Antelope Coal LLC Federal Coal Lease

On June 30, 2011, Antelope Coal LLC, an indirect subsidiary of Cloud Peak Energy Inc., entered into a Federal Coal Lease (the Lease) with the United States of America through the Bureau of Land Management (the BLM) of the United States Department of the Interior for the West Antelope II North Coal Tract, which is effective on July 1, 2011. Subject to the terms and conditions thereof, the Lease covers approximately 2,838 acres and provides Antelope Coal LLC with the exclusive right to drill for, mine, extract, remove or otherwise process and dispose of the coal deposits in, upon, or under the lands described in the Lease. The BLM estimates the tract contains approximately 350 million tons of mineable coal. The company bid approximately \$297.7 million and has submitted a payment for approximately \$59.5 million, which is the first of five equal payments for the federal coal lease. The company is also required to pay customary production royalties and per acre annual rental payments to the BLM, and the company has agreed to indemnify the BLM from any claims arising out of the company's activities and operations under the Lease.

The foregoing overview of the Lease does not contain all of the terms and conditions of the Lease. For the complete terms and conditions, refer to Exhibit 10.1 of this Form 8-K, which is incorporated into this Item 1.01 by reference.
