabilities reflects the balance net of a deferred tax accrual of \$896,189 on net unrealized losses on the CI Subsidiary Trust.

6. Quarterly Results of Investment Operations

| | March 31, 2018 | |
|---|----------------|--------------|
| | Amount | Per Share |
| Investment income | \$7,604,497 | |
| Net investment income | 6,173,533 | \$0.31 |
| Net realized and unrealized loss on investments (net of taxes) | (5,455,121) | (0.27) |

| | June 30, 2018 | |
|---|---------------|--------------|
| | Amount | Per Share |
| Investment income | \$7,739,860 | |
| Net investment income | 6,319,243 | \$0.32 |
| Net realized and unrealized loss on investments (net of taxes) | (4,147,255) | (0.21) |

7. Investment Risks

In the normal course of its business, the Trust trades various financial instruments and enters into certain investment activities with investment risks. These risks include: (i) market risk, (ii) volatility risk and (iii) credit, counterparty and liquidity risk. It is the Trust's policy to identify, measure and monitor risk through various mechanisms including risk management strategies and credit policies. These include monitoring risk guidelines and diversifying exposures across a variety of instruments, markets and counterparties. There can be no assurance that the Trust will be able to implement its credit guidelines or that its risk monitoring strategies will be successful.

8. Commitments and Contingencies

During the normal course of business, the Trust may enter into contracts and agreements that contain a variety of representations and warranties. The exposure, if any, to the Trust under these arrangements is unknown as this would involve future claims that may or may not be made against the Trust and which have not yet occurred. The Trust has no history of prior claims related to such contracts and agreements. At June 30, 2018, the Trust had the following unfunded commitments:

| | Unfunded Amount |
|------------------------------------|--------------------|
| Investment | |
| VP Holding Company | \$1,764,706 |
| CORA Health Services, Inc. | \$1,264,808 |
| New Mountain Learning, LLC | \$937,014 |
| U.S. Retirement & Benefit Partners | \$700,000 |
| Pegasus Transtech Corporation | \$277,778 |
| Dohmen Life Science Services | \$95,455 |
| Polytex Holdings LLC | \$28,962 |

9. Results of Shareholder Meeting

The Annual Meeting of Shareholders was held on Wednesday, April 25, 2018. The shareholders were asked to vote to re-elect as Trustees Edward P. Grace, III and Clifford M. Noreen each for a three-year term. The shareholders approved the proposal. The Trust's other Trustees, Michael H. Brown, Barbara M. Ginader, Robert E. Joyal, Susan B. Sweeney and Maleyne M. Syracuse continued to serve their respective terms following the April 25, 2018 Annual Shareholder Meeting. The results of the voting are set forth below.

| Shares for | Withheld | Total | % of Shares Voted for |
|------------------------------------|----------|------------|-----------------------------|
| Edward P. Grace, III 16,349,206 | 361,210 | 16,710,416 | 97.839% |
| Clifford M. Noreen 16,434,180 | 276,237 | 16,710,416 | 98.347% |

○Our Internet website.

We may share the financial information we collect with our financial service affiliates, such as insurance companies, investment companies and securities broker-dealers. Additionally, so that we may continue to offer you products and services that best meet your investment needs and to effect transactions that you request or authorize, we may disclose the information we collect, as described above, to companies that perform administrative or marketing services on our behalf, such as transfer agents, custodian banks, service providers or printers and mailers that assist us in the distribution of investor materials or that provide operational support to Barings. These companies are required to protect this information and will use this information only for the services for which we hire them, and are not permitted to use or share this information for any other purpose. Some of these companies may perform such services in jurisdictions other than the United States. We may share some or all of the information we collect with other financial institutions with whom we jointly market products. This may be done only if it is permitted by the state in which you live. Some disclosures may be limited to your name, contact and transaction information with us or our affiliates.

Any disclosures will be only to the extent permitted by federal and state law. Certain disclosures may require us to get an "opt-in" or "opt-out" from you. If this is required, we will do so before information is shared. Otherwise, we do not share any personal information about our customers or former customers unless authorized by the customer or as permitted by law.

We restrict access to personal information about you to those employees who need to know that information to provide products and services to you. We maintain physical, electronic and procedural safeguards that comply with legal standards to guard your personal information. As an added measure, we do not include personal or account information in non-secure e-mails that we send you via the Internet without your prior consent. We advise you not to send such information to us in non-secure e-mails.

This joint notice describes the privacy policies of Barings, the Funds and Barings Securities LLC. It applies to all Barings and the Funds accounts you presently have, or may open in the future, using your social security number or federal taxpayer identification number – whether or not you remain a shareholder of our Funds or as an advisory client of Barings. As mandated by rules issued by the Securities and Exchange Commission, we will be sending you this notice annually, as long as you own shares in the Funds or have an account with Barings.

| Edward P. Grace III* | Barings Corporate Investors (the "Trust") offers a Dividend Reinvestment and Share Purchase Plan (the "Plan"). |
| Robert E. Joyal | |
| Clifford M. Noreen | The Plan provides a simple way for shareholders to add to their holdings in the Trust through the receipt of dividend shares issued by the Trust or through the investment of cash dividends in Trust shares purchased in the open market. A shareholder may join the Plan by filling out and mailing an authorization card to DST Systems, Inc., the Transfer Agent. |

| Janice M. Bishop Vice President, Secretary & Chief Legal Officer | |
| Sean Feeley Vice President | |
| Christopher D. Hanscom Treasurer | |
| Melissa M. LaGrant Chief Compliance Officer | |
| Kristin Goodchild Associate Secretary | Unless a shareholder elects to participate in the Plan, he or she will, in effect, have elected to receive |

dividends and distributions in cash. Participating shareholders may also make additional contributions to the Plan from their own funds. Such contributions may be made by personal check or other means in an amount not less than \$10 nor more than \$5,000 per quarter. Cash contributions must be received by the Transfer Agent at least five days (but no more than 30 days) before the payment date of a dividend or distribution.

Whenever the Trust declares a dividend payable in cash or shares, the Transfer Agent, acting on behalf of each participating shareholder, will take the dividend in shares only if the net asset value is lower than the market price plus an estimated brokerage commission as of the close of business on the valuation day. The valuation day is the last day preceding the day of dividend payment.

When the dividend is to be taken in shares, the number of shares to be received is determined by dividing the cash dividend by the net asset value as of the close of business on the valuation date or, if greater than net asset value, 95% of the closing share price. If the net asset value of the shares is higher than the market value plus an estimated commission, the Transfer Agent, consistent with obtaining the best price and execution, will buy shares on the open market at current prices promptly after the dividend payment date.

The reinvestment of dividends does not, in any way, relieve participating shareholders of any federal, state or local tax. For federal income tax purposes, the amount reportable in respect of a dividend received in newly-issued shares of the Trust will be the fair market value of the shares received, which will be

reportable as
ordinary income
and/or capital
gains.

As compensation
for its services, the
Transfer Agent
receives a fee of
5% of any dividend
and cash
contribution (in no
event in excess of
\$2.50 per
distribution per
shareholder.)
