\* Note: A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time. Each of Moody's, Fitch and S&P is established in the European Union and is registered under Regulation (EC) no 1060/2009 (the CRA Regulation). As such, each of the rating agencies is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation as of the date of this pricing term sheet.

\*\*We expect that delivery of the notes will be made to investors on or about June 16, 2016, which will be the fifth business day following the date of this pricing term sheet (such settlement being referred to as T+5). Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date of the prospectus supplement or the next succeeding business day will be required, by virtue of the fact that the notes initially settle in T+5, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes on the date of the prospectus supplement of the next succeeding business day should consult their advisors.
