Form 10-Q for the Quarter Ended March 31, 2007

PART III - NARRATIVE

Although the management of Pediatrics Medical Group, Inc. (the "Registrant") has been working diligently to complete all required information for its Form 10-Q for the quarter ended March 31, 2007 (the "Form 10-Q"), the Registrant is unable to file its Form 10-Q within the prescribed time period without unreasonable effort or expense. The reason causing the Registrant's inability to file timely could not be eliminated by the Registrant without unreasonable effort or expense.

As disclosed in the Registrant's Form 8-K filed with the Securities and Exchange Commission on March 1, 2007 (the "Form 8-K"), although the Audit Committee of its Board of Directors (the "Audit Committee") has not completed

its work or reached final conclusions with respect to its previously disclosed independent review of the Registrant's practices relating to its stock option grants, management has concluded, and the Audit Committee has approved the conclusion, that the Registrant's financial statements for the fiscal years ended December 31, 1995 through and including 2005, the interim periods contained therein, and the fiscal quarter ended March 31, 2006 and all earnings and press releases and similar communications issued by the Registrant relating to periods commencing on January 1, 1995 and ending on March 31, 2006 should no longer be relied upon and that its financial statements will need to be restated. The restatement is expected to include additional non-cash compensation expense and the resulting tax and accounting impact. The Registrant has not completed its determination of the amount of such charges or which periods may require restatement. Consequently, although the Registrant issued a press release on May 10, 2007 (the "Press Release"), announcing revenues and other selected unaudited financial information for the quarter ended March 31, 2007, the Registrant is unable to file the Form 10-Q by the required filing date of May 10, 2007. Based on the status of the review to date, the Registrant currently anticipates that it will not be able to file the Form 10-Q on or before the fifth calendar day following the prescribed due date according to Rule 12b-25 under the Securities Exchange Act of 1934.

### ATTACHMENT B TO FORM 12b-25

As reported in the Press Release, the Registrant expects to report the following significant changes in its results of operations in the Form 10-Q: an increase in net patient service revenue of 14 percent from \$187.7 million to \$214.5 million for the three months ended March 31, 2007 compared to the same period in 2006. Because the Audit Committee has not yet completed its review of the Registrant's practices relating to its stock option grants and reached final conclusions with respect thereto, at the date hereof, the Registrant is unable to determine if any other significant change in its results of operations from the corresponding period for the last fiscal year will be reflected in the earnings statements to be included in the Form 10-Q.
