PROPOSAL NO. 1 ELECTION OF DIRECTORS

NOMINEES

The Company's Bylaws provide that the number of directors of the Company may be determined by the Stockholders, or in the absence of such determination, by the Board. Currently, there are five members of the Board. The Board nominates the five persons named below who are currently serving on the Board, for election to the Board. As of the date of this Proxy Statement, the Board of Directors is not aware that any nominee is unable to serve or will decline to serve as a director. The five nominees receiving the highest number of affirmative votes of the shares entitled to vote at the Annual Meeting will be elected directors of the Company until the next Annual Meeting or until their earlier resignation or removal.

The following list identifies the nominees for election to the Board and sets forth certain information regarding each nominee. All nominees are currently serving as directors of the Company. A majority of the directors on the Board are independent, as defined by the rules of the New York Stock Exchange (NYSE). Those directors are referred to as independent below.

Jeffrey Farber, 54, was elected a Director of the Company in May 2006 and was appointed Chairman of the Board of Directors in July 2012. Jeffrey Farber joined the Company in August 2003 as Secretary. Since 1994, Mr. Farber has been President and the owner of Auburn Pharmaceutical (Auburn), a national generic pharmaceutical distributor. Prior to starting Auburn, Mr. Farber served in various positions at Major Pharmaceutical (Major), where he was employed for over 15 years. At Major, Mr. Farber was involved in sales, purchasing and eventually served as President of the mid-west division. Mr. Farber graduated from Western Michigan University with a Bachelor of Science Degree in Business Administration and participated in the Pharmacy Management Graduate Program at Long Island University. Mr. Farber is the son of William Farber, the Chairman Emeritus of the Board of Directors of the Company.

The Governance and Nominating Committee concluded that Mr. Farber is qualified and should continue to serve, due, in part, to his significant experience in the generic drug industry and his ongoing role as the owner of a highly regarded and successful generic drug distributor. His skills include a thorough knowledge of the generic drug marketplace and drug supply chain management.

Arthur P. Bedrosian, J.D., 69, was promoted to President of the Company in May 2002 and CEO in January of 2006. In December 2014 he stepped down as President when Michael Bogda was hired to fill the position. Prior to joining the Company, from 1999 to 2001, Mr. Bedrosian served as President and Chief Executive Officer of Trinity Laboratories, Inc., a medical device and drug manufacturer. Mr. Bedrosian also operated Pharmaceutical Ventures Ltd, a healthcare consultancy, Pharmeral, Inc. a drug representation company selling generic drugs, and Interal Corporation, a computer consultancy to Fortune 100 companies. Mr. Bedrosian holds a Bachelor of Arts Degree in Political Science from Queens College of the City University of New York and a Juris Doctorate from Newport University in California.

Edgar Filing: LANNETT CO INC - Form DEF 14A

The Governance and Nominating Committee concluded that Mr. Bedrosian is qualified to serve as a director, in part, because his experience as our Chief Executive Officer has been instrumental in the Company's growth and provides the board with a compelling understanding of our operations, challenges and opportunities. In addition, his background includes over 40 years in the generic pharmaceutical industry that encompasses a broad background and knowledge in the underlying scientific, sales, marketing and supply chain management which brings special expertise to the board in developing our business strategies. His recent qualification to FINRA's list of arbitrators recognizes his expertise and experience.

David Drabik, 46, was elected a Director of the Company in January 2011. Mr. Drabik is a National Association of Corporate Directors Governance Fellow. Since 2002, Mr. Drabik has been President of Cranbrook & Co., LLC (Cranbrook), an advisory firm primarily serving the private equity and venture capital community. At Cranbrook, Mr. Drabik assists and advises its clientele on originating, structuring, and executing private equity and venture capital transactions. From 1995 to 2002, Mr. Drabik served in various roles and positions with UBS Capital Americas (and its predecessor UBS Capital LLC), a New York City based private equity and venture capital firm that managed \$1.5 billion of capital. From 1992 to 1995, Mr. Drabik was a banker with Union Bank of Switzerland's Corporate and Institutional Banking division in New York City. Mr. Drabik graduated from the University of Michigan with a bachelor's degree in Business Administration.

Table of Contents

The Governance and Nominating Committee concluded that Mr. Drabik is well qualified and should be nominated to serve as a director due, in part to his understanding and involvement in investment banking. As a global investment banking professional with extensive experience advising senior management, his skills include business analytics, financing and a strong familiarity with SEC documentation. Mr. Drabik is an independent director.

Paul Taveira, 55, was elected a Director of the Company in May 2012. Mr. Taveira has been Chief Executive Officer of A&D Environmental Services Inc., an environmental and industrial services company, since 2009. He currently serves on their Board of Directors. From 2007 to 2009, Mr. Taveira was a Managing Partner of Precision Source LLC, a manufacturer of precision parts for various industries across the United States. From 1987 to 1997, Mr. Taveira held several management positions with Clean Harbors Inc., an international provider of environmental and energy services. Mr. Taveira graduated from Worcester State University with a Bachelor of Science degree in Biology.

The Governance and Nominating Committee concluded that Mr. Taveira is well qualified and should be nominated to serve as a director due, in part to his understanding and experience as a Chief Executive Officer and director of A&D Environmental Services Inc. Mr. Taveira is an independent director.

James M. Maher, 62, was appointed as a Director of the Company in July 2013. He spent his entire 37 year professional career with PricewaterhouseCoopers (PwC) LLP, including 27 years as a partner, before retiring in June 2012. Most recently, Maher served as the managing partner of PwC's U.S. assurance practice, comprised of more than 1,100 partners and 12,000 staff. Previously, he served as the regional assurance leader for the metro assurance practice. During his tenure at PwC, Maher worked closely with senior management at several multinational companies, dealing extensively with significant acquisitions, divestitures, initial public offerings and secondary offerings. Maher earned a bachelor's degree in Accounting from LIU Post.

The Governance and Nominating Committee concluded that Mr. Maher is well qualified and should be nominated to serve as a director, due to his extensive experience at PwC. Additionally, Mr. Maher has significant experience in dealing with acquisitions, divestitures, initial public offerings and secondary offerings. Mr. Maher is an independent director.

To the best of the Company's knowledge, there are no material proceedings to which any nominee is a party, or has a material interest adverse to the Company. To the best of the Company's knowledge, there have been no events under any bankruptcy act, no criminal proceedings and no judgments or injunctions that are material to the evaluation of the ability or integrity of any nominee during the past five years.

THE BOARD RECOMMENDS THAT LANNETT STOCKHOLDERS VOTE **FOR** THESE NOMINEES. UNLESS MARKED TO THE CONTRARY, PROXIES RECEIVED FROM STOCKHOLDERS WILL BE VOTED IN FAVOR OF THESE NOMINEES.

Table of Contents**PROPOSAL NO. 2 RATIFICATION OF GRANT THORNTON, LLP AS INDEPENDENT AUDITORS**

The Board and the Audit Committee has appointed Grant Thornton, LLP (Grant Thornton) as the Company's independent auditors for the fiscal year ending June 30, 2015. Under the corporate governance requirements of the Sarbanes-Oxley Act of 2002, and Section 10A (m)(2) of the Securities Exchange Act of 1934, as amended, which states "The audit committee of each issuer, in its capacity as a committee of the board of directors, shall be directly responsible for the appointment, compensation, and oversight of the work of any registered public accounting firm employed by the issuer (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work, and each such registered public accounting firm shall report directly to the audit committee" we are not required to have the stockholders ratify the selection of Grant Thornton as our independent auditors. We are doing so because we believe it is good corporate practice to do so. If the stockholders do not ratify the selection of Grant Thornton, the Board and the Audit Committee may reconsider whether or not to retain Grant Thornton. Additionally, even if the selection is ratified, the Board and the Audit Committee in their sole discretion may change independent auditors at any time throughout the fiscal year. Representatives from Grant Thornton are expected to be present at the Annual Meeting and will be available to respond to appropriate questions.

Grant Thornton, LLP served as the independent auditors of the Company during Fiscal 2014, 2013 and 2012. No relationship exists other than the usual relationship between independent public accountant and client. The following table identifies the fees incurred for services rendered by Grant Thornton, LLP in Fiscal 2014, 2013 and 2012.

(In thousands)	Audit Fees	Audit-Related	Tax Fees (1)	All Other Fees (2)	Total Fees
Fiscal 2014:	\$ 524	\$	\$ 69	\$	\$ 593
Fiscal 2013:	\$ 375	\$	\$ 103	\$ 14	\$ 492
Fiscal 2012:	\$ 338	\$	\$ 107	\$	\$ 445

(1) Tax fees include fees paid for preparation of annual federal, state and local income tax returns, quarterly estimated income tax payments, and various tax planning services.

(2) Other fees include fees paid for review of various correspondences, miscellaneous studies, etc.

The non-audit services provided to the Company by Grant Thornton, LLP were pre-approved by the Company's Audit Committee or the Audit Committee Chairman. Prior to engaging its auditor to perform non-audit services, the Company's Audit Committee reviews the particular service to be provided and the fee to be paid by the Company for such service and assesses the impact of the service on the auditor's independence.

The Audit Committee Charter provides that pre-approval may be granted by the Audit Committee Chairman. The Audit Committee Chairman must report, for informational purposes only, any pre-approval decision to the Audit Committee at its next scheduled meeting.

THE BOARD RECOMMENDS THAT LANNETT STOCKHOLDERS VOTE FOR THIS PROPOSAL. UNLESS MARKED TO THE CONTRARY, PROXIES RECEIVED FROM STOCKHOLDERS WILL BE VOTED IN FAVOR OF THIS PROPOSAL.

PROPOSAL NO. 3 NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our stockholders to vote, on an advisory basis, on the compensation of our named executive officers as disclosed under the Executive Compensation section of this proxy statement. As described under the Executive Compensation section of this proxy statement the overall objective of our executive compensation program is to focus our executives on creating long-term shareholder value and directly linking corporate and individual performance goals with the results of the Company. Accordingly, for the reasons discussed in the Compensation Discussion and Analysis section of this proxy statement, we are asking our stockholders to vote FOR this proposal.

While we intend to carefully consider the voting results of this proposal, the vote is advisory and therefore not binding on the Company, the Compensation Committee or our Board of Directors. Our Board of Directors and Compensation Committee value the opinions of all our stockholders and will consider the outcome of this vote when making future compensation decisions for our named executive officers.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE **FOR** THIS PROPOSAL TO APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED UNDER THE EXECUTIVE COMPENSATION SECTION OF THIS PROXY STATEMENT.

BOARD OF DIRECTORS

The Role of the Board and Risk Oversight

The Board is responsible for overall corporate governance as well as for management and the strategic direction of the Company as a whole. The Board and various committees of the Board meet regularly to discuss operating and financial reports presented by members of the Company including but not limited to the Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, President, and other members of management.

Assessing and managing risk is the responsibility of management; however the Board, through the Audit Committee, provides oversight and reviews various details regarding the Company's risk mitigation efforts. The Board is engaged in the Company's strategic planning efforts, which include evaluating the objectives and risks associated with these initiatives.

Through the Board's committees, the Board maintains broad oversight over various functions within the Company. The Audit Committee, under its charter, reviews and discusses risk exposures and the steps management has taken to monitor and mitigate each risk. The Compensation Committee in tandem with the Governance and Nominating Committee monitor risks associated with succession planning and the attraction and retention of talent, as well as risks related to the design of compensation programs within the Company.

The Board has adopted a Code of Business Conduct and Ethics (the "code of ethics"). The code of ethics applies to all employees including the Company's Chief Executive Officer, Chief Financial Officer, President, Corporate Controller, and other finance employees. The code of ethics is publicly available on our website at www.lannett.com. If the Company makes any substantive amendments to the code of ethics or grants any waiver, including any implicit waiver, from a provision of the code to our Chief Executive Officer, Chief Financial Officer, President, or Corporate Controller, we will disclose the nature of such amendment or waiver on our website or in a report on Form 8-K.

The members of the Board are expected to attend all Board meetings whether in person or via teleconference. Additionally, members of the Board are expected to attend the Annual Meeting of Stockholders.

The Board met four times during the fiscal year ended June 30, 2014 ("Fiscal 2014"). In addition to meetings of the Board, directors attended meetings of individual Board committees. Each of the directors attended at least 75% of the Board meetings and meetings of Board committees of which they were a member during Fiscal 2014. All directors were present at the 2014 Annual Meeting.

Board Leadership Structure

Edgar Filing: LANNETT CO INC - Form DEF 14A

Our Board leadership structure is one under which Jeffrey Farber serves as Chairman of the Board. We currently have four other directors, including Arthur P. Bedrosian, Chief Executive Officer. Three of the five directors currently serving on the Board of Directors are independent as defined by the NYSE. The Board has four committees – the Audit Committee, Compensation Committee, Governance and Nominating Committee, and Strategic Planning Committee. In addition, the non-management members of the Board of Directors meet regularly without management directors or management personnel present.

The Board believes that the role of Chairman of the Board and Chief Executive Officer should be separate and that the Chairman should not be an employee of the Company. The Board believes that this separation benefits the stockholders in the form of increased oversight. As further oversight, the independent Board members also meet throughout the year in executive sessions where neither management personnel nor other non-independent directors are present. In the Company's case, this would exclude both Jeffrey Farber, Chairman of the Board and Arthur P. Bedrosian, Chief Executive Officer.

Overall, we believe that the separation of the Chairmanship and Chief Executive Officer positions, our strong committee system, and regular non-management director and independent director meetings allow for effective Board oversight of management.

Communicating with the Board of Directors

Interested persons may contact the non-management directors by sending written comments to 13200 Townsend Road Philadelphia, PA 19154 Attn: Board of Directors. The original communication as addressed or a summary of the submissions will be forwarded to the directors for discussion in the next directors meeting. If a summary of the communication is provided, the original communication will be maintained on file and available for the directors' review upon request.

Table of Contents**Board Committees**

The Board has four standing committees - Audit Committee, Compensation Committee, Governance and Nominating Committee and Strategic Planning Committee. There were ten Audit Committee meetings, one Strategic Planning Committee meeting, two Governance and Nominating Committee meetings, and eight Compensation Committee meetings held during Fiscal 2014. The following table shows the directors who are currently members of each Board Committee:

Name	Audit Committee	Compensation Committee	Governance and Nominating Committee	Strategic Planning Committee
Jeffrey Farber				Member
Arthur P. Bedrosian, J.D.				Chairman
David Drabik	Member	Member	Chairman	Member
Paul Taveira	Member	Chairman	Member	
James M. Maher	Chairman	Member	Member	

The **Audit Committee** has responsibility for overseeing the Company's financial reporting process on behalf of the Board. In addition, Audit Committee responsibilities include selection of the Company's independent auditors, conferring with the independent auditors regarding their audit of the Company's consolidated financial statements, pre-approving and reviewing the independent auditors' fees and considering whether non-audit services are compatible with maintaining their independence, and considering the adequacy of internal financial controls. The Audit Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.lannett.com. The charter describes the nature and scope of the Audit Committee's responsibilities. All members of the Audit Committee are independent directors as defined by the rules of the NYSE. See Report of the Audit Committee.

Financial expert on Audit Committee: The Board has determined that James M. Maher, current director and chairman of the audit committee, is the audit committee financial expert as defined in section 3(a)(58) of the Exchange Act and the related rules of the Commission.

The **Compensation Committee** establishes and regularly reviews the Company's compensation philosophy, strategy, objectives and ethics and determines the compensation of the executive officers of the Company. For a discussion on the Committee's process and factors used in determining executive compensation refer to Compensation Discussion and Analysis starting on page 16. The Committee also administers the Company's equity compensation plans. The Compensation Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.lannett.com. All members of the Compensation Committee are independent directors as defined by the rules of the NYSE.

Compensation Committee Interlocks and Insider Participation

Edgar Filing: LANNETT CO INC - Form DEF 14A

No member of the Compensation Committee during Fiscal 2014 or as of the date of this Proxy Statement is or has been an officer or employee of the Company and no executive officer of the Company served on the compensation committee or board of any company that employed any member of the Company's Compensation Committee or Board.

The **Governance and Nominating Committee** is responsible for identifying and evaluating individuals qualified to become Board members and for recommending such individuals for nomination. All candidates must possess an unquestionable commitment to high ethical standards and have a demonstrated reputation for integrity. Other factors considered in identifying and evaluating candidates include an individual's business experience, education, civic and community activities, knowledge and experience with respect to the issues impacting the pharmaceutical industry and public companies, as well as the ability of the individual to devote the necessary time to service as a director. Although the Committee does not have a formal diversity policy, it believes diversity is an important factor in determining the composition of the Board.

Once a person has been identified by the Governance and Nominating Committee as a potential candidate, the Governance and Nominating Committee performs a robust review, which includes collection of outside information, to include publicly available information and all other relevant information available to determine if the person should be considered further. Once this determination has been made the person is contacted. If the person expresses a willingness and interest to be considered to serve on the Board, the Governance and Nominating Committee will request further information from the candidate including resumes, references and other relevant information. A formal interview process is then held. The Governance and Nominating Committee will then consider all information, qualifications, and accomplishments, including comparisons to other potential candidates before making its final decision.

Table of Contents

The Governance and Nominating Committee will also consider candidates recommended by stockholders. All nominees will be evaluated in the same manner, regardless of whether they were recommended by the Governance and Nominating Committee, or recommended by a stockholder. To have a candidate considered by the Governance and Nominating Committee, a stockholder must submit the recommendation in writing and must include the following information:

- The name of the stockholder and evidence of the person's ownership of Company stock, including the number of shares owned and the length of ownership; and
- The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company and the person's consent to be considered as a director nominee if recommended by the Governance and Nominating Committee to the Board and nominated by the Board to be included in the proxy statement for election at the Annual Meeting.

The stockholder recommendation and information described above must be sent to the Company at 13200 Townsend Road, Philadelphia, PA 19154, and must be received not less than 120 days prior to the anniversary date of the Company's most recent Annual Meeting.

The Governance and Nominating Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.lannett.com. All members of the Governance and Nominating Committee are independent directors as defined by the rules of the NYSE.

The **Strategic Planning Committee** oversees the Company's medium and long-term business strategies, including the decisions regarding new product initiatives, joint ventures and alliances, new markets and other matters related to the Company's long-term planning process. The Strategic Planning Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.lannett.com.

Executive Sessions of Independent Directors

In accordance with the rules and regulations of the NYSE, non-management independent directors meet at regularly scheduled executive sessions without management participation. At least once a year, an executive session is held with only independent directors. Executive sessions are chaired by one of the independent directors on a rotating basis.

Table of Contents

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised of three independent directors (as defined in section 303(A) of the NYSE listing company manual) and maintains a written charter in accordance with rules of the NYSE.

Management is primarily responsible for the Company's financial statements and related internal controls over financial reporting. The independent registered public accounting firm is responsible for performing an audit of the Company's consolidated financial statements and related internal controls over financial reporting. The Audit Committee's responsibility is to monitor the Company's financial reporting and internal control processes and to review the performance and independence of the Company's independent registered public accounting firm.

Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared, in all material respects, in accordance with accounting principles generally accepted in the United States, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm.

The Audit Committee has received from its independent registered public accounting firm written communications regarding the matters required to be discussed with the Audit Committee. These matters included information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibilities under generally accepted auditing standards, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant accounting adjustments, (v) any disagreements with management and (vi) any difficulties encountered in performing the audit. The Committee discussed these matters with the Company's independent registered public accounting firm, with and without management present.

The Company's independent registered public accounting firm also provided to the Audit Committee the written disclosures required by the Public Company Accounting Oversight Board, and the Audit Committee discussed the firm's independence with the independent registered public accounting firm. The Audit Committee also pre-approved all fiscal 2014 audit and non-audit services and fees and concluded that the non-audit services performed and related fees did not impair the independence of the independent registered public accounting firm.

Based upon the Audit Committee's discussions and reviews referred to above, the Audit Committee recommended that the audited consolidated financial statements be included in Lannett's Annual Report on Form 10-K for the fiscal year ended June 30, 2014 as filed with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (CD&A) describes our 2014 Executive Compensation Program. It provides an overview of the compensation for the following Named Executive Officers (NEOs) and how the Compensation Committee of the Board of Directors (the Committee) made its decisions for our 2014 fiscal year.

NEO	Title/Role
Arthur P. Bedrosian	President and Chief Executive Officer
Martin P. Galvan	Vice President of Finance, Chief Financial Officer and Treasurer
William Schreck	Chief Operating Officer
Kevin Smith	Senior Vice President of Sales and Marketing
Ernest Sabo	Vice President of Regulatory Affairs and Chief Compliance Officer

Where We Are Today

At our annual shareholders meeting in January 2012, our shareholders supported a triennial cycle for say-on-pay advisory votes relating to our Executive Compensation Program for NEOs. At that time, we provided our shareholders with the opportunity to approve, or to vote against, the compensation of our NEOs, as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act) and approximately 99% of the shareholders who voted on the say-on-pay proposal supported our program.

Although this vote is non-binding, its outcome, along with shareholder feedback and the competitive business environment, plays an important role in how the Committee makes decisions about the program's structure. To this end, during the past few years, the Committee conducted periodic reviews of the Executive Compensation Program, monitored industry practices and sought feedback from some of our largest investors. During the same time, the Company experienced outstanding financial performance and significant increases in stock price and total shareholder return.

The following pages of this CD&A highlight performance results since Fiscal 2011 that have had a direct impact on the compensation paid to our NEOs over the same period of time. It looks specifically at the performance measures used in the short- and long-term incentive awards under the Executive Compensation Program that the Committee believes drive shareholder value. It also describes recently approved changes for Fiscal 2015 to further align our Executive Compensation Program with our objectives and best competitive practice.

A Word About Risk

Edgar Filing: LANNETT CO INC - Form DEF 14A

The Committee believes that incentive plans, along with the other elements of the Executive Compensation Program, provide appropriate rewards to our NEOs to keep them focused on our goals. The Committee also believes that the program's structure, along with its oversight, continues to provide a setting that does not encourage the NEOs to take excessive risks in their business decisions.

Executive Summary

Business Highlights

Fiscal 2014 marked another extraordinary year for Lannett. We experienced the strongest growth in net sales and profitability in our Company's history, and our stock price increased by 317% during the 12-month period ending June 30, 2014 and by 896% over the past three years. We also further strengthened our balance sheet to help fund future growth opportunities. Our results demonstrate our leadership team's commitment to stability, growth and focus on long-term profitability and creating shareholder value.

In addition to our financial results, we made important advances in product development and mix, market share, and the regulatory approval process, allowing us to efficiently and safely place our products that span a variety of categories (e.g., thyroid deficiencies, cardiovascular, pain management) on the market. We currently have over 30 products available to the market, with an additional 24 Abbreviated New Drug Applications (ANDAs) pending regulatory approval. We also continued to capitalize on our strategic partnerships. Specifically, we extended our agreement with our primary inventory supplier (Jerome Stevens Pharmaceuticals (JSP)), which now gives us exclusive distribution rights in the U.S. for a number of key product lines.

2014 Executive Compensation Program Changes

As our Company grows, the Committee is committed to the evolution and improvement of our Executive Compensation Program to ensure alignment with our business strategy and stockholder interests, as well as best competitive practices. The Committee made the following adjustments to the program's core compensation elements for 2014:

What's Changed	How It's Changed	Explanation
Base Salary	<ul style="list-style-type: none"> • Positioned base salaries at the 50th percentile of comparable organizations. 	<p>A study conducted in 2013 by our independent compensation consultant found that NEO base salaries were below the 25th percentile of our peer group. The Committee believes raising NEO base salaries to align with the 50th percentile of the peer group, consistent with our compensation philosophy, is critical to improve pay competitiveness and to recognize our highly-qualified and experienced executive officers.</p>
Short-Term Incentives (Annual Bonus)	<ul style="list-style-type: none"> • Established threshold, target and maximum performance goals, as well as corresponding award opportunities, expressed as percents of salary. • Capped maximum award opportunities at 200% of target levels. • Added net sales as one of the performance metrics. • Increased weighting on corporate financial metrics from 60% to 75% of total award opportunity. • Reduced weighting on individual performance from 40% to 25%. 	<p>The Committee believes that this new structure enhances the plan's motivational impact, reinforces key business objectives and strategic priorities, and further strengthens the alignment between pay and performance. The cap on the award also provides greater structure around the Committee's discretion.</p> <p>(Previously, the bonus pool was based on a fixed percentage (20%) of adjusted operating income). The Committee also believes these changes encourage a focus on profitable growth and Company-wide collaboration.</p>
Long-Term Incentives	<ul style="list-style-type: none"> • Began granting restricted stock, in addition to stock options, as part of the core award mix, with grant levels tied to Company performance. 	<p>The Committee increased the emphasis on long-term incentives, relative to other pay components and linked grant levels to Company performance to strengthen alignment with stockholder interests. Restricted stock is less dilutive than stock options, which helps to further manage potential stockholder dilution and equity plan share reserves. The Committee also believes restricted stock is integral to its leadership retention strategy.</p>

Special Recognition Award: Restricted Stock

Edgar Filing: LANNETT CO INC - Form DEF 14A

Granting restricted stock gives our NEOs a meaningful equity stake in our business. The value of the award depends on the value of our stock when the shares vest, further aligning the interests of our NEOs with those of our shareholders over the long term. It also supports our need to retain key talent. For Fiscal 2014, in addition to the regular stock options and restricted stock granted to the NEOs, the Committee approved a one-time, special restricted stock award in recognition of performance that far exceeded the Committee's expectations. This special recognition award vests three years from the date of grant and has two parts. The first part of the award, equal to 25% of the total award, was granted in April 2014 to recognize year- to-date contributions. The remaining 75% was granted after the end of the fiscal year. Please see page 26 of this CD&A for details.

Looking Ahead: Executive Compensation Program Changes for Fiscal 2015

In addition to 2014 changes, the Committee also made several modifications for the 2015 program, including:

- **Short-Term Incentives (Annual Bonus).** For Fiscal 2015, performance metrics will include operating income, Earnings Per Share (EPS), subject to adjustment for any significant capital transactions, net sales, and personal objectives. The target annual bonus opportunities for each NEO remain the same as those for Fiscal 2014.
- **Long-Term Incentives.** For Fiscal 2015, the Committee approved target long-term incentive award opportunities equal to 100% of base salary for each of our NEOs, which will be provided in an equal value mix of stock options and restricted stock. Actual grant levels can range from 0% to 150% of target levels, based on the Company's Fiscal 2015 financial performance using the same metrics as under the annual bonus plan:

Fiscal 2015 Performance Result	Percentage of Target Equity Grants Earned (as % of Target Grant)
Below Threshold	0% (subject to Committee discretion)
Threshold (80% of Budget)	50%
Target (100% of Budget)	100%
Superior (120% of Budget)	150%

Grants, if any, will occur following the end of fiscal 2015, with stock options and restricted stock vesting in three equal annual increments based on continued service with the Company.

- **Stock Ownership Guidelines.** The Committee approved stock ownership guidelines for our executive officers, including NEOs, and non-employee directors, effective as of July 2014. Under these guidelines, NEOs are required to own qualifying shares with targeted values equal to 3X salary for our CEO and 1.5X salary for other executive officers. Non-employee directors are required to own qualifying shares with targeted values equal to 3X the cash board retainer. Shares that count towards ownership requirements include common shares held directly or indirectly and shares in employee benefit plans. Executive officers and non-employee directors have five years from the time of first being subject to guidelines to achieve ownership requirements. Until guidelines are met, executive officers and non-employee directors are required to hold at least 50% of net after-tax shares received from equity grants. If after five years guidelines still are not met, 100% of all net after-tax shares from equity grants must be held.

Our Philosophy

A fundamental objective of our Executive Compensation Program is to focus our executives on creating long-term shareholder value. All aspects of our program are rooted in this goal and designed around the following guiding principles:

- **Pay for performance:** A significant portion of compensation should be variable and directly linked to corporate and individual performance goals and results.
- **Competitiveness:** Compensation should be sufficiently competitive to attract, motivate and retain an executive team fully capable of driving exceptional performance.
- **Alignment:** The interests of executives should be aligned with those of our stockholders through equity-based compensation and performance measures that help to drive shareholder value over the long term.

To support these guiding principles, our program includes the following compensation elements:

Pay Element	Form	Purpose
Base Salary	Cash (Fixed)	Provides a competitive level of compensation that reflects position responsibilities, strategic importance of the position and individual experience.
Short-Term Incentives (Annual Bonus)	Cash (Variable)	Provides a cash-based award that recognizes the achievement of corporate goals in support of the annual business plan, as well as specific, qualitative and quantitative individual goals for the most recently completed fiscal year.
Long-Term Incentives	Equity (Variable)	Provides incentives for management to execute on financial and strategic growth goals that drive long-term shareholder value creation and support the Company's retention strategy.

Compensation Mix

The charts below show that most of our NEO's compensation is variable (82% for our CEO and an average of 78% for our other NEOs) based upon fiscal year 2014 compensation as reported in the Summary Compensation Table on page 28 of this Proxy Statement. The charts also show the breakdown of cash vs. equity (i.e., stock options and restricted stock).

How Compensation Decisions Are Made

- **The Role of the Compensation Committee.** The Committee, composed entirely of independent directors, is responsible for making executive compensation decisions for the NEOs. The Committee works closely with its independent compensation consultant, Pearl Meyer & Partners (PM&P) and management to examine pay and performance matters throughout the year. The Committee's charter, which sets out its objectives and responsibilities, can be found at our website at www.lannett.com under Investor Relations.

The Committee has authority and responsibility to establish and periodically review our Executive Compensation Program and compensation philosophy. Importantly, the Committee also has the sole responsibility for approving the corporate performance goals upon which compensation for the CEO is based, evaluating the CEO's performance and determining and approving the CEO's compensation, including equity-based compensation, based on the achievement of his goals. The Committee also reviews and approves compensation levels for other NEOs, taking into consideration recommendations from the CEO.

In making its determinations, the Committee considers market data and advice from PM&P, as well as budgets, reports, performance assessments and other information provided by management. It also considers other factors, such as the experience, skill sets, and contributions of each NEO towards our overall success. However, the Committee is ultimately responsible for all compensation-related decisions for the NEOs and may exercise its own business judgment when evaluating performance results and making compensation decisions.

Timing of Committee Meetings and Grants; Option and Share Pricing

The Committee meets as necessary to fulfill its responsibilities, and the timing of these meetings is established during the year. The Committee holds special meetings from time to time as its workload requires. Historically, annual grants of equity awards have typically been accomplished at a meeting of the Committee in August/September of each year to reward prior year performance. The Committee approved additional grants during fiscal 2014 to recognize our exceptional performance. Individual grants (for example, associated with the hiring of a new NEO or promotion to an NEO position) may occur at any time of year. The Committee generally expects to coordinate the timing of equity award grants to be made within 30 days of our earnings release announcement following the completion of each fiscal year. The exercise price of each option and restricted stock awarded to our NEOs is the closing price of our common stock on the date of grant.

- **The Role of the CEO.** The CEO does not play any role in the Committee's determination of his own compensation. However, he presents the Committee with recommendations for each element of compensation including base salaries and short- and long-term incentive awards for the other NEOs, as well as non-executive employees who are eligible for equity grants. The CEO bases these recommendations upon his assessment of each individual's performance, as well as market practice. The Committee has full discretion to modify the recommendations of the CEO in the course of its approvals.

- **The Role of the Independent Consultant.** The Committee consults, as needed, with an outside compensation consulting firm. As it makes decisions about executive compensation, the Committee reviews data and advice from its consultant about current compensation practices and trends among publicly-traded companies in general and comparable generic pharmaceutical companies in particular. The Committee also reviews recommendations from its outside consultant and makes recommendations to the Board about the compensation for non-employee directors.

In late Fiscal 2013, PM&P was retained by the Committee, as its independent consultant, to review the competitiveness of the Executive Compensation Program. PM&P provided the Committee with compensation data with respect to similarly sized biopharmaceutical and life sciences companies and consulted with the Committee about a variety of issues related to competitive compensation practices and incentive plan designs. PM&P was also retained by the Committee in Fiscal 2014 to provide ongoing advice relating to the Executive Compensation Program. The Committee assessed the independence of PM&P pursuant to the applicable SEC rules and concluded that no conflict of interest exists that would prevent PM&P from independently advising the Committee.

Peer Group and Benchmarking

The Committee evaluates industry-specific and general market compensation practices and trends to ensure the Executive Compensation Program is appropriately competitive. When making decisions about the program for Fiscal 2014, the Committee considered publicly-available data, as well as a market study conducted by PM&P in June 2013. Using this information, the Committee compared the program to the compensation practices of the following companies, which the Committee believes are comparable to us in terms of size, scope and business complexity (the peer group):

Table of Contents**2014 Executive Compensation Program Decisions***Base Salary*

We attribute much of our success to our highly-experienced executive management team and the strength of their leadership has been clearly demonstrated by our exceptional performance results. In order to remain competitive among our industry peers, the Committee believes it must set compensation at market-competitive levels that reflect the executive's experience, role and responsibilities. To bring base salaries to the 50th percentile of comparable organizations, the Committee approved the following base salary increases, ranging from approximately 15% to 35%, effective as of July 1, 2013:

NEO	2013 Annual Base Salary		2014 Annual Base Salary		% Change*
Arthur P. Bedrosian	\$	440,000	\$	539,000	+23%
Martin P. Galvan	\$	275,000	\$	317,000	+15%
William Schreck	\$	257,000	\$	346,000	+35%

Short-Term Incentives (Annual Bonus)

The Company's NEOs participate in an annual bonus program, which is designed to recognize yearly performance achievements focused primarily on operating results and profitable growth. Actual payouts can range from 0% (below threshold) to 200% (superior performance) of target and are paid in cash. The Committee sets each NEO's threshold, target and maximum bonus opportunity as a percentage of base salary, as follows:

Title	Annual Bonus Opportunity As a % of Salary		
	Threshold (25% of Target)	Target (100% of Target)	Superior (200% of Target)
CEO	18.75%	75%	150%
COO, CFO, SVP of Sales and Marketing	15%	60%	120%
Other NEOs	12.5%	50%	100%

The overall annual bonus is comprised of two components:

- **Seventy-five percent (75%)** is tied to operating results versus budget to promote a focus on Company-wide profitable growth and collaboration:

Performance Metric	Weighting (Out of 100%)
Adjusted Operating Income	52.5%
Net Sales	22.5%

Adjusted operating income is defined as operating income excluding bonus and stock-based compensation expense, as further adjusted for certain non-recurring items such as legal settlements or contract renewal fees.

- **Twenty-five percent (25%)** is based on the achievement of pre-established quantitative and qualitative individual goals, to promote individual accountability and line of sight. Fiscal 2014 goals were tied to various strategic, financial and operational objectives, taking into consideration each NEO's job function and responsibilities. For competitive harm reasons, Lannett does not disclose specific details on individual goals and strategic objectives, although major accomplishments in Fiscal 2014 for each NEO are listed on page 24.

2014 Short-Term Incentives (Annual Bonus): Results and Payouts

- **Operational Results (75% of Target Award).** For Fiscal 2014, the Committee established financial performance goals ranging from 85% of budget (threshold) to 150% of budget (superior):

Performance Metric	Weighting (Out of 100%)	Threshold	Performance Goals		Actual
			Target	Superior	
Adjusted Operating Income	52.5%	\$ 22.9	\$ 26.9	\$ 40.4	\$ 124.4
Net Sales	22.5%	\$ 146.4	\$ 172.2	\$ 258.3	\$ 273.8

Actual adjusted operating income results for fiscal 2014 excluded the \$20.1 million renewal fee associated with the contract extension with JSP. Note, however, if these fees had been included, adjusted operating income would still have been well above the superior performance level.

- **Individual Results (Collectively Weighted 25% of Target Award).**

Table of Contents**Total Annual Bonus**

Based on our exceptional performance results and significant individual contributions, the NEOs earned the maximum amount on the corporate operational component and varying amounts for the individual component under the annual bonus program. Total awards for each of the NEOs were as follows:

NEO	Operational Results Portion of the Bonus (75%)		Individual Results Portion of the Bonus (25%)		Total Actual Bonus
Arthur P. Bedrosian	\$	606,375	\$	202,125	\$ 808,500
Martin P. Galvan	\$	285,300	\$	95,100	\$ 380,400
William Schreck	\$	311,400	\$	56,222	\$ 367,622
Kevin Smith	\$	250,200	\$	83,400	\$ 333,600
Ernest Sabo	\$	172,500	\$		\$ 172,500

Short-term incentive awards earned in Fiscal 2014 were generally higher than Fiscal 2013 levels, reflecting our extraordinary performance results. These awards were capped at 200% of target levels. Note that if the former (Fiscal 2013) annual bonus plan, which established an award pool of up to 20% of adjusted operating income, had still been in effect, Fiscal 2014 payouts would have been considerably higher than those under the new plan, because adjusted operating income more than quadrupled in Fiscal 2014 as compared with Fiscal 2013. The Committee considered this outcome when determining long-term incentives for Fiscal 2014.

Long-Term Incentives

Prior to Fiscal 2014, stock options were used as the primary long-term incentive award vehicle for NEOs, with grants provided on a periodic, discretionary basis. In 2014, the Committee changed its approach and granted a combination of stock options and restricted stock, to further align executive and stockholder interests, enhance key employee retention, encourage long-term stockholder creation and recognize each NEO's contributions towards our extraordinary performance results.

- **Stock options.** To recognize Fiscal 2013 performance, the Committee approved the following stock option grants to NEOs effective as of September 5, 2013:

NEO	# of Stock Options Granted
Arthur P. Bedrosian	90,000
Martin P. Galvan	50,000
William Schreck	45,000
Kevin Smith	45,000
Ernest Sabo	39,000

These stock options vest in three equal annual increments, beginning on the first anniversary of grant and expire on the tenth anniversary from the date of grant. Each stock option has an exercise price of \$13.86, equal to our closing stock price on the date of grant. In determining grant

levels, the Committee considered each NEO's contributions towards our strong financial performance results in Fiscal 2013, which included a 23% increase in net sales and a 131% increase in adjusted operating income as compared with Fiscal 2012 results.

- **Restricted stock.** By the end of the first quarter of Fiscal 2014, the Committee realized that the Company was on track to significantly exceed its performance expectations, based on its revised financial forecast for the remainder of the year. To recognize this accomplishment and motivate executives to continue performing at a high level, the Committee approved the following restricted stock grants to NEOs on October 29, 2013:

NEO	# of Restricted Shares Granted
Arthur P. Bedrosian	22,500
Martin P. Galvan	22,500
William Schreck	10,000
Kevin Smith	10,050
Ernest Sabo	7,800

Recognizing that annual bonus payouts for Fiscal 2014 would have been considerably higher under the former (Fiscal 2013) bonus pool design than actual payouts under the new (2014) design, the Committee decided to allow these restricted stock grants to vest as of June 30, 2014.

Table of Contents

- **Special recognition award (restricted stock).** As the year progressed, and Company performance continued to exceed expectations, the Committee decided it would be appropriate to provide one-time, special recognition grants of restricted stock to reward contributions towards our record-setting results and strengthen retention. On April 24, 2014, the Committee approved the following special recognition awards, with 25% to be granted immediately and the remaining 75% granted after the end of the fiscal year, if performance results are achieved:

NEO	Number of Special Recognition Restricted Shares Granted		Total # of Shares Granted
	First Installment* (25%, Granted 4/24/14)	Second Installment (75%, Granted 7/23/14)	
Arthur P. Bedrosian	5,000	15,000	20,000
Martin P. Galvan	2,500	7,500	10,000
William Schreck	1,225	3,675	4,900
Kevin Smith	3,000	9,000	12,000
Ernest Sabo	500	1,500	2,000

*The number of shares granted to each of the NEOs is also shown on the *Grants of Plan-Based Awards* table on page 29 of this Proxy Statement. Its value is also included in the *Summary Compensation Table* on page 28.

In approving these special recognition grants, the Committee considered each NEO's contributions towards the Company's Fiscal 2014 performance results. It also considered the recommendations of the CEO (who makes recommendations for the NEOs, but not for himself). To further enhance retention, these grants vest on the third anniversary from the date of grant, based on continued service with the Company.

Other Policies, Programs and Guidelines

The Company does not currently maintain a clawback policy, but notes that under the Sarbanes-Oxley Act incentive awards for the CEO and CFO are subject to recoupment in the event of a material financial restatement triggered by fraud or misconduct. Additionally, any employee who violates the provisions of the Company's Code of Business Conduct and Ethics is subject to disciplinary penalties that may include termination of employment. The Committee intends to comply with any regulatory requirements pertaining to clawback provisions under the Dodd-Frank Act once rules are finalized by the SEC and New York Stock Exchange.

NEOs, like all other employees, have retirement programs and other benefits as part of their overall compensation package. The Committee believes that these programs and benefits support our compensation philosophy, part of which is to provide compensation that is sufficiently competitive to attract, motivate and retain an executive team fully capable of driving exceptional performance. The Committee periodically reviews these programs to validate that they are reasonable and consistent with market practice. Attributed costs of the personal benefits available to the NEOs are included in column (i) of the Summary Compensation Table on page 28.

- **Retirement Benefits.** Each of our NEOs is eligible to participate in a 401(k) plan that is available to all employees. The Company provides matching contributions on a \$0.50 basis up to 8% of the contributing employee's base salary, subject to limitations of the 401(k) plan and applicable law.

Edgar Filing: LANNETT CO INC - Form DEF 14A

- **Other Benefits.** Our NEOs are eligible to participate in the same health benefits available to all other employees – there are no special medical plans for our NEOs. Lannett provides life insurance for NEOs which would, in the event of death, pay \$115,000 to designated beneficiaries. Premiums paid for coverage above \$50,000 are treated as imputed income. Lannett also provides short- and long-term disability insurance which would, in the event of disability, pay the NEO 60% of his base salary up to the plan limits of \$2,000 per week for short-term disability and \$15,000 per month for long-term disability. The NEOs are also provided with car allowances, for which the taxes are also paid by the Company.
- **Post-Termination Pay.** The Committee believes that reasonable severance and change-in-control benefits are necessary in order to recruit and retain qualified senior executives and are generally required by the competitive recruiting environment within our industry and the marketplace in general. These severance benefits reflect the fact that it may be difficult for our NEOs to find comparable employment within a short period of time, and are designed to alleviate concerns about the loss of his or her position without cause.

The Committee also believes that a change-in-control arrangement will provide security that will likely reduce the reluctance of an NEO to pursue a change in control transaction that could be in the best interest of our stockholders. Lannett's severance plan is designed to pay severance benefits to a NEO for a qualifying separation. For the CEO, the severance plan provides for payment of

Table of Contents

three times base salary, plus a pro-rated annual cash bonus for the current year calculated as if all targets and goals are achieved. For the other NEOs, the severance plan provides for a payment of 18-months of base salary, plus a pro-rated annual cash bonus for the current year calculated as if all targets and goals are achieved.

- **Tax and Accounting Implications.** Section 162(m) of the Internal Revenue Code of 1986, as amended, precludes the deductibility of a NEO's compensation that exceeds \$1,000,000 per year unless the compensation is paid under a performance-based plan that has been approved by stockholders. The Committee believes that it is generally preferable to comply with the requirements of 162(m) through, for example, the use of our Incentive Plan. However, to maintain flexibility in compensating NEOs in a manner consistent with our compensation philosophy, the Committee may elect to provide compensation outside those requirements when it deems appropriate. The Committee believes that stockholder interests are best served by not restricting the Committee's discretion in this regard, even though such compensation may result in non-deductible compensation expenses to the Company.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed, discussed, and approved the CD&A, as set forth above, with management. Taking this review and discussion into account, the undersigned Committee members recommended to the Board of Directors that the CD&A be included in the annual report on Form 10-K.

In certain termination situations, the Company is liable to pay these executives severance compensation as discussed in the table below.

Potential Payments upon Termination or Change in Control

The following table assumes that the relevant triggering event occurred on June 30, 2014. The fair market values of share-based compensation (i.e. Stock Options and Restricted Stock) were calculated using the closing price of Lannett Company, Inc. stock (\$49.62) on June 30, 2014, which was the last trading day of Fiscal 2014. The spread, the difference between the fair market value of Lannett Company's stock on June 30, 2014, and the option exercise price, was used for valuing stock options.
