

Section 1 - Conflict Minerals Disclosure

Chemtura Corporation evaluated its current product lines and determined that certain products we manufacture or contract to manufacture contain tin. The survey of our suppliers determined that our supply chain is Conflict Free.

Conflict Minerals Disclosure

We have reduced our tin supply chain to two suppliers. During our Reasonable Country of Origin Inquiry, we requested both suppliers to complete the template developed by the Electronic Industry Citizenship Coalition® ("EICC®") and the Global e-Sustainability Initiative ("GeSI"), (the "Template"). The suppliers' responses, including the list of identified smelters from which they purchase, indicated that the tin did not originate from a Covered Country. We then independently confirmed via the Conflict-Free Sourcing Initiative's website that the smelters listed in the suppliers' responses had been audited and certified as Conflict-Free smelters.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the duly authorized undersigned.
