Item 8 Other Events

8.01 Other Events.

On March 24, 2005, Nortem N.V. in liquidation (Nortem) announced that it had filed its liquidation accounts and plan of distribution for public inspection with the Dutch Commercial Registry in Arnhem. As described in the liquidation accounts and plan of distribution, Nortem expects the final distribution to its shareholders to be in the range of approximately \$1.01 to approximately \$1.09 per share, prior to the effect of tax withholding requirements, as discussed in the Current Report on Form 8-K filed by Nortem with the SEC on February 28, 2005. Within two months after the date of the filing of the liquidation accounts and plan of distribution, Nortem's creditors or other entitled parties may file with the court an opposition to Nortem's liquidation. Nortem may not make the final liquidating distribution until such two months have passed and there is no opposition to Nortem's liquidation. The amount of the final liquidating distribution will depend on a number of factors, including the final amount of its liabilities, costs of operations during the liquidation period, other related costs involved in the wind down and liquidation of Nortem. The timing and amount of the final liquidating distribution will be determined by Nortem's liquidators in accordance with the plan of distribution.

Nortem also announced that The Nasdaq National Market has scheduled a hearing for March 31, 2005 to determine when Nortem's common stock will be delisted from Nasdaq. Nortem does not anticipate that its stock will continue to be traded on NASDAQ after March 31, 2005.
