Ternium files registration statement on form F-3 and agrees to repurchase shares from Usiminas concurrently with public offering

Luxembourg, January 31, 2011 – Ternium S.A. (NYSE: TX) announced today that it entered into a transaction and registration rights agreement with its 14.3% shareholder Usinas Siderúrgicas de Minas Gerais S.A. – Usiminas (“Usiminas”) and Ternium’s controlling holder Techint Holdings S.àr.l. (“Techint”), pursuant to which Ternium filed today a registration statement on Form F-3 with the U.S. Securities and Exchange Commission (“SEC”) relating to sales of its shares and American Depositary Shares (“ADSs”). The transaction and registration rights agreement provides for an underwritten public offering of up to all of Ternium shares held by Usiminas, less the number of shares that Ternium and Techint have agreed to purchase as described in the following paragraph, in the form of ADSs listed on the New York Stock Exchange. Each ADS represents the right to receive 10 Ternium shares. Neither Ternium nor Techint will offer to sell any Ternium shares or ADSs in the public offering.

In addition, each of Techint and Ternium has committed (subject to certain conditions) to purchase from Usiminas, in a transaction intended to close concurrently with, and subject to the consummation of, the public offering, a number of Ternium shares equal to US\$100 million and US\$ 150 million, respectively, divided by the public offering price per share.

The public offering is expected to price in the second week of February 2011.

The registration statement filed today by Ternium also relates to sales of debt securities. However, no offering of debt securities is contemplated at this time.

This press release does not constitute an offer of any securities for sale.
