## INTRODUCTION

This Rule 13E-3 Transaction Statement on Schedule 13E-3 (this “Schedule 13E-3”) is being filed by AmpliPhi Biosciences Corporation (the “Company”) in connection with a proposed reverse stock split (the “Reverse Stock Split”) of the Company’s shares of common stock, par value \$0.01 per share (the “Common Stock”).

On May 15, 2015, the Company previously filed a preliminary proxy statement on Schedule 14A (the “Proxy Statement”) pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). A copy of the Proxy Statement is attached hereto as Exhibit A. The information in the Proxy Statement, including all annexes thereto, is expressly incorporated by reference herein in its entirety and responses to each item herein are qualified in their entirety by the information contained in the Proxy Statement and the annexes thereto. Capitalized terms used but not defined herein have the meanings given to them in the Proxy Statement.

Notwithstanding the filing of this Schedule 13E-3, although the Reverse Stock Split may have a reasonable likelihood of making the Company eligible to terminate registration under Rule 12g-4 of the Exchange Act, the Reverse Stock Split is not being effected for that purpose. Rather, as discussed in the Proxy Statement, the purpose of the Reverse Stock Split is to facilitate the listing of the Company’s Common Stock on a national securities exchange.

In addition, as previously disclosed, the warrants issued in connection with our March 2015 private placement are exercisable beginning on the later of (i) the first anniversary of the date of issuance and (ii) the date AmpliPhi effects a reverse stock split or increases the number of authorized shares of common stock, in either case in an amount sufficient to permit the exercise in full of the warrants issued in this offering. The warrants further provide that if a reverse stock split or share increase occurs before the first anniversary, the warrants will be exercisable at that time. As a result of the Reverse Stock Split, the warrants will become exercisable at the Effective Time and will be reclassified from liability instruments to equity instruments, which we expect to result in a \$6.7 million reduction of certain balance sheet liabilities associated with these warrants and a corresponding increase to Stockholders’ equity (deficit) of the same amount as reflected on our consolidated balance sheets at March 31, 2015.
