ANNUAL REPORT

December 31, 2006

(THIS PAGE INTENTIONALLY LEFT BLANK)

TCW Strategic Income Fund, Inc.

THE PRESIDENT'S LETTER

Dear Shareholder:

We are pleased to present the 2006 annual report of the TCW Strategic Income Fund, Inc. (the "Fund" or "TSI"), formerly known as the TCW Convertible Securities Fund, Inc. ("CVT"). On March 1, 2006, under the stewardship of Jeffrey Gundlach, Chief Investment Officer of the Fund's advisor, the Fund began a transition from a portfolio consisting almost entirely of convertible securities into a multi asset class portfolio. This action was initiated by the Board of Directors to address a situation whereby CVT's share price persistently traded at a significant discount to the Fund's net asset value ("NAV").

We are pleased with our progress to date. The Fund was in a ramp up mode for most of 2006 but we still made significant strides in achieving our objectives of earning the dividend, increasing the Fund's NAV, and reducing the discount. The Fund's discount was 8.8% at 12/31/06 versus 12.3% at 12/31/05. We are determined to narrow the discount even further in 2007. For the year, the Fund's shareholders realized a return of 17.5%, including dividends. The Fund's NAV increased by 12.16% (with dividends of 37.6 cents reinvested).

At year end, the Fund's restructuring was substantially complete and we have an 80%/20% target allocation between fixed income and equity securities going into 2007. The fixed income portfolio consists of collateralized debt obligation equity, high yield, asset-backed, and mortgage-backed securities. The equity portion of the portfolio consists of convertible and large cap value securities. The Fund has \$52.1 million of debt outstanding at year-end representing a leverage position of approximately 16%. On behalf of the Board and everyone at TCW, I would like to thank you for your continued support.

Sincerely,

Alvin R. Albe Jr.
President & Chief Executive Officer

NOTES TO FINANCIAL STATEMENTS

Note 1 Significant Accounting Policies:

TCW Strategic Income Fund, Inc. (formerly, TCW Convertible Securities Fund, Inc.) (the "Fund") was incorporated in Maryland on January 13, 1987 as a diversified, closed-end investment management company and is registered under the Investment Company Act of 1940, as amended. The Fund commenced operations on March 5, 1987. The Fund's investment objective is to seek a total return comprised of current income and capital appreciation by investing in convertible securities, marketable equity securities, investment-grade debt securities, high-yield debt securities, options, securities issued or guaranteed by the United States Government, its agencies and instrumentalities ("U.S. Government Securities"), repurchase agreements, mortgage related securities, asset-backed securities, money market securities and other securities without limit believed by the Fund's investment advisor to be consistent with the Fund's investment objective.

The preparation of the accompanying financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

The following is a summary of the significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America.

Security Valuation: Securities traded on national exchanges are valued at the last reported sales price or the mean of the current bid and asked prices if there are no sales in the trading period. Other securities which are traded on the over-the-counter market are valued at the mean of the current bid and asked prices. Short-term debt securities with maturities of 60 days or less at the time of purchase are valued at amortized cost. Other short-term debt securities are valued on a mark-to-market basis until such time as they reach a remaining maturity of 60 days, where upon they will be valued at amortized value using their value of the 61st day prior to maturity.

Security Transactions and Related Investment Income: Security transactions are recorded on the trade date. Dividend income is recorded on the ex-dividend date, while interest income is recorded on the accrual basis. Discounts, including original issue discounts, and premiums on securities purchased are amortized using a constant yield-to-maturity method. Realized gains and losses on investments are recorded on the basis of specific identified cost.

Distributions: Distributions to shareholders are recorded on ex-dividend date. The Fund declares and pays, or reinvests, dividends quarterly based on the managed distribution plan adopted by the Fund's Board of Directors. Under the Plan, the Fund will distribute a cash dividend equal to 7% of the Fund's net asset value on an annualized basis. The distribution will be based on the Fund's net asset value from the previous calendar year-end. The source for the dividend comes from net investment income and net realized capital gains measured on a fiscal year basis. Any portion of the distribution that exceeds income and capital gains will be treated as a return of capital. Under certain conditions (which the Fund presently meets), federal tax regulations cause some or all of the return of capital to be taxed as ordinary income. Income and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences may be primarily due to differing treatments for market discount and premium, losses deferred due to wash sales and spillover distributions. Permanent book and

TCW Strategic Income Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (CONT'D)

tax basis differences relating to shareholder distributions will result in reclassifications to paid-in-capital and may affect net investment income per share.

Repurchase Agreements: The Fund may invest in repurchase agreements secured by U.S. Government Securities. A repurchase agreement arises when the Fund purchases a security and simultaneously agrees to resell it to the seller at an agreed upon future date. The Fund requires the seller to maintain the value of the securities, marked to market daily, at not less than the repurchase price. If the seller defaults on its repurchase obligation, the Fund could suffer delays, collection expenses and losses to the extent that the proceeds from the sale of the collateral are less than the repurchase price.

Note 2 Federal Income Taxes:

It is the policy of the Fund to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and distribute all of its net taxable income, including any net realized gains on investments, to its shareholders. Therefore, no federal income tax provision is required.

At December 31, 2006, the Fund had a total loss carryforward for federal income tax purposes of \$82,492,716 which will expire in 2009 (\$9,890,154), 2010 (\$61,853,273) and in 2011 (\$10,749,289).

Also for the year ended December 31, 2006, the Fund distributed, on a tax basis, \$17,901,357 all of which is characterized as ordinary income.

At December 31, 2006, net unrealized appreciation for federal income tax purposes is comprised of the following components:

Appreciated securities	\$ 11,169,378
Depreciated securities	(3,756,559)
Net unrealized appreciation	\$ 7,412,819
Cost of securities for federal income tax purposes	\$ 328,129,609

The following reclassifications have been made for the permanent differences between book and tax accounting as of December 31, 2006:

	Increase (Decrease)
Distributions in excess of net investment income	\$ 3,470,154
Accumulated net realized loss on investments	\$ (1,129,409)
Paid-in capital	\$ (2,340,745)

Note 3 Investment Advisory and Service Fees:

TCW Investment Management Company (the "Advisor") is the investment advisor to the Fund. As compensation for the services rendered, facilities provided, and expenses borne, the Advisor is paid a monthly fee by the Fund computed at the annual rate of 0.75% of the first \$100 million of the Fund's average managed assets and 0.50% of the Fund's average managed assets in excess of \$100 million.

Edgar Filing: TCW STRATEGIC INCOME FUND INC - Form N-CSR

In addition to the management fees, the Fund reimburses, with approval by the Fund's Board of Directors, a portion of the Advisor's costs associated in support of the Funds' Rule 38a-1 compliance obligations, which is included in the Statement of Operations.

Note 4 Purchases and Sales of Securities:

For the year ended December 31, 2006, purchases and sales or maturities of investment securities (excluding short-term investments) aggregated \$422,718,203 and \$436,760,903, respectively, for non-U.S. Government securities and aggregated \$62,593,775 and \$9,345,470, respectively, for U.S. Government securities.

Note 5 Security Lending:

During the year ended December 31, 2006, the Fund lent securities to brokers. The brokers provided collateral, which must be maintained at not less than 100% of the value of the loaned securities, to secure the obligation. At December 31, 2006, the cash collateral

NOTES TO FINANCIAL STATEMENTS (CONT'D)

received from borrowing brokers was \$10,506,687 which is 102.9% of the value of loaned securities. The Fund receives income, net of broker fees, by investing the cash collateral in short-term investments.

Note 6 Directors' Fees:

Directors who are not affiliated with the Advisor received, as a group, fees and expenses of \$86,854 from the Fund for the year ended December 31, 2006. Certain Officers and/or Directors of the Fund are also Officers and/or Directors of the Advisor.

Note 7 Restricted Securities:

The Fund is permitted to invest in securities that are subject to legal or contractual restrictions on resale. These securities generally may be resold in transactions exempt from registration or to the public if the securities are registered. Disposal of these securities may involve time consuming negotiations and expense, and prompt sale at an acceptable price may be difficult. There were no restricted securities (excluding 144A issues) at December 31, 2006.

Note 8 Loan Outstanding:

The Fund is permitted to have bank borrowings for investment purposes. The Fund has entered into a line of credit agreement with The Bank of New York which permits the Fund to borrow up to \$100 million at a rate, per annum, equal to the Federal Funds Rate plus 0.75%. The average daily loan balance during the period for which loans were outstanding amounted to \$38,944,229, and the weighted average interest rate was 5.874%. Interest expense for the line of credit was \$1,423,846 for the year ended December 31, 2006. The outstanding borrowing under the line of credit was \$52,100,000 at December 31, 2006.

Note 9 Recently Issued Accounting Pronouncements

In June 2006, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109 ("FIN 48"). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in a Fund's financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes. FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. FIN 48 is effective during the first required first financial reporting period for fiscal years beginning after December 15, 2006. Management is currently evaluating the impact, if any, of applying the various provisions of FIN 48 on the Fund's financial statements.

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, Fair Value Measurements ("FAS 157"). FAS 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles and expands disclosure about fair value measurements. FAS 157 is effective for fiscal years beginning after November 15, 2007, and will be disclosed accordingly in the future financial reports.

TCW Strategic Income Fund, Inc.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of TCW Strategic Income Fund, Inc.:

We have audited the accompanying statement of assets and liabilities of TCW Strategic Income Fund, Inc. (formerly TCW Convertible Securities Fund, Inc.) (the "Fund"), including the schedule of investments, as of December 31, 2006, and the related statement of operations and cashflows for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2006 by correspondence with the custodian and brokers; where replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of TCW Strategic Income Fund, Inc. as of December 31, 2006, the results of its operations and its cashflows for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

TCW Strategic Income Fund, Inc.

Proxy Voting Guidelines

The policies and procedures that the Fund uses to determine how to vote proxies are available without charge. The Board of Directors of the Fund has delegated the Fund's proxy voting authority to the Advisor.

Disclosure of Proxy Voting Guidelines

The proxy voting guidelines of the Advisor are available:

1. By calling (877) 829-4768 to obtain a hard copy; or
2. By going to the SEC website at <http://www.sec.gov>.

When the Fund receives a request for a description of the Advisor's proxy voting guidelines, it will be sent out via first class mail (or other means designed to ensure equally prompt delivery) within three business days of receiving the request.

The Advisor, on behalf of the Fund, shall prepare and file Form N-PX with the SEC not later than August 31 of each year, which shall include the Fund's proxy voting record for the most recent twelve-month period ended June 30 of that year. The Fund's proxy voting record for the most recent twelve-month period ended June 30 is available:

1. By calling (877) 829-4768 to obtain a hard copy; or
2. By going to the SEC website at <http://www.sec.gov>.

When the Fund receives a request for the Fund's proxy voting record, it will send the information disclosed in the Fund's most recently filed report on Form N-PX via first class mail (or other means designed to ensure equally prompt delivery) within three business days of receiving the request. The Fund also discloses its proxy voting record on its website as soon as is reasonably practicable after its report on Form N-PX is filed with the SEC.

Availability of Quarterly Portfolio Schedule

The Fund files a complete schedule of its portfolio holdings with the SEC for the first and third quarters of its fiscal year on Form N-Q. The Form N-Q is available by calling (877)829-4768 to obtain a hard copy. You may also obtain the Fund's Form N-Q:

1. By going to the SEC website at <http://www.sec.gov>; or
2. By visiting the SEC's Public Reference Room in Washington, D.C. and photocopying it (Phone 1-800-SEC-0330 for information on the operation of the SEC's Public Reference Room).

Corporate Governance Listing Standards

In accordance with Section 303A.12 (a) of the New York Stock Exchange Listed Company Manual, the Fund's Annual CEO Certification certifying as to compliance with NYSE's Corporate Governance Listing Standards was submitted to the Exchange on August 4, 2006.

What You Should Know

At TCW, we recognize the importance of keeping information about you secure and confidential. *We do not sell or share your nonpublic personal and financial information with marketers or others outside our affiliated group of companies.*

We carefully manage information among our affiliated group of companies to safeguard your privacy and to provide you with consistently excellent service.

We are providing this notice to you to comply with the requirements of Regulation S-P, "Privacy of Consumer Financial Information," issued by the United States Securities and Exchange Commission.

Our Privacy Policy

We, The TCW Group, Inc. and its subsidiaries, the TCW Funds, Inc., and TCW Strategic Income Fund, Inc. (collectively, "TCW") are committed to protecting the nonpublic personal and financial information of our customers and consumers who obtain or seek to obtain financial products or services primarily for personal, family or household purposes. We fulfill our commitment by establishing and implementing policies and systems to protect the security and confidentiality of this information.

In our offices, we limit access to nonpublic personal and financial information about you to those TCW personnel who need to know the information in order to provide products or services to you. We maintain physical, electronic and procedural safeguards to protect your nonpublic personal and financial information.

Categories of Information We Collect

We may collect the following types of nonpublic personal and financial information about you from the following sources:

Your name, address and identifying numbers, and other personal and financial information, from you and from identification cards and papers you submit to us, on applications, subscription agreements or other forms or communications.

Information about your account balances and financial transactions with us, our affiliated entities, or nonaffiliated third parties, from our internal sources, from affiliated entities and from nonaffiliated third parties.

Information about your account balances and financial transactions and other personal and financial information, from consumer credit reporting agencies or other nonaffiliated third parties, to verify information received from you or others.

Categories of Information We Disclose to Nonaffiliated Third Parties

We may disclose your name, address and account and other identifying numbers, as well as information about your pending or past transactions and other personal financial information, to nonaffiliated third parties, as necessary to execute, process, service and confirm your securities transactions and mutual fund transactions, to administer and service your account and commingled investment vehicles in which you are invested, or to market our products and services through joint marketing arrangements.

Reminder About TCW's Financial Products

Financial products offered by The TCW Group, Inc. and its subsidiaries, the TCW Funds, Inc. and TCW Strategic Income Fund, Inc.:

Are not guaranteed by a bank;

Are not obligations of The TCW Group, Inc. or of its subsidiaries;

Are not insured by the Federal Deposit Insurance Corporation; and

Are subject to investment risks, including possible loss of the principal amount committed or invested, and earnings thereon.

DIVIDEND REINVESTMENT PLAN:

Shareholders who wish to add to their investment may do so by making an election to participate in the Dividend Reinvestment Plan (the "Plan"). Under the Plan, your dividend is used to purchase shares on the open market whenever shares, including the related sales commission, are selling below the Fund's net asset value per share. You will be charged a pro-rata portion of brokerage commissions on open-market purchases under the Plan. If the market price, including commission, is selling above the net asset value, you will receive shares at a price equal to the higher of the net asset value per share on the payment date or 95% of the closing market price on the payment date. Generally, for tax purposes, shareholders participating in the Plan will be treated as having received a distribution from the Fund in cash equal to the value of the shares purchased for them under the Plan.

To enroll in the Plan, if your shares are registered in your name, write to the Bank of New York, Church Street Station, P.O. Box #11002, New York, New York 10277-0770, or call toll free at (800) 524-4458. If your shares are held by a brokerage firm, please call your broker. If you participate in the Plan through a broker, you may not be able to transfer your shares to another broker and continue to participate in the Plan if your new broker does not permit such participation. If you no longer want to participate in the Plan, please contact the Bank of New York or your broker. You may elect to continue to hold shares previously purchased on your behalf or to sell your shares and receive the proceeds, net of any brokerage commissions. If you need additional information or assistance, please call our investor relations department at (877) 829-4768 or

visit our website at www.tcw.com. As always, we would be pleased to accommodate your investment needs.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

**Proxy Voting Guidelines and Procedures
January 2006**

Introduction

Certain affiliates of The TCW Group, Inc. (these affiliates are collectively referred to as *TCW*) act as investment advisors for a variety of clients, including mutual funds. If TCW has responsibility for voting proxies in connection with these investment advisory duties, or has the responsibility to specify to an agent of the client how to vote the proxies, TCW exercises such voting responsibilities for its clients through the corporate proxy voting process. TCW believes that the right to vote proxies is a significant asset of its clients' holdings. In order to provide a basis for making decisions in the voting of proxies for its clients, TCW has established a proxy voting committee (the *Proxy Committee*) and adopted these proxy voting guidelines and procedures (the *Guidelines*). The Proxy Committee generally meets quarterly (or at such other frequency as determined by the Proxy Committee), and its duties include establishing proxy

voting guidelines and procedures, overseeing the internal proxy voting process, and reviewing proxy voting issues. The members of the Proxy Committee include TCW personnel from the investment, compliance, legal and marketing departments. TCW also uses outside proxy voting services (each an *Outside Service*) to help manage the proxy voting process. The Outside Service facilitates TCW's voting according to the Guidelines (or, if applicable, according to guidelines submitted by TCW's clients) and helps maintain TCW's proxy voting records. All proxy voting and record keeping by TCW is, of course, dependent on the timely provision of proxy ballots by custodians, clients and other third parties. Under specified circumstances described below involving potential conflicts of interest, the Outside Service may also be requested to help decide certain proxy votes. In certain limited circumstances, particularly in the area of structured financing, TCW may enter into voting agreements or other contractual obligations that govern the voting of shares. In the event of a conflict between any such contractual requirements and the Guidelines, TCW will vote in accordance with its contractual obligations.

Philosophy

The Guidelines provide a basis for making decisions in the voting of proxies for clients of TCW. When voting proxies, TCW's utmost concern is that all decisions be made solely in the interests of the client and with the goal of maximizing the value of the client's investments. With this goal in mind, the Guidelines cover various categories of voting decisions and generally specify whether TCW will vote for or against a particular type of proposal. TCW's underlying philosophy, however, is that its portfolio managers, who are primarily responsible for evaluating the individual holdings of TCW's clients, are best able to determine how to further client interests and goals. The portfolio managers may, in their discretion, take into account the recommendations of TCW management, the Proxy Committee, and the Outside Service.

Overrides and Conflict Resolution

Individual portfolio managers, in the exercise of their best judgment and discretion, may from time to time override the Guidelines and vote proxies in a manner that they believe will enhance the economic value of clients' assets, keeping in mind the best interests of the beneficial owners. A portfolio manager choosing to override the Guidelines must deliver a written rationale for each such decision to TCW's Proxy Specialist (the *Proxy Specialist*), who will maintain such documentation in TCW's proxy voting records and deliver a quarterly report to the Proxy Committee of all votes cast other than in accordance with the Guidelines. If the Proxy Specialist believes there is a question regarding a portfolio manager's vote, she will obtain the approval of TCW's Director of Research (the *Director of Research*) for the vote before submitting it. The Director of Research will review the portfolio manager's vote and make a determination. If the Director of Research believes it appropriate, she may elect to convene the Proxy Committee.

It is unlikely that serious conflicts of interest will arise in the context of TCW's proxy voting, because TCW does not engage in investment banking or the managing or advising of public companies. In the event a potential conflict of interest arises in the context of voting proxies for TCW's clients, the primary means by which TCW will avoid a conflict is by casting such votes solely in the interests of its clients and in the interests of maximizing the value of their portfolio holdings. In this regard, if a potential conflict of interest arises, but the proxy vote to be decided is predetermined hereunder to be cast either in favor or against, then TCW will vote accordingly.

On the other hand, if a potential conflict of interest arises, and there is no predetermined vote, such vote is to be decided on a case-by-case basis or if the portfolio manager would like to override a predetermined vote, then TCW will undertake the following analysis.

First, if a potential conflict of interest is identified because the issuer soliciting proxy votes is itself a client of TCW's (or because an affiliate of such issuer, such as a pension or profit sharing plan sponsored by such issuer, is a client of TCW's), then the Proxy Specialist will determine whether such relationship is deemed material to TCW. In making this determination, a conflict of interest will not be deemed to be material unless the assets managed for that client by TCW exceed, in the aggregate, 0.25% (25 basis points) or more of TCW's total assets under management. If such a material conflict is deemed to have arisen, then TCW will refrain completely from exercising its discretion with respect to voting the proxy with respect to such vote and will, instead, refer that vote to an outside service for its independent consideration as to how the vote should be cast.

Second, a potential conflict of interest may arise because an employee of TCW sits on the Board of a public company. The Proxy Specialist is on the distribution list for an internal chart that shows any Board seats in public companies held by TCW personnel. If the Proxy Specialist confirms that such Board member is not the portfolio manager and, that the portfolio manager has not spoken with such Board member, then such conflict of interest will not be deemed to be material. If, on the other hand, either the particular Board member is the portfolio manager or there has been communication concerning such proxy vote between the portfolio manager and the particular Board member, then the Proxy Specialist will provide the Proxy Committee with the facts and vote rationale so that it can determine and vote the securities. The vote by the Proxy Committee will be documented.

Third, a potential conflict of interest may arise if the issuer is an affiliate of TCW. It is currently not anticipated that this would be the case, but if this were to arise TCW will refrain completely from exercising its discretion with respect to voting the proxy with respect to such a vote and will, instead, refer that vote to an outside service for its independent consideration as to how the vote should be cast.

Finally, if any other portfolio manager conflict is identified with respect to a given proxy vote, the Proxy Committee will remove such vote from the conflicted portfolio manager and will itself consider and cast the vote.

Proxy Voting Information and Recordkeeping

Upon request, TCW provides proxy voting records to its clients. These records state how votes were cast on behalf of client accounts, whether a particular matter was proposed by the company or a shareholder, and whether or not TCW voted in line with management recommendations. TCW is prepared to explain to clients the rationale for votes cast on behalf of client accounts. To obtain proxy voting records, a client should contact the Proxy Specialist.

TCW or an outside service will keep records of the following items: (i) these Proxy Voting Guidelines and any other proxy voting procedures; (ii) proxy statements received regarding client securities (unless such statements are available on the SEC's Electronic Data Gathering,

Analysis, and Retrieval (EDGAR) system); (iii) records of votes cast on behalf of clients (if maintained by an outside service, that outside service will provide copies of those records promptly upon request); (iv) records of written requests for proxy voting information and TCW's response (whether a client's request was oral or in writing); and (v) any documents prepared by TCW that were material to making a decision how to vote, or that memorialized the basis for the decision. Additionally, TCW or an outside service will maintain any documentation related to an identified material conflict of interest.

TCW or an outside service will maintain these records in an easily accessible place for at least *five years* from the end of the fiscal year during which the last entry was made on such record. For the first *two years*, TCW or an outside service will store such records at its principal office.

International Proxy Voting

While TCW utilizes these Proxy Voting Guidelines for both international and domestic portfolios and clients, there are some significant differences between voting U.S. company proxies and voting non-U.S. company proxies. For U.S. companies, it is relatively easy to vote proxies, as the proxies are automatically received and may be voted by mail or electronically. In most cases, the officers of a U.S. company soliciting a proxy act as proxies for the company's shareholders.

For proxies of non-U.S. companies, however, it is typically both difficult and costly to vote proxies. The major difficulties and costs may include: (i) appointing a proxy; (ii) knowing when a meeting is taking place; (iii) obtaining relevant information about proxies, voting procedures for foreign shareholders, and restrictions on trading securities that are subject to proxy votes; (iv) arranging for a proxy to vote; and (v) evaluating the cost of voting. Furthermore, the operational hurdles to voting proxies vary by country. As a result, TCW considers international proxy voting on a case-by-case basis. However, when TCW believes that an issue to be voted is likely to affect the economic value of the portfolio securities, that its vote may influence the ultimate outcome of the contest, and that the benefits of voting the proxy exceed the expected costs, TCW will make every reasonable effort to vote such proxies.

Guidelines

The proxy voting decisions set forth below refer to proposals by company management except for the categories of Shareholder Proposals and Social Issue Proposals. The voting decisions in these latter two categories refer to proposals by outside shareholders.

Governance

- **For** director nominees in uncontested elections

Item 8. Portfolio Managers of Closed-End Management Investments Companies.

(a) Portfolio Managers

Jeffrey E. Gundlach

President and Chief Investment Officer TCW Asset Management Company; Group Managing Director and Chief Investment Officer, TCW Investment Management Company and Trust Company of the West

(b) Other Accounts Managed as of December 31, 2006 in millions

	Registered Investment Companies			Other Pooled Investment Vehicles			Registered Investment Companies			Other Pooled Investment Vehicles		
	Number of Accounts	Total Assets	Number of Accounts	Total Assets	Number of Accounts	Total Assets	Number of Accounts	Total Assets	Number of Accounts	Total Assets		
Jeffrey E. Gundlach	3	\$ 856.4	15	\$ 14,876.3	94	\$ 20,569.0	0		4	\$ 328.9	11	\$ 3,706.6

(c) Conflicts

Actual or potential conflicts of interest may arise when a portfolio manager has management responsibilities to more than one account (including the Fund), such as devotion of unequal time and attention to the management of the accounts, inability to allocate limited investment opportunities across a broad band of accounts and incentive to allocate opportunities to an account where the portfolio manager or The TCW Group of Companies (TCW) has a greater financial incentive, such as a performance fee account or where an account or fund managed by a portfolio manager has a higher fee sharing arrangement than the portfolio manager's fee sharing percentage with respect to the Fund. TCW has adopted policies and procedures reasonably designed to address these types of conflicts and TCW believes its policies and procedures serve to operate in a manner that is fair and equitable among its clients, including the Fund.

(d) Portfolio Manager Compensation

The overall objective of the compensation program for portfolio managers is for the Advisor to attract what it considers competent and expert investment professionals and to retain them over the long-term. Compensation is comprised of several components which, in the aggregate are designed to achieve these objectives and to reward the portfolio managers for their contribution to the success of their clients and the Advisor and its affiliates within The TCW Group (collectively, TCW). Portfolio managers are compensated through a combination of base salary, profit sharing based compensation (profit sharing), bonus and equity incentive participation in the Advisor's immediate

parent, The TCW Group, Inc. and/or ultimate parent, Société Générale (*equity incentives*). Profit sharing and equity incentives generally represent most of the portfolio managers' compensation. In some cases, portfolio managers are eligible for discretionary bonuses.

Salary. Salary is agreed to with managers at time of employment and is reviewed from time to time. It does not change significantly and often does not constitute a significant part of the portfolio manager's compensation.

Profit Sharing. Profit sharing is linked quantitatively to a fixed percentage of income relating to accounts in the investment strategy area for which the portfolio managers are responsible and is paid quarterly. Profit sharing may be determined on a gross basis, without the deduction of expenses; in most cases, revenues are allocated to a pool and profit sharing compensation is paid out after the deduction of group expenses. The profit sharing percentage used to compensate a portfolio manager for management of the Fund is generally the same as that used to compensate them for all other client accounts they manage in the same strategy for TCW, with limited exceptions involving grandfathered accounts (accounts that become clients of TCW before or after a specified date or former clients of a manager that joined TCW from another firm), firm capital of TCW or accounts sourced through a distinct distribution channel. Income included in a profit sharing pool will relate to the products managed by the portfolio manager. In some cases, the pool includes revenues related to more than one equity or fixed income product where the portfolio managers work together as a team, in which case each participant in the pool is entitled to profit sharing derived from all the included products. In certain cases, a portfolio manager may also participate in a profit sharing pool that includes revenues from products besides the strategies offered in the TCW Funds, including alternative investment products (as described below); the portfolio manager would be entitled to participate in such pool where he or she supervises, is involved in the management of, or is associated with a group, other members of which manage, such products. Profit sharing arrangements are generally the result of agreement between the portfolio manager and TCW, although in some cases they may be discretionary based on supervisor allocation.

In some cases, the profit sharing percentage is subject to increase based on the relative pre-tax performance of the investment strategy composite returns, net of fees and expenses, to that of the benchmark. The measurement of performance relative to the benchmark can be based on single year or multiple year metrics, or a combination thereof. The benchmark used is the one associated with the Fund managed by the portfolio manager as disclosed in the prospectus, except in the case of the Growth Insights Fund where profit sharing of managers is tied to the full menu of TCW-managed equity products that outperform their associated benchmarks. Benchmarks vary from strategy to strategy but, within a given strategy, the same benchmark applies to all accounts, including the Funds. In the case of the Equities and Focused Equities Funds, which have two benchmarks, the Russell 1000 Value is used.

Certain accounts of TCW (but not the Funds) have a performance (or incentive) fee in addition to or in lieu of an asset-based fee. For these accounts, the profit sharing pool from which the portfolio managers' profit sharing compensation is paid will include the performance fees. For investment strategies investing in marketable securities such as those employed in the Funds, the performance fee normally consists of an increased asset-based fee, the increased percentage of which is tied to the performance of the account relative to a benchmark (usually the benchmark associated with the strategy). In these marketable securities strategies, the profit sharing percentage applied relative to performance fees is generally the same as it is for the asset-based fees chargeable to the Fund. In the case of alternative investment strategies and TCW's alpha strategies, performance fees are based on the account achieving net gains over a specified rate of return to the account or to a class of securities in the account. Profit sharing for alternative investment strategies may also include structuring or transaction fees. *Alpha strategies* are those in which the strategy seeks to provide incremental risk-adjusted return relative to a LIBOR rate of return through alpha and beta isolation techniques, that include the use of options, forwards and derivative instruments. *Alternative investment strategies* include (a) mezzanine or other forms of privately placed financing, distressed investing, private equity, project finance, real estate investments, leveraged strategies (including short sales) and other similar strategies not employed by the Funds or (b) strategies employed by the Funds that are offered in structured vehicles, such as collateralized loan obligations or collateralized debt obligations or in private funds (sometimes referred to as hedge funds). In the case of certain alternative investment products in which a portfolio manager may be entitled to profit sharing compensation, the profit sharing percentage for performance fees may be lower or higher than the percentage applicable to the asset-based fees.

Discretionary Bonus/Guaranteed Minimums. In general, portfolio managers do not receive discretionary bonuses. However, in some cases where portfolio managers do not receive profit sharing or where the company has determined the combination of salary and profit sharing does not adequately compensate the portfolio manager, discretionary bonuses may be paid by TCW. Also, pursuant to contractual arrangements, some portfolio managers may be entitled to a mandatory bonus if the sum of their salary and profit sharing does not meet certain minimum thresholds.

Equity Incentives. All portfolio managers participate in equity incentives based on overall firm performance of TCW and its affiliates, through stock ownership or participation in stock option or stock appreciation plans of TCW and/or Société Générale. The TCW 2001 and 2005 TCW Stock Option Plans provide eligible portfolio managers the opportunity to participate in an effective economic interest in TCW, the value of which is tied to TCW's annual financial performance as a whole. Participation is generally determined in the discretion of TCW, taking into account factors relevant to the portfolio manager's contribution to the success of TCW. Portfolio managers participating in the TCW 2001 or 2005 TCW Stock Option Plan will also generally participate in

Société Générale's Stock Option Plan which grants options on its common stock, the value of which may be realized after certain vesting requirements are met. Some portfolio managers are direct stockholders of TCW and/or Société Générale, as well.

Other Plans and Compensation Vehicles. Portfolio managers may also participate in a deferred compensation plan that is generally available to a wide-range of officers of TCW, the purpose of which is to allow the participant to defer portions of income to a later date while accruing earnings on a tax-deferred basis based on performance of TCW-managed products selected by the participant. Portfolio managers may also elect to participate in TCW's 401(k) plan, to which they may contribute a portion of their pre- and post-tax compensation to the plan for investment on a tax-deferred basis.

Following the sale of TCW to Société Générale in 2001, a retention plan was put in place in which most portfolio managers then at TCW were entitled to participate. The retention plan provides for payout of fixed bonus compensation to participants at various milestones over the course of five years, the last of which will be paid in February 2007.
