Jamba, Inc. (the “*Company*”), in furtherance of its plan to increase operational efficiency and reduce G&A costs, announced on December 19, 2014 that it would be implementing an additional reduction in the Company’s workforce of up to 23 employees based out of the Company’s support center in Emeryville, California. The reduction constitutes approximately 11% of the employees at the support center, and includes three Senior Vice Presidents and additional identified employees, including certain field employees responsible for operational supervision, recruiting, training, local marketing, and real estate matters.

The Company currently estimates that it will incur a total charge ranging between approximately \$1.0 to \$1.7 million in connection with the workforce reduction, up to approximately \$1.25 million of which is related to severance payments and up to approximately \$450 thousand of which is related to non-cash stock based compensation charges. The Company will take the cash charge in the fourth quarter of 2014, and expects to complete the workforce reduction by June 30, 2015. Although the Company believes that its estimates are appropriate and reasonable based on available information, actual results could differ from these estimates.
