PROSPECTUS

THE YORK WATER COMPANY

OPTIONAL DIVIDEND REINVESTMENT PLAN

960,000 Shares of common stock (No Par Value)

The Optional Dividend Reinvestment Plan, as amended, of The York Water Company provides holders of its common stock with a convenient and economical method of purchasing additional shares of its common stock without payment of brokerage commissions or other charges and provides the Company with a low cost method to raise additional equity capital.

Any holder of record of the Company's common stock is

Edgar Filing: YORK WATER CO - Form S-3

eligible to join the Plan, as is any beneficial owner by special arrangement. Shareholders who do not wish to participate in the Plan will continue to receive cash dividends in the usual manner. It is suggested that participants in the Plan as well as non-participants retain this Prospectus for future reference.

The Company administers the Plan at its own expense. No brokerage fee or commission will be charged to the participant on the shares purchased for the account of the participant pursuant to the Plan. Since August 1, 1997, there has been no maximum reinvestment limitation per dividend under the Plan.

Participants have three available options:

OPTION 1. FULL DIVIDEND REINVESTMENT;

OPTION 2. PARTIAL DIVIDEND REINVESTMENT with Partial Cash Dividend; or

OPTION 3. PARTIAL CASH DIVIDEND with Partial Dividend Reinvestment.

These options are discussed more fully in response to Question 8 below.

This Prospectus relates to 960,000 shares of authorized common stock registered for purchase under the Plan. The purchase price for each share of common stock will be 95% of its fair market value, which has been determined by the Board of Directors of the Company to be the average of the mean between the high and the low prices of the Company's common stock reported on the Nasdaq National Market as quoted in The Wall Street Journal for each of the last five trading days preceding the applicable record date for each respective quarter-annual or special dividend declared by the Company. If such high and low prices are not available, the purchase price will be determined by the Board of Directors of the Company on the basis of 95% of the latest available market quotations or on such other basis as it shall deem lawful and appropriate (See Question 14).

As of January 16, 2001, the Company's common stock trades on the Nasdaq National Market under the symbol "YORW." On April 16, 2001, the last sale price of the Company's common stock, as reported on the Nasdaq National Market, was \$24.65.

The Plan as covered in this Prospectus will become effective only upon filing of the Registration Statement of which this Prospectus is a part. The Pennsylvania Public Utility Commission (PPUC) approved the necessary Securities Certificate on March 8, 2001. The securities covered by this Prospectus may not be sold prior to such filing of the Registration Statement or in any state in which the offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such state.

The Company will receive all the net proceeds from the sale of common stock.

THE COMPANY

The York Water Company is a Pennsylvania corporation which was incorporated by Special Act of the General Assembly of Pennsylvania in 1816 and is the oldest investor-owned utility in Pennsylvania. The Company is engaged in the business of impounding, purifying and distributing water within its franchised territory, which is located within York County, Pennsylvania. The Company presently operates under the Pennsylvania Business Corporation Law of 1988, as amended, and the Pennsylvania Public Utility Code and is subject to regulation by the PPUC. The Company has no direct competitors within its area of operations. Its executive office is located at 130 East Market Street, York, Pennsylvania 17405 and its telephone number is (717) 845-3601.

At the Company's 1999 Annual Meeting of Shareholders on May 3, 1999, the shareholders approved an amendment to the Company's Amended and Restated Articles of Incorporation to increase the authorized capital stock of the Company from 6,500,000 shares, consisting of 6,000,000 shares of common stock, without par value, and 500,000 shares of Series Preferred Stock, without par value, to 31,500,000 shares, consisting of 31,000,000 shares of common stock, without par value, and 500,000 shares of Series Preferred Stock, without par value.

PLAN DESCRIPTION

The following question and answer statement details the provisions of the Company's Plan. If you become a participant in the Company's Plan, the Company recommends that you retain this Prospectus for future reference.

Purpose

1. What is the purpose of the Plan?

The purpose of the Plan is to provide holders of record of the Company's common stock with a convenient and economical method of purchasing additional shares of common stock of the Company without payment of brokerage commission or other charge.

Reinvestment of dividends under the Plan will provide the Company with funds that will be used for general corporate purposes.

Advantages

2. What are the advantages of the Plan?

Participants in the Plan may elect to have all or a designated portion of cash dividends on their shares of common stock automatically reinvested at a purchase price equal to 95% of the fair market value per share of the common stock, determined as set forth in the response to Question 14 hereof. Also, a participant may elect to receive a part of each dividend in cash, with the balance of each dividend being invested in the Plan. Since August 1, 1997, there has been no maximum reinvestment limitation per dividend.

Edgar Filing: YORK WATER CO - Form S-3

No commission or service or other charge will be paid by participants in connection with purchases under the Plan.

Full investment of funds will be possible under the Plan because the Plan permits fractions of shares (to three decimal places), as well as whole shares, to be credited to each participant's account. Dividends on both whole shares and on fractions of shares will be credited to each participant's account for his or her benefit.

The Company will provide simplified recordkeeping for such shares held in each participant's account.

The Plan also provides for the safekeeping of the shares held in the shareholder's account at no cost to the participant.

Administration

3. Who administers the Plan for participants?

The Company administers and interprets the Plan for the benefit of the participants, keeps records, acts as custodian, sends Statements of Account to participants and performs any other duties relating to the Plan, all without charge to the participants. However, charges will be incurred by a participant upon the sale of his or her shares through a broker or agent (see Question 16), and certain fees may be charged to participants by brokers when shares are held by brokers. All inquiries should be directed to:

Melba A. Aldridge, Assistant Secretary
The York Water Company
130 East Market Street
York, Pennsylvania 17405
(717) 845-3601

Participation

4. Who is eligible to participate in the Plan?

Shareholders of record of the common stock are eligible to participate in the Plan, although no shareholder has any obligation to invest in the Plan.

Beneficial owners of the common stock whose shares are registered in names other than their own must become holders of record by having their shares transferred into their names to participate in the Plan or else must make their own arrangements with the record owner thereof, such as their broker, banker, custodian or other nominee or agent, to have their beneficially-owned stock participate in the Plan in accordance with the Company's requirements. Any beneficial owner of common stock who is also a shareholder of record will be treated as a single participant for purposes of the Plan and will be limited to a single participant's benefits thereunder.

5. How can an employee of the Company participate in the Plan?

A Company employee can participate in the Plan only by being or by becoming a shareholder. The Company's Assistant

Edgar Filing: YORK WATER CO - Form S-3

Secretary will provide any assistance desired by any employee concerning participation in the Plan.

6. How does an eligible shareholder participate?

A holder of record of common stock may join the Plan by checking the appropriate box on the Authorization Card and signing and returning it to the Company. An Authorization Card and a postage-metered, pre-addressed envelope are provided with the Prospectus. Further, an Authorization Card and envelope for this purpose may be obtained at any time by written request to Melba A. Aldridge, Assistant Secretary at the address listed in the response to Question 3.

A beneficial owner of common stock whose shares are registered in the name of a broker, banker, custodian or other nominee or agent may make the necessary arrangements with such other party as referred to in the response to Question 4.

7. When may a shareholder join the Plan?

A holder of record of the Company's common stock may join the Plan at any time and will become a participant when the Company receives the signed Authorization Card. Participants in dividend reinvestment will start with the next dividend payable after receipt of an appropriately completed Authorization Card, provided that the card is received before the record date for a quarter-annual or special dividend. The record date for quarter-annual or special dividends is typically the last day of the month preceding the month in which a dividend is to be paid, except in the case of the April 15 quarter-annual dividend, when the record date is March 15. Should the Authorization Card not arrive until after this date, participation will begin with the next dividend payment. Payment of dividends on the Company's common stock are normally payable on the fifteenth day of January, April, July and October. Special dividends, if any, would normally be paid fifteen days after the record date.

Dividend Reinvestment Options

8. What does the Authorization Card provide?

The Authorization Card serves to initiate participation in the Plan by a shareholder or joint shareholders; however, no shareholder is required to elect one of the options and no action is required if a shareholder desires to continue to receive all Company dividends in cash. Specifically, the Authorization Card provides for the purchase of shares through three investment options:

OPTION 1. FULL DIVIDEND REINVESTMENT.

A participant checking the "Full Dividend Reinvestment" box directs the Company to invest in additional shares cash dividends on all of the participant's shares registered in the participant's name or joint names, as well as on all of the shares credited to the participant's account under the Plan.

OPTION 2. PARTIAL DIVIDEND REINVESTMENT with Partial Cash Dividend.

Edgar Filing: YORK WATER CO - Form S-3

A participant checking the "Partial Dividend Reinvestment" box and indicating the number of participant's full shares (but not fractional shares) which participant desires to have participate in the Plan directs the Company (1) to invest in additional shares the cash dividends on such number of the participant's shares registered in the participant's name or joint names or credited to participant's account under the Plan and (2) to pay cash dividends to participant on the balance of participant's total shares of record or held in the Plan Account; subject, of course, to the participant's ownership of the number of shares so designated. In the event any participant erroneously authorizes a dividend reinvestment for a larger number of shares than participant then owns of record and/or has held in participant's account under the Plan, such authorization will be limited to the correct number of shares then held by such participant of record and/or in his or her Plan Account.

OPTION 3. PARTIAL CASH DIVIDEND with Partial Dividend Reinvestment.

A participant checking the "Partial Cash Dividend" box and indicating the maximum dollar amount of each of the participant's quarter-annual or special dividends which the participant desires to continue to receive in cash, directs the Company to invest in additional shares the balance of the participant's dividends on all of participant's shares registered in the participant's name(s) as well as on all the shares credited to the participant's Plan Account, subject, of course, to a sufficient dividend rate and to participant's ownership of a sufficient number of shares to produce the requested "Partial Cash Dividend" so designated. In the event any shareholder erroneously authorizes a "Partial Cash Dividend" for a larger dividend amount than such shareholder would then be entitled to receive on shares owned of record and/or held in a Plan Account, such authorization will be totally ineffective for the reason that the shareholder would not be entitled to receive a dividend in sufficient amount to exceed the erroneously authorized "Partial Cash Dividend." In such event the Company will continue to provide the shareholder his or her entire dividends in cash until subsequent receipt by the Company of a properly completed, signed and effective Authorization Card.

If a properly signed Authorization Card is returned to the Company without one of the boxes checked, the shareholder will be enrolled under the "Full Dividend Reinvestment" (Option 1). If an Authorization Card is returned to the Company improperly signed or with inadequate, incorrect, confusing or contradictory information thereon, the card will be returned to the shareholder with a new blank Authorization Card for correction and completion, except as specified under the above paragraphs relating to Options 2 and 3.

Any properly completed and signed Authorization Card held by the Company will remain in full force and effect until receipt by the Company of a participant's properly completed and signed new Authorization Card or other instruction which may modify or terminate such Authorization Card.

9. How may a participant change options or instructions under the Plan?

A participant may change the participant's investment

Edgar Filing: YORK WATER CO - Form S-3

option or instructions relating thereto at any time by properly completing, signing and returning to the Company a written change in instructions or a new Authorization Card which may be obtained from the Company for this purpose, as stated in the response to Question 6.

Withdrawal or Termination

10. How may a participant withdraw shares from the Plan?

At any time a participant may withdraw any number of whole shares (but not fractional shares) held by the Company in such participant's Plan Account by signing and delivering to the Company a properly completed written Withdrawal Instruction. Future dividends will continue to be invested in accordance with the participant's Authorization Card as applicable. The top portion of the reverse side of any Plan Statement of Account may be used as a Withdrawal Instruction.

In the event of a withdrawal of common stock held in a Plan Account, a stock certificate will be issued in the participant's name(s) (as shown on the stock records of the Company) for the number of whole shares held in the participant's Plan Account which the participant has authorized to be withdrawn. Such withdrawal alone will not terminate the Plan Account so long as the participant still owns at least one (1) whole share either of record or in the Plan Account. However, in the event that any participant has directed withdrawal of all whole shares, and at that time or at any time thereafter is no longer the owner of at least one (1) whole share of record or one (1) whole share in the participant's Plan Account, a check will be issued to participant for any remaining fractional share in the Plan Account for the value thereof at the fair market value determined as of the immediately previous record date for dividend reinvestment purposes, as set forth in the response to Question 14, and the Plan Account will be terminated. Nevertheless, such participant may at any time thereafter rejoin the Plan by becoming the record owner of the Company's common stock and properly completing, signing and returning to the Company a new Authorization Card.

11. How may a participant terminate participation in the Plan?

At any time a participant may terminate participation in the Plan by signing and delivering to the Company a properly completed Termination Instruction. The top portion of the reverse side of any Plan Statement of Account may be used as a Termination Instruction.

In the case of termination of the participant's Plan Account, a stock certificate will be issued for all whole shares held in the Plan with a check being issued to the participant for the cash value of any fractional share at the fair market value determined as of the immediately previous record date for dividend reinvestment purposes, as set forth in the response to Question 14, and future dividends will be paid in cash rather than being reinvested. However, at any time after such termination of a participant's Plan Account, a participant may again sign and return to the Company a new Authorization Card to rejoin the Plan.

Edgar Filing: YORK WATER CO - Form S-3

12. What type of signature is required?

Authorization Cards and Withdrawal and Termination Instructions must be signed by the participant or joint participants with the same name or names as appear on the stock certificate and stock records of the Company.

13. When will a participant's instructions become effective?

A participant's Authorization Card will become effective upon receipt by the Company as to all dividends declared on or after the next record date. However, a Withdrawal Instruction or Termination Instruction will become effective immediately upon receipt by the Company, subject, of course, to any possible delay due to the stock books being closed.

Purchases and Cost Thereof

14. What will be the price of shares purchased under the Plan?

The price of shares of common stock purchased from the Company through the reinvestment of dividends will be 95% of its fair market value, which has been determined by the Board of Directors of the Company to be the average of the mean between the high and the low prices of the common stock reported on the Nasdaq National Market as quoted in The Wall Street Journal for each of the last five trading days preceding the applicable record date for each respective quarter-annual or special dividend declared by the Company. If such high and low prices are not available, the purchase price will be determined by the Company on the basis of 95% of the latest available market quotations or on such other basis as the Company shall deem lawful and appropriate.

15. How many shares of common stock will be purchased by a participant?

The number of shares to be purchased from the Company and credited to a participant's account on any dividend payment date will depend upon the price per share of the Company's common stock at 95% of its fair market value, determined as set forth in the response to Question 14, and upon the participant's dividend amount to be invested. Each participant's Plan Account will be credited with that number of shares, including fractions computed to three decimal places, equal to the total amount to be invested divided by the applicable purchase price per share.

A participant may not specify the number of shares to be purchased or the price at which shares are to be purchased, or otherwise seek to restrict or control the purchase of shares from the Company.

16. Will a Plan participant be charged for any expenses?

A Plan participant will not be charged any expenses in connection with participating, entering, withdrawing or canceling such participant's dividend reinvestment under the Plan. There will be no brokerage commissions or service or other charges involved, and all administration costs for the Plan will be paid by the Company. However, if a participant sells any of his or

Edgar Filing: YORK WATER CO - Form S-3

her shares through a broker upon withdrawing such shares from the Plan, or at any other time, the participant would be responsible for payment of any applicable brokerage commission, transfer taxes or other charges in connection with such sale and would be subject to applicable Federal and state income taxes (see the responses to Questions 22-25).

17. What is the source of shares purchased under the Plan?

Shares purchased under the Plan will come from the Company's authorized but previously unissued common stock.

18. When will dividends be reinvested for participants in common stock of the Company?

Dividends will be reinvested for participants in common stock of the Company and shares thus purchased will be entered in the respective Plan Accounts of participants on the Company's regular quarter-annual dividend payment dates, which at the present time are the 15th day of January, April, July and October and on the dividend payment dates of any special cash dividends as, if and when paid. Accordingly, participants will not be entitled to any interest payments thereon but will thereafter receive dividends on the shares so purchased and held by the Company in the Plan Accounts of the respective participants.

Participants' Plan Account and Reports

19. Will dividends be paid on shares held in a participant's Plan Account?

Dividends will be paid on whole shares and any fractional shares held in each participant's Plan Account, as well as on each participant's other shares held of record. However, whether such dividends on a participant's Plan Account are reinvested in additional shares of the Company depends upon the limitations set forth elsewhere in this Prospectus and upon the option chosen by each respective participant (please see the response to Question 8).

20. Will stock certificates be issued on the reinvestment shares of participants?

Stock certificates will not be issued for the shares in a participant's Plan Account except when a specific Withdrawal Instruction for whole share certificates or a Termination Instruction is properly completed, signed and returned to the Company (please see Questions 10, 11, 12 and 13 for further details).

Shares credited to a participant's Plan Account are not available to be pledged as collateral until after a Withdrawal Instruction or Termination Instruction is properly filed and a stock certificate is issued by the Company, as set forth in the response to Questions 10 and 11.

21. What reports will be given to participants?

A Statement of Account will be sent to participants at or shortly after each quarter-annual or special dividend reinvestment and to any participant affected by any other transaction involving his or her Plan Account.

Edgar Filing: YORK WATER CO - Form S-3

Income Tax Consequences

22. What are the Federal income tax consequences of Plan participation?

The following discussion of Federal income tax consequences is provided for information purposes only and does not constitute a definitive or comprehensive tax analysis. Participants are advised to consult their own tax advisors concerning any Federal income tax questions.

A participant will be treated for federal income tax purposes as having received, on each dividend payment date, the full amount of dividends reinvested in shares as a cash dividend equal in amount to the fair market value of the purchased shares on the dividend payment date, even though that amount is not actually received in cash. Therefore, participants will recognize taxable income in an amount equal to the fair market value of the purchased shares. FOR EXAMPLE, in the event of a dividend pursuant to which a participant received \$100.00 in value of common stock (i.e., a cash equivalent dividend of \$95.00), the participant will be taxable on the full \$100.00 in value received pursuant to the dividend. The tax basis of the shares credited to the Plan Account of a participant will be equal to the fair market value of such shares on the dividend payment date (\$100 in the example).

A participant will not realize any taxable income upon the receipt of stock certificates for whole shares that were credited to the participant's account, either upon the withdrawal by the participant of shares from the Plan or the termination of the Plan by the Company. In the case of a fractional share, gain or loss, if any, will be recognized when the participant receives payment from the Company for the fair market value of the fractional share. The amount of such gain or loss will be measured by the difference, if any, between the amount that the participant receives and the participant's tax basis in the fractional share.

23. What provisions are made for participants whose dividends are subject to income tax withholding?

In the case of those participants whose dividends are subject to United States income tax backup withholding, the Company will apply the net amount of their dividends, after the deduction for taxes, to the purchase of shares of common stock. As a general matter, backup withholding is required, at a rate of 31 percent, if (1) the participant fails to furnish its taxpayer identification number (TIN) to the Company as required; (2) the Internal Revenue Service (IRS) notifies the Company that the TIN furnished by the participant is incorrect; (3) the IRS notifies the Company that the participant has failed properly to report certain payments as required; or (4) the participant fails to certify under penalties of perjury that it (i) has provided its correct TIN and (ii) is not subject to backup withholding.

24. What is the tax treatment of cash received by a participant upon the participant's sale of shares received by the participant pursuant to the Plan?

Assuming that the shares are held as capital assets, a

Edgar Filing: YORK WATER CO - Form S-3

participant who sells shares to a third party will recognize either short-term or long-term capital gain or loss, depending on his or her particular circumstances, the tax basis of his shares, and the period of time he has held his shares.

25. What are the state or local income tax consequences of Plan participation?

Participants are advised to consult their own tax advisors as to any state or local income tax consequences of Plan participation.

Company's Responsibility

26. What is the Company's responsibility under the Plan?

The Company will be responsible to administer the Plan, keep records, act as custodian, send Statements of Account to participants periodically and perform any other duties relating to the Plan in conformity with this Prospectus and the option chosen by each participant under the response to Question 8, all at no cost to the participant.

EACH participant AGREES, as part of the Plan and in consideration of the opportunity of joining the Plan, that the Company and its directors, officers and employees in establishing and administering the Plan will have NO LIABILITY for any good faith action or good faith omission to act, including, but not by way of limitation, any claim of liability for failure to terminate a participant's Plan Account upon a participant's death prior to receipt of a proper Termination Instruction in writing from the decedent's personal representatives, AND NO LIABILITY for participant's failure to make a profit on shares in participant's Plan Account or Company's failure to protect participant against a loss on shares purchased or sold in participant's Plan Account.

Other Miscellaneous Information

27. How will a Plan Account be affected by the sale of all the participant's shares?

When a participant no longer owns at least one whole share of the Company's common stock either of record or in a Plan Account, the participant's Plan Account will be terminated and a check for the fair market value of any fractional share will be issued, as referred to in the response to Question 10. However, so long as there is at least one whole share held by a participant of record or in a Plan Account, dividends on any whole and any fractional shares owned of record or in the Plan Account will continue to be reinvested until the Company is otherwise directed by participant.

28. How will a Plan Account be affected by a stock dividend, stock split or rights offering?

In the event of any stock dividend or split of shares, participant's Plan Account will be adjusted to reflect the stock dividend or stock split for all shares held in the Plan Account. In the event of a rights offering, the participant will receive rights both on shares held by the participant of record and on those shares held in the Plan Account.

29. How will a participant vote shares in a Plan Account at meetings of shareholders?

Each participant will receive a single proxy covering the total number of shares held by a participant of record and those held in the Plan Account, which shares may then be voted by proxy or at the meeting in person.

30. May the Company change or discontinue the Plan?

The Company reserves the right to suspend or terminate the Plan at any time. All participants will receive notice of any such action. However, the Company's present intention is not to suspend or terminate the Plan (1) until an insufficient number of unissued shares remains out of the 960,000 shares covered by this Prospectus for the purpose of satisfying Plan requirements for any future regular or special dividend (unless additional shares for use under the Plan have been properly registered by the Company with the SEC and the PPUC has approved the necessary Securities Certificate), or (2) until such future time as the Company may then decide it to be advisable to discontinue such Plan. Upon any termination of the Plan by the Company, a stock certificate will be issued to each participant for all whole shares held in the Plan, plus a check for the value of any fractional share at the fair market value, determined as of the immediately previous record date for dividend reinvestment purposes as set forth in the response to Question 14. In the event of any such Company termination of the Plan, the Company reserves the right at any time thereafter to reinstate the Plan or institute a different dividend reinvestment plan upon complying with all necessary governmental registrations, filings and approvals.

The Company also reserves the right from time to time to adopt, change or discontinue administrative rules and regulations governing the administration of the Plan as the Company may deem both lawful and appropriate or desirable for such purpose.

31. Does the Plan require any governmental approvals?

The Plan initially became effective when the PPUC registered a Securities Certificate on December 17, 1982. An increase in the authorized shares to 120,000 from 60,000 (on a pre-split basis) became effective when the PPUC registered a Securities Certificate on February 3, 1994. The Plan was amended to reflect the elimination of the par value of the common stock approved by the shareholders and the four-for-one stock split declared by the Board of Directors on May 5, 1997, and the PPUC registered a Securities Certificate applicable to the amended Plan on May 22, 1997. In association with the 1997 amendment to the Plan and four-for-one stock split, the number of authorized shares under the Plan was increased to 480,000 from 120,000. The Plan has been further amended to increase the number of authorized shares to 960,000 from 480,000, and the PPUC registered a Securities Certificate applicable to the amended Plan on March 8, 2001.

COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES

The BCL gives Pennsylvania corporations the power to indemnify present and former officers and directors under certain circumstances. Article VIII of Company's By-Laws contains provisions which provide for indemnification of certain persons (including officers and directors).

Directors' and officers' liability insurance has been purchased for all of the Company's directors and officers. This insurance also insures the Company against amounts paid by the Company to indemnify covered directors and officers.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted for directors, officers and controlling persons of the Company pursuant to the foregoing provisions, the Company has been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

Item 15. Indemnification of Directors and Officers.

Sections 1741 and 1742 of the Pennsylvania Business Corporation Law of 1988, as amended (BCL), provide that a business corporation may indemnify directors and officers against liabilities they may incur in such capacity if the particular person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, and, with respect to any criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful. In general, the power to indemnify under these sections does not exist in the case of actions against a director or officer by or in the right of the corporation if the person otherwise entitled to indemnification shall have been adjudged to be liable to the corporation unless it is judicially determined that, despite the adjudication of liability but in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnification for specified expenses. The corporation is required under Section 1743 of the BCL to indemnify directors and officers against expenses they may incur in defending such actions against them in such capacities if they are successful on the merits or otherwise in defense of such actions.

Section 1713 of the BCL permits the shareholders to adopt a bylaw provision relieving a director (but not an officer) of personal liability for monetary damages except where (i) the director has breached the applicable standard of care, and (ii) such conduct constitutes self-dealing, willful misconduct or recklessness. The statute provides that a director may not be relieved of liability for the payment of taxes pursuant to any federal, state or local law or responsibility under a criminal statute. Article VII of the Company's By-Laws limits the liability of any director of the Company to the fullest extent permitted by Section 1713 of the BCL.

Section 1746 of the BCL grants a corporation broad authority to indemnify its directors, officers and other agents for liabilities and expenses incurred in such capacity, except in circumstances where the act or failure to act giving rise to the claim for indemnification is determined by a court to have constituted willful misconduct or recklessness. Pursuant to Section 1746 of the BCL, Article VIII of the Company's By-Laws provides for indemnification of directors, officers and other agents of the Company to the extent otherwise permitted by Section 1741 of the BCL and also in circumstances not otherwise permitted by Sections 1741 and 1742 of the BCL.

Article VIII of the Company's By-Laws provides a right to indemnification for expenses and certain liabilities paid or incurred by any indemnified representative of the Company, including directors and officers of the Company, in connection with any actual or threatened claim, action, suit or proceeding in which he or she may be involved by reason of being or having been, among others, a director, officer, employee or agent of the Company, or at the request of the Company, of another corporation, partnership, joint venture, trust or other entity. In accordance with Section 1744 of the BCL, Article VIII requires the Company to determine the availability of indemnification by certain specified procedures, including by vote of directors not

Edgar Filing: YORK WATER CO - Form S-3

a party to the proceeding in respect for which indemnification is sought or, in certain circumstances, determination of independent counsel.

Article VIII of the Company's By-Laws authorizes the Company to further effect or secure its indemnification obligations by purchasing and maintaining insurance. The Company has purchased officers' and directors' liability insurance which covers certain liabilities incurred by its officers and directors in connection with the performance of their duties, subject to the limitations of such policy. This insurance also insures the Company against any amounts paid by the Company to indemnify covered directors and officers.
