The Reporting Persons acquired such preferred shares from the Issuer in a private offering. The Reporting Persons acquired 1,000,000 of the shares of the Common Stock reported herein in the IPO. The Reporting Persons acquired a beneficial interest in 2,159,965 shares of the Common Stock underlying the Preferred Stock (as defined below) in a private placement.

All of the shares reported herein were purchased using working capital of the Fund and the Account.

Item 4. Purpose of Transaction

The Reporting Persons acquired the securities described in this Schedule 13D for investment purposes and they intend to review their investments in the Issuer on a continuing basis. Any actions the Reporting Persons might undertake will be dependent upon the Reporting Persons' review of numerous factors, including, but not limited to: an ongoing evaluation of the Issuer's business, financial condition, operations and prospects; price levels of the Issuer's securities; general market, industry and economic conditions; the relative attractiveness of alternative business and investment opportunities; and other future developments.

The Reporting Persons may, at any time and from time to time, acquire additional securities of the Issuer, or retain or sell all or a portion of the securities then held, in the open market or in privately negotiated transactions. In addition, the Reporting Persons, including Mr. Kolchinsky in his positions as a director of the Issuer, may engage in discussions with management, the board of directors, and shareholders of the Issuer and other relevant parties or encourage such persons to consider or explore extraordinary corporate transactions, such as: a merger; sales or acquisitions of assets or businesses; changes to the capitalization or dividend policy of the Issuer; or other material changes to the Issuer's business or corporate structure.

Other than as described above, none of the Reporting Persons currently has any plans or proposals that relate to, or would result in, any of the matters listed in Items 4(a)–(j) of Schedule 13D, although, depending on the factors discussed herein, the Reporting Persons may change their purpose or formulate different plans or proposals with respect thereto at any time.

Item 5. Interest in Securities of the Issuer

(a) and (b) See Items 7-11 of the cover pages and Item 2 above.

(c) The following describes the Reporting Persons' transactions that were effected during the sixty day period prior to the filing of this Schedule 13D:

On April 11, 2017, the Reporting Persons acquired 76,500 shares of Redeemable Convertible Preferred Stock of the Company, par value \$0.0001 per share (the "Preferred Stock"), at a price of \$100 per share. Of the 76,500 shares of Preferred Stock, 62,424 shares are held by the Fund and 14,076 shares are held by the Account. Each share of Preferred Stock is convertible into a number of shares of Common Stock, equal to the accrued value of the Preferred

Stock, *divided by* the conversion price, with cash payment in lieu of fractional shares. The accrued value per share of Preferred Stock is initially \$100 per share, and will be increased daily by a paid-in-kind dividend at a rate of 12% per annum (which rate may be reduced upon the occurrence of specified corporate events), subject to customary anti-dilution adjustments. The conversion price is initially \$3.19, subject to customary anti-dilution adjustments.

The Preferred Stock is convertible at any time at the option of the Holder. In addition, following the occurrence of specified corporate events or after April 11, 2019, the Company may force conversions of the Preferred Stock at any time at which the price per share of the Common Stock exceeds two-times the conversion price for 45 of the preceding 60 scheduled trading days. However, pursuant to a 19.99% blocker (the “19.99% Blocker”), no conversion of the Preferred Stock may be effected to the extent that following such conversion, the holder would beneficially own in excess of 19.99% of the capital stock representing 19.99% of the voting power of the Company. The 19.99% Blocker will be effective until (x) the Company obtains the approval of its stockholders as required by the applicable rules of the NASDAQ Global Select Market or (y) the Company is not subject to rules of the NASDAQ Global Select Market. In addition, each holder of the Preferred Stock may elect to be subject to a 9.99% (or such other percentage up to 19.99% as such holder may elect or amend upon 61 days’ prior notice) blocker (the “9.99% Blocker”), which election shall only be revocable upon 61 days’ prior notice. If the 9.99% Blocker is effective, no conversion of the Preferred Stock of the Reporting Persons could be effected to the extent to which, after such conversion, the Reporting Persons would beneficially own more than 9.99% of the shares of the Common Stock. Holders of the Preferred Stock are entitled to vote a number of votes equal to the number of shares of the Common Stock into which such holder’s Preferred Stock is convertible, taking into account the 19.99% Blocker and, if applicable, the 9.99% Blocker.

As of the date hereof, each share of Preferred Stock has an accrued value of \$100 and is convertible into approximately 31 shares of the Common Stock (with cash in lieu of fractional shares), at a conversion price of \$3.19. Therefore, as of the date hereof, the Preferred Stock owned by the Reporting Persons would be convertible into 2,398,118 shares of the Common Stock, of which 1,956,865 shares would be held by the Fund and 441,253 shares would be held by the Account.

The foregoing description of the Preferred Stock does not purport to be complete and is qualified in its entirety by the full text of the Certificate of Designation of Redeemable Convertible Preferred Stock of Dicerna Pharmaceuticals, Inc., a copy of which is filed as Exhibit 3.1 to the Company's Form 8-K filed with the SEC on March 30, 2017.
