The Company does not require that directors attend the Annual Meeting.

Audit Committee

The Audit Committee's primary responsibilities are to oversee and monitor (i) the integrity of Travelzoo's financial statements, (ii) the qualifications and independence of our independent registered public accounting firm, (iii) the performance of our independent registered public accounting firm and internal audit staff, and (iv) the compliance by Travelzoo with legal and regulatory requirements. A complete description of the committee's responsibilities is set forth in its written charter. A copy the written charter can be found in Appendix A of our 2008 Proxy Statement. The Audit Committee is responsible for appointing the independent registered public accounting firm and is directly responsible for the compensation and oversight of the work of our independent registered public accounting firm. The Audit Committee is composed solely of independent directors as defined in the listing standards of the NASDAQ. The Board has determined that Mr. Neale-May qualifies as an audit committee financial expert within the meaning of the regulations of the Securities and Exchange Commission ("SEC").

Compensation Committee

The Compensation Committee reviews and approves the compensation and benefits for the Company's executive officers and directors, and makes recommendations to the Board of Directors regarding such matters. The Compensation Committee also approves the Company's non-equity incentive plans. The Compensation Committee further reviews and discusses with management the Compensation Discussion and Analysis section of this Proxy Statement. The Report of the Compensation Committee is included herein. In 2012, the Company was not required to have a Compensation Committee charter since it is a "Controlled Company" under NASDAQ rule 5615, on account of the stock ownership by Azzurro Capital Inc. Such ownership is now less than 50%, so we will be establishing a Compensation Committee during 2013.

Disclosure Committee

The Disclosure Committee's primary responsibilities are (i) to design, establish and evaluate controls and other procedures that are designed to ensure the accuracy and timely disclosure of information to the SEC and investment community and (ii) to review and supervise preparation of all SEC filings, press releases and other broadly disseminated correspondence.

Nominating Committee

Since it was a “Controlled Company” as referred to above during 2012, the Company was not required to have a Nominating Committee. Since the Company is no longer a Controlled Company, it will be establishing a Nominating Committee during 2013. In 2012, through its share ownership, Azzurro Capital Inc. was in a position to control Travelzoo and to elect our entire Board of Directors. Azzurro Capital Inc. considers candidates for director nominees.

The Board’s Role in Risk Oversight

The full Board oversees enterprise risk as part of its role in reviewing and overseeing the implementation of the Company’s strategic plans and objectives. The risk oversight function is administered both in full Board discussions and in individual committees that are tasked by the Board with oversight of specific risks. On a regular basis, the Board and its committees receive information and reports from management on the status of the Company and the risks associated with the Company’s strategy and business plans. In addition, the Audit Committee reviews the Company’s risk assessment and risk management policies and procedures at least annually, including steps taken to monitor and control such exposures. The Board believes the continuity of Board membership, as well as the independent directors constituting a majority of the Board and separation of the roles of Chairman and Chief Executive Officer, encourage open discussion and assessment of the Company’s ability to manage its risks.

Communications with Directors

The board has established a process to receive communications from stockholders. Stockholders and other interested parties may contact any member (or all members) of the board, or the non-management directors as a group, any board committee or any chair of any such committee by mail. To communicate with the Board of Directors, any individual directors or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual directors or group or committee of directors by either name or title. All such correspondence should be sent “c/o Corporate Secretary” at Travelzoo Inc., 590 Madison Avenue, 37th Floor, New York, NY 10022.

All communications received as set forth in the preceding paragraph will be opened by the Corporate Secretary for the sole purpose of determining whether the contents represent a message to our directors. Any contents that are not in the nature of advertising, promotions of a product or service, patently offensive material or matters deemed inappropriate for the Board of Directors will be forwarded promptly to the addressee. In the case of communications to the board or any group or committee of directors, the Corporate Secretary will make sufficient copies of the contents to send to each director who is a member of the group or committee to which the correspondence is addressed.

Audit Committee Report

The information contained in this report shall not be deemed to be “soliciting material” or “filed” with the SEC or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), except to the extent that Travelzoo specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended (the “Securities Act”) or the Exchange Act.

The Audit Committee oversees Travelzoo’s financial reporting process on behalf of the Board of Directors.

Management is primarily responsible for the financial statements and reporting processes including the systems of internal controls, while the independent auditors are responsible for performing an independent audit of Travelzoo’s consolidated financial statements in accordance with auditing standards of the Public Company Accounting Oversight Board (“PCAOB”), and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States.

In this context, the committee has met and held discussions with management and the independent auditors regarding the Company’s audited consolidated financial statements for the fiscal year ended December 31, 2012. The committee discussed with Travelzoo’s independent auditors the overall scope and plan for their audit. The committee met, at least quarterly, with the independent auditors, with and without management present, and discussed the results of their examinations, their evaluations of Travelzoo’s internal controls, and the overall quality of Travelzoo’s financial reporting. Management represented to the committee that Travelzoo’s consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The committee has reviewed and discussed the consolidated financial statements with management and the independent auditors, including their judgments as to the quality, not just the acceptability, of Travelzoo’s accounting principles and such other matters as

are required to be discussed with the committee under auditing standards of the PCAOB.

Travelzoo's independent auditors also provided to the committee the written disclosures required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence, and the committee discussed with the independent auditors that firm's independence, including those matters

4

required to be discussed by Statement on Auditing Standards No. 61, as amended.

In reliance on the reviews and discussions referred to above, the committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2012 filed with the SEC. The committee has not yet selected Travelzoo's independent auditors for fiscal year 2013.

While the committee has the responsibilities and powers set forth in its charter, it is not the duty of the committee to plan or conduct audits or to determine that Travelzoo's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditors. Nor is it the duty of the committee to conduct investigations or to assure compliance with laws and regulations or Travelzoo's business conduct policies.

Item 11. Executive Compensation

Compensation Discussion and Analysis

We hold annual votes on executive compensation, in accordance with shareholder recommendation made at the 2012 annual meeting. In light of last year's shareholder approval of the compensation for executives, there were no significant changes in executive compensation.

Overview of Compensation Program

The following Compensation Discussion and Analysis, or “CD&A,” describes our overall compensation philosophy and the primary components of our compensation program. Furthermore, the CD&A explains the process by which the Compensation Committee, or “Committee”, determined the 2012 compensation for our Chief Executive Officer, Chief Financial Officer and other most highly compensated officers. We refer to these individuals collectively as the “named executives” or the “named executive officers.”

Compensation Philosophy and Objectives

The fundamental objectives of our executive compensation program are to attract and retain highly qualified executive officers, motivate these executive officers to materially contribute to our long-term business success, and align the interests of our executive officers and stockholders by rewarding our executives for individual and corporate performance based on targets established by the Committee.

We believe that achievement of these compensation program objectives enhances long-term profitability and stockholder value. The elements utilized to help achieve the Committee’s objectives include the following:

• **Accountability for Individual Performance.** Compensation should in large part depend on the named executive’s individual performance in order to motivate and acknowledge the key contributors to our success.

• **Recognition for Business Performance.** Compensation should take into consideration our overall financial performance and overall growth.

• **Attracting and Retaining Talented Executives.** Compensation should generally reflect the competitive marketplace and be designed to attract and retain superior employees in key competitive positions.

We implement our compensation philosophy through setting base salaries for our executive officers, through the use of our executive bonus plan and through reviewing and approving other terms of employment agreements.

Compensation Determination Process

Compensation Committee Members. The Committee is responsible for establishing, overseeing and reviewing executive compensation policies and for approving, validating and benchmarking the compensation and benefits for named executive officers. The Committee is also responsible for determining the fees paid to our outside directors. The Committee includes Ms. Kelly M. Urso (Chair) and Mr. David J. Ehrlich. Ms. Urso and Mr. Ehrlich satisfied the independence requirements of the NASDAQ.

Role of Management. During 2012, the Committee engaged in its annual review of executive compensation with the goal of ensuring the appropriate combination of fixed and variable compensation linked to individual and corporate performance. In the course of its review, the Committee considered the advice and input of the Company’s CEO and data prepared by management, including a comparison of the current compensation of the named executive officers with publicly available information. Management did rely on a service from Equilar Inc., a compensation research firm, to provide peer executive compensation data from proxies and a compensation survey for comparison purposes. However, management did not receive advice from Equilar in setting our executive compensation. The data utilized by the Committee included salary and total compensation information based on the title, job description, and geographic location of similarly situated executives. The most significant aspects of the CEO’s role in the compensation determination process are evaluating employee performance, establishing business performance targets, goals and objectives and recommending salary and bonus levels. The CEO does not participate in discussions regarding his compensation.

The Committee compared the compensation received by the Company’s named executive officers with the levels of compensation received by similarly situated executives in the same geographic location in light of the named executives’ responsibilities, performance, experience and tenure, in order to arrive at the total compensation package for each of the named executive officers. In some cases, the compensation package that the Committee awarded a named executive officer was at or below the median compensation received by executives compared to third-party data, while in other instances the compensation was higher due to the executive’s responsibilities, performance, experience and tenure.

The Committee did not engage an outside consulting firm to provide advice on executive compensation.

Components of Executive Compensation

The Committee has structured an executive compensation program comprised of base salary, cash bonus and non-equity incentive pay. In addition, during 2012, the Committee approved the grant of options to the Company's Chief Financial Officer and President, North America, each for 50,000 shares of common stock as further described in our 2011 Proxy Statement and in

the Nonqualified Stock Option Agreements between Travelzoo Inc. and both Glen Ceremony and Shirley Tafoya, dated January 23, 2012 (incorporated by reference to our Current Report on Form 8-K (File No. 000-50171), filed March 30, 2012).

Base Salary. The Committee considered two types of potential base salary increases for the named executive officers in 2012: (1) “merit increases” based upon each named executive’s individual performance; and/or (2) “market adjustments” based upon the salary range for similarly situated executives.

In determining merit increases, the Committee considers the specific responsibilities of the executive and the executive’s overall performance and tenure with the Company. In addition, the Committee also considers the CEO’s evaluation of each named executive officer in making the decision regarding merit increases.

The Committee determines any market adjustments based on the Committee’s comparison of the executive’s compensation with statistical information on average compensation for similarly situated executives that is publicly available.

The Committee did not make any changes to the salaries of Mr. Christopher Loughlin, Mr. Glen Ceremony, Mr. Holger Bartel, Ms. Shirley Tafoya and Mr. Mark K. Webb in 2012.

Incentive Bonus Pay. In 2010, 2011 and 2012, Mr. Christopher Loughlin, Mr. Glen Ceremony, Ms. Shirley Tafoya and Mr. Mark Webb also received incentive bonuses pursuant to the terms of their employment agreements.

Pursuant to the terms of Mr. Loughlin’s previous employment agreement dated May 16, 2005, as amended on July 12, 2006 and as amended on July 1, 2007, Mr. Loughlin was eligible to receive quarterly and annual bonuses.

Mr. Loughlin’s bonuses were payable in British pounds and have been translated into U.S. dollars (at the rate of £1 = \$1.54431) for the purposes of this summary. Mr. Loughlin was eligible to receive the following quarterly bonuses:

Criteria	Quarterly Bonus Payment
Revenue goal as defined in the official budget for Europe is met	\$ 11,582
Net income goal as defined in the official budget for Europe is met	11,582
Subscriber goal as defined in the official budget for Europe is met	11,582
Performance evaluation by the Chairman of the Company	Up to 11,582
Total maximum bonus per quarter	Up to \$46,328

Under the terms of the annual bonus plan set forth in Mr. Loughlin’s previous employment agreement, Mr. Loughlin was eligible to receive 10% of Travelzoo Europe’s pro forma operating income generated from operations in the U.K., Germany and France from January 1, 2010 to June 30, 2010. The quarterly net income goal was met for the first quarter of 2010. Mr. Loughlin was paid 100% of his quarterly performance evaluation bonus for the first and second quarters of 2010. The Company grants certain executive officers stock options (which represent the right to purchase a specific number of shares of company common stock at a predetermined price, subject to vesting conditions), to align their incentives with the long-term interests of our stockholders, retain them for the long term, reward them for potential long-term contributions, and provide a total compensation opportunity commensurate with our performance.

Perquisites and Additional Benefits. The Company seeks to maintain an open and inclusive culture in its facilities and operations among executives and other Company employees. Accordingly, the Company does not provide executives with reserved parking spaces or separate dining or other facilities, nor does the Company have programs for providing personal-benefit perquisites to executives, such as club dues or defraying the cost of personal entertainment. Named executive officers and employees may seek reimbursement for business related expenses in accordance with our business expense reimbursement policy.

Employment Agreements. The Company has entered into employment agreements with the named executive officers, some of which contain severance and change of control provisions. The terms of such employment agreements are described in more detail below in Employment Agreements and Potential Payments Upon Termination or Change-in-Control. The Committee believes these agreements are appropriate for a number of reasons, including the following:

- the agreements assist in attracting and retaining executives as we compete for talented employees in a marketplace where such agreements are commonly offered;

Item 11. Executive Compensation

Compensation Discussion and Analysis

We hold annual votes on executive compensation, in accordance with shareholder recommendation made at the 2012 annual meeting. In light of last year's shareholder approval of the compensation for executives, there were no significant changes in executive compensation.

Overview of Compensation Program

The following Compensation Discussion and Analysis, or "CD&A," describes our overall compensation philosophy and the primary components of our compensation program. Furthermore, the CD&A explains the process by which the Compensation Committee, or "Committee", determined the 2012 compensation for our Chief Executive Officer, Chief Financial Officer and other most highly compensated officers. We refer to these individuals collectively as the "named executives" or the "named executive officers."

Compensation Philosophy and Objectives

The fundamental objectives of our executive compensation program are to attract and retain highly qualified executive officers, motivate these executive officers to materially contribute to our long-term business success, and align the interests of our executive officers and stockholders by rewarding our executives for individual and corporate performance based on targets established by the Committee.

We believe that achievement of these compensation program objectives enhances long-term profitability and stockholder value. The elements utilized to help achieve the Committee's objectives include the following:

Accountability for Individual Performance. Compensation should in large part depend on the named executive's

18

individual performance in order to motivate and acknowledge the key contributors to our success.

• **Recognition for Business Performance.** Compensation should take into consideration our overall financial performance and overall growth.

• **Attracting and Retaining Talented Executives.** Compensation should generally reflect the competitive marketplace and be designed to attract and retain superior employees in key competitive positions.

We implement our compensation philosophy through setting base salaries for our executive officers, through the use of our executive bonus plan and through reviewing and approving other terms of employment agreements.

Compensation Determination Process

Compensation Committee Members. The Committee is responsible for establishing, overseeing and reviewing executive compensation policies and for approving, validating and benchmarking the compensation and benefits for named executive officers. The Committee is also responsible for determining the fees paid to our outside directors. The Committee includes Ms. Kelly M. Urso (Chair) and Mr. David J. Ehrlich. Ms. Urso and Mr. Ehrlich satisfied the independence requirements of the NASDAQ.

Role of Management. During 2012, the Committee engaged in its annual review of executive compensation with the goal of ensuring the appropriate combination of fixed and variable compensation linked to individual and corporate performance. In the course of its review, the Committee considered the advice and input of the Company's CEO and data prepared by management, including a comparison of the current compensation of the named executive officers with publicly available information. Management did rely on a service from Equilar Inc., a compensation research firm, to provide peer executive compensation data from proxies and a compensation survey for comparison purposes. However, management did not receive advice from Equilar in setting our executive compensation. The data utilized by the Committee included salary and total compensation information based on the title, job description, and geographic location of similarly situated executives. The most significant aspects of the CEO's role in the compensation determination process are evaluating employee performance, establishing business performance targets, goals and objectives and recommending salary and bonus levels. The CEO does not participate in discussions regarding his compensation.

The Committee compared the compensation received by the Company's named executive officers with the levels of compensation received by similarly situated executives in the same geographic location in light of the named executives' responsibilities, performance, experience and tenure, in order to arrive at the total compensation package for each of the named executive officers. In some cases, the compensation package that the Committee awarded a named executive officer was at or below the median compensation received by executives compared to third-party data, while in other instances the compensation was higher due to the executive's responsibilities, performance, experience and tenure.

The Committee did not engage an outside consulting firm to provide advice on executive compensation.

Components of Executive Compensation

The Committee has structured an executive compensation program comprised of base salary, cash bonus and non-equity incentive pay. In addition, during 2012, the Committee approved the grant of options to the Company's Chief Financial Officer and President, North America, each for 50,000 shares of common stock as further described in our 2011 Proxy Statement and in the Nonqualified Stock Option Agreements between Travelzoo Inc. and both Glen Ceremony and Shirley Tafoya, dated January 23, 2012 (incorporated by reference to our Current Report on Form 8-K (File No. 000-50171), filed March 30, 2012).

Base Salary. The Committee considered two types of potential base salary increases for the named executive officers in 2012: (1) "merit increases" based upon each named executive's individual performance; and/or (2) "market adjustments" based upon the salary range for similarly situated executives.

In determining merit increases, the Committee considers the specific responsibilities of the executive and the executive's overall performance and tenure with the Company. In addition, the Committee also considers the CEO's evaluation of each named executive officer in making the decision regarding merit increases.

The Committee determines any market adjustments based on the Committee's comparison of the executive's compensation with statistical information on average compensation for similarly situated executives that is publicly available.

The Committee did not make any changes to the salaries of Mr. Christopher Loughlin, Mr. Glen Ceremony, Mr. Holger Bartel, Ms. Shirley Tafoya and Mr. Mark K. Webb in 2012.
Incentive Bonus Pay. In 2010, 2011 and 2012, Mr. Christopher Loughlin, Mr. Glen Ceremony, Ms. Shirley Tafoya and

The Company believes that targets set for worldwide revenue, worldwide operating income and worldwide subscribers align with the Company's desire to continue to grow the business. The Discretionary Bonus is to be determined by the Board of Directors at its sole and absolute discretion. Ms. Tafoya was eligible to receive a quarterly Performance Bonus and a quarterly Discretionary Bonus for each quarter during 2012.

Other Compensation-Related Matters

Stock Options. The Company grants certain executive officers stock options (which represent the right to purchase a

specific number of shares of company common stock at a predetermined price, subject to vesting conditions), to align their incentives with the long-term interests of our stockholders, retain them for the long term, reward them for potential long-term contributions, and provide a total compensation opportunity commensurate with our performance. Perquisites and Additional Benefits. The Company seeks to maintain an open and inclusive culture in its facilities and operations among executives and other Company employees. Accordingly, the Company does not provide executives with reserved parking spaces or separate dining or other facilities, nor does the Company have programs for providing personal-benefit perquisites to executives, such as club dues or defraying the cost of personal entertainment. Named executive officers and employees may seek reimbursement for business related expenses in accordance with our business expense reimbursement policy.

Employment Agreements. The Company has entered into employment agreements with the named executive officers, some of which contain severance and change of control provisions. The terms of such employment agreements are described in more detail below in Employment Agreements and Potential Payments Upon Termination or Change-in-Control. The Committee believes these agreements are appropriate for a number of reasons, including the following:

- the agreements assist in attracting and retaining executives as we compete for talented employees in a marketplace where such agreements are commonly offered;
- the change in control provisions require terminated executives to execute a release in order to receive severance benefits; and
- the change in control and severance provisions help retain key personnel during rumored or actual acquisitions or similar corporate changes.
