Yes No

Ad Hoc Notice

June 28, 2013

Moscow, Russian Federation Mobile TeleSystems OJSC (MTS or the Company NYSE: MBT), the leading telecommunications provider in Russia and the CIS, announces that it has become aware of a planned auction, set for July 1, 2013, of assets owned by Uzdurobita, MTS's wholly owned subsidiary in Uzbekistan. MTS is committed to defending its rights to fully recover damages incurred as a result of an unprecedented attack against its business in Uzbekistan.

In the Company's opinion, the claims of Uzbekistan authorities that resulted in the initiation of bankruptcy proceedings and the forthcoming auction sale of Uzdurobita assets have no legal and factual basis. MTS reserves its rights to pursue all available legal options in Uzbekistan and internationally to defend its legal rights and investments and fully recover damages from any party involved in depriving MTS of its business and assets in Uzbekistan.

Previously, MTS filed a claim against the sovereign state of Uzbekistan in the International Center for Settlement of Investment Disputes (ICSID), part of the World Bank Group, in Washington, D.C. The claim was registered on November 15, 2012, and the case is currently pending.

Some of the information in this press release may contain projections or other forward-looking statements regarding future events or the future financial performance of MTS, as defined in the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. You can identify forward looking statements by terms such as expect, believe, anticipate, estimate, intend, will, could, may or might, and such terms or other similar expressions. We wish to caution you that these statements are only predictions and that actual events or results may differ materially. We do not undertake or intend to update these statements to reflect events and circumstances occurring after the date hereof or to reflect the occurrence of unanticipated events. We refer you to the documents MTS files from time to time with the U.S. Securities and Exchange Commission, specifically the Company's most recent Form 20-F. These documents contain and identify important factors, including those contained in the section captioned Risk Factors that could cause the actual results to differ materially from those contained in our projections or forward-looking statements, including, among others, the severity and duration of current economic and financial conditions, including volatility in interest and exchange rates, commodity and equity prices and the value of financial assets; the impact of Russian, U.S. and other foreign government programs to restore liquidity and stimulate national and global economies, our ability to maintain our current credit rating and the impact on our funding costs and competitive position if we do not do so, strategic actions, including acquisitions and dispositions and our success in integrating acquired businesses, potential fluctuations in quarterly results, our competitive environment, dependence on new service development and tariff structures, rapid technological and market change, acquisition strategy, risks associated with telecommunications infrastructure, governmental regulation of the telecommunications industries and other risks associated with operating in Russia and the CIS, volatility of stock price, financial risk management and future growth subject to risks.
