April 12, 2019

Dear Shareholders:

We are pleased to invite you to the Annual Meeting of Shareholders (the Annual Meeting) of El Paso Electric Company (the Company) to be held at the Stanton Tower Building, located at 100 N. Stanton Street, El Paso, Texas 79901, on May 23, 2019, at 10:00 a.m., Mountain Daylight Time.

As explained in the enclosed Proxy Statement, the purpose of the Annual Meeting is to give shareholders an opportunity (i) to vote on the election of the Company's Class I Directors; (ii) to consider and act upon the recommendation of the Board of Directors of the Company (the Board) to ratify the selection of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019; and (iii) to approve, by a non-binding advisory vote, the Company's executive compensation, commonly referred to as a say-on-pay vote.

Information concerning these matters is set forth in the accompanying Notice of the Meeting and Proxy Statement. The Board recommends that you vote FOR all nominees for director, and FOR proposals two and three as explained in the enclosed Proxy Statement.

Your vote is important to us. To ensure your representation, even if you cannot attend the Annual Meeting, please mark, sign, date, and return the enclosed proxy card promptly.

Thank you for your continued interest in El Paso Electric Company.

Sincerely,

Mary E. Kipp
President and Chief Executive Officer

TABLE OF CONTENTS**FREQUENTLY ASKED QUESTIONS REGARDING VOTING****Who may vote?**

Shareholders of record at the close of business on the record date of March 25, 2019, may vote at the 2019 Annual Meeting of Shareholders of El Paso Electric Company (the "Annual Meeting" or "meeting"). As of the March 25, 2019 record date, there were 40,737,514 shares of the Company's common stock ("Common Stock") outstanding.

What items will I be voting on?

Proposal Descriptions	More Information	Board Recommendation	Broker non-votes	Abstentions	Votes Required for Approval
<u>Proposal 1</u> Election of Directors	Page <u>5</u>	FOR each director nominee	Do not count	Do not count	Must receive a majority of shares cast in the election
<u>Proposal 2</u> Ratification of Appointment of KPMG LLP as the Company's Independent Registered Public Accounting Firm for 2019	Page <u>17</u>	FOR	Do not count	Against vote	Must receive a majority of shares entitled to vote on the matter
<u>Proposal 3</u> Advisory Vote on Executive Compensation	Page <u>19</u>	FOR	Do not count	Against vote	Must receive a majority of shares entitled to vote on the matter

How many votes do I have?

You have one vote for each share of Common Stock you owned as of the record date for the meeting.

How do I vote?

Your vote is important. You may vote in person at the meeting or by proxy. The Company recommends that you vote by proxy even if you plan to attend the meeting. You have the ability to change your vote at the meeting if you are a holder of record or have a proxy from the record holder. Giving the Company your proxy means that you authorize the Company to vote your shares of Common Stock at the meeting in the manner you indicated on your proxy card. You may also provide your proxy using the Internet or telephone procedures described on the proxy card.

You may vote for or against each director nominee and the proposals under Item 2 (Ratification of Appointment of Independent Registered Public Accounting Firm) and Item 3 (Advisory Vote on Executive Compensation), or you may abstain from voting on these items. If you give the Company your proxy but do not specify how to vote, we will vote your shares of Common Stock in accordance with the Board's recommendations.

What are the Board's recommendations?

The Board's recommendations are described in more detail with the description of each proposal in this Proxy Statement. The Board recommends that you vote as follows:

1. **FOR** the election of the nominees for Class I Directors;
2. **FOR** the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019; and
3. **FOR** the approval, on an advisory basis, of the executive compensation program described in this Proxy Statement.

What if I change my mind after I have voted?

You may revoke your proxy before it is voted at the meeting by submitting a new proxy card with a later date; voting in person at the meeting; or by filing with the Corporate Secretary of the Company an instrument in writing revoking the proxy.

Will my shares of Common Stock be voted if I do not provide my proxy?

It depends on whether you hold your shares of Common Stock in your own name or in the name of a bank or brokerage firm. If you hold your shares of Common Stock directly in your own name, they will not be voted unless you provide a proxy or vote in person at the meeting. The rules of the New York Stock Exchange (the "NYSE") determine whether proposals presented at shareholder meetings are routine or non-routine.

Brokerage firms generally have the authority to vote their customers' unvoted shares on certain "routine" matters. If your shares of Common Stock are held in the name of a broker, bank, or other nominee, such nominee can vote your shares of

TABLE OF CONTENTS

Common Stock for the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019, if you do not timely provide your proxy because this matter is considered "routine" under the applicable rules. However, no other items are considered "routine" and may not be voted on by your nominee without your instruction.

For all items other than the ratification of the appointment of our independent registered public accounting firm, brokers holding shares of Common Stock must vote according to specific instructions they receive from the beneficial owners of those shares because the NYSE precludes brokers from exercising voting discretion on certain proposals without specific instructions from the beneficial owner as to how to vote. Brokers cannot vote on Proposal 1 (Election of Directors) or Proposal 3 (Advisory Vote on Executive Compensation) without instructions from the beneficial owners. If you do not instruct your broker how to vote with respect to Proposal 1 or Proposal 3, your broker will not vote for you with respect to those items. A broker non-vote occurs when the broker or other entity is unable to vote on a proposal because the proposal is non-routine and the beneficial owner does not provide any voting instructions.

Abstentions are included in the determination of the number of shares of Common Stock represented at the Annual Meeting for purposes of determining whether a quorum is present. Abstentions are not counted for purposes of determining whether the proposal to elect directors has been approved. Abstentions are counted as a vote "against" when determining if the other proposals have been approved.

Broker non-votes are included in the determination of the number of shares of Common Stock represented at the Annual Meeting for purposes of determining whether a quorum is present and are not counted for purposes of determining whether a proposal has been approved. Broker non-votes occur when a beneficial owner who holds shares of Common Stock through a broker does not provide the broker with voting instructions as to any matter on which the broker is not permitted to exercise its discretion and vote without specific instruction.

What constitutes a quorum?

To carry on the business of the meeting, there must be a quorum of shareholders present. The holders of at least a majority of the issued and outstanding shares of Common Stock must be represented in person or by proxy at the meeting for a quorum to be present.

What vote is required to approve each of the proposals?

Proposal 1 - Election of Directors - Under our majority voting policy, in an uncontested election, if a director nominee does not receive a majority of the votes cast in the election (that is, the director nominee receives a greater number of "against" or "withhold" votes than "for" votes), the director nominee is required to tender his or her resignation for consideration by the Board's Nominating and Corporate Governance Committee and the Board. Assuming a quorum is present, directors are elected by a plurality of the votes cast at the meeting. Please see "Corporate Governance—Majority Voting Policy" below for further details on our majority voting policy.

Proposal 2 - Ratification of the Appointment of the Company's Independent Registered Public Accounting Firm - The affirmative vote of the holders of a majority of the shares of Common Stock entitled to vote on the proposal and represented in person or by proxy at the meeting is required to ratify the selection of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019.

Proposal 3 - Advisory Vote on Executive Compensation - The outcome of the advisory vote on the Company's executive compensation will not be binding on the Board's Compensation Committee or the Board. Therefore, there is no "required vote" on this proposal. The Compensation Committee and the Board will consider the outcome of the advisory vote in determining how to proceed following such vote. The affirmative vote of the holders of a majority of

the shares of Common Stock entitled to vote on the proposal and represented in person or by proxy at the meeting will be considered as the approval, on an advisory basis, of the compensation of our Named Executive Officers ("NEOs").

Who conducts the proxy solicitation, and how much will it cost?

The cost of soliciting proxies, including a fee of \$7,000 plus expenses to Georgeson LLC, which will help the Company solicit proxies, will be paid by the Company. In addition to the use of the mail, proxies may be solicited by telephone, fax, and other electronic means or in person by the Board, officers, employees, and other agents of the Company. The Company will reimburse brokers, banks, and other persons for reasonable expenses in forwarding the Notice of the Meeting to beneficial owners and forwarding printed proxy materials by mail to beneficial owners who specifically request them.

TABLE OF CONTENTS

**PROPOSAL 1
ELECTION OF CLASS I DIRECTORS**

Article III, Section 2, of the Company's Amended and Restated Bylaws (the Company's Bylaws) divides the Board into three classes, as equally as numerically possible, each of which is elected for a three-year term. The Board currently has nine members with three members in each class. The Company would like to thank Ms. Allen for her valuable service and time on the Board. In light of the director retirement policy in the Company's Corporate Governance Guidelines, Ms. Allen will be retiring from the Board immediately following the Annual Meeting. Upon Ms. Allen's retirement, the Board intends to reduce the number of directors to eight.

The shares represented by the accompanying proxy will be voted to elect the three nominees for Class I Directors as recommended by the Board, unless authority to do so is withheld. Each nominee has agreed to the nomination and has agreed to serve if elected. Should any nominee become unavailable for election, the proxies will be voted for the election of such other person as the Board may recommend in place of such nominee.

**NOMINEES AND DIRECTORS
OF THE COMPANY**

Included below is information about the nominees for election as directors and the existing directors who will continue in office after the Annual Meeting. The Board concluded that the skills, qualifications, and experience of

each of the director nominees and continuing directors supports such nominee or director's continued membership on the Board.

NOMINEES FOR CLASS I DIRECTORS (NEW TERM TO EXPIRE IN 2022)

Paul M. Barbas

Director of Vistra Energy

**Retired President and Chief Executive Officer, DPL
Inc. and its principal subsidiary, The Dayton Power
and Light Company**

Age: 62

Designation: Independent

Committees: Compensation and Energy Resources and
Environmental

Mr. Barbas is a director of Vistra Energy and brings extensive utility, management, and oversight experience, having served in executive management positions with various utility and other companies. He also has a broad background in finance and marketing and brings a strong understanding of power operations and energy markets. He contributes

significantly to the oversight responsibilities on matters relating to executive compensation and compensation strategy and serves on the compensation committee at Vistra Energy. Mr. Barbas was President and Chief Executive Officer of DPL Inc. and its principal subsidiary, The Dayton Power and Light Company (DP&L), from October 2006 until December 2011. He also

served on the board of directors of DPL Inc. and DP&L. He previously served as Executive Vice President and Chief Operating Officer of Chesapeake Utilities Corporation, a diversified utility company engaged in natural gas distribution, transmission and marketing, propane gas distribution and wholesale marketing, and other related services from 2005 until October 2006; as Executive Vice President from 2004 until 2005; and as President of Chesapeake Service Company and Vice President of Chesapeake Utilities Corporation from 2003 until 2004. From 2001 until 2003, he was Executive Vice President of Allegheny Power, responsible for the operational and strategic functions of a \$2.7 billion company serving 1.6 million customers with 3,200 employees. He joined Allegheny Energy in 1999 as President of its Ventures unit. Mr. Barbas also served on the board of Pepco Holdings, Inc. from September 2013 until April 2016, and Dynegy Inc. from October 2012 until its acquisition by Vistra Energy in April 2018.

The Board determined that Mr. Barbas should be nominated for election as a director due to his extensive knowledge of and experience in utility operations, having served in many key capacities at various utilities, including as Chief Executive Officer, and his extensive strategic planning experience.

TABLE OF CONTENTS

James W. Cicconi

Retired Senior Executive Vice President of External and Legislative Affairs, AT&T Services, Inc.

Age: 66

Designation: Independent

Committees: Public Policy and Corporate Reputation (Chair), Audit, Compensation, and Executive

Mr. Cicconi was Senior Executive Vice President of External and Legislative Affairs for AT&T Services, Inc. from November 2005 until his retirement in September 2016. Prior to that, Mr. Cicconi served as Executive Vice President for Law and Government Affairs and General Counsel of AT&T Corp. He served as a partner of Akin, Gump, Strauss, Hauer & Feld, LLP (Akin Gump) from 1991 to 1998. While practicing law at Akin Gump, Mr. Cicconi specialized in administrative and regulatory law, as well as federal legislation, representing a range of corporate clients. He was also involved in a number of significant transactions, including public sales, restructurings, and acquisitions. Mr. Cicconi served as Deputy Chief of Staff to President George H. W. Bush and also served as the Senior Issues Advisor to President Bush's 1988 and 1992 election campaigns. He also served as Special Assistant to President Ronald Reagan and to White House Chief of Staff, James A. Baker, from 1981 to 1985. Prior to that, he was Administrative Assistant to the Governor of Texas and General Counsel to the Texas Secretary of State.

The Board determined that Mr. Cicconi should be nominated for election as a director due to his extensive legal knowledge, having served as the general counsel of a major corporation, having worked as a senior aide to two Presidents, compliance, regulatory, mergers and acquisitions, communications, public relations, external affairs, technology and technology strategy issues experience, as well as his extensive knowledge gained in his years of service as a director of the Company.

Mary E. Kipp

**President and Chief Executive Officer,
El Paso Electric Company**

Age: 51

Designation: Not Independent

Committees: None

Ms. Kipp was appointed by the Board to serve as President of the Company concurrently with her position as the Company's Chief Executive Officer (CEO) on May 25, 2017. Ms. Kipp has served as the Company's CEO since December 2015. Previously, she was the Company's President from September 2014 to December 2015; Senior Vice President, General Counsel and Chief Compliance Officer of the Company from June 2010 to September 2014; and Vice President, Legal and Chief Compliance Officer from December 2009 to June 2010.

Before rejoining the Company in 2007, Ms. Kipp was an attorney at Greenberg Traurig LLP, the Company, and El Paso Natural Gas Company.

In addition to her duties with the Company, Ms. Kipp serves as deputy chair of the Federal Reserve Bank of Dallas; board member of Landis+Gyr (SIX Swiss Exchange: LAND); and chair-elect of SEPA (Smart Electric Power Alliance). She also serves as the chair of The Borderplex Alliance, and on the executive committee of the Texas Business Leadership Council.

The Board determined that Ms. Kipp should be nominated for election as a director due to her extensive knowledge of the industry and the Company, its operations, its people, and the Texas and New Mexico communities served by the Company, gained in her years of service with the Company in positions of increasing responsibility.

**Chief Corporate Governance and Compliance
Officer, Houlihan Lokey**

Chairman of the Board, El Paso Electric Company

Age: 60

Designation: Independent

Committees: Compensation (Chair), Audit, Energy
Resources and Environmental, and Executive

Mr. Yamarone has been Chief Corporate Governance and Compliance Officer of Houlihan Lokey (Houlihan) since January 1, 2016. From January 2014 through December 2015, he was a Managing Director of Houlihan where he has been a senior investment banker since November 2009. He currently advises senior management on all aspects of Houlihan's corporate governance and compliance matters arising as a result of Houlihan's initial public offering and subsequent status as an NYSE-listed public company. Between 1991 and 2009, he was a senior officer of Libra Securities (Libra), an institutional broker dealer, and was involved in all areas of Libra's business including capital markets, corporate finance, sales and trading, research, legal, compliance, and operations. In June 2016, Mr. Yamarone retired as a director of United Continental Holdings, Inc. (United Airlines), having served as the chairman of the compensation committee from October 2010 until June 2014, and as a member of the audit and compensation committees. He had previously served on the Continental Airlines board of directors since 1995, where he was chairman of the human resources committee and a member of the corporate governance and social responsibility committee. He previously served as a director of four other public companies: Bally's Grand, Inc.; LIVE Entertainment; Merry-Go-Round Enterprises, Inc.; and Vagabond Inns, Inc.

NOMINEES AND DIRECTORS OF THE COMPANY

QUALIFICATIONS OF DIRECTORS

The Board, acting through the Nominating and Corporate Governance Committee, is responsible for recommending to the Company's shareholders a group of nominees that, taken together, have the experience, qualifications, attributes, and skills to function effectively as a board of directors. Our Corporate Governance Guidelines require the Nominating and Corporate Governance Committee to periodically review the composition of the Board in light of the current challenges and needs of the Company, develop qualification criteria for directors, and determine whether to add or remove individuals "after considering issues of judgment, diversity, skills, background, and experience."

In addition to the characteristics common to all of our directors, which include integrity, a strong professional reputation, and record of achievement in senior executive capacities, the Nominating and Corporate Governance Committee has included on the Board persons with diverse backgrounds and skills reflecting the needs of the Company. In presenting this year's nominees, the Nominating and Corporate Governance Committee also considered the invaluable experience they have gained in dealing with the Company's unique challenges over many years, their ability to work as a collegial group during intense and stressful periods in the past, and their willingness to dedicate the time necessary to perform their roles despite other commitments.

The Nominating and Corporate Governance Committee considers the following additional factors as important qualifications and skills of each member of the Board:

— Experience in a broad range of occupations and industries, which provides differing viewpoints and expertise relating to execution of the Company's business plan. These include consumer retail and marketing (Messrs. Escudero, Palacios, and Wertheimer), telecommunications (Mr. Cicconi), regulated financial (Messrs. Escudero, Siegel, Wertheimer, and Yamarone, and Ms. Kipp), regulated utility (Messrs. Barbas and Escudero, and Ms. Kipp), technology strategy (Messrs. Barbas, Cicconi, and Wertheimer), legal (Messrs. Cicconi, Siegel, Yamarone, and Ms. Kipp), corporate finance and accounting (Messrs. Escudero, Siegel, Wertheimer, and Yamarone), environmental/alternative energy/solar (Messrs. Barbas and Wertheimer, and Ms. Kipp), and financial controls and auditing (Messrs. Escudero, Palacios, and Yamarone); and

— Geographic presence in and knowledge of the communities and constituencies served by the Company in Texas (Messrs. Escudero and Palacios, and Ms. Kipp) and New Mexico (Mr. Palacios and Ms. Kipp); and

— Experience in areas applicable to service on the Board's Committees, including governmental affairs and compliance (Messrs. Cicconi and Yamarone, and Ms. Kipp), utility operations (Messrs. Barbas and Escudero, and Ms. Kipp), corporate governance (Messrs. Siegel, Wertheimer, and Yamarone, and Ms. Kipp), and strategic planning (Messrs. Barbas, Siegel, and Wertheimer, and Ms. Kipp).

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF MESSRS. BARBAS AND CICONI AND MS. KIPP AS CLASS I DIRECTORS.

CORPORATE GOVERNANCE

BOARD STRUCTURE

Although not required by the Company's Bylaws, since 1996, the offices of Chairman and CEO of the Company have been held by different individuals. The Chairman of our Board, Mr. Yamarone, is an independent director. Our President and CEO, Ms. Kipp, is the only member of

management on the Board. We believe that this leadership structure enhances the accountability of the CEO to the Board and strengthens the Board's independence from management.

CORPORATE GOVERNANCE GUIDELINES AND TRADING POLICY

The Board has adopted the Corporate Governance Guidelines (the Guidelines) that, along with the charters of the Board Committees, provide the framework for the governance of the Company. The Board's Nominating and Corporate Governance Committee is responsible for overseeing and reviewing the Guidelines at least annually and recommending any proposed changes to the Board for approval. The Guidelines are available on the Company's website at www.epelectric.com. Our website and its contents are not incorporated into or considered a part of this Proxy Statement.

To align the interests of the Board and our shareholders, the Board believes that directors should hold meaningful equity ownership positions in the Company. Each non-employee

director is expected to be a beneficial owner of shares of Common Stock or common stock equivalents with a market value equivalent to at least three years' annual cash retainer fees by the end of his or her second year of service on the Board. Each non-employee director with two years or more of service on the Board met this stock ownership guideline as of December 31, 2018. The guidelines for our executive officers are described in the Compensation Discussion and Analysis section of this Proxy Statement.

In addition, we prohibit our executive officers and directors from engaging in hedging activities related to shares of Common Stock such as trading options (for example, puts, calls, options, and other derivatives) and also prohibit them from holding shares of Common Stock in margin accounts.

STANDARDS OF BOARD INDEPENDENCE

The Guidelines, among other things, set forth categorical standards to assist the Board in making determinations of director independence in accordance with the rules of the NYSE. The Board makes a determination regarding the independence of each director annually based on all relevant facts and circumstances. Although any director who meets the following criteria and the independence criteria of the NYSE is presumed to be independent (except for purposes of serving as a member of the Audit Committee or the Compensation Committee, each of which requires that the director meet additional requirements), the Board may make an affirmative determination to the contrary based on its review of other factors. Under the Guidelines, the following persons will not be considered to be independent:

- A director who serves as an executive officer or employee of, or beneficially owns more than a 10% equity interest in, any corporation, partnership, or other business entity that during the most recently completed fiscal
- (i) year made payments to the Company or received payments from the Company for goods and services if such payments were more than the greater of 2% of such other entity's gross consolidated revenues for such fiscal year or \$1 million;
- (ii)

A director who serves as an executive officer or employee of, or beneficially owns more than a 10% equity interest in, any bank, corporation, partnership, or other business entity to which the Company was indebted at the end of its most recently completed fiscal year in an amount more than the greater of 2% of such other entity's total consolidated assets at the end of such fiscal year or \$1 million;

(iii) A director who is a member or employee of a law firm that has provided services to the Company during the most recently completed fiscal year if the total billings for such services were more than the greater of 2% of the law firm's gross revenues for such fiscal year or \$1 million; or

(iv) A director who is a partner, executive officer, or employee of any investment banking firm that has performed services for the Company (other than as a participating underwriter in a syndicate) during the most recently completed fiscal year if the total compensation received for such services was more than the greater of 2% of the investment banking firm's consolidated gross revenues for such fiscal year or \$1 million.

After a review of all relevant factors and applying these categorical standards and the independence criteria of the NYSE, the Board has determined that:

— Messrs. Barbas, Cicconi, Escudero, Palacios, Siegel, Wertheimer, and Yamarone and Ms. Allen are independent; and

— Ms. Kipp, who is serving as the Company's President and CEO, is not independent.

10 El Paso Electric Company 2019 Proxy Statement

TABLE OF CONTENTS

CORPORATE GOVERNANCE

In determining the independence of Mr. Cicconi, the Board took into account various bilateral payments between the Company and AT&T (for which Mr. Cicconi served as an executive officer until his retirement in September 2016) relating to utility services and property.

In determining the independence of Mr. Palacios, the Board took into account payments of \$255,000 during 2018 (including annual membership dues of \$250,000) made to The Borderplex Alliance. Mr. Palacios' son is employed by the organization. The Borderplex Alliance is a non-profit organization dedicated to economic development and policy advocacy in the El Paso, Texas; Las Cruces, New Mexico; and Ciudad Juárez, Chihuahua region. The Company is one of the principal contributors to the organization and has been a member since 2013. Mr. Palacios and Ms. Kipp are directors of The Borderplex Alliance.

All members of the Audit Committee are required to meet the independence requirements set forth in Rule 10A-3(b)(1)(ii)

promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act). The Board has determined that each member of the Audit Committee meets such independence requirements.

In addition, all members of the Compensation Committee are required to meet the independence requirements set forth in Rules 303A.02(a)(ii) and 303A.05 of the NYSE Manual and Rule 10C-1(b)(1) under the Exchange Act. The Board has determined that each member of the Compensation Committee meets such independence requirements.

Within the last three years, the Company has not made any charitable contributions to any charitable organization for which a director of the Company or his or her immediate family member serves as an executive officer in excess of the greater of \$1 million or 2% of the charitable organization's consolidated gross revenues.

MAJORITY VOTING POLICY

The Board adopted a Majority Voting Policy (the Policy) that is included in our Corporate Governance Guidelines. The Policy requires that director nominees receive a majority of the votes cast (that is, each nominee must receive more for votes than against or withhold votes) in an uncontested election. Any broker non-votes or abstentions will therefore be excluded from the tabulation of shares voted on the election of directors. If an incumbent director in an uncontested election does not receive a majority of the votes cast, he or she must tender a resignation promptly following certification of the shareholder vote. The Board's Nominating and Corporate Governance Committee will act on an expedited basis to determine whether to accept the director's resignation and will submit its recommendation for prompt consideration by the Board. The Board will act on the Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision and the rationale behind the

decision within 90 days following certification of the shareholder vote. The Nominating and Corporate Governance Committee in making its recommendation, and the Board in making its decision, may each consider any factors or information that it considers appropriate and relevant.

Any director who tenders his or her resignation pursuant to the Policy will not participate in the consideration of such resignation by either the Nominating and Corporate Governance Committee or the Board. If an incumbent director's resignation is not accepted, he or she will continue to serve until the next annual meeting of shareholders and until his or her successor is duly elected, or until his or her earlier resignation or removal. Pursuant to the Policy, the Board will only nominate individuals for a position as a director that agree to comply with the Policy.

THE BOARD'S ROLE IN RISK OVERSIGHT

The Board is actively involved in the oversight of risks that could impact the Company. It is the responsibility of senior management to identify, assess, and manage our exposure to risks inherent in the operation of the Company and the implementation of our strategic plan. The Board, however, plays an important role in overseeing management's performance of these functions. In connection with its review of the operations of the Company's business, the Board addresses the primary risks associated with various business decisions and operations. In addition, the Board reviews the risks associated with the Company's strategic plan periodically throughout the year as part of its consideration of the strategic direction of the Company.

The Company has an enterprise risk management program that was established in 2010. The Company's Senior Vice President, Corporate Development and Chief Compliance

Officer, who reports directly to the President and CEO and has independent reporting access to the Board, is responsible for identifying, evaluating, and enabling the development, implementation, and monitoring of risk mitigation strategies.

Each of the Board's Committees also oversees the management of Company risks that fall within such Committee's areas of responsibility:

— Pursuant to its charter, the Audit Committee oversees the operation of the enterprise risk management program, and the Senior Vice President, Corporate Development and Chief Compliance Officer and his team make periodic reports to the Audit Committee about the identified risks and the management controls and methodologies in place to manage those risks. In connection with its risk management role, the Audit

TABLE OF CONTENTS

Committee periodically meets privately with representatives from the Company's internal auditors and its independent registered public accounting firm. The Audit Committee provides reports to the Board that include these activities.

As part of its oversight of the Company's executive compensation program, the Compensation Committee considers the impact of the Company's executive compensation program, and the incentives created by the compensation awards that it approves, on the Company's risk profile. In addition, the Compensation Committee — reviews all of its compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk taking, to determine whether they present a significant risk to the Company. Based on this review, the Compensation Committee has concluded that its compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

The Nominating and Corporate Governance Committee assists the Board in overseeing risks associated with — board organization, membership and structure, succession planning for our directors and executive officers, and corporate governance.

The Energy Resources and Environmental Committee assists the Board in overseeing risks associated with the — Company's electric generating fleet, including plants for which it is an owner and operator and those plants operated by others in which it owns an interest or on which it relies; reviewing and assessing the operations and needs of the Company's transmission system; and reviewing and assessing issues facing the Company from legislative and regulatory initiatives regarding climate change, emissions, renewables and alternative energy, and environmental issues, including compliance with applicable environmental laws and regulations.

The Public Policy and Corporate Reputation Committee assists the Board in overseeing risks relating to the — Company's public, legislative, and regulatory affairs including, but not limited to, those relating to local government and the Company's state and federal regulators; communication and public relations activities related to the Company's brand and reputation; matters relating to corporate and social responsibility; and contributions by the employee political action committee, as well as corporate activities related to civic and charitable affairs in accordance with applicable regulations.

The Security Committee assists the Board in understanding and oversight of the systems (*i.e.*, policies, controls, and procedures) that management has put in place to identify, manage, and mitigate risks related to cybersecurity — and physical security; respond to incidents with respect thereto; and protect critical infrastructure assets. The Committee also assists the Board in assessing the adequacy of resources, funding, and focus within the Company with respect to cybersecurity and physical security.

In performing these functions, each Committee has full access to management, as well as the ability to engage advisors.

BUSINESS CONDUCT POLICIES

The Board has adopted a Code of Ethics that applies to all directors, officers, and employees of the Company, including the President and CEO, the Senior Vice President and Chief Financial Officer, and the Vice President and Controller. A current copy of the Code of Ethics may be found on the Company's website at www.epelectric.com. Any amendments to, or waivers from, any provision of the Code of Ethics applicable to the President and CEO, the Senior Vice President and Chief Financial Officer, the Vice President and Controller, or persons performing similar functions will be disclosed by posting such information on the Company's website at www.epelectric.com within five business days.

Current copies of the charters of the Audit, Compensation, Energy Resources and Environmental, Executive, Nominating

and Corporate Governance, Public Policy and Corporate Reputation, and Security Committees (the Committee Charters) may also be found on the Company's website at *www.epelectric.com*.

Printed copies of the Guidelines, the Committee Charters, and the Code of Ethics are available to any shareholder upon request. Requests for printed copies should be addressed to El Paso Electric Company, Attention: Office of the Secretary, P.O. Box 982, El Paso, Texas 79960.

Shareholders and interested parties may correspond directly with non-management directors by writing to Eric B. Siegel, Chairman, Nominating and Corporate Governance Committee of the Board of Directors of El Paso Electric Company, P.O. Box 982, El Paso, Texas 79960.

**DIRECTORS' MEETINGS,
COMPENSATION, AND COMMITTEES**

MEETINGS

The Board held eight meetings in 2018 and held executive sessions at seven of these meetings. The Chairman of the Board presides at the executive sessions. All directors attended at least 75% of the total number of meetings of the Board and the Committees on which they served.

The Company encourages, but does not require, director attendance at Annual Meetings of Shareholders. All members of the Board attended the 2018 Annual Meeting of Shareholders.

2018 DIRECTOR COMPENSATION

During 2018, compensation for non-employee directors consisted of the following:

- (1) Each non-employee director received an annual retainer of \$40,000.
The Chairman of the Audit Committee received an additional annual fee of \$10,000, and the chairman of each of
- (2) the other Committees of the Board received an additional annual fee of \$5,000. When a Committee Chairman is appointed mid-year, the fee is pro-rated based on his/her days of service.
- (3) Each non-employee director received a meeting fee of \$1,000 per meeting for each Board meeting attended.
Each non-employee director who is a member of a Committee or who is invited to attend by the Committee
- (4) Chairman received a meeting fee of \$1,000 per meeting for each Committee meeting (other than Audit Committee meetings) attended.
- (5) Each Audit Committee member or Board member invited to attend by the Audit Committee Chairman received a meeting fee of \$1,500 per meeting for each Audit Committee meeting attended.
- (6) The Chairman of the Board received an additional fee of \$100,000 payable in cash or stock and the Vice Chairman of the Board received an additional fee of \$50,000 payable in cash or stock.
- (7) Each non-employee director received an award of 3,500 shares of restricted stock. Restricted stock awarded to directors vests one year after the grant.

Directors are also reimbursed for travel expenses incurred in connection with their duties as directors. Non-employee directors are not eligible to participate in the executive incentive program, savings programs, or any of the retirement programs for the Company's employees. Other than as described in this section, there are no separate benefit plans for active directors.

The Company's Restated Articles of Incorporation and Bylaws provide for indemnification of the Company's directors and executive officers up to the maximum extent provided by the Texas Business Organizations Code (the "TBOC"), and the Company maintains director and officer liability insurance. The Company has indemnification agreements with each of the Company's directors and executive officers.

TABLE OF CONTENTS

The table set forth below provides information regarding compensation paid to the non-employee directors of the Company during 2018. Ms. Kipp did not receive separate compensation for her Board service during 2018 as the Company's President and CEO.

(a) This column reports the amount of cash compensation earned in 2018 for Board and Committee service based on the compensation policy described above. Annually, directors can elect to receive retainers and meeting fees in cash, stock, or a combination of cash and stock. Messrs. Hunt and Wertheimer elected to receive this compensation in stock in 2018, except for fractional shares that may be paid in cash. Ms. Allen and Mr. Palacios elected to receive this compensation in a combination of cash and stock. The remaining directors elected to receive their compensation in cash.

(b) This column represents the aggregate grant date fair value of awards granted in 2018 computed in accordance with FASB ASC Topic 718. Fair value for restricted stock is calculated using the closing price of our Common Stock on the grant date. For additional information on valuation assumptions, see Note H-Common Stock of Notes to the Financial Statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018 (the 2018 Annual Report on Form 10-K).

(c) On May 24, 2018, each non-employee director, except for Messrs. Harris and Hunt, received an award of 3,500 shares of restricted stock which vest one year after the grant. These restricted stock awards had a per share grant date fair value of \$57.70 and received cash dividends per share of \$1.08 which are included in column (d). There were no other restricted stock awards held by the non-employee directors at fiscal year-end.

(d) The Company paid quarterly dividends of \$0.335 per share on its Common Stock on March 31, 2018, and \$0.36 per share on its Common Stock each quarter thereafter. Unvested shares of restricted stock qualify as participating securities, and individuals awarded these shares received their respective cash dividends.

(e) Messrs. Harris and Hunt retired from the Board in May 2018, in connection with the 2018 Annual Meeting of Shareholders.

COMMITTEES

The Board has the following standing Committees: Audit, Compensation, Nominating and Corporate Governance, Energy Resources and Environmental, Executive, Public Policy and Corporate Reputation, and Security.

Audit Committee

The Audit Committee, which held twelve meetings in 2018, is responsible for appointing the Company's independent registered public accounting firm, reviewing all recommendations of the Company's independent registered public accounting firm and the Company's internal auditors, reviewing and approving non-audit services performed by accountants and other consultants retained by the Company, reviewing the Company's periodic reports filed with the U.S. Securities and Exchange Commission (the "SEC"), and otherwise overseeing the Company's financial reporting. The Audit Committee, in conjunction with senior management, also reviews the Company's internal controls and disclosure controls and procedures. The roles and responsibilities of the Audit Committee are described in detail in a written charter adopted by the Board as amended and available on the Company's website at www.epelectric.com.

During 2018, the Audit Committee was composed of Chairman Escudero and directors Cicconi, Palacios, Siegel,

Wertheimer, and Yamarone. The Board has determined that each member of the Audit Committee meets the experience and independence requirements of the NYSE rules and Rule 10A-3(b)(1)(ii) of the Exchange Act. No member of the Audit Committee serves on the audit committee of more than three public companies. The Board has determined that Messrs. Escudero and Yamarone meet the criteria of Audit Committee financial experts under the SEC's rules and are independent of management. Certain additional information concerning the composition and role of the Audit Committee is set forth under the caption "Audit Committee Report" below.

Compensation Committee

The Compensation Committee, which held seven meetings in 2018, is responsible for evaluating and approving the compensation of executive officers and the Chairman of the Board. It also reviews and approves recommended Company-wide compensation changes for employees, as well as approves the adoption of collective bargaining agreements. The Compensation Committee is also responsible for evaluating, adopting, and administering benefit plan programs. The roles and responsibilities of the Compensation Committee are described in detail in a written charter adopted by the Board as amended and available on

the Company's website at *www.epelectric.com*. Additional information concerning the Compensation Committee's processes and procedures for the consideration and determination of executive compensation (including its engagement of compensation consultant, Frederic W. Cook & Co., Inc. (FW Cook)) appears under the caption Compensation Discussion and Analysis below.

During 2018, the Compensation Committee was composed of Chairman Yamarone and directors Barbas, Harris (until May 2018), Hunt (until May 2018), Cicconi (appointed in May 2018), and Siegel. The Board has determined that each member of the Compensation Committee is independent under the rules of the NYSE and Rule 10C-1(b)(1) under the Exchange Act.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, which held five meetings in 2018, is responsible for identifying qualified individuals to serve as members of the Board, recommending directors for appointment to Committees, evaluating Board performance, and overseeing and setting compensation for the members of the Board. The roles and responsibilities of the Nominating and Corporate Governance Committee are described in detail in a written charter adopted by the Board as amended and available on the Company's website at *www.epelectric.com*.

During 2018, the Nominating and Corporate Governance Committee was composed of Chairman Siegel and directors Allen, Escudero, Harris (until May 2018), Hunt (until May 2018), and Wertheimer. The Board has determined that each member of the Nominating and Corporate Governance Committee is independent under the rules of the NYSE.

Energy Resources and Environmental Committee

The Energy Resources and Environmental Committee held six meetings in 2018. The Energy Resources and Environmental Committee is responsible for reviewing and assessing the operations of the Company's electric generating fleet, including plants for which it is an owner and operator and those plants operated by others in which it owns an interest or on which it relies; overseeing the affairs and operations of the Company and needs of the Company's transmission system; determining whether the Company has operated Company facilities in compliance with applicable environmental laws and regulations; and identifying existing and potential environmental issues facing the Company under federal, state, and local law. The roles and responsibilities of the Energy Resources and Environmental Committee are described in detail in a written charter adopted by the Board as amended and available on the Company's website at *www.epelectric.com*.

During 2018, the Energy Resources and Environmental Committee was composed of Chairman Wertheimer and directors Allen, Barbas, and Yamarone.

Executive Committee

The Executive Committee held one meeting in 2018. The Executive Committee consults with senior management on administrative matters and directs the strategic planning effort on behalf of the Board. The Executive Committee may exercise all powers of the Board (except as prohibited by the TBOC) between Board meetings. In addition, the Executive Committee's responsibilities include analyzing and making recommendations to the Board regarding the maximization of shareholder value. The roles and responsibilities of the Executive Committee are described in detail in a written charter adopted by the Board and available on the Company's website at *www.epelectric.com*.

During 2018, the Executive Committee was composed of Chairman Siegel and directors Allen, Cicconi, Escudero, Wertheimer, and Yamarone.

Public Policy and Corporate Reputation Committee

The Public Policy and Corporate Reputation Committee, which held five meetings in 2018, is responsible for overseeing matters relating to the Company's public, legislative, and regulatory affairs including, but not limited to, those relating to local government and the Company's state and federal regulators; communication and public relations activities related to the Company's brand and reputation; matters relating to corporate and social responsibility; and contributions by the employee political action committee, as well as corporate activities related to civic and charitable affairs in accordance with applicable regulations. The roles and responsibilities of the Public Policy and Corporate Reputation Committee are described in detail in a written charter adopted by the Board as amended and available on the Company's website at www.epelectric.com.

During 2018, the Public Policy and Corporate Reputation Committee was composed of Chairman Cicconi and directors Allen, Escudero, Hunt (until May 2018), and Palacios.

Security Committee

The Security Committee, which held four meetings in 2018, enhances the Board's understanding and oversight of the systems (*i.e.*, policies, controls, and procedures) that management has put in place to identify, manage, and mitigate risks related to cybersecurity and physical security; respond to incidents with respect thereto; and protect critical infrastructure assets. The Committee also assists in the Board's assessment of the adequacy of resources, funding, and focus within the Company with respect to cybersecurity and physical security. The roles and responsibilities of the Security Committee are described in detail in a written charter adopted by the Board, as amended, and available on the Company's website at www.epelectric.com.

During 2018, the Security Committee was composed of Chairman Allen and directors Escudero, Siegel, and Wertheimer.

TABLE OF CONTENTS

EVALUATION OF DIRECTOR NOMINEES

The Nominating and Corporate Governance Committee will consider nominees for the Board submitted in writing by a shareholder. A shareholder wishing to nominate one or more individuals to stand for election as a director at an annual or special meeting of the shareholders must provide written notice thereof not less than 80 days in advance of such meeting; provided, however, that in the event that the date of the meeting was not publicly announced by the Company more than 90 days prior to the meeting, such notice, to be timely, must be delivered not later than the close of business on the tenth day following the day on which the date of the meeting was publicly announced. A shareholder's notice must set forth (i) the name and address of the shareholder making the nomination; (ii) such information regarding the nominee(s) proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee(s) been nominated by the Board; (iii) a representation of the shareholder as to the number of shares of Common Stock that are beneficially owned by the shareholder and the shareholder's intent to appear in person or by proxy at the meeting to propose such nomination; and (iv) the written consent of the nominee(s) to serve as a member of the Board if so elected. Any such shareholder notice should be submitted in writing to: El Paso Electric Company, Attention: Office of the Secretary, P.O. Box 982, El Paso, Texas 79960.

In making its recommendations regarding nominees to serve on the Board, the Nominating and Corporate Governance Committee reviews an individual's qualifications and makes a determination as to the independence of the candidate based on the independence criteria described above. If the nominee is being evaluated for re-nomination to the Board, the Nominating and Corporate Governance Committee will assess the prior performance of such director as well. The Nominating and Corporate Governance Committee will also periodically review the composition of the Board in light of its current challenges and needs and determine whether it may be appropriate to add or remove individuals after considering issues of judgment, diversity, age, skills, background, and experience. The Board does not have a formal written policy with regard to the consideration of diversity in identifying director nominees, but its practice has been to seek a combination of skills, experience, geographic and local knowledge, backgrounds, and outlook that is in the best interest of the Company and its various constituencies. No director may serve on the boards of directors of more than three other public companies while serving on the Board.

INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected KPMG LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019. At the Annual Meeting, the Company will ask shareholders to ratify the Audit Committee's selection. KPMG LLP, which has served as the Company's independent auditors continuously since 1983, is expected to be represented at the Annual Meeting. Representatives of KPMG LLP will have an opportunity to make a statement if they desire to do so and will respond to appropriate questions. If the shareholders do not ratify the Audit Committee's selection,

the Audit Committee will take into consideration the shareholder's vote in connection with the selection of the Company's independent registered public accounting firm for the current fiscal year and for future fiscal years. Approval of the resolution, however, will in no way limit the Audit Committee's authority to terminate or otherwise change the engagement of KPMG LLP during the fiscal year ending December 31, 2019. Fees related to the services provided to the Company for the fiscal years ended December 31, 2018 and 2017, by KPMG LLP are set forth below.

Principal Accounting Firm Fees

	Year Ended December 31,	
	2018	2017
Integrated audit of financial statements and internal control over financial reporting ⁽¹⁾	\$ 1,546,000	\$ 1,515,000
Audit-related fees ⁽²⁾	215,000	223,000
Tax fees	—	—
All other fees	—	—
Total fees	\$ 1,761,000	\$ 1,738,000

For 2018 and 2017, amounts include fees for services provided by the Company's independent registered public accounting firm relating to the integrated audit of the Company's financial statements (including the

(1) Sarbanes-Oxley Section 404 certification) and review of the Company's financial statements included in the Company's Quarterly Reports on Form 10-Q during the fiscal years ended December 31, 2018 and December 31, 2017, respectively.

Amounts include fees for audit of federal regulatory filings, audits of benefit plans in 2018 and 2017, professional (2) services rendered in connection with the SEC Comment letter in 2018, and consent for the Shelf Registration Statement on Form S-3 filed with the SEC in 2017.

KPMG LLP determined that these services did not affect its independence under applicable auditing standards. The Audit Committee pre-approved the engagement of KPMG LLP to provide the audit and permissible non-audit services described above in accordance with the requirements of the

Sarbanes-Oxley Act of 2002 and determined that KPMG LLP's provision of the services described above under Audit-Related Fees, Tax Fees, and All Other Fees is compatible with KPMG LLP's independence.

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee charter provides that the Audit Committee will pre-approve audit services and non-audit services to be provided by the Company's independent registered public accounting firm pursuant to pre-approval policies and procedures established by the Audit Committee. The Audit Committee may consult with management in

the decision-making process but may not delegate this authority to management. The Audit Committee may delegate its authority to pre-approve services to one or more Audit Committee members,

provided that such designees present any such pre-approvals to the full Audit Committee at the next Audit Committee meeting. The Audit Committee pre-approved the engagement of KPMG LLP to provide the audit and permissible non-audit services provided in 2018 in accordance with the requirements of the Sarbanes-Oxley Act of 2002 and determined that KPMG LLP's provision of the services provided in 2018 is compatible with KPMG LLP's independence.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2019.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board in reviewing the Company's financial reporting process. In fulfilling its responsibilities in 2018, the Audit Committee, among other things, (i) reviewed and discussed the interim financial information contained in each quarterly earnings announcement with the Company's Chief Financial Officer (the CFO) and the Company's independent registered public accounting firm prior to public release; (ii) reviewed and discussed the audited financial information contained in the Annual Report on Form 10-K for the fiscal year ended December 31, 2017, with the Company's management, including the CFO, and the Company's independent registered public accounting firm prior to public release; (iii) obtained from the Company's independent registered public accounting firm a formal written statement describing all relationships between the Company's independent registered public accounting firm and the Company that might bear on the auditors' independence consistent with Independence Standards Board, Standard No. 1, Independence Discussions with Audit Committees; (iv) discussed with the Company's independent registered public accounting firm any relationships that may impact their objectivity and independence, and satisfied itself as to the auditors' independence; (v) discussed with management, the internal auditors, and the Company's independent registered public accounting firm the quality and adequacy of the Company's internal controls and the internal audit function's organization, responsibilities, budget, and staffing; and (vi) reviewed with both the Company's independent registered public accounting firm and the Company's internal auditors their audit plans, audit scope, and identification of audit risks.

In addition, the Audit Committee discussed and reviewed with the Company's independent registered public accounting firm all communications and other matters required to be discussed by generally accepted accounting

standards, including those described in Public Company Accounting Oversight Board Auditing Standard No. 1301, as amended, (Communications with Audit Committees) and, with and without management present, discussed and reviewed the results of the Company's independent registered public accounting firm's examination of the Company's financial statements. The Audit Committee also reviewed the results of the internal audit examinations.

The Audit Committee reviewed with management and the Company's independent registered public accounting firm the audited financial statements of the Company as of and for the fiscal year ended December 31, 2018. Management is responsible for the preparation of the Company's financial statements and the Company's independent registered public accounting firm is responsible for the examination of those statements.

Based on the above-mentioned review and discussions with management and the Company's independent registered public accounting firm, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the SEC. The Audit Committee appointed KPMG LLP as the Company's registered independent public accounting firm for the fiscal year ending December 31, 2019, and the Board concurred in such appointment.

**PROPOSAL 3
ADVISORY VOTE TO APPROVE
THE COMPANY'S EXECUTIVE
COMPENSATION**

In accordance with Section 14A of the Exchange Act and related rules of the SEC, we are once again providing our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers, or NEOs, as disclosed in this Proxy Statement.

Shareholders are encouraged to read the Compensation Discussion and Analysis (CD&A) section of this Proxy Statement for a more detailed discussion of how our compensation programs further the Company s objectives.

At this meeting, the shareholders will be asked to vote on the following resolution:

RESOLVED, that the shareholders approve the compensation paid to the Company s Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K in the Compensation Discussion and Analysis, compensation tables and related narratives and other materials in the Company s Proxy Statement.

The Board is committed to excellence in governance and recognizes that executive compensation is an important matter for our shareholders. The Board and the Compensation Committee believe that the Company s executive officer compensation program, as described in the CD&A and other related sections of this Proxy Statement, is reasonable and effective in aligning the interests of the executive officers with the interests of the Company s shareholders. We believe that our executive compensation program is designed to reward our NEOs for the

achievement of short-term and long-term strategic and operational goals and the achievement of increased total shareholder value, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking. In particular, as described in detail in our CD&A below, our compensation program has the following features:

- Strong focus on performance-based pay consisting of annual incentives tied to key financial and operating measures and long-term incentives tied to shareholder return;
 - 67% of the ongoing long-term incentive program is tied directly to relative shareholder return;
 - Limited perquisites; and
- No tax gross-ups in our change in control or severance programs nor in any other compensation or benefits plans, other than in connection with certain relocation benefits available to eligible employees.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our NEOs, as described in this Proxy Statement, in accordance with the compensation disclosure rules of the SEC. This vote is advisory, which means that it is not binding on us, the Board or the Compensation Committee. The Compensation Committee and the Board value the views of our shareholders and will take into account the outcome of the vote when considering future compensation decisions for our NEOs.

***THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ABOVE
RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED
EXECUTIVE OFFICERS.***

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE COMPENSATION PHILOSOPHY AND OVERVIEW

Our executive compensation program is designed to:

- Attract, motivate, and retain highly qualified executives by providing a comprehensive and market-competitive compensation program;
- Encourage superior levels of performance by linking a significant amount of executive pay to the financial results and operating performance of the Company; and
- Motivate our executive team to successfully execute our business strategy, achieve the Company's long-term goals, and ensure focus on long-term shareholder return.

To meet these objectives, our executive compensation program includes a market competitive base salary, an annual performance bonus payable in cash, stock-based long-term incentive awards, and retirement and other benefits. The levels of compensation are determined through a combination of competitive market data, Company performance, and individual responsibility and performance.

NAMED EXECUTIVE OFFICERS

The NEOs whose compensation is discussed in this Compensation Discussion and Analysis (CD&A) and their respective positions with the Company are:

Mary E. Kipp	President and Chief Executive Officer
Nathan T. Hirschi	Senior Vice President and Chief Financial Officer
Steven T. Buraczyk	Senior Vice President, Operations
Rocky R. Miracle	Senior Vice President, Corporate Development and Chief Compliance Officer
Adrian J. Rodriguez	Senior Vice President, General Counsel and Assistant Secretary

2018 EXECUTIVE COMPENSATION HIGHLIGHTS

Highlights of our 2018 executive compensation program and those aspects of our business performance that particularly impacted executive compensation include the following:

- In 2018, the Company achieved several significant milestones under our President and CEO, Mary E. Kipp, and the leadership team.
During the second quarter of 2018, the Company implemented a comprehensive program in Power Generation to better evaluate and improve the operation and maintenance of our generation fleet. This new program will help control costs and improve operational efficiencies for our generating units over the longer term.
- In 2018, the Company set a new record for the number of megawatt-hour sales recorded during the year. The record sales were a result of consistent customer growth, economic expansion in our communities, and favorable

weather.

— The Company continues to add renewable resources in a responsible and cost-effective manner. The Holloman Air Force Base Solar Facility became commercially operational in October 2018. The output from the forty-two acre, five-megawatt solar facility will be dedicated for use by Holloman Air Force Base and will help the Air Force meet its renewable and energy security goals.

— In addition, in March 2018, the Company filed for approval to expand the Texas Community Solar program to include two megawatts of solar powered generation from the ten-megawatt solar facility located at our Newman Power Station. It is anticipated that the Company will receive a final order for this expansion in the first half of 2019.

— In December 2018, the Company announced the results of our 2017 All-Source Request for Proposals. After extensive evaluation of the numerous proposals, we identified a diversified mix of resource additions comprised of utility scale solar, battery storage, and natural gas resources.

— In August 2018, the Company issued our first Corporate Sustainability Report. We recognize the need to communicate and make public our efforts and achievements regarding environmental and corporate sustainability initiatives. The report demonstrates our commitment to transparency and continuous improvement regarding environmental, social, and governance performance. A copy of the Corporate Sustainability Report is available on the Company's website at www.epelectric.com.

El Paso Electric Company 2019 Proxy Statement

TABLE OF CONTENTS

EXECUTIVE COMPENSATION

- The Company received the 2018 ENERGY STAR Partner of the Year Award for our efforts in kilowatt-hour savings and increased education regarding energy efficiency.
- In September 2018, the Company was awarded the first ever Community Partner Award from the El Paso Neighborhood Association Coalition. The award was given to the Company in recognition of its continued partnership and community outreach efforts with the El Paso's neighborhood associations.
- Additionally, the Company achieved our highest customer service ratings in 2018. Each year since 2009, we survey our customers to measure their satisfaction with the level of service they receive. Last year we received the highest rating since 2009.
- These achievements demonstrate excellent progress toward our strategic objectives and, when combined with positive operating results in 2018, are important factors in aligning the compensation of our executives with the interests of our shareholders.
- Our executive compensation philosophy is based on pay-for-performance, and our executive compensation program relies on three primary components of compensation for all officers including our NEOs:
 - Base salary;
 - Short-term incentive compensation, currently awarded through an annual cash performance-based bonus plan with annual payouts in cash; and
 - Long-term incentive equity-based compensation, currently awarded in a combination of time-vested restricted stock awards and performance shares. This long-term compensation opportunity is heavily weighted on relative share price performance against our utility peers, with performance shares comprising a majority (67%) of each annual long-term award.
- Our Annual Cash Bonus Plan (ACBP) is an all-employee plan that measures performance against a variety of financial and operational metrics with a mix of 50% financial and 50% operational measures. We consider this to be an appropriate mix of measures that balances financial and operational performance to properly motivate our employees and align our executives and all employees' interests with those of our shareholders.
- For 2018, the results of our ACBP were determined to be above Target performance for our Earnings Per Share (EPS) goal, and between Threshold and Target performance for our Controllable Operations and Maintenance (O&M) Expense. Our Customer Survey metric reached the Maximum performance level. Our Call Center Performance and System Reliability metrics were between Target and Maximum, and our Power Generation measurement was just above Threshold.
- Our performance-based long-term equity awards are determined based on relative Total Shareholder Return (TSR) performance versus a peer group of thirty-one regulated utilities in the Edison Electric Institute Index, including the Company, over a three-year period. For the 2016–2018 Amended and Restated El Paso Electric Company 2007 Long-Term Incentive Plan (the LTIP) cycle, the peer group for relative performance was our previous peer group of twelve similar-sized electric and diversified utilities.
- The three-year performance period for our 2016 performance-based equity awards ended on December 31, 2018. Our relative TSR versus our peer group ranked at the 42nd percentile and accordingly, 71% of the target level of performance shares granted in 2016 vested in accordance with the terms of the LTIP. This result further demonstrates alignment of our compensation program with our pay-for-performance philosophy and with shareholder interests.

EXECUTIVE COMPENSATION PROCESS

The Compensation Committee reviews and approves all forms of compensation for each executive officer and regularly reviews the performance of the President and CEO.

The President and CEO reviews other executive officers' performance and reports her evaluations to the Compensation Committee. The President and CEO also recommends and discusses with the Compensation Committee the equity and

non-equity compensation elements for the other executive officers. The Compensation Committee ultimately approves the actual compensation awarded to each executive officer.

Since May 2012, the Compensation Committee has engaged Frederic W. Cook & Co., Inc. (FW Cook) as its independent outside executive compensation consulting firm. FW Cook 's services to the Compensation Committee during 2018 included:

- An executive compensation study covering market competitive practices for base salary, short-term incentives, long-term incentives, benefits, and perquisites for all executives of the Company, including the President and CEO, using an approved peer group and published compensation surveys.
- A report on the market competitiveness of our President and CEO's compensation and recommendations for the President and CEO's compensation arrangements for the upcoming year.
- Regular updates on emerging compensation and governance trends, developments, and best practices at scheduled Compensation Committee meetings.
 - A review and comment on proxy statement disclosures, including this CD&A.
- Ad hoc support as requested on issues directly related to the Compensation Committee's scope of duties and responsibilities such as attraction and retention issues and incentive plan design including performance measures and goal setting.

TABLE OF CONTENTS

— Comprehensive review of our executive compensation plans, programs, and policies.

The FW Cook consultant regularly attended meetings of the Compensation Committee including when requested, its executive sessions. In addition, the Compensation Committee chair held discussions with the FW Cook consultant between meetings as the need arose. Pursuant to the applicable SEC and NYSE rules, the Compensation Committee reviewed the independence of FW Cook and the FW Cook consultant and concluded that there were no conflicts of interest or other factors that might impair the independence and objectivity of FW Cook or the FW Cook consultant.

The Compensation Committee generally makes decisions regarding base salary, annual bonus targets, and equity incentive awards for the executive officers at one or more regularly scheduled meetings during the first quarter of each year. The Compensation Committee continues to review compensation matters throughout the year and may modify or approve compensation at other times in response to hiring needs, market changes, and other occurrences. The Compensation Committee's decisions about equity awards are not timed or otherwise affected by the planned announcement of material information. At least annually (and at other times when material decisions are being considered), the Compensation Committee reviews a summary of executive total compensation (also called a tally sheet) for each executive officer showing all compensation elements, equity holdings, accrued

retirement benefits, and separation benefits. The tally sheets are designed to inform the Compensation Committee of the total compensation potentially payable to the executive officers, particularly in the event of a change in control and/or separation from the Company but were not a material factor in making any particular compensation decision during 2018.

At our 2018 annual meeting of shareholders, we again held a non-binding shareholder advisory vote to approve the compensation of our NEOs, commonly referred to as Say-on-Pay. Shareholders overwhelmingly approved our Say-on-Pay advisory vote with 99.6% of shareholder votes (excluding abstentions and broker non-votes) being cast in favor of the compensation program for our NEOs. Although this was an advisory vote, we believe the approval by our shareholders indicates significant support for our compensation philosophy and approach, and accordingly, the Compensation Committee did not make any substantive changes to our executive compensation program in response to this vote.

At our 2016 annual meeting of shareholders, we conducted our second non-binding shareholder advisory vote on the frequency of Say-on-Pay advisory votes. Shareholders voted in favor of an annual frequency and therefore we intend to hold future Say-on-Pay advisory votes annually until we next hold an advisory vote on the frequency of Say-on-Pay advisory votes as required under SEC rules.

COMPENSATION BENCHMARKING

In consultation with FW Cook, the Compensation Committee approved a peer group of companies (referred to in this discussion as the Compensation Comparator Group), which includes United States shareholder-owned electric and diversified utilities, and which is used for an annual benchmarking review of our compensation program. These companies are regional electric and diversified utilities with business issues, scale, and organization characteristics similar to our own. The Compensation

Committee reviews compensation information derived from the Compensation Comparator Group, compiled from publicly available data, as well as data from similarly-sized utilities reported in the Towers Watson Energy Services Executive Compensation Database.

For compensation decisions made in 2018, the companies in the Compensation Comparator Group consisted of the following*:

ALLETE, Inc.	NorthWestern Corporation
Avista Corporation	OGE Energy
Black Hills Corporation	Otter Tail Corporation
Hawaiian Electric	PNM Resources, Inc.
IDACORP, Inc.	Portland General Electric Company
MGE Energy, Inc.	Unitil Corporation

The 2018 Compensation Comparator Group includes twelve companies following the removal of Great Plains
* Energy and Westar Energy due to their merger and the addition of Hawaiian Electric and OGE Energy to replace
the removed peers.

TABLE OF CONTENTS**EXECUTIVE COMPENSATION****PRIMARY COMPONENTS OF COMPENSATION**

The primary components of our compensation program for the NEOs are:

- Base salary;
- Short-term incentive compensation, currently awarded through an annual cash performance-based bonus plan; and
- Long-term incentive equity compensation, currently awarded in a combination of time-vested restricted stock awards and performance shares.

We do not target any element of compensation to be a particular percentage of total compensation. The Compensation Committee considers the range of total compensation opportunity for each executive, and each element of total compensation, recognizing each executive's

qualifications, skills, experience, and performance, as well as considering relevant market practices based on the Company's peers, including the Compensation Comparator Group, together with information from published surveys, in determining the appropriate mix and level of total compensation for our executives.

Base Salary. Base salary levels for our executive officers are reviewed and set annually or, as merited, in connection with hiring, promotions, or reassignments. In setting base salaries, the Compensation Committee also considers each executive officer's responsibility level, experience, and individual performance. The Compensation Committee approved base salary increases effective January 2018 for the President and CEO and other NEOs ranging from 3.0% to 10.8%.

The following table reflects changes in annual base salary during 2018 for the President and CEO and other NEOs.

2018 BASE SALARY CHANGES FOR NEOS

Name and Principal Position	Annual Base Salary		
	2017	2018	Percent Change
Mary E. Kipp President and Chief Executive Officer	\$ 675,000	\$ 725,000	7.4 %
Nathan T. Hirschi Senior Vice President and Chief Financial Officer	\$ 365,000	\$ 400,000	9.6 %
Steven T. Buraczyk Senior Vice President, Operations	\$ 335,000	\$ 345,000	3.0 %
Rocky R. Miracle Senior Vice President, Corporate Development and Chief Compliance Officer	\$ 325,000	\$ 335,000	3.1 %
Adrian J. Rodriguez Senior Vice President, General Counsel and Assistant Secretary	\$ 325,000	\$ 360,000	10.8 %

Annual Cash Bonus Plan (ACBP). The purpose of our ACBP is to provide market-based compensation opportunities based on achievement of specific business goals and objectives that are established in advance on an annual basis. All employees, including our NEOs, are eligible to participate in the ACBP.

Each executive officer is assigned a Target award opportunity expressed as a percentage of base salary. The Target award represents the level of bonus payment the executive officer may earn if the plan performance goals are achieved at Target (*i.e.*, expected) levels of performance. Payments at the Target levels combined with base salary

are further intended to be competitive with the total annual cash compensation opportunity represented by the Compensation Comparator Group and published survey data, with upside for exceeding annual performance expectations for the Company and consequences for underperformance. In addition, Maximum for superior performance and Threshold for minimum acceptable performance levels are established for each metric that adjust payouts for performance levels that exceed or fall below our expected or target level of performance. The Target and the respective bonus opportunity for Threshold and Maximum level of performance for each of the NEOs for 2018 were as follows:

2018 ANNUAL CASH BONUS PLAN AWARD OPPORTUNITY

Name and Principal Position	Threshold (% of Target)	Target (% of Base Salary)	Maximum (% of Target)
Mary E. Kipp President and Chief Executive Officer	29	85	200
Nathan T. Hirschi Senior Vice President and Chief Financial Officer	18	55	182
Steven T. Buraczyk Senior Vice President, Operations	20	50	180
Rocky R. Miracle Senior Vice President, Corporate Development and Chief Compliance Officer	22	45	178
Adrian J. Rodriguez Senior Vice President, General Counsel and Assistant Secretary	20	50	180

TABLE OF CONTENTS

ACBP Metrics. The goals established for the ACBP for 2018, for all employees including the NEOs, were based on the following corporate financial and operational performance measures:

- Financial performance measured by **EPS** and **Controllable O&M Expense**; and
- Operational performance, measured by a combination of **Customer Satisfaction**, and **System Reliability** goals. The **EPS** goal was modified in 2018 using an Adjusted EPS (rather than the accounting standards known as the Generally Accepted Accounting Principles (GAAP) EPS) for the EPS bonus metric to provide for a more representative measure of management's true performance. In January 2018, GAAP changed to include unrealized gains and losses on the equity portion of the Company's Nuclear Decommissioning Trust (NDT) fund in current year net income. This added significant volatility to the Company's reported earnings. The Compensation Committee changed the Company's reporting metric to better align with the new GAAP standard. During 2018, the Company began reporting Adjusted Net Income, which eliminates the impact of realized and unrealized gains and losses on the equity portion of the NDT (as well as realized gains and losses on the fixed income portion of the NDT). The Company also made a concerted effort to educate the investment community that Adjusted Net Income is a useful financial measure in understanding the Company's core operating performance. The Adjusted EPS goal was based on a range between a Threshold of \$2.03 and a Maximum of \$2.49. All participants in the ACBP, including our NEOs, would receive no bonus if the Threshold EPS goal was not achieved.

The **Controllable O&M Expense** metric, is intended to focus executives on adherence to budgeted expense levels with Target award opportunity set at the approved 2018 budget. The metric excludes certain expenses over which management has limited control, namely, those expenses including: (i) Palo Verde Generating Station (Palo Verde) operating costs; (ii) asset retirement obligations; (iii) benefit plan obligations as determined by the Company's actuary, PricewaterhouseCoopers; (iv) expenses associated with the Company's rate cases; (v) energy efficiency expenses; and (vi) the effect of the ACBP. The Threshold and Maximum goals for Controllable O&M are based on Target plus or minus a 2.0% variance.

The **Customer Satisfaction** goal is based on two separate measures: the Customer Satisfaction Survey and the Call Center Service Level. The measurement of the Customer Satisfaction Survey goal is based on an annual customer survey designed and conducted by a third-party market research organization. Survey responses are provided by a combination of customer classes and are weighted as follows: (i) 50% for residential customers; (ii) 25% for small commercial customers; and (iii) 25% for large industrial customers and are designed to measure overall customer satisfaction and meeting our customers' expectations.

The second customer satisfaction goal, the Call Center Service Level, is designed to focus our customer call center employees on fast and efficient service for customers contacting our Call Center. The Call Center Service Level is a measure of the percentage of incoming calls answered within the first minute.

The **System Reliability** goals were restructured in 2018 to better measure customers' service reliability experience and the Company's ability to prevent outage events. The first metric, SAIDI_{F&O} (System Average Interruption Duration Index), includes all outage events that are classified as Outside Cause. Outside Cause outage events are those events which originate from the distribution, substation, transmission, and generation systems that cause a service interruption to a customer. The subscript F&O denotes Forced and Outside.

The second system reliability goal is SAIFI_{ENP} (System Average Interruption Frequency Index), which gauges the Company's efforts to prevent outages. The subscript ENP denotes Excluding Non-Preventable. This includes all the outages originating from the distribution, substation, transmission, and generation systems, but excludes the non-preventable outage cause-types: vandalism, vehicle accidents, public construction equipment, public dig-ins into underground systems, foreign objects, and mylar balloons. The calculation of SAIFI_{ENP} is the same as the normal

SAIFI calculation, except that the customer outages caused by non-preventable events are excluded.

The target goal was set for SAIDI_{F&O} and SAIFI_{ENP} at the Company's prior five-year average. Threshold was set at the highest (worst) annual performance over the last five years and maximum was set at the lowest (best) annual performance over the last five years.

In 2018, a new system reliability goal was established entitled Power Generation Equivalent Availability Factor (EAF). EAF measures local generation availability by calculating the number of hours the capacity of a generating unit is available in a given time period divided by the total hours available in that measurement period (measured in monthly intervals). The total local generation fleet (which excludes Palo Verde) is weighted by the capacity of each unit. EAF is benchmarked against the Weighted Five-Year Average Availability during our Summer Peak Season, May through September, when generation availability is most critical. Threshold was benchmarked against the measurement of the last five-year worst EAF and maximum was benchmarked against the best of the last five-years.

TABLE OF CONTENTS**EXECUTIVE COMPENSATION**

The following table entitled **2018 Annual Cash Bonus Plan** shows the individual metrics, their respective weighting and the performance goals at Target, Threshold, and Maximum levels of performance. Results that fall between the Threshold and Target levels, or between the Target and Maximum levels, are interpolated to calculate the actual achievement for that metric. The table shows the actual

performance result for each metric and the resulting final payout percentage of Target opportunity earned by the NEOs. As noted above, the President and CEO has a wider and higher range of payout under this plan to better focus short-term compensation on performance. This resulted in a payout for the President and CEO at a higher percentage of Target than other NEOs.

2018 ANNUAL CASH BONUS PLAN

Metric	Weighting (%)	Performance Goals			Actual Result	Performance Result

TOTAL	100					115.5	106.1

* The final payout as a percent of Target Bonus includes and reflects a 5% reduction for the Company's safety performance in 2018. The 5% reduction was only applied to executive officers of the Company.

As reported in the 2018 Annual Report on Form 10-K, and as shown in the above table, the Company had an Adjusted EPS of \$2.33 per basic share, which includes an accrual for the cost of the bonus pool.

Bonuses are paid in early March after the Compensation Committee reviews the audited financial results and operational performance for the previous year. In light of the Company's safety performance in 2018, the Compensation Committee exercised its negative discretion and reduced the 2018 ACBP bonus of each executive officer by 5%.

As a result, each NEO received a bonus, as set forth in the table below and also in the Summary Compensation Table that is shown later in this Proxy Statement. The total bonus paid under the 2018 ACBP to the Company's approximately 1,100 employees was approximately \$11.0 million, of which approximately \$2.5 million was paid to the NEOs and the 14 other executive officers (including four retiring officers) as a group.

The following table shows the payout amounts of the 2018 ACBP compared with the payout opportunity at Target for each of the NEOs:

2018 ANNUAL CASH BONUS PLAN PAYOUTS TO NEOS

Name	Target Incentive Opportunity		Annual Cash Bonus Paid

Other Cash Awards. In 2018, no other cash bonus was awarded to any NEO.

Long-Term Equity Incentives. Generally, we grant stock awards annually to our NEOs with a three-year performance cycle and payout. These awards are designed to focus executive officers on the performance of our Common Stock relative to our peers, and secondarily, as a retention tool based on deferred vesting. Since 2004, the Compensation Committee has granted annual long-term equity incentives consisting of two elements:

- Performance shares, which are earned based on our relative TSR against a pre-established peer group over a three-year performance period; and
- Time-vested restricted stock, which vests in one installment at the end of a three-year vesting period.

All of our NEOs were awarded shares in February 2018, in the amounts set forth in the Grants of Plan-Based Awards table shown later in this Proxy Statement.

For our NEOs, the mix for each annual equity award was based on a weighting of 67% for performance shares and 33% for time-vested restricted stock. Consistent with the Company's compensation philosophy, we have chosen to place more weight on the performance shares to emphasize long-term performance and shareholder returns. We believe that the time-vested restricted stock awards are also an effective retention and incentive tool because their actual value is tied to the value of Common Stock no earlier than the vesting date, and the vesting schedule require that

participants be employed at the end of the three-year vesting period. The initial Target values (*i.e.*, the initial value of the time-vested restricted stock plus performance shares at Target), when combined with annual cash compensation, are again intended to be competitive with the annual total direct compensation value among the Compensation Comparator Group and relevant published survey data. Dividends on shares of Common Stock are paid quarterly on time-vested restricted stock but are not paid on unearned performance shares, until such time as they are earned and converted to shares of Common Stock.

The actual number of performance shares earned at the end of the three-year cycle can range from 0% to 200% of Target, depending on our ranking within the Compensation Comparator Group (including the Company) for TSR. TSR is defined as the change in stock value, plus dividends paid, over the three-year performance period. To eliminate volatility from measuring stock price on a particular date, the beginning and ending stock price used to calculate TSR is the average closing price for the month of December. Participants other than certain eligible retirees (as described below) are required to be employed at the end of the three-year cycle to be eligible for any earned award.

Since 2017, the Compensation Committee continues the use of a peer-based Edison Electric Institute Index composed of regulated electric utilities as the Company's Compensation Comparator Group for the 2018 long term incentive grant cycle. The payout scale for the performance shares granted in 2018 is as follows:

TSR Rank in Comparator Group	Performance Share Payout as Percent of Target
90 th percentile or above	200%
75 th to 90 th percentiles	175%
Above median to 75 th percentiles	Interpolate between 100% and 150%
50 th percentile (Median)	100%
25 th to 50 th percentiles	Interpolate between 30% and 100%

Below 25th percentile 0%

For the 2016 to 2018 performance cycle, which ended on December 31, 2018, our TSR ranked at the 42nd percentile within the Compensation Comparator Group established at the time that long-term incentives were granted in 2016. As

a consequence of this TSR percentile ranking, 71% of the target performance shares awarded in 2016 were paid out, as shown in the following table:

2016-2018 PERFORMANCE CYCLE PAYOUTS TO NEOS

EXECUTIVE COMPENSATION

In 2018, the Compensation Committee continued the terms applicable to qualifying retirements under our performance share awards. The Compensation Committee utilized form Performance Share Award Agreements for new awards that enable eligible retirees to receive a payout of performance shares following their retirement from the Company subject to non-compete and non-solicit provisions. Under the LTIP, performance share grants require that the holder be actively employed by the Company to receive a payout of shares on the vesting date. If the holder's employment is terminated due to retirement (defined as a termination of employment on or after the attainment of age 55 and at least five years of service; provided that such holder gives the Company six months of notice of the intention to retire), the holder shall

have the opportunity to vest in a pro rata portion of the performance shares subject to the achievement of the performance goals set forth in the Performance Share Award Agreement.

Type of Equity Awards. We have chosen to make recent long-term awards to executive officers in the form of full-value stock awards because they have significant retention value due to their value being directly linked to the stock price in the future. In addition, this type of award limits the negative retention impact of short-term volatility in our stock price compared to stock options. The Compensation Committee regularly reviews our equity incentive program and reserves the right to grant different types of equity awards in the future.

OTHER EXECUTIVE BENEFITS

Retirement Benefits. We provide our employees, including our executive officers, with a tax-qualified defined benefit pension plan, which provides employees the opportunity to earn service toward income replacement at retirement. However, the Internal Revenue Code (IRS or the Code) imposes a limit on the amount of compensation that can be considered for purposes of determining these retirement benefits and the qualified plan does not achieve a market-competitive structure for executive officers whose total compensation can include a significant amount of variable short-term incentive compensation. To address this situation, we established a non-qualified excess benefit plan to provide supplemental retirement benefits to executive officers calculated on basic compensation, including both regular wages and bonuses paid pursuant to the Company's ACBP, applied to the qualified retirement plan formula without regard to the Code's limitations on qualified plan benefits.

Perquisites and Other Benefits. The Company generally provides our NEOs the same benefits as other executive officers and employees. For example, our NEOs participate in the same medical, dental, vision, life insurance, accidental death and dismemberment, and short-term and long-term disability plans as other employees. In addition, NEOs' Company matching contributions to the 401(k) plan are on the same basis as other employees.

The Company provides limited perquisites to executive officers including car allowance, and for senior officers, an allowance for financial, tax and estate planning, and a health evaluation and wellness services benefit.

Change of Control/Termination Agreements. The Compensation Committee approved a change of control severance agreement for each of our NEOs and all other executive officers. As further described in this Proxy Statement, these agreements provide executive officers with benefits in the event of termination without cause or resignation for good reason (as such terms are defined in the agreements) in connection with or after a change of control. These agreements do not provide for any tax gross-up of termination benefits should they be found to trigger a parachute excise tax. The Compensation Committee periodically reviews the costs of these agreements and current market practice. The Compensation Committee believes these agreements offer important protection in the event of a change of control, while also ensuring that in the event of an actual proposed change of control, key executive officers will be willing to

remain through the closing of a transaction because of this protection. This is especially important in the utility industry when the need for regulatory approvals can result in significant delays in consummating transactions following the execution of definitive agreements.

STOCK OWNERSHIP GUIDELINES

We believe that stock ownership by executive officers can directly correlate to improved performance and enhancement of shareholder value. Therefore, the

Compensation Committee has established recommended stock ownership guidelines for executive officers. The guidelines are as follows:

2018 Stock Ownership Guidelines

Position	Guideline
President and CEO	Three times base salary
Other Executive Officers	Two times base salary

TABLE OF CONTENTS

For purposes of the guidelines, the ownership requirement is determined based on the executive officer's 2018 base salary. The base salary multiple amount is converted to a fixed number of shares of Common Stock using the closing price of our Common Stock as of the last business day of the prior calendar year, December 31, 2018.

Our executive officers are expected to meet these guidelines within five years after becoming executive officers. As of the end of 2018, all of our NEOs met or are progressing towards meeting the guidelines within their initial five-year terms.

PRESIDENT AND CEO COMPENSATION

Mary E. Kipp has served as CEO and a member of the Board since December 15, 2015 and President and CEO since May 25, 2017. In determining Ms. Kipp's compensation for 2018, the Compensation Committee approved the following:

- Ms. Kipp's annual base salary was set at \$725,000 reflecting the Compensation Committee's assessment of her performance in 2017 and to better align her pay with the Compensation Comparator Group.
- Ms. Kipp's annual Target performance bonus opportunity under the ACBP was approved and remained at 85% of annualized base compensation with a Maximum annual bonus set at 200% of the Target opportunity. This target bonus opportunity brought Ms. Kipp to 107% of market median of the Compensation Comparator Group for target total cash compensation. The actual cash bonus paid for 2018 under this provision is described above in the section entitled, Annual Cash Bonus Plan.
 - The intrinsic grant value of annual long-term incentive awards that Ms. Kipp was granted in 2018 was set at \$1,400,000. The composition of the long-term incentive award comprised 33% restricted stock with a three-year vesting period and 67% performance shares with a three-year performance cycle based on TSR compared to the revised Compensation Comparator Group used for the 2018 equity grants described in the Long-Term Equity Incentives section of this CD&A. The terms governing payout of the performance shares are the same as those described above in such section.
- Ms. Kipp's 2015 Employment Agreement also provided for a performance-based and time-restricted equity award representing a right to receive shares of Common Stock (the Retention Grant) under the Long-Term Incentive Plan valued at \$1,000,000 as of the effective date of her Employment Agreement. The Retention Grant will cliff vest on December 15, 2020, subject to her employment by the Company on that date.
- Ms. Kipp has been and will continue to be eligible to participate in all benefit plans available from time-to-time to senior executives of the Company, including but not limited to retirement plans, health and welfare benefit plans, disability and life insurance coverage, and paid time off in accordance with the Company's policies.
- Ms. Kipp's Employment Agreement also provides for a continuation of the Change of Control Agreement between her and the Company, which provides for severance and other termination benefits in the event of termination of employment in connection with a change in control (*i.e.*, a double-trigger) and does not provide for any tax gross-up of termination benefits should they be found to trigger any excess parachute excise tax.
- Ms. Kipp's Change of Control Agreement provides for the maintenance of her position, base salary, annual bonus, long-term incentives, and benefits for a two-year employment term following a change of control of the Company. In addition, in the event that her employment is terminated without cause or she terminates her employment for good reason (such as if she is removed as President and CEO or has her duties materially reduced including as a result of no longer reporting directly to the Board of Directors) within two years following a change of control of the Company, Ms. Kipp will receive severance benefits including a lump sum severance equal to three times the sum of her base salary and bonus at Target level, a prorated bonus for the year in which termination occurs, the actuarial equivalent of vested benefits under the pension plan calculated with three additional years of service, outplacement services for one year, and two years of continued medical, dental, accidental death and dismemberment insurance, and life insurance benefits. In addition, the Company's equity plans and Ms. Kipp's award agreements will provide for accelerated vesting of certain outstanding unvested equity

awards as described below under Change of Control Agreements and Other Termination Benefits.

In determining that Ms. Kipp's total compensation was reasonable and appropriate for the circumstances, the Compensation Committee reviewed with FW Cook the costs and benefits of her compensation arrangement

— compared to those provided to CEOs of our Compensation Comparator Group. FW Cook advised that the compensation arrangement for Ms. Kipp in her role as President and CEO was reasonable and well-aligned with competitive market practices.

As previously disclosed in the Company's Proxy Statement relating to the 2017 Annual Meeting of Shareholders,

1 the Compensation Committee determined in November 2016 that the Performance Condition was previously satisfied based on the Company's cumulative net income in the second and third quarters of 2016, so the only remaining vesting condition is the service period through December 15, 2020.

EXECUTIVE COMPENSATION

IMPACT OF ACCOUNTING AND TAX TREATMENT OF COMPENSATION

Historically, the accounting and tax treatment of compensation has not been a driving factor in determining the design or amounts of compensation at the Company. For example, the Company granted full value awards prior to its adoption of Financial Accounting Standards Board Accounting Standard Codification Topic 718 and continues to do so, although the Compensation Committee does review the expected accounting treatment of its equity grants.

Section 162(m) of the Code generally limits the tax deductibility to public companies for compensation in excess of \$1 million with respect to compensation paid to each covered employee. For 2018 and prior years, covered employees for this purpose included our President and CEO and our three other most highly compensated executive officers (other than our CFO) and compensation that met the requirements of qualified performance-based compensation under Section 162(m) was not subject to this deduction limitation. For awards made prior to 2018, our annual incentive cash bonuses and performance shares granted under the LTIP generally were intended to meet the requirements of the performance-based compensation and thus avoid the limitations of Section 162(m) of the Code. Following the enactment of the federal legislation commonly referred to as the Tax Cuts and Jobs Act, beginning with the 2018 calendar year, the \$1 million annual deduction limitation under Section 162(m) applies to compensation

paid to any individual who serves as the CEO or CFO or qualifies as one of the other three most highly compensated executive officers in 2017 or any later calendar year, and there is no longer any exception for qualified performance-based compensation. Although some outstanding performance shares will not result in a compensation deduction until after 2017, we believe the transition rules in effect for binding contracts in effect on November 2, 2017, should continue to allow certain of these awards to maintain their exemption from the \$1 million annual deduction limitation for so long as such grants are not materially modified (grandfathered amounts). For periods after 2017, without the performance-based compensation exception, it is expected that any compensation deductions (other than grandfathered amounts) for any individual who is our CEO, CFO, or one of our other three most highly compensated executive officers in 2017 or any later year will be subject to a \$1 million annual deduction limitation. Although the deductibility of compensation is a consideration evaluated by the Compensation Committee, the Compensation Committee believes that the lost deduction on compensation payable in excess of the \$1 million limitation for the NEOs is not material relative to the benefit of being able to attract, motivate, and retain talented management. Accordingly, the Compensation Committee will continue to retain the discretion to pay compensation that is subject to the \$1 million deductibility limit.

(a) Mr. Rodriguez was not a NEO for the fiscal year ended December 31, 2017 and 2016, and therefore, compensation for the fiscal year ended December 31, 2017 and 2016, is not reported.

(b) This column represents the aggregate grant date fair value of awards computed in accordance with FASB ASC Topic 718 for the restricted stock and performance shares granted in the applicable fiscal year. Restricted stock awards are valued at the closing stock price of Common Stock on the date of grant. Performance shares are valued at grant date fair value, which is based upon a Monte Carlo simulation, which is a methodology for

determining average payout using multiple simulations. Amounts disclosed have not been reduced by estimated service-based forfeitures. For additional information on the valuation assumptions with respect to restricted stock and performance shares, see Note H—Common Stock of Notes to the Financial Statements in the 2018 Annual Report on Form 10-K.

- (c) This column represents performance-based bonuses earned under the ACBP for performance during the fiscal years ended December 31, 2018, 2017, and 2016.
- (d) This column represents the change in pension value between the accumulated pension benefit for each NEO as of December 31 of the applicable year as compared to December 31 of the prior year.
- (e) See the following table regarding each component of amounts for the fiscal year ended December 31, 2018, included in the All Other Compensation column in the Summary Compensation Table above.

CEO Pay Ratio. As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the rules of the SEC, we are providing the ratio of the total annual compensation of our President and CEO, Mary E. Kipp, to that of the median employee for 2018. Ms. Kipp's total annual compensation for 2018, as reported in the Summary Compensation Table, was \$3,112,601. The total annual compensation of the employee identified as our median employee (excluding our President and CEO) for 2018 was \$96,901. The ratio of our President and CEO's total compensation for 2018 to the total compensation of our identified median employee was approximately 32 to 1.

To identify our median employee for purposes of this pay ratio disclosure, we first determined that as of December 23, 2018, the last pay period of the year, we had 1,199 full-time, part-time, and temporary employees other than Ms. Kipp. We ranked the annual compensation of this employee population based on compensation reportable on IRS Form W-2. We annualized the compensation of individuals who

were employed for less than the full year. After identifying the median employee from this ranking, we calculated annual total compensation for such employee using the same methodology we use for our President and CEO as set forth in the Summary Compensation Table above.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on his or her annual total compensation allow companies to use a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio we report above, as other companies may have different employment and compensation practices and may use different methodologies, exclusions, estimates and assumptions to calculate their own pay ratios.

Each NEO and executive officer has a target incentive opportunity, payable in cash, if the Company achieves specific annual goals that are established in advance by the Compensation Committee and the Board. In 2018, the performance goals were related to earnings per share, controllable O&M expense, customer satisfaction, and

- (a) system reliability, as further described above in Compensation Discussion and Analysis – Primary Components of Compensation – Annual Cash Bonus Plan. If a threshold level of earnings per share is not attained, no bonuses will be paid for any of the measures, unless the Compensation Committee determines otherwise. Actual amounts paid for the fiscal year ended December 31, 2018, are set forth in the Summary Compensation Table above.
- Amounts shown represent the performance shares available under the incentive plan, which provides market-based, long-term incentive award opportunities to the NEOs and the other executive officers. Performance shares are based on the total shareholder return compared to the Compensation Comparator Group over the
- (b) three-year period ending on December 31, 2020. Payout values for the performance shares are calculated by determining the Company's percentile ranking within the Compensation Comparator Group at the end of the three-year cycle and can range from 0% to 200% of target as described above in Compensation Discussion and Analysis – Primary Components of Compensation – Long-Term Equity Incentives.

TABLE OF CONTENTS**EXECUTIVE COMPENSATION TABLES**

(c) Restricted stock awards vest on December 31, 2020. The Company paid quarterly dividends of \$0.335 per share on shares of its Common Stock on March 30, 2018, and \$0.36 per share on shares of its Common Stock each quarter thereafter. Unvested shares of restricted stock qualify as participating securities and individuals awarded these shares received their respective cash dividends.

(d) This column reflects the grant date fair value of restricted stock awards and performance shares under FASB ASC Topic 718. With respect to restricted stock, the value was calculated as the number of shares of restricted stock multiplied by the closing stock price of the Common Stock on the grant date. With respect to performance shares, the value was determined using a Monte Carlo simulation which is a methodology using the average payout of one million simulation paths discounted to the grant date using a risk-free interest rate. The Monte Carlo value for 2018 performance share awards granted on January 31, 2018 was \$48.99 per share.

El Paso Electric Company 2019 Proxy Statement

TABLE OF CONTENTS**PENSION PLAN**

The Company established the Retirement Income Plan for Employees of El Paso Electric Company (the Pension Plan) as of July 1, 1945. Over the years, the Pension Plan has been amended and/or restated several times. Although the Pension Plan has traditionally provided final average pay benefits, it was amended in 2014 to provide cash balance benefits for all employees hired on or after January 1, 2014, and for all employees hired before 2014 who chose to have their future service benefits provided as cash balance benefits effective April 1, 2014. Employees in the latter group have both a frozen final average pay benefit and accrue an ongoing cash balance benefit.

The purpose of the Pension Plan is to reward eligible employees for long service by providing them with retirement benefits. The Pension Plan is maintained for the exclusive

benefit of eligible employees and their beneficiaries. To the extent, they meet the eligibility requirements; each of the NEOs participates in the Pension Plan.

The Pension Plan is qualified under the Code as a defined benefit plan, which is a plan that provides definitely determinable benefits. These benefits are generally payable over a participant's lifetime and, if elected, over the lifetime of a surviving spouse or beneficiary. Participants earning cash balance benefits also have an option to take their entire pension benefit as a lump sum.

Final Average Pay Benefits. For employees who chose to continue earning final average pay benefits, retirement benefits are calculated using the formula:

$$1.25\% \times \text{average monthly earnings} \times \text{years of service}$$

Average monthly earnings under the Pension Plan is the employee's annualized rate of basic compensation (excluding bonus, overtime pay, expense allowances, profit sharing, and any other compensation) for the five-year period ending on a particular date, divided by 60 months. The maximum benefit payable under the Pension Plan only considers compensation up to the IRS limit, which was \$275,000 in 2018. A year of service is provided for any year during which the employee attains at least 1,000 hours of service. Final average pay participants are eligible to participate in the Pension Plan on the first day of the month

coinciding with or immediately following completion of one year of service during which the employee completes 1,000 hours of service. An employee is vested after completing five years of service.

Benefits from the Pension Plan are generally payable at age 65. However, a participant may retire and begin to receive a monthly benefit from the Pension Plan upon attaining age 55 and five years of vesting service. Benefits paid before age 65 are reduced in accordance with the following table:

Age At Benefit Commencement	Percent of Accrued Benefit
65	100.00 %
64	93.33
63	86.67
62	80.00
61	73.33
60	66.67

59	63.33
58	60.00
57	56.67
56	53.33
55	50.00

In addition, unreduced pension benefits are provided to participants who retire after age 62 with 20 years of service or after a participant's age and service exceed 85.

Cash Balance Benefits. Cash balance benefits are expressed as a lump sum cash balance account. Cash balance accounts grow each year with pay credits and interest credits. Pay credits are provided as of the last day of each year based on the following schedule and the participant's age and years of service as of the end of the plan year.

Pay Credit Chart

Cash Balance Member's Age Plus Years of Vesting Service	Percentage of Cash Balance Member's Base Pay for the Plan Year

EXECUTIVE COMPENSATION TABLES

The pay credit is based on the participant's base pay, excluding bonuses, overtime pay, expense allowances, profit sharing, and any other extra compensation. Effective January 1, 2017, the annual pay credit is determined by multiplying the Cash Balance Member's monthly basic compensation for each month during which the member was employed during the plan year by the applicable pay credit percentage, and then adding the results of these separate calculations for each of the calendar months. The monthly basic compensation is determined by dividing the annual basic compensation in effect as of the last day of each calendar month by 12. A cash balance member who terminates employment prior to the last day of the year will receive a pay credit as of the last day of the month coinciding with or immediately following the termination date, based on the sum of the participant's attained age plus years of service as of the termination date.

Interest credits are provided on the last day of each month based on the participant's cash balance account balance as of the end of the prior month. Interest credits will continue until benefit commencement and are based on the yield on the thirty-year Treasury Bond for August of the preceding plan year, but at least 3.8% per annum.

Cash balance participants are eligible to participate in the Pension Plan immediately upon employment or re-employment. Participants with cash balance benefits vest after three years of service for all of their pension benefits

(including the frozen final average pay portion of the pension benefit, if applicable). Benefits are payable at any time following termination of service. The full cash balance account is available as a lump sum without reduction.

Form of Payment. Final average pay benefits are calculated as a straight life annuity that provides a monthly benefit for the participant's lifetime. Optional forms of benefit are also available including:

- A joint and survivor annuity providing a reduced monthly benefit for the life of the participant followed by a specified percentage to a named beneficiary for the beneficiary's lifetime following the death of the participant.
- A reduced annuity providing a monthly benefit for the life of the participant, with a guarantee that 120 monthly payments will be paid in the event of the early death of the participant.

Cash balance benefits are calculated as a lump sum and may be paid as a lump sum. Forms of payment available to final average pay participants are also available to cash balance participants.

For a valuation method and all material assumptions, please see the Retirement Plan's section under Note N-Employee Benefits of Notes to the Financial Statements in the 2018 Annual Report on Form 10-K.

EXCESS BENEFIT PLAN

The El Paso Electric Company Excess Benefit Plan (Excess Benefit Plan) was effective January 1, 2004, as a non-qualified deferred compensation plan that provides supplemental retirement benefits to certain employees of the Company. The purpose of the Excess Benefit Plan is to provide participants with benefits that would otherwise be payable from the qualified plan except for IRS limitations and to provide retirement plan benefits under the qualified plan formula based on short-term incentive compensation. The Excess Benefit Plan was amended in 2014, consistent with the amendment to the qualified retirement plan, to provide excess cash balance benefits with respect to qualified plan cash balance benefits and to continue to provide excess final average pay benefits with respect to qualified plan final average pay benefits.

All employees holding the office of Vice President or above are eligible to participate as of the employee's date of hire as a Vice President or above or the employee's date of promotion to Vice President or above. In addition, the Company

may select any other employee of the Company who is in a select group of management or highly compensated employees to participate in the Excess Benefit Plan.

For Excess Benefit Plan participants hired prior to April 1, 2014, all Excess Benefit Plan benefits, whether final average pay or cash balance, will be paid in the form of an annuity beginning at the later of separation from service or attainment of early retirement age. Excess Benefit Plan participants hired after

April 1, 2014, will only have excess benefits based on the cash balance plan and will have their Excess Benefit Plan benefits paid as a lump sum paid on the first day of the second month following separation from service.

Benefits payable from the Excess Benefit Plan are subject to the same vesting schedule, age/service requirements, and annuity payment options (for pre-April 1, 2014, participants) as under the Pension Plan.

The amount of the total excess benefit for each participant will be the sum of their final average pay excess benefit and their cash balance excess benefit, if applicable. Participants hired after April 1, 2014, will only have cash balance excess benefits. Participants hired before 2014 who chose to continue earning final average pay benefits will only have final average pay excess benefits.

A participant's final average pay excess benefit is calculated as the monthly pension benefit to which the employee would have been entitled under the Pension Plan if the benefit were calculated including annual bonus actually paid in the definition of average monthly compensation and without regard to IRS limitations, minus the monthly amount of the Pension Plan benefit actually payable to the employee under the Pension Plan.

A participant's cash balance excess benefit is calculated as the cash balance account to which the employee would have been entitled under the Pension Plan if the benefit

TABLE OF CONTENTS

were calculated including annual bonus actually paid in the definition of pay for determining pay credits and without regard to IRS limitations, minus the actual cash balance account under the Pension Plan.

The Excess Benefit Plan is subject to Section 409A of the Code, which requires that for certain specified employees of a publicly-traded corporation, benefits payable following separation from service cannot be paid until six months following separation from service except following the death of the participant. Any payment that would have been distributed to the participant during the six-month period following separation from service will be accumulated and paid to the participant in a single lump sum as soon as administratively practicable following the end of the six-

month period. For pre-April 1, 2014 participants, who are not specified employees (under Section 409A of the Code) who separate from employment and have attained age 55, benefits are payable on the 1st of the month following separation from service or if under age 55 at the time of separation of employment, as of the 1st of the month following attainment of age 55. For post-April 1, 2014 participants who are not specified employees, benefits are payable as of the 1st of the month following separation of employment.

The Excess Benefit Plan is entirely unfunded. Employees who participate in the Excess Benefit Plan have only the rights of general unsecured creditors of the Company with respect to any rights under the Excess Benefit Plan.

PENSION BENEFITS TABLE

The following table describes pension benefits to the NEOs under the Pension Plan and the Excess Benefit Plan as of December 31, 2018.

As of December 31, 2018, the Present Value of Accrued Benefits for each NEO is the sum of the present value of the final average pay portion of their accrued benefit, plus the cash balance account value (if applicable) for the Pension Plan and the Excess Benefit Plan. The present value of the final average pay portion of the accrued benefit is computed using an interest rate of 4.42% for the Pension Plan and 4.45% for the Excess Benefit Plan, no pre-retirement mortality, and post-retirement mortality based on the RP-2014 Total Data Set Mortality Tables (with projection from 2006 to 2014 using Scale MP-2014 improvement removed), then projected generationally from 2006 using Scale MP-2018.

Change of Control Agreements and Other Termination Benefits

The Company has entered into Change of Control Agreements with each NEO. In the event the covered NEO is terminated without cause or resigns for good reason (including a material reduction in duties and responsibilities, a reduction in pay, or a relocation of more than 50 miles) during the two-year period following a change of control, he or she will receive the following benefits under the Change of Control Agreements:

- A pro rata payment of the executive officer's Target bonus for the year of termination;
- A lump sum payment equal to the executive officer's annual base salary plus Target bonus for the year of termination, multiplied by three (for each NEO);
- If the NEO is a final average pay participant under the Pension Plan, the actuarial equivalent of vested benefits under the Pension Plan calculated with additional years of service equal to three years;
- If the NEO is a cash balance participant under the Pension Plan, the percentage, as determined under the applicable qualified retirement plan's pay credit chart, multiplied by three times the NEO's annual base pay;
- Continuation of health and other welfare benefits for two years, including service credit for those two years for purposes of eligibility for retiree benefits under any of these plans; and
 - Outplacement services for one year.

The Change of Control Agreements do not provide any tax gross-up payment in the event the payments become subject to the federal change in control excise tax and instead provide that either (i) the executive officer will be responsible for paying the excise tax, or (ii) payments under the agreements will be reduced to an amount that would result in no such excise tax, whichever would result in the executive officer retaining the higher after-tax amount.

A change in control is defined in the Change of Control Agreements and generally includes the acquisition by any person of 30% or more of the Common Stock or voting power of the Company, or the consummation of a reorganization, merger or consolidation, or other disposition of all or substantially all of the assets of the Company which results in at least a 40% change in ownership.

Under the LTIP, upon a change in control, unvested restricted stock awards become fully vested, while unearned performance share awards become vested on a prorated basis to the extent performance is achieved through a shortened performance period ending before the change in control.

In addition, as described above, Ms. Kipp is a party to an Employment Agreement that provides for pro rata accelerated vesting of her Retention Grant upon a termination without cause prior to a Change of Control. Please see President and CEO Compensation above.

TABLE OF CONTENTS

The following table quantifies potential payments or benefits to our NEOs under our equity incentive plans upon a change in control or under the Change of Control Agreements upon a termination without cause or resignation for good reason following a change in control as described above, in any case based on assumptions as if the change in control or termination had occurred on December 31, 2018. These amounts do not include benefits under the Pension Plan and the Excess Benefit Plan that would be paid in connection with any retirement event, as described under the Pension Benefits Table above.

Compensation Committee Interlocks and Insider Participation

During 2018, none of the Company's executive officers served as a member of another entity's compensation committee or committee performing equivalent functions. Therefore, no member of the Board or their immediate family members is or has been, within the last three years, employed as an executive officer of another company where one of the Company's executive officers served as a director or a member of that company's compensation committee.

The Board formally adopted a policy with respect to Related Person Transactions to document procedures pursuant to which such transactions are reviewed, approved, or ratified. This policy superseded a general grant of authority to review and approve such transactions that had been a part of the Nominating and Corporate Governance Committee charter for several years. The Company's Related Person Transaction policy applies to any transaction in which (i) the Company is a participant, (ii) any related person has a direct or indirect material interest, and (iii) the amount involved exceeds \$120,000, but generally excludes any transaction that would not require disclosure under Item 404(a) of Regulation S-K. The Nominating and Corporate Governance Committee is responsible for reviewing, approving, and ratifying any related party transaction in accordance with the Company's Related Person Transaction policy. The Nominating and Corporate Governance Committee intends to approve only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders. A copy of the policy is available at www.epelectric.com.

Each year, the Company requires the directors and executive officers to complete director and officer questionnaires identifying transactions with the Company in which the director or executive officer or their family members have an interest. In addition, the Company has implemented an enhanced system so that proposed transactions of this nature are identified and reviewed in advance. The Company reviews these transactions due to the potential for a conflict of interest. A conflict of interest occurs when an individual's private interest interferes, or appears to interfere, in any way with the Company's interests. The Company's Code of Ethics requires all directors, executive officers, and employees who may have a potential or apparent conflict of interest to immediately notify our Senior Vice President, Corporate Development and Chief Compliance Officer.

Directors, executive officers, and employees of the Company are expected to act and make decisions that are in the best interests of the Company. Directors, executive officers, and employees are prohibited from taking any action that may make it difficult for them to perform their duties, responsibilities, and services for the Company in an objective and fair manner. In addition, the Company prohibits personal loans to, or guaranteeing the personal obligations of, any director or executive officer.

A copy of the Company's Code of Ethics is available at www.epelectric.com.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the SEC Act requires the Company's directors, executive officers, and holders of more than 10% of the Company's Common Stock to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company.

The Company believes that, during and for the fiscal year ended December 31, 2018, its directors, executive officers, and holders of more than 10% of the outstanding shares of Common Stock complied with all Section 16(a) filing requirements.

SHAREHOLDER PROPOSALS AND DIRECTOR NOMINATIONS FOR 2020 ANNUAL MEETING OF SHAREHOLDERS

Under certain circumstances, shareholders are entitled to present proposals at shareholders' meetings. To be eligible for inclusion in the Proxy Statement for the Company's 2020 Annual Meeting of Shareholders, a shareholder proposal must be received at the Company's principal executive offices on or prior to December 13, 2019. The Company will consider only those proposals that meet the requirements of applicable SEC rules. Under the Company's Bylaws, in order for a shareholder proposal that is not included in the Proxy Statement to be properly brought before the annual meeting of shareholders, notice of the proposal must be received at the Company's principal executive offices at least 80 days prior to the scheduled date of the annual

meeting. A shareholder's notice should list each proposal and a brief description of the business to be brought before the annual meeting; the name and address of the shareholder proposing such business; the class and number of shares held by the shareholder; and any material interest of the shareholder in the business. If a shareholder wishes to nominate a director, the shareholder must provide the nomination to the Nominating and Corporate Governance Committee in advance in writing at the Company's principal offices pursuant to the notice provisions provided in the Company's Bylaws. For more details, see "Evaluation of Director Nominees" above.

OTHER BUSINESS

The Board knows of no business other than as stated in the Notice of Annual Meeting of Shareholders that will be presented for consideration at the Annual Meeting. If, however, other matters are properly brought before the Annual Meeting, it is the intention of the persons named in

the accompanying form of proxy to vote the shares of Common Stock represented thereby on such matters in accordance with their discretion and judgment as to the best interests of the Company and its shareholders.

ANNUAL REPORT

The Company's 2018 Annual Report, which includes financial statements, but which does not constitute a part of the proxy solicitation material, accompanies this Proxy Statement.

DELIVERY OF PROXY STATEMENT

Pursuant to the rules adopted by the SEC, the Company has elected to provide access to the proxy materials over the Internet. Accordingly, the Company sent a Notice of Internet Availability of Proxy Materials (the Notice) to shareholders of record and beneficial owners. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice or may request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found on the Notice. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.
