Kentucky First Federal Bancorp. (“we,” “our” or the “Company”) has determined that it is unable to file its Form 10-Q for the quarterly period ended December 31, 2010 (the “Form 10-Q”) with the U.S. Securities and Exchange Commission (the “SEC”) by the February 14, 2011 due date.

We are not able to file a timely Form 10-Q because we have not completed our consolidated financial statements and related disclosures for the three months ended December 31, 2010, as we need additional time to analyze issues arising from the United States Department of Labor review of the release of shares from the Company’s Employee Stock Ownership Plan (“ESOP”). See Part IV, below.

(Name) (Telephone Number)

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s). Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company is working with its independent auditing firm to quantify and evaluate the materiality of unrecorded misstatements in its financial statements, which was discovered in the three month period ended December 31, 2010. The error was related to an error associated with the release of shares to the Company's ESOP participants. The error resulted in an understatement of ESOP expense and was identified when the Company was notified pursuant to a review by the United States Department of Labor that the Company had incorrectly calculated the number of shares required to be released to participants of the ESOP.

The restatement of the financial statements incorporate the following adjustments:

- The reduction of \$76,000 in federal income tax payable at June 30, 2010, reflecting the tax effect of higher levels of ESOP compensation expense associated with prior periods;
 - The increase of \$26,000 in additional paid-in capital at June 30, 2010, reflecting the effect of releasing additional shares to ESOP participants;
 - The reduction of \$147,000 in retained earnings at June 30, 2010, reflecting higher levels of ESOP compensation expense (net of income tax) associated with prior periods;
 - The decrease of \$197,000 in Unearned ESOP, the Company's contra equity account for unreleased ESOP shares;
 - The increase of the Company's net loss for the six months ended December 31, 2009, from \$147,000 to \$171,000, as a result of additional ESOP compensation expense; and
 - The decrease of the Company's net income for the three months ended December 31, 2009, from \$215,000 to \$203,000, as a result of additional ESOP compensation expense.
