April 4, 2006

The accompanying Proxy is solicited by the Board of Directors (the Board) of The AES Corporation (the Company or AES). The Proxy is solicited for use at the 2006 Annual Meeting of Stockholders of the Company.

The Annual Meeting will commence at 9:30 a.m. on Thursday, May 11, 2006. The Annual Meeting will be held in the 9th floor Rotunda Conference Room of the Company's corporate offices located at 4300 Wilson Boulevard, Arlington, Virginia. Any adjournment of the Annual Meeting will be held at the same address. Directions to the Annual Meeting are located on page 39 of this Proxy Statement.

This Proxy Statement provides information regarding the matters to be voted on at the Annual Meeting as well as other information that may be useful to you. The Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 also is enclosed with this Proxy Statement.

This Proxy Statement and accompanying Proxy Card are first being sent to Stockholders on or about April 17, 2006.

Questions and Answers Regarding the Proxy Statement and Annual Meeting

WHAT IS THE RECORD DATE?

The record date is established by the Board as required by Delaware law. Owners of record of the Company's Common Stock at the close of business on the record date are entitled to receive notice of the Annual Meeting. Such owners of record are also entitled to vote at the Annual Meeting and any adjournments of the Annual Meeting. Each share of Common Stock is entitled to one vote. The record date established for this year has been determined to be March 3, 2006.

HOW DOES A STOCKHOLDER SUBMIT A VOTE ON A PROPOSAL?

A Stockholder may vote by marking, signing, dating and returning the enclosed Proxy Card in the enclosed prepaid envelope. Alternatively, a Stockholder may vote by telephone, via the Internet, or in person by attending the Annual Meeting. Only Stockholders registered on the books of the Company's transfer agent may vote in person at the Annual Meeting. Instructions on how to vote by phone or via the Internet are set forth on the enclosed Proxy Card. If a Stockholder owns shares through a broker or other intermediary, voting instructions are set forth on the enclosed voting instruction card.

If a Proxy is properly executed, the shares it represents will be voted at the Annual Meeting in accordance with the instructions noted on the Proxy. If no instructions are specified in the Proxy with respect to the matters to be acted upon, the shares represented by the Proxy will be voted in accordance with the recommendations of the Board. The recommendations of the Board regarding the matters to be acted upon at the Annual Meeting are set forth in this Proxy Statement. Proxies marked as abstentions, or to withhold a vote from a Nominee as in the case of Proposal I for election of Directors, will have the effect of a negative vote.

MAY A STOCKHOLDER CHANGE A VOTE?

Stockholders are entitled to revoke their proxies at any time before their shares are voted at the Annual Meeting. To revoke a Proxy, a Stockholder must file a written notice of revocation with the Company, or deliver a duly executed Proxy bearing a later date than the original submitted Proxy, or attend the Annual Meeting and vote in person.

HOW MANY SHARES OF STOCK WERE OUTSTANDING ON THE RECORD DATE?

At the close of business on March 3, 2006, there were 657,601,448 shares of AES Common Stock outstanding.

WHAT IS A BROKER NON-VOTE?

A beneficial owner is a stockholder who has engaged a nominee, such as a broker, to hold shares for or on behalf of the beneficial owner. A broker non-vote occurs when a nominee submits a Proxy but has not received voting instructions from the beneficial owner with respect to a particular matter and the nominee does not possess or choose to exercise his/her discretionary authority to vote the shares for the particular matter. A broker non-vote will be considered as present at the Annual Meeting for purposes of establishing a quorum. A broker non-vote will not be counted as a vote for or against a Proposal.

WHAT CONSTITUTES A QUORUM?

Under the Company By-Laws, a quorum is a majority of the outstanding shares of AES Common Stock entitled to vote. The number of outstanding shares of Common Stock entitled to vote at the Annual Meeting is determined as of the record date. Abstentions and broker non-votes are counted in determining whether a quorum is present for the Annual Meeting. A copy of the By-laws is available on the Company website (www.aes.com).

ARE VOTING RECORDS CONFIDENTIAL?

The Company requires that vote tabulators and the inspector of the election execute agreements to maintain the confidentiality of voting records. Voting records will remain confidential except as necessary to meet legal requirements and in other limited circumstances such as Proxy contests.

HOW DOES THE COMPANY SOLICIT PROXIES?

Proxies will be solicited by mail, telephone, or other means of communication. The cost of the solicitation of proxies will be borne by the Company. The Company has retained Computershare Trust Co., N.A. (Computershare) and Corporate Investor Communications, Inc., to assist in the solicitation of proxies from Stockholders and the Company will pay a fee estimated at \$8,000, plus expenses, for such services. In addition, solicitation may be made by Directors, officers, and other employees of the Company. The Company reimburses brokerage firms, custodians, nominees, and fiduciaries in accordance with the rules of the National Association of Securities Dealers, Inc., for reasonable expenses incurred by them in forwarding materials to the beneficial owners of shares of the Company's Common Stock.

PROPOSAL 1: ELECTION OF DIRECTORS

The Compensation Committee's principal objective in establishing compensation policies is to develop and administer a comprehensive program designed to attract and retain outstanding people. The Compensation Committee specifically acts to evaluate the

performance and set the total compensation for executive officers of the Company, including the CEO, in accordance with the guidelines discussed in the Compensation Committee report set forth in this Proxy Statement. The Compensation Committee has delegated to the CEO, subject to review by the Compensation Committee and the Board, the power to set compensation for non-executive officers. All of the members of the Compensation Committee are disinterested persons under the provisions of Rule 16b-3 adopted under the Securities Exchange Act of 1934. The Compensation Committee operates under the charter of the Compensation Committee adopted and approved by the Board. A copy of the charter appears on the Company's web site (www.aes.com). The members of the Compensation Committee meet the standards of independence established by the NYSE and the Sarbanes-Oxley Act. The Compensation Committee met six (6) times in 2005.

Special Committee and Finance and Investment Committee

On September 4, 2002, the Special Committee of the Board was formed to facilitate communications between the Board and management of the Company in connection with the turnaround efforts faced at that time by the Company. During the 2005-2006 Board year, Richard Darman, John H. McArthur, Sandra O. Moose, Philip A. Odeen and Roger W. Sant served as members of the Special Committee. The Special Committee was available to provide advice and assistance to Company management on a more frequent basis than the regularly scheduled meetings of the Board. The Special Committee met six (6) times in 2005. At the February 24, 2006 Board meeting, in part due to the Company's successful turnaround efforts, the Board determined to discontinue the Special Committee. The Board, at its February 24, 2006 meeting, also determined to establish a new Committee called the Finance and Investment Committee. The Finance and Investment Committee will focus on the evaluation of strategic plans, potential investments, budgets, proposed equity and/or debt offerings and also be available to provide advice and assistance to Company management on a more frequent basis than the regularly scheduled meetings of the Board. The members of the Finance and Investment Committee will be Richard Darman (chairman), John H. McArthur, Sandra O. Moose and Phillip A. Odeen.

COMPENSATION OF DIRECTORS

In 2004, the Board revised the compensation structure for outside Directors. The revised structure was intended to meet the following goals: promote the recruitment of talented and experienced Directors to the Board; compensate outside Directors for the increased workload and risk inherent in the Director position; simplify the compensation structure by removing individual Board and committee meeting fees and thereby improve the clarity of the compensation structure for Stockholders and other stakeholders of the Company; and decrease the emphasis on option grants as compensation, while retaining a strong financial incentive for Directors to maintain and promote the long-term health and viability of the Company. This revised compensation structure was the basis for determining Board compensation for Board year 2005-2006. Directors who are also officers of AES are not paid any fees or additional compensation for service as a member of AES's Board or any committee thereof. Paul Hanrahan, the President and Chief Executive Officer of AES, is the only officer of the Company who serves on the Board.

A description of the individual components of the compensation structure for outside Directors is set forth in the paragraphs immediately below.

Annual Retainer

Under the Board's compensation structure, each outside Director receives a \$50,000 annual retainer with a requirement that 34% of such retainer be deferred in the form of stock units pursuant to the existing AES

Corporation Deferred Compensation Plan for Directors (Director Plan). Directors may elect, but are not required, to defer more than the 34% mandatory deferral. Any amount of the annual retainer that is elected to be deferred by a Director above the mandatory deferral will be credited to such Director in stock units equivalent to 1.3 times the elected deferred amount.

Committee and Committee Chair Retainer

Directors receive a \$10,000 committee retainer for each Board committee on which they serve. If a Director serves as Chair of a committee, the Director receives the applicable Committee Chair fee (as noted below in this paragraph), but does not receive the committee retainer. Directors do not receive committee meeting attendance fees as Board members are expected to attend and participate fully in all meetings of committees on which they serve. Directors may elect to defer a portion or the entire committee retainer in the form of stock units pursuant to the Director Plan. A Director serving as a Committee Chair is compensated as follows: the Audit Committee Chair and the Special Committee Chair receive \$25,000 per year; the remaining Committee Chairs receive \$15,000 per year.

Deferred Incentive Compensation Grant

Directors receive an annual Deferred Incentive Compensation Grant valued at \$80,000. Directors may elect to take the Deferred Incentive Compensation Grant in the form of stock units (vested immediately), an option grant or a mix of stock units and options. To the extent a Director elects to receive options, such options shall be subject to a ten-year term and a three-year vesting schedule; to be vested in three equal installments upon the anniversary of the date of grant. The Black Scholes valuation methodology is employed to determine the number of shares of stock which is awarded and grants are equal to 100% of the quoted market price on the date of grant. Unless otherwise determined, options shall expire 180 days after termination of service. Units awarded pursuant to the Deferred Incentive Compensation grant will be paid out in accordance with 409(A) of the Internal Revenue Code and the terms of the relevant plan documents.

The Chairman of the Board

The Chairman of the Board is required to be a non-executive of AES. In addition to the duties of the Chairman related to the planning and structure of Board meetings and oversight of Board responsibilities, the Chairman, although not an officer or employee of the Company, serves as a member of the Company's Executive Office and attends the meetings of the Executive Office. The Chairman also is required to serve as an ex-officio member of all Board committees and therefore is expected to attend all committee meetings. The Chairman receives compensation in an amount equal to 2.5 times the annual retainer and the Deferred Incentive Compensation grant. As with other Board members, the Chairman is required to defer 34% of the annual retainer in the form of stock units, but is permitted to elect to defer more than the mandatory 34% deferral. Any amount of the annual retainer above the mandatory deferral amount that is deferred by the Chairman will be valued at 1.3 times the elected deferred amount. The Chairman receives in total \$25,000 for the required service as an ex-officio member of the committees of the Board. If a Chairman of the Board serves as the Chairman of a committee, the Chairman receives the Chairman fee applicable to such committee.

PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF AUDITORS

The Board has appointed Deloitte & Touche LLP, a firm of independent public accountants, as auditors to examine and report to Stockholders on the consolidated financial statements for the Company and its subsidiaries for the calendar year ended December 31, 2006. Deloitte & Touche LLP has acted as the Company's independent auditors since 1981. The appointment was made upon the recommendation of the Audit Committee of the Board. The appointment of Deloitte & Touche LLP is subject to ratification by the Company's Stockholders at the Annual Meeting. Representatives of Deloitte & Touche LLP will be present at the Annual Meeting and will be given an opportunity to make a statement. Such representatives also will be available to respond to appropriate questions.

The Board recommends that the Stockholders ratify the appointment of Deloitte & Touche LLP. The Board intends to introduce at the forthcoming 2006 Annual Meeting of Stockholders the following resolution (designated herein as Proposal 2):

RESOLVED, that the appointment by the Board of Directors of Deloitte & Touche LLP as independent auditors of this Company for the year 2006 is hereby approved, ratified and confirmed.

Ratification will be confirmed if a majority of the votes of the shares of Common Stock of the Company present in person or represented by Proxy and entitled to vote at the Annual Meeting, at which a quorum is present, are received and voted in favor of the ratification of Deloitte & Touche LLP as independent auditors of this Company for the year 2006.

OF THE COMPANY.**

REPORT OF THE FINANCIAL AUDIT COMMITTEE

The Audit Committee held twelve (12) scheduled meetings during fiscal 2005. The meetings of the Audit Committee were designed to address the Committee's responsibility for the review and oversight of the Company's performance with respect to the Company's financial responsibilities and the integrity of the Company's accounting and reporting practices. In addition to discussions with the CEO, CFO and other members of Company management regarding the preparation of the Company's financial statements and operating results, including the financial statements filed in connection with the 2005 restatement efforts, the Audit Committee received periodic reports from the Company's Internal Audit, Compliance and Legal departments. Such reports addressed, among other matters, ongoing projects, control assessments and audits being conducted by the Internal Audit department, reports to the Company's compliance hotline and/or issues involving the Company's Code of Business Conduct and Ethics, material litigation and significant legal developments involving the Company and/or its subsidiaries, and proposed organizational changes. During 2005, the Committee also received periodic reports regarding the Company's efforts to comply with section 404 of Sarbanes-Oxley and efforts related to the completion and filings of the Company's restated financial statements. In addition to the scheduled meetings of the Committee, the members of the Audit Committee, as a Committee or individually, held periodic telephonic discussions and/or in-person meetings with the CEO, CFO and various members of the Internal Audit, Compliance, and Legal departments regarding various subjects. Such informal periodic meetings and discussions permit the Audit Committee to provide advice and assistance to Company management on a more frequent basis than the regularly scheduled meetings of the Committee.

The meetings of the Audit Committee also were designed to facilitate and encourage communication among the Audit Committee, the Company, and the Company's independent auditors, Deloitte & Touche LLP. The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their respective audits, and met with the independent auditors, with and without management present, to discuss the results of their examinations and their evaluations of the Company's internal controls. The Audit Committee also discussed with the independent auditors the efforts expended by the Company in connection with the preparation and filing of the restated financial statements.

The Company, neither the Audit Committee nor the independent auditor, is responsible for the preparation of the Company's financial statements and its operating results and for the appropriate safekeeping of the Company's assets. The independent auditor's responsibility is to attest to the fair presentation of the financial statements. The independent auditor is accountable to the Audit Committee, and the Audit Committee has the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the independent auditor. The role of the Audit Committee is to be satisfied that both the Company and the independent auditor discharge their respective responsibilities effectively.

The Audit Committee has reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2005 with management and Deloitte & Touche LLP.

The Audit Committee also discussed with the independent auditors matters required to be discussed with audit committees under generally accepted auditing standards, including, among other things, matters related to the conduct of the audit of the Company's consolidated financial statements and the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement on Auditing Standards No. 90, Audit Committee Communications.

The Company's independent auditors provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The independent auditors also discussed with the Audit Committee their independence from the Company. When considering Deloitte & Touche LLP's independence, the Audit Committee considered whether their provision of services to the Company beyond those rendered in connection with their audit and review of the Company's consolidated financial statements was compatible with maintaining their independence. The Audit Committee also reviewed and approved, among other things, the amount of fees paid to Deloitte & Touche LLP for audit and non-audit services. (Please see the principal accounting firm fees chart located in the section immediately below in this Proxy Statement titled "Information Regarding the Independent Public Auditor's Fees, Services and Independence".)

Based on its review and the meetings, discussions and reports described above, and subject to the limitations on its role and responsibilities referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements for the fiscal year ended December 31, 2005 be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005. The Audit Committee also selected Deloitte & Touche LLP, subject to ratification by the Stockholders at the Annual Meeting, as the Company's independent auditors for the fiscal year ended December 31, 2006.

Total Fees: The amount of Total Fees excludes fees billed to equity method investees in both years. The Company desired to maintain an independent relationship between itself and Deloitte & Touche, and to ensure that level of independence during 2005, the Audit Committee maintained its policy established in 2002 within which to judge if Deloitte & Touche may be eligible to provide certain services outside of its main role as outside auditor. Services within the established framework include audit and related services and certain tax services. Services outside of the framework require Audit Committee approval prior to the performance of the service. This framework is consistent with the provisions of the Sarbanes-Oxley Act which address auditor independence. All audit and non-audit services provided to the Company by Deloitte & Touche during 2005 were pre-approved by the Audit Committee, except in the case of certain de minimus non-audit services as permitted by Section 10A(i)(B) of the Securities Exchange Act. Specifically, during 2005, fees for tax services totaling \$590 were approved under the *de minimis* provision. The Board, acting through the Audit Committee, has resolved to phase out the use of the Company's independent auditor for Company tax services.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The responsibilities of the Compensation Committee of the Board include establishing policies governing the compensation of executive officers of AES. The Compensation Committee is composed of three Directors that satisfy the independence standards of the NYSE and the Sarbanes-Oxley Act. The Compensation Committee operates under a written charter adopted by the Board. A copy of the charter is available on the AES website at www.aes.com.

Compensation Philosophy

The Compensation Committee's principal objective in establishing compensation and benefit policies is to develop and administer a comprehensive program designed to attract, motivate and retain outstanding people. The policies are designed to create a strong link between performance and pay, while encouraging people to make career commitments to AES and to accomplish AES's short and long-term business objectives.

The Compensation Committee's guidelines for compensation of executive officers are designed to provide fair and competitive levels of total compensation, while linking pay with performance. Executive officers are evaluated annually on both performance according to individual responsibilities and contributions, and broader measures related to corporate performance.

There are three elements of AES executive officer compensation: Base Salary, Annual Bonus, and Long-Term Compensation. The Compensation Committee's guideline for each component of compensation is to provide compensation that is generally consistent with the Compensation Committee's interpretation of competitive compensation for individuals with similar responsibilities at companies with similar financial and operating characteristics. Comparisons are made with published data, where available, and various industry-sponsored compensation surveys. In addition, consultants review our benchmark data periodically. Because individual compensation is determined in part by experience and performance, actual compensation may vary from industry averages. Executive officers are also eligible for profit sharing, as described in more detail below.

General/Base Salary

Base Salary is reviewed annually by the Compensation Committee to determine if adjustments are appropriate to reflect performance as well as changes in the general economy and cost of living. In addition, adjustments are made periodically to recognize significant changes in the responsibilities of individual executive officers.

Annual Bonus

The amounts of annual bonuses awarded in 2005 were based 40 percent on meeting cash flow targets, 25 percent on meeting performance improvement targets, 25 percent on the achievement of individual objectives, and 10 percent on safety performance. Targeted ranges for the annual bonus for different officer job categories or functions were determined using benchmark industry data.

The Company sponsors and maintains the AES Performance Incentive Plan (the Incentive Plan), an annual incentive bonus program designed to provide incentives to key employees with significant responsibility for achieving performance goals critical to the success and growth of the Company.

In light of recent changes to the Internal Revenue Code (the Code), including The American Jobs Creation Act of 2004, and to further enhance the provisions of the Incentive Plan, the Company has determined that it is advisable to codify the current Incentive Plan to ensure clarity and avoid any subsequent questions regarding the past or future intent of the Incentive Plan. In addition, the Company seeks to ensure that the Incentive Plan complies with Section 162(m) of the Code, which allows for deductibility of certain executive compensation in excess of \$1million.

The Incentive Plan rewards key employees with significant responsibility for achieving performance goals critical to the success and growth of the Company. The Plan is designed to: (i) promote the attainment of the Company's significant business objectives; (ii) encourage and reward management teamwork across the entire Company; and (iii) assist in the attraction and retention of employees vital to the Company's long-term success.

The amount of a Participant's award may be based on a percentage of such Participant's salary or such other methods as may be established by the Compensation Committee. Each award shall be communicated to the Participant, and shall specify, among other things, the terms and conditions of the award and the performance goals to be achieved. Each award shall be conditioned upon the Company's achievement of one or more performance goal(s) with respect to the performance measure(s) established by the Compensation Committee.

After the end of each calendar year (the Performance Period), the Compensation Committee shall certify in writing the extent to which the applicable performance goals and any other material terms have been achieved. Subject to the provisions of the Incentive Plan, earned Awards shall be paid in the first calendar year immediately following the end of the Performance Period (it being the Company's intention that any such payments will be made on or before March 15 of such calendar year in order to qualify for the short-term deferral exception under Section 409A of the Code).

Executive officers also participate in the Company's profit sharing under The AES Corporation Retirement Savings Plan (the Retirement Plan) on the same terms as all other participants in the Retirement Plan, subject to any legal limitations on amounts that may be contributed to or benefits that may be payable under the Retirement Plan. Matching contributions and annual profit sharing contributions are made with AES Common Stock to better align the recipient's interests with that of the Stockholders and to encourage long-term performance. In addition, certain employees of the Company participate in the Company's Restoration Supplemental Retirement Plan, which provides supplemental retirement benefits to highly compensated employees as defined in the Code of an amount that would be contributed on such individual's behalf under the Retirement Plan but is not so contributed because of the limitations contained in the Code.

In most cases, the Compensation Committee has taken steps to qualify income paid to any executive officer as a deductible business expense pursuant to regulations issued by the Internal Revenue Service under Section 162(m) of the Code with respect to qualifying compensation paid to executive officers in excess of \$1 million. The Compensation Committee will continue to consider the implications to the Company of qualifying all compensation as a deductible expense under Section 162(m), but retains the discretion to pay bonuses commensurate with an executive officer's contributions to the success of the Company irrespective of whether such amounts are fully deductible.

The AES Corporation 2003 Long Term Compensation Plan

The Company provides a strong link between pay and performance by tying a portion of executive compensation under The AES Corporation 2003 Long Term Compensation Plan (2003 LTC Plan) to long term AES

business performance and a portion to stock price performance. This allocation ties incentives to long-term value creation. Executives are awarded (i) Performance Units, the value of which is linked to improving the performance of existing assets; (ii) Restricted Stock Units, which will not vest unless certain stock performance criteria are met, and (iii) Stock Options. In each case vesting of the awards is also conditioned on the recipient continuing to be employed by AES on the vesting date.

LTC Awards (LTCAs) under the LTC Plan will contain stock-based awards and Performance Units, in percentages based on competitive market pay levels for each job category and an individual's specific job performance and the Compensation Committee's recommendations.

Performance Units

Performance Units were granted to named executive officers in 2005 pursuant to the terms of the 2003 LTC Plan. These grants will vest one third per year on each of February 2006, February 2007, February 2008 if the holder continues to be employed by AES on each such date. Performance Units will have an initial value of \$1, and will be valued at the end of the performance period (three years) from \$0 to \$2.00, depending on the achievement of stated performance goals. If the Company achieves target performance, each performance unit is worth \$1.00; if the Company achieves less than 90% of the target performance, each performance unit will be worth \$0. If the Company achieves exactly 90% of the target performance, each performance unit will be worth \$0.50; if the Company achieves 120% or more of the target performance, each performance unit will be worth \$2.00. For each 1% of improvement in the achievement of target performance between 90% and 120% a performance unit's cash value will increase in value \$0.05.

Payment of vested 2005 Performance Units will be dependent on the Company's satisfactory performance as measured by Cash Value Added (CVA). CVA is equal to the sum of subsidiary operating cash flow minus a charge for incremental (new) capital used by AES businesses, adjusted for subsidiary ownership percentage. The Company has calculated a target CVA for AES as a whole based on budget and long-term forecasts. Potential payout of vested performance units will be dependent upon actual performance compared to this CVA target over a three-year period (2005-2007). While the 2005 Performance Units reach maturity at the end of 2007, the actual cash payout for vested 2005 Performance Units granted will not be made until the first quarter of 2008. Using CVA as a performance measure is consistent with the Company's focus on increasing operating and free cash flow, which is considered a significant source of stockholder value creation, and strongly links compensation for the period with the performance of the business during the same period. A third party consultant was engaged to perform a series of procedures to assist management and the compensation committee in assessing the accuracy of the CVA calculation.

The fiscal year 2003 Performance Units reached maturity at the end of 2005 and were paid to participants during the first quarter of 2006. The payout was based on the Company's performance during the three-year period of 2003-2005. During that period, the Company's performance against its CVA target was above the predetermined target. Therefore, payout of these units was at \$1.1427 per unit, slightly above the initial value of 1.00 per unit. During the same period of time the Company's stock price increased from \$3.02 per share to \$15.83 per share, and the Company generated \$5,378 M in Cash Flow from Operations. This long-term compensation payout based on three years of exceptional Company performance is reflected in the long-term cash compensation section of the Summary Compensation Table.

Restricted Stock Units

Restricted Stock Units (RSU) are being granted to executive officers in 2005 under the terms of the 2003 LTC Plan. These RSUs granted to executive officers will vest one third per year in each of February 2006, February 2007 and February 2008 if the holder continues to be employed at an AES business on each such date and the following performance condition is met. Vesting can only occur and payment will be made only if the Total Stockholder Return (TSR) of AES stock exceeds the TSR of the Standard and Poor s 500 (S&P500) over the 2005-2007 measurement period. The S&P 500 is utilized by the Compensation Committee as the principal index of large-capitalization stocks reflective of the broad domestic economy, and most common benchmark for institutional investors in measuring relative performance of the broader market. If this vesting requirement is met, the actual payout of the RSUs will occur in 2010. In situations where the TSR of both AES and the S&P 500 exhibit a gain over the measurement period, the Compensation Committee under certain limited circumstances has the discretion, but is not required, to allow the RSUs to vest without satisfaction of the requirement that the TSR of AES stock exceed the TSR of the S&P 500.

Stock Options

Stock Options were granted to executive officers in 2005 under the terms of the 2003 LTC Plan. These stock options will vest in equal amounts over three years one third per year in each of February 2006, February 2007, and February 2008, if the holder continues to be employed at an AES business on each such date.

Award Type	Measurement	Measurement Period	Maturation Year
Perf. Units	Cash Value Added	2005-2007	2007

The Company anticipates that it will continue to award Performance Units, Restricted Stock Units and Stock Options each year. Any payout under such annual Performance Units will occur three years after the date of the grant and will be contingent upon a specific three year performance target being met at the end of the three year performance period (the three year target being set at the time of the grant of the annual Performance Units award.) Any payout under such annual Restricted Stock Units will occur five years after the date of grant and will be contingent upon a specific performance target being met.

AES awards long-term compensation in the same split between Performance Units, Restricted Stock Units, and Stock Options to all AES people covered by the 2003 LTC Plan. For 2005 this is estimated to be about 2,200 AES people in 17 countries. The Company considers this broad-based LTC Plan to be an attractive element to retain and motivate AES people throughout the Company.

The AES Corporation Performance Incentive Plan

The Company sponsors and maintains the AES Performance Incentive Plan (the Incentive Plan), an annual incentive bonus program designed to provide incentives to key employees with significant responsibility for achieving performance goals critical to the success and growth of the Company.

In light of recent changes to the Code, including The American Jobs Creation Act of 2004, and to further enhance the provisions of the Incentive Plan, the Company has determined that it is advisable to codify the Incentive Plan to ensure clarity and avoid any subsequent questions regarding the past or future intent of the Incentive Plan.

The Incentive Plan rewards key employees with significant responsibility for achieving performance goals critical to the success and growth of the Company. The Plan is designed to: (i) promote the attainment of the Company's significant business objectives; (ii) encourage and reward management teamwork across the entire Company; and (iii) assist in the attraction and retention of employees vital to the Company's long-term success.

The amount of a Participant's award may be based on a percentage of such Participant's salary or such other methods as may be established by the Compensation Committee. Each award shall be communicated to the Participant, and shall specify, among other things, the terms and conditions of the award and the performance goals to be achieved. Each award shall be conditioned upon the Company's achievement of one or more performance goal(s) with respect to the performance measure(s) established by the Compensation Committee.

After the end of the Performance Period, the Compensation Committee shall certify in writing the extent to which the applicable performance goals and any other material terms have been achieved. Subject to the provisions of the Incentive Plan, earned Awards shall be paid in the first calendar year immediately following the end of the Performance Period (it being the Company's intention that any such payments will be made on or before March 15 of such calendar year in order to qualify for the short-term deferral exception under Section 409A of the Code).

Chief Executive Officer Compensation

Mr. Hanrahan's compensation was reviewed and approved by the Compensation Committee utilizing the guidelines discussed above.

The following factors were considered in setting Mr. Hanrahan's compensation:

- Achieved Operating Cash Flow of \$2,165M;
- Achieved adjusted earnings per share of \$0.91 compared to \$0.59 in 2004;
- Improved Safety Performance throughout the Company in 2005;
- A continuation of the trend of performance improvement since 2003;
- Reorganized the business into four regional units;

- Achieved significant financing milestone for a 670MW coal-fired generation facility in Bulgaria;
- Earnings were restated for 2002-2004;
- No permit had yet been obtained at year end for the Ocean Cay LNG terminal in the Bahamas.

Based on the factors listed above, the Committee determined that Mr. Hanrahan should receive cash compensation, which includes a base salary of \$903,000 a cash bonus of \$1,551,000 for 2005 that was paid in March 2006. In February 2006, the Committee determined that Mr. Hanrahan should receive Long-Term Compensation valued at the time of grant at \$4,800,000 which includes 2,400,000 Performance Units, 152,672 Stock Options, and 75,085 Restricted Stock Units. As previously described, the value of the Performance Units is tied to the Company's performance as measured by Cash Value Added (CVA). Vesting of Restricted Stock Units will only occur if the Total Stockholder Return (TSR) of AES Stock exceeds the TSR of the Standard and Poor's (S&P 500) over the measurement period, 2006-2008.

(3) Performance Units granted under the terms of The 2003 Long Term Compensation Plan are paid in cash and will have an initial value of \$1, and will be valued at the end of the performance period (three years) from \$0 to \$2.00, depending on the achievement of stated performance goals. (If target performance is achieved, each performance unit is worth \$1.00; if the participant achieves less than 90% of the target performance, each performance unit will be worth \$0; if the participant achieves 120% or more of the target performance, each performance unit will be worth \$2.00.) For each 1% of improvement in the achievement of the target performance between 90% and 120%, a Performance Units cash value will increase in value \$.05. The value of the 2005 Performance Units will be tied to the Company's performance as measured by Cash Value Added (CVA). CVA is equal to the sum of subsidiary operating cash flow minus a charge for incremental (new) capital used by AES businesses, adjusted for subsidiary ownership percentage. The Company has calculated a target CVA for AES as a whole based on budget and long-term forecasts. A participant payout of 2005 vested performance units will be dependent upon actual performance compared to this CVA target over the 2005-2008 period. A participant's pay out of 2004 vested performance units will be dependent upon actual performance compared to the CVA target over the 2004-2007 period.

PROPOSAL 3: PROPOSAL TO ADOPT THE AES
CORPORATION PERFORMANCE INCENTIVE PLAN

The Board of Directors proposes that Stockholders approve the adoption of The AES Corporation Performance Incentive Plan (the Incentive Plan). The Incentive Plan provides cash incentives to key employees with significant responsibility for achieving performance goals critical to the success and growth of the Company. In light of recent changes to the Internal Revenue Code (the Code), including The American Jobs Creation Act of 2004, and to further enhance the provisions of the Incentive Plan, the Company has determined that it is advisable to formalize and codify the Incentive Plan to ensure clarity and avoid any subsequent questions regarding the past or future intent of the Incentive Plan. The Board adopted the Incentive Plan on December 9, 2005, subject to the approval of the Company's Stockholders.

The more significant features of the Plan are described below. This summary is subject, in all respects to the terms of the Plan, which is attached to this Proxy Statement as Exhibit 2.

Administration

The Incentive Plan shall be administered by the Compensation Committee (the Committee) of the Board of Directors; provided, however, that all acts and authority of the Committee pursuant to this Incentive Plan shall be subject to the provisions of the Committee's Charter, as amended from time to time, and such other authority as may be delegated to the Committee by the Board.

Eligibility

Officers and key employees of the Company shall be eligible to participate in the Incentive Plan. No employee shall have the right to participate in the Incentive Plan, and participation in the Incentive Plan in any one Performance Period does not entitle an individual to participate in future Performance Periods.

Awards

The Committee may, in its discretion, from time to time make awards to persons eligible for participation in the Incentive Plan pursuant to which the Participant will earn cash compensation. The amount of a Participant's award may be based on a percentage of such Participant's salary or such other methods as may be established by the Committee. Each award shall be communicated to the Participant, and shall specify, among other things, the terms and conditions of the award and the Performance Goals to be achieved. The maximum amount of an award that may be earned under the Incentive Plan by any Participant for any Performance Period shall not exceed USD \$5,000,000. With respect to awards that are intended to be performance-based compensation under Section 162(m) of the Code, each award shall be conditioned upon the Company's achievement of one or more Performance Goal(s) with respect to the Performance Measure(s) established by the Committee. No later than ninety (90) days after the beginning of the applicable Performance Period, the Committee shall establish in writing the Performance Goals, Performance Measures and the method(s) for computing the amount of compensation which will be payable under the Incentive Plan to each Participant if the Performance Goals established by the Committee are attained; provided however, that for a Performance Period of less than one year, the Committee shall take any such actions prior to the lapse of 25% of the Performance Period. In addition to establishing minimum Performance Goals below which no compensation shall be payable pursuant to an award, the Committee, in its discretion, may create a performance schedule under which an amount less than or more than the target award may be paid so long as the Performance Goals have been achieved.

Distribution of Awards

After the end of the Performance Period, the Committee shall certify in writing the extent to which the applicable Performance Goals and any other material terms have been achieved. Subject to the provisions of the Incentive Plan, earned Awards shall be paid in the first calendar year immediately following the end of the Performance Period (it being the Company's intention that any such payments will be made on or before March 15 of such calendar year in order to qualify for the short-term deferral exception under Section 409A of the Code). For purposes of this provision, and for so long as the Code permits, the approved minutes of the Committee meeting in which the certification is made may be treated as written certification.

Transferability

A Participant's rights under the Incentive Plan may not be assigned, pledged, or otherwise transferred except, in the event of a Participant's death, to the Participant's designated beneficiary, or in the absence of such a designation, by will or by the laws of descent and distribution.

Termination of Plan

The Committee may at any time (without the consent of the Participant) modify, amend or terminate any or all of the provisions of this Incentive Plan to the extent necessary to conform to the provisions of the Incentive Plan with Section 409A or Section 162(m) of the Code or the regulations promulgated thereunder regardless of whether such modification, amendment, or termination of the Incentive Plan shall adversely affect the rights of a Participant under the Incentive Plan.

The Board of Directors recommends that the Stockholders adopt the Company's Incentive Plan and intends to introduce at the forthcoming Annual Meeting the following resolution (designated herein as Proposal 3):

RESOLVED, that the Stockholders of the Company hereby adopt The AES Corporation Performance Incentive Plan as described herein and provided in its entirety as Exhibit 2.

The affirmative vote of Stockholders representing a majority of the outstanding shares of Common Stock is necessary for the adoption of Proposal 3.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ADOPTION OF THE AES CORPORATION PERFORMANCE INCENTIVE PLAN (THE INCENTIVE PLAN)

EMPLOYMENT AGREEMENTS, SEPARATION AGREEMENTS
AND CHANGE IN CONTROL AGREEMENTS

The Company has individual employment agreements with Mr. Hanrahan, Mr. Hemphill and Ms. Harker (the Employment Agreements).

Each of the Employment Agreements are one-year agreements, which are scheduled to expire on December 31, 2007, provided, however, that on January 1, 2007, and on each subsequent January 1, the term of the Employment Agreements shall automatically be renewed and extended for one additional year unless, no later than the date which is six (6) months prior to the renewal date, the Company or the individual provides notice of an intent not to extend the term of the Agreement(s). Each of the Employment Agreements provides a respective base salary amount. In 2005, the base salary amounts for the respective Employment Agreements were as follows: Mr. Hanrahan - \$871,000; Mr. Hemphill - \$470,000 and Ms. Harker - \$500,000 (effective January 23, 2006). Mr. Hanrahan also is eligible for an annual bonus with a target of (150%) of his base salary; Mr. Hemphill and Ms. Harker are eligible for an annual bonus with a target of (105%) of their respective base salary. The annual bonus amounts are payable based on achievement of corporate performance goals and/or other conditions that are established by the Compensation Committee of the Board. Each of the individuals also is eligible to participate in the Company's long-term compensation plans.

The Employment Agreements provide that, if the Company terminates an executive's employment other than for Disability or Cause or if an individual terminates his employment for Good Reason, as each such term is defined in the Employment Agreements, then the Company will be obligated to pay the terminated individual a pro rata bonus for the year of termination and (a) if the terminated individual is Mr. Hemphill or Ms. Harker, an amount equal to the product of one (1) and the sum of the annual Base Salary rate in effect for the individual immediately preceding the date of termination and the individual's target bonus for the year in which the date of termination occurs or (b) if the terminated individual is Mr. Hanrahan, an amount equal to the product of two (2) and the sum of (i) the annual Base Salary rate in effect for Mr. Hanrahan immediately preceding the date of termination and (ii) his target bonus for the year in which the date of termination occurs. In addition, each of Mr. Hemphill and Ms. Harker would be entitled, for a twelve (12) month period immediately following the date of termination, with Mr. Hanrahan entitled to a twenty-four (24) month period, to continue to participate in all medical, dental, hospitalization, life insurance and other welfare, fringe benefit and perquisite plans and programs, in each case in which he was participating on the date of termination. Each option to acquire Common Stock of the Company granted under a Company incentive plan or other arrangement that is held by the individual on the date of termination would remain outstanding, and continue to vest according to its terms as if the individual remained employed by the Company, until the earlier of (i) the end of the original term of such option or (ii), if the terminated individual is Mr. Hemphill, the second anniversary of the date of termination, or (iii), if the terminated individual is Mr. Hanrahan, the third anniversary of the date of termination.

If an Executive's Employment Agreement is terminated by the Company other than for Cause or Disability or if the Executive terminates his Employment for Good Reason, in either case within two years following a Change in Control, the terminated Executive shall receive the payments and benefits set forth above regarding termination by an individual for Good Reason or by the Company other than for Disability or Cause, except that (i) for Mr. Hanrahan and Mr. Hemphill, the multiplier regarding the product of the sum of the annual base salary and annual target bonus shall be increased to three (3) and for Ms. Harker shall be increased to two (2);

(ii) the benefit continuation period for Mr. Hanrahan and Mr. Hemphill shall be extended to thirty-six (36) months; and (iii) for Mr. Hanrahan and Mr. Hemphill, each option described above held by the employee shall vest and become immediately exercisable in full on the date of termination and shall remain exercisable until the earlier of (a) the end of the original term of such option or (b) the fourth anniversary of the date of termination of the respective Employment Agreement.

For purposes of the Employment Agreements, "Change in Control" shall mean the occurrence of any one of the following events: (a) any Person is or becomes the Beneficial Owner of securities of the Company representing 30% or more of the combined voting power of the Company's then outstanding securities; (b) the following individuals cease for any reason to constitute a majority of Directors then serving: individuals who, on the date hereof, constitute the Board and any new Director whose appointment or election by the Board or nomination for election by the Company's Stockholders was approved or recommended by a vote of at least two-thirds ($\frac{2}{3}$) of the Directors then still in office who either were Directors on the date hereof or whose appointment, election or nomination for election was previously so approved or recommended; or (c) there is consummated a merger or consolidation of the Company or any direct or indirect subsidiary of the Company with any other corporation, other than (i) a merger or consolidation immediately following which the individuals who comprise the Board immediately prior thereto constitute at least a majority of the Board of the entity surviving such merger or consolidation or any parent thereof, or (ii) a merger or consolidation effected to implement a recapitalization of the Company; or (d) the Stockholders of the Company approve a plan of complete liquidation or dissolution of the Company or there is consummated an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets.

AES has selected the Standard and Poor's (S&P) 500 Utilities Index as its peer group index, effective this year. The S&P 500 Utilities Index is a published sector index comprising the 32 electric and gas utilities included in the S&P 500. Previously, AES had selected the S&P 500 Multi-Utilities Index as its peer group index. This was one of several sub-groups under the S&P 500 Utilities Index.

However in April, 2005 S&P restructured the S&P 500 Utilities Index sub-industry indices. In doing so, it moved AES to a newly-created S&P 500 Independent Power Producers & Energy Traders Index. This index has only five members and does not have historical return information available. AES believes that using the S&P 500 Multi-Utilities Index is no longer appropriate, since AES is not included in that Index. Instead, the broader S&P Utilities Index, which includes a broader range of companies that operate in the type of businesses operated by AES, is the most appropriate peer index within the S&P 500 Index.

The total return charts above assumes \$100 invested in December 31 of the start year in AES Common Stock, the S&P 500 Index, the S&P Multi-Utilities Index (the former peer group), and the S&P Utilities Index (the new peer group) for five-year, three-year and one-year periods.

All determinations by the Committee shall be final, conclusive and binding on the Company, the Participant and any and all interested parties.

(c) Subject to the provisions of the Plan, the Committee will have the authority and discretion to determine the extent to which awards under the Plan will be structured to conform to the requirements applicable to performance-based compensation as described in Section 162(m) of the Code, and to take such action, establish such procedures, and impose such restrictions at the time such awards are granted as the Committee determines to be necessary or appropriate to conform to such requirements. Notwithstanding any provision of the Plan to the contrary, if an award under this Plan is intended to qualify as performance-based compensation under Section 162(m) of the Code and the regulations issued thereunder and a provision of this Plan would prevent such award from so qualifying, such provision shall be administered, interpreted and construed to carry out such intention (or disregarded to the extent such provision cannot be so administered, interpreted or construed).

(d) Notwithstanding any provision of the Plan to the contrary, if any benefit provided under this Plan is subject to the provisions of Section 409A of the Code and the regulations issued thereunder, the provisions of the Plan shall be administered, interpreted and construed in a manner necessary to comply with Section 409A and the regulations issued thereunder (or disregarded to the extent such provision cannot be so administered, interpreted, or construed.)

4. *Participation in the Plan*

Officers and key employees of the Company shall be eligible to participate in the Plan. No employee shall have the right to participate in the Plan, and participation in the Plan in any one Performance Period does not entitle an individual to participate in future Performance Periods.

5. *Incentive Compensation Awards*

(a) The Committee may, in its discretion, from time to time make awards to persons eligible for participation in the Plan pursuant to which the Participant will earn cash compensation. The amount of a Participant's award may be based on a percentage of such Participant's salary or such other methods as may be established by the Committee. Each award shall be communicated to the Participant, and shall specify, among other things, the terms and conditions of the award and the Performance Goals to be achieved. The maximum amount of an award that may be earned under the Plan by any Participant for any Performance Period shall not exceed USD \$5,000,000.

(b) With respect to awards that are intended to be performance-based compensation under Section 162(m) of the Code, each award shall be conditioned upon the Company's achievement of one or more Performance

Goal(s) with respect to the Performance Measure(s) established by the Committee. No later than ninety (90) days after the beginning of the applicable Performance Period, the Committee shall establish in writing the Performance Goals, Performance Measures and the method(s) for computing the amount of compensation which will be payable under the Plan to each Participant if the Performance Goals established by the Committee are attained; provided however, that for a Performance Period of less than one year, the Committee shall take any such actions prior to the lapse of 25% of the Performance Period. In addition to establishing minimum Performance Goals below which no compensation shall be payable pursuant to an award, the Committee, in its discretion, may create a performance schedule under which an amount less than or more than the target award may be paid so long as the Performance Goals have been achieved.

(c) The Committee, in its sole discretion, may also establish such additional restrictions or conditions that must be satisfied as a condition precedent to the payment of all or a portion of any awards. Such additional restrictions or conditions need not be performance-based and may include, among other things, the receipt by a Participant of a specified annual performance rating, the continued employment by the Participant and/or the achievement of specified performance goals by the Company, business unit or Participant. Furthermore and notwithstanding any provision of this Plan to the contrary, the Committee, in its sole discretion, may reduce the amount of any award to a Participant if it concludes that such reduction is necessary or appropriate based upon: (i) an evaluation of such Participant's performance; (ii) comparisons with compensation received by other similarly situated individuals working within the Company's industry; (iii) the Company's financial results and conditions; or (iv) such other factors or conditions that the Committee deems relevant. Notwithstanding any provision of this Plan to the contrary, the Committee shall not use its discretionary authority to increase any award that is intended to be performance-based compensation under Section 162(m) of the Code.

6. *Payment of Individual Incentive Awards*

(a) After the end of the Performance Period, the Committee shall certify in writing the extent to which the applicable Performance Goals and any other material terms have been achieved. Subject to the provisions of the Plan, earned Awards shall be paid in the first calendar year immediately following the end of the Performance Period (it being the Company's intention that any such payments will be made on or before March 15th of such calendar year in order to qualify for the short-term deferral exception under Section 409A of the Code). For purposes of this provision, and for so long as the Code permits, the approved minutes of the Committee meeting in which the certification is made may be treated as written certification.

(b) Unless otherwise determined by the Committee, Participants who have terminated employment with the Company prior to the end of a Performance Period for any reason other than death, Retirement or Total and Permanent Disability, shall Forfeit any and all rights to payment under any awards then outstanding under the terms of the Plan and shall not be entitled to any cash payment for such period. Unless otherwise determined by the Committee, if a Participant's employment with the Company should terminate during a Performance Period by reason of death, Retirement or Total and Permanent Disability, the Participant's award shall be prorated to reflect the period of service prior to his/her death, Retirement or Total and Permanent Disability, and shall be paid either to the Participant or, as appropriate, the Participant's estate, subject to the Committee's certification that the applicable Performance Goals and other material terms have been met.

(c) The Committee shall determine whether, to what extent, and under what additional circumstances amounts payable with respect to an award under the Plan shall be deferred either automatically, at the election of the Participant, or by the Committee.

7. *Amendment or Termination of the Plan*

While the Company intends that the Plan shall continue in force from year to year, the Company reserves the right to amend, modify or terminate the Plan, at any time; provided, however, that no such modification, amendment or termination shall, without the consent of the Participant, materially adversely affect the rights of such Participant to any payment that has been determined by the Committee to be due and owing to the Participant under the Plan but not yet paid. Any and all actions permitted under this Section 7 may be authorized and performed by the Committee in its sole and absolute discretion.

Notwithstanding the foregoing or any provision of the Plan to the contrary, the Committee may at any time (without the consent of the Participant) modify, amend or terminate any or all of the provisions of this Plan to the extent necessary to conform the provisions of the Plan with Section 409A or Section 162(m) of the Code or the regulations promulgated thereunder regardless of whether such modification, amendment, or termination of the Plan shall adversely affect the rights of a Participant under the Plan.

8. *Rights Not Transferable*

A Participant's rights under the Plan may not be assigned, pledged, or otherwise transferred except, in the event of a Participant's death, to the Participant's designated beneficiary, or in the absence of such a designation, by will or by the laws of descent and distribution.

9. *Funding*

The Plan is not funded and all awards payable hereunder shall be paid from the general assets of the Company. No provision contained in this Plan and no action taken pursuant to the provisions of this Plan shall create a trust of any kind or require the Company to maintain or set aside any specific funds to pay benefits hereunder. To the extent a Participant acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of any unsecured general creditor of the Company.

10. *Withholdings*

The Company shall have the right to withhold from any awards payable under the Plan or other wages payable to a Participant such amounts sufficient to satisfy federal, state and local tax withholding obligations arising from or in connection with the Participant's participation in the Plan and such other deductions as may be authorized by the Participant or as required by applicable law.

11. *No Employment or Service Rights*

Nothing contained in the Plan shall confer upon any Participant any right with respect to continued employment with the Company (or any of its affiliates) nor shall the Plan interfere in any way with the right of the Company (or any of its affiliates) to at any time reassign the Participant to a different job, change the compensation of the Participant or terminate the Participant's employment for any reason.

12. *Other Compensation Plans*

Nothing contained in this Plan shall prevent the Corporation from adopting other or additional compensation arrangements for employees of the Corporation, including arrangements that are not intended to comply with Section 162(m) of the Code.

13. *Governing Law*

The Plan shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to its conflict of law provisions.

14. *Effective Date*

The Plan shall become effective immediately upon the approval and adoption thereof by the Board; provided, however, that no award intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code shall be payable prior to approval of the Plan's material terms by the Company's shareholders.
