CONNECTED AND MAJOR TRANSACTION IN RELATION TO AIRCRAFT FINANCE LEASE

On 5 May 2015, the Company entered into the Master Lease Agreement with CES Leasing, pursuant to which CES Leasing agreed to provide finance leasing to the Company in relation to the 23 Aircraft in accordance with the terms and conditions of the Master Lease Agreement and the relevant implementation agreements.

CES Leasing is a non-wholly owned subsidiary of CEA Holding, which in turn is the controlling shareholder of the Company. Each of CES Leasing and the Lessor(s), which are wholly-owned subsidiaries of CES Leasing, is thus a connected person of the Company. Therefore, the Proposed Transaction constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules.

As the relevant applicable percentage ratios set out in the Listing Rules in respect of the Proposed Transaction exceed 5% but are less than 25%, the Proposed Transaction, by itself, will constitute a connected and discloseable transaction of the Company under the Listing Rules. Pursuant to Rule 14.22 and Rule 14A.81 of the Listing Rules, the Proposed Transaction would be aggregated with the Previous Transaction, and be treated as if they were one transaction for the

purpose of Chapter 14 and Chapter 14A of the Listing Rules.

The Proposed Transaction and the Previous Transaction, in aggregate, constituted a connected and major transaction of the Company under the Listing Rules as applied by the Stock Exchange. Therefore, the Proposed Transaction is subject to the reporting, announcement and Independent Shareholders' approval requirements under Chapter 14 and Chapter 14A of the Listing Rules.

A circular containing further information in relation to the Proposed Transaction and other related matters under the Listing Rules, will be issued by the Company and despatched to its shareholders no later than 26 May 2015 in accordance with Listing Rule 19A.39A, because additional time is required to prepare and finalise the information to be included in the circular.

- 1 -

According to the Company's aircraft delivery schedule in 2015, the Company issued Requests for Proposals (*RFP*) in relation to financing of certain aircraft scheduled to be introduced by the Company in 2015. Upon reviewing and evaluating the financial proposals submitted from commercial banks and other relevant financial institutions, the proposal from CES Leasing has significant pricing competitive advantages as compared to other proposals, the Company decides to mandate the finance lease for the 23 Aircraft to CES Leasing.

In this financing structure, CES Leasing intends to incorporate wholly-owned subsidiaries in the China (Shanghai) Pilot Free Trade Zone or the Tianjin Dongjiang Bonded Zone of the PRC for the purpose of acting as the Lessor(s) in the Proposed Transaction. The Lessor(s), acting as the borrower, will sign loan agreement(s) with CDB Shanghai, acting as the lender, in respect of each of the 23 Aircraft. The principal amount of the Proposed Transaction in relation to the 23 Aircraft is 90% of the total consideration for the purchase of the 23 Aircraft. The applicable interest rate will be 6-month USD LIBOR plus 1% to 3%. The total arrangement fee to be paid to CES Leasing for the finance lease of the 23 Aircraft shall not exceed RMB75 million. By utilising a finance lease structure in the PRC domestic bonded zone with CES Leasing, the Company will reduce its financing costs by approximately USD32 million (equivalent to approximately RMB196.16 million) after deducting the arrangement fee for finance lease payable to CES Leasing as compared to other mortgage loans with the same interest rate. Therefore, the Company eventually selected CES Leasing to provide finance leasing services to the Company for the introduction of the 23 Aircraft.

By utilising a finance lease structure in the PRC domestic bonded zone with CES Leasing to introduce the 23 Aircraft, CES Leasing can provide value added tax invoices for the interest payments under the Proposed Transaction to the Company, and therefore, the Company can use it to deduct value added tax. Moreover, the arrangement fee charged by CES Leasing under the Proposed Transaction is far less than the deductible value added tax in respect of the interest payments, thereby reducing the Company's aggregate financing costs in introducing the 23 Aircraft.

The terms and conditions of the Proposed Transaction are agreed after arm's length negotiations between the parties. The Directors (excluding, at present, the independent non-executive Directors) are of the view that the Proposed Transaction is on normal commercial terms, and that the terms of the Proposed Transaction are fair and reasonable and in the interests of the Company and its shareholders as a whole.

The material rights and obligations (including the right to obtain delivery of aircraft, the obligation to pay consideration, etc.) of the Company as a purchaser under the relevant aircraft sale and purchase agreement(s) are transferred to the Lessor(s), and the 23 Aircraft are mortgaged to CDB Shanghai as security for the Bank Loans.

Arrangement fee : The respective arrangement fee for each of the 23 Aircraft shall be paid by the Company in one lump sum prior to the commencement of the respective Delivery Date. The Lessor(s) are entitled to a total arrangement fee for the 23 Aircraft of no more than RMB75 million.

Buy-back : Upon the expiry of the lease term of each of the 23 Aircraft, the Company is entitled to purchase such Aircraft back from the Lessor(s) at a nominal purchase price of USD100 for such Aircraft.
