(1) The Company's 1987 Stock Option Plan, 1995 Stock Plan and 2001 Stock Plan (collectively the Option Plans) provide for the grant of options and stock purchase rights to officers, employees and consultants of the Company. Options granted under the Option Plans may be either nonstatutory options or incentive stock options. The exercise price is determined by the Board of Directors or its Compensation Committee and, in the case of incentive stock options, may not be less than 100% of the fair market value of the Common Stock on the date of grant (110% in the case of grants to 10% shareholders). The options expire not more than six years from the date of grant and may be exercised only while the optionee is employed by the Company or within such period of time after termination of employment as is determined by the Board or its Committee at the time of grant. The Board of Directors may determine when options granted may be exercisable.

(2) The Company granted options to purchase an aggregate of 703,450 shares to all employees other than executive officers and granted options to purchase an aggregate of 335,000 shares to all executive officers as a group (6 persons), during fiscal 2003.

(3) This column sets forth hypothetical gains or option spreads for the options at the end of their respective ten-year terms, as calculated in accordance with the rules of the SEC. Each gain is based on an arbitrarily assumed annualized rate of compound appreciation of the market price at the date of grant of 5% and 10% from the date the option was granted to the end of the option term. The 5% and 10% rates of appreciation are specified by the rules of the SEC and do not represent the Company's estimate or projection of future Common Stock prices. The Company does not necessarily agree that this method properly values an option. Actual gains, if any, on option exercises are dependent on the future performance of the Company's Common Stock and overall market conditions.

(4) Dr. Couillaud was granted a stock option for 30,000 shares under the 1998 Directors' Plan following his retirement from the Company on October 1, 2003. Refer to Directors' Option Grants.

The following table shows, as to the individuals named in the Summary Compensation Table above, information concerning stock options exercised during the fiscal year ended September 27, 2003 and the value of unexercised options at such date.

(1) The value realized is calculated based on the sale price of the Company's Common Stock as reported by the Nasdaq National Market on the date of exercise minus the exercise price of the option, and does not necessarily indicate that the optionee sold such stock.

(2) The Company has not granted any stock appreciation rights and its stock plans do not currently provide for the granting of such rights.

(3) The market value of underlying securities is based on the difference between the closing price of the Company's Common Stock on September 27, 2003 of \$24.34 (as reported by Nasdaq National Market) and the exercise price per share.

**Other Employee Benefit Plans**

*Employee Retirement and Investment Plan and Supplemental Retirement Plan*

Effective January 1, 1979, the Company adopted the Coherent Employee Retirement and Investment Plan. Coherent employees that work more than twenty hours per week become eligible for participation on their first day of employment. The Company will match employee contributions to the Plan, up to a maximum of 6% of the employee's individual earnings, after completing one year of service. Effective as of 1985, the plan was amended and restated to conform the plan to new regulations and to qualify under Section 401(k) of the Internal Revenue Code of 1986, as amended to permit employees to make contributions to the plan from their pre-tax earnings.

Effective January 1, 1990, the Company adopted the Supplementary Retirement Plan for senior management personnel which permits the participants to contribute up to 24% of their before tax earnings to a trust. The Company will match such contributions up to 6% of the participants' earnings less any amounts contributed by the Company to the participant under the Coherent Employee Retirement and Investment

Plan.

*Variable Compensation Plan*

The Company's Variable Compensation Plan was designed to promote the growth and profitability of the Company by providing incentive compensation in keeping with targeted marketplace incentive rates to key employees who are critical to the attainment of the Company's business objectives. The Plan provides for the payment of quarterly cash bonuses to participants based upon performance against pre-established goals for pre-tax profits, revenue and the management of the Company's assets. Minimal performance thresholds are established at the beginning of each fiscal year for the Company in general and for each business unit.

*Productivity Incentive Plan*

Under the Company's Productivity Incentive Plan (the "Incentive Plan"), 450,000 shares of Common Stock were initially reserved, and as of the fiscal year ended September 27, 2003, 76,829 shares of Common Stock were

available for issuance to employees of the Company and its designated subsidiaries who are customarily employed for at least twenty hours per week. The purpose of the Incentive Plan is to enhance an employee's proprietary interest in the Company and to create an incentive for the Company's success.

The Productivity Incentive Plan (Plan) provides for the quarterly distributions of Common Stock and cash, at the election of each participant, to each eligible employee. The amounts of the distribution are based on consolidated sales, pre-tax profit, market price of our common stock, and the employee's salary.

#### *Employee Stock Purchase Plan*

The Company's Employee Stock Purchase Plan (the Purchase Plan) was adopted by the Board of Directors and approved by the stockholders in 1980. A total of 4,575,000 shares of Common Stock have been reserved under the Purchase Plan, and as of the end of fiscal year 2003, 914,556 shares of Common Stock remained available for issuance thereunder. Eligible employees may authorize payroll deductions up to 10% of their regular base salary to purchase shares at the lower of 85% of the fair market value of the common stock on the date of commencement of the offering or on the last day of the six-month offering period.

Stockholder ratification of the selection of Deloitte as the Company's independent public accountants is not required by the Company's Bylaws or other applicable legal requirement. However, the Audit Committee is submitting the selection of Deloitte to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm.
