Items to Be Voted On

Proposal One: Election of Directors

At the annual meeting, two directors will be elected for terms expiring in 2013. The Corporate Governance and Compensation Committee has recommended, and the Board of Directors has selected, the following nominees for election: Tina Chang and Thomas W. Florsheim, both of whom are current directors of the Company.

A majority of the votes entitled to be cast by outstanding shares of common stock, represented in person or by proxy, will constitute a quorum at the annual meeting.

Directors are elected by a plurality of the votes cast by the holders of the Company's common stock at a meeting at which a quorum is present. Plurality means that the individuals who receive the largest number of votes cast are elected as directors up to the maximum number of directors to be chosen at the meeting. Consequently, any shares not voted (whether by abstention, broker nonvote or otherwise) have no impact in the election of directors except to the extent the failure to vote for an individual results in another individual receiving a comparatively larger number of votes. Votes against a candidate are not given legal effect and are not counted as votes cast in an election of directors. Votes will be tabulated by an inspector at the meeting.

If any of the nominees should decline or be unable to act as a Director, which eventuality is not foreseen, the proxies will be voted with discretionary authority by the persons named to vote in the proxy for a substitute nominee designated by the Board of Directors.

Thomas W. Florsheim, Jr. and John W. Florsheim are brothers, and their father is Thomas W. Florsheim. There are no other family relationships between any of the Company's directors and executive officers.

The Board recommends that you vote FOR the election of Tina Chang and Thomas W. Florsheim.

Information regarding the nominees and the directors whose terms continue, including the particular skills, qualifications and other attributes that the Company believes qualify each of its nominees and continuing directors to serve on the Board, is set forth below. Proposal Two: Ratification of the Appointment of the Company's Independent Registered Public Accounting Firm for the Year Ended December 31, 2010

Deloitte & Touche LLP has audited the Company's financial statements for many years. The Audit Committee appointed them as the Company's independent registered public accounting firm for the year ended December 31, 2010.

The Company asks that you ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ended December 31, 2010.

Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting with the opportunity to make a statement if they so desire and to be available to respond to appropriate questions.

Although not required by law to submit the appointment to a vote by shareholders, the Audit Committee and the Board believe it is appropriate, as a matter of policy, to request that the shareholders ratify the appointment of its independent registered public accounting firm for 2010.

If the appointment is not ratified, the adverse vote will be considered as an indication to the Audit Committee that it should consider selecting another independent registered public accounting firm for the following year. Even if the selection is ratified, the Audit Committee, in its discretion, may select a new independent registered public accounting firm at any time during the year if it believes that such a change would be in the Company's best interest.

The Board recommends that you vote FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ended December 31, 2010.

TABLE OF CONTENTS

Board Information

Composition of the Board of Directors

The Board of Directors currently has seven members. The Bylaws of the Company provide that there shall be seven Directors, divided into three staggered classes. Directors are elected to three-year terms. The number of Directors may be increased or decreased from time to time by amending the applicable provision of the Bylaws, but no decrease shall have the effect of shortening the term of an incumbent Director.

Meetings

The Board of Directors held four meetings during 2009. All members of the Board of Directors attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees of the Board on which they served. The Company's policy is that its Directors should attend the annual meeting of shareholders. All Board members attended the annual meeting of the Company's shareholders held on May 5, 2009, except for Thomas W. Florsheim and Cory L. Nettles. In accordance with rules of The NASDAQ Stock Market (NASDAQ), the Company's independent directors have periodic meetings at which only independent directors are present.

Director Independence

Each year the Board reviews the relationships that each director has with the Company. Only those directors who the Board affirmatively determines have no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and who do not have any of the categorical relationships that preclude a determination of independence under the NASDAQ listing standards, are considered to be independent directors.

In accordance with the applicable NASDAQ rules, the Board has determined that the following directors qualify as independent directors: Tina Chang, Robert Feitler, Cory L. Nettles, and Frederick P. Stratton, Jr. The Board concluded that none of these directors possessed the categorical relationships set forth in the NASDAQ standards that preclude a determination of independence, and that none of them have any other relationship that the Board believes would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director. The Audit Committee and the Corporate Governance and Compensation Committee are comprised solely of directors who have been determined to be independent. Because of their relationships with the Company, Messrs. Thomas W. Florsheim, Thomas W. Florsheim, Jr. and John Florsheim have been deemed to not be independent directors.

Board Leadership Structure and Role in Risk Oversight

The Company combines the positions of Chairman of the Board of Directors and Chief Executive Officer. The Company's management and Board of Directors believe that the Chief Executive Officer's direct involvement in the day-to-day operations of the Company makes him best positioned to lead Board discussions of the Company's short- and long-term objectives and helps ensure proper oversight of the Company's risks. Additionally, the Company's Board structure provides oversight by its independent directors. Each of the Board's standing committees is chaired by an independent director and both the Audit Committee and the Corporate Governance and Compensation Committee are comprised solely of directors who are independent and meet periodically without any members of management present. The Board has not appointed an independent lead director.

The Company's Board of Directors plays a role in the oversight of risks that could potentially affect the Company. The Board's Audit Committee fulfills the formal responsibility of financial risk management as disclosed in its charter, which is available on the Company's website. The Audit Committee meets periodically with management to review the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.

Shareholder Communications with the Board

Shareholders wishing to communicate with the Board of Directors or with a particular Board member should address communications to the Board or to a particular Board member, c/o Secretary, Weyco Group, Inc., 333 West Estabrook Boulevard, Glendale, Wisconsin 53212. All communications addressed to the Board

or to a particular director or committee will be relayed to that addressee. From time to time, the Board may change the process through which shareholders communicate with the Board. Please refer to the Company's website at www.weycogroup.com for changes in this process.

Nomination of Director Candidates

The principal functions of the Corporate Governance and Compensation Committee are: (1) to assist the Board by identifying individuals qualified to become members of the Board and its Committees, and to recommend to the Board the director nominees for the next annual meeting of shareholders; (2) to recommend to the Board the corporate governance guidelines applicable to the Company, including changes to those guidelines as appropriate from time to time; (3) to lead the Board in its periodic reviews of the Board's performance; (4) to establish, subject to approval of the full Board, compensation arrangements for the Company's executive officers; (5) to administer the Company's equity incentive and other compensation plans, and approve the granting of equity awards to officers and other key employees of the Company and its subsidiaries; and (6) to communicate to shareholders regarding these policies and activities as required by the Securities and Exchange Commission (SEC) and other regulatory bodies. The Charter of the Corporate Governance and Compensation Committee is available on the Company's website.

In carrying out its responsibilities regarding director nominations, the Corporate Governance and Compensation Committee has set guidelines and criteria to determine eligibility for nominees to the Board of Directors of Weyco Group, Inc., as follows:

The Committee will review each candidate's qualifications in light of the needs of the Board and the Company, considering the current mix of director attributes and other pertinent factors (specific qualities, skills and professional experience required will vary depending on the Company's specific needs at any point in time).

The Committee will consider the diversity of the existing Board, so that the Board maintains a body of directors from diverse professional and personal backgrounds.

There will be no differences in the manner in which the Committee evaluates candidates recommended by shareholders and candidates identified from other sources.

Any nominee should be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others.

Any nominee should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director.

Any nominee should possess substantial and significant experience which would be of value to Weyco Group in the performance of the duties of a director.

Any nominee should have sufficient time available to devote to the affairs of Weyco Group in order to carry out the responsibilities of a director.

To recommend a candidate, shareholders should write to the Corporate Governance and Compensation Committee, Weyco Group, Inc., 333 W. Estabrook Boulevard, Glendale, WI 53212, via certified mail. The written recommendation should include the candidate's name and address, a brief biographical description and statement of qualifications of the candidate and the candidate's signed consent to be named in the Proxy Statement and to serve as a director if elected.

To be considered by the Committee for nomination and inclusion in the Company's Proxy Statement, the Committee must receive shareholder recommendations for directors no later than December 2 of the year prior to the Annual Meeting of Shareholders.

From time to time, the Board may change the process through which shareholders may recommend director candidates to the Corporate Governance and Compensation Committee. The Company has not received any shareholder recommendations for director candidates with regard to the election of directors covered by this Proxy

Statement or otherwise.

No meetings of the Executive Committee were held in 2009.

TABLE OF CONTENTS

Compensation Committee Interlocks and Insider Participation

None of the members of the Board of Directors who served on the Corporate Governance and Compensation Committee during 2009 were an officer or employee of the Company. No executive officer serves, or in the past has served, as a member of the board of directors or compensation committee (or other board committee performing equivalent functions) of any other entity that has any of its executive officers serving as a member of the Company's Board of Directors or Corporate Governance and Compensation Committee.

Code of Business Ethics

The Company's Code of Business Ethics sets forth ethical obligations for all employees, officers and directors, including those that apply specifically to directors and executive officers, such as accounting and financial reporting matters. Any waiver of the Code of Business Ethics requires approval of the Board of Directors or of a committee of the Board. The Company's Code of Business Ethics is available on the Company's website. If any substantive amendment is made to the Code, the nature of the amendment will be disclosed on the Company's website or in a current report on Form 8-K. In addition, if a waiver from the Code is granted to an executive officer or director, the nature of the waiver will be disclosed in a current report on Form 8-K.

Audit Committee

The Audit Committee of the Board of Directors is responsible for providing independent oversight of the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, and the annual independent audit of the Company's financial statements. The Board of Directors adopted and approved a formal written charter for the Audit Committee in 2000 and amended that charter in March 2004. A copy of the charter of the Audit Committee is available on the Company's website. The Board of Directors has determined that each of the members of the Audit Committee (Frederick P. Stratton, Jr., Tina Chang, Robert Feitler, and Cory L. Nettles) is independent, as defined in the current listing standards of the NASDAQ and the SEC rules relating to audit committees. This means that, except in their roles as members of the Board of Directors and its committees, they are not affiliates of the Company, they receive no consulting, advisory or other compensatory fees directly or indirectly from the Company, they have no other relationships with the Company that may interfere with the exercise of their independence from management and the Company, and they have not participated in the preparation of the financial statements of the Company or any of its current subsidiaries at any time during the past three years. In addition, the Board of Directors has determined that each Audit Committee member satisfies the financial literacy requirements of the NASDAQ and that Robert Feitler and Frederick P. Stratton, Jr. qualify as audit committee financial experts within the meaning of applicable rules of the SEC.

Management has primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the Company's audited financial statements with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee also discussed and reviewed with the independent registered public accounting firm all communications required under generally accepted auditing standards and the standards of the Public Company Accounting Oversight Board (PCAOB), including the matters required to be discussed with the Committee under PCAOB standard AU 380, Communication With Audit Committees, and SEC Rule 2-07 of Regulation S-X.

In addition, the Committee discussed with the independent registered public accounting firm their independence from management and the Company and considered the compatibility of non-audit services with the independent registered public accounting firm's independence.

The Committee discussed with the Company's independent registered public accounting firm the overall scope and plan for their audit. The Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held four meetings during 2009.

Pre-Approval Policy

Consistent with the rules of the SEC regarding the independent registered public accounting firm's independence, the Audit Committee has responsibility for appointing, setting compensation for and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the following provision is included in the Audit Committee's charter: The Audit Committee shall . . . approve in advance the audit and permitted non-audit services to be provided by, and the fees to be paid to, the independent auditor, subject to the de minimus exceptions to pre-approval permitted by the rules of the SEC and NASDAQ for non-audit services. No fees were paid to the independent registered public accounting firm pursuant to the de minimus exception to the foregoing pre-approval policy.

Report of Audit Committee

In connection with its function to oversee and monitor the financial reporting process of the Company, the Audit Committee has done the following (among other things):

reviewed and discussed the audited financial statements for the year ended December 31, 2009 with the Company's management and Deloitte & Touche LLP, the Company's independent registered public accounting firm; discussed with Deloitte & Touche LLP those matters required to be discussed under generally accepted auditing standards and the standards of the PCAOB; and received the written disclosure and the letter from Deloitte & Touche LLP required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with Deloitte & Touche LLP, its independence.

Based on the foregoing, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009.

The Audit Committee also reviewed the fees and scope of services provided to the Company by Deloitte & Touche LLP, independent registered public accounting firm, for the years ended December 31, 2009 and December 31, 2008.

Fees billed to the Company by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates (collectively, Deloitte Entities) for the years ended December 31, 2009 and 2008 are reflected in the following table.

	2009	2008

Audit-Related Fees ^(b)	24,600	
Tax Fees ^(c)	7,200	5,500
All Other Fees

Audit fees consisted of fees for professional services for the audit of the Company's financial statements, review of financial statements included in the Company's Form 10-Q filings and services that are normally provided in connection with statutory or regulatory filings or engagements. These fees also include the audit of the Company's internal controls in accordance with Section 404 of the Sarbanes Oxley Act of 2002. The increase in 2009 relates to audit fees for the audit of the Company's majority-owned subsidiary in Australia, which was acquired in 2009.

(b) Audit-related fees consist of the internal control review work associated with the Company's majority-owned subsidiary in Australia, which was acquired in 2009.

(c) Tax fees consisted of fees for professional services performed with respect to tax compliance, tax advice and tax planning.

Report of Corporate Governance and Compensation Committee on Executive Compensation

In connection with its function to assist the Board of Directors in fulfilling its responsibilities to assure that the executive officers of the Company are compensated in a manner consistent with the compensation strategy of the Company, internal equity considerations, competitive practice, and the requirements of applicable tax and regulatory bodies, the Corporate Governance and Compensation Committee has (among other things) reviewed and discussed the Compensation Discussion and Analysis with the Company's management. Based on that review and discussion, the Corporate Governance and Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be incorporated by reference in the Company's Annual Report on Form 10-K and included in this Proxy Statement.

TABLE OF CONTENTS

Compensation Discussion and Analysis

The Corporate Governance and Compensation Committee (the Committee) establishes compensation arrangements for senior management and administers the granting of stock-based awards to officers and other key employees of the Company. The Committee is composed entirely of independent, non-employee members of the Board of Directors and has the authority to utilize consultants and advisors as it may deem appropriate. The Committee reports to the Board of Directors on its actions and recommendations and periodically meets in executive session without members of management or management directors present.

The expertise and knowledge of each executive officer is vital to the success of the Company. Although the substantial stock ownership by the Florsheim family gives them additional incentives to help the Company succeed, the Company believes that a fair and competitive executive compensation program is essential to attract and retain other key executives and is in the Company's long-term best interests. A key objective of the Company's executive compensation program is to provide a fair and competitive compensation package to each of its executive officers without encouraging unnecessary risk-taking. Historically, the Company's finance department has provided a comparative analysis of executive officer compensation to assist the Committee in making its executive compensation decisions. The analysis compares the Company's compensation practices both to other shoe companies and to other Milwaukee area companies of similar size. Outside consultants have been used sparingly or not at all.

The primary elements of the Company's compensation program are: (1) an annual base salary; (2) a performance-based annual cash bonus; (3) discretionary long-term stock-based awards, subject to time-based vesting requirements; and (4) pension benefits. The combination of these compensation elements is designed to provide executives competitive compensation that maintains a balance between cash and stock compensation tied to the performance of the Company and long-term shareholder value. To reinforce the importance of balancing long-term and short-term perspectives, the Company's executives are provided with both (1) annual incentives, of which a portion is at-risk based on achievement of the Company's annual financial goals and objectives and (2) time-based long-term incentives which are intended to align the interests of executives with the interests of shareholders and encourage officer retention.

Base salaries are set at levels that are competitive with similar positions at other comparable companies and historically have increased modestly year-over-year. A material increase or decrease in an executive's annual base salary would be considered if functional responsibilities changed substantially.

The annual cash bonus is principally designed to reward the achievement of Company-wide financial goals established by the Committee, as well as the individual performance of each executive officer throughout the year. The Company has historically set financial goals based on the results achieved in the prior year. For 2007, the annual bonus for Mr. Thomas Florsheim, Jr., Mr. John Florsheim and Mr. Wittkowske was awarded at the Committee's discretion, based largely upon their success in helping the Company achieve what the Committee determined to be an acceptable level of net earnings in light of particular market challenges facing the Company in that year. For 2009 and 2008, the potential for an annual cash bonus for Mr. Thomas Florsheim, Jr., Mr. John Florsheim and Mr. Wittkowske was based solely on the achievement of Company-wide financial goals set by the Committee. Specifically for 2009, a maximum bonus would have been paid had net earnings increased 6% over the prior year's net earnings and a minimum bonus payment would have been paid upon achieving a net earnings level of 94% of the prior year's net earnings.

The bonus was to be pro-rated for levels of net earnings between those amounts. See the table titled "Grants of Plan-Based Awards For 2009" for the estimated payouts for the non-equity incentive plan awards in 2009. In 2009 and 2008, the minimum level of net earnings was not achieved and, accordingly, no bonuses were awarded to these executives in those years.

The annual cash bonus for Mr. Grossman has two parts: 60% is based upon the achievement of a pre-determined level of gross margin dollars for his functional division, and the other 40% is awarded at the Committee's discretion based on his individual performance and the performance of the retail division, for which he is also responsible. The portion of his 2009 bonus relating to gross margin dollars allowed for a minimum bonus if 94% of the prior year gross margin dollar level was met and a maximum bonus if the gross margin dollar level increased 6% over the prior year's level.

For the 2009 estimated payouts for the non-equity incentive plan awards, see the table titled "Grants of Plan-Based Awards For 2009." For 2009,

TABLE OF CONTENTS

Mr. Grossman was awarded 53% of the maximum eligible bonus based on the gross margin dollars of his functional division, and he received no bonus relating to the performance of the retail division, nor did he receive a discretionary bonus. For 2008, Mr. Grossman was awarded 56% of the maximum eligible bonus based on the gross margin dollars of his functional division, but no bonus was paid relating to the performance of the retail division or any discretionary bonus. For 2007, Mr. Grossman was awarded the maximum eligible bonus based on the gross margin dollars of his functional division, but less than the maximum amount based on the performance of the retail division.

The Committee believes that long-term stock-based awards provide performance incentives that encourage long-term growth in value for public shareholders. Accordingly, discretionary long-term stock-based awards are also an integral part of the Company's executive compensation program (see Long-Term Incentive Plan Award Policy below).

The Company has no formal policy for allocating executive compensation between cash and non-cash or between annual and long-term compensation. Historically, the long-term component of the Company's executive compensation has been non-cash and has been approximately 20-40% of total compensation; and the Company expects that approximate level to continue going forward.

Long-Term Incentive Plan Award Policy

The Company believes that participation in a long-term incentive program encourages a perspective of ownership with an equity stake in the Company. The Company also believes that participation in a long-term incentive program should increase with higher levels of responsibility, as individuals in leadership roles have the greatest influence on the Company's strategic direction and results over time. In 2006, the Company established a policy of granting restricted stock and/or stock option awards annually each year on or about December 1. On December 1, 2009, shares of restricted stock or stock options were awarded to executive officers, non-executive officers and the Board of Directors of the Company. The Company also granted stock option awards to other key employees on December 1, 2009. The stock options were granted at the fair market value on the date of grant, which is defined in the 2005 Equity Incentive Plan as the average of the high and low trade prices on the grant date. The restricted stock and stock options awarded in 2009 vest ratably over four years on the anniversary of the grant date.

These awards were granted on the date the Board of Directors approved them. The stock options granted in 2009 expire in five years. Company insiders, as defined by the Company, are restricted from selling their shares during four black-out periods surrounding each quarter end.

Risk Management and Compensation

The Company has designed its compensation programs for executive officers and all other employees to not encourage or promote excessive risk-taking. Additionally, the Company's compensation packages for senior management, executive officers and other key employees include long-term compensation awards which aim to reward performance over the longer term. Therefore, the Company believes that the risks, if any, arising from its compensation policies are not reasonably likely to have a material adverse effect on the Company.

Option Exercises and Stock Vested in 2009

The following table provides information related to stock options exercised by and restricted stock vested to the named executive officers during 2009. The Company first granted shares of restricted stock on December 1, 2006. The shares of restricted stock vest ratably over four years and, accordingly, 25% of the restricted stock granted in 2006, 2007 and 2008 vested in 2009.

- (1) The value realized on exercise is calculated based on the difference between the option exercise price and the market value of the Company's stock on the date of exercise multiplied by the number of shares exercised.
- (2) The value realized upon vesting is calculated based on the number of shares of restricted stock multiplied by the market value of the Company's stock on the vesting date.

Pension Benefits

The Company maintains a defined benefit pension plan for various employees of the Company, including salaried employees. The Company also maintains an unfunded supplemental pension plan for key executives so they may receive pension benefits which they would otherwise be prevented from receiving as a result of certain limitations of the Internal Revenue Code. Retirement benefits are provided based on employees' years of credited service and average earnings or stated amounts for years of service. The plans provide for normal retirement at age 65 and provide for reduced benefits for early retirement beginning at age 55. Pension benefits are payable under a variety of options, to be selected by the retiree and are calculated under a formula which is integrated with Social Security, although the amounts determined under the formula are not reduced by Social Security benefits. The normal retirement benefit is based on (i) the highest average earnings for any 5 consecutive years during the 10 calendar years ending with the year of retirement, (ii) length of service up to 25 years and (iii) the highest average covered compensation for Social Security purposes. Earnings covered by the plan are generally defined as wages for purposes of federal income tax withholding and, therefore, include the value realized upon the exercise of non-qualified stock options and other minor items in addition to those included in the above Summary Compensation Table as Salary .

The foregoing describes the general formula under the defined benefit plan and related excess benefits plan as revised in 1997. Those salaried employees who were covered in the plans on January 1, 1989 and all executive officers who are Senior Vice Presidents or above are provided with the higher of the benefits described above or a minimum benefit based on a prior formula through the defined benefit plan, the unfunded excess benefits plan described above and an unfunded deferred compensation plan. The normal retirement benefit under the prior formula is based on the highest average earnings for any 5 consecutive years during the 10 calendar years preceding retirement and length of service up to 25 years. Transactions with Related Persons

The Company's written Code of Business Ethics provides that, except with the prior knowledge and consent of the Company, directors and employees are not permitted to have a financial interest in a supplier, competitor or customer of the Company because of the potential conflicts of interest raised by such transactions. There is a limited exception for ownership of securities of a publicly traded corporation unless the investments are of a size as to have influence or control over the corporation. The Company's policies include no minimum size for this restriction on potential conflict of interest transactions. Actual or potential conflict of interest transactions or relationships are to be reported to the Company's Chief Financial Officer or another officer of the Company.
