REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Members of

National CineMedia, LLC

Centennial, Colorado

We have audited the accompanying balance sheets of National CineMedia, LLC as of December 31, 2015 and January 1, 2015, and the related statements of income, comprehensive income, members' equity/ (deficit), and cash flows for the years ended December 31, 2015, January 1, 2015 and December 26, 2013. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of National CineMedia, LLC as of December 31, 2015 and January 1, 2015, and the results of its operations and its cash flows for the years ended December 31, 2015, January 1, 2015 and December 26, 2013, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

National CineMedia, LLC (NCM LLC , the Company or we) commenced operations on April 1, 2005 and is owned by National CineMedia, Inc. (NCM, Inc. , manager or managing member), American Multi-Cinema, Inc. and AMC ShowPlace Theatres, Inc. (AMC), wholly owned subsidiaries of AMC Entertainment, Inc. (AMCE), Regal Cinemas, Inc. and Regal CineMedia Holdings, LLC, wholly owned subsidiaries of Regal Entertainment Group (Regal) and Cinemark Media, Inc. and Cinemark USA, Inc., wholly owned subsidiaries of Cinemark Holdings, Inc. (Cinemark). NCM LLC operates the largest digital in-theatre network in North America, allowing NCM LLC to sell advertising (the Services) under long-term exhibitor services agreements (ESAs) with AMC, Regal and Cinemark. AMC, Regal and Cinemark and their affiliates are referred to in this document as founding members . NCM LLC also provides the Services to certain third-party theatre circuits under long-term network affiliate agreements referred to in this document as network affiliates , which have terms from three to twenty years.

As of December 31, 2015, the Company had 135,142,972 common membership units outstanding, of which 59,239,154 (43.8%) were owned by NCM, Inc., 26,409,784 (19.5%) were owned by Regal, 25,631,046 (19.0%) were owned by Cinemark, and 23,862,988 (17.7%) were owned by AMC. The membership units held by the founding members are exchangeable into NCM, Inc. common stock on a one-for-one basis.

Recent Transactions

On December 26, 2013, the Company sold its Fathom Events business to a newly formed limited liability company owned 32% by each of the founding members and 4% by NCM LLC, as described further in Note 2 *Divestiture*.

On May 5, 2014, NCM, Inc. entered into the Merger Agreement to merge with Screenvision. On November 3, 2014, the Department of Justice filed a lawsuit seeking to enjoin the merger. On March 16, 2015, the Company announced the termination of the Merger Agreement and the lawsuit was dismissed. After the Merger Agreement was terminated, NCM LLC reimbursed NCM, Inc. for certain expenses pursuant to an indemnification agreement among NCM LLC, NCM, Inc. and the founding members. On March 17, 2015, NCM LLC paid Screenvision an approximate \$26.8 million termination payment on behalf of NCM, Inc. This payment was \$2 million lower than the reverse termination fee contemplated by the Merger Agreement. During the year ended December 31, 2015, NCM LLC also either paid directly or reimbursed NCM, Inc. for the legal and other merger-related costs of approximately \$15.0 million (\$7.5 million incurred by NCM, Inc. during the year ended January 1, 2015 and approximately \$7.5 million incurred by NCM LLC during the year ended December 31, 2015). The Company and the founding members each bore a pro rata portion of the merger termination fee and the related merger expenses based on their aggregate ownership percentages in NCM LLC when the expenses were incurred.

Basis of Presentation

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-K/A

The Company has prepared its financial statements and related notes of NCM LLC in accordance with accounting principles generally accepted in the United States of America (GAAP) and the rules and regulations of the Securities and Exchange Commission (SEC).

As a result of the various related-party agreements discussed in Note 7 *Related Party Transactions*, the operating results as presented are not necessarily indicative of the results that might have occurred if all agreements were with non-related third parties.

Estimates The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include those related to the reserve for uncollectible accounts receivable, share-based compensation and interest rate swaps. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Significant Accounting Policies

Accounting Period The Company has a 52-week or 53-week fiscal year ending on the first Thursday after December 25. Fiscal year 2015 contained 52 weeks. Fiscal years 2014 and 2013 contained 53 and 52 weeks, respectively. Throughout this document, the fiscal years are referred to as set forth below:

Fiscal Year Ended	Reference in this Document
December 31, 2015	2015
January 1, 2015	2014
December 26, 2013	2013

Segment Reporting Advertising is the principal business activity of the Company and is the Company's only reportable segment under the requirements of ASC 280 *Segment Reporting*. Fathom Events (prior to its sale) was an operating segment under ASC 280. The Company does not evaluate its segments on a fully allocated cost basis, nor does the Company track segment assets separately. As such, the results are not indicative of what segment results of operations would have been had it been operated on a fully allocated cost basis. The Company cautions that it would be inappropriate to assume that unallocated operating costs are incurred proportional to segment revenue or any directly identifiable segment expenses. Refer to Note 14 *Segment Reporting*.

Revenue Recognition The Company derives revenue principally from the advertising business, which includes on-screen and lobby network (LEN) advertising and lobby promotions and advertising on entertainment websites and mobile applications owned by the Company and other companies. Revenue is recognized when persuasive evidence of an arrangement exists, delivery occurs or services are rendered, the sales price is fixed and determinable and collectability is reasonably assured. The Company considers the terms of each arrangement to determine the appropriate accounting treatment.

On-screen advertising consists of national and local advertising. National advertising is sold on a cost per thousand (CPM) basis, while local and regional advertising is sold on a per-screen, per-week basis and to a lesser extent on a CPM basis. The Company recognizes national advertising as impressions (or theatre attendees) are delivered and recognizes local on-screen advertising revenue during the period in which the advertising airs. The Company recognizes revenue derived from lobby network and promotions when the advertising is displayed in theatre lobbies and recognizes revenue from branded entertainment websites and mobile applications when the online or mobile impressions are served. The Company may make contractual guarantees to deliver a specified number of impressions to view the customers' advertising. If those contracted number of impressions are not delivered, the Company will run additional advertising to deliver the contracted impressions at a later date. The deferred portion of the revenue associated with the undelivered impressions is referred to as a make-good provision. In rare cases, the Company

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-K/A

will make a cash refund of the portion of the contract related to the undelivered impressions. The Company defers the revenue associated with the make-good until the advertising airs to the theatre attendance specified in the advertising contract. The make-good provision is recorded within accrued expenses in the Balance Sheets. The Company records deferred revenue when cash payments are received, or invoices are issued, in advance of revenue being earned. Deferred revenue is classified as a current liability as it is expected to be earned within the next twelve months. Fathom Events revenue was recognized in the period in which the event was held.

The Company recorded \$3.1 million, \$1.2 million and \$0.0 million during the years ended December 31, 2015, January 1, 2015 and December 26, 2013, respectively, as advertising revenue whereby the Company received as consideration equity securities in privately held companies. The Company recorded the revenue at the estimated fair value of the advertising exchanged based upon the fair value of the advertising sold for cash within contracts.

Barter Transactions The Company enters into barter transactions that exchange advertising program time for products and services used principally for selling and marketing activities. The Company records barter transactions at the estimated fair value of the advertising exchanged based on fair value received for similar advertising from cash paying customers. Revenues for advertising barter transactions are recognized when advertising is provided, and products and services received are charged to expense when used. Any timing differences between the delivery of the bartered revenue and the use of the bartered expense products and services are recorded through accounts receivable. Revenue from barter transactions for the years ended December 31, 2015, January 1, 2015 and December 26, 2013 was \$2.0 million, \$1.3 million

NATIONAL CINEMEDIA, LLC

NOTES TO FINANCIAL STATEMENTS

and \$1.9 million, respectively. Expense recorded from barter transactions for the years ended December 31, 2015, January 1, 2015 and December 26, 2013 was \$2.5 million, \$1.2 million and \$2.9 million, respectively.

Operating Costs Advertising-related operating costs primarily include personnel and other costs related to advertising fulfillment, payments due to unaffiliated theatre circuits under the network affiliate agreements, and to a lesser extent, production costs of non-digital advertising.

Fathom Events operating costs include revenue share under the ESAs to the founding members and revenue share to affiliate theatres under separate agreements, payments to event content producers and other direct costs of the meeting or event, including equipment rental, catering and movie tickets acquired primarily from the founding members.

Payments to the founding members of a theatre access fee is comprised of a payment per theatre attendee, a payment per digital screen and a payment per digital cinema projector equipped in the theatres, all of which escalate over time. Refer to Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations included elsewhere in this document.

Network costs include personnel, satellite bandwidth, repairs, and other costs of maintaining and operating the digital network and preparing advertising and other content for transmission across the digital network. These costs were not specifically allocated between the advertising business and the Fathom Events business (prior to the sale of Fathom Events).

Cash and Cash Equivalents All highly liquid debt instruments and investments purchased with an original maturity of three months or less are classified as cash equivalents and are considered available-for-sale securities. There are cash balances in a bank in excess of the federally insured limits or in the form of a money market demand account with a major financial institution.

Restricted Cash As of December 31, 2015 and January 1, 2015, other non-current assets included restricted cash of \$0.3 million, which secures a letter of credit used as a lease deposit on the Company's New York office.

Concentration of Credit Risk and Significant Customers Bad debts are provided for using the allowance for doubtful accounts method based on historical experience and management's evaluation of outstanding receivables at the end of the period. Receivables are written off when management determines amounts are uncollectible. Trade accounts

receivable are uncollateralized and represent a large number of geographically dispersed debtors. The collectability risk with respect to national and regional advertising is reduced by transacting with founding members or large, national advertising agencies who have strong reputations in the advertising industry and clients with stable financial positions. The Company has smaller contracts with thousands of local clients that are not individually significant. As of December 31, 2015 and January 1, 2015, there were no advertising agency groups or individual customers through which the Company sources national advertising revenue representing more than 10% of the Company's outstanding gross receivable balance. During the years ended December 31, 2015, January 1, 2015 and December 26, 2013, there were no customers that accounted for more than 10% of revenue.

Receivables consisted of the following (in millions):

	As of	
	December 31, 2015	January 1, 2015
Trade accounts	\$ 153.6	\$ 119.4
Other	0.9	1.4

Long-lived Assets Property and equipment is stated at cost, net of accumulated depreciation or amortization. Generally, the equipment associated with the digital network of the founding member theatres is owned by the founding members, while the equipment associated with network affiliate theatres is owned by the Company. Major renewals and improvements are capitalized, while replacements, maintenance, and repairs that do not improve or extend the lives of the

respective assets are expensed as incurred. The Company records depreciation and amortization using the straight-line method over the following estimated useful lives:

Equipment	4-10 years
Computer hardware and software	3-5 years
Leasehold improvements	Lesser of lease term or asset life

Software and website development costs developed or obtained for internal use are accounted for in accordance with ASC 350 *Internal Use Software* and ASC 350 *Website Development Costs*. The subtopics require the capitalization of certain costs incurred in developing or obtaining software for internal use. The majority of software costs related primarily to the Company's inventory management systems and digital network distribution system (DCS) and website development costs, which are included in equipment, are depreciated over three to five years. As of December 31, 2015 and January 1, 2015, the Company had a net book value of \$7.4 million and \$9.5 million, respectively, of capitalized software and website development costs. Approximately \$5.0 million, \$6.5 million and \$6.1 million was recorded for the years ended December 31, 2015, January 1, 2015 and December 26, 2013, respectively, in depreciation expense related to software and website development. For the years ended December 31, 2015, January 1, 2015 and December 26, 2013, the Company recorded \$1.5 million, \$1.7 million and \$1.8 million in research and development expense, respectively.

The Company assesses impairment of long-lived assets pursuant with ASC 360 *Property, Plant and Equipment*. This includes determining if certain triggering events have occurred that could affect the value of an asset. The Company recorded losses of \$0.4 million, \$0.4 million and \$0.0 million related to the write-off of property, plant and equipment during the years ended December 31, 2015, January 1, 2015 and December 26, 2013, respectively.

Intangible assets Intangible assets consist of contractual rights to provide its services within the theatres of the founding members and network affiliates and are stated at cost, net of accumulated amortization. The Company records amortization using the straight-line method over the contractual life of the intangibles, corresponding to the term of the ESAs or the term of the contract with the network affiliate. Intangible assets are tested for impairment at least annually during the fourth quarter or whenever events or changes in circumstances indicate the carrying value may not be fully recoverable. In its impairment testing, the Company estimates the fair value of its ESAs or network affiliate agreements by determining the estimated future cash flows associated with the ESAs or network affiliate agreements. If the estimated fair value is less than the carrying value, the intangible asset is written down to its estimated fair value. Significant judgment is involved in estimating long-term cash flow forecasts. The Company has not recorded impairment charges related to intangible assets.

Amounts Due to/from Founding Members Amounts due to/from founding members include amounts due for the theatre access fee, offset by a receivable for advertising time purchased by the founding members on behalf of their beverage concessionaire, revenue share earned for Fathom Events plus any amounts outstanding under other contractually

obligated payments. Payments to or received from the founding members against outstanding balances are made monthly. Available cash distributions are made quarterly.

Amounts Due to Managing Member Amounts due to the managing member include amounts due under the NCM LLC operating agreement and other contractually obligated payments. Payments to or received from the managing member against outstanding balances are made monthly.

Income Taxes NCM LLC is not a taxable entity for federal income tax purposes. Accordingly, NCM LLC does not directly pay federal income tax. NCM LLC's taxable income or loss, which may vary substantially from the net income or loss reported in the Statements of Income, is includable in the federal income tax returns of each founding member and the managing member. NCM LLC is, however, a taxable entity under certain state jurisdictions. Further, in some state instances, NCM LLC may be required to remit composite withholding tax based on its results on behalf of its founding members and managing member.

NCM LLC's fiscal year 2007 and 2008 tax returns were under examination by the Internal Revenue Service (IRS). On September 10, 2013, NCM LLC and NCM, Inc., in its capacity as tax matters partner for NCM LLC, received a No Adjustments Letter from the IRS which stated that the IRS completed its review of the NCM LLC tax returns for the fiscal years ended 2007 and 2008 and did not propose any adjustments to those tax returns. NCM, Inc. had previously contested adjustments proposed by the IRS through the administrative appeals process. The Company had not recorded any adjustment

to its financial statements for this matter and as such there was no effect on the Company's financial statements for the year ended December 26, 2013 related to the closure of these audits.

Debt Issuance Costs In relation to the issuance of outstanding debt discussed in Note 8 *Borrowings*, there is a balance of \$12.9 million and \$15.5 million in deferred financing costs as of December 31, 2015 and January 1, 2015, respectively. The debt issuance costs are being amortized on a straight-line basis over the terms of the underlying obligation and are included in interest on borrowings, which approximates the effective interest method.

The changes in debt issuance costs are as follows (in millions):

	December 31, 2015	Years Ended January 1, 2015	December 26, 2013
Beginning balance	\$ 15.5	\$ 17.7	\$ 18.3
Debt issuance payments		0.6	3.4

(2) The Company received equity securities in some privately held companies as consideration for advertising contracts. The equity securities were accounted for under the cost method and represent an ownership of less than 20%. The Company does not exert significant influence of these companies' operating or financial activities.

The Company reviews investments accounted for under the cost and equity methods for impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be fully recoverable. In order to determine whether the carrying value of investments may have experienced an other-than-temporary decline in value necessitating the write-down of the recorded investment, the Company considers various factors including the investee's financial condition and quality of assets, the length of time the investee has been operating, the severity and nature of losses sustained in current and prior years, qualifications in accountant's reports due to liquidity or going concern issues, investee announcements of adverse changes, downgrading of investee debt, regulatory actions, loss of principal customer, negative operating cash flows or working capital deficiencies and the record of an impairment charge by the investee for goodwill, intangible or long-lived assets. If a determination is made that an other-than-temporary impairment exists, the Company writes down its investment to fair value. During the years ended December 31, 2015, January 1, 2015 and December 26, 2013, the Company recorded other-than-temporary impairment charges of \$0.0 million, \$0.0 million and \$0.8 million, respectively. The impairment charge during 2013 brought the investment to a remaining fair value of \$0.0 million.

Share-Based Compensation Through 2012, NCM, Inc. issued stock options, restricted stock and restricted stock units. Since 2013, NCM, Inc. has only issued restricted stock and restricted stock units. Restricted stock and restricted stock units vest upon the achievement of NCM, Inc. performance measures and service conditions or only service conditions. Compensation expense of restricted stock that vests upon the achievement of NCM, Inc. performance measures is based on management's financial projections and the probability of achieving the projections, which require considerable judgment. A cumulative adjustment is recorded to share-based compensation expense in periods that management changes its estimate of the number of shares expected to vest. Ultimately, NCM, Inc. adjusts the expense recognized to reflect the actual vested

NATIONAL CINEMEDIA, LLC

NOTES TO FINANCIAL STATEMENTS

shares following the resolution of the performance conditions. Dividends are accrued when declared on unvested restricted stock that is expected to vest and are only paid with respect to shares that actually vest.

Compensation cost of stock options was based on the estimated grant date fair value using the Black-Scholes option pricing model, which requires that NCM, Inc. make estimates of various factors. Under the fair value recognition provisions of ASC 718 *Compensation - Stock Compensation*, the Company recognizes share-based compensation net of an estimated forfeiture rate, and therefore only recognizes compensation cost for those shares expected to vest over the requisite service period of the award. Refer to Note 9 *Share-Based Compensation* for more information.

Fair Value Measurements Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is estimated by applying the following hierarchy, which prioritizes the inputs used to measure fair value into three levels and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Inputs that are generally unobservable and typically reflect management's estimate of assumptions that market participants would use in pricing the asset or liability.

Derivative Instruments The Company is exposed to various financial and market risks including changes in interest rates that exist as part of its ongoing operations. In 2012, NCM LLC utilized certain interest rate swaps to manage these risks. In accordance with ASC 815 *Derivatives and Hedging*, the effective portion of changes in the fair value of a derivative that was designated as a cash flow hedge was recorded in Accumulated Other Comprehensive Income (AOCI) and reclassified into earnings in the same period or periods during which the hedged transaction affects earnings. Any ineffectiveness associated with designated cash flow hedges, as well as, any change in the fair value of a derivative that is not designated as a hedge, was recorded immediately in the Statements of Income. For more

information, refer to Note 13 *Derivative Instruments and Hedging Activities*.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2014-09, *Revenue from Contracts with Customers (Topic 606)* (ASU 2014-09), which supersedes the revenue recognition requirements in Accounting Standards Codification 605, Revenue Recognition. The new revenue recognition standard requires entities to recognize revenue in a way that depicts the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled to in exchange for those goods or services. Accounting Standards Update 2015-14, *Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date*, which was issued in August 2015, revised the effective date for this standard to annual and interim periods beginning on or after December 15, 2017, with early adoption permitted, but not earlier than the original effective date of annual and interim periods beginning after December 15, 2016, for public entities. The standard allows for either a full retrospective or a modified retrospective transition method. The Company is currently evaluating the effect that adopting this new accounting guidance will have on its audited financial statements or notes thereto, as well as, which transition method it intends to use and the impact of adopting this guidance.

In January 2015, the FASB issued Accounting Standards Update 2015-01, *Income Statement Extraordinary and Unusual Items (Subtopic 225-20): Simplifying Income Statement Presentation by Eliminating the Concept of Extraordinary Items* (ASU 2015-01), which eliminates the concept of extraordinary items from GAAP. Under ASU 2015-01, reporting entities will no longer be required to assess whether an underlying event or transaction is extraordinary, however, presentation and disclosure guidance for items that are unusual in nature or occur infrequently are retained, and are expanded to include items that are both unusual in nature and infrequently occurring. This guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2015. Early adoption is permitted provided that the guidance is applied from the beginning of the fiscal year of adoption. A reporting entity may apply ASU 2015-01 prospectively. A reporting entity may also apply ASU 2015-01 retrospectively to all periods presented in the financial

statements. The Company expects to adopt this accounting guidance in its first quarter of 2016 and does not expect the application of ASU 2015-01 to have a material impact in the audited financial statements or notes thereto.

In February 2015, the FASB issued Accounting Standards Update 2015-02, *Consolidation (Topic 810): Amendments to the Consolidation Analysis* (ASU 2015-02). ASU 2015-02 amends current consolidation guidance by modifying the evaluation of whether limited partnerships and similar legal entities are variable interest entities or voting interest entities, eliminating the presumption that a general partner should consolidate a limited partnership, and affects the consolidation analysis of reporting entities that are involved with variable interest entities. ASU 2015-02 is effective for interim and annual reporting periods beginning after December 15, 2015, with early adoption permitted. The Company does not expect the application of ASU 2015-02 to have a material impact in the audited financial statements or notes thereto.

In April 2015, the FASB issued Accounting Standards Update 2015-03, *Interest - Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs* (ASU 2015-03), which provides guidance for simplifying the presentation of debt issuance costs. ASU 2015-03 requires that debt issuance costs be presented in the balance sheet as a direct deduction from the carrying amount of debt liability, consistent with debt discounts or premiums. This guidance will be effective for fiscal years beginning after December 15, 2015, and early adoption is permitted for financial statements that have not been previously issued. The standard requires application on a retrospective basis and represents a change in accounting principle. In addition, in August 2015, Accounting Standards Update 2015-15, *Interest - Imputation of Interest*, was released which added SEC paragraphs pursuant to the SEC Staff Announcement at the June 18, 2015 Emerging Issues Task Force (EITF) meeting about the presentation and subsequent measurement of debt issuance costs associated with line-of-credit arrangements. Given the absence of authoritative guidance within ASU 2015-03 for debt issuance costs related to line-of-credit arrangements, ASU 2015-15 states the SEC staff would not object to an entity deferring and presenting debt issuance costs as an asset and subsequently amortizing the deferred debt issuance costs ratably over the term of the line-of-credit arrangement, regardless of whether there are any outstanding borrowings on the line-of-credit arrangement. The impact of ASU 2015-03 and ASU 2015-15 on the Company's financial statements includes a reclassification of net deferred financing costs related to the Company's Term Loans, Senior Secured Notes and Senior Unsecured Notes to be presented in the Balance Sheets as a direct deduction from the carrying amount of those borrowings, while net deferred financing costs related to the Company's Revolving Credit Facility will remain an asset. As of December 31, 2015, the Company had \$10.7 million of net deferred financing costs related to its Term Loans, Senior Secured Notes and Senior Unsecured Notes. The Company expects to adopt this accounting guidance in its first quarter of 2016.

In April 2015, the FASB issued Accounting Standards Update 2015-05, *Intangibles-Goodwill and Other - Internal-Use Software (Subtopic 350-40): Customer's Accounting for Fees Paid in a Cloud Computing Arrangement* (ASU 2015-05), which provides guidance on accounting for fees paid by a customer in a cloud computing arrangement. If a cloud computing arrangement includes a software license, then the customer should account for the software license element of the arrangement consistent with the acquisition of other software licenses. If a cloud computing arrangement does not include a software license, the customer should account for the arrangement as a service contract. This

guidance is effective for fiscal years beginning after December 15, 2015, including interim periods within that reporting period, with early adoption permitted. The Company does not expect the application of ASU 2015-05 to have a material impact in the audited financial statements or notes thereto.

In January 2016, the FASB issued Accounting Standards Update 2016-01, *Recognition and Measurement of Financial Assets and Financial Liabilities* (ASU 2016-01) which revises the guidance in ASC 825-10, *Recognition and Measurement of Financial Assets and Financial Liabilities*, and provides guidance for the recognition, measurement, presentation, and disclosure of financial assets and liabilities. The guidance is effective for reporting periods (interim and annual) beginning after December 15, 2017, for public companies. The Company is currently assessing the potential impact of ASU 2016-01 on the audited financial statements and related disclosures.

In February 2016, the FASB issued Accounting Standards Update 2016-02, *Leases (Topic 842)* (ASU 2016-02). ASU 2016-02 establishes a right-of-use (ROU) model that requires a lessee to record a ROU asset and a lease liability on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. The new standard is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. The

Company is currently assessing the potential impact of ASU 2016-02 on the audited financial statements and related disclosures.

The Company has considered all other recently issued accounting pronouncements and does not believe the adoption of such pronouncements will have a material impact on its audited financial statements.

2. DIVESTITURE

On December 26, 2013, the Company sold its Fathom Events business to a newly formed limited liability company (AC JV, LLC) owned 32% by each of the founding members and 4% by NCM LLC. In consideration for the sale, the Company received a total of \$25.0 million in promissory notes from the founding members (one-third or approximately \$8.3 million from each founding member). The notes receivable bear interest at a fixed rate of 5.0% per annum, compounded annually. Interest and principal payments are due annually in six equal installments commencing on the first anniversary of the closing. Due to the related party nature of the transaction, the Company formed a committee of independent directors that hired a separate legal counsel and an investment banking firm who advised the committee and rendered an opinion as to the fairness of the transaction. The Company deconsolidated Fathom Events and recognized a gain on the sale of approximately \$26.0 million during the year ended December 26, 2013. The gain was measured as the difference between (a) the net fair value of the retained noncontrolling investment and the consideration received for the sale and (b) the carrying value of Fathom Events net assets (approximately \$0.1 million). The Company recorded approximately \$0.6 million of expenses related to the sale, which were recorded as a reduction to the gain on the sale. Approximately \$1.1 million of the gain recognized related to the re-measurement of the Company's retained 4% interest in AC JV, LLC. The fair value of the Company's retained noncontrolling investment was determined by applying the Company's ownership percentage to the fair value of AC JV, LLC, which was valued using comparative market multiples. Under the terms of the agreement, the assets and liabilities related to Fathom events held prior to the sale were not assumed by the buyer and those pertaining to Fathom events held post-closing were transferred to the buyer.

Future minimum principal payments under the notes receivable as of December 31, 2015 are approximately as follows (in millions):

Year	Minimum Principal Payments
2016	\$ 4.2
2017	4.2
2018	4.2
2019	4.1
2020	

Total	\$	16.7
-------	----	------

On December 26, 2013, NCM LLC amended and restated its existing ESAs with each of the founding members to remove those provisions addressing the rights and obligations related to the digital programming services of the Fathom Events business. These rights and obligations were conveyed to AC JV, LLC in connection with the sale. In connection with the sale, the Company entered into a transition services agreement to provide certain corporate overhead services for a fee and reimbursement for the use of facilities and certain services including creative, technical event management and event management for the newly formed limited liability company. In addition, the Company entered into a services agreement with a term coinciding with the ESAs, which grants the newly formed limited liability company advertising on-screen and on the LEN and a pre-feature program prior to Fathom events reasonably consistent with what was previously dedicated to Fathom. In addition, the services agreement provides that the Company will assist with event sponsorship sales in return for a share of the sponsorship revenue. The Company has also agreed to provide creative and media production services for a fee. For more information, refer to Note 7 *Related Party Transactions*.

Due to the Company's continuing equity method investment in the newly formed limited liability company, the operations of Fathom Events and the gain on the sale were recorded in continuing operations on the Statements of Income. Refer to Note 7 *Related Party Transactions* for further discussion of the investment.

4. INTANGIBLE ASSETS

The Company's intangible assets consist of contractual rights to provide its services within the theatres of the founding members and network affiliates. The Company records amortization using the straight-line method over the contractual life of the intangibles, corresponding to the term of the ESAs or the term of the contract with the network affiliate. The Company's intangible assets with its founding members are recorded at the fair market value of NCM, Inc.'s publicly traded stock as of the date on which the common membership units were issued. The Company's common membership units are fully convertible into NCM, Inc.'s common stock. The Company also records intangible assets for upfront fees paid to network affiliates upon commencement of a network affiliate agreement. Pursuant to ASC 350-10 *Intangibles Goodwill and Other*, the Company's intangible assets have a finite useful life and the Company amortizes the assets over the remaining useful life corresponding with the ESAs or the term of the contract with the network affiliate. If common membership units are issued to a founding member for newly acquired theatres that are subject to an existing on-screen advertising agreement with an alternative provider, the amortization of the intangible asset commences after the existing agreement expires and the Company can utilize the theatres for all of its services. In addition, if common membership units are issued to a founding member for theatres under an existing on-screen advertising agreement with an alternative provider, NCM LLC may receive payments from the founding member pursuant to the ESAs on a quarterly basis in arrears in accordance with certain run-out provisions (integration payments). Integration payments approximate the advertising cash flow that the Company would have generated if it had exclusive access to sell advertising in the theatres with pre-existing advertising agreements. The integration payments are recorded as a reduction to net intangible assets, and not as part of operating income.

In accordance with the Company's Common Unit Adjustment Agreement with its founding members, on an annual basis the Company determines the amount of common membership units to be issued to or returned by the founding members based on theatre additions or dispositions during the previous year. In addition, the Company's Common Unit Adjustment Agreement requires that a Common Unit Adjustment occur for a specific founding member if its acquisition or disposition of theatres, in a single transaction or cumulatively since the most recent Common Unit Adjustment, results in an attendance increase or decrease of two percent or more in the total annual attendance of all founding members as of the last adjustment date.

The following is a summary of the Company's intangible assets (in millions):

6. MEMBERS' DEFICIT

NCM LLC's founding members received all proceeds from NCM, Inc.'s IPO and related issuances of debt, except for amounts needed to pay out-of-pocket costs of the financings and other expenses. The ESAs with the founding members were amended and restated in conjunction with the IPO under which NCM LLC became the exclusive provider of advertising services to the founding members for a 30-year term. In conformity with accounting guidance of the SEC concerning monetary consideration paid to promoters, such as the founding members, in exchange for property conveyed by the promoters, the excess over predecessor cost was treated as a special distribution. Because the founding members had no cost basis in the ESAs, nearly all payments to the founding members with the proceeds of the IPO and related debt, have been accounted for as distributions. The distributions by NCM LLC to the founding members made at the date of the IPO resulted in a members' deficit.

7. RELATED PARTY TRANSACTIONS

Founding Member Transactions In connection with the IPO, the Company entered into several agreements to define and regulate the relationships among the Company, NCM Inc., and the founding members. They include the following:

- **ESAs.** Under the ESAs, the Company is the exclusive provider within the United States of advertising services in the founding members' theatres (subject to pre-existing contractual obligations and other limited exceptions for the benefit of the founding members). The advertising services include the use of the DCN equipment required to deliver the on-screen advertising and other content included in the *FirstLook* pre-show, use of the LEN and rights to sell and display certain lobby promotions. Further, 30 to 60 seconds of advertising included in the *FirstLook*

pre-show is sold to the founding members to satisfy the founding members' on-screen advertising commitments under their beverage concessionaire agreements. In consideration for access to the founding members' theatres, theatre patrons, the network equipment required to display on-screen and LEN video advertising and the use of theatres for lobby promotions, the founding members receive a monthly theatre access fee.

- ***Common Unit Adjustment Agreement.*** The common unit adjustment agreement provides a mechanism for increasing or decreasing the membership units held by the founding members based on the acquisition or construction of new theatres or sale of theatres that are operated by each founding member and included in the Company's network.

- ***Software License Agreement.*** At the date of NCM, Inc.'s IPO, the Company was granted a perpetual, royalty-free license from the founding members to use certain proprietary software that existed at the time for the delivery of digital advertising and other content through the DCN to screens in the U.S. The Company has made improvements to this software since the IPO date and NCM LLC owns those improvements, except for improvements that were developed jointly by the Company and its founding members, if any.

NCM LLC also provides administrative and support services to NCM, Inc. such as office facilities, equipment, supplies, payroll and accounting and financial reporting at no charge. Based on the limited activities of NCM, Inc. as a standalone entity, the Company does not believe such unreimbursed costs are significant.

At the date of NCM, Inc.'s IPO, NCM LLC was granted a perpetual, royalty-free license from the founding members to use certain proprietary software that existed at the time for the delivery of digital advertising and other content through the DCN to screens in the U.S. NCM LLC has made improvements to this software since NCM, Inc.'s IPO date and the Company owns those improvements, except for improvements that were developed jointly by NCM LLC and the founding members, if any.

On March 16, 2015, NCM, Inc. announced the termination of the Merger Agreement with Screenvision. After the Merger Agreement was terminated, NCM LLC reimbursed NCM, Inc. for certain expenses pursuant to an indemnification agreement among NCM LLC, NCM, Inc. and the founding members. On March 17, 2015, NCM LLC paid Screenvision an approximate \$26.8 million termination payment on behalf of NCM, Inc. This payment was \$2 million lower than the reverse termination fee contemplated by the Merger Agreement. During the year ended December 31, 2015, we also either paid directly or reimbursed NCM, Inc. for the legal and other merger-related costs of approximately \$15.0 million (\$7.5 million incurred by NCM, Inc. during the year ended January 1, 2015 and approximately \$7.5 million incurred by us during the year ended December 31, 2015). NCM, Inc. and the founding members each bore a pro rata portion of the termination fee and the related merger expenses based on their aggregate ownership percentages in NCM LLC when the expenses were incurred.

Pursuant to the terms of the NCM LLC Operating Agreement in place since the completion of NCM, Inc.'s IPO, the Company is required to make mandatory distributions on a proportionate basis to its members of available cash, as defined in the NCM LLC Operating Agreement, on a quarterly basis in arrears. Mandatory distributions for the years ended December 31, 2015, January 1, 2015 and December 26, 2013 are as follows (in millions):

Senior Secured Notes	400.0	400.0	April 15, 2022	6.000%
Total	\$ 936.0	\$ 892.0		

(1) The interest rates on the revolving credit facility and term loan are described below.

Senior Secured Credit Facility As of December 31, 2015, the Company's senior secured credit facility consisted of a \$135.0 million revolving credit facility and a \$270.0 million term loan. On June 18, 2014, the Company entered into an incremental amendment of its senior secured credit facility whereby the revolving credit facility was increased by \$25.0 million. In addition, on July 2, 2014, the Company entered into an amendment of its senior secured credit facility whereby the maturity date was extended by two years to November 26, 2019, which corresponds to the maturity date of the \$270 million term loans. The obligations under the senior secured credit facility are secured by a lien on substantially all of the assets of NCM LLC.

Revolving Credit Facility The revolving credit facility portion of the total borrowings is available, subject to certain conditions, for general corporate purposes of the Company in the ordinary course of business and for other transactions permitted under the senior secured credit facility, and a portion is available for letters of credit.

As of December 31, 2015, the Company's total availability under the \$135.0 million revolving credit facility was \$69.0 million. The unused line fee is 0.50% per annum. Borrowings under the revolving credit facility bear interest at the Company's option of either the LIBOR index plus an applicable margin or the base rate (Prime Rate or the Federal Funds Effective Rate, as defined in the senior secured credit facility) plus an applicable margin. The applicable margin for the revolving credit facility is determined quarterly and is subject to adjustment based upon a consolidated net senior secured leverage ratio for NCM LLC (the ratio of secured funded debt less unrestricted cash and cash equivalents, over a non-GAAP measure defined in the senior secured credit facility). The applicable margins on the revolving credit facility are the LIBOR index

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-K/A

plus 2.00% or the base rate plus 1.00%. The weighted-average interest rate on the outstanding balance on the revolving credit facility as of December 31, 2015 was 2.24%. On December 31, 2014, \$14.0 million of the revolving credit facility matured and NCM LLC paid the balance in full, along with any accrued and unpaid fees and interest. The maturity date applicable to the remaining revolving credit facility principal is November 26, 2019.

Term Loans In connection with the amendment of its senior secured credit facility on May 2, 2013, the interest rate on the term loans decreased by 50 basis points to a rate at NCM LLC's option of either the LIBOR index plus 2.75% or the base rate (Prime Rate or the Federal Funds Effective Rate, as defined in the senior secured credit facility) plus 1.75%. The weighted-average interest rate on the term loans as of December 31, 2015 was 2.99%. Interest on the term loans is currently paid monthly.

The senior secured credit facility contains a number of covenants and financial ratio requirements, with which the Company was in compliance at December 31, 2015, including maintaining a consolidated net senior secured leverage ratio of 6.5 times on a quarterly basis. NCM LLC is permitted to make quarterly dividend payments and other payments based on leverage ratios for NCM LLC and its subsidiaries so long as no default or event of default has occurred and continues to occur. The quarterly dividend payments and other distributions are made even if consolidated net senior secured leverage ratio is less than or equal to 6.5 times. In addition, there are no borrower distribution restrictions as long as the Company's consolidated net senior secured leverage ratio is below 6.5 times and the Company is in compliance with its debt covenants. If there are limitations on the restricted payments, the Company may not declare or pay any dividends, or make any payments on account of NCM LLC, or set aside assets for the retirement or other acquisition of capital stock of the borrower or any subsidiaries, or make any other distribution for obligations of NCM LLC. When these restrictions are effective, the Company

Stock options awarded under the Equity Incentive Plan are granted with an exercise price equal to the closing market price of NCM, Inc. common stock on the date NCM, Inc.'s board of directors approves the grant. Options and restricted stock vest annually over a three or five-year period and options have either 10-year or 15-year contractual terms. Certain option and share awards provide for accelerated vesting if there is a change in control, as defined in the Equity Incentive Plan. In addition, certain restricted stock awards include performance vesting conditions, which permit vesting to the extent that the Company achieves specified non-GAAP targets at the end of the measurement period. The Plan provides that participants may contribute up to 20% of their compensation, subject to Internal Revenue Service limitations. Employee contributions are invested in various investment funds based upon election made by the employee. The Company made discretionary contributions of \$1.3 million, \$1.0 million and \$1.0 million during the years ended December 31, 2015, January 1, 2015 and December 26, 2013, respectively.

NOTES TO FINANCIAL STATEMENTS

Minimum Revenue Guarantees As part of the network affiliate agreements entered into in the ordinary course of business under which the Company sells advertising for display in various network affiliate theatre chains, the Company has agreed to certain minimum revenue guarantees on a per attendee basis. If a network affiliate achieves the attendance set forth in their respective agreement, the Company has guaranteed minimum revenue for the network affiliate per attendee if such amount paid under the revenue share arrangement is less than its guaranteed amount. The amount and term varies for each network affiliate, but terms range from three to 20 years, prior to any renewal periods of which some are at the option of the Company. As of December 31, 2015, the maximum potential amount of future payments the Company could be required to make pursuant to the minimum revenue guarantees is \$38.3 million over the remaining terms of the network affiliate agreements, which calculation does not include any potential extensions offered subsequent to December 31, 2015. As of December 31, 2015 and January 1, 2015, the Company had no liabilities recorded for these obligations, as such guarantees are less than the expected share of revenue paid to the affiliate.

12. FAIR VALUE MEASUREMENTS

Non-Recurring Measurements Certain assets are measured at fair value on a non-recurring basis. These assets are not measured at fair value on an ongoing basis but are subject to fair value adjustments in certain circumstances. These assets include long-lived assets, intangible assets, cost and equity method investments, notes receivable and borrowings.

Long-Lived Assets, Intangible Assets, Other Investments and Notes Receivable As described in *Note 1 Basis of Presentation and Summary of Significant Accounting Policies*, the Company regularly reviews long-lived assets (primarily property, plant and equipment), intangible assets, investments accounted for under the cost or equity method and notes receivable for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be fully recoverable. When the estimated fair value is determined to be lower than the carrying value of the asset, an impairment charge is recorded to write the asset down to its estimated fair value.

As of December 31, 2015 and January 1, 2015, the Company had other investments of \$5.4 million and \$2.5 million, respectively. The fair value of these investments has not been estimated as of December 31, 2015 as there were no identified events or changes in the circumstances that had a significant adverse effect on the fair value of the investments and it is not practicable to do so because the equity securities are not in publicly traded companies. Refer to *Note 1 Basis of Presentation and Summary of Significant Accounting Policies* for more details. As the inputs to the determination of fair value are based upon non-identical assets and use significant unobservable inputs, they have been classified as Level 3 in the fair value hierarchy.

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-K/A

As of December 31, 2015, the Company had notes receivable totaling \$16.7 million from its founding members related to the sale of Fathom Events, as described in *Note 2 Divestiture*. These notes were initially valued using comparative market multiples. There were no identified events or changes in circumstances that had a significant adverse effect on the fair value of the notes receivable. The notes are classified as Level 3 in the fair value hierarchy as the inputs to the determination of fair value are based upon non-identical assets and use significant unobservable inputs.

Borrowings The carrying amount of the revolving credit facility is considered a reasonable estimate of fair value due to its floating-rate terms. The estimated fair values of the Company's financial instruments where carrying values do not approximate fair value are as follows (in millions):

	As of December 31, 2015		As of January 1, 2015	
	Carrying Value	Fair Value (1)	Carrying Value	Fair Value (1)
Term Loans	\$ 270.0	\$ 269.3	\$ 270.0	\$ 257.9
Senior Unsecured Notes	200.0	208.4	200.0	210.8
Senior Secured Notes	400.0	414.5	400.0	400.8

(1) The Company has estimated the fair value on an average of at least two non-binding broker quotes and the Company's analysis. If the Company were to measure the borrowings in the above table at fair value on the balance sheet they would be classified as Level 2.

13. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

During 2012, the Company terminated interest rate swap agreements that were used to hedge its interest rate risk associated with its term loan. Following the termination of the swap agreements, the variable interest rate on the Company's \$270.0 million term loan is unhedged and as of December 31, 2015 and January 1, 2015, the Company did not have any outstanding derivative assets or liabilities. A portion of the breakage fees paid to terminate the swap agreements was for swaps in which the underlying debt remained outstanding. The balance in AOCI related to these swaps was fixed and was amortized into earnings over the remaining period during which interest payments were hedged, or February 13, 2015. The Company considered the guidance in ASC 815, *Derivatives and Hedging* which states that amounts in AOCI shall be reclassified into earnings in the same period or periods during which the hedged forecasted transaction affects earnings. As of December 31, 2015, there were no amounts outstanding related to these discontinued cash flow hedges.
