During March 2006, Kimco Realty Corporation and Subsidiaries (the "Company") acquired interests in two shopping center properties located in Caguas and Carolina, Puerto Rico, comprising an aggregate of approximately 0.8 million square feet of gross leasable area ("GLA"), valued at an aggregate \$185.9 million. The properties were acquired through the issuance of redeemable units from a consolidated subsidiary and consist of approximately \$84.4 million of floating and fixed-rate redeemable units, approximately \$29.1 million of redeemable units, which are redeemable at the option of the holder and approximately \$72.4 million in cash.

Additionally during March 2006, the Company committed to acquire interests in five additional shopping center properties located in Puerto Rico, comprising an aggregate of approximately 1.4 million square feet of GLA, with an aggregate value of approximately \$262.3 million. Consideration for these additional acquisitions will consist of approximately \$41.5 million of cash, the issuance of approximately \$72.0 million of floating and fixed-rate redeemable units, the issuance of approximately \$16.7 million of redeemable units, which are redeemable at the option of the holder and the assumption of approximately \$132.1 million of non-recourse mortgage debt. The additional acquisitions are scheduled to close the earlier of the completion of the mortgage assumptions or December 1, 2006.

These property transactions (the "Puerto Rico Portfolio") are with unrelated third parties and represent individually insignificant acquisitions.

To the Board of Directors and Stockholders of Kimco Realty Corporation:

We have audited the accompanying Combined Historical Summary of Revenues and Certain Expenses (the "Historical Summary") of the Puerto Rico Portfolio (the "Portfolio") for the year ended December 31, 2005. This Historical Summary is the responsibility of the Portfolio's management. Our responsibility is to express an opinion on this Historical Summary based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summary. We believe that our audit provides a

reasonable basis for our opinion.

The accompanying Historical Summary was prepared for the purpose of complying with the rules and regulations of the United States Securities and Exchange Commission (for inclusion in the Form 8-K of Kimco Realty Corporation) as described in Note 1 and is not intended to be a complete presentation of the Portfolio's revenues and expenses.

### 1. BACKGROUND AND BASIS OF PRESENTATION

The accompanying Historical Summary has been prepared on the accrual basis of accounting and is presented on a combined basis due to common ownership. The Historical Summary has been prepared for the purpose of complying with the rules and regulations of the United States Securities and Exchange Commission and for inclusion in the Current Report on Form 8-K of the Company. The Historical Summary is not intended to be a complete presentation of the revenues and expenses of the Portfolio as certain expenses, primarily depreciation and amortization, interest, property management fees and other costs not directly related to the future operations of the Portfolio, have been excluded.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### REVENUE RECOGNITION

Base rental revenues from rental properties are recognized on a straight-line basis over the terms of the related leases. Certain of these leases also provide for percentage rents based upon the level of sales achieved by the lessee. These percentage rents are recognized once the required sales level is achieved. Rental income may also include payments received in connection with lease termination agreements. In addition, leases typically provide for reimbursement to the Company of common area maintenance costs, real estate taxes and other operating expenses. Operating expense reimbursements are recognized as earned.

#### PROPERTY OPERATING EXPENSES

Property operating expenses represent the direct expenses of operating the Portfolio and include maintenance, utilities and repair costs that are expected to continue in the ongoing operations of the Portfolio. Expenditures for maintenance and repairs are charged to operations as incurred.

# Edgar Filing: KIMCO REALTY CORP - Form 8-K

## USE OF ESTIMATES

The preparation of the Historical Summary in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenues and certain expenses during the reporting period, to disclose contingent

assets and liabilities at the date of the Historical Summary and report amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

### 3. COMMITMENTS

The Puerto Rico Portfolio leases premises to tenants pursuant to lease agreements, which provide for terms ranging from two to 35 years. ## KIMCO REALTY CORPORATION PRO FORMA FINANCIAL INFORMATION INTRODUCTION (UNAUDITED)

The accompanying unaudited pro forma condensed consolidated balance sheet as of December 31, 2005, has been prepared to reflect the effect of the Puerto Rico Portfolio acquisition by the Company, as if such transaction had occurred on December 31, 2005.

The accompanying unaudited pro forma consolidated statement of operations for the year ended December 31, 2005, has been prepared to reflect the effect of the Puerto Rico Portfolio acquisition by the Company, as if such transaction had

## Edgar Filing: KIMCO REALTY CORP - Form 8-K

occurred on January 1, 2005.

These unaudited pro forma consolidated statements should be read in connection with the historical consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005. In the opinion of management, the pro forma consolidated financial information provides for all adjustments necessary to reflect the effects of the above transactions.

The pro forma information is unaudited and is not necessarily indicative of the consolidated results that would have occurred if the transactions and adjustments reflected therein had been consummated in the period or on the date presented, or on any particular date in the future, nor does it purport to represent the financial position, results of operations or cash flows for future periods.

The Puerto Rico Portfolio's five largest tenants were Wal-Mart, The Home Depot, Sears Holdings, Office Max and Costco, which represented approximately 7.3%, 6.9%, 4.5%, 4.1% and 3.2% of the Puerto Rico Portfolio's annual base rental revenue for the year ended December 31, 2005.

The Company currently anticipates that it will spend approximately \$500,000 over the next year for capital improvements for the Puerto Rico Portfolio.

The Company, after reasonable inquiry, is not aware of any material factors relating to the Puerto Rico Portfolio other than those stated above that would cause the reported financial information not to be indicative of future operating results.

### CONSOLIDATED STATEMENT OF INCOME FOR THE YEAR ENDED DECEMBER 31, 2005 (UNAUDITED, DOLLARS IN THOUSANDS)

(1) Reflects the consolidated operations of the Company related to continuing operations for the year ended December 31, 2005. Revenues and expenses related to discontinued operations are not included. See the historical consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

(2) Reflects the rental revenues and operating expenses of the Puerto Rico Portfolio based on the historical operations of such properties for the year prior to acquisition by the Company.

(3) Reflects an adjustment to straight-line rent to re-set each tenant's beginning lease term to January 1, 2005 and one year of amortization of above-market and below-market leases (see table below).

(4) Reflects the estimated depreciation and amortization for the Puerto Rico Portfolio acquisition in accordance with SFAS No. 141, generally using the estimated useful lives of the real estate investments and related intangibles based on the purchase price allocation. Depreciation and amortization expense is computed on a straight-line basis over the estimated useful life of the assets or liabilities as follows (in thousands):

	Estimated Useful Life	Annual Depreciation & Amortization Expense	Rental Revenue
Building	50	\$ 3,873	
Building Improvements	45	2,002	
Tenant Improvements	10	2,252

Below Market Leases	10	-	(2,882)
Net Mortgage Premium	4	-	-
		\$ 11,144	\$ (2,117)
		=====	=====

(5) Reflects the interest expense based on assumed mortgages related to the Puerto Rico Portfolio acquisitions. Any mortgage premium or discount on existing debt that is assumed is amortized into interest expense over the remaining term of the related debt instrument (see table above). Additionally includes the interest expense for the line of credit borrowing based on the additional outstanding balance of the line of credit multiplied by the average interest rate. The calculation of proforma interest expense is as follow (in thousands):

Assumed Mortgages	\$132,145
Weighted average fixed interest rate	6.56%
	-----
Annual interest expense	\$ 8,674

Line of credit borrowing	\$ 60,000

Annual interest expense	\$ 2,155 =====
-------------------------	-------------------

If market rates of interest on the variable debt changed by a 1% variance, then the increase or decrease in interest expense on the variable debt would be approximately \$0.6 million annually.

(6) Reflects the annual rate of return to the unitholders. Annual return is based upon floating and fixed-rates and the Company's common stock dividend.
