POTENTIAL ACQUISITION OF TRANSAX LIMITED

The Board of Directors of the Company recently approved the execution of an Agreement in Principle dated June 19, 2003 (the "Agreement"), as entered into among the Company, Transax Limited, a Colorado corporation ("Transax"), and certain shareholders of Transax. The Agreement, which is presently subject to standard conditions precedent including, without limitation, prior Board of Directors' and shareholders' ratification, due diligence and the negotiation and execution of a formal agreement evidencing the same, among others, is expected to be formalized and consummated before the end of August of 2003.

In accordance with the terms and conditions of the proposed Agreement, and again subject to numerous conditions precedent: (i) Transax is expected to become a wholly-owned subsidiary of the Company through the merger of Transax with a wholly-owned subsidiary of the Company; (ii) the Company is expected to change its name and, as a result, its trading symbol, to reflect the business concerns of Transax; and (iii) the Company is expected to adopt and implement a new stock option plan for key personnel of the Company. terms and conditions of the proposed Agreement, the Company's resulting business, upon consummation of the Agreement, will be comprised of Transax's business assets at that time, which shall include all of the then business assets of Transax's wholly-owned subsidiaries.

PRIOR OPERATIONAL HISTORY

TUN RESOURCES, LTD.

On May 2, 2000, the Company entered into a share purchase and sale agreement with Golden Thunder Resources Ltd. ("Golden Thunder") to purchase from Golden Thunder approximately eighty percent (80%) of the issued and outstanding shares of common stock of Tun Resources Ltd., a Canadian corporation ("Tun Resources"), with an option to purchase the remaining twenty percent (20%) of the issued and outstanding shares of Tun Resources (the "Acquisition Agreement"). Pursuant to the terms of the Acquisition Agreement, and extensions thereto, the Company issued 1,600,000 (400,000 post-Reverse Stock Split) shares

of its restricted Common Stock to Golden Thunder and provided approximately \$604,500 of funds to Tun Resources.

During the prior fiscal year, and in accordance with the terms of the Acquisition Agreement, the Company was unable to provide the required aggregate amount of \$1,180,000 by February 15, 2001. On February 9, 2001, the Company provided an amended letter of offer to Golden Thunder that outlined an offer to: (i) purchase the remaining twenty percent (20%) of Tun Resources; (ii) repurchase all of the Company's 1,600,000 shares of Common Stock from Golden Thunder; and (iii) request an extension to the funding commitment requirement outlined in the Acquisition Agreement until such time as the shareholders of Golden Thunder voted to accept or reject the offer (the "Letter Offer"). The Letter Offer was presented to the shareholders of Golden Thunder for their approval and such approval was not received.

TUN RESOURCES LITIGATION

On November 1, 2002, the Company, Tun Resources and Golden Thunder entered into a settlement agreement and release of all claims (the "Settlement Agreement"). Pursuant to the terms of the Settlement Agreement: (i) Tun Resources and Golden Thunder paid to the Company \$150,000.00; (ii) the Company released Tun Resources and Golden Thunder from any and all claims arising directly or indirectly from Action No. 5013872; and (iii) Golden Thunder returned to the Company its stock certificate evidencing the 1,600,000 (400,000 post-Reverse Stock Split) shares of restricted Common Stock, which were cancelled. See "ITEM 3. LEGAL PROCEEDINGS."

THE AILAOSHAN/XIAOSHUIJING GOLD PROJECT

On May 4, 2000, the Company entered into a letter agreement with the No. 1 Geological Brigade of the Yunnan Bureau of Geology and Mineral Resources of Qujing City, Yunnan Province, China (the "Letter Agreement"), whereby the Company acquired the right to acquire an approximate seventy percent (70%) interest in the Ailaoshan gold concession and prospect with claims that include the Xiaoshuijing gold resource located in the Chuxion Prefecture, Yunnan Province, China.

As of the date of this Annual Report management of the Company does not believe that a definitive agreement will be consummated or that any other China-based venues will be pursued.

ITEM 2. DESCRIPTION OF PROPERTIES

The Company does not own any real estate or other properties. The Company leases office space and its offices are located at 435 Martin Street, Suite 2000, Blaine, Washington 98230.

ITEM 3. LEGAL PROCEEDINGS

TUN RESOURCES LITIGATION

On July 8, 2001, the Company filed a Statement of Claim in the Supreme

Court of British Columbia naming Golden Thunder and Tun Resources as defendants ("Action No. 5013872"). The Company alleged in its Statement of Claim that certain representations were made by the defendants to the Company under the Acquisition Agreement and otherwise as follows: (i) Tun Resources had good and marketable title to its assets; (ii) the consideration paid by the Company was good and valuable consideration for the acquisition of the shares in Tun Resources; (iii) the intercorporate loan financing, which was to be provided by financing arranged by private investments and, therefore, the joint ventures, were marketable; and (iv) the control of Tun Resources would be transferred to the Company upon closing of the Acquisition Agreement. The Company alleged in its Statement of Claim that such representations were false and untrue and that the defendants made the representations fraudulently or negligently knowing them to be untrue, or recklessly without caring whether they were true or false, and that: (i) the title Tun Resources had to the assets was not good and marketable and was considerably lower in value than represented to the Company; (ii) the consideration paid by the Company to acquire the shares of Tun Resources was excessive and not good and valuable consideration; (iii) the intercorporate loan financing could not be raised in the manner agreed upon by the Company and the defendants; and (iv) the boards of directors of Golden Thunder and Tun Resources refused or neglected to replace the board of directors of Tun Resources with the board of directors of Golden Thunder. The Company further alleged in its Statement of Claim that: (i) the defendants made such representations to the Company in order to induce the Company to enter into the Acquisition Agreement; (ii) the Company reasonably relied upon the representations made to it by the Defendants; and (iii) such misrepresentations were breaches of material terms of the Acquisition Agreement and have caused the Company loss and damages. The Company sought general and special damages in excess of \$800,000.00.

On August 2, 2001, Tun Resources and Golden Thunder filed their Statement of Defense in which they alleged that the Company breached the Acquisition Agreement by its failure to provide funding in the amount of \$1,180,000 and that such failure to provide the required funding adversely affected the value of assets to be purchased by the Company.

On November 1, 2002, the Company, Tun Resources and Golden Thunder entered into a settlement agreement and release of all claims (the "Settlement Agreement"). Pursuant to the terms of the Settlement Agreement: (i) Tun Resources and Golden Thunder paid to the Company \$150,000.00; (ii) the Company released Tun Resources and Golden Thunder from any and all claims arising directly or indirectly from Action No. 5013872; and (iii) Golden Thunder returned to the Company its stock certificate evidencing the 1,600,000 (400,000 post-Reverse Stock Split) shares of restricted Common Stock, which were cancelled.

Except as disclosed above, management is not aware of any other legal proceedings contemplated by any governmental authority or other party involving the Company or its properties. No director, officer or affiliate of the Company is: (i) a party adverse to the Company in any legal proceedings; or (ii) has an

Edgar Filing: VEGA ATLANTIC CORP/CO - Form 10KSB

adverse interest to the Company in any legal proceedings. Management is not aware of any other legal proceedings pending or that have been threatened against the Company or its properties.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

INFORMATION STATEMENT

The Board of Directors of the Company, at a previous meeting, authorized and approved, subject to shareholder approval, a reverse stock split of up to one-for-twenty of the Company's issued and outstanding shares of Common Stock (the "Reverse Stock Split"). As a result an Information Statement pursuant to Section 14(c) of the Exchange Act (the "Information Statement") was prepared and filed with the Securities and Exchange Commission on October 17, 2002 and amended December 16, 2002.

The Information Statement was circulated to the shareholders of the Company in connection with the taking of corporate action without a meeting upon the written consent of ten (10) or less shareholders holding of record a majority of the outstanding shares of the Company's Common Stock (the "Written Consent"). As of November 30, 2002 (the "Record Date"), there were 22,132,110 shares of the Company's Common Stock issued and outstanding. The names of the shareholders who signed the Written Consent approving the Reverse Stock Split and their respective equity ownership of the Company were as follows: (i) TriStar Financial Services, Inc. ("TriStar") holding of record 1,216,214 shares of Common Stock (5.40%); (ii) Investor Communications International, Inc. ("ICI") holding of record 6,071,244 shares of Common Stock (26.94%); (iii) Alexander W. Cox holding of record 4,323,300 shares of Common Stock (19.19%); and (iv) Brent Pierce holding of record 1,406,247 shares of Common Stock (6.24%).

The matters upon which action was taken pursuant to the Written Consent by the shareholders dated March 25, 2003 included the approval and authorization for the Board of Directors to effect the Reverse Stock Split, which was effected by NASDAQ on approximately April 2, 2003.

Subsequent to effectuation of the Reverse Stock Split, the Board of Directors of the Company determined that applicable Colorado law requires the written consent of all shareholders in the event that written consents are utilized to obtain shareholder approval in lieu of a shareholders' meeting. As a result the Board of Directors decided that it would be prudent to have the shareholders of the Company ratify the prior actions of the shareholders taken pursuant to the Written Consent approving the Reverse Stock Split and, as a result, directed the filing of a proxy statement and a meeting of the shareholders.

PROXY STATEMENT

On June 16, 2003, the Board of Directors, pursuant to written consent in lieu of a special meeting, approved and authorized certain corporate action, including an amendment to the Company's Articles of Incorporation to effect a proposed change in name and adoption of a stock option plan for the Company. The Board of Directors further authorized and directed the filing with the Securities and Exchange Commission, and subsequent distribution to the shareholders of record as of May 30, 2003, a notice of special shareholders' meeting and a proxy statement pursuant to Section 14(a) of the Exchange Act (the "Proxy Statement"). The Company anticipates that its proposed Proxy Statement will be distributed to all shareholders of the Company on or about July 3, 2003 or as soon thereafter, upon the Securities and Exchange Commissions review of filing.

Edgar Filing: VEGA ATLANTIC CORP/CO - Form 10KSB

Pursuant to the Proxy Statement a special meeting of shareholders is expected to be held on or about July 23, 2003 for the following purposes: (i) to approve a proposed amendment (the "Amendment") to the Company's Articles of Incorporation, as amended (the "Articles"), to effectuate a proposed name change of the Company (the "Name Change") to such name as may be approved by the Board of Directors of the Company in its sole and absolute discretion; (ii) to approve

a proposed stock option plan for key personnel of the Company (the "Stock Option Plan"); and (iii) to ratify the prior actions by shareholders of the Company taken pursuant to Written Consent dated March 25, 2003 approving the Reverse Stock Split effectuated on approximately March 31, 2003.

As of the date of this Annual Report and during fiscal year ended March 31, 2003, and to provide capital, the Company sold stock in private placement offerings, issued stock in exchange for debts of the Company or pursuant to contractual agreements as set forth below. Statements made in this Form 10-KSB that are not historical or current facts are "forward-looking statements" made pursuant to the safe harbor

The Company wishes to caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. Any forward-looking statements represent management's best judgment as to what may occur in the future. However, forward-looking statements are subject to risks, uncertainties and important factors beyond the control of the Company that could cause actual results and events to differ materially from historical results of operations and events and those presently anticipated or projected. The following discussions of the results of operations and financial position of the Company should be read in conjunction with the financial statements and notes pertaining to them that appear elsewhere in this Form 10-KSB.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

FOR FISCAL YEAR ENDED MARCH 31, 2003 COMPARED WITH FISCAL YEAR ENDED MARCH 31, 2002

The Company's net loss for the fiscal year ended March 31, 2003 was approximately (\$261,243) compared to a net income of approximately \$418,824 for the fiscal year ended March 31, 2002.

During the fiscal year ended March 31, 2003 and 2002, the Company did not incur any property exploration expenses primarily due to the decrease in investment relating to its Chinese joint venture projects.

During the fiscal year ended March 31, 2003, the Company incurred general and administrative expenses of \$423,243 compared to general and administrative expenses of \$354,509 incurred during the fiscal year ended March 31, 2002 (an increase of \$68,734). Although the Company incurred \$423,243 of general and administrative expenses during the fiscal year ended March 31, 2003, such expenses were offset by \$162,000 realized as a gain from settlement of the litigation with Tun Resources and Golden Thunder, resulting in a net loss of (\$261,243). In addition, although the Company actually incurred \$354,509 of general and administrative expenses during the fiscal year ended March 31, 2002, such expenses were offset by \$66,267 as a gain from settlement of debt, \$50,000 as a gain from the sale of Alaskan Explorations Corp., and its related Lemachang silver deposit Sino-Foreign joint venture interest, and \$657,066 realized as a gain from settlement of the litigation with Tun Resources and Golden Thunder, resulting in net income of \$418,824.

The increase in general and administrative expenses during the fiscal year ended March 31, 2003 compared to the fiscal year ended March 31, 2002 was primarily due to an increase in consulting fees relating to identification and negotiation of potential investment opportunities in other ventures. During the fiscal year ended March 31, 2003, the Company's general and administrative

Edgar Filing: VEGA ATLANTIC CORP/CO - Form 10KSB

expenses consisted of: (i) \$128,121 in consulting fees; (ii) \$226,890 in office and general expenses; (iii) \$35,501 in professional fees; and (iv) \$32,731 in

interest expense. During the fiscal year ended March 31, 2002, the Company's general and administrative expenses consisted of (i) \$268,830 in office and general expenses; (ii) \$58,307 in professional fees; and (iii) \$27,372 in interest expense. General and administrative expenses generally include corporate overhead, financial and administrative contracted services, consulting costs and professional fees.

Of the \$423,243 incurred as general and administrative expenses, the Company incurred to ICI approximately: (i) \$375,250 for amounts due and owing for managerial, administrative, financial and consulting services rendered by ICI; (ii) \$27,483 as accrued interest; and (iii) \$19,957 as advances payable. LIQUIDITY AND CAPITAL RESOURCES

FOR THE FISCAL YEAR ENDED MARCH 31, 2003

The Company's financial statements have been prepared assuming that it will continue as a going concern and, accordingly, do not include adjustments relating to the recoverability and realization of assets and classifications of liabilities that might be necessary should the Company be unable to continue in operations.

As of March 31, 2003, the Company's current assets were \$89 and its current liabilities were \$508,545, which resulted in a working capital deficit of \$508,456. As of the fiscal year ended March 31, 2002, the Company's current assets were \$1,196 and its current liabilities were \$455,969, which resulted in a working capital deficit of \$454,773.

The increase in current liabilities during the fiscal year ended March 31, 2003 from the fiscal year ended March 31, 2002 was due primarily to an increase in advances from related parties.

Stockholders' deficit increased from (\$454,773) for the fiscal year ended March 31, 2002 to (\$508,456) for the fiscal year ended March 31, 2003.

For the fiscal year ended March 31, 2003, net cash flows provided by operating activities was \$81,474 compared to (\$363,312) net cash flows used in operating activities for the fiscal year ended March 31, 2002. As noted above, the increase in cash provided by operating activities was primarily comprised of: (i) a net loss of (\$261,243) incurred during the fiscal year ended March 31, 2003 compared to net income of \$418,824 realized during the fiscal year ended March 31, 2002; (ii) consulting and administration fees accrued of \$375,250 during the fiscal year ended March 31, 2003 compared to \$-0- during the fiscal year ended March 31, 2002; and (iii) adjustment of (\$12,000) from the settlement of the litigation with Tun Resources and Golden Thunder during the fiscal year ended March 31, 2003 compared to adjustment of (\$651,316) during the fiscal year ended March 31, 2002.

Net cash flows used in financing activities during the fiscal year ended March 31, 2003 were (\$82,581) resulting primarily from advances repaid to related parties compared to net cash flows from financing activities of \$313,066 during the fiscal year ended March 31, 2002 resulting from advances received from related parties.

Net cash flows from investing activities was \$-0- during the fiscal year ended March 31, 2003 compared to net cash flows from investing activities of \$50,000 during the fiscal year ended March 31, 2002 resulting from proceeds from sale of joint venture interest.

PLAN OF OPERATION

Edgar Filing: VEGA ATLANTIC CORP/CO - Form 10KSB

FUNDING

As of the date of this Annual Report there is substantial doubt regarding the Company's ability to continue as a going concern as the Company has not generated sufficient cash flow to fund its business operations and material commitments. The Company's future success and viability, therefore, may be dependent upon the Company's ability to consummate the Agreement and its ongoing ability to continue to generate capital financing.

In the event the Agreement is consummated, management of the Company anticipates an increase in operating expenses over the next three years to pay expenses associated with the business operations. The Company must raise additional funds. The Company may finance these expenses with further issuances of Common Stock of the Company. The Company believes that any anticipated private placements of equity capital and debt financing, if successful, may be adequate to fund the Company's operations over the next twelve months. Thereafter, the Company expects it will need to raise additional capital to meet long-term operating requirements. If the Company raises additional funds through the issuance of equity or convertible debt securities other than to current shareholders, the percentage ownership of its current shareholders would be reduced, and such securities might have rights, preferences or privileges senior to its existing Common Stock. In addition, additional financing may not be available upon acceptable terms, or at all. If adequate funds are not available, or are not available on acceptable terms, the Company may not be able to conduct its proposed business operations successfully, which could significantly and materially restrict the Company's overall business operations.

Based upon a twelve-month work plan proposed by management, it is anticipated that such a work plan would require approximately \$1,000,000 of financing designed to fund various commitments and business operations. >From the date of this Annual Report management believes that the Company can satisfy its cash requirements for approximately the next six months based on its ability to successfully raise capital and to obtain advances from certain investors and related parties, as necessary. The Company must, however, raise additional capital. Furthermore, the Company has not generated sufficient cash flow in the past to fund its operations and activities. Historically, the Company has relied upon internally generated funds, funds from the sale of shares of stock and loans from its shareholders and private investors to finance its operations and growth. The Company's future success and viability are primarily dependent upon the Company's current management to consummate the Agreement, generate revenues from business operations and raise additional capital through further private offerings of its stock or loans from private investors. There can be no assurance, however, that the Company will be able to raise additional capital. The Company's failure to successfully raise additional capital will have a material and adverse affect upon the Company and its shareholders.

MATERIAL COMMITMENTS

A significant and estimated commitment for the Company for its fiscal year April 1, 2003 through March 31, 2004 pertaining to contractual arrangements and work orders is an amount not greater than \$900,000 to ICI. The contractual arrangement between the Company and ICI regarding compensation for services rendered for the day-to-day operations of the Company are based on a fee not to exceed \$75,000 per month based upon the performance of actual services rendered by ICI on an ongoing basis commensurate with the needs and requirements of the

Company for that particular month, including services related to exploration, administrative, public company operations and maintenance.

OFF-BALANCE SHEET ARRANGEMENTS

As of the date of this Annual Report the Company does not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors. The term "off-balance sheet arrangement" generally means any transaction, agreement or other contractual arrangement to which an entity unconsolidated with the Company is a party, under which the Company has: (i) any obligation arising under a guarantee contract, derivative instrument or variable interest; or (ii) a retained or contingent interest in assets transferred to such entity or similar arrangement that serves as credit, liquidity or market risk support for such assets.

AUDIT COMMITTEE

As of the date of this Annual Report the Company has not appointed members to an Audit Committee and, therefore, the respective role of an Audit Committee has been conducted by the Board of Directors of the Company. When established, the Audit Committee's primary function will be to provide advice with respect to the Company's financial matters and to assist the Board of Directors in fulfilling its oversight responsibilities regarding finance, accounting, tax and legal compliance. The Audit Committee's primary duties and responsibilities will be to: (i) serve as an independent and objective party to monitor the Company's financial reporting process and internal control system; (ii) review and appraise the audit efforts of the Company's independent accountants; (iii) evaluate the Company's quarterly financial performance as well as its compliance with laws and regulations; (iv) oversee management's establishment and enforcement of financial policies and business practices; and (v) provide an open avenue of communication among the independent accountants, management and the Board of Directors.

The Board of Directors has considered whether the regulatory provision of non-audit services is compatible with maintaining the principal independent accountant's independence.

During the fiscal year ended March 31, 2003, the Company incurred approximately \$13,000 in fees to its principal independent accountant for professional services rendered in connection with preparation and audit of the Company's financial statements for the fiscal year ended March 31, 2003 and for the review of the Company's financial statements for the quarters ended June 30, 2002, September 30, 2002 and December 31, 2002.

We have audited the balance sheets of Vega-Atlantic Corporation (a Development Stage Company) as at March 31, 2003 and 2002 and the statements of operations, stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with Canadian and United States generally accepted auditing standards. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2003 and 2002 and the results of its operations and its cash flows and the changes in stockholders' equity for the years then ended in accordance with United States generally accepted accounting principles.

COMMENTS BY AUDITORS FOR U.S. READERS ON CANADA-UNITED STATES REPORTING DIFFERENCES

In the United States, reporting standards for auditors would require the addition of an explanatory paragraph following the opinion paragraph when the financial statements are affected by conditions and events that cast substantial doubt on the Company's ability to continue as a going concern, such as those described in Note 1. Our report to the stockholders and Board of Directors dated June 3, 2003 is expressed in accordance with Canadian reporting standards which do not permit a reference to such conditions and events in the auditors' report when these are adequately disclosed in the financial statements.

VEGA-ATLANTIC CORPORATION (A DEVELOPMENT STAGE COMPANY) NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 2003

NOTE 1: NATURE AND CONTINUANCE OF OPERATIONS

The Company is a development stage company and to date has not commenced any commercial operations or generated any revenues. Due to the inability to raise sufficient capital, the Company has either sold or disposed of its interests in mineral properties. The Company is continuing to assess new business ventures for possible acquisition or merger and such businesses may or may not be in the minerals exploration or oil and gas industries. Subsequent to year end the Company entered into an Agreement in Principle to acquire Transax Limited, a telecommunications technology company. Refer to Note 9 - Subsequent Events.

At March 31, 2003, the Company had a working capital deficiency of \$508,456 and has incurred substantial losses to date and further losses are anticipated in the future. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. The Company's future operations are dependent on its ability to raise additional working capital, settling its outstanding debts and ultimately on generating profitable operations from a new business venture.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES AND ASSUMPTIONS

Preparation of the Company's financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

The Company considers all liquid investments, with an original maturity of three months or less when purchased, to be cash equivalents.

FOREIGN CURRENCY TRANSLATION

The financial statements are presented in United States dollars. In accordance with Statement of Financial Accounting Standards No. 52, "Foreign Currency

Edgar Filing: VEGA ATLANTIC CORP/CO - Form 10KSB

Translation", foreign denominated monetary assets and liabilities are translated to their United States dollar equivalents using foreign exchange rates which prevailed at the balance sheet date. Revenue and expenses are translated at average rates of exchange during the year. Related translation adjustments are reported as a separate component of stockholders' equity, whereas gains or losses resulting from foreign currency transactions are included in results of operations.

MINERAL PROPERTIES

Mineral property acquisition costs, capital contributions and exploration costs are expensed as incurred until such time as proven economically recoverable reserves are established.

NET EARNINGS (LOSS) PER COMMON SHARE

Basic earnings (loss) per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Dilutive earnings (loss) per share reflects the potential dilution of securities that could share in the earnings of the Company. The accompanying presentation is only of basic earnings (loss) per share as the potentially dilutive factors are anti-dilutive to basic earnings (loss) per share. The comparative net earnings (loss) per share figures have been restated to give effect to the reverse split of common shares as described in Note 8.

INCOME TAXES

The Company follows the liability method of accounting for income taxes. Under this method, deferred income tax assets and liabilities are recognized for the estimated tax consequences attributable to differences between the financial statement carrying values and their respective income tax basis (temporary differences). The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

STOCK-BASED COMPENSATION

In December 2002, the Financial Accounting Standards Board issued Financial Accounting Standard No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure" ("SFAS No. 148"), an amendment of Financial Accounting Standard No. 123 "Accounting for Stock-Based Compensation" ("SFAS No. 123"). The purpose of SFAS No. 148 is to: (1) provide alternative methods of transition for an entity that voluntarily changes to the fair value based method of accounting for stock-based employee compensation, (2) amend the disclosure provisions to require prominent disclosure about the effects on reported net income of an entity's accounting policy decisions with respect to stock-based employee compensation, and (3) to require disclosure of those effects in interim financial information. The disclosure provisions of SFAS No. 148 were effective for the Company for the year ended December 31, 2002.

The Company has elected to continue to account for stock-based employee

Edgar Filing: VEGA ATLANTIC CORP/CO - Form 10KSB

compensation arrangements in accordance with the provisions of Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees", ("APB No. 25") and comply with the disclosure provisions of SFAS No. 123 as amended by SFAS No. 148 as described above. In addition, in accordance with SFAS No. 123 the Company applies the fair value method using the Black-Scholes option-pricing model in accounting for options granted to consultants. Under APB No. 25, compensation expense is recognized based on the difference, if any, on the date of grant between the estimated fair value of the Company's stock and the amount an employee must pay to acquire the stock. Compensation expense is recognized immediately for past services and pro-rata for future services over the option-vesting period.

The Company accounts for equity instruments issued in exchange for the receipt of goods or services from other than employees in accordance with SFAS No. 123 and the conclusions reached by the Emerging Issues Task Force in Issue No. 96-18, "Accounting for Equity Instruments That Are Issued to Other Than Employees for Acquiring or in Conjunction with Selling Goods or Services" ("EITF 96-18"). Costs are measured at the estimated fair market value of the consideration received or the estimated fair value of the equity instruments issued, whichever is more reliably measurable. The value of equity instruments issued for consideration other than employee services is determined on the earlier of a performance commitment or completion of performance by the provider of goods or services as defined by EITF 96-18.

The Company has also adopted the provisions of the Financial Accounting Standards Board Interpretation No. 44, Accounting for Certain Transactions Involving Stock Compensation - An Interpretation of APB Opinion No. 25 ("FIN 44"), which provides guidance as to certain applications of APB 25. FIN 44 is generally effective July 1, 2000 with the exception of certain events occurring after December 15, 1998.

RECENT ACCOUNTING PRONOUNCEMENTS

In July 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 141 ("SFAS 141"), "Business Combinations", which eliminates the pooling method of accounting for business combinations initiated after June 30, 2001. In addition, SFAS 141 addresses the accounting for intangible assets and goodwill acquired in a business combination. This portion of SFAS 141 is effective for business combinations completed after June 30, 2001. The adoption of SFAS 141 has not had a material impact on the Company's financial position or results of operations.

In July 2001, the FASB issued Statement of Financial Accounting Standards No. 142 ("SFAS 142"), "Goodwill and Intangible Assets", which revises the accounting for purchased goodwill and intangible assets. Under SFAS 142, goodwill and intangible assets with indefinite lives will no longer be amortized and will be tested for impairment annually or whenever events or circumstances indicate that the estimated fair value is less than the related carrying value as determined on a reporting unit basis. SFAS 142 is effective for fiscal years beginning after December 15, 2001, with earlier adoption permitted. The adoption of SFAS 142 has not had a material impact on the Company's financial position or results of operations.

NOTE 3: INTEREST IN MINERAL PROPERTIES

LEMACHANG SILVER MINE JOINT VENTURE PROPOSAL: Effective July 26, 2000, the Company, through its then wholly-owned subsidiary Alaskan Explorations Corporation, a British West Indies Corporation ("Alaskan"), entered into a Sino-Foreign Cooperative Joint Venture whereby the Company had agreed to joint venture with the No. 1 Geological Brigade of Yunnan Bureau of Geology and Mineral Resources and acquire majority control in the producing Lemachang silver mine, located in the Ludian County Seat, of the Yunnan Province, PRC.

Subject to the completion of its due diligence, the Company committed to spend \$8,000,000 to increase production, expand reserves and improve overall silver recovery in return for an 85% interest in the silver mine and deposit areas. The Board of Directors of the Company determined that the Company was unable to meet its funding obligations and consequently by agreement dated May 11, 2001, sold 100% of its interest in Alaskan and forfeited all of the rights and obligations under the JV Contract in consideration of \$50,000, resulting in a gain of \$50,000.

NOTE 4: EMPLOYEE STOCK OPTION PLAN

On May 1, 2000, the shareholders of the Company as represented by 51% of the issued and outstanding common shares of the Corporation voted to approve the creation of an employee stock option plan (the "Old SOP"). The plan extended for a 10-year term and consisted of 500,000 pre reverse-split share options priced at \$1.00 per share. The Company's Old SOP was cancelled and the options issued thereon were cancelled on March 25, 2003.

By Directors' Resolution dated November 19, 2002 and effective March 25, 2003, the Company adopted a New Stock Option Plan ("New SOP"). The New SOP shall be deemed to be effective as of March 25, 2003. The New SOP provides authority for the Board to grant Options, for the purchase of a total number of shares of the Company's post reverse-split common stock, not to exceed 3,000,000 post reverse-split shares. The New SOP also provides that in no event may the maximum number of shares reserved for any one individual exceed 15% of the issued and outstanding share capital of the Company. The option period of options granted under the New SOP shall be up to 10 years and the option price per share shall be no less than the fair market value of a share of common stock on the date of grant of the stock option.

As at March 31, 2003 no options have been granted under the New SOP and no options are outstanding. All options to be granted will expire on or before April 30, 2010. Shares which may be acquired through the New SOP may be authorized but unissued shares of common stock or issued shares of common stock held in the Company's treasury. Options granted under the New SOP will not be in lieu of salary or other compensation for services.

Refer to Note 9 - Subsequent Events.

NOTE 5: RELATED PARTY TRANSACTIONS

("ICI") under a consulting services and management agreement dated April 1, 1999 which provides for compensation for services rendered in an amount not greater than \$75,000 per month or \$900,000 per year. NOTE 5: RELATED PARTY TRANSACTIONS (CONT'D)

During the year ended March 31, 2003, the Company received cash advances of \$3,603 and accrued \$5,074 in interest due to certain shareholders. Additionally, the Company issued 131,123 common shares to these certain shareholders in satisfaction of \$78,674 in outstanding debts. As at March 31, 2003, \$22,749 is owing to certain shareholders for cash advances and accrued interest at 10% per annum (2002 - \$92,746). The balance of amounts owing to certain shareholders are unsecured and without any specified terms of repayment.

NOTE 6: LITIGATION

AURIC, DAMES & MOORE, ET AL

On September 27, 1999, Intergold Corporation ("IGCO"), its wholly owned subsidiary, International Gold Corporation ("IGC"), and Geneva initiated a legal complaint against AuRIC, Dames & Moore, Ahmet Altinay, General Manager of AuRIC, and Richard Daniele, Chief Metallurgist for Dames & Moore. The damages sought by IGCO/IGC/Geneva were to be determined in court.

The damages incurred stemmed from reliance on assays and representations made by AuRIC and upon actions and engineering reports produced by Dames & Moore related to the Blackhawk claims. IGCO/IGC/Geneva also alleged there were breaches of contract by AuRIC and Dames and Moore, as well as other causes of action. This legal proceeding affected the timing of alleged technology to be transferred from Geneva to the Company that was scheduled initially before the end of 2000.

On May 8, 2000, the Company executed an assignment agreement that transferred and conveyed the potential claims and causes of action that the Company may have in connections with the Sub-license Agreement with Geneva. If amounts were recovered by the lawsuit initiated by International Gold Corporation and Geneva, the Company would receive the equivalent pro rata share of the Claims in relation to all other claims and causes of action for which any damages of settlement amounts were recovered.

During the year ended March 31, 2002 a settlement was reached and the parties agreed to have the lawsuit dismissed. As part of the settlement, the promissory notes totaling \$600,000 plus accrued interest of \$57,066 that were payable by the Company to AuRIC and Geneva were cancelled, and 12,500 shares issued to AuRIC and 6,250 common shares issued to Geneva were returned to the Company for subsequent cancellation. All cash recovered through the settlement was paid to

Edgar Filing: VEGA ATLANTIC CORP/CO - Form 10KSB

Tristar Financial Services, Inc. as partial repayment for legal fees and direct litigation costs it had incurred on behalf of the plaintiffs according to the terms of a lawsuit funding agreement between the plaintiffs and Tristar Financial Services, Inc. As total litigation costs incurred by Tristar Financial Services, Inc. exceeded the cash recovered through the settlement, there was no surplus available for application to the losses incurred by the Company with respect to the litigation. The plaintiff's settlement included \$808,000 in cash, of which \$345,000 was paid for outstanding legal costs, \$10,000 was paid to Goldstate Corporation, and \$453,000 was paid to Tristar Financial Services, Inc. Cash paid to Tristar Financial Services, Inc. was less than costs incurred by Tristar Financial Services, Inc. under the lawsuit funding agreement between the plaintiffs and Tristar Financial Services, Inc.

GOLDEN THUNDER RESOURCES LTD.

On January 12, 2000, the Company entered into a letter of intent with Golden Thunder Resources Ltd. ("Golden Thunder"), a Canadian public company, to purchase from Golden Thunder 80% of the issued and outstanding shares of common stock of Tun Resources Inc., a Canadian corporation ("Tun Resources"), with an option to purchase the remaining 20% of the issued and outstanding shares of Tun Resources at fair market value.

On May 2, 2000, the Company executed a definitive closing agreement to purchase the 80% interest in Tun Resources. The 80% interest in Tun Resources was purchased in exchange for the funding commitment of \$1,180,000 by August 15, 2000 (subsequently extended to February 15, 2001, and further extended to the date of the vendor's next annual shareholder meeting) and the issuance of 20,000 restricted common shares in the capital of the Company valued at \$672,000.

VEGA-ATLANTIC CORPORATION

(A DEVELOPMENT STAGE COMPANY)

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 2003

NOTE 6: LITIGATION (CONT'D)

On December 12, 2000, as amended on February 9, 2001, the Company provided an offer to Golden Thunder that outlined a revised offer to purchase the remaining 20% of Tun Resources and to repurchase all of the Company's 20,000 common shares owned by Golden Thunder in consideration for \$113,750. The Company also issued a letter to Golden Thunder requesting an extension to the funding commitment requirement outlined in the Acquisition Agreement until such time as the shareholders of Golden Thunder have voted to accept or reject the amended offer dated February 9, 2001. Subsequently, the amended offer was rejected by the shareholders of Golden Thunder. The Company then initiated legal proceedings against Golden Thunder and Tun Resources for breaches of the Acquisition Agreement and other causes of action, and sought damages of in excess of \$800,000. Golden Thunder and Tun Resources then filed a statement of defense alleging that the Company breached the acquisition agreement.

During the year ended March 31, 2003 for consideration of \$150,000 and the return to Treasury of the 20,000 common shares owned by Golden Thunder with a fair value of \$12,000, the Company entered into an agreement in settlement of its lawsuit with Golden Thunder and Tun Resources resulting in a gain on settlement of \$162,000. Effective November 1, 2002, upon receipt of the final \$25,000, the Company released all of its claims against Golden Thunder and Tun Resources. On October 3, 2002, the 20,000 common shares were returned to

Edgar Filing: VEGA ATLANTIC CORP/CO - Form 10KSB

Treasury and cancelled.

NOTE 7: INCOME TAXES

Income taxes are provided pursuant to SFAS No. 109, Accounting for Income Taxes. The statement requires the use of an asset and liability approach for financial reporting for income taxes. If it is more likely than not that some portion or all of a deferred tax asset will not be realized, a valuation allowance is recognized. Accordingly, as the realization and use of the net operating loss carryforward is not probable, the tax benefit of the loss carryforward has been offset by a valuation allowance of the same amount.

NOTE 8: STOCKHOLDERS' EQUITY

COMMON STOCK

On May 1, 2000, the Company issued 20,000 shares of common stock with a fair value of \$672,000, for the purchase of an 80% interest in Tun Resources, Inc. (Refer to Note 3)

On May 29, 2000, the Company issued 2,500 shares of common stock for the settlement of accounts payable of the Corporation in the amount of \$15,000.

Pursuant to a Reg S private placement offering memorandum dated March 1, 2000, the Company offered 62,500 post reverse-split shares of common stock for total proceeds of \$1,250,000. This offering was intended to be used for continued financing of the exploration, development and expansion programs being conducted on the Company's joint venture projects in China, consulting fees, and to provide working capital. As of March 31, 2001, 100% of the offering was completed and the 62,500 shares of common stock had been issued.

On December 27, 2000 the Company issued 398,845 shares of common stock with a fair value of \$1,994,226 on the conversion of convertible promissory notes of \$239,309, including accrued interest, resulting in a loss on conversion of \$1,754,917. The 398,845 shares of common stock represented 54.7% of the outstanding shares of common stock of the Company at March 31, 2001 and accordingly the conversion of the promissory notes resulted in a change in control of the Company.

On October 31, 2001 the Company cancelled 12,500 shares of common stock in the name of AuRIC Metallurgical Laboratories and 6,250 shares of common stock in the name of Geneva Resources Inc. (Refer to Note 6)

In the event the transaction is consummated there will be a change in control of the Company.

STOCK OPTION PLAN

On June 16, 2003, the Board of Directors of the Company unanimously approved and adopted a Stock Option Plan. The purpose of the Stock Option Plan is to advance the interests of the Company and its shareholders by affording key personnel of the Company an opportunity for investment in the Company and the incentive advantages inherent in stock ownership in the Company. Pursuant to the provisions of the Stock Option Plan stock options (the "Stock Options") will be granted only to key personnel of the Company; generally defined as a person designated by the Board of Directors upon whose judgment, initiative and efforts the Company may rely including any director, officer, employee or consultant of the Company.

The Stock Option Plan is to be administered by the Board of Directors of the Company, which shall determine: (i) the persons to be granted Stock Options under the Stock Option Plan; (ii) the number of shares subject to each Stock Option and the exercise price of each Stock Option; and (iii) whether the Stock Option shall be exercisable at any time during the option period of up to ten years or whether the Stock Option shall be exercisable in installments or by vesting only. The Stock Option Plan provides authorization to the Board of Directors to grant Stock Options to purchase a total number of shares of Common Stock of the Company, not to presently exceed 4,500,000 shares (post-Reverse Stock Split), as at the date of adoption by the Board of Directors of the Stock Option Plan. At the time a Stock Option is granted under the Stock Option Plan

Edgar Filing: VEGA ATLANTIC CORP/CO - Form 10KSB

the Board of Directors shall fix and determine the exercise price at which shares of Common Stock of the Company may be acquired; provided, however, that any such exercise price shall not be less than that permitted under the rules and policies of any stock exchange or over-the-counter market which is applicable to the Company at that time.

In the event that a Stock Option optionee, who is a director or officer of the Company, ceases to serve in that position, any Stock Option held by such optionee generally may be exercisable within up to 90 calendar days after the effective date that such position ceases, and after such 90-day period any unexercised Stock Option shall expire. In the event that an optionee, who is an employee or consultant of the Company, ceases to be employed by the Company, any

Stock Option held by such optionee generally may be exercisable within up to 60 calendar days (or up to 30 calendar days where the optionee provided only investor relations services to the Company) after the effective date that such employment ceases, and after such 60- or 30-day period any unexercised Stock Option shall expire.

No Stock Options granted under the Stock Option Plan will be transferable by an optionee, and each Stock Option will be exercisable during the lifetime of the optionee subject to the option period of up to ten years and the limitations described above. Any Stock Option held by an optionee at the time of his death may be exercised by his estate within one year of his death or such longer period as the Board of Directors may determine.

The exercise price of a Stock Option granted pursuant to the Stock Option Plan shall be paid in cash or certified funds upon exercise of the Stock Option.

Incentive Stock Options

The Stock Option Plan further provides that, subject to the provisions of the Stock Option Plan and prior shareholder approval, the Board of Directors may grant to any key personnel of the Company who is an employee eligible to receive Stock Options one or more incentive Stock Options to purchase the number of shares of Common Stock allotted by the Board of Directors (the "Incentive Stock Options"). The option price per share of Common Stock deliverable upon the exercise of an Incentive Stock Option shall be not less than fair market value of a share of Common Stock on the date of grant of the Incentive Stock Option. In accordance with the terms of the proposed Stock Option Plan, "fair market value" of an Incentive Stock Option as of any date shall not be less than the closing price for the shares of Common Stock on the last trading day preceding the date of grant. The option term of each Incentive Stock Option shall be determined by the Board of Directors, which shall not commence sooner than from the date of grant and shall terminate no later than up to ten years from the date of grant of the Incentive Stock Option, subject to possible earlier termination as described above.

As of the date of this Annual Report no Stock Options or Incentive Stock Options under the Stock Option Plan have been granted (which does not include those stock options previously granted). See " - Non-Qualified Stock Option Plan" below. In accordance with the Company's proposed Stock Option Plan, and subject to approval by the shareholders, the Company anticipates filing with the Commission registration statements on "Form S-8 - For Registration Under the Securities Act of 1933 of Securities to Be Offered to Employees Pursuant to Employee Benefit Plans" (each an "S-8") registering Stock Options and Incentive Stock Options under its proposed Stock Option Plan in the amount of up to 4,500,000 post-Reverse Stock Split shares at various exercise prices. Upon approval by the shareholders of the proposed Stock Option Plan the Board of

Directors will be authorized, without further Shareholder approval, to grant such Stock Options from time to time to acquire up to an aggregate of up to 4,500,000 shares of the Company's Common Stock.

NON-QUALIFIED STOCK OPTION PLAN

On May 1, 2000, the then Board of Directors of the Company adopted a Non-Qualified Stock Option Plan (the "Non-Qualified SOP"), which provided for the grant of 500,000 options to purchase an aggregate of 500,000 shares of restricted Common Stock at \$1.00 per share.

During the prior fiscal years 2001 and 2002, the then Board of Directors granted 487,500 stock options pursuant to the Non-Qualified SOP to acquire up to an aggregate of 487,500 shares of restricted Common Stock at \$1.00 per share. No stock options granted under the Non-Qualified SOP were exercised by the optionees thereof.

Subsequent to December 31, 2002, and as of the date of the Proxy Statement, the Board of Directors of the Company voted to terminate the Non-Qualified SOP and to unilaterally cancel the 487,500 stock options as granted. The Board of Directors based its decision regarding cancellation of the stock options on the fact that the Non-Qualified SOP and subsequent grants of stock options were done at a time when management anticipated that the Company would have a viable and ongoing business development venture relating to certain mining claims. The then optionees did not perform the services intended as the mining claims did not contain any gold and associated business operations failed. The business venture was subject to litigation (as described above) and is no longer being pursued by the Company.
