ITEM 11. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

OVERVIEW

This Compensation Discussion describes the material elements of compensation awarded to, earned by, or paid to each of our executive officers who served as named executive officers (as defined on page 10) during the last completed fiscal year. This Compensation Discussion focuses on the information contained in the following tables

Table of Contents

and related footnotes and narrative for primarily the last completed fiscal year, but we also describe compensation actions taken before or after the last completed fiscal year to the extent it enhances the understanding of our executive compensation program. The Compensation Committee of the Board of Directors (the Committee) oversees the design and administration of our executive compensation program in accordance with the processes and procedures discussed in the Corporate Governance section of this proxy statement.

The principal elements of our executive compensation program are base salary, annual cash incentives, long-term equity incentives in the form of stock options and restricted stock, other benefits and perquisites, and a change in control severance policy. Our other benefits and perquisites consist of health, disability and life insurance benefits and a qualified 401(k) savings plan.

PROGRAM OBJECTIVES AND REWARD PHILOSOPHY

In General The objectives of our compensation programs are to (1) attract, motivate and retain talented and dedicated executive officers, (2) provide executive officers with both cash and equity incentives to further the interests of the Company and its stockholders, and (3) compensate executive officers at levels comparable to those of executive officers at comparable companies. Generally, the annual cash compensation of the Company's executive officers is composed of a base salary and an annual incentive compensation award. In setting base salaries, the Committee generally reviews the individual contributions of the particular executive. The annual incentive compensation award is based upon the Company's executive incentive compensation plan. In addition, stock options and restricted stock awards are granted to provide the opportunity for long-term compensation based upon the performance of the Common Stock over time.

Competitive Market We do not have an explicitly defined peer group for purposes of benchmarking executive compensation because it is difficult to find a reasonable number of publicly traded companies that are comparable in terms of company size and business type. Nevertheless, we periodically verify the reasonableness of the compensation paid to our named executive officers by compiling proxy statement compensation information from our competitors and other comparably sized health care services companies. In light of going private transactions over the last several years, AmSurg Corp is currently our only publicly traded competitor in the ambulatory surgery center industry. However, compensation information remains available for two other competitors, United Surgical Partners International, Inc. and Symbion, Inc, because of their publicly traded debt. We also compiled proxy statement compensation information on the following health care services companies with comparable annual revenue: Alliance HealthCare Services, Inc., athenahealth, Inc., Genoptix, Inc., Medical Properties Trust, Inc. and Phase Forward Incorporated. We also assessed the competitive market for executive talent in our industry with the assistance of a national executive search firm in providing a competitive employment and compensation package for Mr. Hall in connection with his hiring in 2005.

Compensation Process For the named executive officers other than the principal executive officer, the Committee reviews and approves all elements of compensation taking into consideration recommendations from our principal executive officer, as well as competitive market guidance provided by our human resources staff which consist of reports generated by a subscription compensation database service detailing compensation data for comparably sized health care companies. For our principal executive officer, other than salary and equity awards for 2006 and 2007 which were set by his employment contract, the Committee reviews and approves all elements of his compensation taking into consideration the Committee's performance assessment of the principal executive officer, and competitive market guidance provided by our human resources staff. Recommendations with respect to the compensation of our principal executive officer are not shared with our principal executive officer during this process.

Regulatory Considerations Under Section 162(m) of the Internal Revenue Code, we may not deduct compensation in excess of \$1 million paid to our chief executive officer or any of the executive officers named in the Summary Compensation Table, excluding the chief financial officer.

Edgar Filing: NOVAMED INC - Form 10-K/A

Certain performance-based compensation is specifically exempt from the deduction limit. The Committee considers the deduction limit imposed by Section 162(m) when designing annual and long-term compensation programs and approving payouts under these programs. Nevertheless, the Committee may administer the programs in a manner that does not satisfy the requirements of Section 162(m) to achieve a result determined to be in the Company's best interest. While the tax treatment of compensation is important, the primary factor influencing program design is the support of business

Table of Contents

objectives. Consequently, the Committee reserves the right to approve, and in some cases has approved, non-deductible compensation if the Committee believes it is in the Company's best interest.

BASE SALARIES

In General We provide the opportunity for our named executive officers and other executives to earn a market competitive annual base salary. We provide this opportunity to attract and retain an appropriate caliber of talent for the position, to recognize that similar base salary rates are almost universally provided at other companies that we compete with for talent, and to provide a base wage that is not subject to Company performance risk. We review base salaries for the named executive officers and other executives annually in February effective for the current fiscal year, and increases are based on changes in our competitive market and the performance of the individual and the Company.

Salary Increases The Committee establishes base salaries each year for the named executive officers based on general market salary increases, salary data from comparable companies and individual performance. At its February 2010 meeting, the Committee approved a 2.0% increase in salaries for each of the named executive officers and other senior executives. These salary increases were consistent with the 2.0% average target increase for all of the Company's employees in 2010. With this increase, Mr. Hall's salary increased from \$553,725 to \$564,800, Mr. Macomber's salary increased from \$290,000 to \$295,800, and Mr. Cherrington's salary increased from \$275,000 to \$280,500. At its February 2011 meeting, the Committee decided not to award any salary increases to the named executive officers and other senior executives in light of the pending Merger.

ANNUAL CASH INCENTIVES

In General We provide the opportunity for our named executive officers and other executives to earn a market competitive annual cash incentive award. We provide this opportunity to attract and retain an appropriate caliber of talent for the position, to recognize that similar annual cash incentive awards are almost universally provided at other companies that we compete with for talent, and to motivate executives to achieve our annual business goals. We review annual cash incentive awards for the named executive officers and other executives annually in February to determine award payments for the last completed fiscal year, as well as to establish award opportunities for the current fiscal year. These annual cash incentive awards are administered under our Amended and Restated Executive Incentive Compensation Plan (the "Bonus Plan").

Target Award Opportunities Under the Bonus Plan, we establish annual target award opportunities expressed as a percentage of base salary paid during the fiscal year, and threshold award goals expressed as a percentage of the target award. The 2010 Bonus Plan required a minimum threshold performance equal to 85% of the target performance in order for a participant to be eligible for a cash incentive award. The amount of the cash incentive award would then vary depending on the actual results relative to the target performance. For the last completed and current fiscal years, annual cash incentive opportunities for the named executive officers are summarized below:

		Annual Cash Incentive Award Opportunity					
		Threshold Performance			Target Performance		Maximum Performance (1)
		% Target	\$ Amount	% Salary	\$ Amount	\$ Amount	
Thomas S. Hall	FY 2010	30%	126,697	75%	422,322	633,483	
	FY 2011	30%	127,080	75%	423,600	635,400	

Edgar Filing: NOVAMED INC - Form 10-K/A

Scott T. Macomber	FY 2010	30%	44,236	50%	147,454	221,181
	FY 2011	30%	44,370	50%	147,900	221,850
Graham B. Cherrington	FY 2010	30%	41,948	50%	139,827	209,741
	FY 2011	30%	42,075	50%	140,250	210,375

(1) In establishing the 2010 and 2011 Bonus Plans, the Committee set the maximum payout for each participant at 150% of such participant's targeted performance payout.

Table of Contents

Performance Measures Under the Bonus Plan, we use overall corporate performance measures for our principal executive and financial officers, and for our other named executive officers, a mix of overall corporate and business unit performance measures to assure that executives have a reasonable measure of control over the factors that affect their awards. This performance measure mix varies by executive position. For the last completed and current fiscal years, the performance measure mix for the named executive officers is summarized below:

		Performance Measure Mix		
		Diluted EPS	Cash Flow	Business Unit
Thomas S. Hall	FY 2010	100%	0%	0%
	FY 2011	100%	0%	0%
Scott T. Macomber	FY 2010	70%	30%	0%
	FY 2011	70%	30%	0%
Graham B. Cherrington	FY 2010	60%	0%	40%
	FY 2011	60%	0%	40%

Overall Corporate Performance Goals Under the Bonus Plan, overall corporate performance is based on diluted earnings per share and cash flow from operations goals. In establishing the specific targets for the year, we take into consideration a variety of factors including: prior year results, growth expectations, expected reimbursement changes and changes in accounting rules that would impact earnings and cash flow.

At its February 2010 meeting, the Committee set a target diluted earnings per share from continuing operations attributable to NovaMed, Inc. goal of \$1.354 for fiscal year 2010, excluding the impact of gains and losses from the sale of noncontrolling interests and any goodwill impairment charges. This target also excluded \$4,614,000 of additional non-cash interest expense (\$0.35 per diluted share) recorded in connection with our adoption of FASB Accounting Standards Codification (ASC) 470-20 on January 1, 2009. The 2010 Bonus Plan required a minimum threshold performance equal to 85% of this target, or \$1.15 per share, before the participants were eligible to receive a cash incentive award. At its February 2010 meeting, the Committee set the maximum payout for each participant in the 2010 Bonus Plan at 150% of such participant's targeted performance payout. Previously, the bonus plans had a payout limit of \$1,500,000 per participant.

At its February 2010 meeting, the Committee set a cash flow from operations target for Mr. Macomber of \$25,973,000. The 2010 Bonus Plan required a minimum threshold performance equal to 88% of this target, or \$22,856,000, before Mr. Macomber was eligible to receive a cash incentive award. In light of the pending Merger, the Committee elected not to establish a 2011 Bonus Plan at its February 2011 meeting.

Business Unit Performance Goals Under the Bonus Plan, business unit performance is based on operating income goals. In establishing the specific target for the year, we take into consideration a variety of factors including: prior year results, growth expectations, expected reimbursement changes and changes in accounting rules that would impact operating income.

At its February 2010 meeting, the Committee set an operating income from continuing operations target for Mr. Cherrington of approximately \$42,055,000. The 2010 Bonus Plan required a minimum threshold performance equal to 85% of this target, or \$35,747,000, before Mr. Cherrington was eligible to receive a cash incentive award.

Discretionary Adjustments Under the Bonus Plan, we may make adjustments to our overall corporate and business unit performance goals and our actual performance results that may cause differences between the numbers used for our performance goals and the numbers reported in our

Edgar Filing: NOVAMED INC - Form 10-K/A

financial statements. These adjustments may exclude all or a portion of both the positive or negative effect of external events that are outside the control of our executives, such as natural disasters, litigation, or regulatory changes in accounting or taxation standards. These adjustments may also exclude all or a portion of both the positive or negative effect of unusual or significant strategic events that are within the control of our executives but that are undertaken with an expectation of improving the long-term financial performance of our Company, such as restructurings, acquisitions, or divestitures. For the last completed fiscal year, the Committee made the following adjustments to actual performance results:

Table of Contents

	Overall Corporate (diluted EPS)	
As reported	\$	0.916
After-tax imputed interest expense required by ASC 470-20		0.355
Miscellaneous non-recurring Merger-related expenses Used for Bonus Plan	\$	1.306

The Committee reviewed and approved these adjustments to our actual performance results and awarded 92% payouts for the overall corporate performance goals under the 2010 Bonus Plan.

Actual Award Payments Based on the above discussion, award payments to our named executive officers for the last completed fiscal year are summarized below:

	Annual Cash Incentive Award Payments for the Last Completed Fiscal Year	
	\$ Amount	% Target
Thomas S. Hall	\$ 388,438	92%
Scott T. Macomber	\$ 135,623	92%
Graham B. Cherrington	\$ 128,608	92%

LONG-TERM EQUITY INCENTIVES

In General We provide the opportunity for our named executive officers and other executives to earn a market competitive long-term equity incentive award. We provide this opportunity to attract and retain an appropriate caliber of talent for the position, to recognize that similar long-term equity incentives are almost universally provided at other companies that we compete with for talent, and to motivate executives to make decisions that focus on the long-term growth of our Company and thus increase stockholder value. We review long-term equity incentives for our named executive officers and other executives annually. We began awarding a combination of restricted stock and stock options as our equity awards in 2006 instead of solely awarding stock options as we had in prior years. While we believe that awards of stock options create proper incentives for our executives, we also began awarding restricted stock because it results in less dilution to existing stockholders than stock options of equivalent value and because restricted stock arguably retains incentive value during stock price fluctuations when stock options may have no realizable value. For these reasons, coupled with a review of compensation data from our competitors and other health care services companies which reflects a trend towards restricted stock, at its February 2010 meeting the Committee elected to make equity awards consisting solely of restricted stock.

In determining the amount of the individual stock awards, the Committee considers a variety of factors including position, individual responsibilities and performance, and potential for future contribution. As a result, the amount of the annual grants is generally greater for the most senior executive officers, who have higher levels of responsibility.

At its February 2010 meeting the Committee granted restricted stock to our named executive officers. The Committee granted Mr. Hall a restricted stock award of 53,150 shares. The Committee granted each of Messrs. Macomber and Cherrington a restricted stock award of 17,713 and 16,797 shares, respectively. EXECUTIVE BENEFITS AND PERQUISITES

We provide the opportunity for our named executive officers and other executives to receive a market competitive general health and welfare benefits program. We provide this opportunity to attract and retain an appropriate caliber of talent for the position, to recognize that similar executive benefits are commonly provided at other companies that we compete with for talent, and to help minimize personal distractions so that the executives can better focus on the business affairs of our Company. Our benefits program consists of health, disability and life insurance benefits and a qualified 401(k) savings plan. We review our executive benefits and perquisites program periodically to ensure it remains fair to our executives and supportable to our stockholders.

EXECUTIVE CHANGE IN CONTROL POLICY

Edgar Filing: NOVAMED INC - Form 10-K/A

We provide the opportunity for our named executive officers and other executives to be protected under a change in control policy contained in their employment agreements. We provide this opportunity to attract and retain an appropriate caliber of talent for the position, to recognize that similar change in control protections are commonly provided at other companies that we compete with for talent, and to ensure the impartiality and objectivity of our executives in the event of a change in control situation so that our stockholder interests are protected. We review this change in control protection periodically to ensure it remains fair to our executives and supportable to our stockholders. At its May 2009 meeting, the Compensation Committee reviewed the severance arrangements with its senior executives. In doing so, it approved modifications to Mr. Cherrington's severance arrangements in order to conform them to the severance arrangements of the Company's other Executive Vice President, Mr. Macomber. The Board promoted Mr. Cherrington to Executive Vice President Operations in December 2008. For a description of the terms of the severance arrangements with our named executive officers, see "Potential Payments Upon Termination or Change in Control - Employment Agreements" on page 15. For the last completed and current fiscal years, our change in control policy for the named executive officers is summarized below:

Table of Contents

Executive Benefit	Description
Policy Term	• Employment agreements automatically renew on a year to year basis, unless terminated earlier
Payment Trigger	• Involuntary termination without just cause or voluntary resignation for good reason, following a change in control
Severance Benefits	• Two times base salary and target annual bonus (paid in lump sum) for Mr. Hall, 1 1/2 times base salary and bonus for Messrs. Macomber and Cherrington • Continued welfare benefits for 24 months (Mr. Hall) and 18 months (Messrs. Macomber and Cherrington) • One-half of this benefit is payable if the executive terminates his employment for any reason during the 30 days following the one-year anniversary of a change in control
Excise Tax Gross-Up	• Gross-up for federal excise taxes imposed on golden parachute payments

The pending Merger is being submitted to our stockholders for their approval at a special meeting of our stockholders to be held on May 4, 2011. If approved by our stockholders and otherwise consummated in accordance with the terms of the Merger Agreement, the Merger would constitute a change in control that triggers the severance arrangements described above for Messrs. Hall and Cherrington. Mr. Macomber has entered into an employment agreement with Surgery Partners and will not be receiving any severance as a result of the Merger.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Employment Agreements

The Company has entered into employment agreements with its named executive officers. The agreements generally provide for the payment of an annual base salary, plus cash incentive compensation based upon the Company's executive compensation plan. The employment agreements also provide for the right to participate in the Company's stock option and employee benefit programs. These programs include hospitalization, disability, life and health insurance. The employment agreements impose on each employee non-competition restrictions that survive termination of employment and post-termination confidentiality obligations.

The Company may terminate these employment agreements with or without cause or upon the named executive officer's disability. If the Company terminates a named executive officer for disability or cause, the executive is not entitled to receive any salary or other severance after the date of termination. The Company may terminate a named executive officer for cause under the agreement if he: (i) materially breaches any term or condition of the agreement and fails to cure such breach within a reasonable time; (ii) fails to comply with any of the Company's written guidelines that it has furnished to the executive and fails to cure such failure within a reasonable time; (iii) materially fails or willfully refuses to substantially perform his duties and fails to cure such failure or refusal within a reasonable time; or (iv) has committed an act constituting a felony or other act involving dishonesty, disloyalty or fraud against the Company, as reasonably determined by the Board of Directors.

Mr. Hall's employment agreement with the Company automatically renews on a year-to-year basis, unless either party chooses to terminate the agreement. If the Company terminates Mr. Hall without cause, he would receive severance compensation in a fixed amount equal to his then-current base salary and pro rata cash incentive compensation for 18 months, plus health benefits for such period. This 18-month severance period was increased from 12 months by the Compensation Committee at a meeting in May 2009. The Compensation Committee elected to make this increase because Mr. Hall's 12-month severance period was less than the comparable severance arrangements for the Executive Vice President position. If Mr. Hall's employment is terminated following a change in control of the Company by Mr. Hall for good reason or by the Company without cause, he would receive an amount equal to two times the sum of his annual base salary and targeted incentive bonus plus health benefits for 24 months. If Mr. Hall terminates his employment during the 30-day period following the one-year anniversary of a change in control, he would receive an amount equal to one times the sum of his annual base salary and incentive bonus plus health benefits for 12 months.

Each of Messrs. Macomber and Cherrington's employment agreement automatically renews on a year-to-year basis, unless either party chooses to terminate the agreement. If the Company terminates Messrs. Macomber or Cherrington without cause, the executive receives severance compensation in a fixed amount equal to his then-current base salary for a period of 15 months, health benefits for such period, and his pro rata cash incentive compensation. If Mr. Macomber or Mr. Cherrington's employment is terminated following a change in control of the Company by the executive for good reason or by the Company without cause, the executive would receive an amount equal to 150% of the sum of his annual base salary and targeted incentive bonus plus health benefits for 18 months. If Mr. Macomber or Mr. Cherrington terminates his employment after the one-year anniversary of a change in control, he would receive an amount equal to 75% of the sum of his annual base salary and targeted incentive bonus plus health benefits for 9 months. At a meeting in May 2009, the Compensation Committee modified Mr. Cherrington's severance arrangements to conform to Mr. Macomber's in light of Mr. Cherrington's promotion to Executive Vice President in December 2008.

In May 2009, the Compensation Committee also approved conforming amendments to the employment agreements of Messrs. Hall, Cherrington and Macomber to modify their severance arrangements to reflect the increase in the target award percentages payable to each of them under the Bonus Plan that was approved by the Compensation Committee in February 2009. At its February 2009 meeting, the Compensation Committee increased Mr. Hall's target award percentage under the Bonus Plan from 50% to 75%, and increased Messrs. Macomber and Cherrington's target

Edgar Filing: NOVAMED INC - Form 10-K/A

award percentages under the Bonus Plan from 35% to 50%. These targeted incentive bonus awards are relevant for each executive's severance calculation in the event of a termination of employment following a change in control of the Company by the executive for good reason or by the Company without cause.

Table of Contents***Termination without Cause***

The following table shows the Company's potential payment and benefit obligations to each of its named executive officers for termination by the Company without cause assuming such termination occurred on December 31, 2010. The pending merger is being submitted to our stockholders for their approval at a special meeting of our stockholders to be held on May 4, 2011. If approved by our stockholders and otherwise consummated in accordance with the terms of the Merger Agreement, the Merger would constitute a change in control that triggers the severance arrangements for Messrs. Hall and Cherrington. Mr. Macomber has entered into an employment agreement with Surgery Partners and will not be receiving any severance as a result of the Merger.

The following table shows the Company's potential payment and benefit obligations to each of its named executive officers assuming that a Change in Control of the Company had occurred and as a result the named executive officer's employment was terminated by the Company without cause or by the executive for good reason on December 31, 2010.
