EXPLANATORY NOTES TO THE QUARTERLY INFORMATION (ITR)

FOR SEPTEMBER 30, 2009

(R\$ 000, except where otherwise stated)

1) OPERATIONAL CONTEXT

Companhia Energética de Minas Gerais (**Cemig** or the Company), a listed corporation registered in the Brazilian Registry of Corporate Taxpayers (CNPJ) under number 17.155.730/0001-64, operates exclusively as a holding company, with stockholdings in companies controlled individually or jointly, the principal objectives of which are the construction and operation of systems for generation, transformation, transmission, distribution and sale of electricity, and also activities in the various fields of energy, for the purpose of commercial operation.

On September 30, 2009 **Cemig** had stockholdings in the following companies in operation (the information on markets served, and installed capacity, has not been reviewed by our external auditors):

- **Cemig Geração e Transmissão S.A.** (**Cemig GT**) (subsidiary, 100.00% stake) registered with the CVM (Brazilian Securities Commission): Generation and transmission of electricity, through 46 power plants, 43 being hydroelectric, one a wind power plant and two thermal plants; and transmission lines, most of which are part of the Brazilian national generation and transmission grid system. **Cemig GT** has stockholdings in the following subsidiaries:

- **Hidrelétrica Cachoeirão S.A.** (jointly controlled stake 49.00%): Production and sale of electricity as an independent power producer, through the *Cachoeirão* hydroelectric power plant located at Pocrane, in the State of Minas Gerais, with installed capacity of 27MW (not reviewed by external auditors). The plant began operating in 2009.

- **Central Eólica Praias de Parajuru S.A.** (jointly controlled stake 49.00%): Production and sale of electricity at the *Parajuru* Wind Farm in the municipality of Beberibe in the state of Ceará, Northern Brazil, with installed capacity of 28.8MW. The plant began operating in August 2009.

- **Baguari Energia S.A.** (jointly controlled, 69.39% stake): Construction, operation, maintenance and commercial operation of the *Baguari* Hydroelectric Plant, through its participation in the **UHE Baguari Consortium (Baguari Energia 49.00%, Neoenergia 51.00%)**, with installed capacity of 140MW (information not reviewed by external auditors), on the Doce River in Governador Valadares, Minas Gerais State. The plant's first unit began operating in September 2009. The second unit is planned to start operating in December 2009 (2nd unit), and February 2010 (3rd unit).

Subsidiaries of **Cemig GT** at pre-operational stage:

- **Guanhães Energia S.A.** (jointly controlled, 49.00% stake): Production and sale of electricity through building and commercial operation of the following Small Hydro Plants in Minas Gerais state: *Dores de Guanhães*, *Senhora do Porto and Jacaré*, in the municipality of *Dores de Guanhães*; and *Fortuna II*, in the municipality of *Virginópolis*. The plants are at construction phase, with operational startup scheduled for 2009, and will have totaled installed capacity of 44MW (information not reviewed by external auditors)

- **Cemig Baguari Energia S.A.** (subsidiary, 100.00% stake): Production and sale of electricity as an independent producer in future projects.

Table of Contents

- **Madeira Energia S.A.** (jointly controlled, 10.00% stake): Implementation, construction, operation and commercial operation of the *Santo Antônio* Hydroelectric Plant in the Madeira river basin, in the State of Rondônia, with power of 3,150 MW (information not reviewed by external auditors) and commercial startup scheduled for 2012.
- **Hidrelétrica Pipoca S.A.** (jointly controlled, 49.00% stake): Independent production of electricity, through construction and commercial operation of the *Pipoca* Small Hydro Plant, with installed capacity of 20MW (information not reviewed by external auditors), located on the Manhuaçu River, in the municipalities of Caratinga and Ipanema, in the State of Minas Gerais. Operational startup is scheduled for April 2010.
- **Empresa Brasileira de Transmissão de Energia (EBTE)** (jointly-controlled subsidiary, 49.00% stake): Holder of a public electricity transmission concession for transmission lines in the state of Mato Grosso. Operational startup is scheduled for June 2010.
- **Central Eólica Volta do Rio S.A.** (jointly controlled stake 49.00%): Production and sale of electricity at the *Volta do Rio* Wind Power Plant in the municipality of Aracaju in the state of Ceará, Northern Brazil, with installed capacity of 42MW. The plant is planned to start operating by the end of 2009.
- **Central Eólica Praia do Morgado S.A.** (jointly controlled stake 49.00%): Production and sale of electricity at the *Praia do Morgado* Wind Farm in the municipality of Aracaju in the state of Ceará, Northern Brazil, with installed capacity of 79.2MW. The plant is planned to start operating by the end of 2009.
- **Cemig Distribuição S.A.** (**Cemig D** or Cemig Distribution) (subsidiary 100% stake) registered with the CVM (Securities Commission): Distribution of electricity through distribution networks and lines in approximately 97.00% of the Brazilian state of Minas Gerais.
- **Rio Minas Energia Participações (RME)** (jointly controlled 25.00% stake): Holds 79.39% of the registered capital of **Light S.A.** (**Light**), the holding company that has 100% control of the distribution concession holder **Light Serviços de Eletricidade S.A.**, with 3.9 million consumers in 31 municipalities of the state of Rio de Janeiro, and the generating company **Light Energia S.A.**, which has installed generating capacity of 855 MW.
- **Sá Carvalho S.A.** (subsidiary 100.00% stake): Production and sale of electricity, as a public electricity service concession holder, through the *Sá Carvalho* hydroelectric power plant.
- **Usina Térmica Ipatinga S.A.** (subsidiary 100% stake): Production and sale, as an Independent Power Producer, of thermally generated electricity, through the *Ipatinga* thermal plant, located on the premises of **Usiminas** (Usinas Siderúrgicas de Minas Gerais S.A.).

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

- **Companhia de Gás de Minas Gerais Gasmig (Gasmig)** (jointly controlled 55.19% stake): Acquisition, transport and distribution of combustible gas or sub-products and derivatives, through concession for distribution of gas in the State of Minas Gerais.

- **Empresa de Infovias S.A. (Infovias)** (subsidiary 100.00% stake) registered for listing with the CVM (Securities Commission): Commercially operates specialized services in telecommunications, through an integrated system consisting of fiber optic cables, coaxial cables, electronic and associated equipment (multi-service network).

- **Efficientia S.A.** (subsidiary 100.00% stake): Provides electricity efficiency and optimization services and energy solutions through studies and execution of projects, as well as providing services of operation and maintenance in energy supply facilities.

Table of Contents

- **Horizontes Energia S.A.** (subsidiary 100.00% stake): Production and sale of electricity, as an independent power producer, through the *Machado Mineiro* and *Salto do Paraopeba* hydroelectric power plants, in the State of Minas Gerais, and the *Salto do Voltão* and *Salto do Passo Velho* power plants in the State of Santa Catarina.
- **Central Termelétrica de Cogeração S.A.** (subsidiary, 100.00% stake): Production and sale of electricity produced by thermal generation as an independent producer in future projects.
- **Rosal Energia S.A.** (subsidiary 100.00% stake): Production and sale of electricity, as a public electricity service concession holder, through the *Rosal* hydroelectric power plant located on the border between the States of Rio de Janeiro and Espírito Santo, Brazil.
- **Central Hidrelétrica Pai Joaquim S.A.** (subsidiary 100.00% stake): Production and sale of electricity as an independent producer in future projects.
- **Cemig PCH S.A.** (subsidiary 100.00% stake): Production and sale of electricity as an independent power producer, through the *Pai Joaquim* hydroelectric power plant.
- **Cemig Capim Branco Energia S.A.** (subsidiary 100.00% stake): Production and sale of electricity as an independent power producer, through the *Capim Branco I* and *II* hydroelectric power plants, built through a consortium with private-sector partners.
- **UTE Barreiro S.A.** (subsidiary 100.00% stake): Production and sale of thermally generated electricity, as an independent power producer, through construction and operation of the *UTE Barreiro* thermal generation plant, located on the premises of **V&M do Brasil S.A.**, in the state of Minas Gerais.
- **Companhia Transleste de Transmissão** (jointly controlled 25.00% stake): Operation of the 345kV transmission line connecting the substation located in *Montes Claros* to the substation of the *Irapé* hydroelectric power plant.
- **Cemig Trading S.A.** (subsidiary: 100.00% stake): Sale and intermediation of business transactions related to energy.
- **Companhia Transudeste de Transmissão** (jointly controlled 24.00% stake): Construction, operation and maintenance of national grid transmission lines and facilities the 345kV *Itutinga Juiz de Fora* transmission line.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

- Companhia **Transirapé de Transmissão** (jointly controlled 24.50% stake): Construction, operation and maintenance of the 230kV *Irapé Araçuaí* transmission line also part of the national grid.
- **ETEP** (Empresa Paraense de Transmissão de Energia S.A.) (jointly controlled stake of 39.33%): Holder of a public service electricity transmission concession, for a 500kV transmission line in the State of Pará.
- **ENTE** (Empresa Norte de Transmissão de Energia S.A.) (jointly controlled 36.69% stake): Holder of a public service electricity transmission concession, for two 500kV transmission lines in the States of Pará and Maranhão.
- **ERTE** (Empresa Regional de Transmissão de Energia S.A.) (jointly controlled 36.69% stake): Holder of a public service electricity transmission concession, for a 230kV transmission line in the State of Pará.
- **EATE** (Empresa Amazonense de Transmissão de Energia S.A.) (jointly controlled 35.34% stake): Holder of a public service electricity transmission concession, for the 500kV transmission lines between the sectionalizing Substations of *Tucuruí, Marabá, Imperatriz, Presidente Dutra* and *Açailândia*.

Table of Contents

- **ECTE** (Empresa Catarinense de Transmissão de Energia S.A.) (jointly controlled, 13.37% stake): Holder of a public electricity transmission service concession operating a 525kV transmission line in the State of Santa Catarina.
- **Axxiom Soluções Tecnológicas S.A. (Axxiom)** (jointly controlled 49.00% stake): Formed in August 2007 to provide complete services of implementation and management of systems for electricity sector companies.

Cemig also has stockholdings in the companies listed below which were at pre-operational stage on September 30, 2009:

- **Companhia de Transmissão Centroeste de Minas** (jointly controlled 51.00% stake): Construction, operation and maintenance of the 345kV *Furnas Pimenta* transmission line part of the national grid.
- **Transchile Charrúa Transmisión S.A. (Transchile)** (jointly controlled 49.00% stake): Implementation, operation and maintenance of the *Charrúa Nueva Temuco* 220kV transmission line and two sections of transmission line at the Charrúa and Nueva Temuco substations, in the central region of Chile. The head office of Transchile is in Santiago, Chile.

Where Cemig exercises joint control it does so through stockholders agreements with the other stockholders of the investee company.

2) PRESENTATION OF THE QUARTERLY INFORMATION

The Quarterly Information (ITR), both for the holding company, and the consolidated information, was prepared according to Brazilian accounting practices, comprising: the Brazilian Corporate Law; the statements, orientations and interpretations issued by the Brazilian Accounting Statements Committee; rules of the Brazilian Securities Commission (CVM *Comissão de Valores Mobiliários*); and rules of the specific legislation applicable to holders of Brazilian electricity concessions, issued by the Brazilian National Electricity Agency, Aneel.

This Quarterly Information (ITR) has been prepared according to principles, practices and criteria consistent with those adopted in the preparation of the annual financial statements at December 31, 2008. Hence this Quarterly Information should be read in conjunction with those annual accounting statements.

Additionally, to optimize the information provided to the market, the Company is presenting, in Explanatory Note 35, income statements separated by company. All the information presented was obtained from the accounting records of the Company and its subsidiaries.

Change in the Brazilian Corporate Law

Law 11638/07 changed, repealed and created new provisions in the Brazilian Corporate Law, in the chapter relating to disclosure and preparation of Accounting Statements. Among other aspects, these changed the criterion for recognition and valuation of assets and liabilities. These changes, in effect from January 1, 2008, aim to increase the transparency of the accounting statements of Brazilian companies and eliminate some regulatory barriers that were an obstacle to convergence with international financial reporting standards (IFRS).

Law 11638/07, and Provisional Measure 449/08 (which was converted into Law 11941 of May 27, 2009), changed Law 6404/76 in aspects related to the preparation and disclosure of accounting statements.

Cemig first adopted the changes to the Corporate Law introduced by Law 11638, approved on December 28, 2007, as amended by Provisional Measure 449 of December 3, 2008, in the preparation of its accounting statements for 2008.

Table of Contents**Criterion for consolidation of the Quarterly Information**

The Quarterly Information (ITR) of the subsidiaries and jointly-controlled companies mentioned in Explanatory Note 1 has been consolidated. The jointly-controlled subsidiaries were consolidated based on the method of proportional consolidation, applicable to each component of their accounting statements. All the subsidiaries, including those that are jointly controlled, follow accounting practices that are consistent with those of the holding company.

In the consolidation, the holdings of the holding company in the Stockholders' equity of the controlled companies, and the significant balances of assets, liabilities, revenues and expenses arising from transactions effected between the companies, have been eliminated.

The portion relating to the holdings of minority stockholders in the Stockholders' equity of the subsidiaries is shown separately in Liabilities.

The accounting statements of **Transchile**, for the purpose of consolidation, are converted from Chilean accounting principles to Brazilian accounting principles, with Chilean pesos being converted to Reais at the exchange rate of the last day of the quarter, since the functional currency of **Cemig** is the Real.

The dates of the accounting statements of the subsidiaries and jointly-controlled subsidiaries used for calculation of equity gains (losses) and consolidation coincide with those of the holding company.

3) CASH AND CASH EQUIVALENTS

	Consolidated			Holding company		
	09/30/2009		06/30/2009	09/30/2009		06/30/2009
Bank accounts	99,587		139,371	9,033		33,694
Cash investments						
Bank certificates of deposit	2,584,619		2,025,418	108,498		87,068
Treasury Financial Notes (LFTs)	41,983		28,517	196		179
National Treasury Notes (LTNs)	8,507		14,802	176		330
Others	34,473		42,169	42		51
	2,669,582		2,110,906	108,912		87,628
	2,769,169		2,250,277	117,945		121,322

Cash investments consist of transactions carried out with Brazilian financial institutions. These transactions are contracted at normal market rates and conditions. They have high liquidity, are promptly convertible into a known amount of cash, and are subject to an insignificant risk of change in value.

These financial investments are, substantially, bank certificates of deposit and fixed income funds, remunerated, substantially, by the variation on CDIs (interbank certificates of deposit), at returns varying from 101.00% to 103.00% of the CDI rate.

Table of Contents**4) CONSUMERS AND TRADERS****Current assets**

	Consolidated		Holding company		
	09/30/2009	06/30/2009	09/30/2009		06/30/2009
Retail supply invoiced	1,995,272	1,803,031	50,000		50,997
Retail supply not invoiced	598,024	733,918			
Wholesale supply to other concession holders	54,926	80,372			
(-) Provision for doubtful receivables	(437,966)	(383,825)	(50,000)		(50,997)
	2,210,256	2,233,496			

Credits receivable in Non-current assets (Long-term receivables) from an industrial consumer of **Cemig D** and **Cemig GT**, in the amount of R\$ 99,352 at September 30, 2009, not paid due to an injunction that allowed this payment not to be made until final judgment of a legal action challenging the tariff increase during the *Cruzado* Economic Plan (made by Ministerial Order 45 of 1986), are recorded in the accounts. The Company expects that the amounts mentioned will be received in full.

Under rules laid down by Aneel, the criteria for constitution of provisions are as follows: (i) for consumers with significant debts payable, an individual analysis is made of the balance, taking into account the history of default, negotiations in progress and the existence of real guarantees; (ii) for other consumers, the following are provisioned in full: debts receivable and unpaid for more than 90 days from residential consumers; more than 180 days from commercial consumers; and more than 360 days for the other consumer categories.

The Provision for doubtful receivables is considered to be sufficient to cover any losses in the realization of these assets.

5) REGULATORY ASSETS AND LIABILITIES

The General Agreement for the Electricity Sector, signed in 2001, and the new regulations governing the electricity sector, resulted in the constitution of several regulatory assets and liabilities, and also in deferral of federal taxes applicable to these assets and liabilities (which are settled as and when the assets and liabilities are received and/or paid), as follows:

	Consolidated	
	09/30/2009	06/30/2009

		(895,769)	(958,422)
Total		720,193	889,884

Table of Contents

6) THE EXTRAORDINARY TARIFF RECOMPOSITION, AND PORTION A

The Brazilian federal government, through the Electricity Emergency Chamber (GCE), signed an agreement with the electricity distributors and generators in 2001, named "The General Agreement for the Electricity Sector", which set criteria for ensuring the economic and financial equilibrium of concession contracts and for recomposition of the extraordinary revenues and losses which occurred during the Rationing Program, through an Extraordinary Tariff Recomposition (RTE), given to compensate for the variation in non-manageable costs of Portion A that took place in the period from January 1 to October 25, 2001.

a) The Extraordinary Tariff Recomposition

The RTE came into effect on December 27, 2001, through the following tariff adjustments:

- Adjustment of 2.90% for consumers in the residential classes (excluding low-rental consumers), and consumers in the rural, public-illumination and high-voltage industrial categories for whom the cost of electricity represents 18.00% or more of the average cost of production and which meet certain requirements related to load factor and electricity demand, specified in the Resolution.
- Increase of 7.90% for other consumers.

The RTE was used to compensate the following items:

- Losses of invoiced sales revenue in the period from June 1, 2001 to February 28, 2002, corresponding to the difference between **Cemig's** estimated revenue if the rationing program had not been put in place and the actual revenue while the program was in place, according to a formula published by Aneel. Calculation of this value did not take into account any losses from default by consumers.
- Pass-through to be made to the generators who bought energy in the MAE which was succeeded in 2004 by the Electricity Trading Chamber (the CCEE), in the period from June 1, 2001 to February 28, 2002, for more than R\$ 49.26/MWh (referred to as "Free Energy").

The period of validity of the RTE of **Cemig D** and of **Light Serviços de Eletricidade S.A. (Light SESA)**, of 74 months, expired in February 2008.

b) Portion A

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

The items of Portion A are defined as being the sum of the differences, positive or negative, in the period January 1 to October 25, 2001, between the amounts of the non-manageable costs presented on the basis of the calculation for determination of the last annual tariff adjustment and the disbursements which actually took place in the period.

The recovery of Portion A began in March 2008, shortly after the end of the period of validity of the RTE, using the same recovery mechanisms, that is to say, the adjustment that was applied to tariffs for compensation of the amounts of the RTE will continue in effect for compensation of the items of Portion A .

The Portion A credits are updated by the variation in the Selic rate up to the month in which they are actually offset, and there is no time limit for their realization.

As and when amounts of Portion A are received through the tariff, Cemig transfers those amounts from Assets to the Income statement. In the case of **Cemig D** (Cemig Distribuição S.A.), the amounts transferred in 2009 are as follows:

Table of Contents

Amounts transferred to expenses	09/30/2009	06/30/2009
Energy bought for resale	143,829	93,758
Fuel Consumption Account CCC	63,688	41,516
Global Reversion Reserve RGR	6,364	4,149
Tariff for transport of electricity from Itaipu	2,456	1,601
Tariff for use of national grid transmission facilities	16,449	10,723
Royalties for use of water resources	5,649	3,682
Connection Realization of Portion A	347	226
Delivery service inspection charge	596	388
	239,378	156,043

Composition of the balances of Portion A

The amounts to be received in relation to Portion A, recorded in Assets, are:

	09/30/2009	Consolidated 06/30/2009
Cemig D		
Compensation of the items of Portion A	814,833	806,994
Amounts received	(506,842)	(423,508)
Total of Portion A	307,991	383,486
Current assets	307,991	317,042
Non-current assets		66,444

7) THE REVIEW OF THE TRANSMISSION TARIFF

Cemig GT's first Tariff Review was approved by the Council of Aneel on June 17, 2009. In it Aneel set the percentage for repositioning of the Company's Permitted Annual Revenue (RAP) at 5.35%, backdated to 2005.

Aneel established a financial component of R\$ 158,090 to be paid to the Company through the Adjustment Portion (PA) in 24 months. This is the backdated effect of the tariff repositioning over the period from July 1, 2005 to June 30, 2009. The first installment, of R\$ 85,732, was incorporated into the adjustment for the 2009-10 cycle, and the second portion, of R\$ 72,358, will be compensated in the 2010-11 adjustment.

As and when amounts of the Adjustment Portion are received through the tariff, the Company transfers the corresponding amount records in Assets to the Income statement. The record of accounting of the Adjustment Portion is as follows:

Components of the Adjustment Portion

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

	Balance on 06/30/2009	Monetary updating	Amortization	Balance on 09/30/2009
National grid	128,823	(226)	(17,037)	111,560
Frontier areas	13,899	(13)	(2,633)	11,253
Other Transmission Facilities (DIT)	15,368	(30)	(1,763)	13,575
	158,090	(269)	(21,433)	136,388
Current				82,321
Non-current				54,067

As specified in the Company's concession contract, the calculations of the revision were made on the basis of the whole of the Company's transmission assets, and not only on the assets relating to the new facilities.

Table of Contents**8) TRADERS TRANSACTIONS IN FREE ENERGY**

The receivables of the subsidiary **Cemig GT** for transactions in Free Energy in the Electricity Trading Chamber (CCEE) during the period of the Rationing Program are as follows:

	Consolidated	
	09/30/2009	06/30/2009
ASSETS		
Amounts to be received from distributors	39,180	40,132
Provision for losses in realization	(18,203)	(17,813)
	20,977	22,319
Current	10,120	17,573
Non-current	10,857	4,746

The amounts receivable in Assets are the difference between the prices paid by **Cemig GT** in the transactions in energy on the CCEE, during the period when the Rationing Program was in effect, and R\$ 49.26/MWh. This difference is to be reimbursed by the distributors through the amounts raised by means of the RTE, as defined in the General Agreement for the Electricity Sector.

In accordance with Aneel Resolution 36 of January 29, 2003, the electricity distributors have, since March 2003, been collecting the amounts obtained monthly by means of the RTE and passing them through to the generators and distributors that have amounts to be received, among which **Cemig GT** is included.

The amounts receivable by **Cemig GT** are updated by the variation in the Selic rate plus 1.00% interest per year.

The conclusion of certain court proceedings in progress, brought by market agents, in relation to interpretation of the rules in force at the time of the transactions on the CCEE, could result in changes in the amounts recorded.

Provision for losses in realization

The provision currently constituted, of R\$ 18,203, represents the losses that are expected as a result of the period of receipt of the RTE from the distributors that are still passing through funds to the Company not being sufficient for complete settlement of the amounts owed.

9) ANTICIPATED EXPENSES AND REGULATORY LIABILITIES CVA

The balance on the Account to Compensate for Variation of Portion A items (known as the CVA account) is made up of the positive and negative differences between the estimate of non-manageable costs used for deciding the tariff adjustment, and the payments actually made. The variations resulting from the calculation are compensated in the subsequent tariff adjustments.

The balance on the CVA account is shown below:

	09/30/2009	Consolidated	06/30/2009

	1,619,088		1,524,305	200,051		201,295

The balances of income tax and Social Contribution tax refer to tax credits in corporate income tax returns of previous years, and advance payments made in 2009, which will be offset against federal taxes payable, calculated for the year 2009, posted in Taxes, charges and contributions .

The credits of ICMS tax recoverable, posted in Long term assets, arise from acquisitions of fixed assets, and can be offset in 48 months.

The Company has filed a consultation with the Minas Gerais State Tax Department for clarification of questions related to the use of part of the ICMS credits recorded in current and non-current assets. The reply is awaited in the fourth quarter of 2009. The transfer to Current assets was made in accordance with the amounts that were already to have been realized in the CIAP (Permanent Assets ICMS Credits Account) and those yet to be realized up to September 2010.

11) TAX CREDITS**a) Deferred income tax and Social Contribution tax:**

Cemig and its subsidiaries have deferred income tax credits, constituted at the rate of 25.00%, and deferred Social Contribution tax credits, at the rate of 9.00%, as follows:

	Consolidated		Holding company	
	09/30/2009	06/30/2009	09/30/2009	06/30/2009

Table of Contents

At its meeting on February 12, 2009, the Board of Directors approved a technical study prepared by the CFO's department of forecast future profitability adjusted to present value, which show capacity for realization of the deferred tax asset in a maximum period of 10 years, as defined in CVM Instruction 371. This study includes **Cemig** and its subsidiaries **Cemig GT** and **Cemig D** and was also submitted to Cemig's Audit Board, on February 5, 2009.

In accordance with the individual estimates of **Cemig** and its subsidiaries, future taxable profits enable the deferred tax asset existing on September 30, 2009 to be realized as follows:

	Consolidated	Holding company
2009	215,158	20,335
2010	273,422	23,953
2011	130,337	25,699
2012	114,957	25,699
2013	113,241	28,912
2014 to 2016	71,890	2,562
2017 to 2019	47,109	618
	966,114	127,778

On September 30, 2009 the holding company had tax credits in the amount of R\$ 409,330 not recognized in its Quarterly Information.

The credits not recognized consists basically of the actual loss arising from the assignment of the credits of Accounts receivable from the Minas Gerais State Government to the Credit Receivables Fund in the first quarter of 2006 (as per Explanatory Note 12). As a result of this assignment, the Provision made in previous years for losses on recovery of the amounts became deductible for the purposes of income tax and Social Contribution. The portion not recognized in relation to this issue is R\$ 408,320.

Due to the provision of Brazilian tax legislation that allows companies to deduct payments of Interest on Equity from taxable profit, **Cemig** has adopted the tax option of paying Interest on Equity to its stockholders. In accordance with its tax planning, after the offsetting in the coming years of the offsetable taxes recorded, the Company will pay Interest on Equity in an amount that will reduce its taxable profit to an amount close to or equal to zero. As a consequence, this alternative will eliminate the payment of income tax and the Social Contribution tax by the Holding Company, and the tax loss carryforwards not recognized will not be recovered.

b) Reconciliation of the expense on income tax and Social Contribution:

This table shows the reconciliation of the nominal expense on income tax (rate 25%) and Social Contribution tax (rate 9%) with the expense shown in the Income statement:

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

	Consolidated		Holding company	
	09/30/2009	09/30/2008	09/30/2009	09/30/2008
Profit before income tax and Social Contribution tax	2,289,901	2,645,084	1,526,497	1,734,874

Others	28,390	15,981	536	(429)
Income tax and Social Contribution tax effective expense	(720,657)	(853,029)	(96,717)	(91,171)

Table of Contents

c) Transition taxation regime:

Provisional Measure 449/2008, of December 3, 2008, which was converted into Law 11941 of 2009, instituted the Transition Tax Regime (RTT), which aims to neutralize the impacts of the new accounting methods and criteria introduced by Law 11638/07, in calculation of the taxable amounts for federal taxes.

Application of the RTT is optional for the years 2008 and 2009, and obligatory starting in 2010, for corporate entities subject to Corporate Income Tax, in accordance with the systems of the two tax reporting methods: the Real Profit and the Presumed Profit methods.

The Company opted for adoption of the RTT in the 2009 corporate tax return for calendar year 2008 and additionally will have until November 30, 2009 to prepare the Transition Accounting Tax Monitoring (FCONT) created by Normative Instruction 949/2009 of the Brazilian federal tax authority.

12) ACCOUNTS RECEIVABLE FROM THE GOVERNMENT OF THE STATE OF MINAS GERAIS IN THE FORM OF RIGHTS TO RECEIVABLES

The outstanding credit balance receivable on the CRC (Results Compensation) Account was transferred to the State of Minas Gerais in 1995, under an Agreement to assign that account (the CRC Agreement), in accordance with Law 8724/93, for monthly amortization over 17 years starting on June 1, 1998, with annual interest of 6% plus monetary updating by the Ufir index.

The First Amendment to the CRC Agreement, signed on January 24, 2001, replaced the monetary updating unit in the agreement, which had been the Ufir, with the IGP-DI inflation index, backdated to November 2000, due to the abolition of the Ufir in October 2000.

Second and Third Amendments to the CRC Agreement were signed in October 2002, setting new conditions for amortization of the credits receivable from the Minas Gerais state government. The main clauses were:

(i) monetary updating by the IGP-DI inflation index; (ii) amortization of the two amendments by May 2015; (iii) interest rates of 6.00% and 12.00% for the Second and Third Amendments, respectively; and (iv) guarantee of retention, in full, of dividends owed to Minas Gerais state, for settlement of the Third Amendment.

a) Fourth Amendment to the CRC Agreement

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

As a result of default in receipt of the credits specified in the Second and Third Amendments, the Fourth Amendment was signed, with the aim of making possible full receipt of the CRC balance through retention of dividends becoming payable to State Government. This agreement was approved by the Extraordinary General Meeting of Stockholders completed on January 12, 2006.

The Fourth Amendment to the CRC contract had backdated effect on the outstanding balance existing on December 31, 2004, and consolidated the amounts receivable under the Second and Third Amendments, corresponding to a total of R\$ 4,231,937 on September 30, 2009.

The state government is amortizing this debt in 61 consecutive half-yearly installments, becoming due by June 30 and December 31 of each year, from June 2005 to June 2035. The amounts of the portions for amortization of the principal, updated by the IGP-DI inflation index, increase over the period, from R\$ 28,828 for the first installment, to R\$ 90,068 for the sixty-first (in currency of September 31, 2009).

Table of Contents

The debt is being amortized, as priority, by retention of 65% of the minimum obligatory dividends payable to the State Government. If the amount is not enough to amortize the portion becoming due, the retention may be of up to 65% of all and any amount of extraordinary dividends or extraordinary Interest on Equity. The dividends retained are to be used for amortization of the agreement in the following order: (i) settlement of past due installments; (ii) settlement of an installment for the current half-year; (iii) anticipated settlement of up to 2 installments; and, (iv) amortization of the debtor balance.

On September 30, 2009, R\$ 76,905 had been amortized in advance, namely the installments of the Agreement to become due on December 31, 2009 and June 30, 2010.

The Fourth Amendment provides that, so as to ensure complete receipt of the credits, the provisions of the Bylaws must be obeyed they define certain targets to be met annually in conformity with the Strategic Plan, as follows:

Target	Index required
Debt / Ebitda	Less than 2 (1)
(Debt) / (Debt plus Stockholders equity)	40% or less (2)
Capital expenditure and acquisition of assets	40%, or less, of Ebitda

Ebitda = Earnings before interest, taxes on profit, depreciation and amortization.

- (1) Less than 2.5 in certain situations specified in the Bylaws.
- (2) 50% or less, in certain situations also specified in the Bylaws.

b) Transfer of the CRC credits to a Receivables Investment Fund (FIDC)

On January 27, 2006 **Cemig** transferred the CRC credits into a Receivables Investment Fund (FIDC). The amount of the FIDC was established by the administrator based on long-term financial projections for **Cemig**, with estimation of the dividends that will be retained for amortization of the outstanding debtor balance on the CRC Agreement. Based on these projections, the FIDC was valued at a total of R\$ 1,659,125, of which R\$ 900,000 in senior units and R\$ 759,125 in subordinated units.

The senior units were subscribed and acquired by financial institutions and will be amortized in 20 half-yearly installments, from June 2006, updated by the variation of the CDI plus interest of 1.7% of interest per year, guaranteed by **Cemig**.

The subordinated units were subscribed by **Cemig** and correspond to the difference between the total value of the FIDC and the value of the senior units.

The updating of the subordinated units corresponds to the difference between the valuation of the FIDC using a rate of 10.00% per year, and the increase in value of the senior units by the variation of the CDI plus interest of 1.70% per year.

Table of Contents

Movement in the FIDC in 3Q09 was as follows:

	Consolidated and Holding company
Balance at June 30, 2009	1,813,461
Monetary updating on the senior units	23,795
Monetary updating on the subordinated units	17,554
Amortization of the senior units	(73,693)
Balance on September 30, 2009	1,781,117
Composition of the FIDC on September 30, 2009	
- Senior units held by third parties	927,631
- Subordinated units owned by Cemig	849,970
Dividends retained by the Fund	3,516
	853,486
Total	1,781,117

A portion of the dividends proposed by the Executive Board and the Board of Directors, to be distributed to stockholders arising from the profit for 2008, are posted in Current liabilities. Of the dividends to be distributed, R\$ 105,119 is payable to the Minas Gerais State Government, of which R\$ 68,327 will be retained for settlement of part of the receivables on the CRC becoming due.

c) Criterion of consolidation for the FIDC

Due to the guarantee offered by **Cemig** of settlement of the senior units, in the event that the dividends due to the state government are not sufficient for amortization of the installments, the consolidated Quarterly Information presents the balance of the FIDC registered in full in **Cemig**, and the senior units are presented as a debt under Loans and financings in Current and Non-current liabilities. Similarly, in the consolidation, the monetary updating of the FIDC has been recognized in full as a financial revenue, and in counterpart, the amount of the monetary updating of the senior units is recorded as a cost of debt.

13) REGULATORY ASSET PIS, PASEP AND COFINS TAXES

Federal Laws 10637 and 10833 changed the bases of application, and increased the rate, of the PIS, PASEP and COFINS taxes. As a result of these alterations there was an increase in PIS/PASEP expenses from December 2002 to March 2005 and in expenses on the COFINS tax from February 2004 to June 2005.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

In view of the fact that this increase in the expense should be repaid to the company through tariffs, the credits were registered, in accordance with a criterion laid down by Aneel, as a Regulatory asset, and in counterpart, the expense on PIS, Pasep and Cofins taxes was reduced.

The Company expects reimbursement of this asset in the forthcoming tariff adjustments, in accordance with an administrative appeal filed with Aneel.

b) Goodwill on the acquisition of Light

A discount was ascertained on the acquisition, corresponding to the difference between the amount paid by **RME** and the book value of the stake in the stockholders' equity of **Light**, in the amount of R\$ 364,961 (**Cemig**'s portion is 25.00%). This discount arises from the estimate of the results of future years as a function of the commercial operation of the electricity distribution and generation concessions, and is being amortized from October 2006 to May 2026, the date of the termination of the distribution concession, on a straight-line basis. The remaining value of the discount (R\$ 77,322) is presented in the consolidation as a non-current asset, in the account line Other obligations.

c) **Goodwill on acquisition of stake in electricity transmission companies in 2006**

The goodwill on the acquisition of the electricity companies:

Empresa Amazonense de Transmissão de Energia S.A. EATE,

Empresa Paraense de Transmissão de Energia S.A. EPTE,

Empresa Norte de Transmissão de Energia S.A. ENTE,

Empresa Regional de Transmissão de Energia S.A. ERTE, and

Empresa Catarinense de Transmissão de Energia S.A. ECTE,

corresponding to the difference between the amount paid and the book value of the stake in the stockholders' equity of the jointly-controlled subsidiaries, arises from the expectation of future earnings on the basis of the commercial operation of the transmission concessions. The goodwill will be amortized over the remaining period of the concessions (from August 2006 to 2030/2032).

Table of Contents

In the consolidated Quarterly Information the value of the goodwill has been incorporated into Intangible assets, on the basis of the value attributed to the use of the concession.

d) Goodwill on the acquisition of stakes in wind farms in 2009

The goodwill on the acquisition of the electricity companies: **Central Eólica Praias de Parajuru S.A.**, **Central Eólica Praias de Morgado S.A.** and **Central Eólica Volta do Rio S.A.**, corresponding to the difference between the amount paid and the accounting value of the stake in the stockholders' equity of the jointly-controlled subsidiaries arises from added value of the concession as a function of its commercial operation in the period specified by the regulator. The goodwill will be amortized over the remaining period of validity of the concessions.

The net consolidated assets acquired of the Wind power companies at August 14, 2009 are as follows:

	Morgado	Parajuru	Volta do Rio	Total
ASSETS

Table of Contentse) **Consortia**

Cemig participates in consortia for electricity generation concessions, for which companies with an independent legal existence were not constituted to administer the object of the concession, the controls being maintained in the books of account of **Cemig**, of the specific portion equivalent to the investments made, as follows:

	Stake in the electricity generated %	Average annual depreciation rate %	Consolidated 09/30/2009	Consolidated 06/30/2009
In service				
Porto Estrela Plant	33.33	2.48	38,625	38,625

Amador Aguiar I e II Plants	21.05	2.51	55,588	54,466
Accumulated depreciation			(131,476)	(128,345)
Total, in service			956,148	945,032
In progress				
Queimado Plant	82.50			13,125
Funil Plant	49.00		1,008	872
Aimorés Plant	49.00		1,058	
Baguari Plant	34.00		174,042	164,325
Total, under progress			176,108	178,322
Total, consortia			1,132,256	1,123,354

The depreciation of the goods contained in the property, plant and equipment of the consortia is calculated by the straight-line method, based on rates established by Aneel.

f) **New acquisitions**Acquisition of 65.85% of Terna Participações S.A.

On April 23, 2009 **Cemig GT** acquired, from **Terna S.p.A.**, 65.85% of **Terna Participações S.A.**, a holding company operating in electricity transmission, with a presence in 11 of Brazil's States, for R\$ 2.15 billion. The holding company controls a total of six companies which, in aggregate, operate a total of more than 3,750 km of transmission lines.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

On August 5, 2009 **Cemig**'s Board of Directors approved, as an alternative to acquisition of all of the shares of **Terna Participações S.A.** (**Terna**) held by **Terna Rete Elettrica Nazionale S.p.A** (**Terna S.p.A**), as specified as optional under the Share Purchase Agreement signed on that date between **Cemig GT** and **Terna S.p.A.**, the possibility of reduction of the final stockholding interest to be held by **Cemig GT** in **Terna**, in that acquisition, to a minimum level of 50% less 1 (one) of the common shares in **Terna**, and, as to the preferred shares, to a minimum representing the percentage realized by the Public Offer to purchase the shares of the minority stockholders in that company, through a partnership to be constituted with **Fundo de Investimentos em Participação Coliseu (FIP Coliseu)**.

On October 19, 2009 **Cemig GT** published its announcement of completion of the public distribution of units of the First Issue by **FIP Coliseu**, structured by **Banco Modal S.A.**, in the total amount of R\$ 1,330,000. The amount was sufficient for that fund to acquire 51% of the common shares of **Terna Participações S.A.** (**Terna**). A meeting of the Board of Directors has been scheduled to decide on the contractual instruments that will regulate the Company's partnership with **FIP Coliseu** in the acquisition of 100% of the shares of **Terna** held by **Terna Rete Elettrica Nazionale S.p.A** (**Terna S.p.A**), subject of the Share Purchase Agreement signed on April 23, 2009 between **Cemig GT** and **Terna S.p.A.** as announced on that date.

Table of Contents

On November 3, 2009 that Share Purchase Agreement signed with **Terna S.p.A.** was settled, with payment and transfer of the shares owned by **Terna** to **Transmissora do Atlântico de Energia Elétrica S.A. Taesa**, in which **Cemig GT** holds 49% of the registered capital.

The purchase was of 173,527,113 common shares, representing approximately 65.85% of the total capital of Terna.

The stockholders of **Taesa** are **Cemig GT** and **Fundo de Investimentos em Participações Coliseu**. On a date to be announced, **Taesa** will make a public offer for acquisition of the shares of **Terna** in circulation, to ensure that the other stockholders of **Terna** receive the same treatment given to **Terna S.p.A.**

Constitution of the UHE Itaocara, PCH Paracambi and PCH Lajes Consortia

On July 3, 2008 the Board of Directors authorized **Cemig GT** to take stakes of 49% in three projects in partnership with **Light**: the *Itaocara* Hydro Project, and the *Paracambi* and *Lajes* Small Hydro Plants (PCHs); and to enter into the following contracts between **Cemig GT** and subsidiaries of **Light**, for constitution of consortia: The **UHE Itaocara Consortium**, in partnership with **Itaocara Energia Ltda.**; the **PCH Paracambi Consortium**, in partnership with **Lightger Ltda.**; and the **PCH Lajes Consortium**, in partnership with **Light Energia S.A.**; the object in all cases being analysis of technical and economic feasibility, preparation of the plans, construction, operation, maintenance and commercial operation of the respective projects. All these private contracts are pending authorizations or consents from the competent regulatory bodies, including Aneel.

Net fixed assets	21,765,253	(9,597,404)	12,167,849	11,557,749
------------------	------------	-------------	------------	------------

Special Obligations linked to the Concession refers basically to contributions by consumers for carrying out of works necessary to meet requests for supply of electricity.

Under Aneel Resolution 234 of October 2006, amended by Resolution 338 of November 25, 2008 and Aneel Circular 1314 of June 27, 2007, the balances of the Special Obligations linked to assets will now be amortized as from the second Tariff Review cycle of **Cemig D** and **Light** (in 2008), at a percentage corresponding to the average rate of depreciation of the assets.

Some land sites and buildings of the subsidiaries, registered in Fixed assets Administration, have been given in guarantee for lawsuits involving tax, labor-law, civil disputes and other contingencies in the net amount, net of depreciation, of R\$ 7,519 on September 30, 2009 (R\$ 7,661 on June 30, 2009).

	609,173		538,945			

The deferred obligations under *Current* refer basically to the assets and liabilities linked to the General Agreement for the Electricity Sector and other regulatory issues, and become due as and when these assets and liabilities are realized.

The non-current obligations for Pasep and Cofins taxes refer to the legal action challenging the constitutionality of the inclusion of ICMS tax in the taxable amount for these taxes, and applying for offsetting of the amounts paid in the last 10 years. The Company obtained a Court injunction enabling it not to make the payment, and authorizing payment into Court starting in 2008, in the amount of R\$ 204,745.

The non-current deferred obligations for income tax and Social Contribution tax refer to the recognition of financial instruments (FX variation, and hedge transactions) by the cash method, which are payable as and when realized, by payment or redemption, and to the marking to market and adjustment to present value of financial instruments, implemented by the change in the Corporate Law, to be reversed as and when realized.

Non-current liabilities	18,985	14,793

21) POST-EMPLOYMENT OBLIGATIONS

The Forluz Pension Fund

Cemig is a sponsor of **Forluz** Forluminas Social Security Foundation, a non-profit legal entity whose object is to provide its associates and participants and their dependents and beneficiaries with a financial income to complement retirement and pension, in accordance with the Forluz pension plan they are subscribed in.

The actuarial obligations and assets of the plan on December 31, 2004 were segregated between **Cemig**, **Cemig GT** and **Cemig D** on the basis of the allocation of the employees to each of these companies.

Cemig, **Cemig GT** and **Cemig D** also maintain, independently of the plans made available by Forluz, payments of part of the life insurance premium for the retirees and contribute to a health plan and a dental plan for the employees, retirees and dependents, administered by Forluz.

Table of Contents

Forluz makes the following supplementary pension benefit plans available to its participants:

The Mixed Benefits Plan (Plan B): A defined-contribution plan at the stage of accumulation of funds, for retirement benefits for normal time of service, and defined-benefit coverage for disability or death of participants still in active employment, and also receipt of benefits for time of contribution. The contributions of the Sponsors are equal to the basic monthly contributions of the participants, and this is the only plan open for joining by new participants.

The contribution of the Sponsors to this plan is 27.52% for the portion with defined benefit characteristics, relating to the coverage for invalidity or death for the active participant, and this is used for amortization of the defined obligation through an actuarial calculation. The remaining 72.48%, relating to the portion of the plan with defined-contribution characteristics, goes to the nominal accounts of the participants and is recognized in the income statement for the year by the cash method, under Personnel expenses.

Hence the obligations for payment of supplementary pension benefits under the Mixed Plan, with defined contribution characteristics, and their respective assets, in the same amount of R\$ 2,385,225, are not presented in this Explanatory Note.

Pension Benefits Balances Plan (Plan A): This includes all the active and assisted participants who opted to migrate from the previous Defined Benefit Plan, and are entitled to a proportional benefit by balances. For participants who are still working, this benefit has been deferred to the retirement date.

Defined Benefit Plan: This is the benefit plan adopted by Forluz up to 1998, which complements the average real salary of the employee's last three working years in the Company in relation to the amount of the Official Social Security benefit. After the process of migration that was carried out in June 2007, approved by the Private Pension Plans Secretariat (SPC), in which more than 80% of the participants migrated to Plans A and B, 51 participants remained in the Defined Benefit plan.

Cemig, Cemig GT and Cemig D also maintain, independently of the plans made available by Forluz, payments of part of the life insurance premium for the retirees, and contribute to a health plan and a dental plan for the employees, retirees and dependents, administered by Forluz.

Separation of the Health Plan

On August 26, 2008 the Executive Board of Forluz, complying with orders issued by the Private Pension Plans Authority (SPC), decided to transfer management of the Cemig Integrated Health Plan (PSI) to a separate entity to be created for that purpose. The reason for the decision was the SPC's belief that it would be impossible to maintain those participants in the Health Plan who were not also inscribed in the pension and retirement plans. To protect the interests of its participants, and also to comply with the SPC's ruling, Forluz opted to separate the activities, keeping the present dental and pension plans within itself. The period planned for conclusion of the process of separation of the health plan is 12 months, during which time all the existing coverage and benefits will be maintained.

Amortization of actuarial obligations

Part of the consolidated actuarial obligation for post-employment benefits in the amount of R\$ 914,943 at September 30, 2009 (R\$ 927,461 at June 30, 2005) has been recognized as an obligation payable by **Cemig** and its subsidiaries, and is being amortized by June 2024, through monthly installments calculated by the system of constant installments (the so-called Price table). After the Third Amendment to the Forluz Agreement, the amounts began to be adjusted only by the IPCA Inflation Index (Amplified National Consumer Price Index) published by the Brazilian Geography and Statistics Institute (IBGE), plus 6% per year.

Table of Contents

The liabilities and expenses recognized by the Companies in connection with the Supplementary Retirement Plan, Health Plan, Dental Plan and Life insurance are adjusted in accordance with the terms of CVM Decision 371 and an Opinion prepared by independent actuaries. Hence the financial updating of the obligation in the debt agreed with Forluz mentioned in the previous paragraph does not produce accounting effects in **Cemig**'s Income statement. The most recent actuarial valuation was made for base-date December 31, 2008.

The Braslight Pension Fund

Light, a subsidiary of **RME**, is a sponsor of Fundação de Seguridade Social **Braslight**, a non-profit private pension plan entity whose purpose is to guarantee retirement revenue to Company employees subscribed with the Foundation, and pension revenue to their dependents.

Braslight was instituted in April 1974, and has three plans A, B and C put in place in 1975, 1984 and 1998 respectively. About 96% of the active participants of the other plans have migrated to plan C.

In plans A and B the benefits are of the defined benefit type. In Plan C, which is of the mixed type, the programmable benefits (retirement not arising from invalidity, and the respective reversal in pension), during the capitalization phase are of the defined contribution type, without any link to the INSS, and the risk benefits (illness assistance, retirement for invalidity and pension for death of a participant who is still working, becomes invalid or receives illness assistance), as well as those of continued income, once granted, are of the defined benefit type.

On October 2, 2001, the Private Pension Plans Secretariat approved a contract for solution to the technical deficit and the refinancing of the reserves to be amortized that it has being paid in 300 monthly installments, starting from July 2001. Until May, 2009, the installments were updated by the variation of the IGP-DI inflation index (with one month lag) and interest of 6.00% per year, totaling R\$ 1,005,025 at September 30, 2009 (R R\$ 1,006,120 at June 30, 2009). From June, 2009 the index correction has become the IPCA (with one month lag) replacing the IGP-DI. The effect on the Company's consolidated portion is equal to 25% of this amount.

The movement in net liabilities has been as follows:

Consolidated	Pension plans and retirement supplement plans		Health plan	Dental plan	Life insurance	Total
	Forluz	Braslight				
Net liabilities on June 30, 2009	373,654	251,530	368,288	17,450	439,862	1,450,784

Current liabilities	4,078				4,078
Non-current liabilities	12,464	17,506	891	19,441	50,302

Table of Contents

The amounts recorded as Current refer to the contributions to be made by **Cemig** in the next 12 months for amortization of the actuarial liabilities.

22) CONTINGENCIES FOR LEGAL PROCEEDINGS

Cemig and its subsidiaries are parties in court and administrative proceedings before various courts and government bodies, arising from the normal course of business, involving tax, labor-law, civil and other issues.

Actions in which the company is creditor with success considered probable

Pasep and Cofins Widening of the calculation base

The holding company has legal proceedings challenging the enlargement of the taxable basis for calculation of the Pasep and Cofins taxes, on financial revenue and on other non-operational revenues, in the period from 1999 to January 2004, by Law 9718 of November 27, 1998; and has a judgment in its favor at first instance. In the event that this action is won in the final instance (i.e. when subject to no further appeal) and we note that the Federal Supreme Court has ruled on similar proceedings in favor of the taxpayer the gain to be registered in the Income statement will be R\$ 176,423, net of income tax and Social Contribution Tax.

Actions in which the company is debtor

For those contingencies where negative outcomes are considered probable, the Company and its subsidiaries have constituted provisions for losses.

Cemig's management believes that any disbursements in excess of the amounts provisioned, when the respective processes are completed, will not significantly affect the result of operations or the financial position of the holding company nor the consolidated result.

The details on the provisions constituted are as follows:

(a) Labor-law cases

The complaints under the labor laws are basically disputes on overtime, additional amounts for dangerous work, property damages and pain and suffering.

(b) Civil disputes tariff increase

Several industrial consumers filed actions against **Cemig** seeking reimbursement for the amounts paid as a result of the tariff increase during the federal government's economic stabilization plan known as the Cruzado Plan in 1986, alleging that the said increase violated the control of prices instituted by that plan. **Cemig** estimates the amounts to be provisioned based on the disputed amounts billed and based on recent judicial decisions. The total value of the exposure of **Cemig** and its subsidiaries in this matter, 100% provisioned, is R\$ 90,461.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

One of the industrial consumers that are plaintiffs in a legal action against the Company as a result of the issue mentioned above had been granted a Court injunction preventing interruption of supply of electricity to its facilities. On February 19, 2009, the Higher Appeal Court accepted Cemig's application for the effects of the injunction to be suspended, on the view that it is not possible to impose on **Cemig** continuity of distribution of electricity without its receiving money for the service.

(c) PIS and Cofins taxes

Light, a subsidiary of **RME**, has challenged the changes made by Law 9718/98 in the system of calculation of the PIS and Cofins taxes, in relation to the expansion of the basis of calculation of those taxes and increase of the rate of Cofins from 2% to 3%.

In relation to the increase in the rate of Cofins tax from 2% to 3%, the amount provisioned was R\$ 55,454 on September 30, 2009 (R\$ 54,913 on June 30, 2009).

The values given above correspond to 25% of the total, in accordance with the proportional consolidation as recorded.

Table of Contents

(d) ICMS tax

Since 1999, **Light** has been inspected on various occasions by the tax authority of Rio de Janeiro State in relation to the ICMS value added tax, charged by states. The infringement notices received so far and not paid are the subject of contestation in the administrative and legal spheres. Based on the opinion of its counsel and calculation of the amounts involved in the infringement notices, management believes that only a part of these amounts represents probable risk of loss, and the amount of R\$ 22,010 is provisioned.

(e) Taxes and contributions - demandabilities suspended

The provision constituted, of R\$ 83,174 on September 30, 2009 (R\$ 81,258 on June 30, 2008) refers to the deduction, in the calculation base for corporate income tax, of the expense on the Social Contribution tax paid since 1998. **Cemig** was awarded an injunction by the 8th Court of the Federal Judiciary, on April 17, 1998, allowing it not to pay this tax.

(f) Social Security System

In December 1999 the National Social Security Institute (INSS) issued infringement notices against **Light** for alleged joint liability to withhold payments at source on amount paid for services provided by contractors, and the applicability of the Social Security contribution to employees profit shares.

Light challenged the legality of Law 7787/89, which increased the Social Security contribution percentage applying to payrolls, believing that it also changed the basis of calculations of Social Security contributions during the period July to September 1989. As a result of the Provisional Remedy given by the Court, the Company has offset the amounts payable for social security contribution.

The company assesses the chance of loss in the actions mentioned as probable, and the provisions for the actions brought by the INSS represent the amount of R\$ 34,101 (R\$ 33,675 on June 30, 2009).

(g) Aneel administrative proceedings

On January 9, 2007, Aneel notified **Cemig D** that it considered certain criteria adopted by the Company in calculation of the revenue from the subsidy for low-income consumers to be incorrect, questioning the criteria for identification of the consumers who should receive the benefit and also the calculation of the difference to be reimbursed by **Eletrobrás**, in the estimated amount of R\$ 143,000. The Company has made a provision corresponding to the loss that it considers probable in this dispute, in the amount of R\$ 52,946.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

Cemig GT was served an infringement notice by the Minas Gerais State Forests Institute (IEF), alleging that it omitted to take measures to protect the fish population, causing fish deaths, as a result of the flow and operation of the machinery of the Três Marias Hydroelectric Plant. The Company presented a defense and rates the chances of loss in this action probable, in the amount of R\$ 7,230.

(h) Others

Other civil actions are primarily claims for personal damages by individuals, mainly due to accidents allegedly occurring as a result of the Company's business, and damages as a result of power outages. The provision at June 30, 2009 represents the potential loss on these claims.

Table of Contents

(i) Actions with chances of loss assessed as possible or remote

Cemig and its subsidiaries are disputing other actions in the courts for which it considers the chances of loss to be possible or remote. The following are the details of the most important of these:

(i) Income tax and Social Contribution tax on post-employment benefits

The federal tax authority, on October 11, 2001, issued a Notice of Infringement, in the updated amount of R\$ 328,106, as a result of the use of tax credits which resulted in the rectification, for the reduction of taxes payable, of the income tax declarations for 1997, 1998 and 1999. The income tax returns were rectified as a result of the change in the method of accounting of the post-employment benefit liabilities. The additional post-employment benefits which resulted from the changes in the method of accounting were recognized in the tax years rectified, resulting in a tax loss and a negative basis for calculation of the Social Contribution.

Cemig presented an administrative appeal to the Finance Ministry Taxpayers Council, obtaining a favorable decision for the years of 1997 and 1998 and an adverse decision in relation to the year 1999. This adverse decision would result in a reduction of the tax loss carryforward, registered as tax credits, in the historic amount of R\$ 29,115. The tax credits were not reduced, and no provision was made for contingencies for any losses as a result of this decision, since **Cemig** believes it has solid legal grounds for the procedures adopted for recovery of the said tax credits in the Courts. **Cemig** assesses the chance of loss in this action as possible.

The tax credits constituted, mentioned in the previous paragraph, were used by **Cemig** to offset federal taxes and contributions paid in the business years of 2002 and 2003. Due to this fact, **Cemig** had the offsetting proceedings refused by the federal tax authority and would be exposed to an additional penalty, updated to September 30, 2009 of R\$ 295,663. With the decision of the Taxpayers Council, mentioned above, **Cemig** considers that the refusal of this process of offsetting becomes null. Thus, no contingency provision has been constituted to meet any losses, since **Cemig** believes that it has solid legal grounds for the procedures adopted and rates the chance of loss in this action as remote.

(ii) Tax on Inheritance and Donations (ITCMD)

The State of Minas Gerais is challenging the Company in the courts due to non-payment of the tax on donations (ITCMD) in relation to contributions of consumers, the amount of which on September 30, 2009 was R\$ 194,676. No provision has been made for this dispute, since the Company believes it has arguments on the merit for defense against this claim. The Company assesses the chance of loss in this action as remote.

(iii) Acts of the Regulatory Agency and the Federal Audit Board

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

Aneel filed an administrative action against **Cemig** stating that the company owes R\$ 1,104,608 to the federal government as a result of an alleged error in the calculation of credits under the CRC (Results Compensation) Account, which were previously utilized to reduce the amounts owed to the federal government. On October 31, 2002 Aneel issued a final administrative decision against Cemig. On January 9, 2004 the National Treasury issued an Official Collection Notice for the amount of the debit. **Cemig** did not make the payment because it believes that it has arguments on the merit for defense in the Courts and, thus, has not constituted a provision for this action. The Company assesses the chances of loss in this action as possible .

Table of Contents

(iv) Social Security and tax obligations indemnity for the Anuênio and profit shares.

In 2006 **Cemig** and its subsidiaries **Cemig GT** and **Cemig D** paid indemnities to their employees, totaling R\$ 177,685, in exchange for the rights to future payments known as the Anuênio which would otherwise be incorporated in the future, into salaries. The Company and its subsidiaries did not make payments of income tax and social security contribution in relation to this amount because they considered that these obligations are not applicable to amounts paid as indemnity. However, to avoid the risk of a future fine arising from a different interpretation by the federal tax authority and the National Social Security Institution, the Company and its subsidiaries filed for orders of *Mandamus* to allow payment into Court of the amounts of potential obligations, in the amount of R\$ 158,748. This is posted in Deposits connected to legal actions. No provision has been made for possible losses in this matter since the Company and its subsidiaries assess the chances of loss in this action as possible .

In September 2006 **Cemig** was notified by the INSS (National Social Security System) as a result of the non-payment of the Social Security contribution on the amounts paid as profit shares in the period 2000 to 2004, representing a total of R\$ 73,325. **Cemig** has appealed, in administrative proceedings, against the decision. No provision has been constituted for possible losses and **Cemig** believes it has arguments on the merit for defense; the Company assesses the chances of loss in this action as possible .

(V) ICMS tax

Since 2002 the company has received a subvention from **Eletrobrás** in relation to the discounts given to low-income consumers. The Minas Gerais State Tax Authority served an infringement notice on Cemig, relating to the period from 2002 to 2005, on the argument that the subsidy received should be the subject of ICMS tax. The potential for loss in this action is R\$ 140,673, not including the ICMS tax which could be questioned by the tax authority relating to period subsequent to the infringement notice. No provision has been made for this dispute, since the Company believes the legal obligation is non-existent and that it has arguments on the merit for defense against this claim. The Company assesses the chances of losses from this action as possible .

Cemig was served an infringement notice, as co-defendant, in which the Minas Gerais State Tax Authority demanded payment of R\$ 47,780 in ICMS tax on sales of excess electricity by industrial consumers during the period of electricity rationing. If the Company does have to pay the ICMS on these transactions, it can charge consumers the same amount to recover the amount of the tax plus any possible penalty charge. The chances of loss in this action are assessed as possible .

(vi) Tax on services (ISS)

Cemig is involved in litigation with the Municipality of Belo Horizonte on the criteria for applicability of the ISS tax on services performed by the company. The amount involved in the action is R\$ 41,024. No provision has been made for possible losses and **Cemig** believes it has arguments on the merit for defense; it assesses the chances of loss in this action as possible .

Table of Contents

(vii) Regulatory contingency CCEE

In an action dating from August 2002, AES Sul Distribuidora has challenged in the courts the criteria for accounting of electricity sale transactions in the wholesale electricity market during the period of rationing. It obtained a judgment in its favor in February 2006, which orders Aneel and the CCEE to comply with the claim by the Distributor and recalculate the settlement of the transactions during the rationing period leaving out of account its Dispatch No. 288/2002. This was to be put into effect in the CCEE in November 2008, resulting in an additional disbursement for Cemig, referring to the expense on purchase of energy in the short-term market, in the CCEE, in the amount of approximately R\$ 91,504. On November 9, 2008 the Company obtained an injunction in the Regional Federal Court suspending the obligatory nature of the requirement to pay into court the amount owed arising from the Special Financial Settlement carried out by the CCEE. Due to the above, no provision is constituted for this dispute, since the Company believes it has arguments on the merit for defense against this claim. It rates the chances of loss in this matter as possible .

(viii) Environmental claims

An environmental association, through a public civil action, claimed indemnity for supposed collective environmental damages as a result of the construction and operation of the *Nova Ponte* Plant. The amount involved in the action is R\$ 1,047,537. The company believes it has arguments on the merit for a legal defense and thus has not made a provision for these actions. The chances of loss in this action are assessed as possible .

(ix) Civil claims - consumers

Several consumers and the Public Attorney of the State of Minas Gerais have brought civil actions against Cemig contesting tariff increases applied in previous years, including: the tariff subsidies granted to low-income consumers; the extraordinary tariff recomposition; and the inflation index used to increase the tariff for electricity in April 2003; requesting 200% reimbursement on the amounts considered charged in error by the company. The Company believes it has arguments of merit for defense, and thus has not made a provision for these actions.

Cemig is defendant in legal proceedings challenging the criteria for measurement of amounts to be charged in relation to the contribution for public illumination, in the total amount of R\$ 871,757. The Company believes that it has arguments on the merit for legal defense and as a result has not constituted provision for this action. The chances of loss in this action are assessed as possible .

A public class action challenging the Conduct Adjustment Undertaking between **Cemig** and the Public Attorneys Office demands return to the public funds of the amounts paid to the contractors providing services to the Company that implemented the *Light for Everyone* Program. The amount involved in the action is R\$ 1,602,651. The Company believes it has arguments on the merit for a legal defense and thus has not made a provision for these actions. The chances of loss in this action are assessed as possible .

In addition to the issues described above, **Cemig** and its subsidiaries are involved, on the plaintiff or defendant side, in other cases, of lesser scale, related to the normal course of their operations. Management believes that it has adequate defense for this litigation, and does not expect significant losses relating to these issues that might have an adverse effect on the company's financial position or the consolidated result of its

operations.

Table of Contents

(x) Annulment of collection considered abusive and monetary updating factor changed

The Public Defense Office of the State of Minas Gerais filed a Civil Public Action against **Cemig D**, claiming annulment of invoices calculated based on an allegedly abusive criterion of higher consumption in the last 12 months, under Article 7, IV, subclause B, of Aneel Resolution 456/2000 and of the Debt Acknowledgement Undertakings (TARDs). The action also claimed prohibition of the use of the kWh as a monetary updating factor, that its use should be limited to collection in the event of fraud, that the interregnum period should not be more than 150 days, and that the maximum penalty payment applied should be 2%, and that Cemig should desist from suspending consumers' supply of electricity in the event of non-payment of irregular consumption. The Federal Judiciary declined competency. The amount involved in the case, at September 30, 2009, is R\$ 8,813 million and the Company assesses the chances of loss as possible.

(xi) Indemnity for pain and suffering, loss of profits and indemnity for death

Cemig D is defendant in an action brought on March 19, 2009, in which the plaintiffs claim indemnity for pain and suffering, loss of profits and food pension for the death of a father and son, victims of an artificial electrical discharge. The case is at the judgment stage. The amount involved in the case, at September 30, 2009, is R\$ 6,292 million and the Company assesses the chances of loss as possible.

(xii) Irregularity in the measurement of consumption

The company received a notice from the Public Attorneys' Office, through the Procon (Consumer Defense Department), claiming annulment of various receipts arising from supposed irregularity in the measurement of electricity consumption of certain consumers. The amount involved in the administrative proceedings, at September 30, 2009, is R\$ 5.959 million. The Company assesses the chances of loss in the administrative sphere as probable.

In spite of the rating of probable in the administrative proceedings, when the issue is taken to the Courts, the Company believes that the chances of loss will be possible, in view of the greater opportunity for full proof, and also the absence of case law on the subject.

23) STOCKHOLDERS EQUITY AND REMUNERATION TO STOCKHOLDERS

Balance at June 30, 2009	10,210,838
Net profit in the quarter	567,038
Prior-year adjustment in a subsidiary	(6,919)
Conversion Adjustment in the Accounting Statements of a subsidiary	(2,677)
Balance on September 30, 2009	10,768,280

Stockholders' Agreement

In 1997 the Government of the State of Minas Gerais sold approximately 33% of the Company's common shares to a group of investors led by **Southern Electric Brasil Participações** Ltda. (**Southern**). As part of this transaction the **State of Minas Gerais** and **Southern** signed a Stockholders' Agreement, which among other provisions contained the requirement for a qualified quorum in decisions made on: significant corporate actions, certain changes to **Cemig**'s bylaws, issuance of debentures and convertible securities, distribution of dividends other than those specified in the bylaws, and changes in the stockholding structure.

In September 1999 the government of the State of Minas Gerais brought an action for annulment, with a request for anticipatory remedy, against the stockholders' agreement signed with **Southern** in 1997. The Minas Gerais State Appeal Court annulled that Stockholders' Agreement in 2003. Appeals brought by **Southern** are before the Brazilian federal courts.

Table of Contents

Employee special retirement programs

The PPD Permanent Voluntary Retirement Program

The Company has a permanent Voluntary Retirement Program (named PPD), which applies to any free and spontaneous termination by employees of their employment contracts. Its main financial incentives include payment of 3 gross amounts of the employee's monthly remuneration and 6 months' contributions to the Health Plan after leaving the company, deposit of the extra payment of 40% of the balance of the employee's FGTS fund, as would be applicable if termination were by the employer, and payment of up to 24 months' contributions to the Pension Fund and the National Social Security System after termination of the contract, in accordance with certain criteria established in the regulations of the program.

Since this program was begun in March 2008, 679 employees have joined it (143 of **Cemig GT**, 523 of **Cemig D** and 13 of **Cemig**, the holding company). A provision of R\$ 49,888, for the expense of the financial incentives, was recognized in the Income statement for 2008.

The PDV Temporary Voluntary Retirement Program

In April 2009 **Cemig** put in place a temporary Voluntary Retirement Program named the PDV which employees were able to join between April 22 and June 5, 2009.

The financial incentive for employees who subscribed is an indemnity that varies between 3 and 16 times the value of the employee's monthly remuneration, according to specific criteria established in the Program's regulations, among which the main factor is the time of contribution remaining for qualification for full retirement benefits under the National Social Security program. Another of the incentives is payment of the contribution to the pension fund and the National Social Security System up to the date when the employee would meet the requirements for retirement benefits under the National System (limited to 5 years), and deposit of the extra payment of 40% on the balance of the FGTS fund (the payment that would be obligatory if the contract were being rescinded by the employer).

Additionally, **Cemig** guarantees full payment of the costs of the group life insurance and health plans for 6 and 12 months, respectively, from the date of the employee's leaving the company, which will take place in the period between June 2009 and September 2010.

A total of 1,043 employees have joined this program 207 from **Cemig GT**, 805 from **Cemig D**, and 31 from **Cemig**, the holding company. An expense of R\$ 201,839 for the expense of the financial incentives has been recognized in the Income statement in 2009.
