Item 2.01 Completion of Acquisition or Disposition of Assets.

On January 23, 2017, pursuant to the terms of an Agreement and Plan of Merger, dated as of November 26, 2016 (the “Merger Agreement”), Edwards Lifesciences Corporation (the “Company”) completed the previously announced acquisition of Valtech Cardio Ltd., a private company incorporated under the laws of the State of Israel (“Valtech”) and developer of the Cardioband system for transcatheter repair of the mitral and tricuspid valves. Pursuant to the Merger Agreement, Zeppelin Zox Ltd., a private company incorporated under the laws of the State of Israel and a direct wholly owned subsidiary of the Company, merged with and into Valtech, with Valtech as the surviving corporation and a wholly owned subsidiary of the Company (the “Merger”). Subject to certain adjustments as provided in the Merger Agreement, the Company paid approximately \$340 million in cash and Company common stock for all the outstanding equity of Valtech, with up to an additional \$350 million in cash and Company common stock payable upon the achievement of certain regulatory and sales-based milestones within 10 years following the closing of the Merger.

Prior to the Merger, Valtech spun off its early-stage transseptal mitral valve replacement technology program (the “Miraltech Program”). Concurrently with the Merger, the Company entered into an option agreement (the “Option Agreement”) pursuant to which the Company has the option to purchase the Miraltech Program (the “Option”). The Option Agreement provides that the Company may exercise the Option within two years of the closing of the Merger for \$200 million plus up to \$50 million in contingent consideration, both payable in cash and Company common stock. As consideration for the Option, the Company made available to the Miraltech Program a credit facility of up to \$18.0 million, which is subject to increase if extended.

Item 3.02 Unregistered Shares of Equity Securities.

The information disclosed under Item 2.01 above is incorporated by reference into this Item 3.02. In accordance with the terms and conditions set forth in the Merger Agreement, on January 23, 2017, the Company issued 2,804,948 shares of the Company’s common stock to the stockholders and certain other rightsholders of Valtech as part of the aggregate consideration paid in the Merger. The number of shares issued was calculated based on the proportion of the consideration determined to be paid in common stock by the Company and the volume-weighted average price of a share of the Company’s common stock on the New York Stock Exchange for the five consecutive trading day period ending two business days prior to the closing date. This issuance of shares was made in reliance on one or more of the following exemptions or exclusions from the registration requirements of the Securities Act of 1933, as amended (the “Securities Act”): Section 4(a)(2) of the Securities Act or Regulation D promulgated under the Securities Act.
