Item 1.01 Entry into a Material Definitive Agreement.

Amended and Restated Loan Agreement

On March 6, 2008, Power One Inc., (the Company) entered into an Amended and Restated Term Loan Agreement (the Amended Loan Agreement) with PWER Bridge, LLC (PWER Bridge), pursuant to which the maturity date of the \$50 million promissory note (the Note) issued by the Company to PWER Bridge, which was originally due on April 30, 2008, was extended to April 30, 2010. The original Term Loan Agreement was entered into in connection with the acquisition of the Power Electronics Group of Magnetek, Inc. In connection with obtaining the extension, the Company paid PWER Bridge a loan extension fee of \$500,000, equal to 1% of the outstanding amount of the Note.

Under the terms of the Amended Loan Agreement, interest will continue to accrue at 12% per annum on the outstanding principal balance of the Note and will be payable monthly in cash. A maintenance fee is payable on each anniversary of the date of the Amended Loan Agreement, equal to 1% of the outstanding principal balance on such date, and the Note is prepayable at any time without premium or penalty. The Amended Loan Agreement contains customary representations and warranties, events of default and affirmative and restrictive covenants. Specifically, the Amended Loan Agreement contains covenants that, in general, limit, the sale of assets except in the ordinary course of business, the incurrence of certain indebtedness or the issuance of securities (subject to certain exceptions), mergers, consolidations or other corporate events not otherwise permitted, the lines of business in which the Company may engage, the payment of dividends or repurchase of common stock, the amendment of the charter or bylaws of the Company, and the existence of any lien (subject to certain exceptions). The Amended Loan Agreement provides for events of default that would permit PWER Bridge to accelerate the maturity of the Note upon, in general, failure to make payments thereon, failure to timely comply with the covenants, representations and warranties contained therein in all material respects, certain events of insolvency or dissolution, defaults under other debt agreements permitting acceleration or certain legal proceedings under such agreements, the occurrence of certain legal judgments against the Company, the occurrence of certain materially adverse events, or the occurrence of certain events constituting a change of control. The Amended Loan Agreement also requires the Company to perform certain affirmative covenants, including the delivery of certain reports and information, payment of certain expenses and delivery of certain notices.

Security Agreement

In connection with the Amended Loan Agreement and to secure its obligations thereunder, the Company entered into a Security Agreement (the Security Agreement) in favor of PWER Bridge, pursuant to which certain inventory and accounts receivable of the Company and its domestic subsidiaries and certain interests in the equity of the Company s directly held foreign subsidiaries, have been pledged to secure the obligations of the Company under the Amended Loan Agreement.

Warrant Agreement

The Company also entered into a warrant agreement (the Warrant Agreement) with PWER Bridge, pursuant to which the Company issued PWER Bridge warrants exercisable for up to 2,000,000 shares of common stock of the Company (the Warrants). The vesting schedule for the exercise of the Warrants is as follows: warrants for 500,000 shares vested immediately upon the closing on March 6, 2008; 750,000 shares will vest on September 30, 2008 if any principal amount remains outstanding under the Note on such date; and 750,000 shares will vest on March 31, 2009 if any principal amount remains outstanding under the Note on such date. The exercise price for the Warrants is \$2.50, which was the closing price of the Company s common stock on the NASDAQ Global Market on March 6, 2008. The Warrant Agreement contains customary anti-dilution provisions and permits cashless exercise of the Warrants.

Registration Rights Agreement

The shares of the Company underlying the Warrants are also entitled to registration rights that obligate the Company to file a shelf registration statement within 90 days, and use all commercially reasonable efforts to have the shelf registration statement declared effective by the Securities and Exchange Commission within 90 days from its filing. The Company is to keep the shelf registration statement effective until all the registered shares have been sold pursuant to the shelf registration statement or pursuant to Rule 144 promulgated under the Securities Act of 1933, as amended (the Securities Act). The Company is required to bear the expenses of the shelf registration.

Edgar Filing: POWER ONE INC - Form 8-K
