Table of Contents**Franklin Street Properties Corp.****Notes to Condensed Consolidated Financial Statements****(Unaudited)****1. Organization, Properties, Basis of Presentation, Financial Instruments and Recent Accounting Standards****Organization**

Franklin Street Properties Corp. (FSP Corp. or the Company), holds, directly and indirectly, 100% of the interest in FSP Investments LLC, FSP Property Management LLC, FSP Holdings LLC and FSP Protective TRS Corp. FSP Investments LLC is a registered broker/dealer with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority, or FINRA. FSP Property Management LLC provides asset management and property management services. The Company also has a non controlling common stock interest in 15 corporations organized to operate as real estate investment trusts (REIT) and a non-controlling preferred stock interest in two of those REITs. Collectively, the 15 REITs are referred to as the Sponsored REITs .

As of September 30, 2013, the Company owned and operated a portfolio of real estate consisting of 40 properties, including one asset held for sale, managed 15 Sponsored REITs and held seven promissory notes secured by mortgages on real estate owned by Sponsored REITs, including one mortgage loan, one construction loan and five revolving lines of credit. From time-to-time, the Company may acquire real estate, make additional secured loans or acquire a Sponsored REIT. The Company may also pursue, on a selective basis, the sale of its properties in order to take advantage of the value creation and demand for its properties, or for geographic or property specific reasons.

Properties

The following table summarizes the Company's investment in real estate assets, including one asset held for sale:

	As of September 30,	
	2013	2012
Commercial real estate:		
Number of properties	40	37
Rentable square feet	9,807,483	7,439,195

Basis of Presentation

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

The unaudited condensed consolidated financial statements of the Company include all the accounts of the Company and its wholly-owned subsidiaries. All significant intercompany balances and transactions have been eliminated. These financial statements should be read in conjunction with the Company's consolidated financial statements and notes thereto contained in the Company's Annual Report on Form 10-K for its fiscal year ended December 31, 2012, as filed with the Securities and Exchange Commission.

The accompanying interim financial statements are unaudited; however, the financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (GAAP) for interim financial information and in conjunction with the rules and regulations of the Securities and Exchange Commission. Accordingly, they do not include all of the disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting solely of normal recurring matters) necessary for a fair presentation of the financial statements for these interim periods have been included. Operating results for the three and nine months ended September 30, 2013 are not necessarily indicative of the results that may be expected for the year ended December 31, 2013 or for any other period.

Financial Instruments

The Company estimates that the carrying values of cash and cash equivalents, restricted cash, receivables, prepaid expenses, accounts payable and accrued expenses, accrued compensation, tenant security deposits and the bank note and term loans payable approximate their fair values based on their short-term maturity and prevailing interest rates.

Reclassifications

Certain amounts from the 2012 financial statements have been reclassified to conform to the 2013 presentation. The reclassifications were related primarily to a property held for sale, which is presented as discontinued operations for all periods presented. Reclassifications of discontinued operations changed rental revenues, operating and maintenance expenses, depreciation and amortization and the related assets. There was no change to net income for any period presented as a result of these reclassifications.

Table of Contents

Franklin Street Properties Corp.

Notes to Condensed Consolidated Financial Statements

(Unaudited)

1. Organization, Properties, Basis of Presentation, Financial Instruments and Recent Accounting Standards (continued)

Recent Accounting Standards

In February 2013, the Financial Accounting Standards Board, or FASB, issued Accounting Standards Update No. 2013-02, Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income. This update requires entities to report the effect of significant reclassifications out of accumulated other comprehensive income on the respective line items in net income if the amount being reclassified is required under U.S. generally accepted accounting principles (GAAP) to be reclassified in its entirety to net income. This update was effective for interim and annual reporting periods beginning after December 15, 2012. The adoption of this update did not have a material impact on the disclosures in, or presentation of, our condensed consolidated financial statements.

2. Related Party Transactions and Investments in Non-Consolidated Entities

Investment in Sponsored REITs:

At September 30, 2013, the Company held a common stock interest in 15 Sponsored REITs, from which it no longer derives economic benefits or risks. The Company also holds a non-controlling preferred stock investment in two of these Sponsored REITs, FSP 303 East Wacker Drive Corp. (East Wacker) and FSP Grand Boulevard Corp. (Grand Boulevard), from which it continues to derive economic benefits and risks.

In September 2006, the Company purchased 48 preferred shares or 4.6% of the outstanding preferred shares of one of its Sponsored REITs, FSP Phoenix Tower Corp (Phoenix Tower). On December 20, 2012, the property owned by Phoenix Tower was sold and, thereafter, Phoenix Tower declared and issued a liquidating distribution for its preferred shareholders, from which the Company was entitled to \$4,862,000. The Company received \$4,752,000 on January 4, 2013 and \$96,000 on September 30, 2013. As of September 30, 2013, the Company held a beneficial interest in the Phoenix Tower liquidating trust in the amount of \$14,000, which is included in other assets in the accompanying consolidated balance sheet. In connection with its common stock ownership of Phoenix Tower, the Company received \$10,000 on September 30, 2013.

Equity in earnings (losses) of investment in non-consolidated REITs:

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

The following table includes equity in earnings (losses) of investments in non-consolidated REITs:

(in thousands)	Nine Months Ended September 30,			
	2013		2012	
Equity in earnings of Phoenix Tower	\$		\$	48
Equity in earnings (loss) of East Wacker		(572)		1,197
Equity in loss of Grand Boulevard		(242)		(184)
	\$	(814)	\$	1,061

Equity in earnings of investments in non-consolidated REITs is derived from the Company's share of income (loss) in the operations of those entities. The Company exercises influence over, but does not control these entities, and investments are accounted for using the equity method.

Equity in earnings of Phoenix Tower was derived from the Company's preferred stock investment in the entity. On December 20, 2012, the property owned by Phoenix Tower was sold and the Company's share of the gain was \$1,582,000.

Equity in earnings (loss) of East Wacker is derived from the Company's preferred stock investment in the entity. In December 2007, the Company purchased 965.75 preferred shares or 43.7% of the outstanding preferred shares of East Wacker for \$82,813,000 (which represented \$96,575,000 at the offering price net of commissions of \$7,726,000, loan fees of \$5,553,000 and acquisition fees of \$483,000 that were excluded).

Equity in loss of Grand Boulevard is derived from the Company's preferred stock investment in the entity. In May 2009, the Company purchased 175.5 preferred shares or 27.0% of the outstanding preferred shares of Grand Boulevard for \$15,049,000 (which represented \$17,550,000 at the offering price net of commissions of \$1,404,000, loan fees of \$1,009,000 and acquisition fees of \$88,000 that were excluded).

Table of Contents**Franklin Street Properties Corp.****Notes to Condensed Consolidated Financial Statements****(Unaudited)****2. Related Party Transactions and Investments in Non-consolidated Entities (continued)**

The Company recorded distributions of \$81,000 and \$2,733,000 from non-consolidated REITs during the nine months ended September 30, 2013 and 2012, respectively.

Non-consolidated REITs:

The Company has in the past acquired by merger entities similar to the Sponsored REITs. The Company's business model for growth includes the potential acquisition, by merger or otherwise, of Sponsored REITs. The Company has no legal or any other enforceable obligation to acquire or to offer to acquire any Sponsored REIT. In addition, any offer (and the related terms and conditions) that might be made in the future to acquire any Sponsored REIT would require the approval of the boards of directors of the Company and the Sponsored REIT and the approval of the shareholders of the Sponsored REIT.

The operating data below for 2013 and 2012 includes operations of the 15 and 16 Sponsored REITs the Company held an interest in as of September 30, 2013 and 2012, respectively.

At September 30, 2013, December 31, 2012 and September 30, 2012, the Company had ownership interests in 15, 15 and 16 Sponsored REITs, respectively. Summarized financial information for these Sponsored REITs is as follows:

(in thousands)	September 30, 2013	December 31, 2012
Balance Sheet Data (unaudited):		
Real estate, net	\$ 694,469	\$ 659,655
Other assets	164,153	156,785
Total liabilities	(322,608)	(316,311)
Shareholders' equity	\$ 536,014	\$ 500,129

(in thousands)	For the Nine Months Ended September 30,	
	2013	2012

Operating Data (unaudited):			
Rental revenues	\$	70,427	\$ 83,933
Other revenues		52	93
Operating and maintenance expenses		(36,395)	(42,134)
Depreciation and amortization		(23,638)	(26,452)
Interest expense		(10,261)	(13,633)
Net income	\$	185	\$ 1,807

Management fees and interest income from loans:

Asset management fees range from 1% to 5% of collected rents and the applicable contracts are cancelable with 30 days notice. Asset management fee income from non-consolidated entities amounted to approximately \$794,000 and \$847,000 for the nine months ended September 30, 2013 and 2012, respectively.

From time to time the Company may make secured loans (Sponsored REIT Loans) to Sponsored REITs in the form of mortgage loans or revolving lines of credit to fund construction costs, capital expenditures, leasing costs and for other purposes. The Company anticipates that each Sponsored REIT Loan will be repaid at maturity or earlier from long term financings of the underlying properties, cash flows from the underlying properties or some other capital event. Each Sponsored REIT Loan is secured by a mortgage on the underlying property and has a term of approximately two to three years. Except for the mortgage loan which bears interest at a fixed rate, advances under each Sponsored REIT Loan bear interest at a rate equal to the 30-day LIBOR rate plus an agreed upon amount of basis points and most advances also require a 50 basis point draw fee.

Table of Contents

Franklin Street Properties Corp.
Notes to Condensed Consolidated Financial Statements

2. Related Party Transactions and Investments in Non-consolidated Entities (continued)

The following is a summary of the Sponsored REIT Loans outstanding as of September 30, 2013:

(dollars in thousands)

Sponsored REIT	Location	Maturity Date	Maximum Amount of Loan	Amount Drawn at 30-Sep-13	Interest Rate (1)	Draw Fee (2)	Interest Rate at 30-Sep-13
Secured revolving lines of credit							
FSP Highland Place I Corp.	Centennial, CO	31-Dec-13	\$ 5,500	\$ 1,575	L+4.4%	0.5%	4.58%
FSP Satellite Place Corp.	Duluth, GA	31-Mar-14	5,500	5,500	L+4.4%	0.5%	4.58%
FSP 1441 Main Street Corp.	Columbia, SC	31-Mar-14	10,800	9,000	L+4.4%	0.5%	4.58%
FSP 505 Waterford Corp.	Plymouth, MN	30-Nov-13	7,000	2,350	L+4.4%	0.5%	4.58%
FSP Galleria North Corp.	Dallas, TX	30-Jan-15	15,000	9,880	L+5.0%	0.5%	5.18%
Secured construction loan							
FSP 385 Interlocken Development Corp.	Broomfield, CO	30-Apr-14	42,000	37,541	L+4.4%	n/a	4.58%
Mortgage loan secured by property							
FSP Energy Tower I Corp. (3)	Houston, TX	5-Jul-14	33,000	33,000	6.41%	n/a	6.41%
			\$ 118,800	\$ 98,846			

(1) The interest rate is 30-day LIBOR rate plus the additional rate indicated, otherwise a fixed rate.

(2) The draw fee is a percentage of each new advance, and is paid at the time of each new draw.

(3) The loan has a secured fixed mortgage amount of \$33,000,000. A loan fee of \$300,630 was paid at the time of closing and funding of the loan on July 5, 2012. The borrower is required to pay the Company an exit fee in the amount of 0.982% of the principal repayment amount.

The Company recognized interest income and fees from the Sponsored REIT Loans of approximately \$4,135,000 and \$8,299,000 for the nine months ended September 30, 2013 and 2012, respectively.

3. Significant Acquisitions

During the nine months ended September 30, 2013, the Company acquired three properties with an aggregate of approximately 1,951,000 rentable square feet at an aggregate purchase price of approximately \$558 million excluding closing costs and adjustments. One property is located in Atlanta, Georgia and two properties are located in Denver, Colorado. The Company expensed acquisition costs of approximately \$556,000 related to these acquisitions.

The purchase price of the properties was allocated to real estate investments and leases, including lease origination costs. Lease origination costs represent the value associated with acquiring an in-place lease (i.e. the market cost to execute a similar lease, including leasing commission, legal, vacancy, and other related costs). The value assigned to buildings approximates their replacement cost; the value assigned to land approximates its appraised value; and the value assigned to leases approximates their fair value. Other assets and liabilities are recorded at their historical costs, which approximates fair value.

The following table summarizes the estimated fair value of the assets acquired at the date of acquisition:

Real estate assets	\$	454,447
Value of acquired real estate leases		110,039
Acquired unfavorable leases		(9,897)
Total	\$	554,589

Table of Contents**Franklin Street Properties Corp.****Notes to Condensed Consolidated Financial Statements****(Unaudited)****3. Significant Acquisitions (continued)**

The Company assessed the fair value of the acquired real estate leases based on estimated cash flow projections that utilize appropriate discount rates and available market information. Such inputs are Level 3 in the fair value hierarchy.

Pro forma operating results for the Company and the acquisitions are shown in the following table. The results assume that the properties were acquired on January 1, 2012. The results are not necessarily indicative of what the Company's actual results of operations would have been for the periods indicated, nor do they purport to represent the results of operations of any future periods.

(unaudited) (in thousands except per share amounts)	For the Three Months Ended September 30,		For the Nine Months Ended September 30,	
	2013	2012	2013	2012
Revenue	\$ 61,300	\$ 53,895	\$ 178,322	\$ 155,747
Income from continuing operations	\$ 4,080	\$ 2,539	\$ 8,175	\$ 7,687
Net income	\$ 4,178	\$ (11,930)	\$ 8,469	\$ (7,176)
Weighted average shares outstanding	100,187	82,937	91,720	82,937
Income from continuing operations per share	\$ 0.04	\$ 0.03	\$ 0.09	\$ 0.09
Net income per share	\$ 0.04	\$ (0.14)	\$ 0.09	\$ (0.09)

During the nine months ended September 30, 2013, the Company recognized approximately \$14.2 million of revenues and \$1.4 million of net income from operations of these acquisitions.

4. Bank note payable2013 Term Loan

On August 26, 2013, the Company and certain of its wholly-owned subsidiaries entered into a Credit Agreement (the 2013 Credit Agreement) with the lending institutions referenced in the 2013 Credit Agreement and those lenders from time to time party thereto and Bank of Montreal, as administrative agent, to provide for a single unsecured term loan borrowing on the closing date in the amount of \$220,000,000 (the 2013 Term Loan). On August 26, 2013, the Company drew down \$220,000,000 under the 2013 Term Loan. The 2013 Term Loan has a seven year term

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

that matures on August 26, 2020. The 2013 Term Loan includes an accordion feature that allows for up to \$50,000,000 of additional loans subject to receipt of lender commitments and satisfaction of certain customary conditions.

The 2013 Term Loan bears interest at either (i) a rate equal to LIBOR plus 145 to 220 basis points depending on the Company's total leverage ratio for the applicable period (LIBOR plus 145 basis points, or 1.63% at September 30, 2013) or (ii) a rate equal to the bank's base rate plus 45 to 120 basis points depending on our total leverage ratio for the applicable period (the bank's base rate plus 45 basis points, or 3.70% at September 30, 2013). The actual LIBOR rate or base rate is determined based on the Company's total leverage ratio for the applicable period as described in the table below:

Greater Than	Leverage Ratio	Less Than or Equal to	LIBOR Margin	Base Rate Margin
		25%	145.0bps	45.0bps
25%	and	35%	155.0bps	55.0bps
35%	and	45%	165.0bps	65.0bps
45%	and	55%	190.0bps	90.0bps
55%	and		220.0bps	120.0bps

Franklin Street Properties Corp.

Notes to Condensed Consolidated Financial Statements

(Unaudited)

4. Bank note payable (continued)

Notwithstanding the Company's actual leverage ratio and the table above, during the period from closing and funding on August 26, 2013 until the Company furnishes Bank of Montreal with its compliance certificate (the Compliance Certificate) for the quarter ended September 30, 2013, the 2013 Term Loan bears interest at the $\leq 25\%$ leverage ratio. From and after the Company furnishes the Compliance Certificate to Bank of Montreal, the 2013 Term Loan will bear interest based on the Company's actual total leverage ratio for the applicable period as described in the table above.

Although the interest rate on the 2013 Term Loan is variable, the Company fixed the base LIBOR interest rate on the 2013 Term Loan by entering into an interest rate swap agreement. On August 26, 2013, the Company entered into an ISDA Master Agreement with Bank of Montreal that fixed the base LIBOR interest rate on the 2013 Term Loan at 2.32% per annum for seven years. Accordingly, based upon the Company's leverage ratio, as of September 30, 2013, the interest rate on the 2013 Term Loan was 3.77% per annum.

The 2013 Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type, including limitations with respect to indebtedness, liens, investments, mergers and acquisitions, disposition of assets, changes in business, certain restricted payments, the requirement to join certain subsidiaries as co-borrowers under the 2013 Credit Agreement and transactions with affiliates. The 2013 Credit Agreement also contains financial covenants that require the Company to maintain a minimum tangible net worth, a minimum fixed charge coverage ratio, a maximum secured leverage ratio, a maximum leverage ratio, a maximum unencumbered leverage ratio, a minimum unencumbered debt service coverage ratio, a maximum ratio of certain investments to total assets and a maximum amount of secured recourse indebtedness. The 2013 Credit Agreement provides for customary events of default with corresponding grace periods, including failure to pay any principal or interest when due, certain cross defaults and a change in control of the Company (as defined in the 2013 Credit Agreement). In the event of a default by the Company, the administrative agent may, and at the request of the requisite number of lenders shall, declare all obligations under the 2013 Credit Agreement immediately due and payable, terminate the lenders' commitments to make loans under the 2013 Credit Agreement, and enforce any and all rights of the lenders or administrative agent under the 2013 Credit Agreement and related documents. For certain events of default related to bankruptcy, insolvency, and receivership, the commitments of lenders will be automatically terminated and all outstanding obligations of the Company will become immediately due and payable. The Company was in compliance with the 2013 Term Loan financial covenants as of September 30, 2013.

The Company may use the proceeds of the 2013 Term Loan to finance the acquisition of real properties and for other permitted investments, to finance investments associated with Sponsored REITs, to refinance or retire existing indebtedness and for working capital and other general business purposes, in each case to the extent permitted under the 2013 Credit Agreement.

2012 Credit Facility

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

As of September 30, 2013, the Company had bank notes payable to a group of banks for an unsecured credit facility comprised of both a revolving line of credit and a term loan (the 2012 Credit Facility). The revolving line of credit portion of the 2012 Credit Facility is for borrowings, at the Company's election, of up to \$500,000,000 (the 2012 Revolver). The term loan portion of the 2012 Credit Facility is for \$400,000,000 (the 2012 Term Loan). The 2012 Revolver includes an accordion feature that allows for up to \$250,000,000 of additional borrowing capacity subject to receipt of lender commitments and satisfaction of certain customary conditions.

On September 27, 2012, the Company and certain of its wholly-owned subsidiaries entered into an Amended and Restated Credit Agreement (as amended, the 2012 Credit Agreement) with the lending institutions referenced in the 2012 Credit Agreement and those lenders from time to time party thereto and Bank of America, N.A., as administrative agent, letter of credit issuer and swing line lender, for the 2012 Credit Facility. On September 27, 2012, the Company drew down the entire \$400,000,000 under the 2012 Term Loan and \$82,000,000 under the 2012 Revolver. The Company's \$600,000,000 revolving credit facility (the 2011 Revolver) that was scheduled to mature on February 22, 2014 was amended and restated in its entirety by the 2012 Credit Agreement and the \$482,000,000 in advances outstanding under the 2011 Revolver were repaid from the proceeds of the 2012 Credit Facility.

The 2012 Term Loan has a five year term that matures on September 27, 2017. Borrowings made pursuant to the 2012 Revolver may be revolving loans, swing line loans or letters of credit, the combined sum of which may not exceed \$500,000,000 outstanding at any time. Borrowings made pursuant to the 2012 Revolver may be borrowed, repaid and reborrowed from time to time for four years until September 27, 2016, the initial maturity date of the 2012 Revolver. The Company has the right to extend the initial maturity date of

Table of Contents**Franklin Street Properties Corp.****Notes to Condensed Consolidated Financial Statements****(Unaudited)****4. Bank note payable (continued)**

the 2012 Revolver by an additional 12 months, or until September 27, 2017, upon payment of a fee and satisfaction of certain customary conditions.

The 2012 Credit Facility bears interest at either (i) a rate equal to LIBOR plus 135 to 190 basis points depending on the Company's total leverage ratio at the time of the borrowing (LIBOR plus 140 basis points, or 1.58% at September 30, 2013) or (ii) a rate equal to the bank's base rate plus 35 to 90 basis points depending on our total leverage ratio at the time of the borrowing (the bank's base rate plus 40 basis points, or 3.65% at September 30, 2013). The 2012 Credit Facility also obligates the Company to pay an annual facility fee of 20 to 40 basis points depending on the Company's total leverage ratio (25 basis points at September 30, 2013). The facility fee is assessed against the total amount of the 2012 Credit Facility, or \$900,000,000. The actual amount of any applicable facility fee, LIBOR rate or base rate is determined based on the Company's total leverage ratio as described in the table below:

Greater Than	Leverage Ratio	Less Than or Equal to	Facility Fee	LIBOR Margin	Base Rate Margin
		25%	20.0bps	135.0bps	35.0bps
25%	and	35%	25.0bps	140.0bps	40.0bps
35%	and	45%	30.0bps	145.0bps	45.0bps
45%	and	55%	35.0bps	165.0bps	65.0bps
55%	and		40.0bps	190.0bps	90.0bps

For purposes of the 2012 Credit Facility, base rate means, for any day, a fluctuating rate per annum equal to the highest of: (i) the bank's prime rate for such day, (ii) the Federal Funds Rate for such day, plus 1/2 of 1.00%, and (iii) the one month LIBOR base rate for such day plus 1.00%.

Although the interest rate on the 2012 Credit Facility is variable, under the 2012 Credit Agreement, the Company fixed the base LIBOR interest rate on the 2012 Term Loan by entering into an interest rate swap agreement. On September 27, 2012, the Company entered into an ISDA Master Agreement with Bank of America, N.A. that fixed the base LIBOR interest rate on the 2012 Term Loan at 0.75% per annum for five years. Accordingly, based upon the Company's leverage ratio, as of September 30, 2013, the interest rate on the 2012 Term Loan was 2.20% per annum. In addition, based upon the Company's leverage ratio, as of September 30, 2013, there were borrowings of \$331,500,000 outstanding under the 2012 Revolver at a weighted average rate of 1.65% per annum. The weighted average interest rate on all amounts outstanding on the 2012 Revolver during the nine months ended September 30, 2013 was approximately 1.63% per annum.

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

As of December 31, 2012, there were borrowings of \$216,750,000 outstanding under the 2012 Revolver at a weighted average rate of 2.23% per annum.

The 2012 Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type, including limitations with respect to indebtedness, liens, investments, mergers and acquisitions, disposition of assets, changes in business, certain restricted payments, the requirement to join certain subsidiaries as co-borrowers under the 2012 Credit Agreement and transactions with affiliates. The 2012 Credit Agreement also contains financial covenants that require the Company to maintain a minimum tangible net worth, a minimum fixed charge coverage ratio, a maximum secured leverage ratio, a maximum leverage ratio, a maximum unencumbered leverage ratio, a minimum unencumbered debt service coverage ratio, a maximum ratio of certain investments to total assets and a maximum amount of secured recourse indebtedness. The 2012 Credit Agreement provides for customary events of default with corresponding grace periods, including failure to pay any principal or interest when due, certain cross defaults and a change in control of the Company (as defined in the 2012 Credit Agreement). In the event of a default by the Company, the administrative agent may, and at the request of the requisite number of lenders shall, declare all obligations under the 2012 Credit Agreement immediately due and payable, terminate the lenders' commitments to make loans under the 2012 Credit Agreement, and enforce any and all rights of the lenders or administrative agent under the 2012 Credit Agreement and related documents. For certain events of default related to bankruptcy, insolvency, and receivership, the commitments of lenders will be automatically terminated and all outstanding obligations of the Company will become immediately due and payable. The Company was in compliance with the 2012 Credit Facility financial covenants as of September 30, 2013.

Table of Contents**Franklin Street Properties Corp.****Notes to Condensed Consolidated Financial Statements****(Unaudited)****4. Bank note payable (continued)**

The Company may use the proceeds of the loans under the 2012 Credit Agreement to finance the acquisition of real properties and for other permitted investments, to finance investments associated with Sponsored REITs, to refinance or retire existing indebtedness and for working capital and other general business purposes, in each case to the extent permitted under the 2012 Credit Agreement.

5. Financial Instruments: Derivatives and Hedging

On August 26, 2013, the Company fixed the interest rate for seven years on the 2013 Term Loan with an interest rate swap agreement (the 2013 Interest Rate Swap) and on September 27, 2012, the Company fixed the interest rate for five years on the 2012 Term Loan with an interest rate swap agreement (the 2012 Interest Rate Swap). The variable rates that were fixed under the 2013 Interest Rate Swap and the 2012 Interest Rate Swap are described in Note 4.

The 2013 Interest Rate Swap and the 2012 Interest Rate Swap qualify as cash flow hedges and have been recognized on the consolidated balance sheet at fair value. If a derivative qualifies as a hedge, depending on the nature of the hedge, changes in the fair value of the derivative will either be offset against the change in fair value of the hedged asset, liability, or firm commitment through earnings, or recognized in other comprehensive income until the hedged item is recognized in earnings. The ineffective portion of a derivative's change in fair value will be immediately recognized in earnings, which may increase or decrease reported net income and stockholders' equity prospectively, depending on future levels of interest rates and other variables affecting the fair values of derivative instruments and hedged items, but will have no effect on cash flows.

The following table summarizes the notional and fair value of our derivative financial instruments at September 30, 2013. The notional value is an indication of the extent of our involvement in these instruments at that time, but does not represent exposure to credit, interest rate or market risks.

(in thousands)	Notional Value	Strike Rate	Effective Date	Expiration Date	Fair Value
2013 Interest Rate Swap	\$ 220,000	2.32%	Aug-13	Aug-20	\$ (4,579)
2012 Interest Rate Swap	\$ 400,000	0.75%	Sep-12	Sep-17	\$ 4,365

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

On September 30, 2013, the 2013 Interest Rate Swap was reported as a liability at its fair value of approximately \$4.6 million and the 2012 Interest Rate Swap was reported as an asset at its fair value of approximately \$4.4 million. These are included in other liabilities: derivative liability and other assets: derivative asset on the consolidated balance sheet at September 30, 2013, respectively. Offsetting adjustments are reported as unrealized gains or losses on derivative financial instruments in accumulated other comprehensive income of \$1.0 million. During the nine months ended September 30, 2013, \$2.1 million was reclassified out of other comprehensive income and into interest expense.

Over time, the unrealized gains and losses held in accumulated other comprehensive income will be reclassified into earnings as an increase or reduction to interest expense in the same periods in which the hedged interest payments affect earnings. We estimate that approximately \$0.4 million of the current balance held in accumulated other comprehensive income will be reclassified into earnings within the next 12 months.

We are hedging the exposure to variability in future cash flows for forecasted transactions in addition to anticipated future interest payments on existing debt.

The fair value of the Company's derivative instruments are determined using the net discounted cash flows of the expected cash flows of the derivative based on the market based interest rate curve. These financial instruments were classified within Level 2 of the fair value hierarchy and were classified as an asset or liability on the condensed consolidated balance sheet.

Franklin Street Properties Corp.

Notes to Condensed Consolidated Financial Statements

(Unaudited)

6. Net Income Per Share

Basic net income per share is computed by dividing net income by the weighted average number of Company shares outstanding during the period. Diluted net income per share reflects the potential dilution that could occur if securities or other contracts to issue shares were exercised or converted into shares. There were no potential dilutive shares outstanding at September 30, 2013 and 2012, respectively.

7. Stockholders Equity

As of September 30, 2013, the Company had 100,187,405 shares of common stock outstanding.

Equity Offerings

On May 15, 2013, the Company completed an underwritten public offering of 17,250,000 shares of its common stock (including 2,250,000 shares issued as a result of the full exercise of an overallotment option by the underwriter) at a price to the public of \$14.00 per share. The proceeds from this public offering, net of underwriter discounts and offering costs, totaled approximately \$230.7 million (after payment of offering costs of approximately \$10.8 million).

On May 6, 2010, the Company entered into an on demand offering sales agreement whereby the Company may offer and sell up to an aggregate gross sales price of \$75 million of its common stock from time to time (the ATM Sales Program). The on demand offering sales agreement for the ATM Sales Program was amended on April 27, 2012 in connection with the Company's filing of a new Registration Statement on Form S-3. Sales of shares of the Company's common stock depend upon market conditions and other factors determined by the Company and may be deemed to be at the market offerings as defined in Rule 415 of the Securities Act of 1933, as amended, including sales made directly on the NYSE MKT or sales made to or through a market maker other than on an exchange, as well as in negotiated transactions, if and to the extent agreed by the Company in writing. The Company has no obligation to sell any shares of its common stock, and may at any time suspend solicitation and offers. During the three and nine months ended September 30, 2013, the Company did not sell any shares under the ATM Sales Program. As of September 30, 2013, the Company was authorized to offer and sell a remainder of approximately \$34.3 million of its shares of common stock under the ATM Sales Program.

The Company declared and paid dividends as follows (in thousands, except per share amounts):

Quarter Paid	Dividends Per Share		Total Dividends
First quarter of 2013	\$	0.19	\$ 15,758
Second quarter of 2013	\$	0.19	\$ 15,758
Third quarter of 2013	\$	0.19	\$ 19,036
First quarter of 2012	\$	0.19	\$ 15,758
Second quarter of 2012	\$	0.19	\$ 15,758
Third quarter of 2012	\$	0.19	\$ 15,758

8. Income Taxes

The Company has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the Code). As a REIT, the Company generally is entitled to a tax deduction for distributions paid to its shareholders, thereby effectively subjecting the distributed net income of the Company to taxation at the shareholder level only. The Company must comply with a variety of restrictions to maintain its status as a REIT. These restrictions include the type of income it can earn, the type of assets it can hold, the number of shareholders it can have and the concentration of their ownership, and the amount of the Company's taxable income that must be distributed annually.

One such restriction is that the Company generally cannot own more than 10% of the voting power or value of the securities of any one issuer unless the issuer is itself a REIT or a taxable REIT subsidiary (TRS). In the case of TRSs, the Company's ownership of securities in all TRSs generally cannot exceed 25% of the value of all of the Company's assets and, when considered together with other non-real estate assets, cannot exceed 25% of the value of all of the Company's assets. FSP Investments and FSP Protective TRS Corp. are the Company's taxable REIT subsidiaries operating as taxable corporations under the Code.

Table of Contents**Franklin Street Properties Corp.****Notes to the Consolidated Financial Statements****(Unaudited)****8. Income Taxes (continued)**

Accrued interest and penalties will be recorded as income tax expense, if the Company records a liability in the future. The Company and one or more of its subsidiaries files income tax returns in the U.S. federal jurisdiction and various state jurisdictions. The statute of limitations for the Company's income tax returns is generally three years and as such, the Company's returns that remain subject to examination would be primarily from 2010 and thereafter.

Income taxes are recorded based on the future tax effects of the difference between the tax and financial reporting bases of the Company's assets and liabilities. In estimating future tax consequences, potential future events are considered except for potential changes in income tax law or in rates.

The Company is subject to business tax (the Revised Texas Franchise Tax). The Revised Texas Franchise Tax is a tax at a rate of approximately 0.7% of revenues at Texas properties commencing with 2007 revenues. Some of the Company's leases allow reimbursement by tenants for these amounts because the Revised Texas Franchise Tax replaces a portion of the property tax for school districts. Because the tax base on the Revised Texas Franchise Tax is derived from an income based measure it is considered an income tax. The Company recorded a provision for income taxes on its income statement of \$337,000 and \$234,000 for the nine months ended September 30, 2013 and 2012, respectively.

The income tax expense reflected in the consolidated statements of income relates primarily to a franchise tax on our Texas properties. FSP Protective TRS Corp. provides taxable services to tenants at some of the Company's properties and the tax expenses associated with these activities are reported as Other Taxes in the table below:

(in thousands)	For the Nine Months Ended September 30,	
	2013	2012
Revised Texas franchise tax	\$ 337	\$ 234
Other Taxes	15	2
Income tax expense	\$ 352	\$ 236

Taxes on income are a current tax expense. No deferred income taxes were provided as there were no material temporary differences between the financial reporting basis and the tax basis of the TRSs.

9. Discontinued Operations

The Company reports the results of operations of its properties either sold or held for sale as discontinued operations in its consolidated statements of income, which includes rental income, rental operating expenses, real estate taxes and insurance, depreciation and amortization.

During the three months ended September 30, 2013, the Company reached an agreement to sell an office property located in Richardson, Texas. The property was classified as an asset held for sale at September 30, 2013 and is expected to be sold within one year in excess of its net book value. The Company sold an office property located in Southfield, Michigan, on December 21, 2012. Accordingly, both properties were classified as discontinued for all periods presented.

Table of Contents**Franklin Street Properties Corp.****Notes to the Consolidated Financial Statements****(Unaudited)****9. Discontinued Operations (Continued)**

The operating results for discontinued operations are summarized below.

(in thousands)	For the Three Months Ended September 30,		For the Nine Months Ended September 30,	
	2013	2012	2013	2012
Rental revenue	\$ 305	\$ 560	\$ 917	\$ 1,795
Rental operating expenses		(282)		(889)
Real estate taxes and insurance	(2)	(73)	(7)	(278)
Depreciation and amortization	(205)	(374)	(616)	(1,191)
Loss from discontinued operations	\$ 98	\$ (169)	\$ 294	\$ (563)

10. Subsequent Events

On October 11 2013, the Board of Directors of the Company declared a cash distribution of \$0.19 per share of common stock payable on November 14, 2013 to stockholders of record on October 25, 2013.

On October 10, 2013, the Company made a \$1.2 million advance pursuant to a Sponsored REIT loan to FSP Galleria North Corp.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the financial statements and notes thereto appearing elsewhere in this report and in our Annual Report on Form 10-K for the year ended December 31, 2012. Historical results and percentage relationships set forth in the condensed consolidated financial statements, including trends which might appear, should not be taken as necessarily indicative of future operations. The following discussion and other parts of this Quarterly Report on Form 10-Q may also contain forward-looking statements based on current judgments and current knowledge of management, which are subject to certain risks, trends and uncertainties that could cause actual results to differ materially from those indicated in such forward-looking statements. Accordingly, readers are cautioned not to place undue reliance on forward-looking statements. Investors are cautioned that our forward-looking statements involve risks and uncertainty, including without limitation, economic conditions in the United States, disruptions in the debt markets, economic conditions in the markets in which we own properties, risks of a lessening of demand for the types of real estate owned by us, uncertainties relating to fiscal policy, changes in government regulations and regulatory uncertainty, geopolitical events, and expenditures that cannot be anticipated such as utility rate and usage increases, unanticipated repairs, additional staffing, insurance increases and real estate tax valuation reassessments. See Item 1A. Risk Factors below. Although we believe the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. We may not update any of the forward-looking statements after the date this Quarterly Report on Form 10-Q is filed to conform them to actual results or to changes in our expectations that occur after such date, other than as required by law.

Overview

FSP Corp., or we, operate in the real estate operations segment. The real estate operations segment involves real estate rental operations, leasing, secured financing of real estate and services provided for asset management, property management, property acquisitions, dispositions and development. Our current strategy is to invest in select urban infill and central business district office properties, with primary emphasis on our top five markets of Atlanta, Dallas, Denver, Houston and Minneapolis. We will also monitor San Diego, Silicon Valley, Greater Boston, Raleigh-Durham, and Greater Washington, DC, as well as other markets, for opportunistic investments. FSP Corp. seeks value-oriented investments with an eye towards long-term growth and appreciation, as well as current income.

The main factor that affects our real estate operations is the broad economic market conditions in the United States. These market conditions affect the occupancy levels and the rent levels on both a national and local level. We have no influence on broader economic/market conditions. We look to acquire and/or develop quality properties in good locations in order to lessen the impact of downturns in the market and to take advantage of upturns when they occur.

Critical Accounting Policies

We have certain critical accounting policies that are subject to judgments and estimates by our management and uncertainties of outcome that affect the application of these policies. We base our estimates on historical experience and on various other assumptions we believe to be reasonable under the circumstances. On an on-going basis, we evaluate our estimates. In the event estimates or assumptions prove to be different from actual results, adjustments are made in subsequent periods to reflect more current information. The accounting policies that we believe are most critical to the understanding of our financial position and results of operations, and that require significant management estimates and judgments, are discussed in Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations in our Annual Report on Form 10-K for the year ended December 31, 2012.

Critical accounting policies are those that have the most impact on the reporting of our financial condition and results of operations and those requiring significant judgments and estimates. We believe that our judgments and assessments are consistently applied and produce financial information that fairly presents our results of operations. No changes to our critical accounting policies have occurred since the filing of our Annual Report on Form 10-K for the year ended December 31, 2012.

Recent Accounting Standards

In February 2013, the Financial Accounting Standards Board, or FASB, issued Accounting Standards Update No. 2013-02, Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income. This update requires entities to report the effect of significant reclassifications out of accumulated other comprehensive income on the respective line items in net income if the amount being reclassified is required under U.S. generally accepted accounting principles (GAAP) to be reclassified in its entirety to net income. This update was effective for interim and annual reporting periods beginning after December 15, 2012. The adoption of this update did not have a material impact on the disclosures in, or presentation of, our condensed consolidated financial statements.

Trends and Uncertainties

Economic Conditions

The economy in the United States is continuing to experience a period of limited economic growth, including high levels of unemployment, which directly affects the demand for office space, our primary income producing asset. The broad economic market conditions in the United States are affected by numerous factors, including but not limited to, inflation and employment levels, energy prices, slow economic growth and/or recessionary concerns, uncertainty about government fiscal and tax policy, changes in currency exchange rates, geopolitical events, the regulatory environment, the availability of debt and interest rate fluctuations. Future economic factors may negatively affect real estate values, occupancy levels and property income. At this time, we cannot predict the extent or duration of any negative impact that the current state of the United States economy could have on our business.

Real Estate Operations

Leasing

Our real estate portfolio was approximately 93.8% leased as of September 30, 2013, a decrease from 94.4% as of June 30, 2013. The drop in leased percentage for the third quarter was primarily attributable to the acquisition of a 655,420 square foot office building in Denver, Colorado that was 88.5% leased at the time of acquisition. We believe this property offers an excellent opportunity to increase occupancy and rental income stream within a vibrant and growing Denver central business district office market, creating incremental value for the Company. During the nine months ended September 30, 2013, we leased approximately 645,000 square feet of office space, of which approximately 457,000 square feet were with existing tenants, at a weighted average term of 7.75 years. On average, tenant improvements for such leases were \$22.14 per square foot, lease commissions were \$9.14 per square foot and rent concessions were approximately four months of free rent. Average GAAP base rents under such leases were \$23.13 per square foot, or 10.4% higher than average rents in the respective properties as applicable compared to the year ended December 31, 2012.

As of September 30, 2013, approximately 0.6% of the square footage in our portfolio is scheduled to expire during the remainder of 2013, and approximately 4.9% is scheduled to expire during 2014. As the fourth quarter of 2013 begins, our property portfolio is well stabilized, with a balanced lease expiration schedule. We believe that most of our largest property markets are now experiencing positive trends in both occupancies and rental rates.

While we cannot generally predict when existing vacancy in our real estate portfolio will be leased or if existing tenants with expiring leases will renew their leases or what the terms and conditions of the lease renewals will be, we expect to renew or sign new leases at then-current market rates for locations in which the buildings are located, which could be below the expiring rates. Also, even as the economy recovers, we believe the potential for any of our tenants to default on its lease or to seek the protection of bankruptcy still exists. If any of our tenants defaults on its lease, we may experience delays in enforcing our rights as a landlord and may incur substantial costs in protecting our investment. In addition, at any time, a tenant of one of our properties may seek the protection of bankruptcy laws, which could result in the rejection and termination of such tenant's lease and thereby cause a reduction in cash available for distribution to our stockholders.

Real Estate Acquisitions and Investments

During 2013:

- on May 22, we acquired an office property with approximately 680,277 rentable square feet of space for \$183.0 million located in the central business district of Denver, Colorado;
- on July 1, we acquired an office property with approximately 621,007 rentable square feet for \$157.9 million located in the midtown submarket of Atlanta, Georgia;
- on August 28, we acquired an office property with approximately 655,565 rentable square feet of space for \$217.0 million located in the central business district of Denver, Colorado; and
- funded advances on Sponsored REIT Loans for revolving lines of credit of an aggregate of approximately \$5.0 million.

Additional potential real estate investment opportunities are actively being explored and we would anticipate further real estate investments in the future.

Table of Contents

During 2012, we:

- acquired two properties directly into our portfolio with a total of approximately 1,016,000 rentable square feet at an aggregate purchase price of approximately \$207.6 million. On July 31, 2012, we acquired an office property with approximately 387,000 square feet for approximately \$52.8 million in Atlanta, Georgia and on November 1, 2012 we acquired an office property with approximately 629,000 square feet for approximately \$154.8 million in Houston, Texas;
- funded advances on Sponsored REIT Loans for revolving lines of credit of an aggregate of approximately \$41.6 million including \$30 million during March 2012 to FSP 50 South Tenth Street Corp., and \$11.6 million for revolving lines of credit made during the year ended December 31, 2012;
- received repayments on Sponsored REIT Loans of \$121.2 million, including \$106.2 million on July 27, 2012 from a first mortgage loan on a property owned by FSP 50 South Tenth Street Corp., and \$15.0 million on December 20, 2012 from a secured revolving line of credit with FSP Phoenix Tower Corp.; and
- made and funded a Sponsored REIT Loan on July 5, 2012, in the form of a first mortgage loan in the principal amount of \$33 million to a wholly-owned subsidiary of a Sponsored REIT, FSP Energy Tower I Corp., which owns a property in Houston, Texas.

Property Dispositions

We include properties sold or held for sale as discontinued operations in our consolidated financial statements for all periods presented. During the three months ended September 30, 2013, we reached an agreement to sell an office property located in Richardson, Texas. The property was classified as an asset held for sale at September 30, 2013 and is expected to be sold within one year in excess of its net book value. The Company sold an office property located in Southfield, Michigan, on December 21, 2012. Accordingly, both properties were classified as discontinued for all periods presented.

We will continue to evaluate our portfolio, and in the future may decide to dispose of additional properties from time-to-time in the ordinary course of business. We believe that the current property sales environment remains challenged in many markets relative to both liquidity and pricing. However, we also believe that we are witnessing improving pricing and liquidity in certain markets. We believe that both improving office property fundamentals as well as plentiful and attractive financing availability will likely be required to broadly improve the marketplace for potential property dispositions. As an important part of our total return strategy, we intend to be active in property dispositions when we believe that market conditions warrant such activity and, as a consequence, we continuously review and evaluate our portfolio of properties for potentially advantageous dispositions.

Results of Operations

Impact of Real Estate Acquisitions and Investment Activity:

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

The results of operations for each of the acquired properties are included in our operating results as of their respective purchase dates and the funding and repayment dates for mortgage investments. Increases or decreases in interest income and increases in rental revenues and expenses for the three and nine months ended September 30, 2013 compared to the three and nine months ended September 30, 2012, are primarily a result of the timing of these acquisitions and subsequent contribution of these acquired properties as well as the effect on interest income from the dates of funding and repayment on our mortgage investments.

Table of Contents

The following table shows results for the three months ended September 30, 2013 and 2012:

(in thousands)	Three months ended September 30,		
	2013	2012	Change
Revenue:			
Rental	\$ 56,760	\$ 37,944	\$ 18,816

Net income	\$ 4,094	\$ (8,998)	\$ 13,092

Comparison of the three months ended September 30, 2013 to the three months ended September 30, 2012:

Revenues

Total revenues increased by \$17.0 million to \$58.4 million for the quarter ended September 30, 2013, as compared to the quarter ended September 30, 2012. The increase was primarily a result of:

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

- An increase in rental revenue of approximately \$18.8 million arising primarily from property acquisitions in July 2012, November 2012, May 2013, July 2013 and August 2013, which were included in the quarter ended September 30, 2013; and to a lesser extent, leasing, which raised occupancy approximately 2.5% in the continuing real estate portfolio at September 30, 2013 compared to September 30, 2012.

- The increase was partially offset by a \$1.8 million decrease in interest income from loans to Sponsored REITs, which was primarily a result of repayment of two loans that were outstanding during the three months ended September 30, 2012 and that were repaid in July and December 2012. These repayments resulted in lower average loan receivable balances from which interest income is derived, during the three months ended September 30, 2013, as compared to the three months ended September 30, 2012.

Table of Contents

Expenses

Total expenses increased by \$17.8 million to \$53.9 million for the quarter ended September 30, 2013, as compared to the quarter ended September 30, 2012. The increase was primarily a result of:

- An increase in real estate operating expenses and real estate taxes and insurance of approximately \$7.4 million, and depreciation and amortization of \$8.8 million, which were primarily from property acquisitions in July 2012, November 2012, May 2013, July 2013 and August 2013, which were included in the quarter ended September 30, 2013.
- An increase to interest expense of approximately \$1.3 million to \$5.5 million during the three months ended September 30, 2013 compared to the same period in 2012. The increase was attributable to a higher amount of debt outstanding, which was partially offset by lower average interest rates during the third quarter of 2013 compared to the third quarter of 2012.
- An increase in selling, general and administrative expenses of approximately \$0.3 million, which was primarily the result of increased personnel related expenses, acquisition costs and professional fees. We had 35 and 35 employees as of September 30, 2013 and 2012, respectively, at our headquarters in Wakefield, Massachusetts.

Equity in earnings (losses) of non-consolidated REITs

Equity in earnings (losses) from non-consolidated REITs decreased approximately \$0.6 million to a loss of \$0.4 million during the three months ended September 30, 2013 compared to income of \$0.2 million for the same period in 2012. The decrease was primarily because equity in income from our preferred stock investment in a Sponsored REIT, FSP 303 East Wacker Drive Corp., which we refer to as East Wacker, decreased \$0.6 million during the three months ended September 30, 2013 compared to the same period in 2012.

Taxes on income

Included in income taxes is the Revised Texas Franchise Tax, which is a tax on revenues from Texas properties that increased \$25,000 and federal income taxes of \$13,000 for the three months ended September 30, 2013, compared to the three months ended September 30, 2012.

Income from continuing operations

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

Income from continuing operations for the three months ended September 30, 2013 was \$4.0 million compared to \$5.5 million for the three months ended September 30, 2012, for the reasons described above.

Discontinued operations and provision for sale of property

Income from discontinued operations increased \$14.6 million for the three months ended September 30, 2013 compared to the three months ended September 30, 2012. During September 2013, we reached an agreement to sell an office property located in Richardson, Texas in excess of its net book value. In September 2012, we reached a decision to classify an office property in Southfield Michigan and recorded a provision for loss on the property of \$14.3 million. The property was sold in December 2012. These assets are classified as held for sale on our balance sheet and resulted in a reclassification of real estate income and expenses of these properties to discontinued operations for all periods presented.

Net income

Net income for the three months ended September 30, 2013 was \$4.1 million compared to a net loss of \$9.0 million for the three months ended September 30, 2012, for the reasons described above.

Table of Contents

The following table shows results for the nine months ended September 30, 2013 and 2012:

(in thousands)	Nine months ended September 30,		
	2013	2012	Change

Provision for loss on property held for sale of \$14,300 less applicable income tax		(14,300)	14,300
Total discontinued operations	294	(14,863)	15,157
Net income	\$ 13,236	\$ 2,174	\$ 11,062

Comparison of the nine months ended September 30, 2013 to the nine months ended September 30, 2012:

Revenues

Total revenues increased by \$32.1 million to \$150.6 million for the nine months ended September 30, 2013, as compared to the nine months ended September 30, 2012. The increase was primarily a result of:

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

- An increase in rental revenue of approximately \$36.4 million arising primarily from property acquisitions in July 2012, November 2012, May 2013, July 2013 and August 2013, which were included in the nine months ended September 30, 2013; and to a lesser extent, leasing, which raised occupancy approximately 2.5% in the continuing real estate portfolio at September 30, 2013 compared to September 30, 2012.

- The increase was partially offset by a \$4.2 million decrease in interest income from loans to Sponsored REITs, which was primarily a result of repayment of two loans that were outstanding during the nine months ended September 30, 2012 and that were repaid in July and December 2012. These repayments resulted in lower average loan receivable balances from which interest income is derived, during the nine months ended September 30, 2013, as compared to the nine months ended September 30, 2012.

Table of Contents

Expenses

Total expenses increased by \$34.2 million to \$136.5 million for the nine months ended September 30, 2013, as compared to the nine months ended September 30, 2012. The increase was primarily a result of:

- An increase in real estate operating expenses and real estate taxes and insurance of approximately \$14.7 million, and depreciation and amortization of \$15.8 million, which were primarily from property acquisitions in July 2012, November 2012, May 2013, July 2013 and August 2013, which were included in the nine months ended September 30, 2013.
- An increase to interest expense of approximately \$2.0 million to \$13.9 million during the nine months ended September 30, 2013 compared to the same period in 2012. The increase was attributable to a higher amount of debt outstanding, which was partially offset by lower average interest rates during the nine months ended September 30, 2013 compared to the same period in 2012.
- An increase in selling, general and administrative expenses of approximately \$1.7 million, which was primarily the result of increased personnel related expenses, acquisition costs and professional fees. We had 35 and 35 employees as of September 30, 2013 and 2012, respectively, at our headquarters in Wakefield, Massachusetts.

Equity in earnings (losses) of non-consolidated REITs

Equity in earnings (losses) from non-consolidated REITs decreased approximately \$1.9 million to a loss of \$0.8 million during the nine months ended September 30, 2013 compared to income of \$1.1 million for the same period in 2012. The decrease was primarily because equity in income from our preferred stock investment in a Sponsored REIT, FSP 303 East Wacker Drive Corp., which we refer to as East Wacker, decreased \$1.8 million during the nine months ended September 30, 2013 compared to the same period in 2012.

Taxes on income

Included in income taxes is the Revised Texas Franchise Tax, which is a tax on revenues from Texas properties that increased \$103,000 and federal income taxes of \$13,000 for the nine months ended September 30, 2013, compared to the nine months ended September 30, 2012.

Income from continuing operations

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

Income from continuing operations for the nine months ended September 30, 2013 was \$12.9 million compared to \$17.0 million for the nine months ended September 30, 2012, for the reasons described above.

Discontinued operations and provision for sale of property

Income from discontinued operations increased \$15.2 million for the nine months ended September 30, 2013 compared to the nine months ended September 30, 2012. During September 2013, we reached an agreement to sell an office property located in Richardson, Texas in excess of its net book value. In September 30, 2012, we reached a decision to classify an office property in Southfield Michigan and recorded a provision for loss on the property of \$14.3 million. The property was sold in December 2012. These assets are classified as held for sale on our balance sheet and resulted in a reclassification of real estate income and expenses of these properties to discontinued operations for all periods presented.

Net income

Net income for the nine months ended September 30, 2013 was \$13.2 million compared to net income of \$2.2 million for the nine months ended September 30, 2012, for the reasons described above.

Table of Contents**Non-GAAP Financial Measures**Funds From Operations

The Company evaluates performance based on Funds From Operations, which we refer to as FFO, as management believes that FFO represents the most accurate measure of activity and is the basis for distributions paid to equity holders. The Company defines FFO as net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property and acquisition costs of newly acquired properties that are not capitalized, plus depreciation and amortization, including amortization of acquired above and below market lease intangibles and impairment charges, and after adjustments to exclude non-cash income (or losses) from non-consolidated or Sponsored REITs, plus distributions received from non-consolidated or Sponsored REITs.

FFO should not be considered as an alternative to net income (determined in accordance with GAAP), nor as an indicator of the Company's financial performance, nor as an alternative to cash flows from operating activities (determined in accordance with GAAP), nor as a measure of the Company's liquidity, nor is it necessarily indicative of sufficient cash flow to fund all of the Company's needs.

Other real estate companies and the National Association of Real Estate Investment Trusts, or NAREIT, may define this term in a different manner. We have included the NAREIT FFO definition in our table and note that other REITs may not define FFO in accordance with the current NAREIT definition or may interpret the current NAREIT definition differently than we do.

We believe that in order to facilitate a clear understanding of the results of the Company, FFO should be examined in connection with net income and cash flows from operating, investing and financing activities in the consolidated financial statements.

The calculations of FFO are shown in the following table:

(in thousands):	For the Three Months Ended September 30,		For the Nine Months Ended September 30,	
	2013	2012	2013	2012
Net income (loss)	\$ 4,094	\$ (8,998)	\$ 13,236	\$ 2,174
(Gain) on sale of properties and Provision for loss on property held for sale of \$14,300 less applicable income tax		14,300		14,300
Equity in earnings (losses) of non-consolidated REITs	431	(176)	814	(1,061)
Distribution from non-consolidated REITs	27	907	81	2,733
Depreciation and amortization	22,176	13,779	55,205	40,279
NAREIT FFO	26,728	19,812	69,336	58,425
Acquisition costs of new properties	406	101	556	101

Funds From Operations	\$	27,134	\$	19,913	\$	69,892	\$	58,526
-----------------------	----	--------	----	--------	----	--------	----	--------

Net Operating Income (NOI)

The Company provides property performance based on Net Operating Income, which we refer to as NOI. Management believes that investors are interested in this information. NOI is a non-GAAP financial measure that the Company defines as net income (the most directly comparable GAAP financial measure) plus selling, general and administrative expenses, depreciation and amortization, including amortization of acquired above and below market lease intangibles and impairment charges, interest expense, less equity in earnings of nonconsolidated REITs, interest income, management fee income, gains or losses on the sale of assets and excludes non-property specific income and expenses. The information presented includes footnotes and the data is shown by region with properties owned in both periods, which we call Same Store. The Comparative Same Store results exclude significant nonrecurring income such as bankruptcy settlements and lease termination fees. NOI, as defined by the Company, may not be comparable to NOI reported by other REITs that define NOI differently. NOI should not be considered an alternative to net income as an indication of our performance or to cash flows as a measure of the Company's liquidity or its ability to make distributions. The calculations of NOI are shown in the following table:

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

(a) Based on weighted occupied square feet for the nine months ended September 30, 2013, including month-to-month tenants, divided by the Property's net rentable square footage.

(b) Represents annualized GAAP rental revenue for nine months ended September 30, 2013 per weighted occupied square foot.

(c) For Properties purchased during 2013, period represents from acquisition date through September 30, 2013 for calculations.

Table of Contents

Liquidity and Capital Resources

Cash and cash equivalents were \$25.5 million and \$21.3 million at September 30, 2013 and December 31, 2012, respectively. The increase of \$4.2 million is attributable to \$60.3 million provided by operating activities less \$569.0 million used in investing activities, plus \$513.1 million provided by financing activities. Management believes that existing cash, cash anticipated to be generated internally by operations and our existing debt financing will be sufficient to meet working capital requirements and anticipated capital expenditures for at least the next 12 months. Although there is no guarantee that we will be able to obtain the funds necessary for our future growth, we anticipate generating funds from continuing real estate operations. We believe that we have adequate funds to cover unusual expenses and capital improvements, in addition to normal operating expenses. Our ability to maintain or increase our level of dividends to stockholders, however, depends in significant part upon the level of rental income from our real properties.

Operating Activities

The cash provided by our operating activities of \$60.3 million is primarily attributable to net income of \$13.2 million, plus the add-back of \$52.2 million of non-cash activities, a \$6.7 million decrease in accounts payable and accrued expenses and a \$1.4 million increase from tenant security deposits. These increases were partially offset by a \$7.5 million in payments of deferred leasing commissions, \$1.8 million increase in prepaid expenses and other assets, a \$3.1 million increase in tenant rents receivable and a \$0.8 million increase in lease acquisition costs.

Investing Activities

Our cash used in investing activities for the nine months ended September 30, 2013 of \$569.0 million is primarily attributable to additions to real estate investments and office equipment of approximately \$569.0 million and an increase in secured loans made to Sponsored REITs of \$5.0 million, which was partially offset by a \$4.9 million distribution received from a preferred stock investment, which was sold in December, and \$0.1 million of distributions in excess of earnings from non-consolidated REITs.

Financing Activities

Our cash provided by financing activities for the nine months ended September 30, 2013 of \$513.1 million is primarily attributable to net proceeds from an equity offering of \$230.7 million, net borrowings under the 2012 Revolver of \$114.8 million and the proceeds of the 2013 Term Loan of \$220.0 million. These increases were partially offset by distributions paid to stockholders of \$50.5 million and payment of financing costs to secure the 2013 Term Loan of \$1.9 million.

2013 Term Loan

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

On August 26, 2013, the Company and certain of its wholly-owned subsidiaries entered into a Credit Agreement (the 2013 Credit Agreement) with the lending institutions referenced in the 2013 Credit Agreement and those lenders from time to time party thereto and Bank of Montreal, as administrative agent, to provide for a single unsecured term loan borrowing on the closing date in the amount of \$220,000,000 (the 2013 Term Loan). On August 26, 2013, the Company drew down \$220,000,000 under the 2013 Term Loan. The 2013 Term Loan has a seven year term that matures on August 26, 2020. The 2013 Term Loan includes an accordion feature that allows for up to \$50,000,000 of additional loans subject to receipt of lender commitments and satisfaction of certain customary conditions.

The 2013 Term Loan bears interest at either (i) a rate equal to LIBOR plus 145 to 220 basis points depending on our total leverage ratio for the applicable period (LIBOR plus 145 basis points, or 1.63% at September 30, 2013) or (ii) a rate equal to the bank s base rate plus 45 to 120 basis points depending on our total leverage ratio for the applicable period (the bank s base rate plus 45 basis points, or 3.70% at September 30, 2013). The actual LIBOR rate or base rate is determined based on the Company s total leverage ratio for the applicable period as described in the table below:

Table of Contents

Greater Than	Leverage Ratio	Less Than or Equal to	LIBOR Margin	Base Rate Margin
		25%	145.0bps	45.0bps
25%	and	35%	155.0bps	55.0bps
35%	and	45%	165.0bps	65.0bps
45%	and	55%	190.0bps	90.0bps
55%	and		220.0bps	120.0bps

Notwithstanding our actual leverage ratio and the table above, during the period from closing and funding on August 26, 2013 until we furnish Bank of Montreal with our compliance certificate (the Compliance Certificate) for the quarter ended September 30, 2013, the 2013 Term Loan bears interest at the $\leq 25\%$ leverage ratio. From and after we furnish the Compliance Certificate to Bank of Montreal, the 2013 Term Loan will bear interest based on our actual total leverage ratio for the applicable period as described in the table above.

Although the interest rate on the 2013 Term Loan is variable, we fixed the base LIBOR interest rate on the 2013 Term Loan by entering into an interest rate swap agreement. On August 26, 2013, we entered into an ISDA Master Agreement with Bank of Montreal that fixed the base LIBOR interest rate on the 2013 Term Loan at 2.32% per annum for seven years. Accordingly, based upon our leverage ratio, as of September 30, 2013, the interest rate on the 2013 Term Loan was 3.77% per annum.

The 2013 Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type, including limitations with respect to indebtedness, liens, investments, mergers and acquisitions, disposition of assets, changes in business, certain restricted payments, the requirement to join certain subsidiaries as co-borrowers under the 2013 Credit Agreement and transactions with affiliates. The 2013 Credit Agreement also contains financial covenants that require the Company to maintain a minimum tangible net worth, a minimum fixed charge coverage ratio, a maximum secured leverage ratio, a maximum leverage ratio, a maximum unencumbered leverage ratio, a minimum unencumbered debt service coverage ratio, a maximum ratio of certain investments to total assets and a maximum amount of secured recourse indebtedness. The 2013 Credit Agreement provides for customary events of default with corresponding grace periods, including failure to pay any principal or interest when due, certain cross defaults and a change in control of the Company (as defined in the 2013 Credit Agreement). In the event of a default by the Company, the administrative agent may, and at the request of the requisite number of lenders shall, declare all obligations under the 2013 Credit Agreement immediately due and payable, terminate the lenders' commitments to make loans under the 2013 Credit Agreement, and enforce any and all rights of the lenders or administrative agent under the 2013 Credit Agreement and related documents. For certain events of default related to bankruptcy, insolvency, and receivership, the commitments of lenders will be automatically terminated and all outstanding obligations of the Company will become immediately due and payable. The Company was in compliance with the 2013 Term Loan financial covenants as of September 30, 2013.

We may use the proceeds of the 2013 Term Loan to finance the acquisition of real properties and for other permitted investments, to finance investments associated with Sponsored REITs, to refinance or retire existing indebtedness and for working capital and other general business purposes, in each case to the extent permitted under the 2013 Credit Agreement.

2012 Credit Facility

As of September 30, 2013, the Company had bank notes payable to a group of banks for an unsecured credit facility comprised of both a revolving line of credit and a term loan (the 2012 Credit Facility). The revolving line of credit portion of the 2012 Credit Facility is for

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

borrowings, at the Company's election, of up to \$500,000,000 (the 2012 Revolver). The term loan portion of the 2012 Credit Facility is for \$400,000,000 (the 2012 Term Loan). The 2012 Revolver includes an accordion feature that allows for up to \$250,000,000 of additional borrowing capacity subject to receipt of lender commitments and satisfaction of certain customary conditions.

On September 27, 2012, the Company and certain of its wholly-owned subsidiaries entered into an Amended and Restated Credit Agreement (as amended, the 2012 Credit Agreement) with the lending institutions referenced in the 2012 Credit Agreement and those lenders from time to time party thereto and Bank of America, N.A., as administrative agent, letter of credit issuer and swing line lender, for the 2012 Credit Facility. On September 27, 2012, the Company drew down the entire \$400,000,000 under the 2012 Term Loan and \$82,000,000 under the 2012 Revolver. The Company's \$600,000,000 revolving credit facility (the 2011 Revolver) that was scheduled to mature on February 22, 2014 was amended and restated in its entirety by the 2012 Credit

Table of Contents

Agreement and the \$482,000,000 in advances outstanding under the 2011 Revolver were repaid from the proceeds of the 2012 Credit Facility.

The 2012 Term Loan has a five year term that matures on September 27, 2017. Borrowings made pursuant to the 2012 Revolver may be revolving loans, swing line loans or letters of credit, the combined sum of which may not exceed \$500,000,000 outstanding at any time. Borrowings made pursuant to the 2012 Revolver may be borrowed, repaid and reborrowed from time to time for four years until September 27, 2016, the initial maturity date of the 2012 Revolver. The Company has the right to extend the initial maturity date of the 2012 Revolver by an additional 12 months, or until September 27, 2017, upon payment of a fee and satisfaction of certain customary conditions.

The 2012 Credit Facility bears interest at either (i) a rate equal to LIBOR plus 135 to 190 basis points depending on the Company's total leverage ratio at the time of the borrowing (LIBOR plus 140 basis points, or 1.58% at September 30, 2013) or (ii) a rate equal to the bank's base rate plus 35 to 90 basis points depending on our total leverage ratio at the time of the borrowing (the bank's base rate plus 40 basis points, or 3.65% at September 30, 2013). The 2012 Credit Facility also obligates the Company to pay an annual facility fee of 20 to 40 basis points depending on the Company's total leverage ratio (25 basis points at September 30, 2013). The facility fee is assessed against the total amount of the 2012 Credit Facility, or \$900,000,000. The actual amount of any applicable facility fee, LIBOR rate or base rate is determined based on the Company's total leverage ratio as described in the table below:

Greater Than	Leverage Ratio	Less Than or Equal to	Facility Fee	LIBOR Margin	Base Rate Margin
		25%	20.0bps	135.0bps	35.0bps
25%	and	35%	25.0bps	140.0bps	40.0bps
35%	and	45%	30.0bps	145.0bps	45.0bps
45%	and	55%	35.0bps	165.0bps	65.0bps
55%	and		40.0bps	190.0bps	90.0bps

For purposes of the 2012 Credit Facility, base rate means, for any day, a fluctuating rate per annum equal to the highest of: (i) the bank's prime rate for such day, (ii) the Federal Funds Rate for such day, plus 1/2 of 1.00%, and (iii) the one month LIBOR base rate for such day plus 1.00%.

Although the interest rate on the 2012 Credit Facility is variable, under the 2012 Credit Agreement, the Company fixed the base LIBOR interest rate on the 2012 Term Loan by entering into an interest rate swap agreement. On September 27, 2012, the Company entered into an ISDA Master Agreement with Bank of America, N.A. that fixed the base LIBOR interest rate on the 2012 Term Loan at 0.75% per annum for five years. Accordingly, based upon the Company's leverage ratio, as of September 30, 2013, the interest rate on the 2012 Term Loan was 2.20% per annum. In addition, based upon the Company's leverage ratio, as of September 30, 2013, there were borrowings of \$331,500,000 outstanding under the 2012 Revolver at a weighted average rate of 1.65% per annum. The weighted average interest rate on all amounts outstanding on the 2012 Revolver during the nine months ended September 30, 2013 was approximately 1.63% per annum.

As of December 31, 2012, there were borrowings of \$216,750,000 outstanding under the 2012 Revolver at a weighted average rate of 2.23% per annum.

The 2012 Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type, including limitations with respect to indebtedness, liens, investments, mergers and acquisitions, disposition of assets, changes in business, certain restricted payments, the requirement to join certain subsidiaries as co-borrowers under the 2012 Credit Agreement and transactions with affiliates. The 2012 Credit Agreement also contains financial covenants that require the Company to maintain a minimum tangible net worth, a minimum fixed charge coverage ratio, a maximum secured leverage ratio, a maximum leverage ratio, a maximum unencumbered leverage ratio, a minimum unencumbered debt service coverage ratio, a maximum ratio of certain investments to total assets and a maximum amount of secured recourse indebtedness. The 2012 Credit Agreement provides for customary events of default with corresponding grace periods, including failure to pay any principal or interest when due, certain cross defaults and a change in control of the Company (as defined in the 2012 Credit Agreement). In the event of a default by the Company, the administrative agent may, and at the request of the requisite number of lenders shall, declare all obligations under the 2012 Credit Agreement immediately due and payable, terminate the lenders' commitments to make loans under the 2012 Credit Agreement, and enforce any and all rights of the lenders or administrative agent under the 2012 Credit Agreement and related documents. For certain events of default related to bankruptcy, insolvency, and receivership, the commitments of lenders will be

Table of Contents

automatically terminated and all outstanding obligations of the Company will become immediately due and payable. The Company was in compliance with the 2012 Credit Facility financial covenants as of September 30, 2013.

The Company may use the proceeds of the loans under the 2012 Credit Agreement to finance the acquisition of real properties and for other permitted investments; to finance investments associated with Sponsored REITs, to refinance or retire existing indebtedness and for working capital and other general business purposes, in each case to the extent permitted under the 2012 Credit Agreement.

Equity Securities

On May 15, 2013, we completed an underwritten public offering of 17,250,000 shares of our common stock (including 2,250,000 shares issued as a result of the full exercise of an over-allotment option by the underwriter) at a price to the public of \$14.00 per share. The proceeds from this public offering, net of underwriter discounts and offering costs, totaled approximately \$230.7 million (after payment of offering costs of approximately \$10.8 million).

On May 6, 2010, we entered into an on demand offering sales agreement that allows us to offer and sell up to an aggregate gross sales price of \$75 million of our common stock from time to time, which we refer to as our ATM Sales Program. The on demand offering sales agreement for the ATM Sales Program was amended on April 27, 2012 in connection with our filing of a new Registration Statement on Form S-3. Sales of shares of our common stock depend upon market conditions and other factors determined by us and are deemed to be at the market offerings as defined in Rule 415 of the Securities Act of 1933, as amended, including sales made directly on the NYSE MKT or sales made to or through a market maker other than on an exchange, as well as in negotiated transactions, if and to the extent agreed by us in writing. We have no obligation to sell any shares of our common stock, and may at any time suspend solicitation and offers. During the three and nine months ended September 30, 2013, we did not sell any shares of our common stock under our ATM Sales Program. As of September 30, 2013, we were authorized to offer and sell a remainder of approximately \$34.3 million of our shares of common stock under the ATM Sales Program.

As of September 30, 2013, we had an automatic shelf registration statement on Form S-3 on file with the Securities and Exchange Commission relating to the offer and sale, from time to time, of an indeterminate amount of our common stock. From time to time, we expect to issue additional shares of our common stock under our automatic shelf registration statement or a different registration statement to fund the acquisition of additional properties, to pay down any existing debt financing and for other corporate purposes.

Contingencies

From time to time, we may provide financing to Sponsored REITs in the form of a construction loan and/or a revolving line of credit secured by a mortgage. As of September 30, 2013, we were committed to fund up to \$118.8 million to seven Sponsored REITs under such arrangements for the purpose of funding construction costs, capital expenditures, leasing costs or for other purposes, of which \$98.8 million has been drawn and is outstanding. We anticipate that advances made under these facilities will be repaid at their maturity date or earlier from long term financings of the underlying properties, cash flows from the underlying properties or another other capital event.

We may be subject to various legal proceedings and claims that arise in the ordinary course of our business. Although occasional adverse decisions (or settlements) may occur, we believe that the final disposition of such matters will not have a material adverse effect on our financial position or results of operations.

Related Party Transactions

We intend to draw on the 2012 Credit Facility in the future for a variety of corporate purposes, including the acquisition of properties that we acquire directly for our portfolio and for loans to Sponsored REITs described below.

Loans to Sponsored REITs

Sponsored REIT Loans

From time to time we may make secured loans (Sponsored REIT Loans) to Sponsored REITs in the form of mortgage loans or revolving lines of credit to fund construction costs, capital expenditures, leasing costs and for other purposes. We anticipate that each Sponsored REIT Loan will be repaid at maturity or earlier from long term financings of the underlying properties, cash flows from the underlying properties or some other capital event. Each Sponsored REIT Loan is secured by a mortgage on the underlying property and has a term of approximately two to three years. Except for the mortgage loan with a revolving line of credit component which bore interest at a fixed rate and was repaid in July 2012 and a mortgage loan which also bears interest at a fixed

Table of Contents

rate, advances under each Sponsored REIT Loan bear interest at a rate equal to the 30-day LIBOR rate plus an agreed upon amount of basis points and most advances also require a 50 basis point draw fee. In December 2011, the Company received a loan fee of \$762,000 at the time of the closing of the mortgage loan with a revolving line of credit component. In March 2012, a \$300,000 fee was collected in connection with a \$30 million draw from the revolving line of credit component. That loan was repaid in full during July 2012 and also included a 0.49% fee collected of \$520,000. In July 2012, the Company received a loan fee of \$300,630 at the time of the closing of the mortgage loan and a 0.98% fee will be collected on all amounts repaid under the loan.

Our Sponsored REIT Loans subject us to credit risk. However, we believe that our position as asset manager of each of the Sponsored REITs helps mitigate that risk by providing us with unique insight and the ability to rely on qualitative analysis of the Sponsored REITs. Before making a Sponsored REIT Loan, we consider a variety of subjective factors, including the quality of the underlying real estate, leasing, the financial condition of the applicable Sponsored REIT and local and national market conditions. These factors are subject to change and we do not apply a formula or assign relative weights to the factors. Instead, we make a subjective determination after considering such factors collectively.

Additional information about our Sponsored REIT Loans outstanding as of September 30, 2013, including a summary table of our Sponsored REIT Loans, is incorporated herein by reference to Part I, Item 1, Note 2, Related Party Transactions and Investments in Non-consolidated Entities, Management fees and interest income from loans, in the Notes to Condensed Consolidated Financial Statements included in this report.

Other Considerations

We generally pay the ordinary annual operating expenses of our properties from the rental revenue generated by the properties. For the three and nine months ended September 30, 2013 and 2012, respectively, the rental income exceeded the expenses for each individual property, with the exception of our properties located in Southfield, Michigan and Englewood, Colorado.

Our property located in Southfield, Michigan with approximately 215,000 square feet of rentable space was 39.6% leased at September 30, 2012. The property was sold on December 21, 2012. Rental revenue did not cover ordinary operating expenses for the three and nine months ended September 30, 2012. The property generated rental income of \$255,000 and \$879,000 and had operating expenses of \$356,000 and \$1,159,000, respectively for the three and nine months ended September 30, 2012.

Our property located in Englewood, Colorado with approximately 198,000 square feet of rentable space is 100% leased; however, a lease for 61.7% of rentable space commenced at various times during the nine months ended September 30, 2013. Rental revenue covered ordinary operating expenses for the three and nine months ended September 30, 2013, however rental revenue did not cover operating expenses for the three and nine months ended September 30, 2012. The property generated rental income of \$472,000 and \$1,531,000 and had operating expenses of \$540,000 and \$1,580,000, respectively, for the three and nine months ended September 30, 2012.

Table of Contents**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

Market Rate Risk

We are exposed to changes in interest rates primarily from our floating rate borrowing arrangements. We use interest rate derivative instruments to manage exposure to interest rate changes. As of September 30, 2013 and December 31, 2012, if market rates on borrowings under our 2012 Revolver increased by 10% at maturity, or approximately 15.8 and 16.6 basis points, respectively, over the current variable rate, the increase in interest expense would decrease future earnings and cash flows by \$0.5 million and \$0.4 million annually, respectively. Based upon our leverage ratio, the interest rate on our 2012 Revolver as of September 30, 2013 was LIBOR plus 140 basis points, or 1.58% per annum. We do not believe that the interest rate risk represented by borrowings under our 2012 Revolver is material as of September 30, 2013.

Although the interest rates on the 2013 Term Loan and the 2012 Credit Facility are variable, the Company fixed the base LIBOR interest rates on the 2013 Term Loan and the 2012 Term Loan by entering into interest rate swap agreements. On August 26, 2013, the Company entered into an ISDA Master Agreement with Bank of Montreal that fixed the base LIBOR interest rate on the 2013 Term Loan at 2.32% per annum for seven years (the 2013 Interest Rate Swap). On September 27, 2012, the Company entered into an ISDA Master Agreement with Bank of America, N.A. that fixed the base LIBOR interest rate on the 2012 Term Loan at 0.75% per annum for five years (the 2012 Interest Rate Swap). Accordingly, based upon the Company's leverage ratios, as of September 30, 2013, the interest rate on the 2013 Term Loan was 3.77% per annum and the interest rate on the 2012 Term Loan was 2.20% per annum. The fair value of the 2013 Interest Rate Swap and the 2012 Interest Rate Swap is affected by changes in market interest rates. We believe that we have mitigated interest rate risk with respect to the 2013 Term Loan through the 2013 Interest Rate Swap for the seven year term of the 2013 Term Loan. We believe that we have mitigated interest rate risk with respect to the 2012 Term Loan through the 2012 Interest Rate Swap for the five year term of the 2012 Term Loan. The 2013 Interest Rate Swap and the 2012 Interest Rate Swap were our only derivative instruments as of September 30, 2013.

The table below lists our derivative instruments, which are hedging variable cash flows related to interest on our 2013 Term Loan and our 2012 Term Loan as of September 30, 2013 (in thousands):

(in thousands)	Notional Value	Strike Rate	Effective Date	Expiration Date	Fair Value
2013 Interest Rate Swap	\$ 220,000	2.32%	Aug-13	Aug-20	\$ (4,579)
2012 Interest Rate Swap	\$ 400,000	0.75%	Sep-12	Sep-17	\$ 4,365

Our 2013 Term Loan and our 2012 Term Loan hedging transactions used derivative instruments that involve certain additional risks such as counterparty credit risk, the enforceability of hedging contracts and the risk that unanticipated and significant changes in interest rates will cause a significant loss of basis in either or both of the contracts. We require our derivatives contracts to be with counterparties that have investment grade ratings. The counterparty to the 2013 Interest Rate Swap is Bank of Montreal and the counterparty to the 2012 Interest Rate Swap is Bank of America, N.A., both of which have investment grade ratings. As a result, we do not anticipate that either counterparty will fail to meet its obligations. However, there can be no assurance that we will be able to adequately protect against the foregoing risks or that we will ultimately realize an economic benefit that exceeds the related amounts incurred in connection with engaging in such hedging strategies.

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 10-Q

The 2012 Revolver has a term of four years and matures on September 27, 2016. We have the right to extend the initial maturity date of the 2012 Revolver by an additional 12 months, or until September 27, 2017, upon payment of a fee and satisfaction of certain customary conditions. The 2012 Revolver includes an accordion feature that allows for up to \$250,000,000 of additional borrowing capacity subject to receipt of lender commitments and satisfaction of certain customary conditions. Upon maturity, our future income, cash flows and fair values relevant to financial instruments will be dependent upon the balance then outstanding and prevalent market interest rates.

We borrow from time-to-time under the 2012 Revolver. These borrowings bear interest at either (i) a rate equal to LIBOR plus 135 to 190 basis points depending on our total leverage ratio at the time of the borrowing (LIBOR plus 140 basis points, or 1.58% at September 30, 2013) or (ii) a rate equal to the bank's base rate plus 35 to 90 basis points depending on our total leverage ratio at the time of the borrowing (the bank's base rate plus 40 basis points, or 3.65% at September 30, 2013). There were borrowings totaling \$331.5 million and \$216.8 million on the 2012 Revolver, at a weighted average rate of 1.63% and 1.66% outstanding at September 30, 2013 and December 31, 2012, respectively. We have drawn on the 2012 Revolver, and intend to draw on the 2012 Revolver in the future for a variety of corporate purposes, including the funding of Sponsored REIT Loans and the acquisition of properties that we acquire directly for our portfolio. Information about our Sponsored REIT Loans as of September

Table of Contents

30, 2013 is incorporated herein by reference to Part I. - Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations Liquidity and Capital Resources Loans to Sponsored REITs - Sponsored REIT Loans .

The following table presents as of September 30, 2013, our contractual variable rate borrowings under our 2012 Revolver, which matures on September 27, 2016, under our 2012 Term Loan, which matures on September 27, 2017, and under our 2013 Term Loan, which matures on August 26, 2020. Under the 2012 Revolver, we have the right to extend the initial maturity date by an additional 12 months, or until September 27, 2017, upon payment of a fee and satisfaction of certain customary conditions.

	Payment due by period							Therafter (2)
	Total	2012	2013	(in thousands)		2016		
				2014	2015			
2012 Revolver (1)	\$ 331,500	\$	\$	\$	\$	\$ 331,500	\$	
2012 Term Loan	400,000							400,000
2013 Term Loan	220,000							220,000
Total	\$ 951,500	\$	\$	\$	\$	\$ 331,500	\$	620,000

(1) The 2012 Revolver maturity is in 2016, however borrowings made thereunder are with 30-Day LIBOR advances, which are due or can be renewed at maturity.

(2) The 2012 Term Loan maturity is September 27, 2017 and the 2013 Term Loan maturity is August 26, 2020.

Table of Contents

Item 4. Controls and Procedures

Our management, with the participation of our chief executive officer and chief financial officer, evaluated the effectiveness of our disclosure controls and procedures as of September 30, 2013. The term disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 as amended, or the Exchange Act, means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on the evaluation of our disclosure controls and procedures as of September 30, 2013, our chief executive officer and chief financial officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

Changes in Internal Control Over Financial Reporting

No change in our internal control over financial reporting occurred during the quarter ended September 30, 2013 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, we may be subject to legal proceedings and claims that arise in the ordinary course of our business. Although occasional adverse decisions (or settlements) may occur, we believe that the final disposition of such matters will not have a material adverse effect on our financial position, cash flows or results of operations.

Item 1A. Risk Factors

There were no material changes to the risk factors disclosed in Part I, Item 1A. Risk Factors of our Annual Report on Form 10-K for the year ended December 31, 2012, except to the extent previously updated or to the extent additional factual information disclosed elsewhere in this Quarterly Report on Form 10-Q relates to such risk factors and to the extent set forth below. In addition to the other information set forth in this report, you should carefully consider the risk factors discussed in the Annual Report on Form 10-K for the year ended December 31, 2012, which could materially affect our business, financial condition or future results. The risks described in our Annual Report on Form 10-K for the year ended December 31, 2012 are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

If a Sponsored REIT defaults on a Sponsored REIT Loan, we may be required to keep a balance outstanding on our unsecured credit facilities or use our cash balance to repay our unsecured credit facilities, which may reduce cash available for distribution to our stockholders or for other corporate purposes.

From time-to-time, we may draw on our 2012 Credit Facility or 2013 Term Loan, to make secured loans to Sponsored REITs in the form of mortgage loans or revolving lines of credit to fund construction costs, capital expenditures, leasing costs and for other purposes. We refer to these loans as Sponsored REIT Loans. We anticipate that each Sponsored REIT Loan will be repaid at maturity or earlier from long term financing of the property securing the loan, cash flows from that underlying property or some other capital event. If a Sponsored REIT defaults on a Sponsored REIT Loan, the Sponsored REIT could be unable to fully repay the Sponsored REIT Loan and we would have to satisfy our obligation under the 2012 Credit Facility and/or the 2013 Term Loan through other means. If we are required to use cash for this purpose, we would have less cash available for distribution to our stockholders or for other corporate purposes.

Our operating results and financial condition could be adversely affected if we are unable to refinance the 2012 Credit Facility or 2013 Term Loan.

There can be no assurance that we will be able to refinance the revolving line of credit portion of our 2012 Credit Facility upon its maturity on September 27, 2016 (subject to extension until September 27, 2017), the term loan portion of our 2012 Credit Facility upon its maturity on September 27, 2017 or the 2013 Term Loan upon its maturity on August 26, 2020, that any such refinancings would be on terms as favorable as the terms of the 2012 Credit Facility or 2013 Term Loan, or that we will be able to otherwise obtain funds by selling assets or raising equity to

make required payments on the 2012 Credit Facility or the 2013 Term Loan. If we are unable to refinance the 2012 Credit Facility or 2013 Term Loan at maturity or meet our payment obligations, the amount of our distributable cash flow and our financial condition would be adversely affected.

Failure to comply with covenants in our 2012 Credit Facility and 2013 Term Loan credit agreements could adversely affect our financial condition.

Our 2012 Credit Facility and 2013 Term Loan credit agreements contain customary restrictions, requirements and other limitations on our ability to incur indebtedness, including maximum leverage ratios, maximum secured leverage ratios, minimum fixed charge coverage ratios, maximum unencumbered leverage ratios and minimum unsecured debt service coverage ratios, which we must maintain. Our continued ability to borrow under the 2012 Credit Facility and 2013 Term Loan is subject to compliance with our financial and other covenants. Failure to comply with such covenants could cause a default under the 2012 Credit Facility or 2013 Term Loan, and we may then be required to repay either or both of them with capital from other sources. Under those circumstances, other sources of capital may not be available to us, or be available only on unattractive terms.

We may use the 2012 Credit Facility or 2013 Term Loan to purchase properties directly for our real estate portfolio, to make Sponsored REIT Loans or for other corporate purposes. If we breach covenants in our 2012 Credit Facility or 2013 Term Loan credit agreements, the lenders can declare a default. A default under our 2012 Credit Facility or 2013 Term Loan credit agreements could result in difficulty financing growth in our business and could also result in a reduction in the cash available for

Table of Contents

distribution to our stockholders or for other corporate purposes. A default under our 2012 Credit Facility or 2013 Term Loan credit agreements could materially and adversely affect our financial condition and results of operations.

An increase in interest rates would increase our interest costs on variable rate debt and could adversely impact our ability to refinance existing debt or sell assets.

As of September 30, 2013, we had approximately \$331.5 million of indebtedness under the revolving line of credit portion of our 2012 Credit facility that bears interest at variable rates, and we may incur more of such indebtedness in the future. Borrowings under the revolving line of credit portion of our 2012 Credit Facility may not exceed \$500 million outstanding at any time, although such amount may be increased by up to an additional \$250 million through the exercise of an accordion feature. The term loan portion of our 2012 Credit Facility is for \$400 million. On September 27, 2012, we fixed the base LIBOR rate on the term loan portion of our 2012 Credit Facility at 0.75% for five years by entering into an interest rate swap agreement. The 2013 Term Loan is for \$220 million, although such amount may be increased by up to an additional \$50 million through the exercise of an accordion feature. On August 26, 2020, we fixed the base LIBOR rate on the 2013 Term Loan at 2.32% for seven years by entering into an interest rate swap agreement. In the future, if interest rates increase, then so will the interest costs on our unhedged variable rate debt, which could adversely affect our cash flow, our ability to pay principal and interest on our debt and our ability to make distributions to stockholders. In addition, rising interest rates could limit our ability to both incur new debt and to refinance existing debt when it matures. From time to time, we may enter into interest rate swap agreements and other interest rate hedging contracts, including swaps, caps and floors. While these agreements are intended to lessen the impact of rising interest rates on us, they also expose us to the risks that the other parties to the agreements will not perform, we could incur significant costs associated with the settlement of the agreements, the agreements will be unenforceable and the underlying transactions will fail to qualify as highly-effective cash flow hedges. In addition, an increase in interest rates could decrease the amount third parties are willing to pay for our assets, thereby limiting our ability to change our portfolio promptly in response to changes in economic or other conditions

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

None.

Item 5. Other Information

On August 28, 2013, the Company acquired a property located at 1001 17th Street in Denver, Colorado. Additional financial statements relating to this property are being provided as Exhibit 99.1 to comply with applicable rules and regulations of the Securities and Exchange Commission. In addition, Selected Unaudited Combining Condensed Pro Forma Data of the Company that give effect to this acquisition and other 2013 acquisitions are attached as Exhibit 99.2.

Item 6. Exhibits

The Exhibits listed in the Exhibit Index are filed as part of this Quarterly Report on Form 10-Q and are incorporated herein by reference.
