Proxy Statement

About the Annual Meeting

Who is soliciting my vote?

The Board of Directors of Cabot Corporation is soliciting your vote at the 2007 Annual Meeting of Stockholders.

What am I voting on?

You are voting on:

- Proposal 1: Election of directors (*see page 11*);
- Proposal 2: Ratification of the appointment of Deloitte & Touche LLP as Cabot's independent registered public accounting firm for fiscal year 2007 (*see page 19*);
- Proposal 3: Approval of Cabot's Short-Term Incentive Compensation Plan (*see page 41*); and
- Any other business properly coming before the meeting.

How does the Board recommend that I vote my shares?

The Board's recommendation can be found with the description of each item in this proxy statement. In summary, the Board recommends a vote **FOR** each of the nominees for director and the other two proposals identified above. Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors.

Who is entitled to vote?

Only stockholders of record at the close of business on January 16, 2007 will be entitled to vote at the annual meeting. As of that date, we had outstanding 64,270,125 shares of common stock, par value \$1.00 per share, and 34,508 shares of Series B ESOP convertible preferred stock, par value \$1.00 per share. Each share of common stock is entitled to one vote and each share of convertible preferred stock is entitled to 146.3782 votes. The common stock and convertible preferred stock vote together as a single class. There is no cumulative voting.

State Street Bank and Trust Company, the trustee of the convertible preferred stock portion of the Cabot Corporation Retirement Savings Plan, is the record owner of all of the shares of convertible preferred stock. The Vanguard Fiduciary Trust Company, the trustee of the common stock portion of the Retirement Savings Plan, is the record owner of all of the shares of common stock held by the Retirement Savings Plan. Each trustee is entitled to vote such shares in accordance with instructions from participants in, and the terms of, the Retirement Savings Plan.

How many votes must be present to hold the meeting?

Your shares are counted as present at the annual meeting if you attend the meeting and vote in person or if you properly return a proxy by Internet, telephone or mail. In order for us to hold our meeting, holders of a majority of the voting power of our outstanding shares of common stock and convertible

preferred stock as of January 16, 2007, considered as a single class, must be present in person or by proxy at the meeting. This is referred to as a quorum. Shares that reflect abstentions and broker non-votes also will be counted to determine whether a quorum exists to hold the annual meeting.

A broker non-vote occurs when a broker holding shares for a beneficial owner of Cabot's common stock does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that particular proposal and has not received specific voting instructions from the beneficial owner. Banks and brokers that have not received voting instructions may vote their clients' shares on routine matters. We believe all of the proposals at Cabot's 2007 annual meeting are routine matters and that, therefore, there will be no broker non-votes.

How are votes counted? How many votes are needed to approve each of the proposals?

For all of the proposals, you may vote **FOR**, **AGAINST**, or **ABSTAIN**. A nominee will be elected to the Board of Directors if the votes cast for this election represent a majority of the votes cast in the nominee's election. Similarly, the affirmative vote of a majority of the votes cast at the annual meeting is required to approve Proposal 2 to ratify the appointment of Cabot's registered public accounting firm and Proposal 3 to approve the Short-Term Incentive Compensation Plan. For all three proposals, abstentions will have no effect on the vote.

What if there are more votes AGAINST a nominee for director than votes FOR?

All of the nominees for director have tendered a conditional resignation that is effective upon (i) the failure to receive a majority of the votes cast for his re-election at the 2007 annual meeting of the stockholders and (ii) Board acceptance of this resignation. The Governance and Nominating Committee of the Board of Directors is responsible for initially considering the resignation and making a recommendation to the Board of Directors. The director whose resignation is under consideration is expected to abstain from participating in any decision regarding his resignation. The Governance and Nominating Committee and the Board of Directors may consider any factors they deem relevant in deciding whether to accept a director's resignation. If the resignation is not accepted, the director will continue to serve until the next annual meeting and until the director's successor is elected and qualified.

How do I vote?

You can vote either *in person* at the meeting or *by proxy* without attending the meeting. Most stockholders have three options for submitting their votes by proxy: (1) using the Internet, (2) by phone or (3) by mail. If you have received your annual meeting materials by mail, please follow the voting instructions on your proxy card. If you have received your annual meeting materials electronically, please follow the voting instructions that were e-mailed to you. Proxies submitted by the Internet or telephone must be received by 2:00 a.m. Eastern Standard Time on March 8, 2007.

If you hold your Cabot stock in a brokerage account (that is, in street name), your ability to vote by telephone or over the Internet depends on your broker's voting process. Please follow the directions on your voter instruction form carefully.

Even if you plan to attend the annual meeting, we encourage you to vote your shares by proxy. If you plan to vote in person at the meeting, and you hold your Cabot stock in street name, you must obtain a proxy from your broker and bring that proxy to the meeting.

How do I vote if I hold my stock through Cabot's employee benefit plans?

If you hold your stock through a Cabot employee benefit plan or the employee benefit plan of a former subsidiary of Cabot, you have the right to instruct the trustees of the plan or plans in which you

participate how to vote your shares. You can vote your shares by following the instructions on the enclosed proxy card. The trustees of each plan will have the voting instructions of each participant in the plans tabulated and will vote the shares of the participants by submitting a final proxy card representing each plan's shares for inclusion in the tally at the annual meeting.

If you hold shares in the Retirement Savings Plan, your vote also tells the plan's trustees how to vote (i) those shares for which no instructions are received from other plan participants and (ii) those shares that have not yet been allocated to participants' accounts. Similarly, if you hold shares in the Cabot Canada Ltd. Employees' Stock Purchase Plan, your vote tells the trustee of that plan how to vote those shares for which no instructions are received from other plan participants. If you hold shares in either of these plans and do not vote, the plan trustees will vote your shares (along with all other shares in the plan for which instructions are not provided) in the same proportion as those shares for which directions are received from other participants in the plan.

In order for your instructions to be counted, you must return your completed and signed proxy card to the Company's transfer agent by March 5, 2007 or provide your instructions over the telephone or the Internet by 2:00 a.m. Eastern Standard Time on March 6, 2007.

Can I change or revoke my vote?

Yes. You can change or revoke your vote at any time before the polls close at the annual meeting by (1) submitting another timely and later-dated proxy by Internet, telephone or mail, (2) delivering instructions to our Corporate Secretary prior to the annual meeting or (3) attending the annual meeting and voting in person.

If you hold shares through a bank or brokerage firm, you must contact that firm to revoke any prior voting instructions.

Who counts the votes?

We have hired Computershare Trust Company, N.A., our transfer agent, to count the votes represented by proxies cast by ballot, telephone and the Internet. A representative of Computershare and Cabot's Assistant Corporate Secretary will act as Inspectors of Election.

What if I return my proxy card or voting instruction form but don't vote for some of the matters listed on the proxy card or form?

If you return a signed proxy card or voting instruction form without indicating your vote, your shares will be voted **FOR** all of the proposals for which you did not indicate a vote.

Could other matters be decided at the annual meeting?

We are not aware of any other matters that will be considered at the annual meeting. If any other matters arise, the persons named in your proxy will vote in accordance with their best judgment.

Who can attend the meeting?

The annual meeting is open to all Cabot stockholders. When you arrive at the Boston Convention & Exhibition Center, signs will direct you to the meeting room. You need not attend the annual meeting to vote.

How can I access Cabot's proxy materials and annual report electronically?

This proxy statement and our 2006 Annual Report on Form 10-K are available on our website at www.cabot-corp.com. If you received your annual meeting materials by mail, we encourage you to help conserve natural resources, reduce your company's printing and mailing costs and reduce the amount of mail you receive by **signing up to receive your stockholder communications by e-mail**. The Board of Directors and its Committees

Board of Directors

Cabot's Board of Directors currently has fourteen members and is divided into three classes serving staggered three-year terms. Directors for each class are elected at the annual meeting of stockholders held in the year in which the term for their class expires. The Board of Directors met six times in fiscal year 2006. Each director attended at least 85% of the Board meetings and the meetings of the Committees on which he or she served.

Cabot's Board of Directors has five standing Committees: Audit, Compensation, Executive, Governance and Nominating, and Safety, Health and Environmental Affairs (the SH&E Committee). The Board of Directors has adopted a written charter for each of the Committees (other than the Executive Committee), copies of which are posted on Cabot's website (www.cabot-corp.com) under the heading About Cabot Governance. - Administer Cabot's incentive compensation plans, equity-based plans and supplemental benefits arrangements, which includes approving the aggregate number of stock awards granted under Cabot's long-term incentive program.

Executive Committee

The Executive Committee reviews and, where appropriate, approves corporate action with respect to the conduct of our business between Board of Directors' meetings. Actions taken by the Executive Committee are regularly reported to the Board at its next meeting. The members of the Executive Committee are John S. Clarkeson (Chair), John H. McArthur and Kennett F. Burnes. The Executive Committee held no meetings but took action by written consent twice in fiscal year 2006.

Governance and Nominating Committee

The Governance and Nominating Committee is charged primarily with:

- Developing and recommending to the Board corporate governance policies and procedures.
- Identifying individuals qualified to become directors of Cabot.
- Recommending director candidates to the Board to fill vacancies and to stand for election at the annual meeting of stockholders.

McArthur (Chair), John S. Clarkeson, Arthur L. Goldstein, Henry F. McCance and John F. O'Brien. The Governance and Nominating Committee met five times during the 2006 fiscal year.

SH&E Committee

The SH&E Committee reviews all aspects of Cabot's safety, health and environmental management programs and performance. In particular, the Committee reviews the following:

- Cabot's environmental reserve, and risk assessment and management processes.
- Environmental and safety audit reports, performance metrics, performance as benchmarked against industry peer groups, assessed fines or penalties, site security and safety issues.
- Safety, health and environmental training initiatives.
- Cabot's safety, health and environmental budget and capital expenditures.

The Committee consults with Cabot's internal and outside safety, health and environmental advisors regarding these programs. The members of the SH&E Committee are Lydia W. Thomas (Chair), John S. Clarkeson, Juan Enriquez-Cabot, Gautam S. Kaji, Roderick C.G. MacLeod, Ronaldo H. Schmitz and Mark S. Wrighton. The SH&E Committee met three times during the 2006 fiscal year.

Board Retirement Policy

The Board of Directors has a retirement policy for non-employee directors that requires each director who is not a Cabot employee to submit his or her resignation to the Chairman of the Board prior to, and effective at, the annual meeting of stockholders next following the calendar year of such director's seventy-second birthday.

The Board of Directors also has a retirement policy for employee directors that requires each employee director to submit his or her resignation to the Chairman of the Board or, in the case of the Chairman of the Board, to the Board of Directors, (i) prior to and, if accepted, effective at the annual meeting of stockholders following the calendar year of such director's sixty-fifth birthday, or (ii) if the director ceases to be an employee of Cabot prior to such annual meeting, no later than the date of and, if accepted, effective upon the termination of such director's employment with Cabot. Each resignation submitted pursuant to this policy is required to specifically state that the resignation is to be effective only upon acceptance by the Board of Directors. In each case, the Governance and Nominating Committee will consider the resignation and make a recommendation to the Board. If a resignation submitted pursuant to this policy is not accepted, the employee director is thereafter required to submit his or her resignation annually to the Board of Directors for consideration.

Compensation of Non-Employee Directors

Annual compensation for non-employee directors is comprised of cash compensation and a grant of Cabot common stock. Each of these components is described in detail below. The total compensation earned by our non-employee directors during fiscal year 2006 is shown in the following table:

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$)(1)	Change in Pension Value and Nonqualified Deferred Compensation Earnings	Total (\$)
John S. Clarkeson	\$ 81,800	\$ 93,000		\$ 174,800
Juan Enriquez-Cabot	\$ 50,950	\$ 93,000	\$ 7.00 (2)	\$ 143,957
Arthur L. Goldstein	\$ 61,150	\$ 93,000		\$ 154,150
Gautam S. Kaji	\$ 57,750	\$ 93,000		\$ 150,750
Roderick C.G. MacLeod	\$ 42,000	\$ 93,000		\$ 135,000
John H. McArthur	\$ 54,050	\$ 93,000		\$ 147,050
Henry F. McCance	\$ 40,400	\$ 93,000		\$ 133,400
John F. O'Brien	\$ 88,550	\$ 93,000		\$ 181,550
Ronaldo H. Schmitz	\$ 42,150	\$ 93,000		\$ 135,150
Lydia W. Thomas	\$ 66,250	\$ 93,000		\$ 159,250
Mark S. Wrighton	\$ 42,150	\$ 93,000	\$ 82.00 (2)	\$ 135,232
Shengman Zhang	\$ 7,750	\$ 46,500		\$ 54,250

(1) Other than Mr. Zhang, each director was granted 2,500 shares of Cabot common stock on September 29, 2006 under Cabot's Non-Employee Directors' Stock Compensation Plan as a portion of his or her compensation for service as a director in the calendar year. Mr. Zhang, who was appointed a director in July 2006, received a pro-rated 1,250 shares on September 29, 2006. The value of the stock awards is based on the closing price of Cabot's common stock on the grant date (\$37.20).

(2) Represents above-market earnings on compensation that is deferred by these directors pursuant to Cabot's Deferred Compensation Plan, the terms of which are described in more detail below.

Cash Compensation

The form and amount of compensation paid to Cabot's non-employee directors is reviewed from time to time by the Governance and Nominating Committee of Cabot's Board of Directors (the Governance Committee). Prior to January 1, 2006, our director compensation arrangements consisted of an annual cash retainer and per meeting fees as follows:

- An annual cash retainer of \$20,000 for each non-employee director.
- A per meeting fee of \$1,700 for attending each Board meeting and each Committee meeting of which he or she was a member.
- An annual fee of \$10,000 for serving as chair of the Audit Committee.
- An annual fee of \$4,000 for serving as chair of any Committee of the Board other than the Audit Committee.

In the first quarter of fiscal 2006, the Governance Committee evaluated the various components and the overall reasonableness of compensation being paid to Cabot's non-employee directors. In particular, the Governance Committee assessed the reasonableness of director compensation levels by comparing director compensation paid by Cabot with that paid by companies comparable to Cabot, considered the continued appropriateness of paying per meeting fees and considered the appropriateness of recognizing differences in Committee demands and responsibilities and of Committee chair responsibilities with different retainer amounts. Upon the recommendation of the Governance Committee, Cabot's Board of Directors eliminated the payment of per meeting fees and approved the cash compensation package described below for non-management directors, effective January 1, 2006:

- An annual retainer of \$31,000 for each non-employee director.
- An annual retainer of \$21,000 for serving on the Audit Committee.
- An annual retainer of \$7,000 for serving on each of the Compensation, SH&E, or Governance Committees.
- An annual retainer of \$30,000 for serving as lead director.
- An annual retainer of \$40,000 for serving as Chair of the Audit Committee.
- An annual retainer of \$10,000 for serving as Chair of the Compensation, SH&E, or Governance Committees.

Stock Compensation

Non-employee directors historically have received an annual grant of Cabot common stock as part of their compensation. Under Cabot's Non-Employee Directors' Stock Compensation Plan (the "Directors' Stock Plan"), which was approved by Cabot's stockholders at the 2006 Annual Meeting of Stockholders, beginning in calendar year 2006 each non-employee director is entitled to receive 2,500 shares of Cabot common stock as a portion of his or her compensation for services performed in the calendar year, provided that the Governance Committee has discretion to increase or decrease the number of shares issuable to each non-employee director in any calendar year after 2006. Accordingly, in calendar year 2006, each non-employee director, except for Mr. Zhang, received a grant of 2,500 shares of Cabot common stock. Mr. Zhang, who was appointed a director in July 2006, received a pro-rated grant of 1,250 shares.

Under the terms of the Directors' Stock Plan, beginning in calendar year 2007, the Company will issue shares to the non-employee directors on the date of the January Board meeting. The Governance Committee did not change the number of shares issuable in 2007, and, on January 12, 2007, 2,500 shares were issued to each non-employee director (excluding those identified below who elected to defer receipt of their shares). The maximum number of shares of common stock that may be issued under the Directors' Stock Plan is 350,000 and, as of January 15, 2007, 293,125 shares remained available for issuance under it. No shares may be issued under the Directors' Stock Plan after March 8, 2016.

Cabot believes that it is desirable for directors to have an equity interest in the Company and encourages all directors to own a reasonable amount of Cabot stock. Accordingly, to align director and stockholder interests and to enhance a director's long-term perspective, Cabot's Corporate Governance Guidelines require non-employee directors to have equity ownership in the Company in the range of three times their annual cash retainers. It is expected that this ownership interest will generally be achieved within a three-to-five year period beginning when a director is first elected to the Board. In addition, where equity-based compensation is a component of compensation, each non-employee director is required to retain the shares granted in any given year for a period of three years from the date of grant or until the director's earlier retirement.

Reimbursement of Certain Expenses; Charitable Giving Program

Cabot's Corporate Governance Guidelines state that Cabot will not provide retirement or other benefits or perquisites to non-employee directors. Directors, however, are reimbursed for travel expenses incurred for attending Board and Committee meetings and are covered by Cabot's travel accident insurance policy for such travel. In addition, spouses of directors are invited to attend the annual meeting of stockholders, for which Cabot pays or reimburses travel expenses.

Cabot has a historical practice of making, upon a director's retirement from the Board of Directors, a donation of up to \$25,000 to a charitable organization selected by the director.

Deferred Compensation

Under the Cabot Corporation Deferred Compensation Plan, directors can elect to defer receipt of their cash compensation for a period of at least three years or until they cease to be members of the Board of Directors. In any year, these deferred amounts are, at the director's choice, either (i) credited with interest at a rate equal to the Moody's Corporate Bond Rate for the month of November prior to the beginning of the applicable year or (ii) treated as invested in phantom stock units, based on the market price of shares of Cabot common stock at the time of deferral (with phantom dividends being accrued and treated as if reinvested in phantom stock units). At the end of the deferral period, the deferred compensation is paid to the director either in a lump sum or in installments over five, ten or fifteen years. Messrs. Clarkeson and McCance elected to defer receipt of their calendar year 2006 cash compensation and treat the deferred amounts as invested in phantom stock units. Messrs. Enriquez-Cabot and Wrighton elected to defer receipt of their calendar year 2006 cash compensation with interest credited at a rate equal to the Moody's Corporate Bond Rate. The Moody's Corporate Bond Rate used to calculate interest during 2006 was 5.86%.

Under the Non-Employee Directors' Stock Deferral Plan, directors also may defer receipt of the shares of common stock issuable to them under the Non-Employee Directors' Stock Compensation Plan for a period of at least three years or until they cease to be members of the Board of Directors. For each share of stock deferred, a director is credited with one phantom stock unit to a notional account created in the director's name. Dividends that would otherwise be payable on the deferred shares accrue in the account and are credited with interest at a rate equal to the Moody's Corporate Bond Rate for the month of November prior to the beginning of the year. The rate used to calculate interest during 2006 was 5.86%. At the end of the deferral period, the deferred shares of Cabot common stock are issued to the director, along with the accrued cash dividends and interest earned, either in one issuance or in installments over a period of up to ten years. Messrs. Clarkeson, Enriquez-Cabot, McArthur, McCance, Schmitz and Zhang elected to defer their 2006 stock awards.

Proposal 1 Election of Directors

Introduction

Five directors are proposed to be elected at the annual meeting. Cabot's Board of Directors is divided into three classes serving staggered terms. The terms of Kennett F. Burnes, John S. Clarkeson, Roderick C.G. MacLeod and Ronaldo H. Schmitz expire this year and Cabot's Board of Directors has nominated each of them for a three-year term that will expire at the annual meeting in 2010. All of them are current directors elected by stockholders at previous annual meetings. On July 14, 2006, Cabot's Board of Directors elected Shengman Zhang as a director. Our By-laws provide that any director elected by the Board to fill a newly created directorship shall hold office until the next annual meeting of stockholders. Accordingly, Mr. Zhang's term expires at the 2007 annual meeting. The Board of Directors has nominated him for election to the class of directors whose term expires in 2010. John H. McArthur will retire at the annual meeting in accordance with the Board's retirement policy. Upon the election of the nominated directors, Cabot's Board of Directors will have thirteen members.

We expect that all of the nominees will be available for election but, if any of the nominees is not available at the time of the annual meeting, proxies received will be voted for substitute nominees to be designated by the Board of Directors or, if no substitute nominees are identified by the Board, proxies will be voted for a lesser number of nominees. In no event will the proxies be voted for more than five nominees.

Vote Required

A nominee will be elected to the Board of Directors if the votes cast for this election represent a majority of the votes cast in the nominee's election.

Recommendation

The Board of Directors recommends that you vote FOR the election of its five nominees.

Corporate Governance Matters

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines for the Company, which address the following matters, among others: director qualifications, Board Committees, director retirement, director compensation, Board performance evaluations, the conduct of Board and Committee meetings, access to senior management, CEO evaluation and succession planning. The Corporate Governance Guidelines are posted on our website (www.cabot-corp.com) under the heading About Cabot Governance. Printed copies of Cabot's Corporate Governance Guidelines may be obtained, without charge, by writing to the Corporate Secretary, Cabot Corporation, Two Seaport Lane, Suite 1300, Boston, Massachusetts 02210.

Director Independence

Cabot's Board of Directors, upon the recommendation of its Governance and Nominating Committee, has determined that all of Cabot's non-management directors are independent under the Board's director independence standards and under the corporate governance rules of the New York Stock Exchange (the NYSE). The Governance and Nominating Committee annually reviews the independence of all directors and reports its findings to the full Board. To assist in this review, the Board has adopted director independence guidelines, which are set forth in Appendix B to this proxy statement. In the event a director has a relationship that is not addressed by the independence guidelines, the Governance and Nominating Committee evaluates the relevant facts and circumstances of the relationship and makes a recommendation to the full Board of Directors about whether the relationship constitutes a material relationship with Cabot. After examining all relationships between the directors and Cabot, the Board concluded that all of the non-management directors either had no relationship or an immaterial relationship with Cabot.

With respect to Mark S. Wrighton, Chancellor of Washington University, the Board noted that during fiscal year 2005 the Cabot Corporation Foundation agreed to make a \$60,000 contribution in each of fiscal years 2006 and 2007 to support a scholar in an MBA program in Washington University's McDonnell International Scholars Academy. To qualify for the McDonnell International Scholars Academy, the candidate had to have earned an undergraduate degree from a partner research university in Asia and be a candidate for a graduate or professional degree in any program in Washington University. While Cabot was able to indicate to Washington University its candidate preference, Washington University selected the scholar. It is expected that the scholar will have an opportunity to spend time at Cabot facilities in the United States. Through its association with Washington University as a founding partner in the development of the McDonnell International Scholars Academy, Cabot benefits by having access to people at the partner research universities and exposure at various times to a talented group of students at the Academy, which may create hiring opportunities for Cabot. The Board determined that the contribution to Washington University will not impair Dr. Wrighton's ability to exercise independent judgment as a director of Cabot. The amount contributed by Cabot was less than 0.1% of the total contributions made to Washington University during the 2006 fiscal year.

Lead Director

Cabot's Corporate Governance Guidelines require that an independent director be appointed as lead director when the Chairman of the Board is not an independent director. The lead director sets the agenda for executive sessions of non-management directors and presides at such meetings. The lead director communicates with the Chairman of the Board to provide feedback and also to implement the decisions and recommendations of the non-management directors. In March 2005, Cabot's independent directors selected John S. Clarkeson as lead director.

Director Attendance at Annual Meeting

Recognizing that director attendance at the annual meeting can provide our stockholders with an opportunity to communicate with Board members about issues affecting Cabot, we actively encourage our directors to attend the annual meeting. In 2006, all of Cabot's directors attended the annual meeting except Mr. McArthur, who was not able to attend.

Code of Business Conduct and Ethics

Cabot has adopted Global Ethics and Compliance Standards, a code of ethics that applies to all of our employees and directors, including the Chief Executive Officer, the Chief Financial Officer, the Controller and other senior financial officers. The Global Ethics and Compliance Standards are posted on our website (www.cabot-corp.com) under the caption "About Cabot Governance" and printed copies may be obtained, without charge, by writing to the Corporate Secretary, Cabot Corporation, Two Seaport Lane, Suite 1300, Boston, Massachusetts 02210.

Communications with the Board

Stockholders or other interested parties wishing to communicate with the Board, the non-management directors or any individual director may contact the lead director by calling 1-800-853-7602; by submitting a form on our website that is located under the caption "About Cabot Governance Contact Cabot's Board of Directors"; or by writing to Cabot Corporation Board of Directors, c/o Alertline Anonymous, P.O. Box 3767, 13950 Ballantyne Corporate Place, Suite 300, Charlotte, North Carolina 28277.

Anyone who has a complaint or concern regarding the Company's accounting, internal accounting controls or auditing matters may communicate that concern to the Chair of the Audit Committee by calling 1-800-853-7602; by submitting a form on our website that is located under the caption "About Cabot Governance Contact Cabot's Board of Directors"; or by writing to Cabot Corporation Board Audit Committee, c/o Alertline Anonymous, P.O. Box 3767, 13950 Ballantyne Corporate Place, Suite 300, Charlotte, North Carolina 28277. All communications to the Board of Directors or the Audit Committee will also be sent to Cabot's Office of Compliance.

Governance and Nominating Committee Processes for Director Nominations

The Governance and Nominating Committee (the "Governance Committee") identifies potential candidates for election to the Board of Directors; reviews their skills, characteristics and experience; and recommends nominees for director to the full Board for approval.

We believe that potential directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of our stockholders. In addition to reviewing a candidate's background and accomplishments, candidates for director nominees are reviewed in the context of the current composition of the Board of Directors and the evolving needs of our businesses. It is the Board's policy that at all times at least a majority of the Board's members must be independent under NYSE and SEC rules and Cabot's Corporate Governance Guidelines. It is also the Board's policy that the Board as a whole reflects a range of talents, skills, diversity and expertise, particularly in the areas of (i) management, (ii) strategic planning, (iii) accounting and finance, (iv) domestic and international markets, (v) corporate governance, and (vi) the specialty chemicals and related industries sufficient to provide sound and prudent guidance with respect to Cabot's operations and interests.

In addition, the desired attributes of individual directors are (i) integrity and demonstrated high ethical standards; (ii) sound judgment; (iii) demonstrated leadership; (iv) knowledge, experience and skills

in at least one specialty area, such as corporate management, accounting or finance, marketing, manufacturing, technology, information systems, international business or the specialty chemicals industry; (v) compassion; (vi) willingness and ability to work with other members of the Board openly and constructively; (vii) the ability to communicate clearly and persuasively; and (viii) diversity of origin, background, experience and thought. Cabot also requires that its Board members be able to dedicate the time and resources sufficient to ensure the diligent performance of their duties on our behalf, including attending all Board and applicable Committee meetings. Historically, two Board members have been members of the extended Cabot family because of the family's historical stock ownership in the Company. These members are Roderick C.G. MacLeod and Juan Enriquez-Cabot.

Generally, the Governance Committee identifies candidates through the business and other networks of the directors and management. The Committee may also solicit recommendations for director nominees from third party search firms or any other source it deems appropriate. Mr. Zhang was recommended as a candidate for Cabot's Board by one of our non-management directors.

The Governance Committee's review and evaluation of a candidate generally includes inquiries as to the candidate's reputation and background, examination of the candidate's experience and skills in relation to the Board's requirements at the time, consideration of the candidate's independence as measured by the Board's independence standards, and any other considerations that the Governance Committee deems appropriate. Candidates recommended by our stockholders are evaluated on the same basis as candidates recommended by our directors, CEO, other executive officers, third party search firms or other sources.

The Governance Committee will consider director candidates recommended by stockholders in accordance with the procedures set forth in our By-laws. Those procedures require a stockholder to notify the Company's Secretary in writing at Cabot Corporation, Two Seaport Lane, Suite 1300, Boston, Massachusetts 02210, of a proposed nominee not less than 60 days nor more than 90 days prior to the anniversary date of the immediately preceding annual meeting of stockholders. The notice to the Secretary should include the following:

- the candidate's name, age and address;
- the candidate's principal occupation or employment;
- the class and number of shares of Cabot stock, if any, owned by the candidate;
- the name and address of the stockholder as they appear on the Company's books;
- the class and number of shares of Cabot stock owned by the stockholder as of the record date for the annual meeting (if this date has been announced) and as of the date of the notice;
- the dates on which the stockholder acquired Cabot stock and documentary support for his or her beneficial ownership;
- a representation that the stockholder intends to appear in person or by proxy at the meeting to nominate the candidate specified in the notice;
- a description of all arrangements or understandings between the stockholder and the candidate;
- any other information regarding the candidate or stockholder that would be required to be included in a proxy statement relating to the election of directors; and
- a statement signed by the candidate confirming that, if elected, he or she will comply with Cabot's Global Ethics and Compliance Standards, Policy on Transactions in Securities, Corporate Governance Guidelines and any other applicable rule, regulation, policy or standard of conduct applicable to the directors.

Audit Committee Report

The Audit Committee of the Board of Directors is comprised of five non-employee directors. The Board has determined that all of the members of the Audit Committee satisfy the requirements of the NYSE and the SEC as to independence and financial literacy. The Board has determined that Messrs. Goldstein, Kaji and O'Brien and Dr. Thomas are audit committee financial experts as defined by SEC rules. The responsibilities of the Audit Committee are set forth in its written charter and described above under the heading "The Board of Directors and its Committees - Audit Committee." One of its primary responsibilities is to assist the Board in its oversight of the integrity of Cabot's financial statements. The following report summarizes certain of the Committee's activities in this regard during fiscal year 2006.

Review of Audited Financial Statements with Management

The Audit Committee reviewed and discussed with management Cabot's audited consolidated financial statements for the year ended September 30, 2006.

Review of Financial Statements and Other Matters with Independent Accountant

The Audit Committee discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended. The Audit Committee received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as amended, and discussed with that firm its independence from Cabot.

Recommendation that Financial Statements be Included in Annual Report

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Cabot's Annual Report on Form 10-K for the fiscal year ended September 30, 2006 for filing with the Securities and Exchange Commission.

Proposal 2 Ratification of Appointment of Independent Registered Public Accounting Firm

Introduction

On December 19, 2006, Cabot's Audit Committee approved the dismissal of PricewaterhouseCoopers LLP (PwC) as Cabot's independent registered public accounting firm and appointed Deloitte & Touche LLP (D&T) for the fiscal year ending September 30, 2007.

The reports of PwC on Cabot's consolidated financial statements for the fiscal years ended September 30, 2006 and 2005 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principle. During the fiscal years ended September 30, 2006 and 2005, and through December 19, 2006, there were no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PwC, would have caused PwC to make reference thereto in its reports on Cabot's financial statements for such years.

In addition, no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K, occurred during Cabot's fiscal years ended September 30, 2006 and 2005, and through December 19, 2006. The Item 4 section of the Company's Form 10-Q for the quarter ended December 31, 2004 included the following disclosure: The Company's Chairman of the Board, President and Chief Executive Officer and its Executive Vice President and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective as of December 31, 2004. As part of that evaluation, however, the officers determined the Company had incorrectly applied revenue recognition rules in a specific situation involving one product for one customer. We have addressed this issue and are improving our controls and procedures in this area as part of our preparation for compliance with Section 404 of the Sarbanes-Oxley Act of 2002. The Company did not consider this to be a material weakness in the design or operation of its internal control over financial reporting. As of March 31, 2005, the Company's Chairman of the Board, President and Chief Executive Officer and its Executive Vice President and Chief Financial Officer determined that the Company's disclosure controls and procedures, including those relating to the issue described above, were effective.

During the fiscal years ended September 30, 2006 and 2005, and through December 19, 2006, neither Cabot nor anyone on its behalf consulted with D&T regarding any of the matters described in Item 304(a)(2)(i) and (ii) of Regulation S-K.

The Sarbanes-Oxley Act of 2002 requires the Audit Committee to be directly responsible for the appointment, compensation and oversight of the audit work of the independent registered public accounting firm. However, the Board of Directors is submitting the appointment of D&T to the stockholders for ratification as a matter of good corporate practice. Should the stockholders fail to ratify the appointment of D&T, the Audit Committee may reconsider the appointment and may retain D&T or another accounting firm without resubmitting the matter to stockholders. Even if the stockholders ratify the appointment of D&T, the Audit Committee may select another firm if it determines such selection to be in the best interest of Cabot and its stockholders.

Representatives from PricewaterhouseCoopers LLP and Deloitte & Touche LLP are expected to be present at the annual meeting. The representatives will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from Cabot's stockholders.

Vote Required

Approval of this proposal requires the affirmative vote of a majority of the votes cast on the proposal.

Recommendation

The Board of Directors recommends that you vote FOR the ratification of the Audit Committee's appointment of Deloitte & Touche LLP as Cabot's independent registered public accounting firm for fiscal year 2007.

Independent Public Accountant Fees and Services

For the fiscal years ended September 30, 2005 and 2006, PricewaterhouseCoopers LLP billed us the amounts set forth below for professional services rendered in connection with audit, audit-related, tax and other professional services.

Services Rendered	Fiscal 2006	Fiscal 2005
Audit Fees	\$ 6,402,100	\$ 6,029,500
Audit-Related Fees	\$ 173,100	\$ 227,500
Tax Fees	\$ 0	\$ 207,000
All Other Fees	\$ 0	\$ 0

The audit services include professional services for the audit of Cabot's consolidated financial statements included in the Annual Report on Form 10-K (including audit and attestation of management's evaluation of internal control over financial reporting) and review of financial statements included in Cabot's Quarterly Reports on Form 10-Q, and for services that are normally provided by the auditor in connection with statutory and regulatory filings or engagements.

The audit-related services for each of fiscal years 2005 and 2006 consisted primarily of fees for audits of employee pension and other benefit plans and a statutory audit of Cabot's captive insurance company. The audit-related services for fiscal year 2005 also included internal control consultations associated with preparation for Sarbanes-Oxley Section 404.

For fiscal year 2005, tax services consisted of \$105,000 for tax compliance and preparation services and \$102,000 for tax advisory services, primarily associated with ongoing tax audits.

The Audit Committee has adopted a policy requiring the pre-approval of audit and non-audit services to be provided by Cabot's independent auditor. The policy identifies the guiding principles that must be considered by the Audit Committee in approving services to ensure that the auditor's independence is not impaired; describes the audit, audit-related, tax and other services that may be provided and the non-audit services that are prohibited; and sets forth pre-approval requirements for all permitted services. In some cases, pre-approval is provided by the full Audit Committee for up to a year and relates to a particular category or group of services and is subject to an authorized amount. In other cases, specific pre-approval is required. To ensure compliance with the policy, the Audit Committee requires the independent auditor to report on actual fees charged for each category of services at least quarterly. The Audit Committee has delegated authority to the Chair of the Committee to pre-approve additional services that need to be approved between scheduled Audit Committee meetings, provided that the estimated fee for any such service does not exceed \$100,000, and any such pre-approvals must then be communicated to the full Audit Committee.

The Audit Committee approved all services provided to Cabot by PricewaterhouseCoopers LLP during the 2006 fiscal year.

Executive Compensation

Compensation Committee Report on Executive Compensation

The Compensation Committee has overall responsibility for establishing compensation for the Company's chief executive officer and its other senior officers. It also administers the Company's incentive compensation plans. The full text of the Compensation Committee's charter is available on the Company's website at www.cabot-corp.com.

Objectives of Executive Compensation Program

The objectives of Cabot's executive compensation programs are to (a) motivate the Company's senior managers in achieving long-term value for the Company's stockholders and other business objectives of the Company, (b) attract and retain highly qualified individuals, (c) recognize individual, business group or function and Company performance and behavior consistent with the Company's values, and (d) create significant stock ownership in the Company's senior managers in order to align their financial interests with the long-term interests of the Company's stockholders. To achieve these objectives, the Committee believes that the compensation paid to executive officers should be closely linked to the achievement of annual and long-term performance goals. The Committee awards compensation that is based upon Company, specific business group or function, and individual performance and that is designed to motivate the Company's executive officers to achieve strategic business objectives and to continue to perform at the highest levels. In keeping with the Company's executive compensation philosophy and objectives, a material portion of the total compensation awarded to the Company's executive officers is performance-based and equity-based. The compensation program is generally designed to reward performance that is in the long-term interests of Cabot's stockholders.

In order to achieve its objectives, the principal elements of Cabot's compensation program for its executive officers are annual cash and long-term incentive compensation. Annual cash compensation includes base salary and performance-based incentive awards. Long-term incentive compensation consists of purchase restricted stock or stock options.

The Committee evaluates and makes determinations concerning each executive officer's base salary, short-term incentive compensation and long-term incentive compensation each year. Each compensation decision is made in light of the executive officer's performance and expectations for such officer's future performance, and with a view to ensuring that such officer's total compensation is competitive and reasonable. In evaluating the performance and expectations for future performance of each executive officer (other than Mr. Burnes, the Company's Chairman of the Board, President and Chief Executive Officer), the Committee takes into consideration the views of Mr. Burnes, and of such officer's other senior management colleagues. In addition, the Committee has engaged a third party independent compensation consulting firm to benchmark the overall competitiveness and reasonableness of each executive officer's compensation. For these purposes, the Committee considers market survey data as well as compensation data provided by the consultant for two peer groups, one consisting of companies in the specialty chemicals industry with revenues similar to Cabot's that have similar businesses in similar markets as Cabot (the industry peer group), and the other consisting of companies with a similar business model as Cabot for the creation and development of new businesses (the business model peer group). The outside consultant also provides the Committee with insight into market practices and regulatory issues and an independent perspective on Cabot's compensation practices and proposed changes in such practices. The internal fairness of compensation within Cabot is also an important factor considered by the Compensation Committee, and the Committee evaluates individual executive compensation by comparing such compensation with that paid to other officers of the Company who have similar levels of responsibility.

The Committee reviews the three principal components of compensation at different times throughout the year, base salaries being established in January, long-term incentive awards in May, and short-term incentive compensation awards in November. In reviewing each component the Committee considers the officer's performance, the internal fairness of the officer's total compensation, and updated competitive analyses. Tally sheets that detail each element of an executive officer's compensation are reviewed at least annually by the Committee. The tally sheets quantify the unrealized gain and dividends paid on shares of unvested purchase restricted stock, however, these amounts are not formally considered by the Committee in setting elements of compensation.

It is the intent of the Committee that base salary levels and performance-based cash incentive payment targets be set at or slightly below the mid-market, using the analyses of the peer groups of companies. Target annual long-term incentive award values are set at or slightly above the mid-market, using the analyses of the peer groups of companies.

Policy on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code (the Code) places a limit of \$1,000,000 on the amount of compensation Cabot may deduct in any one year with respect to its CEO or any of the next four most highly compensated executive officers. Certain performance-based compensation approved by stockholders is not subject to the deduction limit. Cabot does not currently pay any compensation under a plan approved by stockholders that would be exempt from the deduction limits of Section 162(m). However, if stockholder approval of the Short-Term Incentive Compensation Plan is obtained at the 2007 Annual Meeting of Stockholders, performance-based annual incentive awards payable to the CEO and the next four most highly compensated executive officers will be made under that Plan beginning in 2007 and any such compensation will constitute performance-based compensation not subject to Section 162(m) of the Code. As currently granted by the Company, purchase restricted stock awards and stock option awards are not considered performance-based under Section 162(m) of the Code. While the Compensation Committee generally considers the tax and accounting consequences of various compensation arrangements in establishing an appropriate compensation program for executive officers, to maintain flexibility in compensating Cabot's executive officers in a manner designed to promote long-term corporate goals and objectives, the Committee has not adopted a policy that all compensation must be deductible or have the most favorable accounting treatment to the Company.

Elements of Executive Compensation

Base Salary. Increases in an officer's base salary are based primarily on the officer's performance, his or her duties and responsibilities, expectations concerning the individual's long-term potential at Cabot, the fairness of the salary within Cabot and salary levels in the competitive market. The Committee reviews and establishes the base salaries of the Company's officers each year, although they are not necessarily increased every year.

Performance-Based Annual Cash Incentive Awards. Performance-based annual incentive awards made to the executive officers are based primarily on an evaluation of performance against objectives that are set at the beginning of the fiscal year. The performance objectives include Company-wide, business unit and functional area goals, as well as individual performance goals.

For fiscal year 2006, the Company-wide performance goals established by the Committee included Company-wide revenue and profitability goals and other financial goals derived from the Company's annual business plan, as well as non-financial goals set forth in the Company's long-range plans established by the business units and functional areas of the Company. In assessing the Company's performance, the Committee also considered the Company's performance relative to that of the industry peer group and business model peer group based on the following measures: (i) earnings per share; (ii) return on equity;

(iii) return on assets; and (iv) total shareholder value return. The Committee does not assign a specific weight to the performance goals, and in assessing performance against objectives, the Committee considered actual results against the specific deliverables associated with each objective and business plan, the complexities inherent in each objective, the level of achievement against the objectives and market conditions. The Committee then made an overall assessment and judgment about each executive officer's performance and considered prior year awards, internal equity, and the overall market competitiveness of each officer's total cash and total compensation to determine the amount of the incentive bonus award. After considering the recommendations of Mr. Burnes and the Vice President of Human Resources, the Committee established a short-term incentive compensation pool for all eligible employees and allocated amounts from the pool to the executive officers of the Company. Twenty percent of the total short-term incentive compensation award pool in 2006 was granted to the Company's executive officers, which consists of seven individuals.

Long-Term Incentive Grants. Long-term incentive grants are primarily intended to link the long-term interests of the executive officers with those of the stockholders, provide incentive to improve the long-term performance and, therefore, the value of the Company, and to retain successful executives. Historically, under the long-term equity incentive program, participants, including the Company's executive officers, have been granted a specific number of shares of Common Stock (the Grant Number) that the participant may then elect either (i) to purchase as shares of restricted stock at 30% of the market price of such stock on the date of grant, or (ii) to receive as a non-qualified stock option for a number of shares of Cabot common stock equal to two times the Grant Number, exercisable at 100% of the market price of such stock on the date of the grant or, (iii) for the Company's executive officers only, a combination of purchase restricted stock and stock options. Both the purchase restricted stock and the stock options are subject to a three-year vesting period, and, except as noted below, the benefits of both types of grants (other than dividends already paid on the restricted stock) are forfeited if the executive leaves the Company prior to the end of such three-year period for any reason other than death or total and permanent disability, unless the Committee, in its sole discretion, determines otherwise. Under the terms of the Company's 1999 Equity Incentive Plan, pursuant to which long-term incentive awards that are scheduled to vest in May 2007 and May 2008 were granted to the Company's executive officers, if at the time of his or her retirement an employee is 60 years of age and has been employed by the Company for at least 15 years, any unvested equity award held by the employee for at least six months will vest automatically without any action of the Committee upon the satisfaction of certain conditions. The 2006 Long-Term Incentive Plan, which is the only equity incentive plan pursuant to which the Company may currently issue equity awards, does not contain a similar provision. Equity grants are made under the Company's long-term incentive program in May of each year and, historically, approximately 85% of the awards issued are in the form of purchase restricted stock.

The Committee, after considering the recommendations of Mr. Burnes and the Vice President of Human Resources established a pool of shares issuable to all eligible employees pursuant to the long-term incentive compensation program and then allocated shares from the pool to the executive officers of the Company based upon individual performance and potential, considering specifically each such individual's contribution and leadership capability. The Committee also considered prior equity awards made to the executive officer, internal equity and competitive market data. Twenty percent of the total shares granted under the program in 2006 were granted to the Company's executive officers.

Other Compensation. All of the Company's United States-based executive officers participate in the Company's Retirement Savings Plan (RSP) (a defined contribution plan), Cash Balance Plan (a hybrid pension plan), Supplemental RSP and Supplemental Cash Balance Plan. The Supplemental RSP and the Supplemental Cash Balance Plan provide benefits to Cabot's executive officers and other employees in circumstances where the maximum limits established by the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code prevent them from receiving some of the benefits

provided under the RSP or the Cash Balance Plan. In addition, Mr. Burnes accrues an additional benefit under the ESOP portion of the Supplemental RSP, as well as an additional benefit under the Supplemental Cash Balance Plan, in each case equal to the total benefits he would have accrued in any year under the plans if the maximum limits established under ERISA and the Code were not applicable, with the result that he in total accrues two times the benefit. Mr. Blevi is a participant in the Pension Plan & Life Insurance Plan (a defined benefit plan for managers of Cabot's Belgium subsidiary). The pension and other benefits provided under these plans are described in this proxy statement under the caption "Employment Contracts and Benefit Plans" beginning on page 30. Company matching and ESOP contributions under the RSP and the Supplemental RSP for the Company's named executive officers are included under the caption "All Other Compensation" in the Summary Compensation Table on page 32.

The Company provides the executive officers with limited perquisites, consisting principally of financial planning services. Mr. Blevi also receives the use of a car for personal purposes as well as a representation allowance intended to cover business expenses that are not typically reimbursed by the Company.

Share Retention Guidelines and Securities Trading Policies

Share Retention Guidelines. The Company does not have formal equity or other security ownership requirements or guidelines for its executive officers, however, because a material portion of each executive officer's compensation is equity-based and, for United States-based employees, the Company makes retirement plan contributions in the form of Cabot common and preferred stock, the Company's executive officers generally hold a significant amount of Cabot stock.

Securities Trading Policy. The Company has a policy that prohibits executive officers from engaging in any transaction in which they may profit from short-term speculative swings in the value of the Company's securities. This includes short sales (selling borrowed securities which the seller hopes can be purchased at a lower price in the future) or short sales against the box (selling owned, but not delivered securities), and put and call options (publicly available rights to sell or buy securities within a certain period of time at a specified price or the like). In addition, this policy is designed to ensure compliance with all insider trading rules.

Chief Executive Officer's Compensation

The Committee reviews and approves the corporate goals and objectives of Mr. Burnes, evaluates his performance in light of those goals and objectives and determines his compensation based on this evaluation.

Base Salary. Mr. Burnes' base salary during calendar year 2006 was \$850,000, and is the same for calendar year 2007.

Annual Incentive Payment. The Committee assessed Mr. Burnes' performance during the year by measuring the Company's performance under Company-wide financial and non-financial goals, the Company's performance relative to peer companies and Mr. Burnes' leadership. In assessing Mr. Burnes' leadership, the Committee assessed his overall leadership as well as his leadership with respect to (i) strategic planning; (ii) the Company's financial objectives and results; (iii) product and business process innovation and change; (iv) the development of a leadership pool and succession planning; (v) internal communications; (vi) external relations; and (vii) relations with the Board of Directors. Based on an evaluation of Mr. Burnes' performance and a review of market practices with respect to short-term incentive programs within the peer group companies, the Committee awarded Mr. Burnes a \$650,000 incentive payment.

Long-Term Incentive Grant. In fiscal year 2006, Mr. Burnes received a grant of 110,000 shares of Cabot common stock. Under the grant, Mr. Burnes elected to purchase 110,000 shares of restricted stock at a price per share equal to 30% of the market price of the common stock on the date of grant, in accordance with the terms of the award. The grant was based on the Committee's review of market practices with respect to long-term incentive award programs at Cabot's peer companies, and with consideration to overall Company performance as well as Mr. Burnes' leadership and continued contributions to the success of the Company.

Mr. Burnes' base salary and short and long-term incentive compensation for fiscal year 2006 were within competitive market practices for CEOs of the companies in both the industry and business model peer groups the Committee reviewed.

Annual CEO Compensation Review

The Committee reviewed all forms of Mr. Burnes' compensation and balances in equity and retirement plans earned in the last two fiscal years, including base salary, short-term incentive bonuses, and long-term incentive awards. The Committee also reviewed total payment obligations to Mr. Burnes under the Company's RSP, the Cash Balance Plan, the Supplemental RSP and the Supplemental Cash Balance Plan, the amount payable to him under the Senior Management Severance Protection Plan if his employment is terminated as a result of a change in control, unrealized gains and the value of dividends paid on shares of unvested restricted stock, and the cost of financial planning services, life insurance and health insurance provided by Cabot. Based on its review of all compensation paid or payable, the Committee determined that the total compensation paid to Mr. Burnes is fair and appropriate.

Conclusion

The Committee believes that the Company's fiscal 2006 executive compensation program met its objectives of attracting and retaining highly qualified management and employees, motivating them to achieve the business objectives of the Company and linking their interest with those of the Company's stockholders.

Employment Contracts and Benefit Plans

All of the United States-based named executive officers participate in Cabot's Cash Balance Plan, the Retirement Savings Plan, the Supplemental Cash Balance Plan, the Supplemental Retirement Savings Plan and the Death Benefit Protection Plan, which are described below. Mr. Blevi participates in the Belgium Pension Plan described below. In addition, all of the named executive officers are eligible to participate in the 2006 Long-Term Incentive Plan and the performance-based annual incentive award program, which are described above in the Compensation Committee Report on Executive Compensation.

Cash Balance Plan

The Cash Balance Plan is a hybrid pension plan for U.S.-based employees, in which participants accrue benefits in the form of account balances, with a guaranteed rate of return and defined notional contributions. For each year beginning with the Plan year commencing October 1, 1988, Cabot provides participants with annual pay-based credits equal to 3% of eligible compensation (which is generally defined to include base salary and bonus) during the first five years of service, 3.5% for the next five years and 4% after 10 years of service, plus additional credits of 2% of earnings in excess of the Social Security Wage Base. Account balances are credited with interest at the one-year U.S. Treasury bill rate determined as of November of the previous year until the participant begins receiving benefit payments. For 2006, the interest rate was 4.40%. Participants are 20% vested in the Company's contributions to their accounts after two years of employment with the Company, 40% vested after three years, 60% vested after four years and 100% vested after five years. At retirement, participants eligible for benefits may receive their vested account balance in a lump sum payment or as a monthly benefit payment having equivalent actuarial value. Benefits for service through September 30, 1988 are based on the Plan formula then in effect, and have been provided for through the purchase of a group annuity contract issued by an insurance company.

Retirement Savings Plan

The Retirement Savings Plan (RSP) is a U.S. defined contribution plan and has two components, a 401(k) plan and an Employee Stock Ownership Plan (ESOP). Other than certain employees who are subject to collective bargaining agreements, all employees of Cabot and its participating subsidiaries in the U.S. are eligible to participate in the RSP. Under the 401(k) portion, for employees not subject to collective bargaining agreements, Cabot makes a matching contribution of 75% of a participant's eligible before-tax or after-tax contribution up to 7.5% of the participant's eligible compensation. This matching contribution is in the form of Cabot stock. Under the ESOP, which is 100% Company funded, participants receive contributions in the form of convertible preferred stock each quarter based upon a pre-determined formula, in an amount at least equal to 4.8% of the employee's eligible compensation. The actual amount of the contribution in any given quarter varies, depending primarily on Cabot's stock price. In each quarter of the last three fiscal years, the contributions to each participant's account have been in an amount equal to 8% of his or her eligible compensation. Participants are 20% vested in the Company's 401(k) and ESOP contributions to their accounts after two years of employment with the Company, 40% vested after three years, 60% vested after four years and 100% vested after five years.

Supplemental Executive Plans

The Supplemental Cash Balance Plan and the Supplemental Retirement Savings Plan provide benefits to Cabot's executive officers and other employees in circumstances where the maximum limits established by the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code prevent them from receiving some of the benefits provided under the qualified Cash Balance Plan or the RSP. In addition to this benefit, Mr. Burnes accrues an additional benefit under both the ESOP portion of the Supplemental Retirement Savings Plan and the Supplemental Cash Balance Plan, in each case equal to the total benefits he would have accrued in any year under the plans if the maximum

limits established under ERISA and the Code were not applicable, with the result that he in total accrues two times the benefit.

Belgium Pension Plan

Mr. Blevi is a participant in the Pension Plan & Life Insurance Plan, a defined benefit plan for managers of Cabot's Belgian subsidiary, Specialty Chemicals Coordination Center S.A. (the Belgium Pension Plan). Upon retirement, participants under the Belgium Pension Plan are entitled to receive a benefit calculated on the basis of 1.20 times the participant's annual salary limited by a fixed ceiling, plus six times the portion of the participant's annual salary that exceeds the fixed ceiling, the result of which is then multiplied by the ratio between the participant's length of service and 40 years. The fixed ceiling is determined annually. In the event of the death of the participant before retirement, benefits in an amount equal to twice the participant's annual salary are payable. In either case, benefits may be received in a lump-sum or as a monthly pension having equivalent actuarial value. The benefits provided under the Belgium Pension Plan are provided through a group insurance contract that is managed individually for each participant, 100% of the cost of which is borne by Cabot.

Death Benefit Protection Plan

Cabot provides United States-based executive officers and other managers with death benefit protection in the amount of three times their salaries, including \$50,000 of group life insurance coverage (DBPP). No amount is accrued by Cabot for the benefit and, other than the group life insurance (which is available to all employees in amounts determined by the level of their salaries), the benefit is not funded by insurance on the lives of any of the named executive officers. Cabot's cost of the program generally is funded by insurance on the lives of various other present and former participants in the DBPP. The value of this benefit, based upon the taxable income it would constitute if it were insurance, has not exceeded \$20,000 per year in any of the last three fiscal years for any named executive officer.
