Statements in this Current Report on Form 8-K (including the exhibits) that are not purely historical facts, including statements regarding Innofone's beliefs, expectations, intentions or strategies for the future, may be "forward-looking statements" under the Private Securities Litigation Reform Act of 1995. All forward-looking statements involve a number of risks and uncertainties that could cause actual results to differ materially from the plans, intentions and expectations reflected in or suggested by the forward-looking statements. Such risks and uncertainties include, among others, introduction of products in a timely fashion, market acceptance of new products, cost increases, fluctuations in and obsolescence of inventory, price and product competition, availability of labor and materials, development of new third-party products and techniques that render Innofone's products obsolete, delays in obtaining regulatory approvals, potential product recalls and litigation. Risk factors, cautionary statements and other conditions which could cause Innofone's actual results to differ from management's current expectations are contained in Innofone's filings with the Securities and Exchange Commission. Innofone undertakes no obligation to update any forward-looking statement to reflect events or circumstances that may arise after the date of this filing.

ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On August 8, 2007, Innofone.com, Incorporated (the "Company" or "Innofone") issued to James and Lisa Goodell (the "Investor") for an aggregate purchase price of Fifty Thousand Dollars (\$50,000): (i) Seven Hundred Sixty Nine Thousand Two Hundred Thirty (769,230) shares of common stock, par value \$.001 per share (the "Common Stock"), of the Company (the "Shares") and (ii) a warrant to purchase Seven Hundred Sixty Nine Thousand Two Hundred Thirty (769,230) shares of Common Stock (the "Warrant"). Prior to August 8, 2010, the Company has the option to redeem all the Shares for an amount equal to 200% of the purchase price. In addition, in the event that the Company issues equity securities with a price per share less than the price per share paid by the Investor, the Company shall issue such additional number of Shares to the Investor so that the adjusted price per share paid by the Investor shall equal such new price per share. The Warrant grants the Investor the right to purchase the Common Stock of the Company at an exercise price of \$.13 per share. The Warrants are exercisable for a period of five years.

The foregoing summary of the Securities Purchase Agreement and Stock Purchase Warrant is subject to, and qualified in its entirety by the Securities Purchase Agreement and Stock Purchase Warrant, copies of which are filed with this report as Exhibits 10.1 and 10.2, respectively.

We claim an exemption from the registration requirements of the Securities Act of 1933, as amended (the "Act") for the private placement of these securities pursuant to Section 4(2) of the Act and/or Rule 506 of Regulation D promulgated thereunder since, among other things, the transaction did not involve a public offering, the Investor was an "accredited investor" and/or qualified institutional buyers, the Investor had access to information about the Company and its investment, the Investor took the securities for investment and not resale, and we took appropriate measures to restrict the transfer of the securities.
