MICRO BIO-MEDICAL WASTE SYSTEMS, INC.
NOTES TO FINANCIAL STATEMENTS
(UNAUDITED)

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited interim financial statements of Micro Bio-Medical Waste Systems, Inc. have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission ("SEC"), and should be read in conjunction with the audited financial statements and notes thereto contained in the Company's registration statement filed with the SEC on Form 10-KSB. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for the most recent fiscal year end December 31, 2005 as reported in Form 10-KSB, have been omitted.

NOTE 2 - GOING CONCERN

Micro Bio-Medical has incurred losses totaling \$2,908,570 through March 31, 2006 and has a working capital deficit of \$277,100 at March 31, 2006. Because of these conditions, Micro Bio-Medical will require additional working capital to develop business operations. Micro Bio-Medical intends to raise additional

Edgar Filing: MICRO BIO-MEDICAL WASTE SYSTEMS, INC. - Form 10QSB

working capital either through private placements, public offerings and/or bank financing.

There are no assurances that Micro Bio-Medical will be able to achieve a level of revenues adequate to generate sufficient cash flow from operations or obtain additional financing through private placements, public offerings and/or bank financing necessary to support Micro Bio Medical's working capital requirements. To the extent that funds generated from any private placements, public offerings and/or bank financing are insufficient, Micro Bio Medical will have to raise additional working capital. No assurance can be given that additional financing will be available, or if available, will be on terms acceptable to Micro Bio Medical. If adequate working capital is not available Micro Bio Medical may not increase its operations.

These conditions raise substantial doubt about Micro Bio Medical's ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might be necessary should Micro Bio Medical be unable to continue as a going concern.

NOTE 3 - ADVANCES PAYABLE AND ACCOUNTS PAYABLE RELATED PARTY

Crown Partners, Inc., the majority shareholder of Micro Bio-Medical, has advanced the sum of \$92,338 to fund Micro Bio-Medical's operations.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS

THIS REPORT CONTAINS FORWARD LOOKING STATEMENTS WITHIN THE MEANING OF SECTION 27A OF THE SECURITIES ACT OF 1933, AS AMENDED AND SECTION 21E OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED. THE COMPANY'S ACTUAL RESULTS COULD DIFFER MATERIALLY FROM THOSE SET FORTH ON THE FORWARD LOOKING STATEMENTS AS A RESULT OF THE RISKS SET FORTH IN THE COMPANY'S FILINGS WITH THE SECURITIES AND EXCHANGE COMMISSION, GENERAL ECONOMIC CONDITIONS, AND CHANGES IN THE ASSUMPTIONS USED IN MAKING SUCH FORWARD LOOKING STATEMENTS.

GENERAL

Micro Bio-Medical Waste Systems, Inc. formerly known as 20/20 Networks, Inc. (the "Company") was incorporated on August 31, 1995 as "Visioneering Corporation" under the laws of the State of Nevada, to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions.

In December, 2003, the Company entered into an Agreement with its majority shareholder, Crown Partners, Inc. ("Crown") to acquire Crown's wholly owned subsidiary, Sanitec Services of Hawaii, Inc. ("SSH"). The Company was obligated to pay Crown the sum of \$550,000 and issue five percent of its common stock to Crown. As part of this transaction, the Company made a non-refundable deposit to Crown of \$45,520. From this deposit, Crown agreed to allow the Company to advance \$20,000 to SSH and to use the balance of the deposit to fund the Company's operations. The Company is obligated to repay this \$45,520 to Crown. The Company was unable to raise the funds necessary to complete this transaction and SSH was forced to cease operations. The Company is seeking other acquisition candidates.

The Company presently shares office space provided to it at no cost by a shareholder of the Company.

Edgar Filing: MICRO BIO-MEDICAL WASTE SYSTEMS, INC. - Form 10QSB

As of March 31, 2006, the Company had no employees.

RESULTS OF OPERATIONS

For the three month periods ended March 31, 2006 and 2005, the Company had no revenues. The Company's expenses for the three months ended March 31, 2006 were approximately \$8,920, representing general and administrative expenses. The Company recorded a net loss of \$8,920 for the period ended March 31, 2006. The Company's expenses for the three months ended March 31, 2005 were \$0. The Company recorded a net loss of \$0 for the period ended March 31, 2005. The net loss per share was \$0.00 for the period ended March 31, 2006 and March 31, 2005.

At March 31, 2006, the Company had no assets. The Company's liabilities at March 31, 2006 were approximately \$277,000. Shareholders' deficit for the three months ended March 31, 2006 was approximately \$277,000.

The Company anticipates that until a business combination is completed with an acquisition candidate, it will not generate revenues and may operate at a loss after completing a business combination, depending upon the performance of the acquired business.

The Company will attempt to carry out its business plan as discussed above. The Company cannot predict to what extent its lack of liquidity and capital resources will hinder its business plan prior to the consummation of a business combination.

LIQUIDITY AND CAPITAL RESOURCES

Since inception, the Company has experienced no significant change in liquidity or capital resources or stockholders equity other than the receipts of proceeds from offerings of its capital stock. The Company received \$250,000 from an offering conducted under Rule 504 of Regulation D in 1999. The Company also raised approximately \$158,000 from the issuance of 7,200,000 shares of the Company's common stock prior to 1997. In 1997, the Company raised an additional \$345,000 from the sale of its common stock. The Company's balance sheet as of March 31, 2006 reflects no assets and limited liabilities. Further, there exist no agreements or understandings with regard to loan agreements by or with the Officers, Directors, principals, affiliates or shareholders of the Company.

The Company will attempt to carry out its plan of business and hopes to raise the capital to complete the Crown transaction as soon as possible. The Company cannot predict to what extent its lack of liquidity and capital resources will hinder its business plan.

NEED FOR ADDITIONAL FINANCING

The Company's existing capital is not sufficient to meet the Company's cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934, as amended. Once a business combination is completed, the Company's need for additional financing will increase substantially.

No commitments to provide additional funds have been made by management or other stockholders. Accordingly, there can be no assurance that any funds will be available to the Company to allow it to cover its expenses.

The Company might seek to compensate providers of services by issuing common stock in lieu of cash.
