have 80.04% of equity ownership. According to this resolution, Shinhan Financial  
Group will subscribe for 40,000,000 shares of common stock, par value KRW 5,000  
per share (the "Common Shares"), of Chohung Bank for a subscription price of KRW  
5,000 per share, or for an aggregate subscription price of KRW 200,000,000,000  
on or about December 26, 2003.

These Common Shares are expected to be listed on the Korea Stock Exchange  
on or about December 30, 2003. After this transaction, the total number of  
Common Shares outstanding will be increased to 719,118,429, and we will

minimum capital adequacy ratio of 8% as promulgated by the Financial Supervisory Service. According to the guidelines of the Financial Supervisory Service, all domestic and foreign bank branches are required to satisfy at least 8% of capital adequacy ratio. The result of operation of Chohung bank deteriorated due to increase in provisioning in 2003, which resulted in the decrease of Chohung Bank's capital adequacy ratio.
