PROXY STATEMENT/ANNUAL MEETING OF STOCKHOLDERS OF

RCG COMPANIES INCORPORATED

June 1, 2005

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This Proxy Statement (the "Proxy Statement") and the accompanying form of proxy are being furnished to the Stockholders (the "Stockholders") of RCG Companies Incorporated (the "Company") in connection with the solicitation of proxies by the Board of the Company (the "Board") from holders of its outstanding common stock (the "Common Stock"), for use at the Annual Meeting of Stockholders of the Company (together with any adjournments or postponements thereof, the "Meeting") to be held at the Westin, located at 3391 Peachtree Road NE, Atlanta, Georgia, on June 24, 2005 at 9:30 a.m., local time. This Proxy Statement, the accompanying form of proxy, and the Annual Report to Stockholders are expected to be mailed to Stockholders of the Company on or about June 1, 2005.

Solicitation

The expense of this solicitation will be borne by the Company. In addition to solicitation by mail, executive officers and other employees of the Company may solicit proxies, without additional compensation, personally and by telephone and other means of communication. The Company will also reimburse brokers and other persons holding Common Stock in their names or in the names of their nominees for their reasonable expenses in forwarding proxies and proxy materials to beneficial owners. The Company has also retained Morrow & Co, Inc. to assist in the solicitation of proxies for a fee not to exceed \$25,000 plus expenses.

Voting Rights and Outstanding Shares

Stockholders of record as of the close of business on April 27, 2005 (the "Record Date") will be entitled to vote at the Meeting (except as noted in the specific Proposal descriptions set forth below). Each share of outstanding Common Stock is entitled to one vote. As of the Record Date, there were 29,219,112 shares of Common Stock outstanding.

The presence at the Meeting, in person or by proxy, of a majority of the outstanding shares of Common Stock as of the Record Date will constitute a quorum for transacting business at the Meeting. With respect to voting generally, votes that are withheld broker non-votes, will be counted to determine whether a quorum is present, but will not be counted as part of the total number of votes cast on any proposal and will have no effect on the outcome. Broker non-votes occur when a broker nominee, holding shares in street name for the beneficial owner thereof, has not received voting instructions from

Edgar Filing: RCG Companies INC - Form DEF 14A

the beneficial owner and does not have discretionary authority to vote. In determining whether a proposal has received the requisite number or favorable votes, abstentions will be counted as part of the total number of votes cast on such proposal to determine whether a quorum is present. Thus abstentions will have the same effect as votes "against" the proposal.

The election of directors requires the plurality vote of the shares of Common Stock present in person or represented by proxy and voting. The ratification of BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2005 requires the affirmative vote of a

1

majority of the shares of Common Stock present in person or represented by proxy at the Meeting. Therefore, abstentions and broker non-votes will not have any effect on the voting to elect directors. Broker non-votes will not have any effect on the vote to ratify appointment of the auditors, but abstentions will have the effect of a vote "against" ratification.

Approval of Proposal 3 requires the affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the meeting, excluding shares of common stock issued in connection with the Company's acquisition of Farequest Holdings, Inc. Broker non-votes will not have any effect on the vote in Proposal 3, but abstentions will have the effect of a vote "against."

Approval of Proposal 4 requires the affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the meeting, excluding shares of common stock acquired from the conversion of the Company's Series A Convertible Preferred Stock or exercise of Warrants and Additional Investment Rights sold in September 2004 and Warrants sold in October 2003 and February 2005. Broker non-votes will not have any effect on Proposal 4, and abstentions will have the effect of a vote "against" Proposal 4. However, approval of Proposal 4 is also contingent upon approval of Proposals 5 and 6. Therefore, although broker non-votes will not have any effect on Proposal 4, they do act as a vote against Proposal 6 and consequently will indirectly act as a vote against Proposal 4.

Approval of Proposal 5 requires the affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the meeting. Broker non-votes will not have any effect on Proposal 5, and abstentions will have the effect of a vote "against" Proposal 5. However, approval of Proposal 5 is also contingent on approval of Proposals 4 and 6. Therefore, although broker non-votes will not have any effect on voting for Proposal 5, they do act as a vote against Proposal 6 and consequently will indirectly act as a vote against Proposal 5.

The approval of Proposal 6, which is an amendment to the Company's Certificate of Incorporation effecting a 1 for 10 reverse split of the Company's Common Stock and reducing the Company's authorized common stock, requires the affirmative vote of a majority of the outstanding shares of Common Stock. Therefore, abstentions and broker non-votes will have the effect of a vote "against" this proposal. Also, approval of Proposals 4, 5 and 6 are contingent upon them all being approved. Consequently, abstentions, broker non-votes or the failure to return a proxy or vote at the meeting will have the effect of voting against the proposal and indirectly Proposals 4 and 5.

The approval of Proposal 7 - to approve, to the extent required for compliance with the American Stock Exchange rules, the issuance of additional shares of the Company's Common Stock as needed for full conversion of the

Edgar Filing: RCG Companies INC - Form DEF 14A

Company's aggregate \$12,500,000 Secured Promissory Notes issued for the acquisition of OneTravel, Inc. - requires the affirmative vote of a majority of the shares of Common stock present in person or represented by proxy at the meeting. Broker non-votes will not have any effect on Proposal 7, and abstentions will have the effect of a vote "against" Proposal 7.

Revocability of Proxies

The shares of Common Stock represented by proxy will be voted as instructed if received in time for the Meeting. If no instructions are indicated, such shares will be voted in favor of (FOR) (i) each nominee for election as a director specified herein; (ii) the ratification of the appointment of BDO Seidman, LLP, as the independent registered public accounting firm for the Company for the fiscal year ending June 30, 2005; (iii) to approve, to the extent required for compliance with the American Stock Exchange rules, the issuance of additional shares of the Company's common stock in connection with the Company's February 2005 acquisition of Farequest Holdings, Inc., as needed for full (a) conversion of the Company's Series B 6% Redeemable Participating Preferred Stock into Common Stock; (b) payment of the Company's \$6,037,872 Promissory Note with 3,018,936 shares of Common Stock for the principal amount plus payment of interest of 4% per year in shares of Common Stock as needed, and (c) issuance of

2

shares of Common Stock as needed in full satisfaction of the Contingent Shares payable to the Farequest Holdings, Inc. former shareholders; (iv) to approve, to the extent required for compliance with the American Stock Exchange rules, issuance of additional shares of the Company's Common Stock as needed for the full conversion of the Company's Series A 6% Convertible Preferred Stock and exercise of Warrants and Additional Investment Rights sold in a private placement offering completed by the Company in September 2004 and Warrants sold in private placement offerings completed by the Company in October 2003 and February 2005 and adjusted in April 2005; (v) to approve, to the extent required for compliance with the American Stock Exchange rules, issuance of additional shares of the Company's Common Stock as needed for full conversion of the Company's Series C Convertible Preferred Stock and exercise of the Company's Warrants sold in a private placement in April 2005; (vi) to approve an amendment to the Company's Certificate of Incorporation effecting a 1 for 10 reverse split of the Company's Common Stock and reduction of the Company's authorized Common Stock to 50,000,000 shares; (vii) to approve, to the extent required for compliance with the American Stock Exchange rules, the issuance of additional shares of the Company's Common Stock for full conversion of the Company's aggregate \$12,500,000 Secured Promissory Notes issued for the acquisition of OneTravel, Inc.; and (viii) in the discretion of the proxy holder as to any other matter that may properly come before the meeting or any adjournment(s) or postponement(s) thereof.

Most stockholders have a choice of voting over the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in the postage-paid envelope provided. Please check your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you. Please be aware that if you vote over the Internet, you may incur costs such as telecommunication and Internet access charges for which you will be responsible. The Internet and telephone voting facilities for stockholders of record will close at 11:59 PM, Eastern Time, the day prior to date on which the meeting takes place. The internet and telephone voting procedures have been designed to authenticate stockholders by use of a control number and allow you to vote your shares and to confirm that your instructions have been properly recorded. Each executed and returned proxy card will be voted

Edgar Filing: RCG Companies INC - Form DEF 14A

in accordance with the directions indicated thereon, or if no direction is indicated, such proxy will be voted in accordance with the recommendations of the Board of Directors contained in this Proxy Statement. Each stockholder giving a proxy (by executing the proxy card, over the Internet or by telephone) has the power to revoke it at any time before the shares it represents are voted. Revocation of a proxy is effective upon receipt by the Secretary of the Company (c/o Investor Relations, 6836 Morrison Blvd, Suite 200, Charlotte NC 28211) of either (1) an instrument revoking the proxy or (2) a proxy bearing a later date (which can be done by mail, over the Internet or by telephone). Additionally, a stockholder may change or revoke a previous proxy by voting in person at the Annual Meeting.

3

EFFECTS OF THE STOCKHOLDER VOTES

The Board of Directors of the Company believes that approval of Proposals 3 through 7 are in the best interests of the Company and its common stockholders. The Company has a working capital deficit and negative cash flow from operations. Proposals 3, 4, 5, 6 and 7, if approved, present the Company with the opportunity to satisfy significant obligations, for which it does not currently have adequate cash resources, by issuing Common Stock.

Proposal 3

In connection with the acquisition of Farequest Holdings Inc., the Company issued a Promissory Note for \$6,037,872, and Series B 6% Redeemable Participating Preferred Stock with a stated value of \$8.18 per share that bears an annual cumulative dividend of 6% unless the Series B Preferred Stock converts to Common Stock no later than October 29, 2005. If this proposal is approved, the principal amount of the promissory note will be satisfied by paying 3,018,936 shares of Common Stock, plus payment of interest of 4% per year in shares of Common Stock as needed, the Series B Preferred Stock will convert into an estimated 15,273,890 shares of Common Stock and no dividend will be payable and up to an estimated 2,995,683 shares of Common Stock would be issuable as an anti-dilution measure as and when the Company's Series A 6% Convertible Preferred Stock is converted into Common Shares, assuming the conversion price is \$0.55 per share. If this proposal is not approved, the promissory note will be payable in cash on February 1, 2006 and the Series B Stock will remain outstanding, ranking senior to the Common Stock, and bearing a cumulative dividend of 6% per annum.

Proposals 4, 5 and 6

In connection with the Company's April 2005 Private Placement, the proceeds of which were used to finance the acquisition of OneTravel, Inc., to redeem outstanding Debentures and for working capital, the Company issued Series C Convertible Preferred Stock with an aggregate liquidation preference of approximately \$31,000,000. The Series C Preferred Stock is redeemable, if not converted earlier into common stock, one year from its issuance, i.e. April 14, 2006. Approval of all three Proposals 4, 5 and 6 is required for any of the three Proposals to be approved, i.e. approval of any one of them is contingent on all three being approved.

If these proposals are approved, the Series C Convertible Stock will automatically convert into common stock. If these proposals are not approved, the Series C Preferred Stock will remain outstanding and will be mandatorily redeemable by the Company for approximately \$31,000,000 on April 14, 2006.

Edgar Filing: RCG Companies INC - Form DEF 14A

Assuming the conversion price of the Series A 6% Convertible Preferred Stock is \$0.55 per share and is not reset as a result of the reverse stock split, up to an estimated 2,854,546 shares of Common Stock would be issued upon conversion of the Series A 6% Convertible Preferred Stock. Assuming the conversion price of the warrants issued September 2004 is \$1.00 per share up to an estimated 1,143,617 shares of Common Stock would be issued upon conversion of such warrants. Assuming the exercise price of the Additional Investment Rights issued in September 2004 is \$0.55 per share, up to an estimated 3,430,851 shares of Common Stock would be issued upon exercise of the Additional Investment Rights. Assuming the exercise price of the warrants issued April 2005, February 2005 and October 2003 is \$0.55 per share and the exercise price of the April 2005 warrants is not reset as a result of the reverse stock split, up to an estimated 35,193,331 shares of Common Stock would be issued upon exercise of such warrants. Assuming the exercise price of the placement agent warrants issued April 2005 is \$0.605 per share and is not reset as a result of the reverse stock split, up to an estimated 3,393,835 shares of Common Stock would be issued upon exercise of such warrants. Assuming the exercise price of the Series C Convertible Stock is \$0.55 per share and the exercise price of the April 2005 warrants is not reset as a result of the reverse stock split, up to an estimated 56,563,945 shares of Common Stock would be issued upon conversion of the Series C Convertible Stock.

Proposal 7

In connection with the Company's acquisition of OneTravel, Inc. in April 2005, the Company issued an aggregate of \$12,500,000 Convertible Promissory Notes to certain stockholders of OneTravel, Inc. The notes are due October 12, 2005, but may be extended by the Company for five separate one month extension periods by payment of an aggregate of \$125,000 for each extension.

Although the Convertible Promissory Notes would only be converted at the holders' option, if Proposal 7 is approved the holders may convert the notes into Common Stock and the Company could satisfy its obligations for the notes with Common Stock. If Proposal 7 is not approved, however, the Company will not have the flexibility to honor a conversion request by the noteholders and satisfy the promissory notes by issuing Common Stock.

Assuming the conversion price of the Convertible Promissory Notes is \$0.6875 per share and is not reset as a result of the reverse stock split, up to an estimated 18,181,820 shares of Common Stock would be issued upon conversion of the Convertible Promissory Notes.

- * setting the compensation level of our Chief Executive Officer and all of our other executive officers based on an evaluation of each executive's performance in light of the goals and objectives of our executive compensation plans.

The Nominating and Corporate Governance Committee

The Board established a Nominating and Corporate Governance Committee, which is currently comprised of Mr. Carroll as chairman and Mr. Sicilian. The charter of the Committee is available on the Company's website and is attached hereto as Appendix A. The members of the Nominating and Corporate Governance Committee are independent as defined in Section 121(A) of the American Stock Exchange Listing Standards. The Nominating and Corporate Governance Committee convenes when deemed appropriate or necessary by its members. The Nominating and Corporate Governance Committee performs the following functions:

- * recommending to the Board of Directors individuals qualified to serve as directors of the Company;
- * recommending to the Board of Directors, directors to serve on committees of the Board of Directors;
- * advising the Board of Directors with respect to matters relating to the composition, procedures and committees of the Board of Directors;
- * developing and recommending to the Board of Directors a set of corporate governance principles applicable to the company and overseeing corporate governance matters generally; and
- * overseeing the evaluation of the Board of Directors and the Company's management.

The Nominating and Corporate Governance Committee will consider director candidates recommended by Stockholders. In considering candidates submitted by Stockholders, the Nominating and Corporate Governance Committee will take into consideration the needs of the Board of Directors and the qualifications of the candidate. The Nominating and Corporate Governance Committee may also take into consideration the number of shares held by the recommending Stockholder and the length of time that such shares have been held. To have a candidate considered by the Nominating and Corporate Governance Committee, a Stockholder must submit the recommendation in writing and must include the following information:

- * The name of the Stockholder and evidence of the person's ownership of our common stock, including the number of shares owned and the length of time of ownership; and
- * The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the company and the person's consent to be named as a director if selected by the Nominating and Corporate Governance Committee and nominated by the Board of Directors.

The Stockholder recommendation and information described above must be addressed to our Chairman of the Board at 6836 Morrison Boulevard, Suite 200, Charlotte, NC 28211, and must be received by our Chairman of the Board not less than 120 days prior to the anniversary date of our most recent annual meeting of stockholders. If, however, we did not hold an annual meeting the previous year, or if the date of the annual meeting to which the recommendation applies has been changed by more than 30 days from the anniversary date of our most recent

annual meeting of stockholders, then the recommendation and information must be received not later than the close of business on the 10th day following the day on which notice of the date of the meeting is mailed or public disclosure of the date of the meeting is made, whichever occurs first.

All director candidates recommended by the Nominating and Corporate Governance Committee must be consistent with the Board of Directors' criteria for selecting directors. These criteria include the possession of such knowledge, experience, skills, expertise and diversity so as to enhance the Board of Directors' ability to manage and direct the affairs and business of the Company, including, when applicable, to enhance the ability of committees of the Board of Directors to fulfill their duties and/or to satisfy any independence requirements imposed by law, regulation or AMEX listing requirement. In addition, the Nominating and Corporate Governance Committee examines, among other things, a candidate's ability to make independent analytical inquiries, understanding of our business environment, potential conflicts of interest, independence from management and the Company, integrity and willingness to devote adequate time and effort to responsibilities associated with serving on the Board of Directors.

The Nominating and Corporate Governance Committee identifies potential nominees by asking current directors and executive officers to notify the Committee if they become aware of persons meeting the criteria described above, and in particular any such persons who have had a change in circumstances that might make them available to serve on the Board of Directors -- for example, retirement as a senior executive of a public company. The Nominating and Corporate Governance Committee also, from time to time, may engage firms that specialize in identifying director candidates. No firm was engaged to identify this year's candidate. As described above, the Committee will also consider candidates recommended by Stockholders.

Once a person has been identified by the Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Committee determines that the candidate warrants further consideration, the Chairman or another member of the Committee contacts the person. Generally, if the person expresses a willingness to be considered and to serve on the Board of Directors, the Committee requests information from the candidate, reviews the person's accomplishments and qualifications, including in light of any other candidates that the Committee might be considering, and conducts one or more interviews with the candidate. In certain instances, Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Committee's evaluation process does not vary based on whether or not a candidate is recommended by a Stockholder, although, as stated above, the Board of Directors may take into consideration the number of shares held by the recommending Stockholder and the length of time that such shares have been held.

In addition to the selection process of the Nominating and Corporate Governance Committee, under the Agreement and Plan of Merger among the Company and Farequest Holdings, Inc., and the terms of the Company's Series B Preferred Stock, (i) the holders of the Company's Series B 6% Redeemable Participating Preferred Stock are entitled to elect three directors, and (ii) at this annual meeting and the next two annual meetings, RCG's board of directors is required to nominate, and recommend for election by the Stockholders, William A. Goldstein, as Chairman of the Board of Directors, and provided Mr. Goldstein shall continue to own at least ten percent (10%) of the outstanding Common Stock

Edgar Filing: RCG Companies INC - Form DEF 14A

of the Company, the Company's Board of Directors shall also nominate and recommend for election by the Stockholders, two (2) additional directors named by Mr. Goldstein who shall be "independent directors" and reasonably acceptable to the then existing board of directors. Messrs. Attkisson and Sicilian were

10

named by Mr. Goldstein as proposed directors. Mr. Goldstein also agreed to vote Mr. Goldstein's shares of Common Stock (i) during such three (3) year period, for Michael Pruitt as a member of the Company's board of directors, provided Mr. Pruitt holds 750,000 shares of Common Stock at the time of the applicable vote, and (ii) for the remaining nominees nominated by the Company's board for a one-year term beginning with the closing of the Company's acquisition of Farequest Holdings, Inc. The Company is not soliciting a vote by the Series B Preferred stockholders at this meeting, based on the assumption that the conversion of the Series B Preferred Stock will be approved and will be effected promptly following the Meeting.

Compensation Committee Report on Executive Compensation

Our executive compensation program presently is administered by the Compensation Committee of the Board of Directors set forth below. None of these Compensation Committee members are employed by us, and each is an independent director under the AMEX listing standards.

Executive Compensation Policies

The objectives of our executive compensation policies are to attract, retain and reward executive officers who contribute to our success, to align the financial interests of executive officers with our performance, to strengthen the relationship between executive pay and Stockholder value, to motivate executive officers to achieve our business objectives and to reward individual performance. Our executive compensation package consists of three components: base salary and related benefits; short term incentive program; and long term incentive program in the form of stock options and awards of restricted stock units, which units, at our option, are convertible into shares of common stock on the date of conversion.

The first component of our executive compensation package is base salary and related benefits. Each executive officer receives a base salary and

Edgar Filing: RCG Companies INC - Form DEF 14A

benefits based on competitive compensation information and his responsibilities and performance. The second component of our executive compensation package is a bonus program. Generally, the Compensation Committee, together with our management, establishes objectives at the beginning of the year. At the end of each year, the Compensation Committee reviews management's and the company's achievement against those objectives and recommends a bonus based on the achievement of those objectives. The third component of our executive compensation package is long-term incentives in the form of stock options and awards of restricted stock units, which we believe are important as an incentive tool designed to more closely align the interests of our executive officers with the long-term interests of our Stockholders and to encourage our executive officers to remain with us.

Section 162(m) Policy

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally provides that publicly held companies may not deduct compensation paid to certain of its top executive officers to the extent such compensation exceeds \$1 million per officer in any year. However, pursuant to regulations issued by the Treasury Department, certain limited exceptions to Section 162(m) apply with respect to "performance-based compensation." Awards granted under our Long Term Incentive Plan are intended to constitute qualified performance-based compensation eligible for such exceptions, and we will continue to monitor the applicability of Section 162(m) to our ongoing compensation arrangements. The Compensation Committee will, in general, seek to qualify compensation paid to our executive officers for deductibility under Section 162(m), although the Compensation Committee believes it is appropriate to retain the flexibility to authorize payments of compensation that may not qualify for deductibility if, in the Compensation Committee's judgment, it is in the Company's best interest to do so.

Chief Executive Officer Compensation

The Compensation Committee determined the compensation level of Mr. Pruitt, while he served as our Chief Executive Officer and certain other executives. Such compensation is set by the Compensation Committee with due regard to industry practice, competitive salary information, executive performance and current market conditions. In addition, Mr. Pruitt participates in the same executive compensation programs available to other of our executive officers. For the fiscal year ended 2004 Mr. Pruitt and a company owned by Mr. Pruitt received \$180,000 in the aggregate.

Members of the Compensation Committee: Dr. James A. Verbrugge, and Mr. P. Roger Byer as its Chairman.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee during fiscal 2004 were Dr. Verbrugge and Mr. Byer and for a portion of the year included Robert Brooks and Wesley Jones who are no longer directors of the Company. None of the members of the Compensation Committee during fiscal 2004 (i) was an officer or employee of the Company or any of its subsidiaries, (ii) was formerly an officer of the Company or any of its subsidiaries or (iii) had any relationship requiring disclosure by the Company under the SEC's rules requiring disclosure of related party transactions.

Certain Relationships and Related Transactions

G. David Gordon, a Company stockholder, also occasionally acts as legal counsel to the Company.

On April 19, 2004, Robert H. Brooks, Chairman of Hooters of America, Inc., Hooters Air and Pace Airlines, Inc. joined the Company's Board of Directors. In addition, Mr. Brooks made a \$1,000,000 cash investment in the Company, and provided a waiver of the requirement of delivery of a letter of credit in the amount of \$1,000,000 to Pace Airlines, Inc., a charter airline company that charters planes to the Company's Travel Services division. In exchange, the Company issued 1,250,000 restricted shares of Common Stock and a warrant to purchase 1,250,000 restricted shares of Common Stock at an exercise price of \$2.44 per share. The \$1,000,000 investment was allocated \$800,000 to the Common Stock and \$200,000 to the warrants using the Black-Scholes option pricing model. On August 2, 2004, Mr. Brooks resigned from the Company's Board of Directors, sighting time constraints.

On February 8, 2005, K. Wesley M. Jones, Sr. resigned as a member of the Company's Board of Directors, sighting time constraints. Mr. Jones has an ownership stake in a private investment group that has secured certain letters of credit issued by the Company in the amount of \$2 million. During the nine months ended March 31, 2005, the Company paid the private investment group approximately \$180,000. On December 14, 2004, the Company granted the aforementioned private investment group, for a one time release of collateral and a term extension to the letters of credit, 215,000 three-year common stock warrants at an exercise price of \$1.25. The common stock warrants were valued at \$125,000 using the Black-Scholes option pricing model and the expenses is included in selling, general and administrative expenses.

Mr. Jones and Mr. Michael D. Pruitt, RCG's Vice Chairman, as with other accredited investors, each advanced the Company \$250,000 of the total \$1.1 million advanced (see Note 3). Messrs. Jones and Pruitt each received three year options to purchase 125,000 Common Shares at an exercise price of \$1.25 in return for their respective loans of \$250,000.

Included in accounts payable and other accrued expenses is \$100,000 received from P. Roger Byer, a Director, which was subsequently used to exercise common stock options.

On February 2, 2005, the Company acquired Farequest Holdings, Inc., which is now a subsidiary of the Company. In connection with that transaction, Mr. Goldstein, who is now the Company's Chairman and Chief Executive Officer, Mr

Edgar Filing: RCG Companies INC - Form DEF 14A

Atkisson, who is now a Director, and Mr. Bercoon, who is now the Company's President, received securities from the Company in exchange for their stock in Farequest. Additionally, the warrants they hold which were formerly exercisable for stock in Farequest were converted into the right to receive the merger consideration consisting of securities of the Company upon exercise. Their holdings are described under "Beneficial Ownership of Management and Certain Beneficial Owners" above.

Farequest licenses an Internet-based travel booking engine from nPorta which is a company majority owned by William Goldstein, the Chairman and Chief Executive Officer of the Company. Farequest is obligated to pay a monthly license fee for support and maintenance at a rate of \$3.00 per reservation booked on-line. Monthly fees charged by nPorta to Farequest during the period from the date of the Farequest acquisition to April 30, 2005 totaled \$77,739 of which \$44,093 has been paid as of April 30, 2005.

During the calendar year ended December 31, 2004, Farequest purchased several automobiles, which were financed through notes payable. Certain notes were personally guaranteed by two stockholders of Farequest. In exchange for the guarantees, the Company pays fees to the stockholders which, during the period from the date of the Farequest acquisition to April 30, 2005, totaled \$9,000. Of this amount \$4,500 was paid to Marc Bercoon, the Company's President, who guarantees ten of the vehicle loans. The fees are expected to be paid through the term of the notes, which mature in 2009. Mr. Bercoon also received \$4,000 per month in connection with a consulting agreement with Farequest which totaled \$12,000 for period from the date of the Farequest acquisition to April 30, 2005.

Change in Auditor

On February 26, 2004 the Company acted to dismiss Crisp Hughes Evans LLP as its independent registered accounting firm. This determination followed the Company's decision to seek proposals from independent registered accounting firms to audit its financial statements, and was approved by the Company's Board

22

of Director's upon the recommendation of its Audit Committee. The decision to terminate the Company's relationship with CHE did not involve a dispute with the Company over accounting policies or practices.

The independent audit report of CHE on the consolidated financial statements of the Company as of and for the fiscal years ended June 30, 2003 and 2002 did not contain any adverse or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles. During the two fiscal years ended June 30, 2003, and during the period from that date to February 26, 2004, there were no disagreements with CHE on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of CHE, would have caused CHE to make reference to the subject matter of the disagreements in connection with its report.

In the Report to the Audit Committee as of June 30, 2003, CHE recommended the Company hire a Chief Financial Officer. The Company informed CHE that it was conducting an executive search for a CFO and a CFO was subsequently hired. No other reportable event described under Item 304(a)(1)(v) of Regulation S-K occurred within the two fiscal years ended June 30, 2003 and during the period from that date to February 26, 2004. CHE has reviewed the preceding statements, and a copy of the response of CHE is attached as Exhibit 99.1 to that certain Form 8-KA filed with the SEC on March 3, 2004.

Miscellaneous

The Audit Committee reviews, and in its sole discretion pre-approves, our independent auditors' annual engagement letter including proposed fees and all audit and non-audit services provided by the independent auditors. Accordingly, all services described under "Audit-Related Fees," "Tax Fees" and "All Other Fees" were pre-approved by our Audit Committee. The Audit Committee may not engage the independent auditors to perform the non-audit services proscribed by law or regulation. The Audit Committee may delegate pre-approval authority to a member of the Audit Committee, and authority delegated in such manner must be reported at the next scheduled meeting of the Audit Committee.

Board Recommendation

The Board recommends that the Stockholders vote FOR the ratification of the appointment of BDO as the Company's independent registered public accounting firm for the fiscal year 2005.

PROPOSAL 3

TO APPROVE, TO THE EXTENT REQUIRED FOR COMPLIANCE WITH THE AMERICAN STOCK EXCHANGE RULES, THE ISSUANCE OF ADDITIONAL SHARES OF THE COMPANY'S COMMON STOCK IN CONNECTION WITH THE COMPANY'S FEBRUARY 2005 ACQUISITION OF FAREQUEST HOLDINGS, INC., AS NEEDED FOR FULL (I) CONVERSION OF THE COMPANY'S SERIES B 6% REDEEMABLE PARTICIPATING PREFERRED STOCK INTO COMMON STOCK; (II) PAYMENT OF THE COMPANY'S \$6,037,872 PROMISSORY NOTE WITH 3,018,936 SHARES OF COMMON STOCK FOR THE PRINCIPAL AMOUNT PLUS PAYMENT OF INTEREST OF 4% PER YEAR IN SHARES OF COMMON STOCK AS NEEDED, AND (III) ISSUANCE OF SHARES OF COMMON STOCK AS NEEDED IN FULL SATISFACTION OF THE CONTINGENT SHARES PAYABLE TO THE FAREQUEST HOLDINGS, INC. FORMER SHAREHOLDERS.

Description of Transaction

On February 1, 2004, the Company closed a transaction through which its wholly owned subsidiary WTI Acquisition, Inc. ("Sub") merged with and into Farequest Holdings, Inc. ("Farequest"). Pursuant to the terms of the Agreement and Plan of Merger dated November 30, 2004, as amended (the "Merger Agreement") the Farequest stockholders received (i) 4,779,196 shares of the Company's Common Stock, (ii) 1,527,389 shares of the Company's Series B 6% Senior Participating Preferred Stock ("Series B Preferred Stock"), and (iii) a promissory note (the "Promissory Note") payable within one year of the effective time of the merger, at the Company's option, in either (a) an amount in cash equal to lesser of (x) \$6,037,872 or (y) 19% of the value of the total maximum consideration payable or (b) 3,018,936 shares of the Company's Common Stock. Solely as an anti-dilution mechanism, if and when holders of the Company's Series A 6% Convertible Preferred Stock convert shares of Series A 6% Convertible Preferred Stock into shares of the Company's Common Stock, the Farequest stockholders are entitled to receive additional shares of the Company's Series B Preferred Stock (if the Company's Series B Preferred Stock has not yet been converted), or additional shares of the Company's Common Stock based on the conversion ratio of the Series B Preferred Stock (if the Company's Series B Preferred Stock has been converted), (such additional shares being the "Contingent Shares"), as needed based upon a formula designed to prevent the dilution of the Farequest stockholders' equity interest in the Company.

The Company agreed to file a registration statement with the SEC registering for resale all shares of the Company's Common Stock initially issued in the merger transaction, underlying the Series B Preferred Stock, and underlying the Promissory Note.

At the effective time of the merger, the Company's Board of Directors was expanded to eight (8) members. William A. Goldstein, a director and executive officer of Farequest, was appointed the Chairman of the Board of Directors, Ronald Attkisson was appointed as a director of the Company, and John T. Sicilian was appointed as a director of the Company. For a period of three years, the Company's Board of Directors will nominate and recommend for election by the Stockholders, Mr. Goldstein, as Chairman of the Board, and, provided that Mr. Goldstein shall have continued to own at least 10% of the outstanding Common Stock of the Company, two additional directors named by Mr. Goldstein. Such nominees shall be independent directors and shall be reasonably acceptable to the then existing Board of Directors. Mr. Goldstein has agreed to vote his shares of the Company's Common Stock (i) during such three year period for Michael Pruitt as a member of the Company's Board of Directors, provided that Mr. Pruitt holds at least 750,000 shares of the Company's Common Stock at the time of the nomination, and (ii) for the remaining nominees nominated by the Company's board for a one year term beginning with the effective time.

The merger transaction was approved by the Company's Board of Directors on November 29, 2004 and the final terms approved on January 28, 2005. The Company's Common Stock, Series B Preferred Stock, and Promissory Note, and the shares of Common Stock underlying such securities were issued pursuant to the exemption from registration provided by Section 4(2) of the Securities Act, as amended, and Regulation D promulgated under the Securities Act.

American Stock Exchange Approval Rule

The Company's Common Stock is listed for trading on the American Stock Exchange and therefore, is subject to the Rules of the American Stock Exchange. Pursuant to the American Stock Exchange Constitution and Rules, Section 712, "the corporation is required to obtain shareholder approval as a prerequisite to approval of applications to list additional shares to be issued as sole or partial consideration for an acquisition of the stock or assets of another company . . . where the present or potential issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 20% or more." As of January 31, 2005, a day prior to closing of the merger transaction with Farequest Holdings, Inc., the Company had 24,016,206 shares of Common Stock issued and outstanding. Generally, in making a determination regarding the shareholder approval on the 20% rule, the American Stock Exchange will compute the number of shares to be obtained by utilizing the lowest possible conversion ratio and will rely on the number of shares outstanding at the time of the offering. The issuance of any additional shares of Common Stock in connection with the merger transaction, whether upon conversion of the Series B Preferred Stock, the Promissory Note, or otherwise, when added to the shares of Common Stock already issued in the merger transaction, would result in an increase in the Company's outstanding Common Stock of 20% or more. Therefore, shareholder approval is required regarding any additional issuances of Common Stock in connection with the merger transaction, whether as a result of a conversion of the Series B Preferred Stock, the Promissory Note, or otherwise.

If shareholder approval is received, the Series B Preferred Stock will automatically convert into 15,273,890 shares of Common Stock, and no dividends will be paid or accrue on the Series B Preferred Stock, and all of the Company's obligations under the Promissory Note will be paid in Common Stock, including the principal amount of \$6,037,872 will be paid in full by issuance of 3,018,936 shares of Common Stock plus payment of interest of 4% per year in shares of Common Stock as needed. In the event that shareholder approval is not obtained, the Series B Preferred Stock and Promissory Note will not be converted, the Series B Preferred Stock will remain outstanding and will be senior to the Common Stock and will bear dividends at 6% per annum, and the Promissory Note will be payable in cash on February 1, 2006, and no additional shares of Common Stock may be issued in connection with the merger transaction.

Holdings of Common Stock whose shares were issued in connection with the merger transaction will not be counted in the vote on this Proposal.

Description of Series B Preferred Stock

The following is a summary of the material terms of the Series B Preferred Stock and is qualified in its entirety by the Certificate of Designation of Preferences, Rights and Limitations of Series B 6% Redeemable Participating Preferred Stock (the "Certificate") filed as an exhibit to Form 8-K filed by the Company with the SEC on February 7, 2005.

The form of dividend payments to each Holder shall be made at the option of the Company either in cash or additional Shares of Series B Preferred Stock with a Stated Value equal to the amount of dividend being paid. Dividends on the Series B Preferred Stock shall be calculated on the basis of a 360-day year, shall accrue daily commencing on the date of issuance, and shall be deemed to accrue from such date whether or not earned or declared and whether or not there are profits, surplus or other funds of the Company legally available for the payment of dividends. So long as any Series B Preferred Stock shall remain outstanding, neither the Company nor any subsidiary thereof shall redeem, purchase or otherwise acquire directly or indirectly either (i) any Junior Securities or Parity Securities, or (ii) Senior Securities other than the Company's Series A 6% Convertible Preferred Stock in accordance with the terms thereof as in effect on November 30, 2004 or other Senior Securities that are issued, if any, after the Effective Time under the Merger Agreement with the consent of the Holders of the Series B Preferred Stock or with Preferred Director Approval ("Approved Senior Securities"). 26

Designation or Bylaws of the Company or of any provision thereof (including the adoption of a new provision thereof) which would result in an alteration or circumvention of the voting powers, designation and preferences and relative participating, optional and other special rights, and qualifications, limitations and restrictions of the Series B Preferred Stock.

So long as any shares of Series Preferred Stock are outstanding, the Company shall not, without the affirmative vote of the Holders of the shares of the Series B Preferred Stock then outstanding, (i) alter or change adversely the powers, preferences or rights given to the Series B Preferred Stock or alter or amend the Certificate, (ii) authorize or create any (A) Senior Securities other than Senior Securities for the acquisition of any business including the Merger, on terms approved by a Preferred Director Approval, (B) Parity Securities, or (C) any Junior Securities other than Common Stock, (iii) amend its certificate of incorporation except to decrease the authorized Common Stock (but not below an amount required to be maintained under Section 10(b) of the Certificate), (iv) increase the authorized number of shares of Series B Preferred Stock or the number of shares of the Company's Series A 6% Convertible Preferred Stock, (v) unless authorized by a Preferred Director Approval, create, incur, assume, maintain or permit to exist, except as may be in existence at the Effective Time under the Merger Agreement, any long-term debt or any short-term debt for borrowed money other than under lines of credit existing on November 30, 2004 (which amounts permitted or drawn thereunder shall not be increased), or relating to purchase money security interests or obligations as a lessee under leases recorded as capital leases, each as incurred in the ordinary course of business and in amounts less than \$25,000; (vi) assume, guarantee, endorse or otherwise become liable or responsible (whether directly, contingently or otherwise) for the obligations of any other Person other than a subsidiary of the Company; or (vii) make any loans, advances or capital contributions to, or investments in, any other Person other than a subsidiary of the Company; (viii) authorize, recommend, propose or announce an intention to authorize, recommend or propose, or enter into any agreement in principle or an agreement with respect to, any (A) plan of liquidation or dissolution, (B) unless authorized by a Preferred Director Approval, acquisition of an amount of assets or securities in excess of \$500,000, (C) unless authorized by a Preferred Director Approval, disposition of assets or securities in amounts greater than \$500,000, or (D) unless authorized by a Preferred Director Approval, merger or combination to which the Company or any subsidiary of the Company is a party, (ix) unless authorized by a Preferred Director Approval, engage in any unusual or novel method of transacting business or change any accounting procedure or practice or its financial structure; or (x) enter into any agreement with respect to the foregoing. Notwithstanding the foregoing, in no event shall the consent of the Holders or a Preferred Director Approval be required for the issuance of any Common Stock which is issuable upon exercise or conversion of warrants, options or convertible securities that are outstanding at the Effective Time under the Merger Agreement or that are otherwise permitted to be issued in connection with transactions authorized pursuant to the foregoing provision.

The consent or votes required as described above in this Voting Rights Section are in addition to any approval of Stockholders of the Company which may be required by law or pursuant to any provision of the Company's certificate of

incorporation or bylaws.

At the Effective Time under the Merger Agreement, the Directors were constituted and established pursuant to the Merger Agreement and the holders of shares of Series B Preferred Stock, voting as a single class, shall be entitled to elect three directors to serve on the Board of Directors at any annual meeting of stockholders or special meeting held in place thereof, or at a special meeting of the holders of the Series B Preferred Stock called as hereinafter provided. If a vacancy shall exist in the office of a director elected by the holders of Series B Preferred Stock, a proper officer of the Company may, and upon the written request of the holders of record of at least twenty-five percent (25%) of the shares of Series B Preferred Stock then outstanding to the Secretary of the Company shall, call a special meeting of the holders of Series B Preferred Stock, for the purpose of electing the director which such holders are entitled to elect. If such meeting shall not be called by proper officer of the Company within twenty (20) days after personal service of

27

said written request upon the Secretary of the Company, or within twenty (20) days after mailing the same within the United States by certified mail, addressed to the Secretary of the Company at its principal executive offices, then the holders of at least twenty-five percent (25%) of the outstanding shares of Series B Preferred Stock may designate in writing one of their number to call such meeting at the expense of the Company, and such meeting may be called by the person so designated upon the notice required for the annual meeting of stockholders of the Company and shall be held at the place for holding the annual meetings of stockholders. Any holder of Series B Preferred Stock so designated shall have, and the Company shall provide, access to the lists of Stockholders to be called pursuant to the provisions thereof.

Liquidation

Upon any liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary (a "Liquidation"), the holders of the Series B Preferred Stock are entitled to receive out of the assets of the Company, whether such assets are capital or surplus, for each share of Series B Preferred Stock an amount equal to the greater of (i) the Stated Value per share plus any accrued and unpaid dividends thereon and any other fees owing thereon before any distribution or payment shall be made to the holders of any Junior Securities, or (ii) the Participating Value per Share (the greater of the two being "Liquidation Value"), and if the assets of the Company are insufficient to pay in full such amounts, then the entire assets to be distributed to the holders of the Series B Preferred Stock shall be distributed among the holders of the Series B Preferred Stock ratably in accordance with the respective amounts that would be payable on such shares if all amounts payable thereon were paid in full.

Conversion

Automatic Conversion to Common Stock. If a Stockholder Approval Event shall occur and the Equity Conditions are satisfied, or with the consent of the holders of the Series B Preferred Stock waived, each outstanding share of Series B Preferred Stock, and fractions thereof, shall automatically and immediately convert, into the Conversion Ratio number of shares of Common Stock and (ii) unless the conversion has occurred within 270 days of the issuance date, any right to obtain any then accrued but unpaid dividends on each share of Series B Preferred Stock shall be due and payable. After such conversion, upon surrender to the Company for cancellation of a certificate previously representing outstanding shares of Series B Preferred Stock, together with instruments of

Edgar Filing: RCG Companies INC - Form DEF 14A

transfer in form satisfactory to the Company, the holder of such certificate shall be entitled to receive in exchange therefore a certificate representing the number of shares of Common Stock equal to the Conversion Ratio multiplied by the number of shares of Series B Preferred Stock previously represented by the surrendered certificate plus payment of any accrued and unpaid dividend (payable at the option of the Company either in cash or Common Stock valued at the VWAP as of the Conversion Time). Until so surrendered, each outstanding certificate that, prior to the time of the conversion of the Series B Preferred Stock into Common (the "Conversion Time"), represented outstanding shares of Series B Preferred Stock will be deemed from and after the Conversion Time, for all corporate purposes, to evidence the ownership of the applicable number of shares of Common Stock.

Conversion Ratio. The conversion ratio shall equal ten (the "Conversion Ratio"), subject to the following adjustment. If the Company, at any time while the Series B Preferred Stock is outstanding: (A) shall pay a stock dividend or otherwise make a distribution or distributions on shares of its Common Stock or any other equity or equity equivalent securities payable in shares of Common Stock, (B) subdivide outstanding shares of Common Stock into a larger number of shares, (C) combine (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, or (D) issue by reclassification of shares of the Common Stock any shares of capital stock of

28

the Company, then the Conversion Ratio shall be multiplied by a fraction of which the denominator shall be the number of shares of Common Stock Outstanding before such event and of which the numerator shall be the number of shares of Common Stock Outstanding after such event. Any adjustment made pursuant to this Section shall become effective immediately after the record date for the determination of Stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or reclassification.

Redemption upon Triggering Events

Upon the occurrence of a Triggering Event, each holder of the Series B Preferred Stock shall have the right to require the Company to redeem all of the Series B Preferred Stock then held by such holder for a redemption price, in cash, equal to the Liquidation Value. The Liquidation Value shall be due and payable within 5 Trading Days of the date on which the notice for the payment therefore is provided by a holder of the Series B Preferred Stock (the "Triggering Redemption Payment Date"). If the Company fails to pay the Liquidation Value in full the Company will pay interest thereon at a rate of 12% per annum, accruing daily from such date until the Liquidation Value, plus all such interest thereon, is paid in full.

"Triggering Event" means any one or more of the following events to which the holders of the Series B Preferred Stock have not given their prior consent:

If the Company, at any time while the Series B Preferred Stock is outstanding, issues rights, options or warrants to all holders of Common Stock entitling them to subscribe for or purchase shares of Common Stock or, subject to approval by the holders of the Series B Preferred Stock, other securities of the Company, then the Company shall issue to the Holders the same rights, options or warrants to which they would have been entitled had the Series B Preferred Stock been converted into the Conversion Shares immediately before the date on which a record is taken for the grant, issuance or sale of such rights, options or warrants or if no such record is taken, the date as of which the record holders of Common Stock are to be determined for the grant, issue or sale of such rights, options or warrants.

Fundamental Transactions

If a Fundamental Transaction occurs, then upon any subsequent conversion of shares of Series B Preferred Stock, the holder of the Series B Preferred Stock shall have the right to receive, for each Conversion Share that would have been issuable upon such conversion absent such Fundamental Transaction, the same kind and amount of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Transaction if it had been, immediately prior to such Fundamental Transaction, the holder of the Conversion Shares into which such Preferred Stock is convertible (the "Alternate Consideration"). If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the holder of the Series B Preferred Stock shall

30

be given the same choice as to the Alternate Consideration it receives upon any conversion of shares of Series B Preferred Stock following such Fundamental Transaction. To the extent necessary to effectuate the foregoing provisions, any successor to the Company or surviving entity in such Fundamental Transaction shall issue to the holder new Series B Preferred Stock consistent with the foregoing provisions and evidencing the holder's right to convert such Series B Preferred Stock into Alternate Consideration. The Waiver was filed as an Exhibit to Form 8-K filed with the SEC by the Company on April 15, 2005. Under the Waiver, in addition to the matters described above, the 9/04 Investors and the 2/05 Investors agreed (a) to modify their respective unsatisfied registration rights; (b) to waive any obligation of the Company to conduct a meeting of its shareholders prior to June 30, 2005; (c) to acknowledge, consent to and approve the Reverse Stock Split; (d) to waive any violations of the terms of, or conflicts with, or liquidated damages in connection with, their respective agreements with the Company which may exist or which may arise solely as a result of the entering into or consummation of any of the April 2005 Private Placement, the Reverse Stock Split and the redemption of the Senior Convertible Debentures and the respective transactions undertaken by the Company in connection therewith; (e) that no default or violation by the Company of any of their respective agreements with the Company has occurred that has not been waived or cured; and (f) that they waived any liquidated or other damages and penalties that otherwise might have accrued to their benefit prior to the redemption of the Senior Convertible Debentures. The agreements under the Waiver were required to consummate the April 2005 Private Placement. Under the Waiver, the Company agreed to submit the matters requiring shareholder approval for the September 2004 Private Placement and the February 2005 Private Placement as a single item together with the approvals of the matters relating to the April 2005 Private Placement, including the 1 for 10 Reverse Stock Split. As a consequence, approval of the matters in this Proposal 4 is contingent on approval of Proposals 5 and 6.

American Stock Exchange Approval Rule

The Company's common stock is listed for trading on the American Stock Exchange and therefore, is subject to the Rules of the American Stock Exchange. Pursuant to the American Stock Exchange Constitution and Rules, Section 713, "the corporation is required to obtain shareholder approval for an offering in the event that 20% or more of the presently outstanding common stock, or securities convertible into common stock are issued at a price lower than market value." As of October 30, 2003, a day prior to the closing of the 10/03 Securities Purchase Agreement, the Company had 15,553,551 shares of Common Stock issued and outstanding. As of September 13, 2004, a day prior to closing of the 9/04 Private Placement, the Company had 21,170,290 shares of Common Stock issued and outstanding. Generally, in making a determination regarding the shareholder approval on the 20% rule, the American Stock Exchange will compute the number of shares to be obtained by utilizing the lowest possible conversion ratio and will rely on the number of shares outstanding at the time of the offering. Pursuant to the April 2005 Adjustment, (i) the conversion price of the Series A Preferred Stock has been reduced to below market price of the Company's Common Stock on the applicable determination date, and (ii) the exercise price of the 10/03 Warrants, the 9/04 Warrants and the 2/05 Warrants have been reduced to below the market price of the Company's Common Stock on the applicable determination date. Therefore, shareholder approval is required regarding the issuance, upon conversion of Series A Preferred Stock, the exercise of the 10/03 Warrants, the exercise of the 9/04 Warrants, and the exercise of the 2/05 Warrants, of Common Stock equaling 20% or more of the Company's shares outstanding at the applicable determination date.

In the event that Stockholder approval is not obtained, we may not issue upon conversion of the Series A Preferred Stock and exercise of the 10/03

Edgar Filing: RCG Companies INC - Form DEF 14A

Warrants, the 9/04 Warrants and 2/05 Warrants, in the aggregate, in excess of 4,212,887 shares of Common Stock (19.9% of the number of shares of Common Stock outstanding on September 13, 2004). In addition, because approval of this proposal is, together with Proposals 5 and 6, contingent upon all three of the proposals being approved, if this proposal is not approved, Proposals 5 and 6 will not be approved and consequently the Series C Preferred Stock will not convert into Common Stock and will remain redeemable by the Company in February 2006 for approximately \$31 million.

36

Holders of Common Stock whose shares were issued upon conversion of Series A Preferred Stock, upon exercise of the 10/03 Warrants, upon exercise of the 9/04 Warrants, upon exercise of Additional Investment Rights, or upon exercise of the 2/05 Warrants will not be counted in the vote on this Proposal.

Description of Series A Preferred Stock

The following is a summary of the material terms of the Series A Preferred Stock as initially issued and is qualified by its entirety by the Certificate of Designation of Preferences, Rights and Limitations of Series A 6% Convertible Preferred Stock (the "Certificate") filed as an exhibit to Form 8-K filed by the Company with the SEC on September 16, 2004. The following description does not take into account the April 2005 Adjustment (see "Adjustment to Conversion Price" below).

Amount, Stated Value, and Definitions

The number of shares of Series A Preferred Stock designated was 6,000. Each share of Series A Preferred Stock has a stated value equal to \$1,000 (the "Stated Value"). Dividends

Holders shall be entitled to receive and the Company shall pay, cumulative dividends at the rate per share (as a percentage of the Stated Value per share) of 6% per annum from the date of issuance, payable quarterly on March 1, June 1, September 1 and December 1, beginning with December 1, 2004 and on any Conversion Date pursuant to the terms of the Certificate ("Dividend Payment Date"). Edgar Filing: RCG Companies INC - Form DEF 14A

As of the Closing Date, the Company shall pay the dividends in shares of Common Stock. Dividends on the Series A Preferred Stock shall be calculated on the basis of a 360-day year, shall accrue daily commencing on the Original Issue Date, and shall be deemed to accrue from such date whether or not earned or declared and whether or not there are profits, surplus or other funds of the Company legally available for the payment of dividends.

37

So long as any Series A Preferred Stock shall remain outstanding, neither the Company nor any subsidiary thereof shall redeem, purchase or otherwise acquire directly or indirectly any Junior Securities. So long as any Series A Preferred Stock shall remain outstanding, neither the Company nor any subsidiary thereof shall directly or indirectly pay or declare any dividend or make any distribution (other than a dividend or distribution described in the Section titled "Conversion" below or dividends due and paid in the ordinary course on Series A Preferred Stock of the Company at such times when the Company is in compliance with its payment and other obligations) upon, nor shall any distribution be made in respect of, any Junior Securities so long as any dividends currently due on the Series A Preferred Stock remain unpaid, nor shall any monies be set aside for or applied to the purchase or redemption (through a sinking fund or otherwise) of any Junior Securities or shares pari passu with the Series A Preferred Stock.

Voting Rights

Except as otherwise provided in the Certificate and as otherwise required by law, the Series A Preferred Stock shall have no voting rights. However, so long as any shares of Series A Preferred Stock are outstanding, the Company shall not, without the affirmative vote of the holders of the shares of the Series A Preferred Stock then outstanding, (a) alter or change adversely the powers, preferences or rights given to the Series A Preferred Stock or alter or amend the Certificate, (b) authorize or create any class of stock ranking as to dividends, redemption or distribution of assets upon a Liquidation senior to the Series A Preferred Stock, (c) amend its certificate of incorporation or other charter documents so as to affect adversely any rights of the holders of the Series A Preferred Stock, (d) increase the authorized number of shares of Series A Preferred Stock, or (e) enter into any agreement with respect to the foregoing.

Liquidation

Upon any liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary (a "Liquidation"), the holders of the Series A Preferred Stock shall be entitled to receive out of the assets of the Company, whether such assets are capital or surplus, for each share of Series A Preferred Stock an amount equal to the Stated Value per share plus any accrued and unpaid dividends thereon and any other fees or liquidated damages owing thereon before any distribution or payment shall be made to the holders of any Junior Securities, and if the assets of the Company shall be insufficient to pay in full such amounts, then the entire assets to be distributed to the holders of

Edgar Filing: RCG Companies INC - Form DEF 14A

the Series A Preferred Stock shall be distributed among the holders ratably in accordance with the respective amounts that would be payable on such shares if all amounts payable thereon were paid in full.

Conversion

Conversions at Option of Holder. Each share of Series A Preferred Stock shall be convertible into that number of shares of Common Stock (subject to the limitations set forth below) determined by dividing the Stated Value of such share of Series A Preferred Stock by the Set Price.

Beneficial Ownership Limitation. The Company shall not effect any conversion of the Series A Preferred Stock, and the holder of the Series A Preferred Stock shall not have the right to convert any portion of the Series A Preferred Stock to the extent that after giving effect to such conversion, the Holder (together with the Holder's affiliates), as set forth on the applicable Conversion Notice, would beneficially own in excess of 4.9% of the number of shares of the Common Stock outstanding immediately after giving effect to such conversion.

Limitation on Number of Shares Issuable. Notwithstanding anything herein to the contrary, the Company shall not issue to any holder of the Series A Preferred Stock any shares of Common Stock, including pursuant to any rights under the Certificate, including, without limitation, any conversion rights or right to issue shares of Common Stock in payment of dividends, to the extent such shares, when added to the number of shares of Common Stock previously issued upon conversion of any shares of Series A Preferred Stock would exceed

38

3,875,188, or such greater or lesser number of shares of Common Stock permitted pursuant to the corporate governance rules of the Principal Market that is at the time the principal trading exchange or market for the Common Stock (the "Maximum Aggregate Share Amount"), unless the Company first obtains shareholder approval permitting such issuances in accordance with the Principal Market rules ("Shareholder Approval").

Forced Conversion. If after the date that the registration statement which registers for resale all of the Conversion Shares (the "Conversion Shares Registration Statement") is declared effective (the "Effective Date") the VWAP for each of any 10 consecutive Trading Days ("Threshold Period"), which 10 consecutive Trading Day period shall have commenced only after the Effective Date, exceeds 200% of the then effective Set Price (defined below), the Company may, within 2 Trading Days after any such Threshold Period, deliver a notice to all Holders (a "Forced Conversion Notice" and the date such notice is received by the Holders, the "Forced Conversion Notice Date") to cause the Holders to immediately convert all or part of the then outstanding shares of Series A Preferred Stock pursuant to Section 5 and the Holders shall surrender (if all Series A Preferred Stock is converted) their respective shares of Series A Preferred Stock to the Company for conversion within 5 Trading Days of the Forced Conversion Notice Date. The Company may only effect a Forced Conversion Notice if all of the Equity Conditions have been met during the Threshold Period through the Forced Conversion Notice Date.

The conversion price shall equal \$0.94 (the "Set Price"), subject to the following adjustments.

* if the Company, at any time while the Series A Preferred Stock is outstanding: (A) shall pay a stock dividend or otherwise make a distribution or distributions on shares of its Common Stock or any

Edgar Filing: RCG Companies INC - Form DEF 14A

other equity or equity equivalent securities payable in shares of Common Stock, (B) subdivide outstanding shares of Common Stock into a larger number of shares, (C) combine (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, or (D) issue by reclassification of shares of the Common Stock any shares of capital stock of the Company, then the Set Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock Outstanding before such event and of which the denominator shall be the number of shares of Common Stock Outstanding after such event. Any adjustment made pursuant to this Section shall become effective immediately after the record date for the determination of Stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or reclassification.

* if the Company, at any time while the Series A Preferred Stock is outstanding, shall issue rights, options or warrants to all holders of Common Stock (and not to Holders) entitling them to subscribe for or purchase shares of Common Stock at a price per share less than the VWAP at the record date mentioned below, then the Set Price shall be multiplied by a fraction, of which the denominator shall be the number of shares of the Common Stock Outstanding on the date of issuance of such rights or warrants plus the number of additional shares of Common Stock offered for subscription or purchase, and of which the numerator shall be the number of shares of the Common Stock Outstanding on the date of issuance of such rights or warrants plus the number of shares which the aggregate offering price of the total number of shares so offered (assuming receipt by the Company in full of all consideration payable upon exercise of such rights, options or warrants) would purchase at such VWAP. Such adjustment shall be made whenever such rights or warrants are issued, and shall become effective immediately after the record date for the determination of Stockholders entitled to receive such rights, options or warrants.

39

* if the Company or any subsidiary thereof at any time while any of the Series A Preferred Stock is outstanding, shall sell, grant any option or warrant to purchase or sell or grant any right to reprice its securities, or otherwise dispose of or issue any Common Stock or any equity or equity equivalent securities (including any equity, debt or other instrument that is at any time over the life thereof convertible into or exchangeable for Common Stock) (collectively, "Common Stock Equivalents") entitling any Person to acquire shares of Common Stock, at an effective price per share less than the Set Price (a "Dilutive Issuance"), as adjusted (if the holder of the Common Stock or Common Stock Equivalent so issued shall at any time, whether by operation of purchase price adjustments, reset provisions, floating conversion, exercise or exchange prices or otherwise, or due to warrants, options or rights per share which are issued in connection with such issuance, be entitled to receive shares of Common Stock at a price per share which is less than the Set Price, such issuance shall be deemed to have occurred for less than the Set Price), then the Set Price shall be reduced to equal the effective conversion, exchange or purchase price for such Common Stock or Common Stock Equivalents (including any reset provisions thereof) at issue. Such adjustment shall be made whenever such Common Stock or Common Stock Equivalents are issued. The Company shall notify the Holder in writing, no later than the second Trading Day following the issuance of any Common Stock or Common Stock Equivalent subject to this section, indicating therein

Edgar Filing: RCG Companies INC - Form DEF 14A

the applicable issuance price, or of applicable reset price, exchange price, conversion price and other pricing terms. For purposes of this subsection, a Dilutive Issuance shall be deemed to have occurred when binding agreements have been closed by the Company and any purchaser therein.

* if the Company, at any time while the Series A Preferred Stock is outstanding, shall distribute to all holders of Common Stock (and not to Holders) evidences of its indebtedness or assets or rights or warrants to subscribe for or purchase any security other than the Common Stock (which shall be subject to Section 5(c)(iii) of the Certificate), then in each such case the Set Price shall be adjusted by multiplying the Set Price in effect immediately prior to the record date fixed for determination of Stockholders entitled to receive such distribution by a fraction of which the denominator shall be the VWAP determined as of the record date mentioned above, and of which the numerator shall be such VWAP on such record date less the then per share fair market value at such record date of the portion of such assets or evidence of indebtedness so distributed applicable to one outstanding share of the Common Stock as determined by the Board of Directors in good faith. In either case the adjustments shall be described in a statement provided to the Holders of the portion of assets or evidences of indebtedness so distributed or such subscription rights applicable to one share of Common Stock. Such adjustment shall be made whenever any such distribution is made and shall become effective immediately after the record date mentioned above.

No adjustment shall be made in connection with an Exempt Issuance.

Redemption upon Triggering Events

Upon the occurrence of a Triggering Event, each Holder shall have the right to require the Company to redeem all of the Series A Preferred Stock then held by such Holder for a redemption price, in cash, equal to the Triggering Redemption Amount. The Triggering Redemption Amount shall be due and payable within 5 Trading Days of the date on which the notice for the payment therefor is provided by a Holder (the "Triggering Redemption Payment Date"). If the Company fails to pay the Triggering Redemption Amount in full the Company will pay interest thereon at a rate of 18% per annum, accruing daily from such date until the Triggering Redemption Amount, plus all such interest thereon, is paid in full.

40

"Triggering Event" means any one or more of the following events:

* the failure of a Conversion Shares Registration Statement to be declared effective by the Commission on or prior to the 180th day after the Original Issue Date;

* if, during the Effectiveness Period, the effectiveness of the Conversion Shares Registration Statement lapses for any reason for more than an aggregate of 60 calendar days (which need not be consecutive days) during any 12 month period, or the Holder shall not be permitted to resell Registrable Securities under the Conversion Shares Registration Statement other than as a result of any action or inaction of a Holder for more than an aggregate of 60 calendar days (which need not be consecutive days) during any 12 month period (the Effectiveness Period is that period commencing with the Effectiveness Date and continuing until all securities covered by the Conversion

* the Company shall fail to deliver certificates representing Conversion Shares issuable upon a conversion prior to the 10th Trading Day after such shares are required to be delivered, or the Company shall provide written notice to any Holder, including by way of public announcement, at any time, of its intention not to comply with requests for conversion of any shares of Series A Preferred Stock in accordance with the terms hereof;

* if either of the following events shall not have been cured to the satisfaction of the Holders prior to the expiration of 15 days from the Event Date (as defined in the Registration Rights Agreement) relating thereto (other than an Event resulting from a failure of a Conversion Shares Registration Statement to be declared effective by the Commission on or prior to the 180th day after the Original Issue Date, which is covered above): (i) a Registration Statement is not filed on or prior to its Filing Date (as defined in the Registration Rights Agreement), or (ii) the Company fails to file with the Commission a request for acceleration in accordance with Rule 461 promulgated under the Securities Act, within five Trading Days of the date that the Company is notified (orally or in writing, whichever is earlier) by the Commission that a Registration Statement will not be "reviewed," or not subject to further review;

* the Company shall fail for any reason to pay in full the amount of cash due pursuant to a Buy-In within 5 Trading Days after notice therefor is delivered or shall fail to pay all amounts owed on account of an Event within five days of the date due (for purposes hereof an Event includes the following events: (i) a registration statement is not timely filed, (ii) the Company fails to timely file with the Commission a request for acceleration after being notified that a Registration Statement will not be "reviewed," or is not subject to further review, (iii) prior to its Effectiveness Date, the Company fails to timely file a pre-effective amendment and otherwise respond in writing to comments made by the Commission, (iv) a registration statement filed or required to be filed is not declared effective by the Commission by its Effectiveness Date, or (v) after the Effectiveness Date, a registration statement ceases for any reason to remain continuously effective as to all registrable securities for which it is required to be effective, or the Holders are not permitted to utilize the prospectus therein to resell such registrable securities for 10 consecutive days or an aggregate of 15 days during any 12-month period);

* the Company shall fail to have available a sufficient number of authorized and unreserved shares of Common Stock to issue to such Holder upon a conversion unless the Company has complied with Section 4.10(b) of the Purchase Agreement (which section provides the Company an opportunity to amend the Company's certificate of incorporation to increase the number of shares the Company is authorized to issue);

* the Company shall fail to observe or perform any other material covenant, agreement or warranty contained in, or otherwise commit any breach of the Transaction Documents, and such material failure or breach shall not, if subject to the possibility of a cure by the Company, have been remedied within 30 calendar days after the date

Edgar Filing: RCG Companies INC - Form DEF 14A

on which written notice of such failure or breach shall have been given;

* the Company shall be a party to any Change of Control Transaction or the Company shall redeem more than a de minimis number of Junior Securities;

* there shall have occurred a Bankruptcy Event;

* any breach of the officer's/director's voting agreement delivered to the initial Holders at the Closing; or

* the Common Stock shall fail to be listed or quoted for trading on a Trading Market for more than 5 consecutive Trading Days.

Fundamental Transactions

If a Fundamental Transaction occurs, then upon any subsequent conversion of shares of Series A Preferred Stock, the holder of the Series A Preferred Stock shall have the right to receive, for each Conversion Share that would have been issuable upon such conversion absent such Fundamental Transaction, the same kind and amount of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Transaction if it had been, immediately prior to such Fundamental Transaction, the holder of one share of Common Stock (the "Alternate Consideration"). For purposes of any such conversion, the determination of the Set Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one share of Common Stock in such Fundamental Transaction, and the Company shall apportion the Set Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the holder of the Series A Preferred Stock shall be given the same choice as to the Alternate Consideration it receives upon any conversion of shares of Series A Preferred Stock following such Fundamental Transaction. To the extent necessary to effectuate the foregoing provisions, any successor to the Company or surviving entity in such Fundamental Transaction shall issue to the holder of the Series A Preferred Stock new Series A Preferred Stock consistent with the foregoing provisions and evidencing the holder's right to convert such Series A Preferred Stock into Alternate Consideration. The terms of any agreement pursuant to which a Fundamental Transaction is effected shall include terms requiring any such successor or surviving entity to comply with the provisions of this provision and insuring that the Series A Preferred Stock (or any such replacement security) will be similarly adjusted upon any subsequent transaction analogous to a Fundamental Transaction.

42

Adjustment to Conversion Price

Notwithstanding any terms to the contrary set forth in the above description, on April 15, 2005, subject to stockholder approval as required under the American Stock Exchange rules, the terms of the Series A Preferred Stock were adjusted such that the conversion price of the Series A Preferred Stock was reduced to \$0.55 per share, which conversion price will no longer be subject to any anti-dilution adjustments, with the single exception that it will be reset to the same conversion price of the Company's Series C Preferred Stock if the Company's Series C Preferred Stock is reset following the proposed 1 for 10 reverse split of the Company's Common Stock.

Edgar Filing: RCG Companies INC - Form DEF 14A

Description of 10/03 Warrants

The following is a summary of the material terms of the 10/03 Warrants as initially issued and is qualified by its entirety by the form of 10/03 Warrant filed as an exhibit to Form 8-K filed by the Company with the SEC on November 17, 2003. The following description does not take into account the April 2005 Adjustment (see "Adjustment to Exercise Price" below).

Number, Term, and Definitions

The 10/03 Warrants entitle the holders thereof to initially purchase up to a total of approximately 2,500,000 shares of the Common Stock of the Company.

The 10/03 Warrants are exercisable at any time on or after the 181st day following the date of issuance (the "Initial Exercise Date") and on or prior to the close of business on the three year anniversary of the Initial Exercise Date.

Capitalized terms used and not otherwise defined in this Description of 10/03 Warrants Section shall have the meanings set forth in the 10/03 Warrant agreement.

Exercise

Exercise of 10/03 Warrant. Exercise of the 10/03 Warrants may be made at any time or times on or after the Initial Exercise Date and on or before the Termination Date by delivery to the Company of a duly executed facsimile copy of the Notice of Exercise Form annexed to the 10/03 Warrant.

Exercise Price. The exercise price of each share of Common Stock under the 10/03 Warrants shall be \$2.48, subject to adjustment (the "Exercise Price").

Cashless Exercise. If at any time after one year from the date of issuance of the 10/03 Warrants there is no effective Registration Statement registering the resale of the Warrant Shares by its holder, then the 10/03 Warrants may also be exercised at such time by means of a "cashless exercise."

Holder's Restrictions. Each holder of the 10/03 Warrant shall not have the right to exercise any portion of their 10/03 Warrant to the extent that after giving effect to such issuance after exercise, the holder (together with the holder's affiliates), as set forth on the applicable Notice of Exercise, would beneficially own in excess of 4.99% of the number of shares of the Common Stock outstanding immediately after giving effect to such issuance.

Call Provision. Subject to the provisions of Section 3(e) of the 10/03 Warrants, if after the Effective Date the Closing Price for each of 15 consecutive Trading Days (the "Measurement Price", which period shall not have commenced until after the Effective Date) exceeds \$4.80 per share (subject to adjustment as set forth herein) (the "Threshold Price"), then the Company may, within two Trading Days of such period, call for cancellation of all or any portion of the 10/03 Warrants for which a Notice of Exercise has not yet been delivered (such right, a "Call"). To exercise this right, the Company must deliver to the Holder an irrevocable written notice (a "Call Notice"), indicating therein the portion of unexercised portion of the 10/03 Warrants to which such notice applies. If the conditions set forth below for such Call are satisfied from the period from the date of the Call Notice through and including the Call Date (as defined below), then any portion of the 10/03 Warrant subject to such Call Notice for which a Notice of Exercise shall not have been received from and after the date of the Call Notice will be cancelled at 6:30 p.m. (New York City time) on the 44th Trading Day after the date the Call Notice is received by the Holder (such date, the "Call Date"). Any unexercised portion of

Edgar Filing: RCG Companies INC - Form DEF 14A

the 10/03 Warrant to which the Call Notice does not pertain will be unaffected by such Call Notice. Notwithstanding anything to the contrary set forth in the 10/03 Warrant, the Company may not deliver a Call Notice or require the cancellation of the 10/03 Warrant (and any Call Notice will be void), unless, from the beginning of the 15 consecutive Trading Days used to determine whether the Common Stock has achieved the Threshold Price through the Call Date, a Registration Statement with respect to the Warrant Shares shall be effective, the Common Stock is listed or quoted for trading on the Principal Market, and such issuance would not violate the prohibition against owning in excess of 4.99% of the number of shares of the Common Stock outstanding immediately after giving effect to such issuance.

43

Certain Adjustments.

Stock Dividends and Splits. If the Company, at any time while the 10/03 Warrants are outstanding: (A) pays a stock dividend or otherwise make a distribution or distributions on shares of its Common Stock or any other equity or equity equivalent securities payable in shares of Common Stock (which, for avoidance of doubt, shall not include any shares of Common Stock issued by the Company pursuant to the 10/03 Warrants), (B) subdivides outstanding shares of Common Stock into a larger number of shares, (C) combines (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, or (D) issues by reclassification of shares of the Common Stock any shares of capital stock of the Company, then in each case the Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding treasury shares, if any) outstanding before such event and of which the denominator shall be the number of shares of Common Stock outstanding after such event and the number of Warrant Shares issuable upon exercise of the 10/03 Warrants shall be proportionately adjusted. Any adjustment made pursuant to this Section 11(a) shall become effective immediately after the record date for the determination of Stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or re-classification.

Subsequent Equity Sales. If the Company or any Subsidiary thereof, as applicable, at any time while the 10/03 Warrants are outstanding, shall sell, grant any option to purchase, sell or grant any right to reprice its securities, or otherwise dispose of or issue any Common Stock or Common Stock Equivalents entitling any Person to acquire shares of Common Stock, at an effective price per share less than the then Exercise Price (such lower price, the "Base Share Price" and such issuances collectively, a "Dilutive Issuance"), as adjusted (if the holder of the Common Stock or Common Stock Equivalents so issued shall at any time, whether by operation of purchase price adjustments, reset provisions, floating conversion, exercise or exchange prices or otherwise, or due to warrants, options or rights per share which is issued in connection with such issuance, be entitled to receive shares of Common Stock at an effective price per share which is less than the Exercise Price, such issuance shall be deemed to have occurred for less than the Exercise Price), then, the Exercise Price shall be reduced to equal the Base Share Price. Such adjustment shall be made whenever such Common Stock or Common Stock Equivalents are issued. The Company shall notify the Holder in writing following the issuance of any Common Stock or Common Stock Equivalents subject to this section, indicating therein the applicable issuance price, or of applicable reset price, exchange price, conversion price and other pricing terms.

Fundamental Transaction. If, at any time while the 10/03 Warrants are outstanding, the Company effects any the Company shall reorganize its capital, reclassify its capital stock, consolidate or merge with or into another

Edgar Filing: RCG Companies INC - Form DEF 14A

corporation (where the Company is not the surviving corporation or where there is a change in or distribution with respect to the Common Stock of the Company), or sell, transfer or otherwise dispose of its property, assets or business to another corporation and, pursuant to the terms of such reorganization, reclassification, merger, consolidation or disposition of assets, shares of common stock of the successor or acquiring corporation, or any cash, shares of

44

stock or other securities or property of any nature whatsoever (including warrants or other subscription or purchase rights) in addition to or in lieu of common stock of the successor or acquiring corporation ("Other Property"), are to be received by or distributed to the holders of Common Stock of the Company, then the Holder shall have the right thereafter to receive, at the option of the Holder, (a) upon exercise of this Warrant, the number of shares of Common Stock of the successor or acquiring corporation or of the Company, if it is the surviving corporation, and Other Property receivable upon or as a result of such reorganization, reclassification, merger, consolidation or disposition of assets by a Holder of the number of shares of Common Stock for which this Warrant is exercisable immediately prior to such event or (b) cash equal to the value of this Warrant as determined in accordance with the Black Scholes option pricing formula. In case of any such reorganization, reclassification, merger, consolidation or disposition of assets, the successor or acquiring corporation (if other than the Company) shall expressly assume the due and punctual observance and performance of each and every covenant and condition of this Warrant to be performed and observed by the Company and all the obligations and liabilities hereunder, subject to such modifications as may be deemed appropriate (as determined in good faith by resolution of the Board of Directors of the Company) in order to provide for adjustments of Warrant Shares for which this Warrant is exercisable which shall be as nearly equivalent as practicable to the adjustments provided for in this section. For purposes of this section, "common stock of the successor or acquiring corporation" shall include stock of such corporation of any class which is not preferred as to dividends or assets over any other class of stock of such corporation and which is not subject to redemption and shall also include any evidences of indebtedness, shares of stock or other securities which are convertible into or exchangeable for any such stock, either immediately or upon the arrival of a specified date or the happening of a specified event and any warrants or other rights to subscribe for or purchase any such stock. The foregoing provisions shall similarly apply to successive reorganizations, reclassifications, mergers, consolidations or disposition of assets.

Adjustment to Exercise Price

Notwithstanding any terms to the contrary set forth in the above description, on April 15, 2005, subject to stockholder approval as required under the American Stock Exchange rules, the terms of the 10/03 Warrants were adjusted by the Company such that the exercise price of the 10/03 Warrants was reduced to \$0.55 per share, which exercise price will no longer be subject to any anti-dilution adjustments.

Description of 9/04 Warrants

The following is a summary of the material terms of the 9/04 Warrants as initially issued and is qualified by its entirety by the form of 9/04 Warrant filed as an exhibit to Form 8-K filed by the Company with the SEC on September 16, 2004. The following description does not take into account the April 2005 Adjustment (see "Adjustment to Exercise Price" below).

Number, Term, and Definitions

Edgar Filing: RCG Companies INC - Form DEF 14A

The 9/04 Warrants entitle the holders thereof to initially purchase up to a total of approximately 1,143,617 shares of the Common Stock of the Company.

The 9/04 Warrants are exercisable at any time on or after the 181st day following the date of issuance (the "Initial Exercise Date") and on or prior to the close of business on the three year anniversary of the Initial Exercise Date. The Exercise Period shall be extended for the number of Trading Days during such period in which (x) trading in the Common Stock is suspended by any Trading Market, or (y) following the Effective Date, the Registration Statement is not effective or the prospectus included in the Registration Statement may not be used by the Purchasers for the resale of the Warrant Shares.

Capitalized terms used and not otherwise defined in this Description of 9/04 Warrants Section shall have the meanings set forth in Section 1 of the 9/04 Warrant agreement.

Exercise

Exercise of 9/04 Warrant. Exercise of the 9/04 Warrants may be made at any time or times on or after the Initial Exercise Date and on or before the Termination Date by delivery to the Company of a duly executed facsimile copy of the Notice of Exercise Form annexed to the 9/04 Warrant.

Exercise Price. The exercise price of each share of Common Stock under the 9/04 Warrants shall be \$1.20, subject to adjustment (the "Exercise Price").

Cashless Exercise. If at any time after one year from the date of issuance of the 9/04 Warrants there is no effective Registration Statement registering the resale of the Warrant Shares by its holder, then the 9/04 Warrants may also be exercised at such time by means of a "cashless exercise."

Holder's Restrictions. Each holder of the 9/04 Warrant shall not have the right to exercise any portion of their 9/04 Warrant to the extent that after giving effect to such issuance after exercise, the holder (together with the holder's affiliates), as set forth on the applicable Notice of Exercise, would beneficially own in excess of 4.99% of the number of shares of the Common Stock outstanding immediately after giving effect to such issuance.

45

Call Provision. Subject to the provisions of Section 2(f) of the 9/04 Warrants, if after the Effective Date the VWAP for each of 20 consecutive Trading Days (the "Measurement Price", which period shall not have commenced until after the Effective Date) exceeds 200% of the then Exercise Price (subject to adjustment as set forth herein) (the "Threshold Price), then the Company may, within ten Trading Days of such period, call for cancellation of all or any portion of the 9/04 Warrants for which a Notice of Exercise has not yet been delivered (such right, a "Call"). To exercise this right, the Company must deliver to the Holder an irrevocable written notice (a "Call Notice"), indicating therein the portion of unexercised portion of the 9/04 Warrants to which such notice applies. If the conditions set forth below for such Call are satisfied from the period from the date of the Call Notice through and including the Call Date (as defined below), then any portion of the 9/04 Warrant subject to such Call Notice for which a Notice of Exercise shall not have been received from and after the date of the Call Notice will be cancelled at 6:30 p.m. (New York City time) on the tenth Trading Day after the date the Call Notice is received by the Holder (such date, the "Call Date"). Any unexercised portion of the 9/04 Warrant to which the Call Notice does not pertain will be unaffected by such Call Notice. Notwithstanding anything to the contrary set forth in the 9/04 Warrant, the Company may not deliver a Call Notice or require the cancellation

Edgar Filing: RCG Companies INC - Form DEF 14A

of the 9/04 Warrant (and any Call Notice will be void), unless, from the beginning of the 20 consecutive Trading Days used to determine whether the Common Stock has achieved the Threshold Price through the Call Date, the Equity Conditions (as defined in the Certificate of Designation) have been met. The Company's right to Call the 9/04 Warrant shall be exercised ratably among the Purchasers based on each Purchaser's initial purchase of Common Stock pursuant to the Purchase Agreement.

Certain Adjustments.

Stock Dividends and Splits. If the Company, at any time while the 9/04 Warrants are outstanding: (A) pays a stock dividend or otherwise make a distribution or distributions on shares of its Common Stock or any other equity or equity equivalent securities payable in shares of Common Stock (which, for avoidance of doubt, shall not include any shares of Common Stock issued by the Company pursuant to the 9/04 Warrants), (B) subdivides outstanding shares of Common Stock into a larger number of shares, (C) combines (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, or (D) issues by reclassification of shares of the Common Stock any shares of capital stock of the Company, then in each case the Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding treasury shares, if any) outstanding before such event and of which the denominator shall be the number of shares of Common Stock outstanding after such event and the number of Warrant Shares issuable upon exercise of the 9/04 Warrants shall be proportionately adjusted. Any adjustment made pursuant to this Section 3(a) shall become effective immediately after the record date for the determination of Stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or re-classification.

Subsequent Equity Sales. If the Company or any Subsidiary thereof, as applicable, at any time while the 9/04 Warrants are outstanding, shall sell, grant any option to purchase, sell or grant any right to reprice its securities, or otherwise dispose of or issue any Common Stock or Common Stock Equivalents entitling any Person to acquire shares of Common Stock, at an effective price per share less than the then Exercise Price (such lower price, the "Base Share Price" and such issuances collectively, a "Dilutive Issuance"), as adjusted (if the holder of the Common Stock or Common Stock Equivalents so issued shall at any time, whether by operation of purchase price adjustments, reset provisions, floating conversion, exercise or exchange prices or otherwise, or due to warrants, options or rights per share which is issued in connection with such issuance, be entitled to receive shares of Common Stock at an effective price per share which is less than the Exercise Price, such issuance shall be deemed to have occurred for less than the Exercise Price), then, the Exercise Price shall be reduced to equal the Base Share Price; provided, however, in no event shall the Exercise Price be less than \$1.00, subject to adjustment for reverse and forward stock splits, stock dividends, stock combinations and other similar

46

transactions of the Common Stock that occur after the date of the Securities Purchase Agreement. Such adjustment shall be made whenever such Common Stock or Common Stock Equivalents are issued. The Company shall notify the Holder in writing, no later than the second Trading Day following the issuance of any Common Stock or Common Stock Equivalents subject to this section, indicating therein the applicable issuance price, or of applicable reset price, exchange price, conversion price and other pricing terms.

Pro Rata Distributions. If the Company, at any time prior to the Termination Date, shall distribute to all holders of Common Stock (and not to

Edgar Filing: RCG Companies INC - Form DEF 14A

holders of the 9/04 Warrants) evidences of its indebtedness or assets or rights or warrants to subscribe for or purchase any security other than the Common Stock (which shall be subject to Section 3(b) of the 9/04 Warrants), then in each such case the Exercise Price shall be adjusted by multiplying the Exercise Price in effect immediately prior to the record date fixed for determination of Stockholders entitled to receive such distribution by a fraction of which the denominator shall be the VWAP determined as of the record date mentioned above, and of which the numerator shall be such VWAP on such record date less the then per share fair market value at such record date of the portion of such assets or evidence of indebtedness so distributed applicable to one outstanding share of the Common Stock as determined by the Board of Directors in good faith. In either case the adjustments shall be described in a statement provided to the holders of the 9/04 Warrants of the portion of assets or evidences of indebtedness so distributed or such subscription rights applicable to one share of Common Stock. Such adjustment shall be made whenever any such distribution is made and shall become effective immediately after the record date mentioned above.

Fundamental Transaction. If, at any time while the 9/04 Warrants are outstanding, (A) the Company effects any merger or consolidation of the Company with or into another Person, in which the Company is not the surviving entity, or the Company's then existing shareholders will own less than 51% of the surviving entity, (B) the Company effects any sale of all or substantially all of its assets in one or a series of related transactions, (C) any tender offer or exchange offer (whether by the Company or another Person) is completed pursuant to which holders of Common Stock are permitted to tender or exchange their shares for other securities, cash or property, or (D) the Company effects any reclassification of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property (in any such case, a "Fundamental Transaction"), then, upon any subsequent conversion of the 9/04 Warrant, the Holder shall have the right to receive, for each Warrant Share that would have been issuable upon such exercise absent such Fundamental Transaction, at the option of the Holder, (a) upon exercise of the 9/04 Warrants, the number of shares of Common Stock of the successor or acquiring corporation or of the Company, if it is the surviving corporation, and Alternate Consideration receivable upon or as a result of such reorganization, reclassification, merger, consolidation or disposition of assets by a Holder of the number of shares of Common Stock for which the 9/04 Warrants are exercisable immediately prior to such event or (b) only in the event the Company is acquired in an all cash acquisition, cash equal to the value of the 9/04 Warrants as determined in accordance with the Black-Scholes option pricing formula (the "Alternate Consideration"). For purposes of any such exercise, the determination of the Exercise Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one share of Common Stock in such Fundamental Transaction, and the Company shall apportion the Exercise Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the Holder shall be given the same choice as to the Alternate Consideration it receives upon any exercise of the 9/04 Warrant following such Fundamental Transaction. To the extent necessary to effectuate the foregoing provisions, any

successor to the Company or surviving entity in such Fundamental Transaction shall issue to the holder of the 9/04 Warrants a new warrant consistent with the foregoing provisions and evidencing the holder's right to exercise such warrant into Alternate Consideration upon the payment thereof. The terms of any

Edgar Filing: RCG Companies INC - Form DEF 14A

agreement pursuant to which a Fundamental Transaction is effected shall include terms requiring any such successor or surviving entity to comply with the provisions of this paragraph and insuring that the 9/04 Warrant (or any such replacement security) will be similarly adjusted upon any subsequent transaction analogous to a Fundamental Transaction.

Adjustment to Exercise Price

Notwithstanding any terms to the contrary set forth in the above description, on April 15, 2005, subject to stockholder approval as required under the American Stock Exchange rules, the terms of the 9/04 Warrants were adjusted by the Company such that the exercise price of the 9/04 Warrants was reduced to \$1.00 per share, which exercise price will no longer be subject to any anti-dilution adjustments.

Description of Additional Investment Rights

The following is a summary of the material terms of the Additional Investment Rights and is qualified by its entirety by the form of Additional Investment Rights Agreement filed as an exhibit to Form 8-K filed by the Company with the SEC on September 16, 2004.

Number, Term, and Definitions

The Additional Investment Rights entitle the holders thereof to initially purchase up to a total of approximately 3,430,851 shares of the Common Stock of the Company.

The Additional Investment Rights are exercisable at any time on or after the 181st day after the date of the Additional Investment Rights agreement (the "Initial Exercise Date") and on or prior to the close of business on the earlier of (a) the later of (i) the 181st day after the Effective Date and (ii) the 181st day after the Initial Exercise Date and (b) the 2nd year anniversary of the date of the Purchase Agreement (the "Termination Date" and the period from the Initial Exercise Date until the Termination Date

Capitalized terms used and not otherwise defined in this Description of Additional Investment Rights Section shall have the meanings set forth in Section 1 of the Additional Investment Rights agreement.

Exercise

Exercise of Additional Investment Right. Exercise of the purchase rights represented by the Additional Investment Rights may be made at any time or times on or after the Initial Exercise Date and on or before the Termination Date by delivery to the Company of a duly executed facsimile copy of the Notice of Exercise Form annexed to the Additional Investment Rights agreement.

Exercise Price. The exercise price of each share of Common Stock under the Additional Investment Rights shall be \$1.03, subject to adjustment (the "Exercise Price").

Holder's Restrictions. The holder of Additional Investment Rights shall not have the right to exercise any portion of the Additional Investment Rights, pursuant to Section 2(c) thereof or otherwise, to the extent that after giving effect to such issuance after exercise, the Holder (together with the Holder's affiliates), as set forth on the applicable Notice of Exercise, would beneficially own in excess of 4.99% of the number of shares of the Common Stock outstanding immediately after giving effect to such issuance.

Edgar Filing: RCG Companies INC - Form DEF 14A

Call Provision. Subject to the provisions of Section 2(f) of the Additional Investment Rights agreement, if after the Effective Date the VWAP for each of 20 consecutive Trading Days (the "Measurement Price", which period shall not have commenced until after such anniversary date) is greater than or equal to 160% of the then Exercise Price (subject to adjustment as set forth therein) (the "Threshold Price"), then the Company may, in its sole discretion, within ten Trading Days of such period, call for cancellation of all or any portion of the Additional Investment Rights for which a Notice of Exercise has not yet been delivered (such right, a "Call"). To exercise this right, the Company must deliver to the Holder an irrevocable written notice (a "Call Notice"), indicating therein the portion of unexercised portion of the Additional Investment Rights to which such notice applies. If the conditions set forth below for such Call are satisfied from the period from the date of the Call Notice through and including the Call Date (as defined below), then any portion of the Additional Investment Rights subject to such Call Notice for which a Notice of Exercise shall not have been received from and after the date of the Call Notice will be cancelled at 6:30 p.m. (New York City time) on the tenth Trading Day after the date the Call Notice is received by the Holder (such date, the "Call Date"). Any unexercised portion of the Additional Investment Rights to which the Call Notice does not pertain will be unaffected by such Call Notice. Notwithstanding anything to the contrary set forth in the Additional Investment Rights, the Company may not deliver a Call Notice or require the cancellation of the Additional Investment Rights (and any Call Notice will be void), unless, from the beginning of the 20 consecutive Trading Days used to determine whether the Common Stock has achieved the Threshold Price through the Call Date, the Equity Conditions have been met. The Company's right to Call the Additional Investment Right shall be exercised ratably among the Purchasers based on each Purchaser's initial purchase of Common Stock pursuant to the Securities Purchase Agreement.

Certain Adjustments

Stock Dividends and Splits. If the Company, at any time while the Additional Investment Rights are outstanding: (A) pays a stock dividend or otherwise make a distribution or distributions on shares of its Common Stock or any other equity or equity equivalent securities payable in shares of Common Stock (which, for avoidance of doubt, shall not include any shares of Common Stock issued by the Company pursuant to the Additional Investment Rights), (B) subdivides outstanding shares of Common Stock into a larger number of shares, (C) combines (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, or (D) issues by reclassification of shares of the Common Stock any shares of capital stock of the Company, then in each case the Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding treasury shares, if any) outstanding before such event and of which the denominator shall be the number of shares of Common Stock outstanding after such event and the number of Additional Investment Right Shares issuable upon exercise of the Additional Investment Rights shall be proportionately adjusted. Any adjustment made pursuant to this Section 3(a) shall become effective immediately after the record date for the determination of Stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or re-classification.

Pro Rata Distributions. If the Company, at any time prior to the Termination Date, shall distribute to all holders of Common Stock (and not to Holders of the Additional Investment Rights) evidences of its indebtedness or assets or rights or Additional Investment Rights to subscribe for or purchase any security other than the Common Stock (which shall be subject to Section 3(b) of the Additional Investment Rights agreement), then in each such case the Exercise Price shall be adjusted by multiplying the Exercise Price in effect

Edgar Filing: RCG Companies INC - Form DEF 14A

immediately prior to the record date fixed for determination of Stockholders entitled to receive such distribution by a fraction of which the denominator shall be the VWAP determined as of the record date mentioned above, and of which the numerator shall be such VWAP on such record date less the then per share fair market value at such record date of the portion of such assets or evidence

49

of indebtedness so distributed applicable to one outstanding share of the Common Stock as determined by the Board of Directors in good faith. In either case the adjustments shall be described in a statement provided to the Holders of the portion of assets or evidences of indebtedness so distributed or such subscription rights applicable to one share of Common Stock. Such adjustment shall be made whenever any such distribution is made and shall become effective immediately after the record date mentioned above.

Fundamental Transaction. If, at any time while the Additional Investment Rights are outstanding, (A) the Company effects any merger or consolidation of the Company with or into another Person, in which the Company is not the surviving entity, or the Company's then existing shareholders will own less than 51% of the surviving entity, (B) the Company effects any sale of all or substantially all of its assets in one or a series of related transactions, (C) any tender offer or exchange offer (whether by the Company or another Person) is completed pursuant to which holders of Common Stock are permitted to tender or exchange their shares for other securities, cash or property, or (D) the Company effects any reclassification of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property (in any such case, a "Fundamental Transaction"), then, upon any subsequent conversion of the Additional Investment Rights, the holder of Additional Investment Rights shall have the right to receive, for each Additional Investment Right Share that would have been issuable upon such exercise absent such Fundamental Transaction, at the option of the Holder, (a) upon exercise of the Additional Investment Rights, the number of shares of Common Stock of the successor or acquiring corporation or of the Company, if it is the surviving corporation, and Alternate Consideration receivable upon or as a result of such reorganization, reclassification, merger, consolidation or disposition of assets by a Holder of the number of shares of Common Stock for which the Additional Investment Rights are exercisable immediately prior to such event or (b) only in the event the Company is acquired in an all cash acquisition, cash equal to the value of the Additional Investment Rights as determined in accordance with the Black-Scholes option pricing formula (the "Alternate Consideration"). For purposes of any such exercise, the determination of the Exercise Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one share of Common Stock in such Fundamental Transaction, and the Company shall apportion the Exercise Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the Holder shall be given the same choice as to the Alternate Consideration it receives upon any exercise of the Additional Investment Rights following such Fundamental Transaction. To the extent necessary to effectuate the foregoing provisions, any successor to the Company or surviving entity in such Fundamental Transaction shall issue to the Holder a new Additional Investment Right consistent with the foregoing provisions and evidencing the Holder's right to exercise such Additional Investment Right into Alternate Consideration upon the payment thereof. The terms of any agreement pursuant to which a Fundamental Transaction is effected shall include terms requiring any such successor or surviving entity to comply with the provisions of paragraph and insuring that the Additional Investment

Rights (or any such replacement security) will be similarly adjusted upon any subsequent transaction analogous to a Fundamental Transaction.

Description of 2/05 Warrants

The following is a summary of the material terms of the 2/05 Warrants and is qualified by its entirety by the form of 2/05 Warrant filed as an exhibit to Form 8-K filed by the Company with the SEC on February 14, 2005. The following, description does not take into account the April 2005 Adjustment (see "Adjustment to Exercise Price" below).

50

Number, Term, and Definitions

The 2/05 Warrants entitle the holders thereof to initially purchase up to a total of approximately 10,177,139 shares of the Common Stock of the Company.

The 2/05 Warrants are exercisable at any time on or after the Initial Exercise Date and on or prior to the close of business on the three-year anniversary of the Initial Exercise Date. The Exercise Period shall be extended for the number of Trading Days during such period in which (x) trading in the Common Stock is suspended by any Trading Market, or (y) following the Effective Date, the Registration Statement is not effective or the prospectus included in the Registration Statement may not be used by the Purchasers for the resale of the Warrant Shares.

Capitalized terms used and not otherwise defined in this Description of Warrants Section shall have the meanings set forth in Section 1 of the 2/05 Warrant.

Exercise

Exercise of 2/05 Warrant. Exercise of the 2/05 Warrants may be made at any time or times on or after the Initial Exercise Date and on or before the Termination Date by delivery to the Company of a duly executed facsimile copy of the Notice of Exercise Form annexed to the 2/05 Warrant.

Exercise Price. The exercise price of 50% of the 2/05 Warrants shall be \$1.55 per share, and the exercise price of the other 50% of the 2/05 Warrants shall be 1.87 per share, in each case subject to adjustment (the "Warrant Exercise Price").

Cashless Exercise. If at any time after one year from the date of issuance of the 2/05 Warrants there is no effective Registration Statement registering the resale of the Warrant Shares by the Holder, then the 2/05 Warrants may also be exercised at such time by means of a "cashless exercise."

Holder's Restrictions. Each Holder shall not have the right to exercise any portion of their 2/05 Warrant, pursuant to Section 2(c) of the 2/05 Warrants or otherwise, to the extent that after giving effect to such issuance after exercise, the Holder (together with the Holder's affiliates), as set forth on the applicable Notice of Exercise, would beneficially own in excess of 4.99% of the number of shares of the Common Stock outstanding immediately after giving effect to such issuance.

Certain Adjustments

Stock Dividends and Splits. If the Company, at any time while the 2/05

Edgar Filing: RCG Companies INC - Form DEF 14A

Warrants are outstanding: (A) pays a stock dividend or otherwise make a distribution or distributions on shares of its Common Stock or any other equity or equity equivalent securities payable in shares of Common Stock (which, for avoidance of doubt, shall not include any shares of Common Stock issued by the Company pursuant to the 2/05 Warrants), (B) subdivides outstanding shares of Common Stock into a larger number of shares, (C) combines (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, or (D) issues by reclassification of shares of the Common Stock any shares of capital stock of the Company, then in each case the Warrant Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding treasury shares, if any) outstanding before such event and of which the denominator shall be the number of shares of Common Stock outstanding after such event and the number of Warrant Shares issuable upon exercise of the 2/05 Warrants shall be proportionately adjusted. Any adjustment made pursuant to Section 3(a) of the 2/05 Warrants shall become effective immediately after the record date for the determination of Stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or re-classification.

51

Subsequent Equity Sales. If the Company or any Subsidiary thereof, as applicable, at any time while the 2/05 Warrants are outstanding, shall sell, grant any option to purchase, sell or grant any right to reprice its securities, or otherwise dispose of or issue any Common Stock or Common Stock Equivalents entitling any Person to acquire shares of Common Stock, at an effective price per share less than the then Warrant Exercise Price (such lower price, the "Base Share Price" and such issuances collectively, a "Dilutive Issuance"), as adjusted (if the holder of the Common Stock or Common Stock Equivalents so issued shall at any time, whether by operation of purchase price adjustments, reset provisions, floating conversion, exercise or exchange prices or otherwise, or due to warrants, options or rights per share which is issued in connection with such issuance, be entitled to receive shares of Common Stock at an effective price per share which is less than the Warrant Exercise Price, such issuance shall be deemed to have occurred for less than the Warrant Exercise Price), then, the Warrant Exercise Price shall be reduced to equal the Base Share Price; subject to adjustment for reverse and forward stock splits, stock dividends, stock combinations and other similar transactions of the Common Stock that occur after the date of the Securities Purchase Agreement.

Pro Rata Distributions. If the Company, at any time prior to the Termination Date, shall distribute to all holders of Common Stock (and not to Holders of the 2/05 Warrants) evidences of its indebtedness or assets or rights or warrants to subscribe for or purchase any security other than the Common Stock (which shall be subject to Section 3(b) of the 2/05 Warrants), then in each such case the Warrant Exercise Price shall be adjusted by multiplying the Warrant Exercise Price in effect immediately prior to the record date fixed for determination of Stockholders entitled to receive such distribution by a fraction of which the denominator shall be the VWAP determined as of the record date mentioned above, and of which the numerator shall be such VWAP on such record date less the then per share fair market value at such record date of the portion of such assets or evidence of indebtedness so distributed applicable to one outstanding share of the Common Stock as determined by the Board of Directors in good faith.

Fundamental Transaction. If, at any time while the 2/05 Warrants are outstanding, (A) the Company effects any merger or consolidation of the Company with or into another Person, in which the Company is not the surviving entity, or the Company's then existing shareholders will own less than 51% of the

Edgar Filing: RCG Companies INC - Form DEF 14A

surviving entity, (B) the Company effects any sale of all or substantially all of its assets in one or a series of related transactions, (C) any tender offer or exchange offer (whether by the Company or another Person) is completed pursuant to which holders of Common Stock are permitted to tender or exchange their shares for other securities, cash or property, or (D) the Company effects any reclassification of the Common Stock or any compulsory share exchange pursuant to which the common Stock is effectively converted into or exchanged for other securities, cash or property (a "Fundamental Transaction"), then, upon any subsequent conversion of the 2/05 Warrant, the holder of the 2/05 Warrants shall have the right to receive, for each Warrant Share that would have been issuable upon such exercise absent such Fundamental Transaction, at the option of the holder, (a) upon exercise of the 2/05 Warrants, the number of shares of Common Stock of the successor or acquiring corporation or of the Company, if it is the surviving corporation, and Alternate Consideration receivable upon or as a result of such reorganization, reclassification, merger, consolidation or disposition of assets by a Holder of the number of shares of Common Stock for which the 2/05 Warrants are exercisable immediately prior to such event or (b) only in the event the Company is acquired in an all cash acquisition, cash equal

52

to the value of the 2/05 Warrants as determined in accordance with the Black-Scholes option pricing formula. For purposes of any such exercise, the determination of the Warrant Exercise Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one share of Common Stock in such Fundamental Transaction, and the Company shall apportion the Warrant Exercise Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the Holder shall be given the same choice as to the Alternate Consideration it receives upon any exercise of the 2/05 Warrant following such Fundamental Transaction. To the extent necessary to effectuate the foregoing provisions, any successor to the Company or surviving entity in such Fundamental Transaction shall issue to the Holder a new warrant consistent with the foregoing provisions and evidencing the Holder's right to exercise such warrant into Alternate Consideration upon the payment thereof. The terms of any agreement pursuant to which a Fundamental Transaction is effected shall include terms requiring any such successor or surviving entity to comply with the provisions of this paragraph and insuring that the 2/05 Warrant (or any such replacement security) will be similarly adjusted upon any subsequent transaction analogous to a Fundamental Transaction.

Adjustment to Exercise Price

Notwithstanding any terms to the contrary set forth in the above description, on April 15, 2005, subject to stockholder approval as required under the American Stock Exchange rules, the terms of the 2/05 Warrants were adjusted by the Company such that the exercise price of the 2/05 Warrants was reduced to \$0.55 per share, which exercise price will no longer be subject to any anti-dilution adjustments.

Board Recommendation

For the reasons outlined above, the Board recommends a vote FOR the proposal to approve, to the extent required for compliance with the American Stock Exchange rules, issuance of additional shares of the Company's Common Stock as needed for the full conversion of the Company's Series A 6% Convertible Preferred Stock and exercise of Warrants and Additional Investment Rights sold in a private placement offering completed by the Company in September 2004 and

Pursuant to the terms of the 4/05 Securities Purchase Agreement, the Company issued the following securities to the 4/05 Investors in consideration for the 4/05 Investors making payment to the Company in the aggregate amount of \$31,110,165:

- * 311.10165 shares of Series C Convertible Preferred Stock (the "Series C Preferred Stock"); and
- * Warrants to purchase approximately 22,625,566 shares of common stock of the Company at an exercise price of \$0.55 per share, and warrants to purchase approximately 3,393,835 shares of common stock of the Company at an exercise price of \$.605 per share, each exercisable until the date that is 5 years after the date of issuance (collectively, the "4/05 Warrants").

The Company has agreed to file a registration statement with the registering for resale all shares of common stock of the Company underlying the Series C Preferred Stock and the 4/05 Warrants.

The transaction was approved by the Company's Board of Directors on April 6, 2005, and closed on April 14, 2005. The shares of Series C Preferred Stock, the 4/05 Warrants, and the shares of Common Stock underlying such securities have been and will be issued pursuant to the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended.

American Stock Exchange Approval Rule

The Company's Common Stock is listed for trading on the American Stock Exchange and therefore, is subject to the Rules of the American Stock Exchange. Pursuant to the American Stock Exchange Constitution and Rules, Section 713, "the corporation is required to obtain shareholder approval for an offering in the event that 20% or more of the presently outstanding common stock, or securities convertible into common stock are issued at a price lower than market value." As of April 13, 2005, a day prior to closing of the 4/05 Private Placement, the Company had 29,219,112 shares of Common Stock issued and outstanding. Generally, in making a determination regarding the shareholder approval on the 20% rule, the American Stock Exchange will compute the number of shares to be obtained by utilizing the lowest possible conversion ratio and will rely on the number of shares outstanding at the time of the offering. The conversion price of the Series C Preferred Stock and the exercise price of the 4/05 Warrants are below the market price of the Company's Common Stock on the

Edgar Filing: RCG Companies INC - Form DEF 14A

applicable determination date. Therefore, shareholder approval is required regarding the issuance, upon conversion of Series C Preferred Stock and the exercise of the 4/05 Warrants, of Common Stock equaling 20% or more of the Company's shares outstanding at the applicable determination date.

54

In the event that stockholder approval is not obtained, the Series C Preferred Stock will not convert into Common Stock, will remain outstanding and senior in rights of liquidation to the Common Stock, and must be redeemed by the Company in April 2006 for \$31,110,165, and the exercise of the 4/05 Warrants will not be permitted.

Description of Series C Preferred Stock

The following is a summary of the material terms of the Series C Preferred Stock as initially issued and is qualified by its entirety by the Certificate of Designation of Preferences, Rights and Limitations of Series C Convertible Preferred Stock (the "Certificate") filed as an exhibit to Form 8-K filed by the Company with the SEC on April 15, 2005.

Amount, Stated Value, and Definitions

The number of shares of Series C Preferred Stock designated was 450. Each share of Series C Preferred Stock has a stated value equal to \$100,000 (the "Stated Value"). Capitalized terms not otherwise defined in this Description of Series C Preferred Stock section have the meaning given such terms in the Certificate.

Dividends

Each Holder shall be entitled to receive, out of funds legally available therefore, and the Company shall pay, cumulative dividends on the Preferred Stock on an as converted basis with the Common Stock when, and as if, declared by the Board of Directors, in arrears within three days of each March 31, June 30, September 30 and December 31, commencing June 30, 2005 except if such date is not a Trading Day, in which case such dividend shall be payable on the next succeeding Trading Day (each, a "Dividend Payment Date").

Certain Protective Rights

For so long as any of the shares of Series C Preferred Stock are outstanding, neither the Company nor any Subsidiary shall, without the affirmative vote of the Holders of at least a majority of the shares of Series C Preferred Stock then outstanding:

- * alter or change the powers, preferences or rights given to the Series C Preferred Stock or alter or amend this Certificate of Designation;

- * authorize or create (by reclassification or otherwise) any class of equity security or Common Stock Equivalent ranking as to dividends or distribution of assets upon a Liquidation senior to the Series C Preferred Stock;

- * directly or indirectly pay or declare any dividend or make any distribution (other than dividends due and paid in the ordinary course on preferred stock of the Company at such times when the Company is in compliance with its payment obligations to the Series C Preferred Stock) upon, nor shall any distribution be made in respect of, any

Edgar Filing: RCG Companies INC - Form DEF 14A

Junior Securities, nor shall any monies be set aside for or applied to the purchase or redemption (through a sinking fund or otherwise) of any Junior Securities or securities pari passu with the Series C Preferred Stock;

* alter, amend or waive any provision of the Voting Agreement or the Farequest Voting Agreement;

55

* amend or waive any provision in its Certificate of Incorporation in a manner adverse to the Series C Preferred Stock; or

* enter into any agreement with respect to the foregoing clauses.

Liquidation

Upon any liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary (a "Liquidation"), the Holders shall be entitled to receive out of the assets of the Company, whether such assets are capital or surplus, for each share of Series C Preferred Stock an amount equal to the Stated Value per share before any distribution or payment shall be made to the holders of any Junior Securities, and if the assets of the Company shall be insufficient to pay in full such amounts, then the entire assets to be distributed to the Holders shall be distributed among the Holders ratably in accordance with the respective amounts that would be payable on such shares if all amounts payable thereon were paid in full. The Series C Preferred Stock ranks in order of priority on liquidation, parri passu with the Company's Series A Preferred Stock and senior to all other stock, including the Series B Preferred Stock and the Common Stock.

Automatic Conversion

Within one (1) Trading Day following the date on which the Company obtains the approval of its stockholders for the conversion of the Series C Preferred Stock and exercise of the 4/05 Warrants and the 1 for 10 Reverse Stock Split ("Stockholder Approval"), the Company shall deliver to each Holder a notice ("Automatic Notice") as to all of the then outstanding Series C Preferred Stock, notifying the Holders that all of the then outstanding Series C Preferred Stock shall be converted on the date which is the later of (i) the 25th Trading Day following delivery of the Automatic Notice and (ii) the 21st Trading Day following the filing of a Current Report on Form 8-K disclosing the effectiveness of the Reverse Stock Split on the American Stock Exchange (such later date, the "Automatic Conversion Date").

Redemption upon Triggering Events

All shares of Series C Preferred Stock which remain outstanding on April 14, 2006 shall be redeemed by the Company for a redemption price equal to the \$100,000 per share stated value plus accrued but unpaid dividends and any other amounts then owing on the account thereof to the holder (the "Redemption Price"). If the Company does not pay the Redemption Price in full on April 14, 2006, the Redemption Price payable to the holder shall bear interest at the rate of 1% per month (prorated for partial months) or such lesser maximum amount as then permitted by applicable law, until paid in full.

Adjustment to Conversion Price

The Conversion Price in effect on the Automatic Conversion Date shall

Edgar Filing: RCG Companies INC - Form DEF 14A

be subject to the following adjustments:

* Stock Dividends and Splits. If the Company, at any time while shares of Series C Preferred Stock are outstanding: (1) pays a stock dividend on its Common Stock or otherwise makes a distribution on any class of capital stock that is payable in shares of Common Stock, (2) subdivides outstanding shares of Common Stock into a larger number of shares, or (3) combines outstanding shares of Common Stock into a smaller number of shares, then in each such case the Conversion Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock outstanding immediately before such event and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event. Any

56

adjustment made pursuant to clause (1) of this paragraph shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution, and any adjustment pursuant to clause (2) or (3) of this paragraph shall become effective immediately after the effective date of such subdivision or combination.

* Adjustment Upon Reverse Stock Split. If the average of the VWAP for the 20 Trading Days immediately following the filing of a Current Report on Form 8-K disclosing the effectiveness of the Reverse Stock Split on the American Stock Exchange (such average VWAP, the "Reset Amount" and such period, the "Reset Period ") is less than the Conversion Price then in effect, the Conversion Price shall automatically adjust to the Reset Amount. In other words, based upon the initial Conversion Price of \$.55, if the Reset Amount is less than \$5.50, the conversion price is reset to the lower Reset Amount. The Company shall notify the Holders in writing within one (1) Trading Day should such adjustment occur. Each Holder covenants that neither it nor any Person acting on its behalf or pursuant to any understanding with it will engage in or close out any transactions in the securities of the Company (including Short Sales) prior to the Trading Day following the Reset Period.

* Fundamental Transactions. If, at any time while shares of Series Preferred Stock are outstanding (a) the Company effects any merger or consolidation of the Company with or into another Person in which the Company is not the survivor, (b) the Company effects any sale of all or substantially all of its assets in one or a series of related transactions, (c) any tender offer or exchange offer (whether by the Company or another Person) is completed pursuant to which holders of Common Stock are permitted to tender or exchange their shares for other securities, cash or property, or (d) the Company effects any reclassification of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property (a "Fundamental Transaction"), then each Holder shall have the right thereafter to receive, upon conversion of shares of such Holder's Series C Preferred Stock, the same amount and kind of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Transaction if it had been, immediately prior to such Fundamental Transaction, the holder of the number of Underlying Shares then issuable upon conversion of all of such Holder's shares of Series C Preferred Stock (the "Alternate Consideration"). For purposes of any such conversion, the determination of the Conversion Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one share of Common Stock in such Fundamental Transaction, and the Company shall apportion the Conversion Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received

Edgar Filing: RCG Companies INC - Form DEF 14A

in a Fundamental Transaction, then each Holder shall be given the same choice as to the Alternate Consideration it receives upon any conversion of such Holder's Series C Preferred Stock following such Fundamental Transaction.

* Reclassifications; Share Exchanges. In case of any reclassification of the Common Stock, or any compulsory share exchange pursuant to which the Common Stock is converted into other securities, cash or property (other than compulsory share exchanges which constitute Change of Control Transactions), each Holder of the Series C Preferred Stock then outstanding shall have the right thereafter to convert such shares only into the shares of stock and other securities, cash and property receivable upon or deemed to be held by holders of Common Stock following such reclassification or share exchange, and such Holders shall be entitled upon such event to receive such amount of securities, cash or property as a holder of the number of shares of Common Stock of the Company into which such shares of Series C Preferred Stock could have been converted immediately prior to such reclassification or share exchange would have been entitled. This provision shall similarly apply to successive reclassifications or share exchanges.

57

Description of 4/05 Warrants

The following is a summary of the material terms of the 4/05 Warrants as initially issued and is qualified by its entirety by the form of 4/05 Warrant filed as an exhibit to Form 8-K filed by the Company with the SEC on April 15, 2005.

Number, Term, and Definitions

The 4/05 Warrants entitle the holders thereof to initially purchase up to a total of approximately 26,019,401 shares of the Common Stock of the Company.

The 4/05 Warrants are exercisable from the Automatic Conversion Date until the date that is 5 years after the date of issuance. The Automatic Conversion Date is the latter of the following two dates (i) the 25th trading day following the Company's delivery of notice to the holders of Series C Preferred Stock of an automatic conversion of the Series C Preferred Stock (which notice must be delivered by the Company within 1 trading day of the date the Company receives shareholder approval under the AMEX rules for the issuance of 20% or more of the Company's outstanding shares of common stock upon exercise of the Series C Preferred Stock and the 4/05 Warrants), and (ii) the 21st trading day following the filing of a Current Report on Form 8-K disclosing the effectiveness of the reverse stock split of the Company's common stock.

Capitalized terms used and not otherwise defined in this Description of 4/05 Warrants Section shall have the meanings set forth in Section 1 of the 4/05 Warrant agreement.

Exercise

Exercise of 4/05 Warrant. Exercise of the 4/05 Warrants may be made at any time or times on or after the Automatic Conversion Date and on or before the date that is 5 years after the date of issuance by delivery to the Company of a duly executed facsimile copy of the Notice of Exercise Form annexed to the 4/05 Warrant.

Exercise Price. The exercise price of 22,625,566 shares of common stock of the Company under the 4/05 Warrants shall be \$0.55 per share, subject to

Edgar Filing: RCG Companies INC - Form DEF 14A

adjustment, and the exercise price of 3,393,835 shares of common stock of the Company under the 4/05 Warrants shall be \$.605 per share, subject to adjustment (the "Exercise Price").

Cashless Exercise. If at any time during the Effectiveness Period there is no effective Registration Statement registering the resale of the Warrant Shares by the Holder, then the 4/05 Warrants may also be exercised at such time by means of a "cashless exercise."

Holder's Restrictions. Each Holder of a 4/05 Warrant shall not have the right to exercise any portion of their 4/05 Warrant to the extent that after giving effect to such issuance after exercise, the holder (together with the holder's affiliates), as set forth on the applicable Notice of Exercise, would beneficially own in excess of 9.999% of the number of shares of the Common Stock outstanding immediately after giving effect to such issuance.

Call Provision. If at any time following the Automatic Conversion Date, (i) the closing price of the Common Stock for each of the 20 consecutive Trading Days (each occurring after the Automatic Conversion Date) immediately prior to delivery of a Call Notice (as defined below) is greater than \$1.65 (subject to equitable adjustment as a result of intervening stock splits and reverse stock splits), (ii) the average daily trading volume of the Common Stock during the entire 20 Trading Day period referenced in (i) above through the expiration of the Call Date (as defined below) as reported by Bloomberg L.P. (the "Call Condition Period") shall be at least 100,000 shares (subject to equitable adjustment as a result of intervening stock splits and reverse stock splits),

58

(iii) the Warrant Shares are either registered for resale pursuant to an effective registration statement naming the Holder as a selling stockholder thereunder (and the prospectus thereunder is available for use by the Holder as to all Warrant Shares) or freely transferable without volume restrictions pursuant to Rule 144(k) promulgated under the Securities Act, as determined by counsel to the Company pursuant to a written opinion letter addressed and in form and substance reasonably acceptable to the Holder and the transfer agent for the Common Stock, during the entire Call Condition Period, and (iv) the Company shall have complied in all material respects with its obligations under this Warrant and the Transaction Documents and the Common Stock shall at all times be listed or quoted on a Trading Market during the Call Condition Period, then the Company may in its sole discretion, elect to require the exercise of all (but not less than all) of the then unexercised portion of this Warrant, on the date that is the fifth (5th) calendar day after written notice thereof (a "Call Notice ") is received by the Holder (the "Call Date").

Certain Adjustments

Stock Dividends and Splits. If the Company, at any time while the 4/05 Warrants are outstanding: (A) pays a stock dividend or otherwise make a distribution or distributions on shares of its Common Stock or any other equity or equity equivalent securities payable in shares of Common Stock (which, for avoidance of doubt, shall not include any shares of Common Stock issued by the Company pursuant to the 4/05 Warrants), (B) subdivides outstanding shares of Common Stock into a larger number of shares, or (C) combines (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, then in each case the Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock outstanding before such event and of which the denominator shall be the number of shares of Common Stock outstanding after such event, and the number of Warrant Shares shall be adjusted accordingly. Any adjustment made pursuant to

Edgar Filing: RCG Companies INC - Form DEF 14A

this Section 3(a) shall become effective immediately after the record date for the determination of Stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or reclassification.

Fundamental Transaction. If, at any time while the 4/05 Warrant is outstanding there is a Fundamental Transaction, then the Holder shall have the right thereafter to receive, upon exercise of this Warrant, the same amount and kind of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Transaction if it had been, immediately prior to such Fundamental Transaction, the holder of the number of Warrant Shares then issuable upon exercise in full of this Warrant (the "Alternate Consideration"). For purposes of any such exercise, the determination of the Exercise Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one share of Common Stock in such Fundamental Transaction, and the Company shall apportion the Exercise Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the holder of the 4/05 Warrant shall be given the same choice as to the Alternate Consideration it receives upon any exercise of this Warrant following such Fundamental Transaction. At the holder's option and request, any successor to the Company or surviving entity in such Fundamental Transaction shall issue to the Holder a new warrant substantially in the form of this Warrant and consistent with the foregoing provisions and evidencing the Holder's right to purchase the Alternate Consideration for the aggregate Exercise Price upon exercise thereof. The terms of any agreement pursuant to which a Fundamental

59

Transaction is effected shall include terms requiring any such successor or surviving entity to comply with the provisions of this paragraph (b) and insuring that the Warrant (or any such replacement security) will be similarly adjusted upon any subsequent transaction analogous to a Fundamental Transaction. Within five Trading Days after entering into a definitive agreement with respect to a cash-out merger (the "Cash-Out Merger"), the Company shall deliver a notice to the Holder informing the Holder of such transaction (such notice, a "Cash-Out Notice"). At 5:30 p.m. (New York City time) by the twentieth Trading Day after such Holder receives the Cash-Out Notice ("Cash-Out Date"), the Holder shall notify the Company of its decision to either (1) exercise the portion of this Warrant not exercised prior thereto or (2) to receive from the Company an amount in cash equal to the product of (A) the difference between \$1.65 and the Exercise Price, multiplied by (B) the number of Warrant Shares as to which this Warrant has not been exercised prior thereto. The failure of the Holder to notify the Company of its election hereunder by the Cash-Out Date shall be treated as an election under clause (2) in the immediately preceding sentence, and this warrant shall then only represent the right to receive such funds and shall no longer be exercisable for Common Stock. The cash payable to the Holder pursuant to clause (2) above shall be paid to the Holder, against delivery of such Holder's Warrant to the Company, as and when the consideration for the cash-out merger is distributed to all holders of Common Stock. The foregoing shall be contingent upon the closing of the Cash-Out Merger.

Voting Agreements and Pledge Agreement

The 4/05 Investors received Voting Agreements from Company common stockholders representing 31.4% of the issued and outstanding common stock of the Company. The parties to the Voting Agreements agreed to vote in favor of the Reverse Stock Split, and the issuance of common stock upon the conversion of the

Edgar Filing: RCG Companies INC - Form DEF 14A

Series C Preferred Stock and the exercise of the 4/05 Warrants. Messrs. William Goldstein, and Michael Pruitt, and P. Roger Byer, who are executive officers and/or directors of the Company, are parties to such Voting Agreements.

William Goldstein, the Company's Chairman and CEO, also pledged his holdings in the Company's stock to the 4/05 Investors as security for the affirmative vote on these matters by the Company's stockholders. The 4/05 Investors also received Lock-Up Agreements from Common Stockholders of the Company that held 14% of the Common Stock restricting them from selling their shares of Common Stock until the date following the record date for the annual meeting, or the date following the annual meeting.

Board Recommendation

For the reasons outlined above, the Board recommends a vote FOR the proposal to approve, to the extent required for compliance with the American Stock Exchange rules, issuance of additional shares of the Company's Common Stock as needed for full conversion of the Company's Series C Convertible Preferred Stock and exercise of the Company's Warrants sold in a private placement in April 2005.

PROPOSAL 6

TO APPROVE AN AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION
TO EFFECT A 1 FOR 10 REVERSE STOCK SPLIT OF THE COMPANY'S COMMON STOCK
AND REDUCE THE NUMBER OF SHARES OF AUTHORIZED COMMON STOCK

The Company's Board of Directors has adopted a resolution approving the amendment of the Company's Certificate of Incorporation to effectuate a 1 for 10 reverse stock split of the Company's Common Stock (the "Reverse Stock Split"). The form of proposed amendment is attached to this proxy statement as Exhibit B. The reverse stock split amendment will effect the reverse stock split by reducing the number of outstanding shares of common stock by the ratio of 1-for-10, but will not increase the par value of our common stock. It will also reduce the number of authorized shares of our common stock from 200,000,000 to 50,000,000. If the Stockholders approve the Reverse Stock Split, the Reverse Stock Split would become effective on the date of filing of an amendment to the Certificate of Incorporation with the Delaware Secretary of State.

Reasons for the Reverse Stock Split

Under the 4/05 Securities Purchase Agreement, the Company is required to use its best efforts to obtain the approval of its stockholders to effect the Reverse Stock Split. Accomplishing the Reverse Stock Split is required for the Company's Series C Preferred Stock to convert into Common Stock and for the Company to avoid having to redeem the Series C Preferred Stock in April 2006. Also, the Reverse Stock Split is likely required to maintain the Company's common stock listing on the American Stock Exchange. The Company's common stock is currently listed on the American Stock Exchange. The continued listing criteria of the American Stock Exchange requires, among other things, that the Company's common stock maintain a closing bid price in excess of \$1.00 per share. The Company believes the trading price of its common stock, if not addressed, could result in delisting proceedings by the Amex.

The Company's Board of Directors has determined that the continued listing of our common stock on the American Stock Exchange is in the best interests of our stockholders. If our common stock were delisted from the American Stock Exchange, the Company believes that the liquidity in the trading

Edgar Filing: RCG Companies INC - Form DEF 14A

market for its common stock would be significantly decreased, which would likely reduce the trading price and increase the transaction costs of trading shares of our common stock. Delisting of the Company's common stock from the American Stock Exchange could also have adverse results to the Company under the 9/04 Securities Purchase Agreement and related agreements, such as triggering the rights of the Series A Preferred to require redemption of their shares and payment of liquidated damages.

The Board also believes that the decrease in the number of shares of the Company's Common Stock outstanding as a consequence of the Reverse Stock Split, and the anticipated increase in the per share price of the Company's Common Stock, could encourage interest in the Company's Common Stock and possibly promote greater liquidity for the Company's Stockholders, although such liquidity could be adversely affected by the reduced number of shares outstanding after the Reverse Stock Split.

There can be no assurances, however, that the foregoing events will occur, or that the market price of the Company's Common Stock immediately after the Reverse Stock Split will be maintained for any period of time. Although the Reverse Stock Split will not, by itself, impact our assets or prospects, the reverse split could result in a decrease in the aggregate market value of our common stock. Moreover, there can be no assurance that the market price of the Company's Common Stock after the Reverse Stock Split will adjust to reflect the exchange ratio or that the market price following the Reverse Stock Split will either exceed or remain in excess of the current market price.

61

Principal Effects of a Reverse Stock Split

The Board of Directors has proposed a 1 for 10 reverse split of the Company's Common Stock. If approved, upon the filing of an amendment to the Company's Certificate of Incorporation effectuating the Reverse Stock Split, each share of the Company's Common Stock outstanding as of the record date chosen by the Board will, immediately and automatically, be changed into one tenth (1/10) of a share of the Company's Common Stock. In addition, the number of shares of the Company's Common Stock subject to outstanding options, warrants and other convertible securities issued by the Company will be reduced by a factor of ten, and the exercise or conversion price thereof will be proportionately increased by a factor of ten. No fractional shares of the Company's Common Stock will be issued in connection with the Reverse Stock Split. Holders of the Company's Common Stock who would otherwise receive a fractional share of the Company's Common Stock pursuant to the Reverse Stock Split will receive cash in lieu of the fractional share as explained more fully below. The par value of the Company's Common Stock would remain unchanged at \$.04 per share. The number of authorized common shares will also be reduced from 200,000,000 to 50,000,000. In addition, if the Reverse Split is effected and the volume weighted average price for the 20 trading days following the effectiveness of the Reverse Stock Split is less than \$5.50, then the effective conversion price of the Company's Series C Preferred Stock and Series A Preferred Stock will be reset to such lower average price, and the conversion price of the Company's \$12.5 million Convertible Promissory Notes issued to OneTravel, Inc. stockholders will be reset to 125% of such average price. (See Proposal 5 above for a description of the Series C Preferred Stock and Proposal 7 below for a description of the \$12.5 million Convertible Promissory Notes).

If this proposal is approved by the Stockholders the Board of Directors will fix a record date for determination of shares subject to the Reverse Stock Split.

Edgar Filing: RCG Companies INC - Form DEF 14A

Because the Reverse Stock Split would apply to all issued and outstanding shares of the Company's Common Stock and outstanding rights to purchase the Company's Common Stock or to convert other securities into the Company's Common Stock, the Reverse Stock Split would not alter the relative rights and preferences of existing Stockholders. Because the number of authorized shares of the Company's Common Stock would be proportionately reduced, the amendment would not increase the proportionate number of shares of the Company's Common Stock available for future issuances by the Board of Directors.

Upon the effectuation of the Reverse Stock Split some Stockholders may own less than one hundred shares of the Company's Common Stock. A purchase or sale of less than one hundred shares (an "odd lot" transaction) may result in incrementally higher trading costs through certain brokers, particularly "full service" brokers. Therefore, those Stockholders who own less than one hundred shares following the Reverse Stock Split may be required to pay moderately higher transaction costs should they then determine to sell their shares of the Company's Common Stock.

Stockholders have no right under Delaware law or the Company's Certificate of Incorporation or By-Laws to dissent from the Reverse Stock Split or to dissent from the payment of cash in lieu of issuing fractional shares.

Cash Payment in Lieu of Fractional Shares

If the Reverse Stock Split is approved by the Stockholders, upon the effectuation thereof no fractional shares would be issued. In lieu of any fractional shares to which a holder of the Company's Common Stock would

62

otherwise be entitled as a result of the Reverse Stock Split, the Company would pay cash equal to such fractional share multiplied by the average of the high and low trading prices of the Common Stock (as adjusted to reflect the Reverse Stock Split) during regular trading hours for the five (5) trading days immediately preceding the effective time of the Reverse Stock Split, which amount is hereby determined to equal the fair market value of the Common Stock at the effective time of the Reverse Stock Split.

Effectiveness of the Reverse Stock Split

The reverse stock split, if approved by our Stockholders, will become effective upon our filing with the Delaware Secretary of State of a certificate of amendment to our certificate of incorporation, in substantially the form attached to this proxy statement as Exhibit B. We expect that this filing will take place on or shortly after the date of the Meeting, assuming that our Stockholders approve the Reverse Stock Split.

Beginning on the effective date of the Reverse Stock Split, each certificate representing shares of our common stock will be deemed for all corporate purposes to evidence ownership of the reduced number of shares of common stock resulting from the Reverse Stock Split. Following the effective date, stockholders will be notified by a press release of the effectiveness of the Reverse Stock Split and will be sent instructions as to how and when to surrender their certificates representing shares of our common stock in exchange for certificates or other evidence representing the reduced number of shares of our common stock resulting from the Reverse Stock Split. We intend to use Olde Monmouth Stock Transfer Co., Inc. as our exchange agent to effect the exchange of certificates following the reverse stock split. No service charges will be payable by the Stockholders in connection with the exchange of certificates. All

Edgar Filing: RCG Companies INC - Form DEF 14A

of these expenses will be borne by the Company. Stockholders should not destroy any stock certificates and should not submit any certificates to the Company until requested to do so.

Certain Federal Income Tax Consequences

The following is a summary of certain material United States federal income tax consequences of the reverse stock split. It does not purport to be a complete discussion of all of the possible United States federal income tax consequences of the reverse stock split and is included for general information only. Further, it does not address any state, local or foreign income or other tax consequences. This discussion does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. It also assumes that the shares of our common stock held by our stockholders before the reverse stock split were, and the shares of our common stock held after the reverse stock split will be, held as "capital assets," as defined in the Internal Revenue Code of 1986 (that is, generally, property held for investment). The tax treatment to a stockholder may vary depending upon the particular facts and circumstances of that stockholder. Furthermore, this discussion is based on the provisions of the United States federal income tax law in effect on the date of this proxy statement, which are subject to change retroactively as well as prospectively, and is not binding on the Internal Revenue Service or the courts.

In general, the federal income tax consequences of the Reverse Stock Split will vary among Stockholders depending upon whether they receive cash for fractional shares or solely a reduced number of shares of the Company's Common Stock in exchange for their old shares of the Company's Common Stock. The Company believes that because the Reverse Stock Split is not part of a plan to increase periodically a Stockholder's proportionate interest in the Company's assets or earnings and profits, the Reverse Stock Split will likely have the following federal income tax effects:

63

- * A Stockholder who receives solely a reduced number of shares of the Company's Common Stock will not recognize gain or loss. In the aggregate, such a Stockholder's basis in the reduced number of shares of the Company's Common Stock will equal the Stockholder's basis in its old shares of the Company's Common Stock.
- * A Stockholder who receives cash in lieu of a fractional share as a result of the Reverse Stock Split will generally be treated as having received the payment as a distribution in redemption of the fractional share, as provided in Section 302(a) of the Code, which distribution will be taxed as either a distribution under Section 301 of the Code or an exchange to such Stockholder, depending on that Stockholder's particular facts and circumstances. Generally, a Stockholder receiving such a payment would recognize gain or loss equal to the difference, if any, between the amount of cash received and the Stockholder's basis in the fractional share. In the aggregate, such a Stockholder's basis in the reduced number of shares of the Company's Common Stock will equal the Stockholder's basis in its old shares of the Company's Common Stock decreased by the basis allocated to the fractional share for which such Stockholder is entitled to receive cash.

Edgar Filing: RCG Companies INC - Form DEF 14A

- * The Company will not recognize any gain or loss as a result of the Reverse Stock Split.

We have included the federal income tax discussion set forth above for your general information only, and it may not be applicable depending upon your particular situation. You should consult your own tax advisor with respect to the tax consequences to you of the reverse stock split, including the tax consequences under state, local, foreign, and other tax laws and possible effects of changes in federal or other tax laws.

Board Recommendation

For the reasons outlined above, the Board recommends a vote FOR the approval of an amendment to the Company's Certificate of Incorporation to effectuate a 1 for 10 reverse split of the Company's authorized and outstanding Common Stock and to reduce the authorized common stock to 50,000,000 shares.

PROPOSAL 7

TO APPROVE, TO THE EXTENT REQUIRED FOR COMPLIANCE WITH THE AMERICAN STOCK EXCHANGE RULES, THE ISSUANCE OF ADDITIONAL SHARES OF THE COMPANY'S COMMON STOCK AS NEEDED FOR FULL CONVERSION OF THE COMPANY'S AGGREGATE \$12,500,000 SECURED PROMISSORY NOTES ISSUED FOR THE ACQUISITION OF ONETRAVEL, INC.

Description of Transaction

On April 15, 2005, the Company closed a transaction through which its wholly owned subsidiary, OT Acquisition Corporation, ("Sub") merged with and into OneTravel, Inc. ("OneTravel"). Pursuant to the terms of the Agreement and Plan of Merger dated February 10, 2005 for the acquisition (the "Merger Agreement") the OneTravel stockholders received (i) \$13 million, plus or minus a working capital adjustment, and (ii) a six month, interest free, convertible promissory note in the principal amount of \$12.5 million (the "Promissory Note"). The Promissory Note is convertible into the Company's Common Stock at the option of the note-holder at a conversion price per share of Common Stock equal to the lesser of (a) \$.6875 or (b) if the Conversion Price of the Series C stock is reset as a consequence of the Reverse Stock Split, then 125% of such Reset Conversion Price for the Series C Preferred Stock. The Company has the right to extend the maturity of the Promissory Note by up to five months upon payment of an extension fee to the note-holders of \$125,000 per each one month extension.

The Company has agreed to file registration statement with the SEC registering for resale all shares of the Company's Common Stock underlying the Promissory Note.

The merger transaction was approved by the Company's Board of Directors on February 7, 2005. The Company's Promissory Note was issued, and the shares of Common Stock underlying the Promissory Note, will be issued, pursuant to the exemption from registration provided by Section 4(2) of the Securities Act, as amended, and Regulation D promulgated under the Securities Act.

American Stock Exchange Approval Rule

The Company's Common Stock is listed for trading on the American Stock Exchange and therefore, is subject to the Rules of the American Stock Exchange. Pursuant to the American Stock Exchange Constitution and Rules, Section 712,

Edgar Filing: RCG Companies INC - Form DEF 14A

"the corporation is required to obtain shareholder approval as a prerequisite to approval of applications to list additional shares to be issued as sole or partial consideration for an acquisition of the stock or assets of another company . . . where the present or potential issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 20% or more." As of April 14, 2005, a day prior to closing of the merger transaction, the Company had 29,219,112 shares of Common Stock issued and outstanding. Generally, in making a determination regarding the shareholder approval on the 20% rule, the American Stock Exchange will compute the number of shares to be obtained by utilizing the lowest possible conversion ratio and will rely on the number of shares outstanding at the time of the offering. The issuance of shares of Common Stock in connection with the merger transaction upon conversion of the Promissory Note could result in an increase in the Company's outstanding Common Stock of 20% or more. Therefore, shareholder approval is required regarding issuances of Common Stock greater than or equal to 20% of the Company's outstanding Common Stock as of April 14, 2005, in connection with the merger transaction upon conversion of the Promissory Note.

65

In the event that shareholder approval is not obtained the Promissory Note issued in the merger transaction may not be converted, and the Company would not be able to satisfy the Promissory Note by issuing common stock.

Board Recommendation

For the reasons outlined above, the Board recommends a vote FOR the proposal to approve, to the extent required for compliance with the American Stock Exchange rules, the issuance of additional shares of the Company's Common Stock for full conversion of the Company's aggregate \$12,500,000 Secured Promissory Notes issued for the acquisition of OneTravel, Inc.
