SEMI-ANNUAL REPORT

June 30, 2006

(THIS PAGE INTENTIONALLY LEFT BLANK)

TCW Strategic Income Fund, Inc.

THE PRESIDENT'S LETTER

Dear Shareholder:

This is the first report of TCW Strategic Income Fund, Inc. (TSI), formally known as the TCW Convertible Securities Fund (CVT). On September 29, 2005, the shareholders of CVT approved several proposals expanding the types of securities in which the Fund could invest and its ability to employ leverage. On December 22, 2005, the Fund changed its name to TCW Strategic Income Fund, Inc. Finally, on March 1, 2006, Jeffrey Gundlach, Chief Investment Officer of the Fund's investment advisor, was named portfolio manager of TSI and the Fund began the transition from a portfolio consisting almost entirely of convertible securities into the new TSI portfolio. These actions were initiated by the Board of Directors to address a situation whereby CVT's share price persistently traded at a discount to net asset value (NAV) and a significant portion of the Funds quarterly dividend was a return-of-capital.

With its expanded ability to invest in multiple asset classes, TSI can now avail itself of the full expertise of The TCW Group Inc. (TCW), parent company of the Fund's investment advisor. TCW has extensive investment capabilities, currently managing over \$130 billion for institutional and individual investors. Under Jeffrey Gundlach's stewardship, TSI will have the flexibility to pursue investments in those opportunities deemed most attractive to earning the quarterly dividend and increasing the Fund's NAV.

At June 30, 2006, the TSI portfolio was still in a ramp up phase with a 70/30 target allocation between fixed income and equity securities. The fixed income portfolio has made purchases in the collateralized debt obligation equity, high yield, asset backed, and mortgage-backed asset classes whereas the equity portfolio has established positions in convertibles, mid-cap growth, and large cap value. The Fund has also employed a modest amount of leverage totaling 10.5% of total assets. It is anticipated that the Fund's portfolio will be fully repositioned by year-end.

Performance of the Fund

For the six months ending June 30, 2006, including dividends, the Fund's shareholders realized a return of 3.25%, primarily due to a narrowing of the Fund's discount to NAV. The Fund's NAV increased by 0.68% with dividends reinvested. The two quarterly dividends paid during the first six months were 9.4¢ each.

We are very excited about the opportunity to reposition the investment thesis of the Fund to a "best ideas" approach to fixed income and equity investing. On behalf of the Board and everyone at TCW, I would like to thank you for your continued support.

Sincerely,

Alvin R. Albe, Jr.
President & Chief
Executive Officer

July 13, 2006

See accompanying Notes to Financial Statements.

TCW Strategic Income Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

Note 1 Significant Accounting Policies:

TCW Strategic Income Fund, Inc. (formerly, TCW Convertible Securities Fund, Inc.) (the "Fund") was incorporated in Maryland on January 13, 1987 as a diversified, closed-end investment management company and is registered under the Investment Company Act of 1940, as amended. The Fund commenced operations on March 5, 1987. The Fund's investment objective is to seek a total return comprised of current income and capital appreciation. The Fund may invest in convertible securities, marketable equity securities, investment grade debt securities, high yield debt securities, options, securities issued or guaranteed by the United States Government, its agencies and instrumentalities ("U.S. Government Securities"), repurchase agreements, mortgage related securities, asset-backed securities, money market securities and other securities without limit believed by the Fund's investment advisor to be consistent with the Fund's investment objective.

The preparation of the accompanying financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

The following is a summary of the significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America.

Security Valuation: Securities traded on national exchanges are valued at the last reported sales price or the mean of the current bid and asked prices if there are no sales in the trading period. Other securities which are traded on the over-the-counter market are valued at the mean of the current bid and asked prices. Short-term debt securities with maturities of 60 days or less at the time of purchase are valued at amortized cost. Other short-term debt securities are valued on a mark-to-market basis until such time as they reach a remaining maturity of 60 days, where upon they will be valued at amortized value using their value of the 61st day prior to maturity.

Security Transactions and Related Investment Income: Security transactions are recorded on the trade date. Dividend income is recorded on the ex-dividend date, while interest income is recorded on the accrual basis. Discounts, including original issue discounts, and premiums on securities purchased are amortized using a constant yield-to-maturity method. Realized gains and losses on investments are recorded on the basis of specific identified cost.

Distributions: Distributions to shareholders are recorded on ex-dividend date. The Fund declares and pays, or reinvests, dividends quarterly based on the managed distribution plan adopted by the Fund's Board of Directors. Under the Plan, the Fund will distribute a cash dividend equal to 7% of the Fund's net asset value on an annualized basis. The distribution will be based on the Fund's net asset value from the previous calendar year-end. The source for the dividend comes from net investment income and net realized capital gains measured on a fiscal year basis. Any portion of the distribution that exceeds income and capital gains will be treated as a return of capital. Under certain conditions (which the Fund presently meets), federal tax regulations cause some or all of the return of capital to be taxed as ordinary income. Income and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences may be primarily due to differing treatments for market discount and premium, losses deferred due to wash sales and spillover distributions. Permanent book and

TCW Strategic Income Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED) (CONT'D)

tax basis differences relating to shareholder distributions will result in reclassifications to paid-in-capital and may affect net investment income per share.

Repurchase Agreements: The Fund may invest in repurchase agreements secured by U.S. Government Securities. A repurchase agreement arises when the Fund purchases a security and simultaneously agrees to resell it to the seller at an agreed upon future date. The Fund requires the seller to maintain the value of the securities, marked to market daily, at not less than the repurchase price. If the seller defaults on its repurchase obligation, the Fund could suffer delays, collection expenses and losses to the extent that the proceeds from the sale of the collateral are less than the repurchase price.

Recently Issued Accounting Standard: In July 2006, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No.48, *Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109* ("FIN 48"). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in a Fund's financial statements in accordance with Statement of Financial Accounting Standards 109, *Accounting for Income Taxes*. FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Fund is in the process of evaluating the impact of adopting FIN 48 on the Fund's financial statements.

Note 2 Federal Income Taxes:

It is the policy of the Fund to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and distribute all of its net taxable income and any net realized gains on investments to its shareholders. Therefore, no federal income tax provision is required.

At June 30, 2006, net unrealized appreciation for federal income tax purposes is comprised of the following components:

Appreciated securities	\$ 4,286,106
Depreciated securities	(12,339,886)
Net unrealized appreciation	\$ (8,053,780)
Cost of securities for federal income tax purposes	\$ 288,869,307

Note 3 Investment Advisory and Service Fees:

TCW Investment Management Company (the "Advisor") is the investment advisor of the Fund. As compensation for the services rendered, facilities provided, and expenses borne, the Advisor is paid a monthly fee by the Fund computed at the annual rate of 0.75% of the first \$100 million of the Fund's average managed assets and 0.50% of the Fund's average managed assets in excess of \$100 million.

In addition to the management fees, the Fund reimburses, with approval by the Fund's Board of Directors, a portion of the Advisor's costs associated in support of the Fund's Rule 38a-1 compliance obligations, which is included on the Statement of Operations.

Note 4 Purchases and Sales of Securities:

For the six months ended June 30, 2006, purchases and sales or maturities of investment securities (excluding short-term investments) aggregated \$274,890,766 and \$288,082,803, respectively for non U.S. Government securities.

Edgar Filing: TCW STRATEGIC INCOME FUND INC - Form N-CSRS

Purchases of U.S. Government securities aggregated \$44,112,516 and there were no sales of U.S. Government securities during this same period.

TCW Strategic Income Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED) (CONT'D)

Note 5 Security Lending:

During the six months ended June 30, 2006, the Fund lent securities to brokers. The brokers provided collateral, which must be maintained at not less than 100% of the value of the loaned securities, to secure the obligation. The Fund receives income, net of broker fees, by investing the cash collateral in short-term investments. At June 30, 2006, there were no loaned securities.

Note 6 Directors' Fees:

Directors who are not affiliated with the Advisor received, as a group, aggregate fees and expenses of \$40,381 from the Fund for the six months ended June 30, 2006. Certain Officers and/or Directors of the Fund are also Officers and/or Directors of the Advisor.

Note 7 Restricted Securities:

The Fund is permitted to invest in securities that are subject to legal or contractual restrictions on resale. These securities generally may be resold in transactions exempt from registration or to the public if the securities are registered. Disposal of these securities may involve time consuming negotiations and expense, and prompt sale at an acceptable price may be difficult. There are no restricted securities (excluding 144A issues) at June 30, 2006.

Note 8 Share Repurchase Plan:

On October 28, 2004, the Board of Directors of the Fund authorized the Fund to adopt a share repurchase plan which involved the repurchase of up to 1 million shares of its common stock. The Fund commenced the repurchase plan on January 24, 2005, and completed the repurchase of the 1 million shares on February 25, 2005. The following is the summary of the Plan:

	Year Ended December 31, 2005
Total Shares Repurchased	1,000,000
Cost of Shares Repurchased	\$ 5,249,694
Average Price of Shares Repurchased	\$ 5.25
Average Discount from NAV	7.90%

Note 9 Loan Outstanding:

The Fund is permitted to have bank borrowings for investment purposes as permitted by its prospectus and SEC leverage requirements. The Fund has entered into a syndicated line of credit agreement with the Bank of New York. This agreement enables the Fund to utilize a renewable 364-day unsecured line of credit, which permits borrowings of up to \$100 million. The average daily loan balance during the period for which loans were outstanding amounted to \$16,892,727, and the weighted average interest rate was 5.753%. Interest expense for the line of credit was \$124,080 for the six months ended June 30, 2006. The outstanding borrowing under the line of credit is \$29,100,000 at June 30, 2006.

TCW Strategic Income Fund, Inc.

Proxy Voting Guidelines

The policies and procedures that the Fund uses to determine how to vote proxies are available without charge. The Board of Directors of the Fund has delegated the Fund's proxy voting authority to the Advisor.

Disclosure of Proxy Voting Guidelines

The proxy voting guidelines of the Advisor are available:

1. By calling (877) 829-4768 to obtain a hard copy; or
2. By going to the SEC website at <http://www.sec.gov>.

When the Fund receives a request for a description of the Advisor's proxy voting guidelines, it will be sent out via first class mail (or other means designed to ensure equally prompt delivery) within three business days of receiving the request.

The Advisor, on behalf of the Fund, shall prepare and file Form N-PX with the SEC not later than August 31 of each year, which shall include the Fund's proxy voting record for the most recent twelve-month period ended June 30 of that year. The Fund's proxy voting record for the most recent twelve-month period ended June 30 is available:

1. By calling (877) 829-4768 to obtain a hard copy; or
2. By going to the SEC website at <http://www.sec.gov>.

When the Fund receives a request for the Fund's proxy voting record, it will send the information disclosed in the Fund's most recently filed report on Form N-PX via first class mail (or other means designed to ensure equally prompt delivery) within three business days of receiving the request. The Fund also discloses its proxy voting record on its website as soon as is reasonably practicable after its report on Form N-PX is filed with the SEC.

Availability of Quarterly Portfolio Schedule

The Fund files a complete schedule of its portfolio holdings with the SEC for the first and third quarters of its fiscal year on Form N-Q. The Form N-Q is available by calling (877)829-4768 to obtain a hard copy. You may also obtain the Fund's Form N-Q:

1. By going to the SEC website at <http://www.sec.gov>; or
2. By visiting the SEC's Public Reference Room in Washington, D.C. and photocopying it (Phone 1-800-SEC-0330 for information on the operation of the SEC's Public Reference Room).

Corporate Governance Listing Standards

In accordance with Section 303A.12 (a) of the New York Stock Exchange Listed Company Manual, the Fund's Annual CEO Certification certifying as to compliance with NYSE's Corporate Governance Listing Standards was submitted to the Exchange on August 4, 2006.

TCW Strategic Income Fund, Inc.

APPROVAL OF ADVISORY AND MANAGEMENT AGREEMENT

TCW Strategic Income Fund, Inc. (the "Company") and TCW Investment Management Company (the "Adviser") are parties to an Investment Advisory and Management Agreement ("Advisory Agreement"), pursuant to which the Adviser is responsible for managing the investments of the Company. At a meeting held on May 2, 2006, the Board of Directors of the Company re-approved the Advisory Agreement. The full Board of Directors, including the Independent Directors, considered the sufficiency of the information provided to assist them in their review of the Advisory Agreement and made assessments with respect to the Advisory Agreement. The Adviser provided materials to the Board for its evaluation, and the Independent Directors were advised by independent legal counsel with respect to these and other relevant matters. The Independent Directors requested information from the Adviser, reviewed the material and determined that the material received was sufficient to allow the Board to make a determination regarding the Advisory Agreement. Discussed below are the factors considered by the Board in approving the Advisory Agreement. This discussion is not intended to be all-inclusive. The Board reviewed a variety of factors and considered a significant amount of information, including information received on an ongoing basis at Board and committee meetings. The approval determination was made on the basis of each Director's business judgment after consideration of all the information taken as a whole. Individual Directors may have given different weight to certain factors and assigned various degrees of materiality to information received in connection with the contract review process.

In evaluating the Advisory Agreement, the Board of Directors, including the Independent Directors, considered the following factors, among others:

= *Nature, Extent and Quality of Services.* The Board considered the benefits to shareholders of continuing to retain the Adviser as the investment adviser to the Company, particularly in light of the nature, extent, and quality of services provided by the Adviser. The Board considered the ability of the Adviser to provide an appropriate level of support and resources to the Company and whether the Adviser has sufficiently qualified personnel. The Board noted the background and experience of the Adviser's senior management and portfolio management personnel, and that the management expertise and amount of attention expected to be given to the Company by the Adviser is substantial. The Board considered the Adviser's ability to attract and retain qualified business professionals. The Board also considered the breadth of the Adviser's compliance program as well as the Adviser's compliance operations with respect to the Company. In this regard, the Board noted the significant efforts of the Adviser's compliance staff in administering the Company's compliance program. The Board concluded that it was satisfied with the nature, extent and quality of the investment management services anticipated to be provided to the Company by the Adviser under the Advisory Agreement.

= *Investment Performance.* The Board was provided with a report prepared by an independent third party consultant (the "Report"), which provided a comparative analysis of the performance of the Company to similar funds, including the short- and long-term performance of the Company. The Board reviewed information in the Report regarding the performance and expense levels of the Company as compared to other funds in its peer group and category, and considered the rankings given the Company in the Report. The Board considered information about the Company's historical performance, and noted

TCW Strategic Income Fund, Inc.

APPROVAL OF ADVISORY AND MANAGEMENT AGREEMENT (CONT'D)

that although the performance of the Company has been below the median performance of its peers for the one, three-, five- and ten-year periods, the Adviser has taken steps to address performance, including significant adjustments to the Company's investment strategy. The Board previously approved the strategy change as a means of addressing the Company's performance record. Information about the Company's investment strategy change is contained in the Company's December 31, 2005 annual report to shareholders.

= *Reasonableness of Advisory Fees and Profitability.* The Board considered information in the Report and in materials prepared by the Adviser regarding the advisory fees charged under other investment advisory contracts with the Adviser and other investment advisers for other registered investment companies or other types of clients, as well as the total expenses of the Company. The Board noted that the advisory fee charged to the Company is higher than the advisory fee charged to certain separate accounts managed by the Adviser with a strategy similar to the Company's previous convertible securities strategy, but that the Adviser does not manage any separate accounts in a manner substantially similar to the current strategy of the Company. The Board also noted that the management fee charged to the Company was lower than the median management fee charged to funds in its category as presented in the Report and that the Company's expenses were lower than the median expenses of the funds in the Company's category. The Board also considered the cost of services to be provided and profits to be realized by the Adviser and its affiliates from the relationship with the Company, including the overall financial soundness of the Adviser. The Board reviewed profitability information provided by the Adviser. Based on their evaluation of this information, the Board concluded that the contractual management fee of the Company under the Advisory Agreement is fair and bears a reasonable relationship to the services rendered.

= *Economies of Scale.* The Board considered the potential of the Adviser to experience economies of scale as the Company grows in size. The Board noted that the Company currently has a relatively low asset size and that, as a closed-end fund, there is limited potential for the Company to experience significant asset growth other than through capital appreciation and income production. On this basis, the Board concluded that the current fee structure reflected in the Advisory Agreement is appropriate.

= *Ancillary Benefits.* The Board considered ancillary benefits to be received by the Adviser and its affiliates as a result of the Adviser's relationship with the Company, including soft dollar arrangements and compensation for certain compliance support services. The Board noted that, in addition to the fees the Adviser received under the Advisory Agreement, the Adviser could receive additional benefits from the Company in the form of reports, research and other services obtainable from brokers and their affiliates in return for brokerage commissions paid to such brokers. The Board concluded that any potential benefits to be derived by the Adviser from its relationship with the Company are consistent with the services provided by the Adviser to the Company.

After consideration of these factors, the Board (i) concluded that the compensation payable under the Advisory Agreement is fair and bears a reasonable relationship to the services rendered and that the renewal of the Agreement would be in the best interests of the Company and its shareholders, and (ii) approved the renewal of the Advisory Agreement for an additional one year period subject to the terms of the Agreement.
