Item 8.01. Other Events

On May 24, 2006, Analog Devices, Inc. (the "Company") issued a press release announcing that it has received a document subpoena from the U.S. Attorney for the Southern District of New York requesting records from 2000 to the present relating to the Company's granting of stock options. The Company plans to cooperate fully with the office of the United States Attorney in connection with this subpoena. The Company believes that the options at issue in this matter are the same option grants which have been the subject of

investigation by the SEC. As previously disclosed, the Company has reached a tentative settlement with the SEC regarding the SEC's inquiry into the Company's stock option granting practices. The Company is continuing to work with the SEC to finalize that settlement. The Company has determined that no restatement of its historical financial results would be necessary due to the proposed settlement, because the effects of using revised measurement dates for the options in question are not material to any of the Company's fiscal years, based on the materiality guidelines contained in SAB 99.

A copy of the press release is attached hereto as Exhibit 99.1, and is incorporated herein by reference.
